Daily current affairs Feb 12, 2025

1.Which country is the host of Artificial Intelligence (AI) Action Summit 2025?

- [A] France
- [B] India
- [C] Russia
- [D] United States

Correct Answer: A [France]

Prime Minister Narendra Modi co-chaired the 'AI Action Summit' in Paris on 11th February 2025 with French President Emmanuel Macron. France hosted the third International AI Summit on 10th-11th February 2025 to promote global cooperation in AI development. PM Modi announced that India will host the next Global AI Summit, following discussions at the Paris summit.

2.India's first indigenous Automated Biomedical Waste Treatment Plant has been launched in which city?

- [A] Chennai
- [B] Hyderabad
- [C] New Delhi
- [D] Kolkata

Correct Answer: C [New Delhi]

Union Minister Dr. Jitendra Singh inaugurated India's first indigenous Automated Biomedical Waste Treatment Plant, "Srjanam," at AIIMS

New Delhi. It was developed by the Council of Scientific and Industrial Research – National Institute for Interdisciplinary Science and Technology (CSIR-NIIST). It has an initial capacity of 400 kg/day and can process 10 kg of degradable medical waste daily. India generates 743 tonnes of biomedical waste daily, posing health risks. “Srjanam” is validated for antimicrobial effectiveness and is safer than organic fertilizers.

3.R-37M Missile is developed by which country?

[A] Australia [B] India [C] Russia [D] France

Correct Answer: C [Russia]

Russia has offered India the R-37M missile, one of the world’s best air-to-air missiles. It was developed by Russia. The R-37M is designed to target enemy fighter jets and drones beyond visual range (BVR). It evolved from the R-33 missile and targets high-value platforms like tanker aircraft. Its guidance system includes inertial navigation, radar homing, and semi-active radar for the terminal phase. The missile has a range of 300-400 km and speeds up to Mach 6, making it highly effective for long-range interception.

4.Lumpy Skin Disease (LSD), that was recently seen in news, is mostly occurred in which species/group?

[A] Birds

[B] Cattle

[C] Mammals

[D] None of the Above

Correct Answer: B [Cattle]

Hyderabad-based biotech company, Biovet has received Central Drug Standards Control Organization (CDSCO) approval for its Lumpy Skin Disease (LSD) vaccine, Biolumpivaxin, for dairy cattle and buffaloes.

Lumpy Skin Disease (LSD) is an infectious viral disease caused by the lumpy skin disease virus (LSDV), part of the poxviridae family. LSD primarily affects cattle and, to a lesser extent, buffalo, with higher morbidity in cattle. The disease leads to reduced milk production, sterility in bulls, and damage to hides. It spreads through blood-feeding insects and contaminated water or fodder. LSD is not zoonotic, so humans cannot get infected by the virus.

5. Where was the third edition of India Energy Week held recently?

[A] Jaipur [B] New Delhi [C] Chennai [D] Bhopal

Correct Answer: B [New Delhi]

Prime Minister Narendra Modi virtually inaugurated the 3rd India Energy Week in New Delhi on 11th February 2025. The event highlights India's significance as a global energy market. The first India Energy Week took place in Bengaluru (Feb 2023), and the second in Goa (Feb 2024). The 3rd edition runs from 11-14 February 2025 in New Delhi. It offers a platform for global energy companies to network, showcase technologies, and explore sustainable energy solutions.
