

# INPUT TAX CREDIT

*The section numbers referred to in the Chapter pertain to CGST Act and rule numbers referred to in the Chapter pertain to CGST Rules, unless otherwise specified. For the sake of brevity, input tax credit has been referred to as ITC in this Chapter. Examples/Illustrations/Questions and Answers given in the Chapter are based on the position of GST law existing as on 31.10.2024.*

## LEARNING OUTCOMES

**After studying this Chapter, you will be able to:**

- ❑ describe what are inputs, input services, capital goods and other relevant terms in relation to ITC.
- ❑ explain the various conditions, timelines, restrictions and processes for taking ITC on goods and services in general and special circumstances.
- ❑ identify the items on which ITC is available as also the blocked items on which ITC is not available.
- ❑ comprehend and apply the above provisions as also the provisions relating to utilization of ITC to compute the GST liability of a registered person.

**CHAPTER OVERVIEW** **1. INTRODUCTION**

In earlier indirect tax regime, the credit mechanism for indirect taxes levied by the Union Government, (central excise duty and service tax) was governed by the CENVAT Credit Rules, 2004; and the credit mechanism for state-level on sale of goods was governed by the States under their respective VAT laws. The VAT legislations allowed ITC of VAT on inputs and capital goods in transactions within the State, but not on inputs and capital goods coming in the State from outside the State, on which central sales tax was paid. CENVAT Credit Rules, 2004 allowed availing and utilizing credit of duty/tax paid on both goods (capital goods and inputs) and services by the manufacturers and the service providers across the country.

**TAX CREDIT**

The credit across goods and services was integrated vide the CENVAT Credit Rules, 2004 in the year 2004 to mitigate the cascading effects of central levies namely, central excise duty and service tax. However, the credit chain remained fragmented on account of State-Level VAT as the credit of central taxes could not be set off against a State levy and *vice versa*. The chain further got distorted as ITC was not available on the inter-State purchases. This resulted in cascading of taxes leading to increase in costs of goods and services.

The GST regime promises seamless credit on goods and services across the entire supply chain with some exceptions like supplies charged to tax under composition scheme, blocked credits and supply of exempted goods and/or services. ITC is considered to be the lifeline of the GST regime. In fact, it is the provisions of ITC, which essentially make GST - a value added tax i.e., collection of tax at all points of supply chain after allowing credit of tax paid at earlier points.

Chapter V of the CGST Act [Sections 16 to 21] & Chapter V: Input Tax Credit of the CGST Rules [Rules 36-45] prescribe the provisions relating to ITC. Further, section 41 contains provisions for availment of ITC, sections 49(5), 49A, 49B and rule 88A which together prescribe the sequence of utilisation of ITC and rules 86A and 86B stipulate the conditions of use of amount available in electronic credit ledger and restrictions on use of amount available in electronic credit ledger. State GST laws also prescribe identical provisions in relation to ITC. In this Chapter, provisions of sections 16, 17, 18 and 41 have been discussed;<sup>1</sup> first the statutory provisions of these sections together with the relevant rules have been extracted followed by their analysis.

**Provisions of ITC under the CGST Act have also been made applicable to the IGST Act vide section 20 of the IGST Act.**

<sup>1</sup>*Provisions of ITC relating to job work and input service distributor (ISD) [Sections 19, 20 and 21] and provisions relating to ITC claim by banking companies, distribution of ITC by ISD, determination of ITC on inputs, input services and capital goods and reversal thereof [Rules 38, 39, 42 and 43] will be discussed at the Final level.*

### Scheme of ITC - At a Glance

Given below are the salient features of the scheme of ITC as contained in the provisions of sections 16, 17 and 18 read with the relevant rules. The scheme has been discussed in detail in the ensuing pages of this Chapter.

- ❑ The scheme is designed to avoid cascading effect of taxes and make GST - a destination-based tax.
- ❑ Broadly, ITC is available on all inputs, input services and capital goods used for purposes of business by a taxable person. The exception is 'blocked credit', where ITC is not available even when these goods or services are used for the purposes of business.
- ❑ ITC is used for payment of tax on taxable output supply to avoid cascading effect of taxes.
- ❑ GST law does not require 'one to one' co-relation between inputs/input services and final products/services. Any eligible ITC can be used for payment of tax on any taxable output supply.
- ❑ IGST is another core aspect of GST. It is a transitory tax to enable transfer of ITC when goods or services move from one State to another. This is a unique feature of Indian GST.
- ❑ Since ITC can be availed & utilized for payment of tax on taxable output supply, as a natural corollary, ITC cannot be availed in respect of exempt output supply on which tax is not payable.
- ❑ The exception to the above principle is 'zero rated supply'<sup>2</sup>, i.e. exports or supplies to a special economic zone (SEZ) developer/unit, where ITC is available even if no tax is payable on output supply as zero-rated supplies are not exempt supplies. Such ITC can be utilized either for making supplies by paying tax or refund of the unutilized ITC can be obtained. This simple mechanism is used to make exports and supplies to SEZ completely tax free.
- ❑ If a taxable person is making both taxable and exempt supply, he is entitled to avail full credit of ITC in respect of inputs, input services and capital goods exclusively used for taxable supply and no credit at all can be availed for inputs, input services and capital goods exclusively used for exempt supply.

---

<sup>2</sup>The concept of zero-rated supply and the refund of ITC will be dealt in detail at the Final level.

- ❑ If common inputs, input services and capital goods are used for taxable as well as exempt supply, only proportionate ITC attributable to the taxable supply is available. The common ITC is apportioned in the ratio of value of taxable supply and exempt supply. Elaborate provisions have been made in the GST law to prescribe the manner of calculation of proportionate ITC.

Before proceeding to understand the provisions of sections 16, 17, 18, 41 and the relevant rules, let us first go through few relevant definitions.

*Provided further that where the said supplier subsequently furnishes the return in FORM GSTR-3B for the said tax period, the said registered person may re-avail the amount of such credit in the return in FORM GSTR-3B for a tax period thereafter.*

## ANALYSIS

### (i) Eligibility for taking ITC [Section 16(1)]

#### (a) Registration under GST

Every registered person shall be entitled to ITC of GST charged on inward supply of goods and / or services. This is subject to the provisions relating to use of ITC under section 49 and the conditions and restrictions prescribed in the relevant rules. *[Section 49 prescribes provisions relating to payment of tax, interest, penalty & other amounts. The same has been discussed in detail in Chapter 13: Payment of Tax in this Module of the Study Material.]*

#### (b) Goods/services to be used for business purposes

ITC of GST will be available on goods and/or services which are used or intended to be used in the course or furtherance of the business [See definition of business]. The "intention to use" the goods and/or services in the course or furtherance of business would also suffice for availing ITC on such goods and/or services. Thus, tax paid on goods and or/services which are used or intended to be used for non-

business purposes cannot be availed as credit. ITC will be credited to electronic credit ledger.

## (ii) Conditions for taking ITC [Section 16(2)]

This sub-section starts with a non-obstante clause and hence all the conditions specified therein must be fulfilled irrespective of fulfillment of any other conditions given under any other sub-section of section 16 for the purpose of taking of input tax credit. The registered person will be entitled to ITC on an inward supply only if **ALL** the following **six** conditions are fulfilled:

### (a) Possession of tax paying document [Section 16(2)(a) read with rule 36]

ITC can be availed on the basis of any of the following documents:

- (i) Invoice or revised invoice<sup>3</sup> issued by the supplier of goods and/or services
- (ii) Invoice issued by the recipient receiving goods and/or services from unregistered supplier in case of reverse charge, subject to payment of tax
- (iii) Debit note issued by the supplier
- (iv) Bill of entry or similar document prescribed under the Customs Act<sup>4</sup>
- (v) Document issued by input service distributor<sup>5</sup>

The documents on the basis of which ITC is being taken should contain **at least** the following details:

- (i) Amount of tax charged
- (ii) Description of goods or services
- (iii) Total value of supply of goods and/or services
- (iv) GSTIN of the supplier and recipient

---

<sup>3</sup> Provisions relating to revised invoice have been discussed in detailed in Chapter 10: Tax Invoice: Credit and Debit Notes in this Module of the Study Material.

<sup>4</sup>Provisions relating to the Customs Act, 1962 will be dealt with at the Final level.

<sup>5</sup>Concept of Input Service Distributor (ISD) will be dealt with at the Final level.

(v) Place of supply in case of inter-State supply

**No ITC of tax paid towards demands involving fraud [Rule**

**36(3)]:** Tax paid in pursuance of any order where any demand has been confirmed on account of any fraud, willful misstatement or suppression of facts **under section 74** cannot be availed as ITC.

**(b) Details of invoices/debit notes uploaded by the supplier in his GSTR-1 or using IFF and details communicated in Form GSTR-2B [Section 16(2)(aa) read with rule 36(4)]**

ITC in respect of any supply of goods or services or both can be taken by a registered person only if the details of the invoice/debit note in respect of said supply have been furnished by the supplier in the statement of outward supplies (Form GSTR-1, **as amended in FORM GSTR-1A if any**, or using IFF) and such details have been communicated to the recipient of such invoice/debit note in Form GSTR-2B.

GSTR-1 is a monthly/quarterly statement containing details of outward supplies made by a registered supplier. In case where GSTR-1 is furnished quarterly under QRMP (Quarterly Return Monthly Payment) scheme, supplier can furnish such details for 1<sup>st</sup> two months of the quarter using invoice furnishing facility (IFF). This facility is provided to the taxpayer, to pass on the credit to their recipients.

Such details of outward supplies furnished by the supplier are communicated and made available electronically (auto populated) to the respective recipient(s) in GSTR- 2B. GSTR-2B is an auto-generated ITC statement for every registered person based on details furnished in GSTR-1/using IFF by the supplier<sup>6</sup>.

***GSTR-1A is a form wherein a registered person at his own option, amend or furnish additional details of outward supplies of goods and/or services after furnishing the details of outward supplies of***

<sup>6</sup>The provisions relating to QRMP, filing of GSTR-1/IFF, **GSTR-1A** and GSTR-2B have been discussed in detail in Chapter 15: Returns in this Module of the Study Material.

**goods and/or service in FORM GSTR-1 for a tax period but before filing of return in FORM GSTR-3B for the said tax period.**

Thus, in respect of invoices/debit notes the details of which are not furnished by the suppliers in their GSTR-1s, **as amended in FORM GSTR-1A if any**, or using IFF (and thus they are not visible in GSTR-2B of the recipient), ITC cannot be availed by such recipient.

ITC on such invoices/debit notes, not reflected in GSTR-2B of the current month, may be claimed by the taxpayer in any of the succeeding months when the details of said invoices/debit notes are furnished by the suppliers.

The above concept has been illustrated as follows:

ITC on invoices/debit notes which have been furnished by the suppliers in their GSTR-1s/using IFF and reflected in GSTR-2B of recipient.

FULL ITC can be claimed on such invoices/debit notes, if all other conditions of availing ITC are fulfilled

ITC on invoice/debit note which have not been furnished by suppliers in their GSTR-1s/using IFF and thus, not reflected in GSTR-2B of recipient.

NO ITC can be claimed in respect of such invoices/debit notes.

⚡ **Invoices on which ITC is not available under any of the provisions e.g., under section 17(5), are not to be considered for claiming ITC even though furnished by the suppliers.**

⚡ **On the other hand, full ITC can be availed in respect of IGST paid on imports, documents issued under reverse charge, credit received from ISD etc., which are outside the ambit of section 37(1).**

**ILLUSTRATION 1**

*Vijay Sales, a registered supplier, receives 100 invoices (for inward supply of goods/ services) involving GST of ₹ 10 lakh, from various suppliers during the month of October.*

*Out of 100 invoices, details of 80 invoices involving GST of ₹ 6 lakh have been furnished by the suppliers in their respective GSTR-1s filed on the prescribed due date therefor and are reflected in GSTR-2B of Vijay Sales. There was no amendment made in GSTR-1s by such suppliers using GSTR-1A for the month of October.*

*Compute the ITC that can be claimed by Vijay Sales in its GSTR-3B for the month of October to be filed by 20<sup>th</sup> November assuming that GST of ₹ 10 lakh is otherwise eligible for ITC.*

**ANSWER**

ITC to be claimed by Vijay Sales in its GSTR-3B for the month of October to be filed by 20<sup>th</sup> November will be computed as under-

Invoices	Amount of ITC involved in the invoices (₹)	Amount of ITC that can be availed (₹)
80 invoices furnished in GSTR-1	6 lakh	6 lakh [Refer Note 1]
20 invoices not furnished in GSTR-1	4 lakh	Nil [Refer Note 2]
Total	10 lakh	6lakh

**Notes:**

- (1) 100% ITC can be availed on invoices furnished by the suppliers in their GSTR-1s and reflected in GSTR-2B of Vijay Sales.
- (2) As per rule 36(4), the ITC in respect of invoices not furnished by the suppliers in their GSTR-1s and thus, not being reflected in GSTR-2B of recipient, cannot be claimed. Thus, in respect of 20

invoices which are not furnished in GSTR-1s of suppliers and are not reflected in GSTR-2B of Vijay Sales, no ITC can be availed<sup>7</sup>.

**(c) Receipt of the goods and / or services [Section 16(2)(b)]**

The registered person taking the ITC must have received the goods and / or services.

**“Bill to Ship to” Model:** Under this model, the goods are delivered to a third party - 'C' on the direction of the customer (registered person)– 'B' who purchases the goods from the vendor (supplier) – 'A'. In other words, 'A' bills to 'B' but ships the goods to 'C' on direction of 'B'. In effect, two supplies take place in this scenario viz., from 'A' to 'B' and from 'B' to 'C'. Thus, under this model, the customer (registered person) who receives such goods does not actually receive the said goods.

For such cases, by virtue of explanation to section 16(2)(b), it is deemed that the registered person (customer) has received the goods. In other words, goods delivered to another person on the direction of the registered person by way of transfer of documents of title or otherwise, either before or during the movement, are deemed to have been received by such registered person. So, ITC will be available to the registered person, on whose order the goods are delivered to a third person.

Similarly, services may also be provided to a third party by the service provider (supplier) on the direction of the service recipient (registered person). In this case also, though the service recipient (registered person) does not receive the service, by virtue of explanation to section 16(2)(b) it is deemed that the registered person (service recipient) has received the service. In other words, service provided to any person on the direction of and on account of the registered person, is deemed to have been received by such registered person. So, ITC will be available to the registered person, on whose direction the services are provided to a third person.

<sup>7</sup>Let us suppose, subsequently, the suppliers of these 20 invoices furnish the details of said invoices in their GSTR-1s for the month of November, the details shall be reflected in GSTR-2B of Vijay Sales of November month and Vijay Sales can take credit of such invoices in its GSTR-3B for the month of November.

**(1)** Badri is a trader who places an order on Aatmaram for a consignment of soda ash. Badri receives a buying order from Champak for the same quantity of soda ash. Badri instructs Aatmaram to deliver the goods to Champak, and in turn Aatmaram raises an invoice on Badri as Badri is the actual buyer of the goods who have instructed Aatmaram to deliver the goods to Champak. Though the goods are not physically received at the premises of Badri, section 16(2)(b) allows ITC of such goods to Badri.

**(2)** The registered head office (New Delhi) of ABC Pvt. Ltd. enters into a contract with DEF Pvt. Ltd. of New Delhi for repair and maintenance of computers systems installed at its registered branch office in Bengaluru, Karnataka. DEF Pvt. Ltd. issues an invoice on ABC Pvt. Ltd., New Delhi for the services provided by it. Though the actual services are received by the branch office and not by the head office, section 16(2)(b) allows ITC of such repair and maintenance services to head office.

**(d) Details of ITC in respect of the said supply communicated to the registered person under section 38 not restricted [Section 16(2)(ba)]**

Section 38 stipulates that the details of outward supplies furnished by the registered suppliers in GSTR-1 (**as amended in FORM GSTR-1A if any**)/using IFF and an auto-generated statement containing the details of ITC is made available to the recipients of such supplies every month. This auto-generated statement is GSTR-2B.

GSTR-2B contains the details of inward supplies (i) on which ITC is available to the recipient as well as (ii) on which ITC cannot be availed, whether wholly or partly, by the recipient. Section 38 stipulates that ITC cannot be availed in case where the details of the outward supplies in GSTR-1/using IFF have been furnished by specified registered persons.

- ❑ Accordingly, ITC will not be available in respect of inward supplies details of which have been furnished by a registered supplier: who is a new registrant (within such prescribed period of taking registration).
- ❑ who has defaulted in payment of tax and where such default has continued for a prescribed period.
- ❑ whose output tax payable as per GSTR-1/IFF exceeds the output tax paid in GSTR-3B for a particular tax period by prescribed limit.
- ❑ who has availed ITC of an amount that exceeds the credit that can be availed by him as per GSTR-2B during prescribed period and by prescribed limit.
- ❑ who has defaulted in discharging his tax liability in accordance with the provisions of section 49(12) read with rule 86B, i.e. who has discharged more tax liability from electronic credit ledger than prescribed under rule 86B<sup>8</sup>.

---

<sup>8</sup>Rule 86B provides that the registered person shall not utilise the amount available in electronic credit ledger to discharge his liability towards output tax in excess of 99% of such tax liability, in cases where the value of taxable supply other than exempt supply and zero-rated supply, in a month exceeds ₹ 50 lakh subject to specified exceptions. It has been discussed subsequently in this chapter.

- ❑ other specified classes of persons.

**(e) Tax leviable on supply actually paid to Government [Section 16(2)(c)]**

The supplier should have actually paid the tax charged on the goods and/or services, for which ITC is being taken, either in cash or by utilizing ITC, subject to the provisions of section 41.

**Availment of self-assessed ITC [Section 41]**

A registered person can avail the credit of eligible ITC as self-assessed in his return. Such amount shall be credited to his electronic credit ledger.

**Reversal of ITC in the case of non-payment of tax by the supplier and re-availment thereof [Section 41 read with rule 37A]**

**(I) Reversal of ITC:** If the tax payable corresponding to such ITC availed is not paid by the supplier to the Government, ITC so availed shall be reversed by the said person along with applicable interest.

A registered person (recipient) can avail ITC in GSTR-3B for a tax period in respect of such invoice/debit note, the details of which have been furnished by its supplier in the statement of outward supplies (in GSTR-1, **as amended in FORM GSTR-1A if any**/using IFF).

However, if supplier does not furnish return in Form GSTR-3B for the tax period corresponding to the said statement of outward supplies till 30<sup>th</sup> September following the end of FY in which the ITC in respect of such invoice/ debit note has been availed; the said amount of ITC shall be reversed by the said recipient, while furnishing a return in GSTR-3B on or before 30<sup>th</sup> November following the end of such FY during which such ITC has been availed.

However, where the said amount of ITC is not so reversed by recipient, such amount shall be payable by the said person along with interest thereon under section 50.

**(II) Re-availment of reversed ITC:** Where the said supplier makes payment of the tax payable in respect of the aforesaid supplies, the said registered person may re-avail the amount of credit reversed by him.

Thus, where the said supplier subsequently furnishes the return in GSTR-3B for the said tax period, the said registered person may re-avail the amount of such credit in the return in GSTR-3B for a tax period thereafter.

**(3)** Jhamku, a registered supplier, supplies goods to Chamku valuing ₹ 10,000 on which he charged CGST and SGST of ₹ 900 each in the invoice raised in March, 2024.

Jhamku uploaded the details of the said invoice in his GSTR-1 for the said month filed before the due date based on which Chamku availed the said ITC of ₹ 900 each towards CGST and SGST while filing his GSTR-3B for March, 2024 as the said ITC was also reflected in his GSTR-2B. However, Jhamku failed to furnish the corresponding GSTR-3B (for the month of March, 2024) up to September, 2024.

Accordingly, while filing GSTR-3B for the month of October, 2024 on 20<sup>th</sup> November, 2024, Chamku reversed an amount of ITC earlier availed by him. Subsequently, suppose if Jhamku files GSTR-3B on 20<sup>th</sup> December, 2024 and pays the said amount of ₹ 900 each towards CGST and SGST, Jhamku can now re-avail the said input tax credit of ₹ 900 towards CGST and SGST which he has reversed earlier.

**(f) Filing of return [Section 16(2)(d)]**

The registered person taking the ITC must have filed his return in GSTR-3B under section 39. Thus, a taxpayer should file GSTR-3B to avail ITC on eligible inward supplies.

**(iii) Goods received in lots: ITC available only on receipt of last lot [First proviso to section 16(2)]**

In case the goods covered under an invoice are not received in a single consignment but are received in lots / instalments, ITC can be taken only upon receipt of the last lot / instalment.

**(4)** XYZ enters into a contract with ABC for supply of 10 MT of a chemical for ₹ 1,18,000 (inclusive of GST of ₹18,000) in the month of August. The chemical is to be delivered in lots over a period of three months. ABC raises the invoice for the entire amount in August and XYZ also makes the payment in the same month but the supply is completed in November. Though XYZ paid the full tax as early as August, it can take the ITC of the same only on receipt of the last lot of the chemical in the month of November.

**(iv) Payment for the invoice to be made within 180 days [Second proviso to section 16(2) read with rule 37]**

The registered person must pay to the supplier, the value of the goods and/or services along with the tax within 180 days from the date of issue of invoice [Second proviso to section 16(2)].

However, where a registered person, who has availed of ITC on any inward supply fails to pay to the supplier thereof, the amount towards the value of such supply, **whether wholly or partly**, along with the tax payable thereon, within 180 days from the date of issue of invoice by supplier, **shall pay or reverse an amount equal to the ITC availed in respect of such supply, proportionate to the amount not paid to the supplier, along with interest payable thereon under section 50, while furnishing the return in Form GSTR-3B for the tax period** immediately following the period of 180 days from the date of the issue of the invoice.

**Exceptions**

This condition of payment of value of supply plus tax within 180 days does not apply in the following situations:

- (a) Supplies on which tax is payable under reverse charge

- (b) Deemed supplies without consideration – Schedule I
- (c) Additions made to the value of supplies on account of supplier's liability, in relation to such supplies, being incurred by the recipient of the supply as per section 15(2)(b).

Under situations given in points (b) & (c), the value of supply is deemed to have been paid.

(5) Due to a quality dispute, PZP Ltd withheld payment on a machine supplied by a vendor till it could be rectified. More than 180 days went by in this dispute. The credit taken by PZP on the invoice needs to be paid / reversed along with interest in GSTR-3B furnished for the month after completion of 180 days. Only after the vendor rectified the machine and PZP released the payment, could PZP take the credit again.

**(v) If depreciation claimed on tax component, ITC not allowed [Section 16(3)]**

If the person taking the ITC on capital goods and plant and machinery has claimed depreciation on the tax component of the cost of the said items under the Income-tax Act 1961, the ITC on the said tax component shall not be allowed. Thus, in respect of the tax paid on such items, dual benefit cannot be claimed under Income-tax Act, 1961 and GST law simultaneously. In other words, either depreciation on the tax component can be claimed under Income Tax Act or ITC of such tax paid can be availed under GST law.

**(vi) Time limit for availing ITC: 30<sup>th</sup> November of succeeding financial year or date of filing of relevant annual return, whichever is earlier [Section 16(4)]**

ITC on invoices pertaining to a financial year or debit notes issued in a financial year can be availed any time till **30<sup>th</sup> November** of the succeeding **financial year** or the date of filing of the relevant annual return, whichever is earlier.

Here, in case of debit notes, the date of issuance of debit note and not the date of underlying invoice is relevant to determine the relevant financial year<sup>9</sup>.

## Financial Year

### **Clarification on time limit under Section 16(4) of the CGST Act, 2017 in respect of RCM supplies received from unregistered person<sup>10</sup>s**

***It is clarified that in cases of supplies received from unregistered suppliers, where tax has to be paid by the recipient under reverse charge mechanism (RCM) and where invoice is to be issued by the recipient of the supplies in accordance with section 31(3)(f) of the CGST Act, 2017 the relevant financial year for calculation of time limit for availment of input tax credit under the provisions of section 16(4) of the CGST Act, 2017 will be the financial year in which the invoice has been issued by the recipient under section 31(3)(f) of CGST Act, subject to payment of tax on the said supply by the recipient and fulfilment of other conditions and restrictions of section 16 and 17 of the CGST Act, 2017. In case, the recipient issues the invoice after the time of supply of the said supply and pays tax accordingly, he will be required to pay interest on such delayed payment of tax. Further, in cases of such delayed issuance of invoice by the recipient, he may also be liable to penal action under the provisions of Section 122<sup>11</sup> of the CGST Act, 2017.***

(6) A debit note dated 07.07.2024 is issued in respect of the original invoice dated 16.03.2024. As the invoice pertains to F.Y. 2023-24, the relevant financial year for availment of ITC in respect of the said invoice in terms of section 16(4) shall be FY 2023-24. However, as the debit note has been issued in FY 2024-25, the relevant financial year for availment of ITC in respect of the said debit note shall be FY 2024-25 in terms of section 16(4).

<sup>9</sup> Circular No. 160/16/2021 GST dated 20.09.2021

<sup>10</sup> **Circular No. 211/5/2024 GST dated 26.06.2024**

<sup>11</sup> Section 122 of the CGST Act, 2017 shall be discussed in detail at the Final level.

(7) Hercules Machinery delivered a machine to XYZ, a monthly return filer under GST, in the month of January under Invoice no. 49 dated 28<sup>th</sup> January 2024 for ₹ 4,15,000 plus GST and undertook trial runs and calibration of the machine as per the requirements of XYZ. The amount chargeable for the post-delivery activities was covered in a debit note raised in the month of April 2024 for ₹ 50,000 plus GST. XYZ did not file its annual return for FY 2023-24 till November, 2024.

The time-limit to avail ITC in respect of tax paid on supply for Invoice No. 49 would be 30<sup>th</sup> November, 2024.

Since the debit note is received in the next financial year, the time limit for taking ITC available on ₹ 50,000 is 30<sup>th</sup> November 2025, [earlier of the date of filing the annual return for the preceding financial year or 30<sup>th</sup> November of the succeeding year].

### Exception

The time limit u/s16(4) does not apply to claim for re-availing of credit that had been reversed earlier.

### **(vii) Time limit for taking ITC in case of revoked registration cancellation** **[Section 16(6)]**

***In case where registration of a taxpayer is cancelled and subsequently, it is revoked, return for the period from date of cancellation/ effective date of cancellation till the date of revocation of cancellation cannot be filed on the portal by the taxpayers till their cancellation of registration is revoked. In such cases, where the recipient has not claimed the ITC in respect of any invoice/debit note pertaining to that financial year and in the meantime, time-limit stipulated in section 16(4) lapses, he would not be able to claim ITC on the said invoice/debit note.***

***Consequently, relaxation has been given and the time limit to avail ITC under section 16(4) in respect of any invoice/debit note, is extended till the date of filing return in cases where the returns for the period from date of cancellation of registration/effective date of cancellation of registration till the date of revocation of cancellation of registration***

**are filed within 30 days of revocation of cancellation of registration, subject to the condition that the time limit to avail ITC in respect of the said invoice or the debit note under section 16(4) had not already expired on the date of cancellation of registration.**

**(viii) Restriction of ITC in proportion of (i) taxable supplies (ii) business purposes [Sub-sections (1) and (2) of section 17]**

ITC is restricted in proportion of the use of the goods and/or services (i) in the taxable and / or zero-rated supplies (ii) for business purposes. This is elaborated in heading (4) below.

**(ix) ITC not allowed on certain supplies [Section 17(5)]**

ITC has been blocked for specified goods and services. This is elaborated in heading (4) below.

**Quiz Time!**

1

Following amounts of GST are being reflected in GSTR-2B of Sukhiya Associates, registered under GST, for the month of April:

Raw material purchased	₹ 20,000
Machinery purchased for manufacturing goods	₹ 1,00,000
Raw material purchased for construction of immovable property to be capitalised in the books of accounts	₹ 5,00,000

Apart from this, an invoice for purchase of raw materials containing GST of ₹ 30,000 is not reflected in GSTR-2B of April as the supplier has not furnished his GSTR-1. Moreover, GST of ₹ 25,000 is paid on GTA services received from Sindhu Transporters in April for transport of raw materials.

Compute the amount of ITC that Sukhiya Associates is eligible to avail for the month of April.

(a) ₹ 1,45,000

(b) ₹ 6,20,000

(c) ₹ 6,45,000

(d) ₹ 6,75,000

#### 4. APPORTIONMENT OF CREDIT & BLOCKED CREDITS [SECTION 17<sup>12</sup>]

### STATUTORY PROVISIONS

Section 17		<i>Apportionment of credit and blocked credits</i>	
Sub-section	Clause	<i>Apportionment of credit and blocked credits</i>	
(1)		<i>Where the goods or services or both are used by the registered person partly for the purpose of any business and partly for other purposes, the amount of credit shall be restricted to so much of the input tax as is attributable to the purposes of his business.</i>	
(2)		<i>Where the goods or services or both are used by the registered person partly for effecting taxable supplies including zero-rated supplies under this Act or under the Integrated Goods and Services Tax Act and partly for effecting exempt supplies under the said Acts, the amount of credit shall be restricted to so much of the input tax as is attributable to the said taxable supplies including zero-rated supplies.</i>	
(3)		<p><i>The value of exempt supply under sub-section (2) shall be such as may be prescribed, and shall include supplies on which the recipient is liable to pay tax on reverse charge basis, transactions in securities, sale of land and, subject to clause (b) of paragraph 5 of Schedule II, sale of building.</i></p> <p><i>Explanation.— For the purposes of this sub-section, the expression “value of exempt supply” shall not include the value of activities or transactions specified in Schedule III, except,—</i></p> <p><i>(i) the value of activities or transactions specified in paragraph 5 of the said Schedule; and</i></p> <p><i>(ii) the value of such activities or transactions as may be prescribed in respect of clause (a) of paragraph 8 of the said Schedule;</i></p>	

<sup>12</sup>Provisions relating to determination of ITC in respect of inputs/input services and capital goods and reversal thereof will be discussed at Final Level.

<b>(5)</b>	<p>Notwithstanding anything contained in sub-section (1) of section 16 and sub-section (1) of section 18, input tax credit shall not be available in respect of the following, namely:—</p>		
	(a)	<p>motor vehicles for transportation of persons having approved seating capacity of not more than thirteen persons (including the driver), except when they are used for making the following taxable supplies, namely:—</p>

			<p>(A) further supply of such vessels or aircraft; or</p>
			<p>(B) transportation of passengers; or</p>
			<p>(C) imparting training on navigating such vessels; or</p>
			<p>(D) imparting training on flying such aircraft;</p>
	<p>(ii) for transportation of goods;</p>		
	(ab)	<p>services of general insurance, servicing, repair and maintenance in so far as they relate to motor vehicles, vessels or aircraft referred to in clause (a) or clause (aa):</p>	
		<p>Provided that the input tax credit in respect of such services shall be available—</p>	
		(i)	<p>where the motor vehicles, vessels or aircraft referred to in clause (a) or clause (aa) are used for the purposes specified therein;</p>
(ii)			<p>where received by a taxable person engaged—</p>
		<p>(I) in the manufacture of such motor vehicles, vessels or aircraft; or</p>	

		(II)	<i>in the supply of general insurance services in respect of such motor vehicles, vessels or aircraft insured by him;</i>
	(b)	<i>the following supply of goods or services or both—</i>	
		(i)	<i>food and beverages, outdoor catering, beauty treatment, health services, cosmetic and plastic surgery, leasing, renting or hiring of motor vehicles, vessels or aircraft referred to in clause (a) or clause (aa) except when used for the purposes specified therein, life insurance and health insurance:</i>
		<i>Provided that the input tax credit in respect of such goods or services or both shall be available where an inward supply of such goods or services or both is used by a registered person for making an outward taxable supply of the same category of goods or services or both or as an element of a taxable composite or mixed supply;</i>	
		(ii)	<i>membership of a club, health and fitness centre; and</i>
		(iii)	<i>travel benefits extended to employees on vacation such as leave or home travel concession:</i>
		<i>Provided that the input tax credit in respect of such goods or services or both shall be available, where it is obligatory for an employer to provide the same to its employees under any law for the time being in force<sup>13</sup>.</i>	
	(c)	<i>works contract services when supplied for construction of an immovable property (other than plant and machinery) except where it is an input service for further supply of works contract service;</i>	
	(d)	<i>goods or services or both received by a taxable person for</i>	

<sup>13</sup> Circular No. 172/04/2022 GST dated 06.07.2022 clarifies that this proviso is applicable to the whole of section 17(5)(b).

		<p><i>construction of an immovable property (other than plant or machinery) on his own account including when such goods or services or both are used in the course or furtherance of business</i></p> <p><i>Explanation.—For the purposes of clauses (c) and (d), the expression “construction” includes re-construction, renovation, additions or alterations or repairs, to the extent of capitalisation, to the said immovable property</i></p>

<b>(6)</b>		<p><i>The Government may prescribe the manner in which the credit referred to in sub-sections (1) and (2) may be attributed.</i></p> <p><i>Explanation.— For the purposes of this Chapter and Chapter VI, the expression “plant and machinery” means apparatus, equipment, and machinery fixed to earth by foundation or structural support that are used for making outward supply of goods or services or both and includes such foundation and structural supports but excludes—</i></p>
	(i)	<i>land, building or any other civil structures;</i>
	(ii)	<i>telecommunication towers; and</i>
	(iii)	<i>pipelines laid outside the factory premises.</i>

## ANALYSIS

Section 17 requires apportionment and concomitant restriction of ITC in two situations as also blocking of ITC on specified inward supplies.

### **A. Apportionment of ITC [Sub-sections (1) and (2) of section 17]**

- (i) The fundamental principle of credit scheme under value added tax is that tax paid on inputs, input services and capital goods can be availed as credit only when the output is taxable. Thus, when tax is not payable on output, credit cannot be availed.

Accordingly, ITC under GST can be availed and utilised for payment of tax on output supply. Consequently, ITC cannot be availed when tax is not payable on output supply, i.e. on exempt supply. The only exception to the above principle is 'zero rated supply, where ITC is available even if no tax is payable on output supply as zero rated supply is not an exempted supply.

If a taxable person is making both taxable and exempt supply, he is entitled to full credit of ITC in respect of inputs, input services and capital goods exclusively used for taxable supply and no credit at all can be availed for inputs, input services and capital goods exclusively used for exempt supply.

If common inputs, input services and capital goods are used for taxable as well as exempt supply, only proportionate ITC attributable to the taxable supply is available. The common ITC is apportioned in the ratio of value of taxable supply and exempt supply.

- (ii) Also, in case goods and/or services are used by the taxable person partly for the business purposes and partly for non-business purposes, he is entitled to full credit of ITC in respect of inputs, input services and capital goods exclusively used for business purposes and no credit at all can be availed for goods and/or services exclusively used for non-business purposes.

If common inputs, input services and capital goods are used partly for business and partly for non-business purposes, only proportionate ITC attributable to the business purpose is available.

*Elaborate provisions have been made in sub-sections (1) and (2) of section 17 and rules 42 and 43 for calculation of such proportionate ITC. Such provisions will be discussed in detail at the Final level.*

**Section 16(2) of the IGST Act specifies that ITC may be availed on inward supplies for making zero-rated supply. Zero-rated supply is an expression that covers two kinds of supplies: (i) exports, and (ii) supplies for authorised operations to a SEZ unit or SEZ developer. Therefore, ITC is available on goods and / or services used for supplies made in the course of export or to an SEZ unit or SEZ developer<sup>14</sup>.**

**(8)** A registered person is in the business of manufacturing shoes. He gave 50 pairs of shoes to his friends free of cost. ITC on inputs and input services attributable to such 50 pair of shoes, being used for non-business purposes will not be available.

**(9)** A registered person manufactures a product 'X' chargeable to 18% GST, a product 'Y' chargeable to NIL rate of tax and a product 'Z' which is exported without payment of tax under bond. All the three products are manufactured from common inputs and input services. ITC on inputs and input services attributable to product 'Y' being an exempt supply, will not be available.

## **B. Blocked credits [Section 17(5)]**

ITC of tax paid on almost every inputs, input services or capital goods used for supply of taxable goods and/or services is allowed under GST except a small list of items provided u/s 17(5). Thus, ITC on such items is not allowed even though the same may qualify as inputs, input services or capital goods and are used in the course or furtherance of business.

The blocked list of credit covers mainly items of personal consumption, inputs and input services use of which results into formation of an immovable property (except plant and machinery), telecommunication towers, pipelines laid outside the factory premises, etc. and taxes paid as a result of detection of evasion of taxes, etc.

The various goods and/or services on which credit is blocked are discussed hereunder:

<sup>14</sup>Provisions relating to zero-rated supplies have been discussed at the Final level.

**(i) Motor vehicles and other conveyances and related services (insurance, servicing and repair and maintenance)**

Motor vehicles and conveyances have been defined in the CGST Act [See definition under the heading *Relevant Definitions*].

Motor vehicles exclude –

- vehicle running upon fixed rails
- special purpose vehicles for being used in a factory or any enclosed premises
- vehicle with less than 4 wheels fitted with engine capacity of upto 25cc – (Thus, railways, two/three wheelers with engine capacity of upto 25cc, bicycle etc. do not fall in the definition of motor vehicle.)

Broadly, ITC is blocked on motor vehicles, vessels and aircrafts with certain exceptions. Further, ITC is also blocked on certain services relating to motor vehicles, vessels and aircrafts namely, general insurance, servicing and repair and maintenance. The basic principle here is that the motor vehicles, aircrafts and vessels on which ITC is blocked, the ITC on services of insurance, servicing and repair and maintenance pertaining to such motor vehicles, vessels and aircrafts is also blocked. The blocked credits relating to motor vehicles, vessels, aircrafts and related services are discussed hereunder:

S. No.	Goods and/or services on which credit is blocked	Exceptions to goods and/or services mentioned in column (2) on which credit is allowed	Remarks

**\*\*The term "leasing" referred in above table refers to leasing of motor vehicles, vessels and aircrafts only and not to leasing of any other items.**

**Accordingly, availment of ITC is not barred in case of leasing, other than leasing of motor vehicles, vessels and aircrafts<sup>15</sup>.**

**Clarification on availability of input tax credit in respect of demo vehicles which are motor vehicles for transportation of passengers having approved seating capacity of not more than 13 persons (including the driver), in terms of clause(a) of section 17(5)<sup>16</sup>**

**As demo vehicles are used by authorized dealers to provide trial run and to demonstrate features of the vehicle to potential buyers, it helps the potential buyers to make a decision to purchase a particular kind of motor vehicle. Therefore, as demo vehicles promote sale of similar type of motor vehicles, they can be considered to be used by the dealer for making 'further supply of such motor vehicles'. Accordingly, input tax credit in respect of demo vehicles is not blocked under clause (a) of section 17(5) of CGST Act, as it is excluded from such blockage in terms of sub-clause (A) of the said clause.**

**(10)** ITC on cars purchased by a manufacturing company for official use of its employees is blocked.

(iii)	Travel benefits extended to employees on vacation such as leave or home travel concession		

**(22)** A manufacturing company purchases food items for being served to its customers, free of cost on its 10<sup>th</sup> year of incorporation. ITC on such goods is blocked.

**(23)** AB & Co., a caterer of Amritsar, has been awarded a contract for catering in a marriage to be held at Ludhiana.

The firm has given the contract for supply of snacks, to be served in the marriage, to CD & Sons, a local caterer of Ludhiana. ITC on such outdoor catering services availed by AB & Co., is allowed.

**(24)** ITC on outdoor catering services availed by a garment exporter for a marketing event organised for its prospective customers, is blocked.

**(25)** Outdoor catering service is availed by a company to run a free canteen in its factory. The Factories Act, 1948 requires the company to set up a canteen in its factory. ITC on such outdoor catering is allowed.

**(26)** The Managing Director of a company has taken membership of a club, the fees for which is paid by the company. ITC on such service is blocked.

**(27)** A company avails services of a travel agency for organizing a free vacation for its top performing employees. ITC on such services is blocked.

**(iii) Works contract services for construction of immovable property [Clause (c) of section 17(5)]**

One major input service, ITC on which is blocked is input service relating to construction activity like construction of office building, factory building etc. (except in case of persons like builders, developers and contractors who are undertaking construction for others). However, ITC is available for routine construction related services like repairs, maintenance, renovation etc. of office and factory building. Thus, broadly, ITC of construction services is not available when the expenses are capitalised in the books of account. Here, it needs to be noted that capitalisation of an expense does not depend on whether the taxpayer intends to avail ITC, but on the basis of Accounting Standards and GAAP.

Works contract has been defined in the CGST Act [See definition under the heading *Relevant Definitions*]. Essentially, works contract is a composite supply involving both goods and services. Under the erstwhile laws, definition of works contract included works in relation to both movable and immovable properties. However, under GST law, the ambit of works contract has been **confined only to immovable property**.

#### Meaning of immovable property

*Immovable property has not been defined under the GST law. Therefore, we will have to look for the definition of immovable property in other laws. Section 3(26) of the General Clauses Act, 1897, defines the term immovable property to include land, benefits to arise out of land, and things attached to the earth, or permanently fastened to anything attached to the earth.*

*The term "attached to the earth" is defined in section 3 of the Transfer of Property Act, 1882 to mean:*

- (a) rooted in the earth, as in the case of trees and shrubs; [However, the term "immovable property" under the Transfer of Property Act does not cover standing timber, growing crops or grass.]*
- (b) embedded in the earth, as in the case of walls or buildings.*
- (c) attached to what is so embedded for the permanent beneficial enjoyment of that to which it is attached.*

Under GST law, a composite supply of works contract is treated as supply of services in terms of para 6(a) of Schedule II to the CGST Act.

ITC on works contract services for construction of an immovable property is blocked **EXCEPT WHEN**

- It is an input service for further supply of works contract service (sub-contracting);  
*[ITC on works contract services can be availed only by that taxpayer who is in the same line of business, i.e. only a works contractor can avail ITC on works contract services received by him.]*
- Immovable property is plant and machinery

*[Plant and machinery affixed permanently to the earth constitutes an immovable property. However, ITC on works contract services used for construction of such plant and machinery is allowed as an exception.]*

### Meaning of construction

**“Construction”** includes re-construction, renovation, additions or alterations or repairs, to the extent of capitalization, to the said immovable property.

Thus, if re-construction, renovation, additions or alterations or repairs are not capitalized, it would not tantamount to construction under GST law. Consequently, ITC on works contract services availed for such construction, which is not capitalized, whether for any immovable property or for any plant and machinery, would be allowed to all the recipients irrespective of their line of business.

### Meaning of plant and machinery

**“Plant and machinery”** means apparatus, equipment, and machinery fixed to earth by foundation or structural supports that are used for making outward supply of goods and/or services **and includes such foundation or structural support**

#### **but excludes**

land, building or other civil structures, telecommunication towers, and pipelines laid outside the factory premises.

Thus, ITC on works contract services availed for construction of eligible plant and machinery is allowed to the recipient irrespective of the line of business of such recipient and irrespective of whether expense is capitalized or not by the recipient.

For instance, ITC on works contract services for construction of machinery fixed to earth by a foundation, would be allowed. However, ITC on works contract services for construction of telecommunication tower(s), would be blocked.

**(28)** ITC on works contracts services availed by a software company for construction of its office, is blocked.

**(29)** CD & Co., a works contractor of Noida, has been awarded a contract for construction of a commercial complex in Lucknow. The firm avails services of EF & Co., a local works contractor of Lucknow, for the construction of complex. ITC on such works contract services availed by CD & Co., is allowed.

**(30)** ITC on works contract services availed by an automobile company for construction of a foundation on which a machinery (to be used in the production process) is to be mounted permanently, is allowed.

**(31)** ITC on works contract services availed by a manufacturing company for construction of pipelines to be laid outside its factory, is blocked.

**(32)** A consulting firm has availed services of a works contractor for repair of its office building. The company has booked such expenditure in its profit and loss account. ITC on such services is allowed.

**(33)** A telecommunication company has availed services of a works contractor for repair of its office building. The company has capitalized such expenditure. ITC on such services is blocked.

**ITC on works contract services for construction of immovable property is available only in the following three situations:**

**(i) When the works contract service is availed by a works contractor for being used in further providing the works contract service.**

**(ii) For construction of eligible plant and machinery. In this case, ITC is allowed to all recipients irrespective of their line of business and whether expense capitalized or not.**

**(iii) When the value of works contract service is not capitalized. In this case, ITC is allowed to all recipients irrespective of their line of business.**

**(iv) Self-construction of immovable property [Clause (d) of section 17(5)]**

So now we know that ITC on works contract services availed by a taxpayer, other than a works contractor, for construction of immovable property (other than plant and machinery) is not available. But what happens if a taxpayer procures goods and services and constructs an immovable property, for being used in the course or furtherance of business, without availing services of a works contractor? Will ITC be allowed in such a case?

The answer is No. ITC is not allowed on goods and/or services received by a taxable person for construction of an immovable property (other than plant and machinery) **on his own account** even though such goods and/or services are used in the course or furtherance of business. Thus, ITC on goods and/or services used in the construction of an immovable property is blocked only in those cases where the taxable person constructs the immovable property for his own use even if the immovable property being constructed is used in the course or furtherance of his business.

**The discussion on terms, 'construction' and 'plant and machinery' for works contract services [Elaborated in point (iii) above] applies to construction on own account also.**

**ITC on goods and/or services used in construction of immovable property is available only in the following three situations:**

- (i) For construction of eligible plant and machinery**
- (ii) When the value of goods and/or services is not capitalized**
- (iii) When the construction is not on own account**

**(34)** A company buys cement, tiles etc. and avails the services of an architect for construction of its office building. ITC on such goods and services is blocked.

(35) MN & Constructions procures cement, paint, iron rods and services of architects and interior designers for construction of a commercial complex for one of its clients. ITC on such goods and services is allowed to MN & Co.

(36) A company buys cement, tiles etc. and avails the services of an architect for renovation of its office building. The company has booked such expenditure in its profit and loss account. ITC on such goods and services is allowed.

(37) ITC on goods and/or services used by an automobile company for construction of a foundation on which a machinery (to be used in the production process) is to be mounted permanently, is allowed.

**Clarification on availability of ITC on ducts and manholes used in network of optical fiber cables (OFCs) in terms of section 17(5)<sup>17</sup>**

***Issue: Whether the input tax credit on the ducts and manholes used in network of optical fiber cables (OFCs) for providing telecommunication services is barred in terms of clauses (c) and (d) of section 17(5) of the CGST Act, read with Explanation to section 17 of the CGST Act, 2017?***

***Clarification: Ducts and manholes are basic components for the optical fiber cable (OFC) network used in providing telecommunication services. The OFC network is generally laid with the use of PVC ducts/sheaths in which OFCs are housed and service/connectivity manholes, which serve as nodes of the network, and are necessary for not only laying of optical fiber cable but also their upkeep and maintenance. In view of the Explanation in section 17 of the CGST Act, 2017 it appears that ducts and manholes are covered under the definition of "plant and machinery" as they are used as part of the OFC network for making outward supply of transmission of telecommunication signals from one point to another.***

***Moreover, ducts and manholes used in network of optical fiber cables (OFCs) have not been specifically excluded from the definition of "plant and machinery" in the Explanation to section 17 of the CGST Act, 2017 as they are neither in nature of land, building or civil structures nor are in nature of telecommunication towers or pipelines laid outside the factory premises.***

---

<sup>17</sup> Circular No. 219/13/2024 GST dated 26.06.2024

**Accordingly, it is clarified that availment of input tax credit is not restricted in respect of such ducts and manhole used in network of optical fiber cables (OFCs), either under clause (c) or under clause (d) of section 17(5) of the CGST Act, 2017.**

**(v) Inward supplies charged to tax under composition levy [Clause (e) of section 17(5)]**

A supplier registered under composition scheme cannot collect tax from its customers. Thus, such supplier issues bill of supply and not a tax invoice. A composition supplier pays a lumpsum tax at a specified rate on its quarterly turnover.

Tax paid on goods and/or services under composition scheme is not available as ITC for the recipient.

Since a composition supplier cannot collect any tax on its supplies, from the recipient of its supplies, it is obvious that no ITC can be availed in respect of such supplies by the recipients. Nevertheless, section 17(5)(e) specifically blocks the ITC on inward supplies received by a taxable person from a composition supplier.

**(vi) Inward supplies received by a non-resident taxable person [Clause (f) of section 17(5)]**

Non-resident taxable person has been defined in the CGST Act [See the definition under the heading *Relevant Definitions*]. Essentially, a non-resident taxable person has no fixed place of business in India but he sporadically supplies goods or services in India.

Tax paid on goods and/or services received by such non-resident taxable person, is not available as ITC. However, tax paid by him on **imported goods** is allowed as ITC.

**Whereas ITC on goods imported by a non-resident taxable person is allowed, ITC on services imported by him is blocked.**

**(vii) Inward supplies used/intended to be used for purpose of CSR [Clause (fa) of section 17(5)]**

ITC shall not be available in respect of goods or services or both received by a taxable person, which are used or intended to be used for activities relating to his obligations under corporate social responsibility (CSR) referred to in section 135 of the Companies Act, 2013.

CSR is a strategy undertaken by companies to not just grow profits, but to take an active and positive social role in the world around them. Corporate social responsibility programs aim to give structure to a company's efforts to give back to the community, participate in philanthropic causes, and provide positive social value. Businesses increasingly turn to CSR to make a difference and build a positive brand around their company.

**(viii) Inward supplies used for personal consumption [Clause (g) of section 17(5)]**

One of the foremost conditions laid down in section 16 for availing ITC on goods and/or services is that such goods and/or services should be used **in the course or furtherance of business**. Further, where goods and/or services are used partly for the purpose of any business and partly for other purposes, section 17(1) restricts the credit to so much of the ITC as is attributable to business purposes.

Furthermore, section 17(5)(g) also specifically blocks the ITC on goods and/or service used for personal consumption.

The term 'personal consumption' has not been defined in the GST law. Thus, it may be understood in the general sense which would mean non-business use.

**(38)** Mr. X owns a grocery store. He procures rice, wheat and biscuits for being sold in its store. Out of the inventory so purchased, he gives 10 kgs each of rice and wheat to his wife for household use. Being used for personal consumption, ITC on 10 kg of rice and 10 kg of wheat is blocked.

**(ix) Free samples, gifts, goods lost/stolen etc. [Clause (h) of section 17(5)]**

ITC in respect of goods that are disposed of by way of gift or free samples is not available. Also, ITC is blocked on lost goods, stolen goods, destroyed goods and goods that are written off. This is because principally, ITC is available only for payment of tax on output supply. If no tax is payable on output supply, ITC on inputs/input services/capital goods relating to such output supply is not eligible. Hence, ITC on gifts and free samples is blocked as no tax is payable on its outward supply. In case of lost/destroyed/stolen written off goods also, ITC is not available as these goods cannot be said to have been used for making a taxable supply.

**Meaning of 'gift'**

*The term gift has not been defined in the GST law. Therefore, we will have to look for the definition of gift in other laws. Section 122 of the Transfer of Property Act, 1882, defines gift as transfer of certain existing moveable or immovable property made voluntarily and without consideration, by one person, called the donor, to another, called the donee, and accepted by or on behalf of the donee.*

*In common parlance, gift is made without consideration, is voluntary in nature and is made occasionally. It cannot be demanded as a matter of right.*

**Meaning of 'sample'**

*Sample is also not defined in the GST law. The dictionary meaning of sample is "a small part or quantity intended to show what the whole is like". In commercial parlance, samples are given to prospective customers to enable them to test the quality of the item before making a decision to buy the same.*

**ITC in the hands of the supplier in respect of sales promotional schemes**

Circular No. 92/11/2019 GST dated 07.03.2019 has clarified the entitlement of ITC in the hands of supplier in respect of various sales promotional schemes as under [*Taxability of such schemes has been discussed at relevant places in Chapter 2: Supply Under GST and Chapter 7: Value of Supply in Module 1 of the Study Material.*]:

**A. Samples and free gifts**

Samples which are supplied free of cost, without any consideration, do not qualify as "supply" under GST, except where the activity falls within the ambit of Schedule I of the CGST Act.

ITC shall not be available to the supplier on the inputs, input services and capital goods to the extent they are used in relation to the gifts or free samples distributed without any consideration. However, where the activity of distribution of gifts or free samples falls within the scope of "supply" on account of the provisions contained in Schedule I of the said Act, the supplier would be eligible to avail the ITC.

**B. Buy one get one free offer**

This is not an individual supply of free goods, but a case of two or more individual supplies where a single price is being charged for the entire supply. It can at best be treated as supplying two goods for the price of one.

Taxability of such supply will be dependent upon as to whether the supply is a composite supply or a mixed supply and the rate of tax shall be determined as per the provisions of section 8.

ITC shall be available to the supplier for the inputs, input services and capital goods used in relation to supply of goods or services or both as part of such offers.

**C. Discounts including 'Buy more, save more' offers**

Discounts offered by the suppliers to customers (including staggered discount under "Buy more, save more" scheme and post supply / volume discounts established before or at the time of supply) shall be excluded to determine the value of supply provided they satisfy the parameters laid down in section 15(3), including the reversal of ITC by the recipient of the supply as is attributable to the discount on the basis of document (s) issued by the supplier.

However, the supplier shall be entitled to avail the ITC for such inputs, input services and capital goods used in relation to the supply of goods or services or both on such discounts.

**D. Secondary discounts**

These are the discounts which are not known at the time of supply or are offered after the supply is already over. Such discounts shall not be excluded while determining the value of supply. There is no impact on availability or otherwise of ITC in the hands of supplier in this case.

### **ITC reversal when return of time expired medicines/drugs are treated as fresh supply**

The common trade practice in the pharmaceutical sector is that the drugs or medicines (hereinafter referred to as “goods”) are sold by the manufacturer to the wholesaler and by the wholesaler to the retailer on the basis of an invoice/bill of supply as case may be. Such goods have a defined life term which is normally referred to as the date of expiry. Such goods which have crossed their date of expiry are colloquially referred to as **time expired goods** and are returned to the manufacturer, on account of expiry, through the supply chain.

*Circular No. 72/46/2018 GST dated 26.10.2018* has clarified that the retailer/ wholesaler can return the time expired goods, **either by treating the same as fresh supply or by issuing credit notes**<sup>18</sup>.

#### **Return of time-expired goods by treating the same as fresh supply**

In case the person returning the time expired goods is a registered person (other than a composition taxpayer), he may, at his option, return the said goods by treating it as a fresh supply and thereby issuing an invoice for the same (hereinafter referred to as the, “return supply”). The value of the said goods as shown in the invoice on the basis of which the goods were supplied earlier may be taken as the value of such return supply. The wholesaler or manufacturer, as the case may be, who is the recipient of such return supply, shall be eligible to avail ITC of the tax levied on the said return supply subject to the fulfillment of the conditions specified in section 16.

In case the person returning the time-expired goods is a composition taxpayer, he may return the said goods by issuing a bill of supply and pay tax at the rate applicable to a composition taxpayer. In this

---

<sup>18</sup>The procedure for return of time expired drugs or medicines by issuing credit note is covered in Chapter 10: Tax Invoice; Credit and Debit Notes in this Module of the Study Material.

scenario there will not be any availability of ITC to the recipient of return supply. In case the person returning the time-expired goods is an unregistered person, he may return the said goods by issuing any commercial document without charging any tax on the same.

Where the goods returned by the retailer/wholesaler as a fresh supply, are destroyed by the manufacturer, he/she is required to reverse the ITC availed on the return supply in terms of section 17(5)(h). It is pertinent to mention here that the ITC which is required to be reversed in such scenario is the ITC availed on the return supply and not the ITC that is attributable to the manufacture of such time expired goods.

The clarification may also be applicable to return of goods for reasons other than being time expired.

**(39)** If a manufacturer has availed ITC of ₹10/- at the time of manufacture of medicines valued at ₹ 100/-. At the time of return of such medicine on the account of expiry, the ITC available to the manufacturer on the basis of fresh invoice issued by wholesaler is ₹ 15/-. So, when the time expired goods are destroyed by the manufacturer, he would be required to reverse ITC of ₹ 15/- and not of ₹ 10/.

**(x) Tax paid in fraud cases, detention, confiscation etc. [Clause (i) of section 17(5)]**

Tax paid under sections 74, 129 and 130<sup>19</sup> is not available as ITC. These sections prescribe the provisions relating to tax paid as a result of evasion of taxes, or upon detention of goods or conveyances in transit, or towards redemption of confiscated goods/conveyances.

<sup>20</sup> Declaration is to be filed in Form GST ITC-01 where a registered person ceases to pay composition tax and switches to regular scheme or his exempt supplies become taxable supplies.

## 5. CREDIT IN SPECIAL CIRCUMSTANCES [SECTION 18]

### STATUTORY PROVISIONS

Section 18	<i>Availability of credit in special circumstances</i>	
Sub-section	Clause	Particulars
(1)	<i>Subject to such conditions and restrictions as may be prescribed—</i>

	and has been granted such registration			
2.	Person who is not required to register, but obtains <b>voluntary registration</b>	<b>Inputs</b> held in stock and inputs contained in semi-finished or finished goods held in stock	The day immediately preceding the date of registration	
3.	Registered person <b>who ceases to pay composition tax and switches to regular scheme</b>	<b>Inputs</b> held in stock and inputs contained in semi-finished or finished goods held in stock <b>and capital goods</b>	The day immediately preceding the date from which he becomes liable to pay tax under regular scheme	<p>→ ITC on capital goods will be reduced by 5% per quarter of a year or part of the year from the date of invoice.</p> <p>→ ITC claimed shall be verified with the corresponding details furnished by the corresponding supplier.</p> <p>→ ITC to be availed within 1 year from the date of the issue of the tax invoice by the supplier.</p>
4.	<b>Registered person</b> whose exempt supplies become taxable supplies	<b>Inputs</b> held in stock and inputs contained in semi-finished or finished goods held in stock <b>relatable to such exempt supply and capital goods exclusively used for such exempt supply</b>	The day immediately preceding the date from which such supply becomes taxable	

In all the above cases, the registered person has to make an electronic declaration in the prescribed form<sup>20</sup> on the common portal, clearly specifying the details relating to the inputs held in stock, inputs contained in semi-finished or finished goods held in stock and capital goods on the days mentioned in column (4) of table above. The declaration is to be filed within 30 days (extendable by Commissioner/Commissioner of State GST/Commissioner of UTGST) from the date when the registered person becomes eligible to avail ITC. If the claim of ITC pertaining to CGST, SGST/UTGST, IGST put together exceeds ₹ 2,00,000, the declaration needs to be duly certified by a practicing Chartered Accountant/Cost Accountant.

**(40)** 'Z' becomes liable to pay tax on 1<sup>st</sup> August and has obtained registration on 15<sup>th</sup> August w.e.f. 1<sup>st</sup> August. 'Z' is eligible for ITC on inputs held in stock and as part of semi-finished goods or finished goods held in stock as on 31<sup>st</sup> July. 'Z' cannot take ITC on capital goods.

**(41)** 'A' applies for voluntary registration on 5<sup>th</sup> June and obtains registration w.e.f. 22<sup>nd</sup> June. 'A' is eligible for ITC on inputs held in stock and as part of semi-finished goods or finished goods held in stock as on 21<sup>st</sup> June. 'A' cannot take ITC on capital goods.

**(42)** 'B', a registered taxable person, was paying tax under composition scheme upto 30<sup>th</sup> July. However, w.e.f. 31<sup>st</sup> July, 'B' becomes liable to pay tax under regular scheme. 'B' will be eligible for ITC on inputs held in stock and inputs contained in semi-finished or finished goods held in stock and capital goods as on 30<sup>th</sup> July. ITC on capital goods will be reduced by 5% per quarter or part thereof from the date of the invoice.

<sup>20</sup> Declaration is to be filed in Form GST ITC-01 where a registered person ceases to pay composition tax and switches to regular scheme or his exempt supplies become taxable supplies.

**(ii) Reversal of ITC on switching to composition levy or exit from tax-paying status [Section 18(4) read with rule 44]**

- ❑ Section 18(4) requires reversal of ITC when a registered person who has availed ITC switches to composition levy or when his supplies get wholly exempted from tax.
- ❑ ITC on **inputs** should be reversed proportionately on the basis of corresponding invoices on which credit had been availed on such inputs. If invoices are not available, ITC can be reversed on the basis of the prevailing market price of such goods on the date of switch over/exemption. The details furnished on the basis of prevailing market value need to be duly certified by a practicing Chartered Accountant/ Cost Accountant.
- ❑ ITC involved in the remaining useful life (in months) of the **capital goods** should be reversed on *pro-rata* basis, taking the useful life as 5 years.

**(43)** Capital goods have been in use for 4 years, 6 month and 15 days. The useful remaining life in months = 5 months ignoring a part of the month.

ITC taken on such capital goods = C

ITC attributable to remaining useful life that should be reversed

= C x 5/60

- ❑ The registered person has to debit the electronic credit or cash ledger by the reversal amount in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock and capital goods on the day immediately preceding the date of switch over/ date of exemption.
- ❑ Balance of ITC, if any, lying in the electronic credit ledger lapses.
- ❑ Cancellation of registration also requires reversal of ITC on inputs held in stock/ contained in semi-finished goods or finished goods held in stock, capital goods or plant and machinery on the day immediately preceding the cancellation date. The amount to be reversed on inputs and capital goods is computed in the manner as applicable for sub-sections (4) of section 18 (discussed above).

- ❑ ITC to be reversed on inputs and capital goods is calculated separately for ITC of CGST, SGST/UTGST and IGST.
- ❑ The reversal amount is added to the output tax liability of the registered person.

**(iii) Amount payable on supply of capital goods or plant and machinery on which ITC has been taken [Section 18(6) read with rule 40(2) & rule 44(6)]**

- ❑ If capital goods or plant and machinery on which ITC has been taken are supplied outward by the registered person, he must pay an amount that is the **higher of the following**:
  - ✓ ITC taken on such goods reduced by 5% per quarter of a year or part thereof from the date of issue of invoice for such goods (i.e., ITC pertaining to remaining useful life of the capital goods), or
  - ✓ tax on transaction value of such capital goods/plant & machinery
- ❑ ITC pertaining to remaining useful life of the capital goods should be computed separately for ITC of CGST, SGST/UTGST and IGST.
- ❑ Where the amount of ITC remaining so determined exceeds the tax payable on the transaction value of the capital goods, such amount need to be paid and thus, should be added to the output tax liability.
- ❑ If refractory bricks, moulds and dies, jigs and fixtures are supplied as scrap, the taxable person may pay tax on the transaction value.

**\*Note:** Under rule 44(6), ITC involved in the remaining useful life (in months) of the capital goods is reversed on *pro rata* basis, taking the useful life as 5 years.

**(iv) Transfer of ITC on account of change in constitution of registered person [Section 18(3) read with rule 41]**

In case of sale, merger, demerger, amalgamation, lease, transfer or change in ownership of business etc., the ITC that remains unutilized in the electronic credit ledger of the registered person can be transferred to the new entity, provided there is a specific provision for transfer of liabilities in

such change of constitution. *Circular No. 96/15/2019 GST dated 28.03.2019* has clarified that transfer or change in the ownership of business includes transfer or change in the ownership due to death of the sole proprietor.

The above provisions have been explained with the help of the diagram on next page:

In the case of demerger, ITC will be apportioned in the ratio of the value of assets of the new units as specified in the demerger scheme. Here, **“value of assets”** means the value of the entire assets of the business irrespective of whether ITC has been availed thereon or not.

The registered person should furnish the details of change in constitution on the common portal and submit a certificate from practicing Chartered Account/Cost Accountant certifying that the change in constitution has been done with a specific provision for transfer of liabilities. Upon acceptance of such details by the transferee on the common portal, the

unutilized ITC gets credited to his electronic credit ledger. The transferee should duly record the inputs and capital goods so transferred in his books of account.

**(v) Transfer of ITC on obtaining separate registrations for multiple places of business within a State/ Union Territory [Rule 41A]**

Section 25 enables a taxpayer to obtain separate registrations for multiple places of business within a State/ Union territory [Provisions of section 25 are discussed under Chapter 9: Registration in this Module of the Study Material]. The registered person (transferor), having separate registrations for multiple places of business within a State/Union Territory, can transfer the unutilised ITC (wholly or partly) lying in his electronic credit ledger to any or all of the newly registered place(s) of business in the ratio of the value of assets held by them at the time of registration. Here, the 'value of assets' means the value of the entire assets of the business irrespective of whether ITC has been availed thereon or not.

The registered person should furnish the prescribed details on the common portal within a period of 30 days from obtaining such separate registrations. Upon acceptance of such details by the newly registered person (transferee) on the common portal, the unutilised ITC gets credited to his electronic credit ledger.

## ANALYSIS

ITC is credited to a registered person’s electronic credit ledger. A taxable person is entitled for ITC of CGST, SGST/UTGST and IGST depending upon the nature of supplies received by him.

To illustrate, a supplier making purchases intra-State, inter-State and via import (of goods) is eligible for ITC as under:

The person may use the ITC to pay his output tax liability. As we know that Indian GST is a dual GST wherein two taxes viz, CGST and SGST/UTGST are levied concurrently on a supply transaction. While the CGST revenue accrues to Central Government, SGST and UTGST revenue accrue to respective State Government and Union Territory, respectively. Hence, ITC of CGST and SGST/UTGST is not

inter-changeable and thus, cross utilisation of CGST and SGST/UTGST is not permissible.

IGST is a transitory tax. IGST paid by taxpayer initially goes to the Central Clearing Authority. ITC of IGST can be utilised for payment of CGST or SGST/UTGST (or *vice versa*). Thus, cross utilization of IGST and CGST, SGST/UTGST is permissible. Flexibility has been provided to the taxpayer to utilise ITC of IGST for first payment of IGST and then towards payment of CGST and/or SGST/UTGST in any proportion and in any order subject to the condition that the entire input tax credit on account of Integrated tax is completely exhausted before the input tax credit on account of Central Tax or State/Union territory tax can be utilized. If ITC of IGST is used for payment of SGST/UTGST (or *vice versa*), corresponding debit/credit is made to respective State Government/Union Territory.

Sections 49(5), 49A, 49B, rule 88A and *Circular No. 98/17/2019 GST dated 23.04.2019* together prescribe the sequence of utilisation of ITC. A combined reading of such provisions shows that the order of utilization of ITC is as per the order (of numerals) given below:

ITC of	Output IGST liability	Output CGST liability	Output SGST/ UTGST liability
IGST	(I)	(II) – In any order and in any proportion	
(III) ITC of IGST to be completely exhausted mandatorily			
CGST	(V)	(IV)	Not permitted
SGST/UTGST	(VII) Only after ITC of CGST has been utilized fully	Not permitted	(VI)
The numerals given above can be further explained in the following manner:			
(I)	IGST credit should first be utilized towards payment of IGST.		
(II)	Remaining IGST credit, if any, can be utilized towards payment of CGST and SGST/UTGST in any order and in any proportion, i.e. remaining ITC of IGST can be utilized –		

	<ul style="list-style-type: none"> <li>• first towards payment of CGST and then towards payment of SGST; or</li> <li>• first towards payment of SGST and then towards payment of CGST; or</li> <li>• towards payment of CGST and SGST simultaneously in any proportion e.g. 50: 50, 30: 70, 40: 60 and so on.</li> </ul>
(III)	Entire ITC of IGST should be fully utilized before utilizing the ITC of CGST or SGST/UTGST.
(IV) & (V)	ITC of CGST should be utilized for payment of CGST and IGST in that order. ITC of CGST cannot be utilized for payment of SGST/UTGST
(VI) & (VII)	ITC of SGST /UTGST should be utilized for payment of SGST/UTGST and IGST in that order. However, ITC of SGST/UTGST should be utilized for payment of IGST, only after ITC of CGST has been utilized fully. ITC of SGST/UTGST cannot be utilized for payment of CGST.
	<ul style="list-style-type: none"> <li>• Cross-utilization of credit is available only between CGST - IGST and, SGST/UTGST - IGST.</li> <li>• CGST credit cannot be utilized for payment of SGST/UTGST and SGST/UTGST credit cannot be utilized for payment of CGST.</li> <li>• ITC of IGST need to be exhausted fully before proceeding to utilize the ITC of CGST, SGST/UTGST.</li> </ul>

There can be other options also for utilization of ITC of IGST against CGST and SGST liabilities. In this example, three options for utilizing ITC of IGST against CGST and SGST liabilities are shown.

### Restrictions on utilisation of ITC [Rule 86A]

The Commissioner/ an officer (not below the rank of an Assistant Commissioner) authorised by him is empowered to impose restrictions on utilization of ITC available in the electronic credit ledger if he has **reasons to believe** that such ITC has been fraudulently availed or is ineligible.

The restrictions can be imposed in the following circumstances:

- (i) ITC has been availed by the registered person on the basis of tax invoices/debit notes/prescribed documents -
  - issued by a non-existent registered person (supplier) or by a supplier not conducting any business from the place declared in registration; or
  - without actual receipt of goods or services or both; or
  - in respect of any supply the tax in respect of which has not been paid to the Government
- (ii) the registered person availing ITC has been found non-existent or not to be conducting any business from the registered place of business; or
- (iii) the registered person availing ITC is not in possession of tax invoice/debit note or any other prescribed valid document for it.

If the ITC is so availed, the restrictions can be imposed by not allowing such ITC to be used for discharging any liability under section 49 or not allowing refund of any unutilised amount of such ITC. Such restrictions can be imposed for a period up to 1 year from the date of imposing such restrictions. However, the Commissioner/officer authorised by him, can withdraw such restriction if he is satisfied that conditions for imposing the restrictions no longer exist.

### Restrictions on the use of amount available in electronic credit ledger [Rule 86B]

Rule 86B restricts the use of ITC available in the electronic credit ledger for discharging output tax liability. The aforesaid rule starts with a non-obstante

clause and thus, has an over-riding effect on any other provisions of the CGST Rules.

#### □ Applicability of rule 86B

- ❖ Rule 86B is applicable to the registered person having value of taxable supply (other than exempt supply and zero-rated supply) in a month exceeding ₹ 50 lakh.
- ❖ Therefore, in cases wherein value of taxable supply in a month is upto ₹ 50 lakh, then this restriction would not be applicable.

#### □ Nature of restriction imposed

The registered person to whom the said rule is applicable cannot use ITC to discharge the output tax liability in excess of 99% of such tax liability. In other words, amount available in electronic credit ledger shall be utilized only to the extent of 99% of the output tax liability while discharging such tax liability. Balance 1% of the output tax liability needs to be discharged from electronic cash ledger.

**Minimum 1% of the output tax liability be discharged using electronic cash ledger**

The above restriction can be explained with the help of numerical example:

**(45)** The total value of inter-State supply of Raman & Sons for the month of February is of ₹ 100 lakh. Said supply is taxable @ 18% IGST. Thus, total output tax liability of Raman & Sons is ₹ 18 lakh. Amount available in electronic credit ledger is ₹ 20 lakh (IGST).

In terms of restriction imposed by rule 86B, Raman & Sons can discharge 99% of its output tax liability, i.e. ₹ 17,82,000 (99% of ₹ 18,00,000) from the amount available in electronic credit ledger. However, it has to mandatorily discharge the balance 1% of the output tax liability i.e. ₹ 18,000 (1% of ₹ 18,00,000) through electronic cash ledger only.

#### □ Exceptions to rule 86B

In order to strike a balance between restricting potential misuse of ITC and providing relief to compliant taxpayers, few exceptions to rule 86B have been carved out. They take into account different circumstances and ensure

that taxpayers who have fulfilled certain criteria are not unduly burdened by the restrictions imposed by rule 86B.

➤ **Payment of income tax of more than ₹ 1 lakh**

Restriction under rule 86B is not applicable in cases where the below mentioned person(s) have paid a sum of more than ₹ 1 lakh as income tax (under the Income -tax Act, 1961) in each of the last 2 FYs for which the time limit to file return of income under section 139(1) of the Income-tax Act has expired:

- ❖ Registered person /proprietor/Karta/managing director/any of its two partners
- ❖ Whole-time directors,
- ❖ Members of Managing Committee of Associations
- ❖ Board of Trustees

➤ **Receipt of refund of input tax credit of more than ₹ 1 lakh**

Rule 86B is not applicable where the registered person has received a refund amount of more than ₹ 1 lakh on account of unutilized ITC under:

- ❖ zero-rated supplies made without payment of tax
- ❖ inverted duty structure

It is pertinent to note that refund should have been received in preceding FY.

➤ **Payment of output tax liability through electronic cash ledger in excess of 1% of total output tax liability in current FY**

If the registered person has discharged his output tax liability through the electronic cash ledger for an amount in excess of 1% of the total output tax liability, applied cumulatively, upto the said month in the current financial year, the restrictions under rule 86B shall not apply.

This exception provides relief to registered persons who have consistently made substantial cash payments towards their GST liabilities. The total cash payment of GST made by the registered person is considered cumulatively for all preceding months of the current FY. The cumulative approach ensures that the registered person is given credit for its consistent cash payments throughout the year, rather than assessing each month in isolation.

**(46)** Assuming a scenario wherein in the current FY upto August month, the total output tax liability payable is ₹ 30 lakh which has been discharged upto ₹ 1 lakh through electronic cash ledger and balance through electronic credit ledger. Rule 86B would not be applicable in the September month even if the taxable turnover during this month exceeds ₹ 50 lakh, since cumulative payment of tax made in cash is more than 1% of total output tax liability (1% of ₹ 30 lakh is ₹ 30,000).

It is pertinent to note that GST liability paid under reverse charge mechanism should not be taken into account while calculating the total output liability paid through electronic cash ledger.

➤ **Specified registered persons**

Rule 86B is not applicable in case of below-mentioned registered person:

- ❖ Government Department; or
- ❖ a Public Sector Undertaking; or
- ❖ a local authority; or
- ❖ a statutory body.

However, Commissioner or an officer authorised by him in this behalf may remove the said restriction after such verifications and such safeguards as he may deem fit.

19. Paritosh & Co., a supplier of goods, pays GST under regular scheme. It has made the following outward taxable supplies in a tax period:

Particulars	Amount (₹)
Intra-State supply of goods	10,00,000
Inter-State supply of goods	8,00,000

It has also furnished the following information in respect of purchases made by it in that tax period:

Particulars	Amount (₹)
Intra-State purchases of goods	3,00,000
Inter-State purchases of goods	2,50,000

Paritosh & Co. has following opening balance of ITCs for the tax period:

Particulars	Amount (₹)
CGST	57,000
SGST	60,000
IGST	1,40,000

**Note:**

- (i) Rates of CGST, SGST and IGST are 9%, 9% and 18% respectively.
- (ii) Both inward and outward supplies are exclusive of taxes, wherever applicable.
- (iii) All the conditions necessary for availing ITC have been fulfilled.

Compute the minimum GST, payable in cash, by Paritosh & Co. for the tax period and the ITC to be carried forward to the next month. Make suitable assumptions as required.

## ANSWERS

1. Input tax means the central tax (CGST), State tax (SGST), integrated tax (IGST) or Union territory tax (UTGST) charged on supply of goods or services or both made to a registered person. It also includes tax paid on reverse charge basis and integrated goods and services tax charged on import of goods. It does not include tax paid under composition levy.
2. Following conditions are to be satisfied by the registered taxable person for obtaining ITC:
  - (a) he is in possession of tax invoice or debit note or such other tax paying documents as may be prescribed;
  - (aa) the details of the invoice or debit note referred above has been furnished by the supplier in the statement of outward supplies and such details have been communicated to the recipient of such invoice or debit note in the manner specified under section 37;
  - (b) he has received the goods or services or both;
  - (ba) the details of input tax credit in respect of the said supply communicated to such registered person under section 38 has not been restricted
  - (c) subject to section 41, the supplier has actually paid the tax charged in respect of the supply to the Government; and
  - (d) he has furnished the return under section 39.
3. Yes, the recipient can take ITC. However, he is required to pay the amount towards value of supply along with tax within 180 days from the date of issue of invoice. This condition is not applicable where tax is payable on reverse charge basis.
4. Refer point (vi) "Time limit for availing ITC: 30<sup>th</sup> November of succeeding financial year to which such invoice or debit note pertains or date of filing of relevant annual return, whichever is earlier" under Heading No. 3 "Eligibility and Conditions for Taking Input Tax Credit [Section 16]".

5. (i) A person who has applied for registration within 30 days from the date on which he became liable to registration, can take ITC of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the day immediately preceding the date on which he became liable to pay tax can be taken.

(ii) In case of voluntary registration, ITC of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the day immediately preceding the date of registration can be taken.

6. In case of supply of capital goods or plant and machinery on which ITC has been taken, the registered person shall pay an amount equal to the ITC taken on the said capital goods or plant and machinery reduced by 5% per quarter or part thereof from the date of invoice or the tax on the transaction value of such capital goods or plant and machinery, whichever is higher.

However, in case of refractory bricks, moulds and dies, jigs and fixtures when these are supplied as scrap, the person can pay tax on the transaction value.

7. As per section 18(3), in case of sale, merger, demerger, amalgamation, transfer or change in ownership of business etc., the ITC that remains unutilized in the electronic credit ledger of the registered person can be transferred to the new entity, provided there is a specific provision for transfer of liabilities to the new entity.

The registered person should furnish the details of change in constitution on the common portal and submit a certificate from practicing Chartered Account/Cost Accountant certifying that the change in constitution has been done with a specific provision for transfer of liabilities. Upon acceptance of such details by the transferee on the common portal, the unutilized ITC gets credited to his electronic credit ledger. The transferee should duly account for the inputs and capital goods so transferred in his books of account.

8. As per section 16(3), if the person taking the ITC on capital goods and plant and machinery has claimed depreciation on the tax component of the cost

of the said items under the Income-tax Act 1961, the ITC on the said tax component shall not be allowed.

Since in the given case, Swastik Pvt. Ltd. has claimed depreciation on the tax component of the cost of the machine, it cannot claim ITC of IGST of ₹ 14,400 paid by it on the machine. It can either claim depreciation on the tax component or avail ITC of such tax but cannot avail both the benefits simultaneously.

9. No. ITC on motor vehicles for transportation of persons with approved seating capacity of up to 13 persons (including driver), can be availed only if the taxable person is in the business of transport of passengers or is providing the services of imparting training on driving such motor vehicles or is in the business of further supply of such motor vehicles. Also, ITC can be availed on motor vehicles used for transportation of goods.
10. ITC is disallowed only to the extent it pertains to supplies used for non-business purposes or supplies other than taxable and zero-rated supplies. Supplies to SEZ units for authorised operations are zero rated supplies in terms of section 16(1) of the IGST Act. Thus, full ITC is allowed on inward supplies of BMT Ltd. used for effecting supplies to the unit in the SEZ for authorised operations.
11. 'AB' is eligible for ITC on inputs held in stock and inputs contained in semi-finished or finished goods held in stock and capital goods as on 30<sup>th</sup> July. ITC on capital goods will be reduced by 5% per quarter or part thereof from the date of invoice.
12. Since the exemption available on goods being supplied by Babla Enterprises, an unregistered person, gets withdrawn, it becomes liable to registration as its turnover had crossed the threshold limit on the day when the exemption is withdrawn.

Assuming that Babla Enterprises applies for registration within 30 days of 1<sup>st</sup> October and it obtains such registration, it will be entitled to take credit of input tax in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the day immediately preceding the date from which it becomes liable to pay tax, i.e. 30<sup>th</sup> September [Section 18(1)(a)]. Input tax paid on capital goods will not be available as ITC in this case.

13. If the exempt supply made by a registered person becomes a taxable supply, provisions of section 18(1)(d) become applicable. In the given case, since Mamta Trade Links is a registered person, section 18(1)(d) will be applicable.

As per section 18(1)(d), Mamta Trade Links will be entitled to take credit of input tax in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock relating to such exempt supply and on capital goods exclusively used for such exempt supply on the day immediately preceding the date from which such supply becomes taxable, i.e. 30<sup>th</sup> September. ITC on capital goods will be reduced by 5% per quarter or part thereof from the date of invoice.

14. **Computation of ITC that can be availed by Harshgeet Pvt. Ltd. for the month of July:**

Trucks used for transport of raw material [ITC of GST paid on motor vehicles used for transportation of goods is allowed unconditionally]	40,000
Capital goods [ITC can be availed only on the basis of a valid document (invoice). Thus, GST paid on items for which invoice is missing, i.e. ₹ 80,000, is not available.]	70,000
<b>Total ITC</b>	<b>1,10,000</b>

**15. Computation of ITC that can be availed by Jamku Ltd. for the month of October**

<b>Particulars</b>	<b>ITC (₹)</b>
Purchase of raw spices which are sold to customers [Every registered person is entitled to take credit of input tax charged on any supply of goods to him which are used or intended to be used in the course or furtherance of his business.]	50,000
Purchase of raw spices for personal use of directors [ITC is not available on goods used for personal consumption.]	Nil
Electric machinery purchased for being used in the manufacturing process [Every registered person is entitled to take credit of input tax charged on any supply of goods to him which are used or intended to be used in the course or furtherance of his business.]	25,000
Motor vehicle used for transportation of employee [ITC on motor vehicles for transportation of persons with seating capacity $\leq$ 13 persons (including the driver) is blocked except when the same are used for (i) making further taxable supply of such motor vehicles (ii) making taxable supply of transportation of passengers (iii) making taxable supply of imparting training on driving such motor vehicles. In the given case, since the supplier is in the business of spices, ITC on a 6 seater motor vehicle used for transportation of employees is blocked credit. ]	Nil
Payment made to a contractor for construction of staff quarters [ITC is not available for works contract services when supplied for construction of an immovable property (other than plant and machinery) except where it is an input service for further supply of works contract service]	Nil
<b>Total ITC</b>	<b>75,000</b>

**16. Computation of ITC that can be availed by Dina Ltd. for the month of March:**

<b>Particulars</b>	<b>ITC (₹)</b>
Purchase of iron used as a raw material [When inputs are received in lots, ITC can be availed only on the receipt of last lot. Hence, since last lot is received in April, ITC cannot be availed in March.]	Nil
Purchase of accessories delivered directly to the dealers of the company [Goods delivered to another person on the direction of the registered person by way of transfer of documents of title or otherwise, either before or during the movement, are deemed to have been received by such registered person. Thus, ITC is available to the registered person, on whose order/direction the goods are delivered to a third person.]	90,000
Bus for the transportation of employees [ITC on motor vehicles for transportation of persons with seating capacity > 13 persons (including the driver) used for any purpose is allowed.]	1,97,000
General insurance taken on car (seating capacity 5) used by executives of the company for official purpose [ITC on motor vehicles for transportation of persons with seating capacity ≤ 13 persons (including the driver) is blocked except when the same are used for (i) making further taxable supply of such motor vehicles (ii) making taxable supply of transportation of passengers (iii) making taxable supply of imparting training on driving such motor vehicles. Further, ITC is not allowed on services of general insurance relating to such ineligible motor vehicles. Since, the car is not used for any of the eligible purposes, ITC thereon is blocked and thus, ITC on general insurance taken on such car is also blocked.]	Nil
<b>Total ITC</b>	<b>2,87,000</b>

17. Every registered person is entitled to take credit of input tax charged on any supply of goods and/or services which are used or intended to be used in the course or furtherance of his business if, *inter alia*, he is in possession of a tax invoice issued by a supplier and he has received the goods and/or services.

The registered person must pay to the supplier, the value of the goods and/or services along with the tax within 180 days from the date of issue of invoice. In the event of failure to do so, the corresponding credits availed by the registered person would be required to be reversed or paid by such person alongwith interest. However, once the recipient makes the payment of value of goods and/or services along with tax, he will be entitled to avail the credit again without any time limit. In case part-payment has been made, proportionate credit would be allowed.

In the given case, High-fi Infotech (P) Ltd. provides the service in the month of October and Comfortable (P) Ltd. receives the invoice in the month of November. Therefore, in view of the above provisions and assuming all other conditions required for availing ITC having been fulfilled, ITC of ₹ 1,98,000 (₹ 11,00,000 x 18%) will be availed by Comfortable (P) Ltd. For the month of November when it receives the invoice issued by High-fi Infotech (P) Ltd.

However, proportionate ITC amounting to ₹1,33,932  $\Rightarrow$  [(₹ 12,98,000 - ₹ 4,20,000)/118] x 18] will be reversed in GSTR-3B of Comfortable (P) Ltd. for May month, to be paid along with interest thereon, as full payment has not been made within 180 days of issuance of the invoice, i.e. by 4<sup>th</sup> May of next F.Y. ITC of ₹ 1,33,932 can, however, be availed again by Comfortable (P) Ltd. for the month of July next F.Y. when it makes the balance payment to High-Fi Infotech (P) Ltd.

18. One of the conditions for availing ITC is that the registered person taking the ITC must have received the goods and / or services. However, goods delivered to a third person on the direction of the registered person by way of transfer of documents of title or otherwise, either before or during the movement, are deemed to have been received by such registered person. So, ITC is available to the registered person, on whose direction the goods are delivered to a third person even though the registered person does not receive the goods by itself.

In the given case, goods have been delivered by M/s. Karim & Bros. (supplier) to Shubhkamna Sales (third person) on the direction of M/s. Diwan & Sons (registered person). Therefore, in view of the above provisions, ITC of ₹ 2,250 (₹50 x 250 x 18%) will be available to M/s. Diwan & Sons (registered person) on the purchase of 250 kg of plastic granules @ 50 per kg.

Further, in this case there is another supply between Diwan & Sons (supplier) and Shubhkamna Sales (recipient). Therefore, Shubhkamna Sales can avail ITC of ₹ 2,700 (₹ 60 x 250 x 18%) on the purchase of 250 kg of plastic granules @ 60 per kg.

### 19. Computation of GST payable on outward supplies

S. No.	Particulars	CGST @ 9% (₹)	SGST @ 9% (₹)	IGST @ 18% (₹)	Total (₹)
(i)	Intra-State supply of goods for ₹ 10,00,000	90,000	<u>90,000</u>		1,80,000
(ii)	Inter-State supply of goods for ₹ 8,00,000			1,44,000	1,44,000
<b>Total GST payable</b>					<b>3,24,000</b>
<b>Computation of total ITC</b>					
Particulars	CGST @ 9% (₹)	SGST @ 9% (₹)	IGST @ 18% (₹)		
Opening ITC	57,000	60,000	1,40,000		
Add: ITC on Intra-State purchases of goods valuing ₹ 3,00,000	27,000	27,000	Nil		
Add: ITC on Inter-State purchases of goods valuing ₹ 2,50,000	Nil	Nil	45,000		
<b>Total ITC</b>	<b>84,000</b>	<b>87,000</b>	<b>1,85,000</b>		

**Computation of minimum GST payable from electronic cash ledger**

Particulars	CGST @ 9% (₹)	SGST @ 9% (₹)	IGST @ 18% (₹)	Total (₹)
GST payable	90,000	90,000	1,44,000	3,24,000
Less: ITC [First ITC of IGST should be utilized in full - first against IGST liability and then against CGST or SGST liabilities in any order to minimize cash outflow]	(22,000) IGST	(19,000) IGST	(1,44,000) IGST	1,85,000
CGST and SGST ITC utilized against CGST and SGST output Tax liability respectively	(68,000) CGST	(71,000) SGST		1,39,000
Minimum GST payable in cash	Nil	Nil	Nil	Nil
ITC balance to be carried forward next month	<b>16,000</b>	<b>16,000</b>	<b>Nil</b>	<b>32,000</b>

**Note :** The above computation is one of the many ways to set off the ITC of IGST (₹ 41,000-after set off against IGST liability) against CGST and SGST

liability to compute minimum GST payable in cash and carry forward both CGST and SGST ITC equally. To illustrate, IGST of ₹ 10,000 can be set off against SGST payable and IGST of ₹31,000 can be set off against CGST payable. In this situation also, the net GST payable will be nil but the ITC of CGST and SGST to be carried forward will be ₹25,000 and ₹7,000 (totaling to ₹ 32,000), respectively. However, if the entire ITC of ₹ 41,000 is set off against CGST payable, then SGST of ₹ 3,000 will be payable in cash thus, increasing the cash outflow. Therefore, such a set-off would not be advisable for computing the minimum GST payable.
