CHAPTER OVERVIEW

1. INTRODUCTION

An invoice is a commercial instrument issued by a supplier of goods/services to a recipient. It identifies both the parties involved, and lists, describes the goods sold/services supplied, quantifies the items sold, shows the date of shipment and mode of transport, prices and discounts, if any, and the delivery and payment terms (in case of supply of goods).

Invoicing is a very crucial aspect for ensuring tax compliance under any indirect taxation system. In order to ensure transparency, issuance of invoice for every taxable transaction is a pre-requisite. In case of supply of goods or provision of services, an invoice is raised by the supplier of such goods or services.

to the recipient of the same. Tax invoice acts as a document evidencing the payment of the value of the goods or services or both as also the tax portion in the same. In certain cases, an invoice serves as a demand for payment and becomes a document of title when paid in full.

Under the GST regime, an "invoice" or "tax invoice" means the tax invoice referred to in section 31 of the CGST Act, 2017. This section mandates the issuance of an invoice or a bill of supply for every supply of goods or services.

Under GST law, a tax invoice is an important document. It not only evidences supply of goods or services, but is also an essential document for the recipient to avail Input Tax Credit (ITC). A registered person cannot avail input tax credit unless he is in possession of a tax invoice or a debit note.

The provisions relating to tax invoices, credit and debit notes are contained in Chapter VII - Tax Invoice, Credit and Debit Notes [Sections 31 to 34] of the CGST Act and Chapter-VI: Tax Invoice, Credit and Debit Notes [Rules 46 to 55A] of Central Goods and Services (CGST) Rules, 2017. State GST laws also prescribe identical provisions in relation to Tax Invoice; Credit and Debit Notes.

Before proceeding to understand the provisions of Tax Invoice, Credit and Debit Notes, let us first go through few relevant definitions.

1. All GST taxpayers are free to design their own Tax Invoice Format.
2. The law requires that only certain fields as mandatory fields in the Tax Invoice. The same have been listed under heading (iv) above. The mandatory fields have also been circled in the following Sample Tax Invoice.

E-invoicing

'E-invoicing' has been introduced for reporting of business to business (B2B) invoices to GST System for certain notified category of taxpayers.

All registered businesses with an aggregate turnover (based on PAN) in any preceding financial year from 2017-18 onwards greater than **₹5 crore** (hereinafter referred to as 'notified persons') will be required to issue e-invoices. E-invoicing is not voluntary; only notified persons are enabled to report invoices on IRP (Invoice Registration Portal).

Before we proceed further, let us first understand what is 'e-invoicing'? E-invoicing is not generation of invoice by a Government portal. Taxpayers will continue to create their GST invoices on their own

Accounting/Billing/ERP Systems as per e-invoice scheme. These invoices will then be reported to IRP. On such reporting, IRP will generate a unique 'Invoice Reference Number (IRN)', digitally sign it and return the e-invoice to the supplier. A GST e-invoice will be valid only with a valid IRN.

Presently, invoices, credit notes and debit notes, when issued by notified persons (to registered persons (B2B) or for the purpose of exports) are covered under e-invoice. Though different documents are covered, for ease of reference and understanding, the system is referred as 'e-invoicing'.

Advantages of e-invoicing

E-invoice has many advantages for businesses. One such advantage is auto-reporting of invoices into GST return and auto-generation of e-way bill³ (wherever required). Under e-invoicing, business has to report the B2B invoice data only once in the e-invoice form and the same is reported in multiple forms (GSTR-1, e-way bill etc.). E-way bill can be auto-generated using e-invoice data. GSTR-1 can also be auto-populated with the e-invoice data. It will become part of the business process of the taxpayer.

Consequently, there will be a substantial reduction in transcription errors as same data will get reported to tax department as well as to the buyer to prepare his inward supplies (purchase) register. On receipt of information through GST System, buyer can reconcile the same with his Purchase Order.

Thus, it will facilitate standardisation and interoperability leading to reduction of disputes among transacting parties, improve payment cycles, reduction of processing costs and thereby greatly improving overall business efficiency.

Further, since a complete trail of B2B invoices is available with the Department, it will enable the system-level matching of input tax credit and output tax thereby reducing the tax evasion.

Last but not the least, e-invoicing will eliminate the fake invoices. Claiming fictitious input tax credit (ITC) by raising fake invoices is also one of the biggest challenges currently faced by tax-authorities. The e-invoice system will help to curb the actions of unscrupulous taxpayers and reduce the

³ The provisions relating to e-way bill have been discussed in Chapter 12: E-way bill in this Module of the Study Material.

number of fraud cases as the tax authorities will have access to data in real-time.

E-invoicing statutory provisions

Rule 48(4) stipulates that the e-invoice shall be prepared by notified class of registered persons, by uploading such particulars as contained in Form GST INV-01 on the Common GST Electronic Portal⁴ and obtain an IRN (Invoice Reference Number), in prescribed manner and subject to prescribed conditions and restrictions.

However, the Commissioner may, on the recommendations of the Council, by notification, exempt a person or a class of registered persons from issuance of e-invoice under rule 48(4) for a specified period, subject to such conditions and restrictions as may be specified in the said notification.

Every invoice, issued by above persons, in any manner other than the manner specified in rule 48(4) shall not be treated as an invoice. Where e-invoicing is applicable, there is no need of issuing invoice copies in triplicate/duplicate.

Class of persons notified to mandatorily issue e-invoice

In view of said powers, a registered person (except specified class of persons⁵), whose aggregate turnover in any preceding financial year from 2017-18 onwards exceeds **₹5 crore**, has been notified as class of persons who shall prepare e-invoice in respect of B2B supplies (supply of goods or services

⁴Ten dedicated Invoice Reference Portals have been notified as Common Goods and Service Tax (GST) Electronic Portal for the purpose of preparing e-invoice. These portals are enlisted in subsequent paras.

⁵Special Economic Zones and insurer or banking company or financial institution including NBFC, GTA, supplier of passenger transportation service, person supplying services by way of admission to exhibition of cinematograph films in multiplex screens, a Government Department and a local authority.

or both to a registered person) and for exports⁶. Thus, presently, such notified persons are not required to report B2C invoices on IRP. However, reporting of B2C invoices will be brought under e-invoice in the next phase. Further, e-invoicing is also not applicable to invoices issued by Input Service Distributor (ISD)⁷.

If the invoice issued by a notified person is in respect of supplies made by him, tax on which is payable under reverse charge under section 9(3), e-invoicing is applicable.

(3) A taxpayer (say a firm of advocates) having aggregate turnover in a FY of more than ₹ 5 crore is supplying services to a company (who will be discharging tax liability as recipient under reverse charge mechanism), such invoices have to be reported by said tax payer (since it is a notified person) on IRP.

On the other hand, where specified category of supplies are received by notified person from unregistered persons [attracting reverse charge under section 9(4)] or through import of services, e-invoicing doesn't arise/ not applicable. E-invoicing is also not applicable in case of import of goods (Bills of Entry).

Exemption from e-invoicing

Following entities are exempt from the mandatory requirement of e-invoicing:

- Special Economic Zone units**
- Insurer or banking company or financial institution including NBFC
- GTA supplying services in relation to transportation of goods by road in a goods carriage
- Supplier of passenger transportation service

⁶ Notification No. 13/2020 CT dated 21.03.2020 as amended

⁷ Provisions relating to ISD have been discussed at Final level.

- ❑ Person supplying services by way of admission to exhibition of cinematograph films in multiplex screens
- ❑ a Government Department and a local authority

Thus, above mentioned entities are not required to issue e-invoices even if their turnover exceeds **₹ 5 crore** in any preceding financial year from 2017-18 onwards.

Further, the above taxpayers exempted from the mandatory requirement of e-invoicing are required to provide a **declaration as below** that invoice is not required to be issued in the manner specified under rule 48(4), in all cases where an invoice is issued, other than in the manner so specified under the said rule 48(4), by the taxpayer having aggregate turnover in any preceding financial year from 2017-18 onwards more than the aggregate turnover as notified under rule 48(4) [*presently its ₹ 5 crore*]-

“I/We hereby declare that though our aggregate turnover in any preceding financial year from 2017-18 onwards is more than the aggregate turnover notified under sub-rule (4) of rule 48, we are not required to prepare an invoice in terms of the provisions of the said sub-rule.”

It is important to note here that only SEZ units and not SEZ developers are exempt from issuing e-invoices. Thus, SEZ developers whose turnover exceeds **₹ 5 crore in any preceding financial year from 2017-18 onwards are mandatorily required to issue e-invoices. Further, in case of supplies made by notified persons to SEZ units, e-invoices need to be issued.

(4) Maharaja Private Limited has an SEZ unit and a regular DTA unit (both having same PAN). The aggregate total turnover of Maharaja Private Limited is more than ₹ 5 crore (considering both the GSTINs). However, the turnover of DTA unit is ₹2.5 crore for preceding financial year.

In this scenario, SEZ unit is exempt from e-invoicing. However, e-invoicing will be applicable to DTA Unit because the aggregate turnover of the legal entity in this case is >₹ 5 crore. The applicability is based on annual aggregate turnover on the common PAN.

It has been clarified⁸ that the said exemption from generation of e-invoices is for the entity as a whole and is not restricted by the nature of supply being made by the said entity.

(5) A banking company providing banking services, may also be involved in making supply of some goods, including bullion. The said banking company is exempted from mandatory issuance of e-invoice in terms of *Notification No. 13/2020 CT dated 21.03.2020*, for all supplies of goods and services and thus, will not be required to issue e-invoice with respect to any supply made by it.

How e-invoice is generated?

The taxpayer first prepares and generates his invoice using his own ERP/accounting/billing system or manual system⁹. The invoice must conform to the e-invoice schema (standard notified format - *discussed in detail subsequent paras*) and must have the mandatory parameters.

The details of this invoice are uploaded/reported by the taxpayer to the Invoice Registration Portal (IRP). This way taxpayer registers his supply transaction on IRP.

On uploading, IRP returns the e-invoice with a unique 'Invoice Reference Number (IRN)' (explained in detail subsequent paras) after digitally signing the e-invoice and adding a QR Code (Quick Response Code). Then, the supplier shares the e-invoice with the receiver (along with QR Code).

⁹ For entities not having their own ERP/Software solutions, they can use the free offline utility ('bulk generation tool') downloadable from the e-invoice portal. Through this, invoice data can be easily reported to IRP and obtain IRN/signed e-invoice

How e-invoice data is consumed by GST System for generation of e-way bill or populating relevant parts of GST Returns?

On successful reporting of invoice details to IRP, the invoice data (payload) including IRN, will be saved in GST System.

The GST system will auto-populate them into GSTR-1 of the supplier and GSTR-2A of respective receivers. IRN and IRN date will also be shown along with source marked as 'e-invoice' (except where such details were modified/re-uploaded by taxpayer).

The e-invoice schema (*discussed subsequently*) includes parameters e.g. 'Transporter ID' and 'Vehicle Number', etc. that are required for creating and generating e-way bills. These can be entered if available with seller, at the time of generation of e-invoice so that e-way bill can be created using this data without any further requirement of data entry by the user. The e-invoice reporting software already allows reporting of e-invoice and generation of e-way bill with same data.

Cancellation/ amendment of reported invoice

Where needed, the seller can **cancel IRN** for an e-invoice already reported **by reporting it on IRP** within specified time¹⁰.

Amendment of e-invoice already uploaded on IRP will be done only on GST portal (while filing GSTR-1). Amendment of invoices is not possible through the IRP.

Implications for businesses

As apparent from the above discussion, e-invoicing does not mean that the invoice needs to be prepared/ generated on the Government portal. It is only intimating the Government portal that invoice has been issued to the buyer, by registering that particular invoice on the Government portal. Consequently, businesses will continue to issue invoices as they were doing earlier. Necessary changes on account of e-invoicing requirement (i.e. to enable reporting of invoices to IRP and obtain IRN), be made by

¹⁰However, if the connected e-way bill is active or verified by officer during transit, cancellation of IRN will not be permitted.

ERP/Accounting and Billing Software providers in their respective software. They need to get the updated version having this facility.

Important terms

E-invoice Schema

Businesses use various accounting/billing software, each generating and storing invoices in their own electronic formats. These different formats are neither understood by GST System nor by the systems of suppliers and receivers.

(6) An invoice generated by SAP system cannot be read by a machine which is using 'Tally' system, unless a connector is used. With more than 300 accounting/billing software products, there was no way to have connectors for all.

In this scenario, 'e-invoicing' was introduced aiming at machine-readability and uniform interpretation. To ensure this complete 'inter-operability' of e-invoices across the entire GST eco-system, an invoice standard is a must. By this, e-invoices generated by one software can be read by any other software, thereby eliminating the need of fresh/manual data entry. Since, there was no such standard for e-invoice available earlier, as a first step, a standard format for e-invoice has been finalized.

This uniform standard format (containing specified fields) applicable for all the businesses across the country is known as 'e-invoice schema'. It is notified as **Form GST INV-1**. E-invoice schema mandates what particulars shall be reported in electronic format to IRP. Invoice details in prescribed schema to be reported to IRP in JSON format (JavaScript Object Notation). 'JSON' can be understood as a common language for systems/machines to communicate between each other and exchange data.

Invoice Registration Portal (IRP)

IRP is the website for uploading/reporting of invoices by the notified persons. Following IRPs have been notified for the purpose of preparation of the e-invoice:

www.einvoice1.gst.gov.in

www.einvoice2.gst.gov.in

www.einvoice3.gst.gov.in

www.einvoice4.gst.gov.in

www.einvoice9.gst.gov.in

www.einvoice10.gst.gov.in

Invoice Reference Number

As seen earlier, GST invoice will be valid only with a valid IRN. IRN is different from invoice number. Invoice no. (e.g. ABC/1/2019-20) is assigned by supplier and is internal to business. Its format can differ from business to business and also governed by relevant GST rules. IRN, on other hand, is a unique reference number (hash) generated and returned by IRP, on successful registration of e-invoice. IRN is a unique 64-character hash, e.g.

35054cc24d97033afc24f49ec4444dbab81f542c555f9d30359dc75794e06bbe

The overall workflow of e-invoice generation, its reporting/registration and receipt of confirmation is depicted below:

A. Interaction between the business (supplier) and the Invoice Registration Portal (IRP).

B. Interaction between the IRP and the GST/E-Way Bill Systems and the Buyer.

Other points:

- ❑ The e-invoicing system is also available for the E-Commerce Operators (ECO) to report the invoices to the Invoice Registration portal, generated by them on behalf of the suppliers.
- ❑ Bulk uploading of invoices to IRP is also possible¹¹.
- ❑ CBIC has clarified¹² that **there is no requirement to carry the physical copy of tax invoice in cases where e-invoice has been generated by the supplier**. Whenever e-invoice has been generated, production of the Quick Reference (QR) code having an embedded Invoice Reference Number (IRN) electronically, for verification by the proper officer, would suffice.

¹¹ Discussion on e-invoicing is primarily based on the relevant rules, notifications and FAQs on e-invoicing hosted on GSTN website.

¹² Circular No. 160/16/2021 GST dated 20.09.2021

Quick Response (QR) code

Upon successful registration of invoice on IRP, it will return a signed e-invoice to the supplier with IRN and QR Code. IRN is embedded in the QR Code which shall be extracted and printed on the invoice. The QR code enables quick view, validation and access of the invoices from the GST system from hand-held devices. The digitally signed QR code will have a unique IRN which can be verified on the central portal as well as by an offline app by the officer. **This will be helpful for tax officers checking the invoice offline on the roadside where internet may not be available all the time.**

The QR code consists of the following e-invoice parameters:

- GSTIN of supplier
- GSTIN of recipient
- Invoice number as given by supplier
- Date of generation of invoice
- Invoice value (taxable value and gross tax)
- Number of line items
- HSN code of main item (the line item having highest taxable value)
- Unique Invoice Reference Number (hash)
- Date of generation of IRN

[E-invoicing applicable to Government Departments/PSUs etc. registered solely for the purpose of deduction of tax at source as per provisions of section 51](#)

- The issue which arose for consideration was whether e-invoicing is applicable for supplies made by a registered person, whose turnover exceeds the prescribed threshold for generation of e-invoicing, to Government Departments or establishments/ Government agencies/ local authorities/ PSUs which are registered solely for the purpose of deduction of TDS as per provisions of section 51.***

- ❑ ***It is clarified that Government Departments or establishments/ Government agencies/ local authorities/ PSUs, which are required to deduct TDS under section 51, are liable for compulsory registration in accordance with section 24(vi).***
- ❑ ***Therefore, Government Departments or establishments/ Government agencies/ local authorities/ PSUs, registered solely for the purpose of deduction of TDS as per provisions of section 51, are to be treated as registered persons under the GST law as per provisions of section 2(94).***
- ❑ ***Accordingly, the registered person, whose turnover exceeds the prescribed threshold for generation of e-invoicing, is required to issue e-invoices for the supplies made to such Government Departments or establishments/ Government agencies/ local authorities/ PSUs, etc. under rule 48(4)¹³.***

Dynamic QR code on B2C invoices

All B2C invoices issued by a registered person whose aggregate turnover in any preceding financial year from 2017-18 onwards exceeds ₹ 500 crores will have a QR code.

Sixth proviso to rule 46 has empowered the Government to specify that the tax invoice shall have Quick Response (QR) code. Resultantly, it has been notified¹⁴ that invoice issued by a registered person [except specified class of persons (*discussed subsequently*)], whose aggregate turnover in a financial year exceeds ₹ 500 crores, in respect of B2C supplies (supply of goods or services or both to an unregistered person) shall have Dynamic QR code.

A Dynamic Quick Response (QR) code made available to buyer by such registered person through digital display (with payment cross-reference) shall be deemed to be having QR code. **The purpose of this provision is to enable and encourage digital payments where buyer can scan the dynamic QR code and make payment from mobile wallet directly.**

¹³ Circular No. 198/10/2023 GST dated 17.07.2023

¹⁴ Notification No. 14/2020 CT dated 21.03.2020

Today, many shops have static QR code at the payment counter which is scanned by the buyer, but the buyer has to enter the amount to be paid to the shop in the mobile payment App. The dynamic QR code, on the other hand, will have the payment details and thus 'scan and pay' in one go is possible.

This has no relevance or applicability to the e-invoicing in respect to B2B supplies by notified class of taxpayers. Dynamic QR Code will be generated by the seller himself either on the Point of Sale (PoS) machine or the invoice issued.

Dynamic QR Code in case of an invoice, issued to a person having a UIN

Any person, who has obtained a Unique Identity Number (UIN), is not a "registered person" as per the definition of registered person provided in section 2(94)¹⁵. Therefore, any invoice, issued to such person having a UIN, shall be considered as invoice issued for a B2C supply and shall be required to comply with the requirement of Dynamic QR Code.

Non-applicability of requirement of Dynamic QR code

Dynamic QR code is not applicable to an invoice issued to an unregistered person by following suppliers:

- (i) Insurer or banking company or financial institution including NBFC
- (ii) Goods transport agency supplying services in relation to transportation of goods by road in a goods carriage
- (iii) Supplier of passenger transportation service
- (iv) Person supplying services by way of admission to exhibition of cinematograph films in multiplex screens

¹⁵ A registered person means a person who is registered under section 25 but does not include a person having a Unique Identity Number [Section 2(94)].

- (v) Supplier of online information and database access or retrieval (OIDAR) services¹⁶.

No Dynamic QR code in case of exports: As regards the supplies made for exports, though such supplies are made by a registered person to an unregistered person, however, since e-invoices are required to be issued in respect of supplies for exports treating them as B2B supplies, Dynamic QR code requirement will not be applicable to them.

Parameters/ details to be captured in the Dynamic QR Code

Dynamic QR Code, *inter-alia*, shall contain the following information: -

- Supplier GSTIN number
- Supplier UPI ID
- Payee's Bank A/c number and IFSC
- Invoice number & invoice date,
- Total invoice value and
- GST amount along with breakup i.e. CGST, SGST, IGST, Cess, etc.

Further, Dynamic QR Code should be such that it can be scanned to make a digital payment.

The purpose of dynamic QR Code is to enable the recipient/ customer to scan and pay the amount to be paid to the merchant/ supplier in respect of the said supply. If the supplier has issued invoice having Dynamic QR Code for payment, the said invoice shall be deemed to have complied with Dynamic QR Code requirements.

¹⁶The provisions relating to OIDAR services have been discussed at the Final level.

B. SPECIAL CASES**(i) Revised Tax Invoice [Section 31(3)(a) read with rule 53]****When issued?**

- ❑ Every registered person who has been granted registration with effect from a date earlier than the date of issuance of certificate of registration to him, may issue Revised Tax Invoices. Such invoices shall be issued against the invoices already issued during said period.
- ❑ **Revised Tax Invoices shall be issued within 1 month from the date of issuance of certificate of registration.** The words "Revised Invoice" shall be indicated prominently on such invoices.
- ❑ This provision is necessary, as a person who becomes liable for registration has to apply for registration within 30 days of becoming liable for registration. When such an application is made within the stipulated time period and registration is granted, the effective date of registration is the date on which the person became liable for registration.
- ❑ Thus, there would be a time lag between the date of grant of certificate of registration and the effective date of registration. For supplies made by such person during this intervening period, the law enables the issuance of revised invoice(s), so that ITC can be availed by the recipient on such supplies.

*For the purposes of section 31, the expression "tax invoice" shall include any **revised invoice** issued by the supplier in respect of a supply made earlier [Explanation to section 31].*

Revised Tax Invoices to be issued in respect of taxable supplies effected during this period

(7) Sarabhai Private Ltd. commenced business of supply of goods on 1st April in Delhi. Its turnover exceeded the applicable threshold limit on 3rd September. Thus, it became liable to registration on 3rd September. It applied for registration on 29th September and was granted registration certificate on 5th October. Since it applied for registration within 30 days of becoming liable to registration, registration granted is effective from 3rd September. Sarabhai Private Ltd. may issue Revised Tax Invoices on or before 5th November in respect of taxable supplies effected between 3rd September and 5th October.

Consolidated Revised Tax Invoices in certain cases

A registered person may issue a Consolidated Revised Tax Invoice in respect of all taxable supplies made to an unregistered recipient **during such period**.

However, **in case of inter-State supplies** where the value of supply does not exceed ₹ 2.5 Lakh, a consolidated revised invoice may be issued separately in respect of all unregistered recipients located in a State.

Thus, a revised/ consolidated revised invoice may be issued within one month from the date of registration as follows:

- ❑ **For each inter-State B2C taxable supply upto ₹ 2,50,000:** State-wise consolidated revised invoice
- ❑ **For each inter-State B2C taxable supply more than ₹ 2,50,000:** Recipient wise revised invoice
- ❑ **For all intra-State B2C taxable supplies irrespective of the amount:** Consolidated revised invoice

Luv & Kush Pvt. Ltd. of Meghalaya engaged in the supply of gifts items and repair services, provides you the following details:-

S. No.	Particulars	Date
1.	Commencement of the business of supplying goods and services	1 st August
2.	Turnover exceeds ₹ 10,00,000 on	15 th August
3.	Turnover exceeds ₹ 20,00,000 on	5 th September
4.	Application for registration made on	28 th September
5.	Registration certificate granted on	6 th October

The company seeks your advice as to how it should raise revised tax invoices for supplies made. Is there any specific provision for issuance of revised tax invoices to unregistered customers? Explain.

ANSWER

A supplier of both goods and services whose aggregate turnover in a financial year exceeds ₹ 20 lakh in a State/UT [₹ 10 lakh in specified Special Category States] is liable to apply for registration within 30 days from the date of becoming liable to registration (i.e., the date of crossing the threshold limit of ₹ 20 lakh/ ₹ 10 lakh) in terms of section 22. Since Meghalaya is not a specified Special Category State, applicable threshold limit is ₹ 20 lakh.

Further, where the application is submitted within said period, the effective date of registration is the date on which the person becomes liable to registration; otherwise it is the date of grant of registration.

Every registered person who has been granted registration with effect from a date earlier than the date of issuance of registration certificate to him, may issue revised tax invoices within 1 month from the date of issuance of registration certificate in respect of taxable supplies effected during this period i.e. from the effective date of registration till the date of issuance of registration.

Since Luv & Kush Pvt. Ltd. has made the application for registration within 30 days of becoming liable for registration, the effective date of registration becomes the date on which the company becomes liable to registration i.e. 5th September.

Thus, Luv & Kush Pvt. Ltd. may issue revised tax invoices against the invoices already issued during the period between effective date of registration (5th September) and the date of issuance of registration certificate (6th October), within 1 month from 6th October.

Further, Luv & Kush Pvt. Ltd. may issue a consolidated revised tax invoice in respect of all taxable supplies made to unregistered dealers during such period. However, in case of inter-State supplies where the value of supply does not exceed ₹ 2.5 Lakh, a consolidated revised invoice may be issued separately in respect of all unregistered recipients located in a State.

(ii) No Tax Invoice required to be issued if value < ₹ 200 – A consolidated Tax Invoice can be issued [Section 31(3)(b) read with fourth proviso to rule 46]

A registered person may not issue a Tax Invoice if:

- (i) Value of the goods/services/both supplied < ₹ 200,
- (ii) the recipient is unregistered; and
- (iii) the recipient does not require such invoice.

Instead such registered person shall issue a **Consolidated Tax Invoice** for such supplies at the close of each day in respect of all such supplies.

Thus, small taxpayers, like small retailers, doing a large number of small transactions for upto a value of ₹ 200 per transaction to unregistered customers need not issue invoice for every such transaction. They can issue one consolidated invoice at the end of each day for all transactions done during the day. However, they need to issue an invoice when the customer demands.

However, this option is not available to a supplier engaged in making supply of services by way of admission to exhibition of cinematograph films in multiplex screens.

Above provision is also applicable to Bill of Supply.

ILLUSTRATION 2

Jain & Sons is a trader dealing in stationery items. It is registered under GST and has undertaken following sales during the day:

S. No.	Recipient of supply	Amount (₹)
1.	Raghav Traders - a registered retail dealer	190
2.	Dhruv Enterprises – an unregistered trader	358
3.	Gaurav – a painter [unregistered]	500
4.	Oberoi Orphanage –an unregistered entity	188
5.	Aaradhya – a student [unregistered]	158

None of the recipients require a tax invoice [Raghav Traders being a composition dealer].

Determine in respect of which of the above supplies, Jain & Sons may issue a Consolidated Tax Invoice instead of Tax Invoice, at the end of the day.

ANSWER

In the given illustration, Jain & Sons can issue a Consolidated Tax Invoice only with respect to supplies made to Oberoi Orphanage [worth ₹188] and Aaradhya [worth ₹158] as the value of goods supplied to these recipients is less than ₹200 as also these recipients are unregistered and don't require a tax invoice.

As regards the supply made to Raghav Traders, although the value of goods supplied to it is less than ₹200, Raghav Traders is registered under GST. So, Consolidated Tax Invoice cannot be issued.

Consolidated Tax Invoice can also not be issued for supplies of goods made to Dhruv Enterprises and Gaurav although both of them are unregistered. The reason for the same is that the value of goods supplied is not less than ₹ 200.

(iii) Bill of Supply [Section 31(3)(c) read with rule 49]

Section 31(3)(c) stipulates that a registered person supplying exempted goods or services or both or a registered person paying tax under composition levy, shall issue a bill of supply instead of a tax invoice¹⁷. Person opting for composition levy shall mention the words **“composition taxable person, not eligible to collect tax on supplies”** at the top of the bill of supply issued by him¹⁸.

Particulars of Bill of Supply

A registered person opting for the composition levy does not collect tax from the recipient on outward supplies made by him. Similarly, in case of a registered person supplying exempted goods and/or services, no tax implications are there. Recipients should not expect Tax Invoice from such suppliers as they cannot issue tax invoice.

Since no tax is collected from the recipient by a registered person opting for the composition levy and a registered person supplying exempted goods

¹⁷Order No. 3/2019 CT dated 08.03.2019 has stipulated that a person paying tax under Notification No. 2/2019 will also issue a bill of supply instead of tax invoice.

¹⁸ Fourth proviso to rule 49 stipulates that the Bill of supply shall have a Quick Response Code. However, the same is not yet made effective.

and/or services, Bill of Supply issued by such persons does not contain the details pertaining to rate of tax and amount of tax. Further, value to be mentioned in the Bill of Supply is not also taxable value.

Name, address and GSTIN of the supplier;

A consecutive serial number not exceeding 16 characters, in one or more multiple series, containing alphabets or numerals or special characters - hyphen or dash and slash and any combination thereof, unique for a FY;

Date of its issue;

HSN Code for goods or services;

Description of goods or services or both;

Value of supply of goods or services or both taking into account discount/ abatement, if any; and

Signature/ digital signature of supplier/his authorized representative. However, signature or digital signature of the supplier or his authorized representative shall not be required in the case of issuance of an electronic bill of supply in accordance with the provisions of the Information Technology Act, 2000.

Note: Any tax invoice or any other similar document issued under any other Act for the time being in force in respect of any non-taxable supply shall be treated as bill of supply for the purposes of the Act.

(8) Patel & Sons is a manufacturer of goods who has opted for composition levy under section 10(1) and 10(2). It will issue a Bill of Supply to the buyers of goods and not the tax invoice.

Invoice-cum-bill of supply [Rule 46A]

Where a registered person is supplying taxable as well as exempted goods or services or both to an unregistered person, a single "invoice-cum-bill of supply" may be issued for all such supplies. Rule 46A is notwithstanding anything contained in rule 46 or rule 49 or rule 54 of CGST Rules. The said

single "invoice-cum-bill of supply" shall contain the particulars as specified under rule 46 or rule 54, as the case may be, and rule 49.

(iv) Receipt Voucher [Section 31(3)(d) read with rule 50]

A registered person shall, on receipt of advance payment with respect to any supply of goods or services or both, issue a Receipt Voucher evidencing receipt of such payment.

Particulars of Receipt Voucher

Name, address and GSTIN of the supplier;
A consecutive serial number not exceeding 16 characters, in one or multiple series, containing alphabets or numerals or special characters -hyphen or dash and slash and any combination thereof, unique for a FY
Date of its issue;

Description of goods or services;
Amount of advance taken;

Signature/digital signature of supplier/his authorized representative

Where at the time of receipt of advance, rate of tax and/or nature of supply is not determinable

Where at the time of receipt of advance -	
(i) rate of tax is not determinable	tax shall be paid at the rate of 18%
(ii) nature of supply is not determinable	same shall be treated as inter-State supply

(v) Refund Voucher [Section 31(3)(e) read with rule 51]

Where, on receipt of advance payment with respect to any supply of goods or services or both the registered person issues a **Receipt Voucher**, but subsequently no supply is made and no tax invoice is issued in pursuance thereof, the said registered person may issue to the person who had made the payment, a **Refund Voucher** against such payment.

Particulars of Refund Voucher

Name, address and GSTIN of the supplier;
A consecutive serial number not exceeding sixteen characters, in one or multiple series, containing alphabets or numerals or special characters -hyphen or dash and slash and any combination thereof, unique for a FY;
Date of its issue;
Name, address and GSTIN or UIN, if registered, of the recipient;

Number and date of Receipt Voucher issued
Description of goods/services in respect of which refund is made
Amount of refund made
Rate of tax (central tax, State tax, integrated tax, Union territory tax or cess)
Amount of tax paid in respect of such goods or services (central tax, State tax, integrated tax, Union territory tax or cess)
Whether the tax is payable on reverse charge basis; and
Signature/digital signature of supplier/his authorized representative

(vi) Invoice and Payment Voucher [Section 31(3)(f) & (g) read with second proviso to rule 46 and rule 52]

The recipient is liable to pay tax on reverse charge basis where he receives supply of such goods/services/both which are notified for reverse charge purposes under section 9(3). Such supplies can be received from a registered or an unregistered supplier.

Further, a builder/promoter is required to pay GST on reverse charge basis under section 9(4) in one or more of the following cases:

- (i) A builder/promoter must purchase 80% of inputs and input services used in supplying the service from registered persons. In case of shortfall, he's required to pay tax under reverse charge on all such inward supplies (to the extent short of 80% of the inward supplies from registered supplier).
- (ii) Where cement is received from an unregistered person, promoter/buildier has to pay tax on supply of such cement on reverse charge basis and
- (iii) GST on capital goods purchased from unregistered person is payable by the promoter on reverse charge basis.

Invoice to be issued by recipient if he is liable to pay tax under section 9(3)/(4) and receives supplies from an unregistered person

A registered person who is liable to pay tax under reverse charge [under section 9(3)/9(4) of the CGST Act] shall issue an **Invoice** in respect of goods or services or both **received by him from the supplier who is not registered on the date of receipt of goods or services or both**. Thus, a recipient liable to pay tax by virtue of section 9(3) has to issue invoice only when supplies have been received from an unregistered supplier.

Payment voucher to be issued by recipient at the time of making payment if he is liable to pay tax under section 9(3)/(4)

Besides, a registered person who is liable to pay tax under reverse charge [under section 9(3)/9(4) of the CGST Act] shall issue a **Payment Voucher** at the time of making payment to the supplier.

Place of supply along with the name of State and its code, in case of a supply in the course of inter-State trade or commerce; and

Signature/digital signature of supplier/his authorized representative

(vii) Supplier permitted to issue any document other than tax invoice [Section 31(2) and proviso to section 31(1) read with rules 54 and 55]

Government may, on the recommendations of the Council, by notification and subject to such conditions as may be mentioned therein, specify the categories of services in respect of which—

- (a) any other document issued in relation to the supply shall be deemed to be a tax invoice; or
- (b) tax invoice may not be issued.

Following suppliers may issue a tax invoice, but they are also permitted to issue any other document in lieu of tax invoice, by whatever name called:

Delivery challan

Rule 55 specifies the cases where at the time of removal of goods for transportation, goods can be removed on delivery challan and invoice may be issued after delivery. These are provided in the following table:

Nature of supply ¹⁹	Deliver challan to be issued	Particulars of Delivery Challan

		Tax rate and tax amount – central tax, state tax, integrated tax, union territory tax or cess, where the transportation is for supply to the consignee

A. Delivery challan in Triplicate

The delivery challan shall be prepared in TRIPLICATE, in case of supply of goods, in the following manner:

B. Declaration in E-way Bill

Where goods are being transported on a delivery challan in lieu of invoice, the same shall be declared in E-Way Bill.

C. Tax invoice to be issued after delivery of goods

Where the goods being transported are for the purpose of supply to the recipient but the tax invoice could not be issued at the time of removal of goods for the purpose of supply, the supplier shall issue a tax invoice after delivery of goods.

D. Goods transported in SKD/CKD condition or in batches or lots

Where the goods are being transported in a semi knocked down or completely knocked down condition or in batches or lots,

- (a) the supplier shall issue the complete invoice before dispatch of the first consignment;
- (b) the supplier shall issue a delivery challan for each of the subsequent consignments, giving reference of the invoice;
- (c) Copies of the corresponding delivery challan shall accompany each consignment along with a duly certified copy of the invoice; and
- (d) the original copy of the invoice shall be sent along with the last consignment.

Goods may be moved within the State/from the State of registration to another State for supply on approval basis and art works may be sent by artists to galleries for exhibition on delivery challan along with e-way bill wherever applicable

Suppliers of jewellery etc. who are registered in one State may have to visit other States (other than their State of registration) and need to carry the goods (such as jewellery) along for approval. In such cases if jewellery etc. is approved by the buyer, then the supplier issues a tax invoice only at the time of supply.

Since the suppliers are not able to ascertain their actual supplies beforehand and while ascertainment of tax liability in advance is a mandatory requirement for registration as a casual taxable person, the supplier is not able to register as a casual taxable person. Such goods are also carried within the same State for the purposes of supply.

In view of relevant provisions of rule 55, it is clarified that the goods which are taken for supply on approval basis can be moved from the place of business of the registered supplier to another place within the same State or to a place outside the State on a delivery challan along with the e-way bill wherever applicable and the invoice may be issued at the time of delivery of goods.

For this purpose, the person carrying the goods for such supply can carry the invoice book with him so that he can issue the invoice once the supply is fructified [Circular No. 10/10/2017 GST dated 18.10.2017].

Likewise, in case where artists supply art works in different States - other than the State in which they are registered as a taxable person and if the art work is selected by the buyer, then the supplier issues a tax invoice only at the time of supply, it is clarified that the art work for supply on approval basis can be moved from the place of business of the registered person (artist) to another place within the same State or to a place outside the State on a delivery challan along with the e-way bill wherever applicable and the invoice may be issued at the time of actual supply of art work [Circular No. 22/22/2017 GST dated 21.12.2017].

4. CREDIT AND DEBIT NOTES [SECTION 34]

 STATUTORY PROVISIONS	
Section 34	Credit and Debit Notes
Sub-section	Particulars
(1)	Where one or more tax invoices have been issued for supply of any goods or services or both and the taxable value or tax charged in that tax invoice is found to exceed the taxable value or tax payable in respect of such supply, or where the goods supplied are returned by the recipient, or where goods or services or both supplied are found to be deficient, the registered person, who has supplied such goods or services or both, may issue to the recipient one or more credit notes for supplies made in a financial year containing such particulars as may be prescribed.
(2)	Any registered person who issues a credit note in relation to a supply of goods or services or both shall declare the details of such credit note in the return for the month during which such credit note has been issued but not later than the 30 th day of November following the end of the financial year in which such supply was

	<p><i>made, or the date of furnishing of the relevant annual return, whichever is earlier, and the tax liability shall be adjusted in such manner as may be prescribed.</i></p> <p><i>Provided that no reduction in output tax liability of the supplier shall be permitted, if the incidence of tax and interest on such supply has been passed on to any other person.</i></p>
(3)	<p><i>Where one or more tax invoices have been issued for supply of any goods or services or both and the taxable value or tax charged in that tax invoice is found to be less than the taxable value or tax payable in respect of such supply, the registered person, who has supplied such goods or services or both, shall issue to the recipient one or more debit notes for supplies made in a financial year containing such particulars as may be prescribed.</i></p>
(4)	<p><i>Any registered person who issues a debit note in relation to a supply of goods or services or both shall declare the details of such debit note in the return for the month during which such debit note has been issued and the tax liability shall be adjusted in such manner as may be prescribed.</i></p>
	<p><i>Explanation—For the purposes of this Act, the expression “debit note” shall include a supplementary invoice.</i></p>

ANALYSIS

- (i) **Issuance of Credit Note:** During the course of trade or commerce, after the invoice has been issued, there can be situations like:
- The supplier has erroneously declared a value which is more than the actual value of the goods or services provided.
 - The supplier has erroneously declared a higher tax rate than what is applicable for the kind of the goods or services or both supplied.
 - The quantity received by the recipient is less than what has been declared in the tax invoice.

- ❑ The quality of the goods or services or both supplied is not to the satisfaction of the recipient thereby necessitating a partial or total reimbursement on the invoice value
- ❑ Any other similar reasons.

In order to regularize these kinds of situations, the supplier is allowed to issue a document called as **credit note** to the recipient. Once the credit note has been issued, the tax liability of the supplier will reduce.

The credit note is a convenient and legal method by which the value of the goods or services in the original tax invoice can be amended or revised. The issuance of the credit note easily allows the supplier to decrease his tax liability in his returns without requiring him to undertake any tedious process of refunds.

Section 34(1) provides that where one or more tax invoices have been issued for supply of any goods or services or both and the taxable value or tax charged in that/those tax invoice(s) is found to exceed the taxable value or tax payable in respect of such supply, or where the goods supplied are returned by the recipient, or where goods or services or both supplied are found to be deficient, the registered person, who has supplied such goods or services or both, may issue to the recipient one or more credit notes for supplies made in a financial year containing the prescribed particulars.

It is important to note that credit note(s) are not permitted to be issued in case secondary discounts²⁰ are allowed by the supplier since the tax liability of the supplier does not get reduced in such case. However, supplier can issue financial/ commercial credit note(s) to reduce the value of supply payable by the recipient to the supplier [Circular 92/11/2019 GST dated 07.03.2019].

Secondary discounts

²⁰ Secondary discounts are the discounts which are not known at the time of supply/are offered after the supply is already over. These discounts are not excluded from the value of supply since conditions laid down in section 15(3)(b) are not satisfied. Provisions of section 15 have been discussed in detail in Chapter 7- Value of Supply of Module-1 of this Study material.

(ii) **Issuance of Debit Note:** There can be situations when after the invoice has been issued:

- ❑ The supplier has erroneously declared a value which is less than the actual value of the goods or services or both provided.
- ❑ The supplier has erroneously declared a lower tax rate than what is applicable for the kind of the goods or services or both supplied.
- ❑ The quantity received by the recipient is more than what has been declared in the tax invoice.
- ❑ Any other similar reasons.

In order to regularize these kinds of situations, the supplier is allowed to issue a document called as **debit note** to the recipient.

Section 34(3) provides that where one or more tax invoices have been issued for supply of any goods or services or both and the taxable value or tax charged in that tax invoice is found to be less than the taxable value or tax payable in respect of such supply, the registered person, who has supplied such goods or services or both, shall issue to the recipient one or more debit notes for supplies made in a financial year containing the prescribed particulars.

Debit note shall include a supplementary invoice.

The issuance of a debit note/supplementary invoice creates additional tax liability. The treatment of a debit note/supplementary invoice is identical to the treatment of a tax invoice as far as returns and payment are concerned.

The debit note/supplementary invoice is a convenient and legal method by which the value of the goods and/or services in the original tax invoice can be enhanced. The issuance of the debit note allows the supplier to pay his enhanced tax liability in his returns without requiring him to undertake any other tedious process.

(iii) Details of Debit Note/Credit Note to be declared in return**I. Credit Note:**

Any registered person who issues a credit note in relation to a supply of goods or services or both shall declare the details of such credit note in the return for the month during which such credit note has been issued but not later than:

- (i) 30th November following the end of the financial year in which such supply was made,
- or
- (ii) the date of furnishing of the relevant annual return, whichever is earlier.

The tax liability shall be adjusted in such manner as may be prescribed. However, no reduction in output tax liability of the supplier shall be permitted, if the incidence of tax and interest on such supply has been passed on to any other person.

II. Debit Note:

Any registered person who issues a debit note in relation to a supply of goods or services or both shall declare the details of such debit note in the return for the month during which such debit note has been issued. The tax liability shall be adjusted in such manner as may be prescribed.

ANSWERS

1. As per the provisions of section 31, invoice shall be issued before or at the time of removal of goods for supply to the recipient, where the supply involves movement of goods. Accordingly, in the given case, the tax invoice must be issued on or before 29th September.
2. Continuous supply of service means, *inter alia*, supply of any service which is provided, or agreed to be provided continuously or on recurrent basis, under a contract, for a period exceeding 3 months with the periodic payment obligations.

Therefore, the given situation is a case of continuous supply of service as repair and maintenance services have been provided by MBM Caretakers on a quarterly basis, under a contract, for a period of one year with the obligation for quarterly payment.

In terms of section 31, in case of continuous supply of service, where due date of payment is ascertainable from the contract (as in the given case), invoice shall be issued on or before the due date of payment.

Therefore, in the given case, MBM Caretakers should issue quarterly invoices on or before April 1, July 1, October 1, and January 1.

3. As per section 25 read with CGST Rules, where an applicant submits application for registration within 30 days from the date he becomes liable to registration, effective date of registration is the date on which he becomes liable to registration. Since, Sangri Services Ltd.'s turnover exceeded ₹20 lakh on 12th August, it became liable to registration on same day. Further, it applied for registration within 30 days of so becoming liable to registration, the effective date of registration is the date on which he becomes liable to registration, i.e. 12th August.

As per section 31 read with CGST Rules, every registered person who has been granted registration with effect from a date earlier than the date of issuance of certificate of registration to him, may issue Revised Tax Invoices. Revised Tax Invoices shall be issued within 1 month from the date of issuance of

certificate of registration. Revised Tax Invoices shall be issued within 1 month from the date of issuance of registration in respect of taxable supplies effected during the period starting from the effective date of registration till the date of issuance of certificate of registration.

Therefore, in the given case, Sangri Services Ltd. has to issue the Revised Tax Invoices in respect of taxable supplies effected during the period starting from the effective date of registration (12th August) till the date of issuance of certificate of registration (6th September) within 1 month from the date of issuance of certificate of registration, i.e. on or before 6th October.

4. A registered person paying tax under the provisions of section 10 [composition levy] shall issue, instead of a tax invoice, a bill of supply containing such particulars and in such manner as may be prescribed [Section 31(3)(c) read with the CGST Rules, 2017].
5. (i) As per section 31 read with the CGST Rules, in case of taxable supply of services, invoices should be issued before or after the provision of service, but within a period of 30 days [45 days in case of insurer/ banking company or financial institutions including NBFCs] from the date of supply of service.

In view of said provisions, in the present case, the tax invoice should have been issued in the prescribed time limit of 30 days from the date of supply of service i.e. upto 3rd February. However, the invoice has been issued on 10th February.

- (ii) Section 31 read with the CGST Rules, inter alia, provides that tax invoice in addition to other mandatory details shall also contain the amount of tax charged in respect of taxable goods or services (central tax, State tax, integrated tax, Union territory tax or cess). Further, where any supply is made for a consideration, every person who is liable to pay tax for such supply shall prominently indicate in all documents relating to assessment, tax invoice and other like documents, the amount of tax charged in respect of taxable goods or services which shall form part of the price at which such supply is made.

The objection raised by the tax consultant of Royal Fashions suggesting that the amount of tax charged in respect of the taxable supply of

makeover services should be shown separately in the invoice raised by Aura Beauty Services Ltd., is valid in law.

- 6.** Kidzee Ltd. is required to issue a credit note in such a case.

As per section 34, where one or more tax invoices have been issued for supply of any goods or services or both and the goods supplied are returned by the recipient the registered person, who has supplied such goods or services or both, may issue to the recipient one or more credit notes for supplies made in a financial year containing such particulars as may be prescribed. Therefore, Kidzee Ltd. is required to issue a credit note to Nancy General Store for the good returned.

- 7.** Where one or more tax invoices have been issued for supply of any goods and/or services and

- (a) the taxable value/tax charged in that tax invoice is found to exceed the taxable value/tax payable in respect of such supply, or
