CHAPTER - 1

Basic Concepts

IMPORTANT NOTE: If Question is silent, compute tax as per Normal tax regime.

ILLUSTRATION 1 [Difficult]

Mr. B grows sugarcane and uses the same for the purpose of manufacturing sugar in his factory. 30% of sugarcane produce is sold for ₹10 lakhs, and the cost of cultivation of such sugarcane is ₹5 lakhs. The cost of cultivation of the balance sugarcane (70%) is ₹14 lakhs and the market value of the same is ₹22 lakhs. After incurring ₹1.5 lakhs in the manufacturing process on the balance sugarcane, the sugar was sold for ₹25 lakhs. Compute B's business income and agricultural income.

SOLUTION

Computation of Business Income and Agriculture Income of Mr. B

Particulars	Business Income	Agricultural Income	
	(₹)	(₹)	(₹)
Sale of Sugar			
Business income			
Sale Proceeds of sugar	25,00,000		
Less: Market value of sugar- cane (70%)	22,00,000		
Less: Manufacturing exp.	1,50,000		
	1,50,000		
Agricultural income			
Market value of sugarcane (70%)		22,00,000	
Less: Cost of cultivation		14,00,000	
Sale of sugarcane			8,00,000
Agricultural Income			

Sale proceeds of sugarcane (30%)		10,00,000

			13,00,000

ILLUSTRATION 2 [Easy]

Mr. C manufactures latex from the rubber plants grown by him in India. These are then sold in the market for ₹30 lakhs. The cost of growing rubber plants is ₹10 lakhs and that of manufacturing latex is ₹8 lakhs. Compute his total income.

SOLUTION

The total income of Mr. C comprises of agricultural income and business income.

Total profits from the sale of latex= ₹30 lakhs – ₹10 lakhs – ₹8 lakhs= ₹12 lakhs.

Agricultural income = 65% of ₹12 lakhs = ₹7.8 lakhs

Business income = 35% of ₹12 lakhs = ₹4.2 lakhs

Mr. X, a resident, has provided the following particulars of his income for the P.Y. 2024-25.

i.	Income from salary [computed]	- ₹10,80,000
ii.	Income from house property [computed]	- ₹2,50,000
iii.	Agricultural income from a land in Jaipur	- ₹4,80,000
iv.	Expenses incurred for earning agricultural income	- ₹1,70,000

Compute his tax liability for A.Y. 2025-26 assuming his age is -

- 45 years
- 70 years

SOLUTION**a) Computation of tax liability (age 45 years)****Computation of total income of Mr. X for the A.Y. 2025-26 under default tax regime under section 115BAC**

For the purpose of partial integration of taxes, Mr. X has satisfied both the conditions i.e.

1. Net agricultural income exceeds ₹5,000 p.a., and
2. Non-agricultural income exceeds the basic exemption limit of ₹3,00,000.

His tax liability is computed in the following manner:

Particulars	₹	₹
Income from salary		10,80,000
Income from house property		2,50,000
Net agricultural income [₹4,80,000 – ₹1,70,000]	3,10,000	
Less: Exempt under section 10(1)	[3,10,000]	-

Gross Total Income		13,30,000
Less: Deductions under Chapter VI-A		-
Total Income		13,30,000

Step 1 : ₹13,30,000 + ₹3,10,000 = ₹16,40,000

Tax on ₹16,40,000 = ₹1,82,000

[i.e., 5% of ₹4,00,000 plus 10% of ₹3,00,000 plus 15% of ₹2,00,000 plus 20% of ₹3,00,000 plus 30% of ₹1,40,000]

Step 2 : ₹3,10,000 + ₹3,00,000 = ₹6,10,000

Tax on ₹6,10,000 = ₹15,500

[i.e. 5% of ₹3,10,000]

Step 3 : ₹1,82,000 – ₹15,500 = ₹1,66,500

Step 4 & 5 : Total tax payable = ₹1,66,500

= ₹1,66,500 + 4% of ₹1,66,500 = ₹1,73,160.

Computation of total income of Mr. X for the A.Y. 2025-26 under normal provisions of the Act

For the purpose of partial integration of taxes, Mr. X has satisfied both the conditions i.e.

1. Net agricultural income exceeds ₹5,000 p.a., and
2. Non-agricultural income exceeds the basic exemption limit of ₹2,50,000.

His tax liability is computed in the following manner:

Particulars	₹	₹
Income from salary		10,80,000
Income from house property		2,50,000
Net agricultural income [₹4,80,000 – ₹1,70,000]	3,10,000	
Less: Exempt under section 10(1)	(3,10,000)	-
Gross Total Income		13,30,000
Less: Deductions under Chapter VI-A		-
Total Income		13,30,000

Step 1 : ₹13,30,000 + ₹3,10,000 = ₹16,40,000

Tax on ₹16,40,000 = ₹3,04,500

[i.e., 5% of ₹2,50,000 plus 20% of ₹5,00,000 plus 30% of ₹6,40,000]

Step 2 : ₹3,10,000 + ₹2,50,000 = ₹5,60,000

Tax on ₹5,60,000 = ₹24,500

[i.e. 5% of ₹2,50,000 plus 20% of ₹60,000]

Step 3 : ₹3,04,500 – ₹24,500 = ₹2,80,000

Step 4 & 5 : Total tax payable = ₹2,80,000

= ₹2,80,000 + 4% of ₹2,80,000 = ₹2,91,200.

b) Computation of tax liability (age 70 years)

Computation of total income of Mr. X for the A.Y. 2025-26 under default tax regime under section 115BAC

Tax liability of Mr. X would be same under default tax regime whether he is of age of 45 years or 70 years i.e., ₹1,73,160.

Computation of total income of Mr. X for the A.Y. 2025-26 under normal provisions of the Act

His tax liability is computed in the following manner:

Step 1 : ₹13,30,000 + ₹3,10,000 = ₹16,40,000

Tax on ₹16,40,000 = ₹3,02,000

[i.e., 5% of ₹2,00,000 plus 20% of ₹5,00,000 plus 30% of ₹6,40,000]

Step 2 : ₹3,10,000 + ₹3,00,000 = ₹6,10,000

Tax on ₹6,10,000 = ₹32,000

[i.e. 5% of ₹2,00,000 plus 20% of ₹1,10,000]

Step 3 : ₹3,02,000 – ₹32,000 = ₹2,70,000

Step 4 & 5 : Total tax payable = ₹2,70,000

= ₹2,70,000 + 4% of ₹2,70,000 = ₹2,80,800.

ANSWERS

13. As per section 2(7), assessee means a person by whom any tax or any other sum of money is payable under the Income-tax Act, 1961.

In addition, the term includes –

- Every person in respect of whom any proceeding under the Act has been taken for the assessment of –
 - his income; or
 - the income of any other person in respect of which he is assessable; or
 - the loss sustained by him or by such other person; or
 - the amount of refund due to him or to such other person.
- Every person who is deemed to be an assessee under any provision of the Act;
- Every person who is deemed to be an assessee in default under any provision of the Act.

14. The income of an assessee for a previous year is charged to income-tax in the assessment year following the previous year. However, in a few cases, the income is taxed in the previous year in which it is earned. These exceptions have been made to protect the interests of revenue. The exceptions are as follows:

- i. Where a ship, belonging to or chartered by a non-resident, carries passengers, livestock, mail or goods shipped at a port in India, the ship is allowed to leave the port only when the tax has been paid or satisfactory arrangement has been made for payment thereof. 7.5% of the freight paid or payable to the owner or the charterer or to any person on his behalf, whether in India or outside India on account of such carriage is deemed to be his income which is charged to tax in the same year in which it is earned.
- ii. Where it appears to the Assessing Officer that any individual may leave India during the current assessment year or shortly after its expiry and he has no present intention of returning to India, the total income of such individual for the period from the expiry of the respective previous year up to the probable date of his departure from India is chargeable to tax in that assessment year.
- iii. If an AOP/BOI etc. is formed or established for a particular event or purpose and the Assessing Officer apprehends that the AOP/BOI is likely to be dissolved in the same year or in the next year, he can make assessment of the income up to the date of dissolution as income of the relevant assessment year.
- iv. During the current assessment year, if it appears to the Assessing Officer that a person

is likely to charge, sell, transfer, dispose of or otherwise part with any of his assets to avoid payment of any liability under this Act, the total income of such person for the period from the expiry of the previous year to the date, when the Assessing Officer commences proceedings under this section is chargeable to tax in that assessment year.

- v. Where any business or profession is discontinued in any assessment year, the income of the period from the expiry of the previous year up to the date of such discontinuance may, at the discretion of the Assessing Officer, be charged to tax in that assessment year.

15. As per Explanation 3 to section 2(1A), income derived from saplings or seedlings grown in a nursery shall be deemed to be agricultural income and exempt from tax, whether or not the basic operations were carried out on land.

16. The two schools of Hindu law are Dayabaga school, prevalent in West Bengal and Assam, and Mitakshara school, prevalent in rest of India.

Under the Dayabaga school of Hindu Law, nobody acquires the right, share in the property by birth as long as the head of family is living. Thus, the children do not acquire any right, share in the family property, as long as his father is alive and only on death of the father, the children will acquire right/share in the property. Hence, the father and his brothers would be the coparceners of the HUF.

Under the Mitakshara school of Hindu Law, one acquires the right to the family property by his birth and not by succession irrespective of the fact that his elders are living. Thus, every child born in the family acquires a right/share in the family property.

17. In order to constitute an Association of Persons (AOP), persons must join for a common purpose or action and their object must be to produce income; it is not enough that the persons receive the income jointly.

Body of Individuals denotes the status of persons like executors or trustees who merely receive the income jointly and who may be assessable in like manner and to the same extent as the beneficiaries individually. Thus, co- executors or co-trustees are assessable as a BOI as their title and interest are indivisible.

The difference between an AOP and BOI is that in case of a BOI, only individuals can be the members, whereas in case of AOP, any person can be its member i.e. entities like company, firm etc. can be the member of AOP but not of BOI.

In case of an AOP, members voluntarily come together with a common will for a common intention or purpose, whereas in case of BOI, such common will may or may not be present.

18. Since Mr. Sumit is a resident, his global income would be taxable in India. Income of ₹20 lakhs from sale of rubber manufactured from latex obtained from rubber plants grown by him in Malaysia would be his business income since it is from rubber plants grown **outside India**. 35% income from sale of rubber manufactured from latex obtained from rubber plants grown by him in India would be taxable as business income and balance 65% would be exempt as agricultural income.

Business income = 35% of ₹15 lakhs + ₹20 lakhs = ₹25.25 lakhs

19. In case of income derived from the sale of coffee grown and cured by the seller in India, 25% income on such sale is taxable as business income. In case of income derived from the sale of coffee grown, cured, roasted and grounded by the seller in India, 40% income on such sale is taxable as business income.

Business income of Mr. Raja = 25% of ₹10 lakhs = ₹2.5 lakhs
Business income of Mr. Shyam = 40% of ₹20 lakhs = ₹8 lakhs

20. Dayabaga school of Hindu law is prevalent in Assam. In Dayabaga school of Hindu law, nobody acquires the right, share in the property by birth as long as the head of family is living.

Thus, the children do not acquire any right, share in the family property, as long as his father is alive and only on death of the father, the children will acquire right/share in the property.

Hence, Mr. Suresh Jain and his brother, Mr. Pritam Jain would be the coparceners of the Jain HUF and are eligible for coparcenary rights.

CHAPTER - 2

RESIDENCE AND SCOPE OF TOTAL INCOME

ILLUSTRATION 1 (Average)

Mr. Anand is an Indian citizen and a member of the crew of a Singapore bound Indian ship engaged in carriage of passengers in international traffic departing from Chennai port on 6th June, 2024. From the following details for the P.Y. 2024-25, determine the residential status of Mr. Anand for A.Y. 2025-26, assuming that his stay in India in the last 4 previous years (preceding P.Y. 2024-25) is 400 days:

Particulars	Date
Date entered into the Continuous Discharge Certificate in respect of joining the ship by Mr. Anand	6 th June, 2024
Date entered into the Continuous Discharge Certificate in respect of signing off the ship by Mr. Anand	9 th December, 2024

SOLUTION

In this case, since Mr. Anand is an Indian citizen and leaving India during P.Y. 2024-25 as a member of the crew of the Indian ship, he would be resident in India if he stayed in India for 182 days or more.

The voyage is undertaken by an Indian ship engaged in the carriage of passengers in international traffic, originating from a port in India [i.e., the Chennai port] and having its destination at a port outside India [i.e., the Singapore port]. Hence, the voyage is an eligible voyage for the purposes of section 6(1).

Therefore, the period commencing from 6th June, 2024 and ending on 9th December, 2024, being the dates entered into the Continuous Discharge Certificate in respect of joining the ship and signing off from the ship by Mr. Anand, an Indian citizen who is a member of the crew of the ship, has to be excluded for computing the period of his stay in India. Accordingly, 187 days [25+31+31+30+31+30+9] have to be excluded from the period of his stay in India. Consequently, Mr. Anand's period of stay in India during the P.Y. 2024-25 would be 178 days [i.e., 365 days – 187 days]. Since his period of stay in India during the P.Y. 2024-25 is less than 182 days, he is a non-resident for A.Y. 2025-26.

ILLUSTRATION 2 (Average)

9643036663 [only WhatsApp]

Brett Lee, an Australian cricket player visits India for 100 days in every financial year. This has been his practice for the past 10 financial years.

- Find out his residential status for the assessment year 2025-26.
- Would your answer change if the above facts relate to Srinath, an Indian citizen who resides in Australia and represents the Australian cricket team?
- What would be your answer if Srinath had visited India for 120 days instead of 100 days every year, including P.Y.2024-25?

SOLUTION

a) Determination of Residential Status of Mr. Brett Lee for the A.Y. 2025-26:-

Period of stay during previous year 2024-25 = 100 days

Calculation of period of stay during 4 preceding PYs (100 x 4 = 400 days)

2023-24	100 days
2022-23	100 days
2021-22	100 days
2020-21	100 days
Total	400 days

Mr. Brett Lee has been in India for a period more than 60 days during previous year 2024-25 and for a period of more than 365 days during the 4 immediately preceding previous years. Therefore, since he satisfies one of the basic conditions under section 6(1), he is a resident for the A.Y. 2025-26.

Computation of period of stay during 7 preceding previous years = 100 x 7 = 700 days

2023-24	100 days
2022-23	100 days
2021-22	100 days
2020-21	100 days
2019-20	100 days
2018-19	100 days
2017-18	100 days

Total	700 days

Since his period of stay in India during the past 7 previous years is less than 730 days, he is a not-ordinarily resident during the A.Y. 2025-26 [See Note below].

Therefore, Mr. Brett Lee is a resident but not ordinarily resident during the previous year 2024-25 relevant to the assessment year 2025-26.

Note: An individual, not being an Indian citizen, would be not-ordinarily resident person if he satisfies any one of the conditions specified under section 6(6), i.e.,

- i. If such individual has been non-resident in India in any 9 out of the 10 previous years preceding the relevant previous year, or
- ii. If such individual has during the 7 previous years preceding the relevant previous year been in India for a period of 729 days *or less*.

In this case, since Mr. Brett Lee satisfies condition [ii], he is a not-ordinarily resident for the A.Y. 2025-26.

- b) If the above facts relate to Mr. Srinath, an Indian citizen, who residing in Australia, comes on a visit to India, he would be treated as non-resident in India, irrespective of his total income [excluding income from foreign sources], since his stay in India in the current financial year is, in any case, less than 120 days.
- c) In this case, if Srinath's total income [excluding income from foreign sources] exceeds ₹15 lakh, he would be treated as resident but not ordinarily resident in India for P.Y.2024-25, since his stay in India is 120 days in the P.Y.2024-25 and 480 days [i.e., 120 days x 4 years] in the immediately four preceding previous years.

If his total income [excluding income from foreign sources] does not exceed 15 lakh, he would be treated as non-resident in India for the P.Y.2024-25, since his stay in India is less than 182 days in the P.Y.2024-25.

Mr. B, a Canadian citizen, comes to India for the first time during the P.Y. 2020-21. During the financial years 2020-21 2021-22, 2022-23, 2023-24 and 2024-25, he was in India for 55 days, 60 days, 90 days, 150 days and 70 days, respectively. Determine his residential status for the A.Y. 2025-26.

SOLUTION

During the P.Y. 2024-25, Mr. B was in India for 70 days and during the 4 years preceding the P.Y. 2024-25, he

9643036663 [only WhatsApp]

was in India for 355 days (i.e. 55+ 60+ 90+ 150 days).

Thus, he does not satisfy the basic condition under section 6(1). Therefore, he is a non-resident for the P.Y. 2024-25.

ILLUSTRATION 4 (Easy)

The business of a HUF is transacted from Australia and all the policy decisions are taken there. Mr. E, the Karta of the HUF, who was born in Kolkata, visits India during the P.Y. 2024-25 after 15 years. He comes to India on 1.4.2024 and leaves for Australia on 1.12.2024. Determine the residential status of Mr. E and the HUF for A.Y. 2025-26.

SOLUTION

- a) During the P.Y. 2024-25, Mr. E has stayed in India for 245 days (i.e. 30+31+30+31+31+30+31+30+1 days). Therefore, he is a resident. However, since he has come to India after 15 years, he does not satisfy the condition for being ordinarily resident.

Therefore, the residential status of Mr. E for the P.Y. 2024-25 is resident but not ordinarily resident.

- b) Since the business of the HUF is transacted from Australia and policy decisions are taken there, it is assumed that the control and management is in Australia i.e., the control and management is wholly outside India. Therefore, the HUF is a non-resident for the P.Y. 2024-25.

Note – If the control and management is in India, even partially, then, the HUF would be resident in India. In such a case, the residential status of HUF would be resident but not ordinarily resident, since the Karta's stay in India is for less than 730 days in the 7 previous years immediately preceding the relevant previous year.

Note: All assessees, whether resident or not, are chargeable to tax in respect of their income accrued, arisen, received or deemed to accrue, arise or to be received in India whereas a resident alone (resident and ordinarily resident in the case of individuals and HUF) is chargeable to tax in respect of income which accrues or arises outside India.

Clarification regarding liability to income-tax in India of a non-resident seafarer receiving remuneration in NRE (Non-Resident External) account maintained with an Indian Bank [Circular No.13/2017, dated 11.04.2017 and Circular No.17/2017, dated 26.04.2017]

Income by way of salary, received by non-resident seafarers, for services rendered outside India on a foreign

going ship [with Indian flag or foreign flag] and received into the NRE bank account maintained with an Indian bank shall not be included in the total income.

From the following particulars of income furnished by Mr. Anirudh pertaining to the year ended 31.3.2025, compute the total income for the A.Y. 2025-26, if he is:

- i. Resident and ordinary resident;
- ii. Resident but not ordinarily resident;
- iii. Non-resident

	Particulars	
[a]	Short term capital gains on sale of shares of an Indian Company, received in Germany	15,000
[b]	Dividend from a Japanese Company, received in Japan	10,000
[c]	Rent from property in London deposited in a bank in London, later on remitted to India through approved banking channels	75,000
[d]	Dividend from RP Ltd., an Indian Company	6,000
[e]	Agricultural income from land in Gujarat	25,000

SOLUTION

Computation of total income of Mr. Anirudh for the A.Y. 2025-26

Particulars	Resident & ordinarily resident	Resident but not ordinarily resident	Non-Resident
1) Short term capital gains on sale of shares of an Indian company, received in Germany	15,000	15,000	15,000
2) Dividend from a Japanese company, received in Japan	10,000	-	-
3) Rent from property in London deposited in a bank in London [See Note (i) below]	52,500	-	-
4) Dividend from RP Ltd., an Indian Company	6,000	6,000	6,000
5) Agricultural income from land in Gujarat [See Note (ii) below]	-	-	-

Total Income	83,500	21,000	21,000

Notes:

1. It has been assumed that the rental income is the gross annual value of the property. Therefore, deduction @30% under section 24, has been provided and the net income so computed is taken into account for determining the total income of a resident and ordinarily resident.

	Amount
Rent received (assumed as gross annual value)	75,000
Less: Deduction under section 24 (30% of ₹75,000)	22,500
Income from house property	52,500

2. Agricultural income is exempt under section 10(1).

Mr. David, an Indian citizen aged 40 years, a Government employee serving in the Ministry of External Affairs, left India for the first time on 31.03.2024 due to his transfer to High Commission of Canada. He did not visit India any time during the P.Y. 2024-25. He has received the following income for the F.Y. 2024-25:

S. No.	Particulars	Amount
(i)	Salary (Computed)	5,00,000
(ii)	Foreign Allowance [not included in (i) above]	4,00,000
(iii)	Interest on fixed deposit from bank in India	1,00,000
(iv)	Income from agriculture in Nepal	2,00,000
(v)	Income from house property in Nepal	2,50,000

Compute his Gross Total Income for A.Y. 2025-26.

SOLUTION

As per section 6(1), Mr. David is a non-resident for the A.Y. 2025-26, since he was not present in India at any time during the P.Y. 2024-25.

As per section 5(2), a non-resident is chargeable to tax in India only in respect of following incomes:

- a) Income received or deemed to be received in India; and
- b) Income accruing or arising or deemed to accrue or arise in India.

In view of the above provisions, income from agriculture in Nepal and income from house property in Nepal would not be chargeable to tax in the hands of David, assuming that the same were received in Nepal. Income from 'Salaries' payable by the Government to a citizen of India for services rendered outside India is deemed to accrue or arise in India as per section 9(1)(iii). Hence, such income is taxable in the hands of Mr. David, even though he is a non-resident.

However, allowances or perquisites paid or allowed as such outside India by the Government to a citizen of India for rendering service outside India is exempt under section 10(7). Hence, foreign allowance of ₹4,00,000 is exempt under section 10(7) in the hands of Mr. David.

Gross Total Income of Mr. David for A.Y. 2025-26

Particulars	Amount
Salaries (computed)	5,00,000
Income from other sources (Interest on fixed deposit in India)	1,00,000
Gross Total Income	6,00,000

Miss Vivitha paid a sum of 5000 USD to Mr. Kulasekhara, a management consultant practising in Colombo, specializing in project financing. The payment was made in Colombo. Mr. Kulasekhara is a non-resident. The consultancy is related to a project in India with possible Ceylonese collaboration. Is this payment chargeable to tax in India in the hands of Mr. Kulasekhara, since the services were used in India?

SOLUTION

A non-resident is chargeable to tax in respect of income received outside India only if such income accrues or arises or is deemed to accrue or arise to him in India.

The income deemed to accrue or arise in India under section 9 comprises, *inter alia*, income by way of fees for technical services, which includes any consideration for rendering of any managerial, technical or consultancy services. Therefore, payment to a management consultant relating to project financing is covered within the scope of "fees for technical services".

The Explanation below section 9(2) clarifies that income by way of, *inter alia*, fees for technical services, from services utilized in India would be deemed to accrue or arise in India in case of a non-resident and be included in his total income, whether or not such services were rendered in India or whether or not the non-resident has a residence or place of business or business connection in India.

In the instant case, since the services were utilized in India, the payment received by Mr. Kulasekhara, a non-resident, in Colombo is chargeable to tax in his hands in India, as it is deemed to accrue or arise in India.

13. Examine with reasons whether the following transactions attract income-tax in India in the hands of recipients: **(Average)**
- Salary payable by Central Government to Mr. John, a citizen of India of ₹7,00,000 for the services rendered outside India considering that he pays tax as per the provisions of section 115BAC.

- ii. Interest on moneys borrowed from outside India ₹5,00,000 by a non- resident for the purpose of business within India say, at Mumbai.
- iii. Post office savings bank interest of ₹19,000 received by a resident assessee, Mr. Ram, aged 46 years if he exercises the option of shifting out of the default tax regime provided under section 115BAC(1A).
- iv. Royalty paid by a resident to a non-resident in respect of a business carried on outside India.
- v. Legal charges of ₹5,00,000 paid in Delhi to a lawyer of United Kingdom who visited India to represent a case at the Delhi High Court.

ANSWERS

9. Under section 6(1), an individual is said to be resident in India in any previous year if he satisfies any one of the following conditions -

- i. He has been in India during the previous year for a total period of 182 days or more, or
- ii. He has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year.

In the case of Indian citizens leaving India for employment, the period of stay during the previous year must be 182 days instead of 60 days given in [ii] above.

During the previous year 2024-25, Mr. Ram, an Indian citizen, was in India for 175 days only (i.e., 30+31+30+31+31+22 days). Thereafter, he left India for employment purposes.

Since he does not satisfy the minimum criteria of 182 days stay in India during the relevant previous year, he is a non-resident for the A.Y. 2025-26.

10. Mr. Dey is a resident in A.Y. 2025-26 since he has stayed in India for a period of 365 days (more than 182 days) during the P.Y. 2024-25.

As per section 6(6), a person will be "Not ordinarily Resident" in India in any previous year, if such person, *inter alia*;

- a) has been a non-resident in 9 out of 10 previous years preceding the relevant previous year; or
- b) has during the 7 previous years immediately preceding the relevant previous year been in India for 729 days or less.

If he does not satisfy either of these conditions, he would be a resident and ordinarily resident.

For the previous year 2024-25 [A.Y. 2025-26], his status would be “Resident but not ordinarily resident” since he was non-resident in 9 out of 10 previous years immediately preceding the P.Y. 2024-25. He was resident only in the P.Y. 2023-24. Prior to that, he was non-resident in all the years since his stay in India was only for 30 days each year.

He can be resident but not ordinarily resident also due to the fact that he has stayed in India only for 546 days [366 days in P.Y. 2023-24 + (30 days x 6 years)] in 7 previous years immediately preceding the P.Y. 2024-25, which is less than 730 days.

Computation of total income of Mr. Ramesh & Mr. Suresh for the A.Y. 2025-26

S. No.	Particulars	Mr. Ramesh (non-resident) (₹)	Mr. Suresh (Resident) (₹)
1.	Interest on Canada Development Bond [See Note 2]	17,500	40,000
2.	Dividend from British Company received in London [See Note 3]	-	20,000
3.	Profits from a business in Nagpur but managed directly from London [See Note 2]	1,00,000	1,40,000

6.	Fees for technical services rendered in India, but received in Canada [See Note 2]	1,00,000	-
7.	Interest on savings bank deposit in UCO Bank, Delhi [See Note 2]	7,000	12,000
8.	Agricultural income from a land situated in Andhra Pradesh [See Note 4]	-	-
9.	Income from house property at Bhopal [See Note 5]	70,000	42,000
	Gross Total income	4,34,500	4,14,000
	Less: Deduction under Chapter VI-A		
	Section 80C - Life insurance premium	-	30,000
	Section 80TTA [See Note 6]	7,000	10,000
	Total Income	4,27,500	3,74,000

Notes:

- a) Mr. Ramesh is a non-resident since he has been living in Canada since 1996. Mr. Suresh, is settled in Delhi, and thus, assumed as a resident and ordinarily resident.
- b) In case of a resident and ordinarily resident, his global income is taxable as per section 5(1). However, as per section 5(2), in case of a non-resident, only the following incomes are chargeable to tax:
- Income received or deemed to be received in India; and
 - Income accruing or arising or deemed to accrue or arise in India.

Therefore, fees for technical services rendered in India would be taxable in the hands of Mr. Ramesh, even though he is a non-resident.

The income referred to in Sl. No. 3,4,5 and 7 are taxable in the hands of both Mr. Ramesh and Mr. Suresh since they accrue or arise/ deemed to accrue or arise in India.

Interest on Canada Development Bond would be fully taxable in the hands of Mr. Suresh, whereas only 50%, which is received in India, is taxable in the hands of Mr. Ramesh.

- c) Dividend received from British company in London by Mr. Ramesh, a non-resident, is not taxable since it is accrued and received outside India. However, such dividend received by Mr. Suresh is taxable, since he is a resident and ordinarily resident.
- d) Agricultural income from a land situated in India is exempt under section 10(1) in the case of both non-residents and residents.
- e) Income from house property -

	Mr. Ramesh	Mr. Suresh
Rent received	1,00,000	60,000
Less: Deduction u/s 24(a) @30%	30,000	18,000
Net income from house property	70,000	42,000

The net income from house property in India would be taxable in the hands of both Mr. Ramesh

and Mr. Suresh, since the accrual and receipt of the same are in India.

- f) In case of an individual, interest upto ₹10,000 from savings account with, *inter alia*, a bank is allowable as deduction under section 80TTA.

12. This statement is correct.

As per *Explanation* to section 9, income by way of interest, royalty or fees for technical services which is deemed to accrue or arise in India by virtue of clauses (v), (vi) and (vii) of section 9(1), shall be included in the total income of the non-resident, whether or not -

- non-resident has a residence or place of business or business connection in India; or
- the non-resident has rendered services in India.

In effect, the income by way of fees for technical services, interest or royalty from services utilised in India would be deemed to accrue or arise in India in case of a non-resident and be included in his total income, whether or not such services were rendered in India and irrespective of whether the non-resident has a residence or place of business or business connection in India.

13. Taxability of receipts

	Taxable/ Not Taxable	Amount liable to tax (₹)	Reason
(i)	Taxable	6,25,000	As per section 9(1)(iii), salaries payable by the Government to a citizen of India for service rendered outside India shall be deemed to accrue or arise in India. Therefore, salary paid by Central Government to Mr. John for services rendered outside India would be deemed to accrue or arise in India since he is a citizen of India. He would be entitled to standard deduction of ₹75,000 under section 16(ia).
(ii)	Taxable	5,00,000	As per section 9(1)(v)(c), interest payable by a non-resident on moneys borrowed and used for the purposes of business carried on by such person in India shall be deemed to accrue or arise in India in the hands of the recipient.
(iii)	Partly Taxable	5,500	The interest on Post office savings bank a/c would be exempt u/s 10(15)(i) only to the extent of ₹3,500 in case of an individual a/c. Further, interest upto 10,000, would be allowed as deduction u/s 80TTA from Gross Total Income. Balance ₹5,500 i.e., ₹19,000 - ₹3,500 - ₹10,000 would be taxable in the hands of Mr. Ram, a resident.

(iv)	Not Taxable	-	Royalty paid by a resident to a non-resident in respect of a business carried outside India would not be taxable in the hands of the non-resident provided the same is not received in India. This has been provided as an exception to deemed accrual mentioned in section 9(1)(vi)(b).
(v)	Taxable	5,00,000	In case of a non-resident, any income which accrues or arises in India or which is deemed to accrue or arise in India or which is received in India or is deemed to be received in India is taxable in India. Therefore, legal charges paid in India to a non-resident lawyer of UK, who visited India to represent a case at the Delhi High Court would be taxable in India.

SOLUTIONS TO SUBJECTIVE QUESTIONS:**Residential Status Of Individuals****Answer 17**

The Py relevant to AY 2025-26 is PY 2024-25.

- **Step 1:** The total stay of Steve Waugh in the last 4 years preceding the relevant PY is 400 days (ie, 100 days per year x 4 years) and his stay during PY 2024-25 is 100 days. Since he has satisfied the second condition of Section 6(1), he is a resident.
- **Step 2:** Since his total stay in India in the last 7 years preceding the PY is 700 days (ie, 100 x 7), he does not satisfy the minimum requirement of 730 days in 7 years. Any one of the conditions not being satisfied, the individual is NOR.

Therefore, the residential status of Steve Waugh for AY 2025-26 is 'resident but not ordinarily resident'.

Answer 18

- Period of stay during PY 2024-25 = 102 days.
- Period of stay during 4 preceding PYs is 408 days (102 x 4 = 408 days).
- Mr Brett Lee has been in India for a period more than 60 days during PY 2024-25 and for a period of more than 365 days during 4 immediately preceding PYs. Since he satisfies one of the basic conditions u/s 6(1), he is a resident for AY 2025-26.
- Period of stay during 7 preceding PYs is 714 days (102 x 7 = 714 days). Since his period of stay in India during the past 7 PYs is less than 730 days, he is a not-ordinarily resident during AY 2025-26. (See Note below)

Note: A not-ordinarily resident person is one who satisfies any one of the conditions specified u/s 6(6)(a);

- (i) If such individual has been non-resident in India in any 9 out of the 10 PYs preceding the relevant PY; or
- (ii) If such individual has during the 7 PYs preceding the relevant PY been in India for a period of 729 days or less.

In this case, since Mr Brett Lee satisfies condition (ii), he is a not-ordinarily resident for AY 2025-26.

Answer 19

- During PY 2024-25, Mr C was in India for 173 days (ie 22 + 30 + 31 + 31 + 28 + 31 days). His total stay in last

4 years comes out to 838 days [calculated in the manner given below]:

- > PY 2023-24: 46 days
- > PY 2022-23: 62 days (ie 30 + 31 + 1)
- > PY 2021-22: 365 days (since he left India on 1.6.2022 after 10 years)
- > PY 2020-21: 365 days (since he left India on 1.6.2022 after 10 years)

- Mr C is a resident since his stay during PY 2024-25 is 173 days and in the last 4 years is more than 365 days.
- For the purpose of being ordinarily resident, it is evident from the above calculations, that
 - his stay in the last 7 years is more than 730 days: and
 - since he was in India for 10 years prior to 1.6.2022, he was a resident in at least 2 out of the last 10 years preceding the relevant PY.
- **Therefore, Mr C is a resident and ordinarily resident for AY 2025-26.**

Answer 20

- Mr Dey is a resident in AY 2024-25 and AY 2025-26 since he has stayed in India for a period of 182 days or more during PY 2023-24 and PY 2024-25, respectively.
- As per Section 6(6), a person will be "Not Ordinarily Resident" in India in any PY, if such person:
 - has been a non-resident in 9 out of 10 PYs preceding the relevant PY; or
 - has during the 7 PYs immediately preceding the relevant PY been in India for 729 days or less.

If he does not satisfy both of these conditions, he would be a resident and ordinarily resident.

- In the instant case, applying the above, the status of Mr Dey for PY 2023-24 (AY 2024-25) will be "NOR" because his stay in India prior to PY 2022-23 is '0' days.
- For PY 2024-25 (AY 2025-26), his status would continue to be "NOR" since he was NR in 9 out of 10 PYs immediately preceding PY 2024-25 and he had also stayed for 729 days or less in 7 PYs immediately preceding the PY.
- Therefore, his status for
 - AY 2024-25: "Resident but not ordinarily resident"
 - AY 2025-26: "Resident but not ordinarily resident"

Answer 21

- Mr Bindu is a resident in AY 2025-26 since she has stayed in India for a period of 182 days or more during PY 2024-25.
- As per Section 6(6), a person will be "NOR" in India in any PY, if such person:
 - > has been a non-resident in 9 out of 10 PYs preceding the relevant PY; or
 - > has during the 7 PYs immediately preceding the relevant PY been in India for 729 days or less.

If he does not satisfy both of these conditions, he would be a resident and ordinarily resident.

- In the instant case, applying the above, the status of Ms Bindu prior to PY 2023-24 (AY 2024-25) will be Non-Resident.
- For PY 2023-24 (AY 2024-25), her status would be "NOR" since she was non-resident in 9 out of 10 PYs immediately preceding PY 2023-24 and she had also stayed for less than 729 days in 7 PYs immediately preceding PY 2023-24.
[Before PY 2022-23 - Nil; PY 2022-23 - 41 days].
- For PY 2024-25 (AY 2025-26), her status would continue to be "NOR" since she was non-resident in 9 out of 10 PYs immediately preceding PY 2024-25 and she had also stayed for less than 729 days in 7 PYs immediately preceding PY 2024-25 {ie 41 days during PY 2022-23 + 366 days during PY 2023-24}.

Answer 22

- As per Section 6, an individual is treated as resident if he satisfies any one of the following two basic conditions, ie individual is in India for
 - (i) 182 days or more during the PY; or
 - (ii) 60 days or more during the PY and for 365 days or more during 4 years immediately preceding the relevant PY.
- The (ii) condition is not applicable in case the person visiting India is either an Indian citizen or person of Indian origin.
- Mr Naitik is not a citizen of India as he has taken the citizenship of England and has left Indian citizenship. Further, he is not a person of Indian origin, because he, his parents and grandparents were not born in undivided India.

- Therefore, in his case (ii) basic condition will be applicable and the relief available to Indian citizen and person of Indian origin is not available to him. Therefore, if he satisfies any of the basic conditions, he shall be treated as resident.
- Mr Naitik is in India for 90 days during PY 24-25 and his stay in India exceeds 365 days in 4 years preceding PY 24-25 (ie 2020-21: 365 days; 2021-22: 349 days; 2022-23: Nil and 2023-24: Nil). Therefore, he is resident in India.
- Ordinary or not ordinary resident: Moreover, he satisfies the two additional conditions laid down u/s 6(6)(a):
 - (i) He is resident in India in at least 2 years out of 10 years immediately preceding PY 24-25 (Before 15.03.2022, he was always in India, therefore in every such year he satisfied the condition of 182 days); and
 - (ii) During 7 years preceding PY 2024-25, he was present in India for more than 730 days. **Therefore, he is resident and ordinarily resident for AY 25-26.**

Answer 23

An individual is said to be resident if he/she satisfies any one of the following basic conditions:

- (i) Has been in India during the previous year for a total period of 182 days or more; or
- (ii) Has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more

and has been in India for at least 60 days during the previous year.

Mrs Karuna Kapoor's Stay:

Previous Year	2024-25	2023-24	2022-23	2021-22	2020-21	2019-20	2018-19	2017-18	2016-17
Number Of Days Of Stay In India	100	20	45	201	137	100	100	100	100

Mrs Karuna Kapoor's stay in India during PY 2024-25 is less than 182 days. However, her stay in India during PY 2024-25 is 100 days (ie, more than 60 days) and her stay in India during the four previous years prior to PY 2024-25 is 403 days (ie, more than 365 days). Assuming that Mrs Karuna Kapoor is neither a citizen of India nor a person of Indian origin, she is a resident for PY 2024-25.

Further, her stay in India in the last seven PYs prior to PY 2024-25 is 703 days $[20+45+201+137+100+100+100]$, which is less than 730 days. Therefore, she is resident but not ordinarily resident for PY 2024-25.

Answer 24

- As per Section 6, an individual is treated as resident if he satisfies any one of the following two basic conditions:
 - (i) Individual is in India for 182 days or more during the PY; or
 - (ii) Individual is in India for 60 days or more during the PY and for 365 days or more during 4 years immediately preceding the PY.
- As Ms Juliet is a foreign citizen, the relief available to Indian citizen and person of Indian origin is not available in her case. During PY 2024-25, she is in India for 85 days, and for 506 days during 4 years immediately preceding PY 2024-25 $(305 + 65 + 10 + 126)$. Thus, she satisfies (ii) basic condition u/s 6. Therefore, she is resident in India for AY 2025-26.
- Ordinary or not ordinary resident:** In addition, she also satisfies the two additional conditions laid down u/s 6(6)(a):
 - (i) She is resident in India in at least 2 years out of 10 years immediately preceding PY 2024-25 (she is in India for 182 days or more during PY 2016-17, PY 2018-19, PY 2020-21); and
 - (ii) During 7 years preceding PY 2024-25, she **was present in India** for more than 730 days.
- Since, Ms Juliet is satisfying both the additional **conditions**, **she is resident and ordinarily resident** for AY 2025-26.

Answer 25

- X is a foreign citizen. He is also not a person of Indian origin. Thus, if he satisfies any of the basic conditions, he shall be treated as resident as the relief is available to Indian citizens or person of Indian origin.
- During PY 2024-25, he was in India for 147 days and during preceding 4 years he was in India for 497 days. By satisfying the second basic condition, he becomes resident in India.
- X's stay in India during past 7 years is 497 days. Since his stay in India during past 7 years is less than 730 days, he will be resident but not ordinarily resident in India for AY 2025-26.

Answer 26

- a) Mr Z is a citizen of India and his total income other than income from foreign sources is ₹ 18L (₹ 8L + ₹ 10L from a profession which is set up in India). Mr Z has visited India during PY 2024-25 for 120 days or more and for 365 days or more during the past 4 years. Therefore, Mr Z shall be treated as a resident in India as per Section 6(1). Further, as per amended Section 6(6), he shall be considered as a NOR in India. Consequently, Mr Z would be liable to pay tax in India on income of ₹ 18L. Foreign income of ₹ 9L shall not be included in his total income.
- b) Mr Z is a citizen of India and his total income other than income from foreign sources is ₹ 18L (₹ 8L + ₹ 10L from a profession which is set up in India). If Mr Z visits India during PY 2024-25 for 115 days, he would be treated as a non resident in India as per Section 6(1). Further, Section 6(1A) is not attracted in his case because he is liable to pay tax in Singapore. Consequently, Mr Z would be liable to pay tax in India only on the Indian income of ₹ 8L.

Answer 27

- a) Mr X is a citizen of India and his total income other than income from foreign sources exceeds ₹ 15L (₹ 12L + ₹ 5L being income from profession which is set up in India). Section 6(1) is not attracted in the present case because Mr X's stay in India during the current year is less than 120 days.
- Mr X is not liable to pay tax in Dubai. Further, Section 6(1) is not attracted in his case. Combined with the fact that Mr X is a citizen of India and his total income other than income from foreign source exceeds ₹ 15L, he shall be deemed to be a resident in India as per Section 6(1A). Further, as per amended Section 6(6), he shall be considered as a NOR in India.
- b) The answer will remain same because if the individual is deemed to be a resident in India as per Section 6(1A), the number of days he has stayed in India becomes irrelevant.
- c) If Mr X has visited India for 190 days during PY 2024-25, he would qualify as a resident as per Section 6(1). Since the individual qualifies as a resident as per Section 6(1), Section 6(1A) shall not be applicable in his case. However, in the absence of availability of information for preceding financial years, it cannot be determined whether the individual would qualify as ROR or NOR.
- d) If Mr X visits India for 122 days during PY 2024-25 and for 300 days during the past four years, Section 6(1) won't be attracted in the present case because Mr X's stay during the past four years is less than 365 days. Given the fact that Mr X is a citizen of India and he is not liable to pay tax in Dubai and his total income other than income from foreign sources exceeds ₹ 15L, he shall be deemed to be a resident in India as per Section 6(1A). Further, as per amended Section 6(6), he shall be considered as a NOR in India.

- e) If Mr X visits India for 122 days during PY 2024-25 and for 400 days during the past four years, Mr X would qualify as a resident as per Section 6(1). Further, as per amended Section 6(6), he shall be considered as a NOR in India.

Answer 28

Mrs Shruti is an Indian citizen in employment in UAE. She comes on a visit to India during PY 2024-25 for 157 days.

Her stay in India in the four immediately preceding previous years is as follows:

py	No Of Days
py 2020-21	200
py 2021-22	100
py 2022-23	76
py 2023-24	45
Total	421

Computation Of Total Income Of Mrs Shruti (Excluding Income From Foreign Sources):

Particulars	Amount (₹)
Income from salary earned and received in UAE {Income from a foreign source, hence to be excluded}	-
Income earned and received from a house property situated in UAE {Income from a foreign source, hence, to be excluded}	-
Income deemed to accrue or arise in India	5,00,000
Income from retail business {To be included since the business is controlled from India, even though such income accrues and is received outside India}	10,00,000
Income accrued and arising in India	3,00,000
Less: Deduction u/s 80C (LIC premium paid by cheque in India)	18,00,000
	(1,50,000)
Total Income [Excluding Income From Foreign Sources]	16,50,000

Mrs Shruti, an Indian citizen, visiting India in PY 2024-25, would be a resident in India for AY 2025-26, if she

satisfies either of the following conditions:

- a) She is in India for 182 days or more during PY 2024-25; or
- b) She is in India for a period of 120 days or more during PY 2024-25 and her stay in India in the four immediately preceding previous years is 365 days or more.

This first condition is not satisfied since she is in India only for 157 days during PY 2024-25-. The second condition is satisfied since she has stayed in India for 157 days during PY 2024-25 and 421 days in the four immediately preceding previous years. Since she has become resident in India for AY 2025-26 by satisfying this condition, by default, she would be treated as resident but not ordinarily resident.

Conclusion: Mrs Shruti's residential status for AY 2025-26 is resident but not ordinarily resident.

Note: The provisions of Section 6(1 A) deeming an Indian citizen to be a resident but not ordinarily resident, irrespective of the period of her stay in India in the relevant previous year, if she is not liable to tax in any other country would not apply to Shruti, since she is a resident as per the provisions of Section 6(1).

Answer 29

- I. Mr Sarthak is an Indian citizen living in Dubai since 2005 who never came to India for a single day since then, he would not be a resident in India for PY 2024-25 on the basis of number of days of his stay in India as per Section 6(1). However, since he is an Indian citizen having total income (excluding income from foreign sources) of ₹ 23 lakhs, which exceeds the threshold of ₹ 15 lakhs during the previous year and not liable to tax in Dubai, he would be deemed resident in India for PY 2024-25 by virtue of Section 6(1A). Further, a deemed resident is always a resident but not ordinarily resident in India (RNOR).

Computation Of Total Income For AY 2025-26:

	Particulars	(₹)
(i)	Income accrued and arisen in Dubai (not taxable in case of an RNOR)	-
(ii)	Income accrued and arisen in India (taxable)	5,00,000
(iii)	Income deemed to accrue or arise in India (taxable)	8,00,000
(iv)	Income arising in Dubai from a profession set up in India would be taxable in case of RNOR	10,00,000
	Total income	23,00,000

- II. If income arising in Dubai from a profession set up in India is ₹ 2 lakhs instead of ₹ 10 lakhs, his total income [excluding income from foreign sources] would be only ₹ 15 lakhs. Since the same does not exceed the threshold limit of ₹ 15 lakhs, he would not be a deemed resident as per Section 6(1A).

Accordingly, he would be non-resident in India for the PY 2024-25 and hence, his total income would be only ₹ 13 lakhs (aggregate of (ii) and (iii) above, ie ₹ 5 lakhs + ₹ 8 lakhs).

- III. If Mr Sarthak is born in Dubai and his parents were born in undivided India, he would not be an Indian citizen, but he would qualify as person of Indian origin. In such case, the provisions relating to deemed resident would not apply to him. Accordingly, he would be non-resident in India during the PY 2024-25 and his total income would be ₹13 lakhs.

Note: It is inferred that he is not a citizen of India since he is not born in India. It is assumed that he has not applied for citizenship by fulfilling the other specified eligibility conditions.

Answer 30

Mr Jai Chand is an Indian citizen who never came to India for a single day during PY 2024-25. As per Section 6(1), he would be treated as a non-resident in India for PY 2024-25 on the basis of number of days of his stay in India. However, since he is an Indian citizen having total income [excluding income from foreign sources] of ₹ 16.5 lakhs, which exceeds the threshold of ₹ 15 lakhs during the previous year and not liable to tax in Country X, he would be deemed as a resident in India for PY 2024-25 by virtue of Section 6(1A). Further, a deemed resident is always a resident but not ordinarily resident in India (RNOR) as per Section 6(6)(d). Thus, he would be treated as a NOR in India for PY 2024-25.

If Mr Jai Chand was a citizen of Country X and not an Indian citizen, provisions of deemed resident as given u/s 6(1A) would not apply in his case and thus, he would be treated as a non-resident in India for PY 2024-25.

Answer 31

A HUF is said to be resident if control and management of its affairs is situated wholly or partly in India. Since the affairs of the HUF are partly controlled from India, it is said to be resident in India.

A HUF is said to be RNOR, if its Karta is RNOR. In the present case, Mr Sundaram, being a karta of the HUF has not visited India for the past 11 years and hence he satisfies the condition for being a RNOR, ie he is non-resident in India in 9 out of 10 previous years immediately preceding the relevant previous year or has been in India for 729 days or less in 7 previous years immediately preceding the relevant previous year. Thus, Sundaram HUF is said to be RNOR for PY 24-25.

Residential Status Of Partnership Firm**Answer 32**

Since control and management of partnership firm is in the hands of partners and partners are in India throughout the year and also all the meetings are held in India, the firm shall be considered to be resident.

Residential Status Of Companies**Answer 33**

Bharat Earth Movers Ltd is registered in India, so it is an Indian company & an Indian company shall always be considered to be resident in India.

Answer 34

- N Ltd is a foreign company and its place of effective management is in India. Hence, it is a resident of India.
- A Ltd is registered in India, so it is an Indian company. Therefore, A Ltd would always be treated as a resident of India irrespective of the fact where its control & management lies [in India or outside India].

Scope Of Total Income/Incidence Of Total Income**Answer 35**

1. **Hire Charges Paid Outside India For The Use Of Machinery Situated In India:** Yes; income from any property or asset situated in India is always treated as income deemed to be accrue or arise in India.
2. **Income Of A Non-Resident And Non-Citizen Of India From The Shooting Of Cinematograph Film In India:** No; income of a non-resident and non-citizen of India from the shooting of cinematograph film in India is not treated as business connection in India provided the film is not shown in India.
3. **Capital Sain From Transfer Of Asset Situated In India:** Yes; income from any property or asset situated in India is always treated as income deemed to be accrue or arise in India.
4. **Allowances Paid By The (government To A Citizen Of India For The Services Rendered Outside India:** Yes; payments made by Indian Government to an Indian citizen for services rendered outside India are deemed to accrue or arise in India but foreign allowances are exempt **u/s 10(7)**.

5. **Past Period Foreign Untaxed Income Brought To India During The Previous Year:** No; it is not considered as an income related to current year and thus not taxable.
6. **gift Received By A Non-Resident On The Occasion Of His Wedding In India:** No; gift received by an individual on the occasion of his/her marriage is exempt from tax.

Answer 36

- Mr David is a non-resident for AY 2025-26, since he was not present in India at any time during PY 2024-25. As per Section 5(2), a non-resident is chargeable to tax in India only in respect of following incomes:
 - I. Income received or deemed to be received in India; and OO Income accruing/arising or deemed to accrue/arise in India.
- In view of the above provisions, income from agriculture in Pakistan and income from house property in Pakistan would not be chargeable to tax in the hands of David, assuming that the same were received in Pakistan.
- Income from 'salaries' payable by the Government to a citizen of India for services rendered outside India is deemed to accrue/arise in India as per Section 9. Hence, such income is taxable in the hands of Mr David, even though he is a non-resident. It has been assumed that Mr David is a citizen of India. However, allowances or perquisites paid or allowed as such outside India by the Government to a citizen of India for rendering service outside India are exempt u/s 10(7). Hence, foreign allowance of ₹ 4,00,000 is exempt u/s 10(7).
- **Gross Total Income Of Mr David For AY 2025-26:**

Salaries	5,00,000
Income from other sources (Interest on fixed deposit in India)	1,00,000
Gross Total Income	6,00,000

Answer 37**Computation Of Total Income Of Mr Anirudh For AY 2025-26:**

Particulars	ROR (₹)	NOR (₹)	NR (₹)
STCG on sale of shares of an Indian company, received in Germany	15,000	15,000	15,000
Dividend from a Japanese company, received in Japan	10,000	-	-

Rent from property in London deposited in a bank in London [See Note]	52,500	-	-
Dividend from RP Ltd, an Indian Company	6,000	6,000	6,000
Agricultural income from land in Gujarat [Exempt u/s 10(1)]			-
Total Income	83,500	21,000	21,000

Note: It has been assumed that the rental income is the GAV of the property. Therefore, deduction @ 30% has been provided u/s 24(a) and the net income so computed is taken into account for determining the total income of ROR.

Rent received (assumed as gross annual value)	₹ 75,000
Less: Deduction u/s 24(a) (30% of ₹ 75,000)	(₹ 22,500)
Income from House Property	₹ 52,500

Answer 38

S.No	Particulars	ROR (₹)	NOR (₹)	NR (₹)
A	Rent from a property in Mumbai received in New York (Income accruing/arising in India, taxable in all three cases - 70% of ₹ 1,90,000)	1,33,000	1,33,000	1,33,000
B	Income from a business in New York controlled from Chennai [Income accruing/ arising abroad - taxable in case of ROR & NOR (1 of the 2 cases)]	1,50,000	1,50,000	NIL
C	Income from a business in USA controlled from Canada (Income accruing/arising abroad - taxable in case of only ROR)	2,60,000	NIL	NIL
D	Rent from a property in Canada received there (Income accruing/arising abroad & also received abroad - taxable in case of only ROR - 70% of ₹ 85,000)	59,500	NIL	NIL
E	Interest from deposits with an Indian company received in Canada (Income accruing/arising in India, taxable in all three cases)	25,000	25,000	25,000
F	Past untaxed profits for the year 2019-20 of a business in Canada remitted to India during the PY 2024-25 (Taxable in PY 19-20 and not in PY 24-25)	NIL	NIL	NIL
Total Income		6,27,500	3,08,000	1,58,000

Note: It has been assumed that the rent received is the GAV of the house property and therefore deduction @ 30% is available u/s 24(a) in respect of such rent. Accordingly, 70% of the rent is taxable.

Answer 39

Mr Prashant's current year stay in India is 200 days. Therefore, as per Section 6(1), he would qualify as a resident. Mr Prashant's stay during the past 7 years is 875 days (125 days x 7 years). Further, Mr Prashant would qualify as a resident for atleast 2 times in the past 10 years. Therefore, Mr Prashant would qualify as a ROR (ie, resident & ordinarily resident) in India as per Section 6(6)(a). Since Mr Prashant qualifies as a ROR, all his incomes would be taxable in India irrespective of the place of accrual or the place of receipt of income.

Computation Of Total Income For AY 2025-26:

(A)	Income from business in Australia controlled from Australia {Fully taxable in case of ROR}	₹ 20,00,000
(B)	Income from business in Sri Lanka controlled from Chennai {Fully taxable in case of ROR}	₹ 16,00,000
(C)	Short-term capital gains on sale of shares of an Indian company received in Australia {Fully taxable in case of ROR}	₹ 50,000
(D)	Income from agricultural land in Australia, received there and then brought to India {Fully taxable in case of ROR}	₹ 2,00,000
Total Income		₹ 38,50,000

Answer 40

Part (i): An individual is said to be resident in India in any previous year, if he satisfies any one of the following two conditions:

- He has been in India during the relevant previous year for a total period of 182 days or more; or
- He has been in India during the 4 years immediately preceding the relevant previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year.

If the individual satisfies any one of the conditions mentioned above, he is a resident. If both the above conditions are not satisfied, the individual is a non-resident.

Mr Surya, an Indian citizen, has not satisfied either of the basic conditions for being a resident. Hence, he is nonresident in India for AY 2025-26.

Part (ii):

- a) Dividend of Rs 20,000 received from Switzerland based company transferred to Swiss Bank A/c is not taxable in the hands of the non-resident since the income has neither accrued or arisen in India nor has it been received in India. Since dividend is not taxable in India, interest paid for investment is not allowable as deduction.
- b) STCG of Rs 35,000 on sale of shares of an Indian listed company is chargeable to tax in the hands of Mr Surya, since it has accrued and arisen in India even though the sale proceeds were credited to Swiss Bank A/c.
- c) Interest on fixed deposit with SBI amounting to Rs 8,000 credited to his savings bank account is taxable in the hands of Mr Surya as income from other sources, since it has accrued and arisen in India and is also received in India.

Therefore, total income shall be Rs 43,000.

Answer 41**Computation Of Total Income Of Mrs Geetha & Mrs Leena For AY 2025-26:**

S.No	Particulars	Mrs Geetha (NR) (₹)	Mrs Leena (Resident) (₹)

Total Income		1,17,500	93,500

Notes:

- I. Income from profession in Malaysia, rent from property in Malaysia and dividend from Malaysian company received in Malaysia by Mrs Geetha, a non-resident, would not be taxable in India, since both the accrual and receipt are outside India.

However, profit from business in Delhi would be taxable in India in the hands of Mrs Geetha, even though it is managed directly from Malaysia.

Further, fees for technical services rendered in India would also be taxable in the hands of Mrs Geetha, since it is deemed to accrue or arise in India.

- II. The income referred to in S No 10, 11, 12 and 13 are taxable in the hands of both Mrs Geetha and Mrs Leena due to their accrual/deemed accrual in India, even though a part of income from business in Pune and the entire interest on debentures in Indian company is received by Mrs Geetha outside India.

Answer 42

- A non-resident is chargeable to tax in respect of income received outside India only if such income accrues/arises or is deemed to accrue/arise to him in India.
- Payment to a management consultant relating to project financing is covered within the scope of "fees for technical services". Section 9 states that fees for technical services received by a non-resident would be deemed to accrue/ arise in India if such services are utilized in India.
- In the instant case, since the services were utilized in India, the payment received by Mr Kulasekhara, a non-resident, in Colombo is chargeable to tax in his hands in India, as it is deemed to accrue/arise in India.

Answer 43

During PY 2024-25, X is in India for 172 days (ie, October 11, 2024 to March 31, 2025). Since he comes to India for the first time on October 11, 2024, he is unable to satisfy any of the basic conditions. Consequently, X is a non-resident in India for AY 2025-26. In case of non-resident, incomes received or earned in India only are chargeable to tax.

Income Of X For AY 2025-26 Shall Be Calculated As Follows:

Payer Of Technical Fees	Place Of Receipt Of Income	Place Of Accrual Of Income	Amount Taxable (₹)
South African Govt	UK	South Africa	Nil
South African Govt	India	South Africa	9,00,000
Indian Govt	UK	India	10,00,000
Indian Govt	India	India	11,00,000
Z	Outside India	Outside India	Nil
A	Outside India	India	2,10,000
B	Outside India	Outside India	Nil
Net Income			32,10,000

Answer 44**Computation Of Taxable Income Of Mr San jay:**

S. No.	Particulars	NOR (₹)	NR (₹)

1.	Interest on England Development Bonds (1/3rd received in India), amount of ₹ 20,000 being received in India would be taxable in case of both NOR and NR.	20,000	20,000
2.	Interest received from NR against a loan given to him to run a business in India would be deemed to accrue or arise in India. Thus, such interest is taxable in case of both NOR and NR.	5,000	5,000
3.	Royalty received from Akhil, a resident for technical services given to run a business outside India would not be deemed to accrue or arise in India, since such services are utilised for business	Nil	Nil
	carried outside India. Thus, royalty would not be taxable in case of both NOR and NR.		
4.	Income from business in Sri Lanka of ₹ 25,000 out of which ₹ 15,000 were received in India. Whole of the income from business in Sri Lanka is taxable in case of NOR, since business is controlled from India. However, in case of NR, only the amount received in India would be taxable.	25,000	15,000
Total Income		50,000	40,000

Answer 45

- I. **Sale Of Plot Of Land At Jodhpur:** Income accruing or arising in the hands of Mr Jayesh, a non-resident, from transfer of a capital asset situated in India, namely, land in Jodhpur, would be deemed to accrue or arise in India. Hence, capital gains arising from transfer of such land would be chargeable to tax in the hands of Jayesh, even though the land is transferred to another non-resident outside India and consideration is received in foreign currency.
- II. **Rental Income From A House Property Situated In India:** Rental income from a house property in India would be deemed to accrue or arise in India as the source of income, namely, the house property, is in India. Therefore, rental income from a house property in India is taxable in the hands of Mr Arpit, even though the house has been let-out to a foreign company, the rent agreement is entered outside India and such income is received outside India.
- III. **Interest On Loan Payable By government Of Rajasthan:** Income by way interest payable by the Government is deemed to accrue or arise in India. Therefore, interest payable by the Government of Rajasthan would be taxable in the hands of ABC Express Bank, even though it is a foreign bank and the interest has been remitted outside India.
- IV. **Salary Income Earned Outside India:** Salary received outside India for services rendered outside India (in Dubai Branch) is not deemed to accrue or arise in India. Hence, the salary income would not be taxable

in the hands of Mr Bhavesh, a non-resident, since the same is received outside India and is not deemed to accrue or arise in India.

Answer 46

1. Interest payable by a NR to another NR would be deemed to accrue or arise in India only if the loan is used for the purposes of business or profession carried on by him in India. In this case, it is used for investing in Indian company's debt fund for earning interest and not for the purposes of business or profession. Hence, it is not taxable in India.
2. Royalty includes consideration for grant of license for computer software. Hence, ₹ 10L payable by a business India in the hands of Mr Thomas, a NR, since it is for the purpose of business in India. Hence, the royalty is taxable in India.
3. No income shall be deemed to accrue or arise to Mr Thomas through or from activities which are confined to the collection of news and views in India for transmission outside India. Hence, ₹ 10L is not taxable in India.
4. ₹ 10 lakhs is deemed to accrue or arise in India to Mr Thomas, a non-resident, since it represents royalty/fees for technical services paid for services utilized in India, in this case, for setting up a Denim Jeans manufacturing plant in Surat. Hence, the same would be taxable in India in the hands of Mr Thomas.

Answer 47

- (i) Salaries [including allowances] payable by the Government to a citizen of India for services rendered outside India shall be deemed to accrue or arise in India. Thus, salary received from Government by Mr .Rahul, being a non-resident of ₹ 7.5L for rendering services in Japan would be taxable in his hands, after allowing standard deduction of ₹ 50,000. However, any allowance or perquisites allowed outside India by the Government to a citizen of India for rendering services outside India will be fully exempt u/s 10(7). Hence, ₹ 2,40,000, being the allowance would be exempt.
- (ii) In the case of a non-resident, no income shall be deemed to accrue or arise in India to him through or from operations which are confined to the purchase of goods in India for the purpose of export. Thus, income of ₹ 2,50,000 arising in the hands of Ms Juhi would not be taxable in her hands in India, since her operations are confined to purchase of goods in India for the purpose of export.
- (iii) Royalty payable by a non-resident would be deemed to accrue or arise in India in the hands of the recipient only when such royalty is payable in respect of any right, property or information used for the

purposes of a business or profession carried on by such non-resident in India or earning any income from any source in India. In the present case, since Mr Rakesh, a non-resident, paid the royalty of ₹ 3,00,000 for a patent right used for development of a product in India, the same would be taxable in India in the hands of the recipient, Mr Naveen, a non-resident, irrespective of the fact that only 50% of the royalty is received in India.

- (iv) Interest payable by a non-resident on the money borrowed for any purpose other than a business or profession in India, would not be deemed to accrue or arise in India. In the present case, since Mr James, a non-resident borrowed the money for investment in shares of an Indian company, the interest on such borrowing of ₹ 1,20,000 (₹ 10,00,000 x 12%) payable to Mr Akash, a non-resident would not be deemed to accrue or arise to him in India. Hence, the same would not be taxable in India in the hands of Mr Akash.

INCOME OF OTHER PERSONS INCLUDED IN
ASSESSEE'S TOTAL INCOME

ILLUSTRATION 1

Mr. Vatsan has transferred, through a duly registered document, the income arising from a godown to his son, without transferring the godown. In whose hands will the rental income from godown be charged?

SOLUTION

Section 60 expressly states that where there is transfer of income from an asset without transfer of the asset itself, such income shall be included in the total income of the transferor. Hence, the rental income derived from the godown shall be clubbed in the hands of Mr. Vatsan.

ILLUSTRATION 2

Mr. A holds shares carrying 25% voting power in X [P] Ltd. Mrs. A is working as a computer software programmer in X [P] Ltd. at a salary of ₹ 30,000 p.m. She is, however, not qualified for the job. The other income of Mr. A & Mrs. A are ₹ 7,00,000 & ₹ 4,00,000, respectively. Compute the gross total income of Mr. A and Mrs. A for the A.Y.2025 - 26 if they are paying tax under default tax regime.

SOLUTION

Mr. A holds shares carrying 25% voting power in X [P] Ltd i.e., a substantial interest in the company. His wife is working in the same company without any professional qualifications for the same. Thus, by virtue of the clubbing provisions of the Act, the salary received by Mrs. A from X [P] Ltd. will be clubbed in the hands of Mr. A.

Computation of Gross total income of Mr. A

Particulars	₹	₹
Salary received by Mrs. A (30,000 × 12)	3,60,000	
Less: Standard deduction under section 16(ia)	75,000	2,85,000
Other Income		7,00,000
Gross total income		9,85,000

The gross total income of Mrs. A is ₹ 4,00,000.

ILLUSTRATION 3

Will your answer be different if Mrs. A was qualified for the job?

SOLUTION

If Mrs. A possesses professional qualifications for the job, then the clubbing provisions shall not be applicable.

Gross total income of Mr. A = ₹ 7,00,000 [Other income].

Gross total income of Mrs. A = Salary received by Mrs. A [₹ 30,000×12] less ₹ 75,000, being the standard deduction under section 16(ja) plus other income [₹ 4,00,000] = ₹ 6,85,000

ILLUSTRATION 4

Mr. B holds shares carrying 30% voting power in Y (P) Ltd. Mrs. B is working as accountant in Y (P) Ltd. getting income under the head salary [computed] of ₹ 3,44,000 without any qualification in accountancy. Mr. B also receives ₹ 30,000 as interest on securities. Mrs. B owns a house property which she has let out. Rent received from tenants is ₹ 6,000 p.m. Compute the gross total income of Mr. B and Mrs. B for the A.Y.2025-26.

SOLUTION

Since Mrs. B is not professionally qualified for the job, the clubbing provisions shall be applicable.

ILLUSTRATION 5

Mr. Vaibhav started a proprietary business on 01.04.2023 with a capital of $\text{₹ } 5,00,000$. He incurred a loss of $\text{₹ } 2,00,000$ during the year 2023-24. To overcome the financial position, his wife Mrs. Vaishaly, a software Engineer, gave a gift of $\text{₹ } 5,00,000$ on 01.04.2024, which was immediately invested in the business by Mr. Vaibhav. He earned a profit of $\text{₹ } 4,00,000$ during the year 2024-25. Compute the amount to be clubbed in the hands of Mrs. Vaishaly for the A.Y. 2025-26. If Mrs. Vaishaly gave the said amount as loan, what would be the amount to be clubbed?

SOLUTION

Section 64(1)(iv) of the Income-tax Act, 1961 provides for the clubbing of income in the hands of the individual, if the income earned is from the assets (other than house property) transferred directly or indirectly to the spouse of the individual, otherwise than for adequate consideration or in connection with an agreement to live apart.

In this case, Mr. Vaibhav received a gift of $\text{₹ } 5,00,000$ on 1.4.2024 from his wife Mrs. Vaishaly, which he invested in his business immediately. The income to be clubbed in the hands of Mrs. Vaishaly for the A.Y. 2025-26 is computed as under:

Particulars	Mr. Vaibhav's capital contribution	Capital contribution out of gift from Mrs. Vaishaly	Total
Capital as on 1.4.2024	3,00,000 (5,00,000 – 2,00,000)	5,00,000	8,00,000

Profit for P.Y.2024-25 to be apportioned on the basis of capital employed on the first day of the previous year i.e., as on 1.4.2024 [3:5]	1,50,000 $4,00,000 \times \frac{3}{8}$	2,50,000 $4,00,000 \times \frac{5}{8}$	4,00,000

Therefore, the income to be clubbed in the hands of Mrs. Vaishaly for the A.Y.2025-26 is ₹ 2,50,000.

In case Mrs. Vaishaly gave the said amount of ₹ 5,00,000 as a bona fide loan, then, clubbing provisions would not be attracted

Note: The provisions of section 56(2)(x) would not be attracted in the hands of Mr. Vaibhav, since he has received a sum of money exceeding ₹ 50,000 without consideration from a relative i.e., his wife.

ILLUSTRATION 6

Mrs. Kasturi transferred her immovable property to ABC Co. Ltd. subject to a condition that out of the rental income, a sum of ₹ 36,000 per annum shall be utilized for the benefit of her son's wife.

Mrs. Kasturi claims that the amount of ₹ 36,000 (utilized by her son's wife) should not be included in her total income as she no longer owned the property.

Examine with reasons whether the contention of Mrs. Kasturi is valid in law.

SOLUTION

The clubbing provisions under section 64(1)(viii) are attracted in case of transfer of any asset, directly or indirectly, otherwise than for adequate consideration, to any person to the extent to which the income from such asset is for the immediate or deferred benefit of son's wife. Such income shall be included in computing the total income of the transferor-individual.

Therefore, income of ₹ 36,000 meant for the benefit of daughter-in-law is chargeable to tax in the hands of transferor i.e., Mrs. Kasturi in this case.

The contention of Mrs. Kasturi is, hence, not valid in law.

In order to attract the clubbing provisions under section 64(1)(viii), the transfer should be otherwise than for adequate consideration. In this case, it is presumed that the transfer is otherwise than for adequate consideration and therefore, the clubbing provisions are attracted. Moreover, the provisions of section 56(2)(x) would also get attracted in the hands of ABC Co Ltd., if the conditions specified thereunder are satisfied.

Note – If the transfer was for adequate consideration, the provisions of section 64(1)(viii) would not be attracted.

ILLUSTRATION 7

Mr. A has three minor children – two twin daughters, aged 12 years, and one son, aged 16 years. Income of the twin daughters is ₹ 2,000 p.a. each and that of the son is ₹ 1,200 p.a. Mrs. A has transferred her flat to her minor son on 1.4.2024 out of natural love and affection. The flat was let out on the same date and the rental income from the flat is ₹ 10,000 p.m. Compute the income, in respect of minor children, to be included in the hands of Mr. A and Mrs. A u/s 64(1A) [assuming that Mr. A's total income is higher than Mrs. A's total income, before including the income of minor children and both Mr. A and Mrs. A exercise the option of shifting out of the default tax regime provided under section 115BAC(1A)].

SOLUTION

Taxable income, in respect of minor children, in the hands of Mr. A is:

Particulars	₹	₹
Twin minor daughters [₹ 2,000 × 2]	4,000	
Less: Exempt under section 10(32) [₹ 1,500 × 2]	3,000	1,000
Minor son	1,200	
Less: Exempt under section 10(32)	1,200	
Income to be clubbed in the hands of Mr. A		1,000

Note – As per section 27(i), Mrs. A is the deemed owner of house property transferred to her minor son. Natural love and affection do not constitute adequate consideration for this purpose. Accordingly, the income from house property of ₹ 84,000 [i.e., ₹ 1,20,000 (-) ₹ 36,000, being 30% of ₹ 1,20,000] would be taxable directly in her hands as the deemed owner of the said property. Consequently, clubbing provisions under section 64(1A) would not be attracted in respect of income from house property, owing to which exemption u/s 10(32) cannot be availed by her.

ILLUSTRATION 8

Compute the gross total income of Mr. A & Mrs. A from the following information assuming both exercise the option of shifting out of the default tax regime provided under section 115BAC(1A):

	Particulars	₹
a]	Salary income [computed] of Mrs. A	2,30,000
b]	Income from profession of Mr. A	3,90,000
c]	Income of minor son B from company deposit	15,000

d]	Income of minor daughter C from special talent	32,000
e]	Interest from bank received by C on deposit made out of her special talent	3,000
f]	Gift received by C on 30.09.2024 from friend of Mrs. A	2,500

Brief working is sufficient. Detailed computation under various heads of income is not required.

SOLUTION

As per the provisions of section 64(1A) of the Income-tax Act, 1961, all the income of a minor child has to be clubbed in the hands of that parent whose total income (excluding the income of the minor) is greater. The income of Mr. A is ₹ 3,90,000 and income of Mrs. A is ₹ 2,30,000. Since the income of Mr. A is greater than that of Mrs. A, the income of the minor children have to be clubbed in the hands of Mr. A. It is assumed that this is the first year when clubbing provisions are attracted.

Income derived by a minor child from any activity involving application of his/her skill, talent, specialised knowledge and experience is not to be clubbed. Hence, the income of minor child C from exercise of special talent will not be clubbed.

However, interest from bank deposit has to be clubbed even when deposit is made out of income arising from application of special talent.

The Gross Total Income of Mrs. A is ₹ 2,30,000. The total income of Mr. A giving effect to the provisions of section 64(1A) is as follows:

Computation of gross total income of Mr. A for the A.Y. 2025-26

Particulars	₹	₹
Income from profession		3,90,000
Income of minor son B from company deposit	15,000

Less : Exemption under section 10(32)	1,500	1,500

ILLUSTRATION 9

Mr. Vasudevan gifted a sum of ₹ 6 lakhs to his brother's wife on 14-6-2024. On 12-7-2024, his brother gifted a sum of ₹ 5 lakhs to Mr. Vasudevan's wife. The gifted amounts were invested as fixed deposits in banks by Mrs. Vasudevan and wife of Mr. Vasudevan's brother on 01-8-2024 at 9% interest. Examine the consequences of the above under the provisions of the Income-tax Act, 1961 in the hands of Mr. Vasudevan and his brother

SOLUTION

In the given case, Mr. Vasudevan gifted a sum of ₹ 6 lakhs to his brother's wife on 14.06.2024 and simultaneously, his brother gifted a sum of ₹ 5 lakhs to Mr. Vasudevan's wife on 12.07.2024. The gifted amounts were invested as fixed deposits in banks by Mrs. Vasudevan and his brother's wife. These transfers are in the nature of cross transfers. Accordingly, the income from the assets transferred would be assessed in the hands of the deemed transferor because the transfers are so intimately connected to form part of a single transaction and each transfer constitutes consideration for the other by being mutual or otherwise.

If two transactions are inter-connected and are part of the same transaction in such a way that it can be said that the circuitous method was adopted as a device to evade tax, the implication of clubbing provisions would be attracted. It was so held by the Apex Court in CIT vs. Keshavji Morarji (1967) 66 ITR 142.

Accordingly, the interest income arising to Mrs. Vasudevan in the form of interest on fixed deposits would be included in the total income of Mr. Vasudevan and interest income arising in the hands of his brother's wife would be taxable in the hands of Mr. Vasudevan's brother as per section 64(1), to the extent of amount of cross transfers i.e., ₹ 5 lakhs.

This is because both Mr. Vasudevan and his brother are the indirect transferors of the income to their respective spouses with an intention to reduce their burden of taxation.

However, the interest income earned by his spouse on fixed deposit of ₹ 5 lakhs alone would be included in the hands of Mr. Vasudevan's brother and not the interest income on the entire fixed deposit of ₹ 6 lakhs, since the cross transfer is only to the extent of ₹ 5 lakhs.

10. Mr. Sharma has four minor children - 2 daughters and 2 sons. The annual income of 2 daughters were ₹ 9,000 and ₹ 4,500 and of sons were ₹ 6,200 and ₹ 4,300, respectively. The daughter who has income of ₹ 4,500 was suffering from a disability specified under section 80U.

Compute the amount of income earned by minor children to be clubbed in hands of Mr. Sharma assuming he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

11. During the previous year 2024-25, the following transactions occurred in respect of Mr. A.
- (a) Mr. A had a fixed deposit of ₹ 5,00,000 in Bank of India. He instructed the bank to credit the interest on the deposit @ 9% p.a. from 1-4-2024 to 31-3-2025 to the savings bank account of Mr. B, son of his brother, to help him in his education.
 - (b) Mr. A holds 75% profit share in a partnership firm. Mrs. A received a commission of ₹ 25,000 from the firm for promoting the sales of the firm. Mrs. A possesses no technical or professional qualification.
 - (c) Mr. A gifted a flat to Mrs. A on April 1, 2024. During the previous year 2024-25, Mrs. A's "Income from house property" (computed) was ₹ 52,000 from such flat.
 - (d) Mr. A gifted ₹ 2,00,000 to his minor son who invested the same in a business and he derived income of ₹ 20,000 from the investment.
 - (e) Mr. A's minor son derived an income of ₹ 20,000 through a business activity involving application of his skill and talent

During the year, Mr. A got a monthly pension of ₹ 10,000. He had no other income. Mrs. A received salary of ₹ 20,000 per month from a part time job.

Examine the tax implications of each transaction and compute the total income of Mr. A, Mrs. A and their minor child assuming that they exercise the option of shifting out of the default tax regime provided under section 115BAC(1A).

12. Mr. A has gifted a house property valued at ₹ 50 lakhs to his wife, Mrs. B, who in turn has gifted the same to Mrs. C, their daughter-in-law. The house was let out at ₹ 25,000 per month throughout the year. Compute the total income of Mr. A and Mrs. C.

Will your answer be different if the said property was gifted to his son, husband of Mrs. C?

13. A proprietary business was started by Smt. Rani in the year 2022. As on 1.4.2023 her capital in business was ₹ 3,00,000.

Her husband gifted ₹ 2,00,000 on 10.4.2023 to her and such sum is invested by Smt. Rani in her business on the same date. Smt. Rani earned profits from her proprietary business for the Financial Year 2023-24, ₹ 1,50,000 and Financial Year 2024-25 ₹ 3,90,000. Compute the income, to be clubbed in the hands of Rani's husband for the Assessment year 2025-26 with reasons.

14. Mr. B is the Karta of a HUF, whose members derive income as given below:

	Particulars	₹
i.	Income from B' s profession	45,000
ii.	Mrs. B' s salary as fashion designer	76,000
iii.	Minor son D (interest on fixed deposits with a bank which were gifted to him by his uncle)	10,000
iv.	Minor daughter P's earnings from sports	95,000
v.	D's winnings from lottery (gross)	1,95,000

Examine the tax implications in the hands of Mr. and Mrs. B.

ANSWERS

10. As per section 64(1A), in computing the total income of an individual, all such income accruing or arising to a minor child shall be included. However, income of a minor child suffering from disability specified under section 80U would not be included in the income of the parent but would be taxable in the hands of the minor child. Therefore, in this case, the income of daughter suffering from disability specified under section 80U should not be clubbed with the income of Mr. Sharma.

Under section 10(32), income of each minor child includible in the hands of the parent under section 64(1A) would be exempt to the extent of the actual income or ₹ 1,500, whichever is lower. Mr. Sharma would be eligible for exemption u/s 10(32) since he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A). The remaining income would be included in the hands of the parent.

Computation of income earned by minor children to be clubbed with the income of Mr. Sharma

	Particulars	₹
I.	Income of one daughter	9,000

	Less: Income exempt under section 10(32)	1,500
	Total [A]	7,500
II.	Income of two sons (₹ 6,200 + ₹ 4,300)	10,500
	Less: Income exempt under section 10(32)	
	(₹ 1,500 + ₹ 1,500)	3,000
	Total [B]	7,500
	Total Income to be clubbed as per section 64(1A) (A+B)	15,000

Note: It has been assumed that:

1. The income does not accrue or arise to the minor children on account of any manual work done by them or activity involving application of their skill, talent or specialized knowledge and experience;
2. The income of Mr. Sharma, before including the minor children's income, is greater than the income of Mrs. Sharma, due to which the income of the minor children would be included in his hands; and
3. This is the first year in which clubbing provisions are attracted.

11. Computation of total income of Mr. A, Mrs. A and their minor son for the A.Y. 2025-26

Particulars	Mr. A	Mrs. A	Minor Son
Income under the head "Salaries"			
Salary income [of Mrs. A]	-	2,40,000	
Pension income [of Mr. A] (₹ 10,000×12)	1,20,000	-	
Less: Standard deduction under section 16(ia)	50,000	50,000	
	70,000	1,90,000	
Income from House Property [See Note (3) below]	52,000	-	-
Income from other sources			
Interest on Mr. A's fixed deposit with Bank of India (₹ 5,00,000×9%) [See Note	45,000	-	-

[1] below]				
Commission received by Mrs. A from a partnership firm, in which Mr. A has substantial interest [See Note [2] below]	25,000	70,000	-	-
Income before including income of minor son under section 64(1A)		1,92,000	1,90,000	-
Income of the minor son from the investment made in the business out of the amount gifted by Mr. A [See Note [4] below]		18,500	-	-
Income of the minor son through a business activity involving application of his skill and talent [See Note [5] below]		-	-	20,000
Total Income		2,10,500	1,90,000	20,000

Notes:

- a) As per section 60, in case there is a transfer of income without transfer of asset from which such income is derived, such income shall be treated as income of the transferor. Therefore, the fixed deposit interest of ₹ 45,000 transferred by Mr. A to Mr. B shall be included in the total income of Mr. A.
- b) As per section 64(1)(ii), in case the spouse of the individual receives any amount by way of income from any concern in which the individual has substantial interest (i.e. holding shares carrying at least 20% voting power or entitled to at least 20% of the profits of the concern), then, such income shall be included in the total income of the individual. The only exception is in a case where the spouse possesses any technical or professional qualifications and the income earned is solely attributable to the application of her technical or professional knowledge and experience, in which case, the clubbing provisions would not apply.

In this case, the commission income of ₹ 25,000 received by Mrs. A from the partnership firm has to be included in the total income of Mr. A, as Mrs. A does not possess any technical or professional qualification for earning such commission and Mr. A has substantial interest in the partnership firm as he holds 75% profit share in the firm.

- c) According to section 27(i), an individual who transfers any house property to his or her spouse otherwise than for adequate consideration or in connection with an agreement to live apart, shall be deemed to be the owner of the house property so transferred. Hence, Mr. A shall be deemed to be the owner of the flat gifted to Mrs. A and hence, the income arising from the same shall be computed in the hands of Mr. A.

Note: The provisions of section 56(2)(x) would not be attracted in the hands of Mrs. A, since she has received immovable property without consideration from a relative i.e., her husband.

- d) As per section 64(1A), the income of the minor child is to be included in the total income of the parent whose total income (excluding the income of minor child to be so clubbed) is greater. Further, as per section 10(32), income of a minor child which is includible in the income of the parent shall be exempt to the extent of ₹ 1,500 per child.

Therefore, the income of ₹ 20,000 received by minor son from the investment made out of the sum gifted by Mr. A shall, after providing for exemption of ₹ 1,500 under section 10(32), be included in the income of Mr. A, since Mr. A's income of ₹ 1,92,000 (before including the income of the minor child) is greater than Mrs. A's income of ₹ 1,90,000. Therefore, ₹ 18,500 (i.e., ₹ 20,000 – ₹ 1,500) shall be included in Mr. A's income. It is assumed that this is the first year in which clubbing provisions are attracted.

Note: The provisions of section 56(2)(x) would not be attracted in the hands of the minor son, since he has received a sum of money exceeding ₹ 50,000 without consideration from a relative i.e., his father.

- e) In case the income earned by the minor child is on account of any activity involving application of any skill or talent, then, such income of the minor child shall not be included in the income of the parent but shall be taxable in the hands of the minor child.

Therefore, the income of ₹ 20,000 derived by Mr. A's minor son through a business activity involving application of his skill and talent shall not be clubbed in the hands of the parent. Such income shall be taxable in the hands of the minor son.

12. As per section 27(i), an individual who transfers otherwise than for adequate consideration any house property to his spouse, not being a transfer in connection with an agreement to live apart, shall be deemed to be the owner of the house property so transferred.

Therefore, in this case, Mr. A would be the deemed owner of the house property transferred to his wife Mrs. B without consideration.

As per section 64(1)(vi), income arising to the son's wife from assets transferred, directly or indirectly, to her by an individual otherwise than for adequate consideration would be included in the total income of such individual.

Income from let-out property is ₹ 2,10,000 [i.e., ₹ 3,00,000, being the actual rent calculated at ₹ 25,000 per month less ₹ 90,000, being deduction under section 24@30% of ₹ 3,00,000]

In this case, income of ₹ 2,10,000 from let-out property arising to Mrs. C, being Mr. A's son's wife, would be included in the income of Mr. A, applying the provisions of section 27(i) and section 64(1)(vi). Such income would, therefore, not be taxable in the hands of Mrs. C

In case the property was gifted to Mr. A's son, the clubbing provisions under section 64 would not apply, since the son is not a minor child. Therefore, the income of ₹ 2,10,000 from letting out of property gifted to the son would be taxable in the hands of the son.

It may be noted that the provisions of section 56(2)(x) would not be attracted in the hands of the recipient of house property, since the receipt of property in each case was from a "relative" of such individual. Therefore, the stamp duty value of house property would not be chargeable to tax in the hands of the recipient of immovable property, even though the house property was received by her or him without consideration.

Note - The first part of the question can also be answered by applying the provisions of section 64(1)(vi) directly to include the income of ₹ 2,10,000 arising to Mrs. C in the hands of Mr. A. [without first applying the provisions of section 27(i) to deem Mr. A as the owner of the house property transferred to his wife Mrs. B without consideration], since section 64(1)(vi) speaks of clubbing of income arising to son's wife from indirect transfer of assets to her by her husband's parent, without consideration. Gift of house property by Mr. A to Mrs. C, via Mrs. B, can be viewed as an indirect transfer by Mr. A to Mrs. C.

- 13.** Section 64(1) of the Income-tax Act, 1961 provides for the clubbing of income in the hands of the individual, if the income earned is from the assets transferred directly or indirectly to the spouse of the individual, otherwise than for adequate consideration. In this case Smt. Rani received a gift of ₹ 2,00,000 from her husband which she invested in her business. The income to be clubbed in the hands of Smt. Rani's husband for A.Y.2025-26 is computed as under:

Particulars	Smt. Rani's Capital Contribution	Capital Contribution Out of gift from husband	Total
	₹	₹	₹

Capital as at 1.4.2023	3,00,000		3,00,000
Investment on 10.04.2023 out of gift received from her husband		2,00,000	2,00,000
	3,00,000	2,00,000	5,00,000
Profit for F.Y. 2023-24 to be apportioned on the basis of capital employed on the first day of the previous year i.e., on 1.4.2023	1,50,000		1,50,000
Capital employed as at 1.4.2024	4,50,000	2,00,000	6,50,000
Profit for F.Y.2024-25 to be apportioned on the basis of capital employed as at 1.4.2024 [i.e., 45 : 20]	2,70,000	1,20,000	3,90,000

Therefore, the income to be clubbed in the hands of Smt. Rani's husband for A.Y.2025-26 is ₹ 1,20,000.

14. Clubbing of income and other tax implications

As per the provisions of section 64(1A), in case the marriage of the parents subsist, the income of a minor child shall be clubbed in the hands of the parent whose total income, excluding the income of the minor child to be clubbed, is greater. In this problem, it has been assumed that the marriage of Mr. B and Mrs. B subsists.

Further, in case the income arises to the minor child on account of any manual work done by the child or as a result of any activity involving application of skill, talent, specialized knowledge or experience of the child, then, the same shall not be clubbed in the hands of the parent.

Tax implications

- Income of ₹ 45,000 from Mr. B's profession shall be taxable in the hands of Mr. B under the head "Profits and gains of business or profession".
- Salary of ₹ 1,000 (₹ 76,000 less standard deduction under section 16(ia) of ₹ 75,000) shall be taxable as "Salaries" in the hands of Mrs. B.
- However, if Mrs. B exercises the option of shifting out of default tax regime, salary of ₹ 26,000 (₹ 76,000 less standard deduction under section 16(ia) of ₹ 50,000) shall be taxable as "Salaries".
- Income from fixed deposit of ₹ 10,000 arising to the minor son D, shall be clubbed in the hands of the father, Mr. B as "Income from other sources", since Mr. B's income is greater than income of Mrs. B before including the income of the minor child.

- v. As per section 10(32), income of a minor child which is includible in the income of the parent shall be exempt to the extent of ₹ 1,500 per child if such parent exercises the option of shifting out of the default tax regime provided under section 115BAC(1A). The balance income would be clubbed in the hands of the parent as "Income from other sources".
- vi. Income of ₹ 95,000 arising to the minor daughter P from sports shall not be included in the hands of the parent, since such income has arisen to the minor daughter on account of an activity involving application of her skill
- vii. Income of ₹ 1,95,000 arising to minor son D from lottery shall be included in the hands of Mr. B as "Income from other sources", since Mr. B's income is greater than the income of Mrs. B before including the income of minor child.
- viii. Note – Mr. B can reduce the tax deducted at source from such lottery income while computing his net tax liability.

Mr. Sharma invests Rs 10 lakh in a fixed deposit (FD) at a bank, in his wife's name. Interest of Rs. 1 lakh arises on this income. Mrs Sharma invests the interest on periodic basis and interest for an amount of Rs. 5,000 arises on the interest deposited by her in bank. Analyze the clubbing provisions and find out the taxability of interest accrued.

Solution:

Rs. 1 lakhs in the Now Interest income on FD will be clubbed with his (Mr. Sharma) income. Interest of Rs. 5,000 aroused out of Investment made by Mrs. Sharma will be taxed as her own income.

Red holds 40% of shares in a Company. Mrs. Red (a CS) is employed in the company as a Company Secretary and is getting salary of Rs. 15,000 per month. Compute total income and tax payable by Red and Mrs. Red assuming other income of Red is Rs. 2,00,000 from a business.

Solution:

In the present case, Mrs. Red's salary income will be taxable in her hands only as she is earning the same through her professional qualification.

Computation of Total Income and Tax Liability

Particulars	Mr. Red (Rs.)	Mrs. Red (Rs.)
Income from Salary	Nil	1,80,000
Income from Business	2,00,000	Nil
Gross Total Income (or Total Income)	2,00,000	1,80,000
Tax Liability (as total income does not exceed Rs. 2,50,000)	Nil	Nil

Mr. Amit is beneficially holding 21% equity shares of Essem Minerals Pvt. Ltd. Mrs. Amit is employed as Manager [in accounts department] in Essem Minerals Pvt. Ltd. at a monthly salary of Rs. 84,000. Mrs. Amit is not having any knowledge, experience or qualification in the field of accountancy. Will the remuneration [i.e., salary] received by Mrs. Amit be clubbed with the income of Mr. Amit?

Solution:

In this situation, Mr. Amit is having substantial interest in Essem Minerals Pvt. Ltd. and remuneration of Mrs. Amit is not justifiable [i.e., she is employed without any technical or professional knowledge or experience] and, hence, salary received by Mrs. Amit from Essem Minerals Pvt. Ltd. will be clubbed with the income of Mr. Amit and will be taxed in the hands of Mr. Amit.

Mr. Kapoor gifted Rs. 8,40,000 to his wife. The said amount is invested by his wife in debentures of a company. Will the income from the debenture purchased by Mrs. Kapoor from gifted money be clubbed with the income of Mr. Kapoor?

Solution:

Rs. 8,40,000 is transferred to spouse. Fund is transferred via gift [i.e., without adequate consideration] and, hence, the provisions of section 64(1)(iv) will be attracted. The provisions of clubbing will apply even if the form of asset is changed by the transferee-spouse.

In this case asset transferred is money and, subsequently, the form of asset is changed to debentures, hence, income from debentures acquired from money gifted by her husband will be clubbed with the income of her husband. Thus, interest on debenture received by Mrs. Kapoor will be clubbed with the income of Mr. Kapoor.

SOLUTIONS**Answer 19**

- Section 64(1) provides that while computing the total income of an individual, income from all assets (other than house property) transferred directly or indirectly by the individual to his spouse shall be included in the total income of the individual. This provision shall not apply in cases where the assets have been transferred for adequate consideration or in connection with an agreement to live apart.
- In the present case, Section 64(1) will be applicable and Section 27 shall not be applicable because what is transferred is cash and not a house property. Hence, although Mrs X will be treated as owner of the house property, the income from house property will be included in the income of Mr X.
- The provision in the transfer deed stating that in case of Mr X and his wife agreeing to live apart, the property will belong to Mrs X is of no consequence.

Answer 20

- Section 64(1) provides that income arising from assets transferred without adequate consideration by an individual to his spouse is liable to be clubbed in the hands of the individual. However, if such income is invested by the spouse, then income on such income is not to be clubbed.
- Therefore, ₹ 30,000, being the interest on debentures earned by Mrs Resham Korani in September 2024 is taxable in the hands of Mr Korani since he had transferred the debentures of Wild Fox Ltd without consideration to her.
- However, interest earned by Mrs Resham Korani by depositing the debenture interest with Kartar Finance company, does not arise from the transferred asset. Consequently, the interest of ₹ 3,000 upto March 2025 earned by Mrs Resham Korani shall be taxable in her individual capacity and will not be clubbed with the income of Mr Korani.

Answer 21

- Section 64(1) of the Income Tax Act, 1961 provides for the clubbing of income in the hands of the individual, if the income earned is from the assets transferred directly or indirectly to the spouse of the individual, otherwise than for adequate consideration.
- In this case, Mr Chauhan received a gift of ₹ 4,00,000 on 01.04.2024 from his wife Mrs Aparna, which he invested in his business immediately. The income to be clubbed in the hands of Mrs Aparna for AY 2025-26

is computed as under:

Previous Year	Capital As On 1st April (₹)	Profit Earned (₹)	Amount To Be Clubbed (₹)
PY 2024-25	10,00,000 (6L + 4L)	5,00,000	2,00,000 $\{[(5,00,000/10,00,000) \times 4,00,000]\}$

- If Mrs Aparna gave the said amount of ₹ 4,00,000 as a bonafide loan, then clubbing provisions would not be attracted.

Answer 22

The profit earned on the amount of gift is to be clubbed provided the gift amount has been invested on the first day of the relevant previous year. Profit on profit is not to be clubbed.

Part (a) - Amount To Be Clubbed In Various Years Shall Be As Given Below:

Previous Year	Capital As On 1st April (₹)	Profit Earned (₹)	Amount (₹)
PY 2024-25	7,00,000	2,00,000	85,714.29 $(2,00,000/7,00,000 \times 3,00,000)$
PY 2025-26	9,00,000	2,40,000	80,000.00 $(2,40,000/9,00,000 \times 3,00,000)$
PY 2026-27	11,40,000	2,80,000	73,684.21 $(2,80,000/11,40,000 \times 3,00,000)$
PY 2027-28	14,20,000	3,00,000	63,380.28 $(3,00,000/14,20,000 \times 3,00,000)$

Part (b) - Amount To Be Clubbed In Various Years Shall Be As Given Below:

Previous Year	Capital As On 1st April (₹)	Profit Earned (₹)	Amount (₹)
PY 2024-25	4,00,000	2,00,000	Nil, since the amount of gift was not invested in business as on 1/4/2024
PY 2025-26	9,00,000	2,40,000	80,000.00 $(2,40,000/9,00,000 \times 3,00,000)$
PY 2026-27	11,40,000	2,80,000	73,684.21 $(2,80,000/11,40,000 \times 3,00,000)$
PY 2027-28	14,20,000	3,00,000	63,380.28 $(3,00,000/14,20,000 \times 3,00,000)$

Answer 23

Cross transfer means transfer of income-yielding assets whether directly or indirectly so as to reduce the

burden of taxation on the transferors. If two transactions are inter-connected and are part of the same transaction in such a way that it can be said that the circuitous method was adopted as a device to evade tax, the implication of clubbing provisions would be attracted as per the Supreme Court's decision in Apex Court in the case of CIT vs Keshavji Morarji. In such a case, the income from the assets transferred would be assessed in the hands of the deemed transferor because the transfers are so intimately connected as to form part of a single transaction, and each transfer constitutes consideration for the other by being mutual or otherwise.

Example: If Mr A makes a gift of ₹ 5,00,000 to the wife of his brother B for the purchase of a house by her and simultaneously, Mr B makes a gift of shares in a foreign company worth ₹ 5,00,000 owned by him to Mr A's minor son, the income from the assets transferred would be assessed in the hands of the deemed transferor. This is because both Mr A and Mr B are the indirect transferors of the income to their minor son and spouse, respectively, with an intention to reduce their burden of taxation. Accordingly, dividend from shares accruing to Mr A's minor son is taxable in the hands of Mr A and rental income from house property accruing to Mrs B is taxable in the hands of Mr B.

Answer 24

Particulars	Amount (₹)	Amount (₹)
Twin minor daughters [2,000 x 2 daughters]	4,000	
Less: Exemption u/s 10(32) [1,500 per child x 2]	(3,000)	1,000
Minor son	1,200	
Less: Exemption u/s 10(32)	(1,200)	Nil
Total Income To Be Clubbed		1,000

Note: As per Section 10(32), if income of an individual (ie the parent) includes income of his minor child, such parent shall be allowed an exemption of upto ₹ 1,500 per child.

Answer 25

Particulars	Amount (₹)	Amount (₹)
Income of two daughters {7,500 + Nil}	7,500	
Less: Income exempt u/s 10(32)	(1,500)	6,000
Income of two sons {5,500 + 1,250}	6,750	

Less: Income exempt u/s 10(32) {1,500 + 1,250}	[2,750]	4,000
Total Income To Be Clubbed		10,000

Note: The income of daughter suffering from disability specified u/s 80U is not to be clubbed.

Answer 26

Computation Of Gross Total Income Of Mr Dhaval	Amount (₹)
Income From Salary	3,50,000
Income From Other Sources:	
• Minor Daughter's income from TV show [see Note below]	Nil
• Minor Daughter's FD interest income clubbed after allowing exemption of ₹ 1,500 u/s 10(32)	3,500
• Minor Son's income from sale of painting [see Note below]	Nil
• Minor Son's FD interest income clubbed after allowing exemption of ₹ 1,000 u/s 10(32)	Nil
Gross Total Income	3,53,500

Note: The income derived by minor from manual work or from any activity involving exercise of his skill, talent or specialized knowledge or experience will not be included in the income of his parent. Hence, ₹ 50,000 being the income of the minor daughter from dance and ₹ 10,000 being the income of minor son from sale of own painting shall not be clubbed in the hands of Mr Dhaval.

Answer 27

- Gift Received From Non-Relative By Minor Daughter M:** Gift of ₹ 70,000 received by minor daughter M, from non-relative would be taxable, since the amount of gift exceeds ₹50,000. It would be included in the hands of her father, Mr Vinod Amin, since his income before considering clubbing provisions is higher than that of his wife.
- Prize Money Of ₹ 3,00,000 In National Quiz Competition/Interest On Debentures Received By Minor Daughter M:** Income derived by a minor child from any activity involving application of his/her skill, talent, specialised knowledge and experience is not to be included in the hands of parent. Hence, the prize money of ₹ 3,00,000 won in National Quiz Competition by minor daughter M from exercise of special talent would not be included in the income of either parent.

However, interest of ₹ 19,000 on debentures has to be included in the hands of her father, Mr Vinod Amin, even if the investment is made out of income arising from application of special talent. Exemption of ₹1,500 would be allowed in respect of the aggregate income of minor daughter M so included in the hands of Mr Vinod Amin u/s 10(32).

- iii. **Winning From Lottery By Minor Child N:** Winnings of ₹ 1,50,000 [$1,05,000 \times 100/70$] from lotteries by minor child N is includible in the hands of his father, Mr Vinod Amin. Mr Vinod Amin can claim credit of tax of ₹ 45,000 deducted at Source from such lottery income.

Answer 28

Computation Of Total Income Of Mr Dhawal And Mrs Hetal For AY 2025-26:

Particulars	Mr Dhawal (₹)	Mrs Hetal (₹)
Salaries		4, 60,000
Profits and gains of business or profession	7,50,000	
Income from Other Sources:		
Income by way of interest from company deposit earned by minor daughter 'A'	30,000	
Less: Exemption u/s 10(32)	(1,500)	
Total Income	7,78,500	4,60,000

Notes:

- The income of a minor child suffering from any disability of the nature specified u/s 80U shall not be included in the hands of the parents. Hence, ₹ 1,08,000 being the income of minor son 'B' who suffers from disability shall not be included in the hands of either of his parents.
- The income derived by the minor from manual work or from any activity involving exercise of his skill, talent or specialized knowledge or experience will not be included in the income of his parent. Hence, in the given case, ₹86,000 being the income of the minor daughter 'C' from singing shall not be clubbed in the hands of the parents.
- Gift received by 'C' will not be clubbed in hands of Mr Dhawal as it is less than ₹ 50,000. Cash gifts received from any person/persons exceeding ₹ 50,000 in aggregate during the year is taxable. Since the cash gift in this case does not exceed ₹ 50,000, the same is not taxable.

Answer 29**Computation Of Total Income Of Mr Dharmesh And Mrs Anandi For AY 2025-26:**

Particulars	Mr Dharmesh (₹)	Mrs Anandi (₹)
Salary income (computed)	-	9,60,000
Income from garment trading business	17,50,000	-
Total Income Before Including Income Of Minor Children	17,50,000	9,60,000
Income Of Minor Son "A":		
Income of ₹ 3,08,000 of minor son A who suffers from disability specified u/s 80U	-	-
{Since minor child A is suffering from disability specified u/s, his income would not be included in the income of the parent but would be taxable in the hands of the minor child only}		
Income Of Minor Son "B":		
• Income of ₹ 1,00,000 from scholarship {As per Section 10(16), scholarships granted to meet the cost of education is exempt from tax. The purpose of scholarship received by minor son B is explicitly not mentioned in the question. However, scholarships given by schools are generally in the form of financial assistance for meeting the cost of education. Hence, it is logical to assume that the scholarship to B has been granted to him to meet his cost of education. Based on this assumption, the same has been treated as exempt from tax u/s 10(16)}		
• Income from fixed deposit with PNB {Since Mr Dharmesh's income is greater than that of Mrs Anandi, income of minor son B from fixed deposit would be included in the hands of Mr Dharmesh after allowing an exemption of ₹ 1,500 u/s 10(32). Interest from bank deposit	3,500	-
has to be included in Mr Dharmesh's income, even if deposit is made out of income earned from scholarship}		
Income Of Minor Daughter "C":		
• Income of ₹ 1,86,000 from script writing for television serials {Income derived by a minor child from any activity involving application of his/her skill, talent, specialized knowledge and experience is not to be included in the hands of the parent}	-	-
• Cash gifts of ₹ 45,000 received from friend of Mrs Anandi {Gift not exceeding ₹ 50,000 received from a non-relative is not taxable u/s 56(2)(x)}	-	-

Total Income	17,53,500	9,60,000

Conversion Of Self-Acquired Property Into Common Property - Section 64(2)

Answer 30

Tax Implications For The Period Prior To Partition {1st April 2024 To 30th September 2024}:

Since Mr Sarthak, who is a member of the HUF, transfers the house property acquired by him out of his personal income to the HUF without any consideration, the income from such property would continue to be included in his total income upto the date of partition. Accordingly, income from such property for six months upto the date of partition [ie, 30.09.2024] would be included in the total income of Mr Sarthak. Such income would come out to ₹ 35,000 $\{6/12 \times ₹ 70,000$ [Net Annual Value of ₹ 1,00,000 less 30% deduction u/s 24(a)].

Tax Implications For The Period Prior To Partition {1st October 2024 To 31st March 2025}:

- Distribution of house property on partition of HUF is not a transfer for levy of capital gains tax.
- Further, since the HUF was partitioned on 1.10.2024, the income derived from such converted house property as is received by Mr Sarthak's spouse, Juhi, on partition will be deemed to arise to Mr Sarthak from house property transferred indirectly by him to her and consequently, such income would also be included in the total income of Mr Sarthak. Accordingly, Mr Sarthak's 25% share of ₹ 8,750 and Juhi's 25% of ₹ 8,750 would be included in the total income of Mr Sarthak.
- 25% share of Sarthak's minor daughter, Aditi, ie ₹ 8,750 would be included in the total income of Mr Sarthak or Juhi, whosoever's total income, before including Aditi's income, is higher. Such parent shall be entitled to an exemption of ₹ 1,500 u/s 10(32). 25% share of Sarthak's major son, Arjun, ie, ₹ 8,750 would be included in Arjun's total income.

Answer 31

Computation Of Gross Total Income Of Mr R And Mrs R For AY 2025-26:

Particulars	Mr R (₹)	Mrs R (₹)
Income From House Property:		
Since Mr R has transferred his property to his HUF without consideration, income of ₹ 50,000 from such property would be included in the total income of Mr R	50,000	-
Capital Gains:		

• Capital gains arising to Mr R from transfer of equity shares of RSB Ltd gifted to him by Mrs R would be included in the hands of Mrs R [$\text{₹ } 5,20,000 \times 5,000/8,000$]		3,25,000
• Capital gains arising to Mr R from transfer of bonus shares issued by RSB Ltd on the basis of holding of the said equity shares would be included in the income of Mr R and not Mrs R, since income derived from accretion of the transferred asset cannot be clubbed with the income of transferor of the original asset, ie Mrs R [$\text{₹ } 5,20,000 \times 3,000/8,000$]	1,95,000	
Income From Other Sources:		
• Income from commission	4,00,000	-
• Interest income	-	3,30,000
• Income of ₹ 44,000, ie 11% of ₹ 4,00,000, being the amount transferred by Mr R to Mrs R without any consideration and loaned by her to Mr Girish, would be included in the income of Mr R	44,000	-
• Income of ₹ 38,500, ie 11% of ₹ 3,50,000, being the interest earned by Mrs R out of amount gifted by Mr R and thereafter, given by her as loan to Mr Girish, would be included in the income of Mrs R, as income derived by Mrs R from accretion of the amount gifted by Mr R (ie, interest income) cannot be included in the income of Mr R.	—	38,500
Total Income {Before considering adjustment on account of item (iii), ie salary income from a company in which both Mr R and Mrs R have substantial interest}	6,89,000	6,93,500
Salary Income From A Company In Which Both Mr R And Mrs R Have Substantial		
Interest:		
Since both Mr R and Mrs R have substantial interest in AMG Ltd (on account of holding equity shares carrying 20% or more of voting power) and both are in receipt of income by		
way of salary from AMG Ltd. such salary income would be includible in the hands of that spouse, whose total income, before including such salary income, is higher. Accordingly, the salary income of both Mr R and Mrs R would be included in the hands of Mrs R in this case,		
since her total income, before including such income, is higher than that of Mr R.	-	2,70,000
Salary income of Mr R = ₹ 3,20,000 - ₹ 50,000 (Standard Deduction)	-	2,20,000
Salary income of Mrs R = ₹ 2,70,000 - ₹ 50,000 (Standard Deduction)		

Gross Total Income	6,89,000	11,83,500

Answer 32

S.No.	Particulars	Mr Raman [₹]	Mrs Savita [₹]
(i)	Interest On Fixed Deposits {Income would be included in the hands of Raman, since he has transferred income to his brother's son without transfer of the asset, being fixed deposit} [1 5,00,000 x 6%]	30,000	-
(ii)	Salary Income {₹ 3,00,000 [₹ 25,000 x 12] - Standard deduction of ₹ 50,000} {Since Mrs Savita possesses the relevant professional qualifications for working as an accountant, her salary would not be included in the income of Raman, who has substantial interest in the company}		2,50,000
(iii)	Savita gifted ₹ 4,00,000 to Mr Raman, which Mr Raman has invested in the business. In such case, proportionate income (i.e., $1/3 \times ₹ 3,00,000$) arising from such investment is to be included in the total income of Savita. • Mr Raman's contribution in capital as on 1.4.2024 = ₹ 8,00,000 [₹ 10L - ₹ 2L] • Mrs Savita's contribution on 1.4.2024 = ₹ 4,00,000 • ₹ 3,00,000, being the profit for PY 2024-25 to be apportioned on the basis of capital employed on the first day of the previous year i.e., as on 1.4.2024 (8:4 or 2:1)	2,00,000	1,00,000
	Total Income [Before Considering Minor Income From Interest On Savings Account]	2,30,000	3,50,000
(iv)	Cash award won in a debate by Sajan, minor son, would not be included in the hands of either parent, since such income arises from his own skills/talent.	-	5,500
	However, interest of ₹ 7,000 on savings bank account (after providing for deduction of ₹1,500) is to be included in the hands of Mrs Savita, since her income is higher than that of her husband [₹ 7,000 - ₹1,500]		
	Gross Total Income	2,30,000	3,55,500
	Less: Deduction u/s 80TTA (Interest on savings bank account)	-	[5,500]

Total Income	2,30,000	3,50,000

Particulars	Mr Chaman [₹]	Mrs Chaman [₹]	Ms Naina [₹]	Master Neelabh [₹]
• Salary income of Mr Chaman {Assumed that standard deduction of ₹ 50,000 u/s 16[ia] has already been deducted}	11,00,000	-	-	-
• Mrs Chaman's professional income from Kathak performances	-	2,50,000	-	-
• Mrs Chaman's LTCG from sale of shares	-	5,50,000	-	-
• Short-term capital loss suffered by Mr Chaman on investment made by Mr Chaman from amounts gifted by Mrs Chaman { STCL suffered by Mr Chaman shall be treated as STCL in the hands of Mrs Chaman. STCL of ₹ 5,10,000 can be set-off against the LTCG of ₹ 5,50,000 earned by Mrs Chaman}		(5,10,000)		
Less: Deduction u/s 80DD {It is assumed that the disabled minor child is dependent on Mr Chaman and therefore, Mr Chaman is entitled to claim a deduction of ₹ 75,000. as the minor child is suffering from a disability of less than 80%}	(75,000)	-	-	-
Income Before Including Income Of Minor Children u/s 64[1A]	10,25,000	2,90,000	-	-
• Income of Miss Naina from various quiz competitions held online {Income earned by minor child due to his own skill or talent is taxable in the hands of the minor child}	-	-	3,56,000	-
• Interest income of Miss Naina from savings bank account {Income of minor child clubbed in the income of the parent whose total income before such clubbing is higher after allowing exemption of ₹ 1,500 u/s 10[32]; further deduction	3,500			

of ₹ 10,000 is available u/s 80TTA in respect of interest earned on saving deposits]				
• Interest on fixed deposit earned by Master Neelabh [disabled minor child] [Income earned by disabled minor child is taxable in the hands of minor child only; clubbing provisions aren't applicable in such a case]				35,000
Total Income	10,28,500	2,90,000	3,56,000	35,000

Answer 34**Computation Of Gross Total Income Of Mr Jai For AY 2025-26:**

Particulars	Amount (₹)	Amount (₹)
Income u/h Salary		70,000
Salary received by Mrs Jai {Salary received by Mrs Jai shall be clubbed in the hands of Mr Jai since Mr Jai has a substantial interest in PR Associates by having 25% share of profit in it and Mrs Jai is not qualified for the job} '	1,20,000	
Less: Standard deduction u/s 16[ia]	(50,000)	
Income u/h PGBP:		35,000
Income from cycling business	1,50,000	
Less: Loss from warehousing facility for storage of edible oils [Warehousing facility for storage of edible oils is a normal business and not a Section 35AD specified business. Loss from a normal business can be set-off against income of any normal business]	(1,00,000)	
Less: B/f unabsorbed depreciation [Unabsorbed depreciation can be set-off against any income other than salary and casual income]	(15,000)	
Income u/h Other Sources:		48,000
• Income from the activity of owning and maintaining race horses	40,000	
Less: Loss from the activity of owning and maintaining race horses {B/f loss from the activity of owning and maintaining race horses can be c/f and set-off for 4 years only against income from activity of owning and maintaining race horses}	(37,000)	

• Dividend income from domestic company {No deduction is allowed from dividend income other than interest expenses}	15,000	
• Income from crossword puzzle solving	30,000	
Gross Total Income		1,53,000

Note 1: Income from Agricultural land in Haryana is exempt as per Section 10(1).

Note 2: Profit share from a partnership firm is exempt u/s 10(2A). Thus, there will be no treatment of share of loss from PR associates, a firm (having 4 equal partners) in which he is a partner.

Note 3: B/f loss from house property can be set-off only against income of house property. Hence, such loss has to be carried forward to AY 2026-27.

Note 4; Loss from gambling can neither be set-off nor be carried forward.

Note 5: B/f loss from speculative business can be set off against income of any other speculative business. Hence, such loss has to be carried forward to AY 2026-27.

Less: Business loss of ₹ 1,00,000 set-off to the extent of ₹ 80,000	(-) 80,000	-

Business loss of ₹ 20,000 to be carried forward for set-off against business income of the next assessment year		
Gross total income [See Note below]		2,00,000
Less: Deduction under Chapter VI-A		Nil
Total income		2,00,000

Notes:

- (i) Gross Total Income includes salary income of ₹ 2,00,000 after adjusting loss of ₹ 2,00,000 from house property. The balance loss of ₹ 20,000 from house property to be carried forward to next assessment year for set-off against income from house property of that year.
- (ii) Business loss of ₹ 1,00,000 is set off against bank interest of ₹ 80,000 and remaining business loss of ₹ 20,000 will be carried forward as it cannot be set off against salary income

ii. Computation of total income of Mr. A for the A.Y.2025-26 under default tax regime

Particulars	Amount	Amount
Income from salary		4,00,000
Income from other sources (interest on fixed deposit with bank)	80,000	
Less: Business loss of ₹ 1,00,000 set-off to the extent of ₹ 80,000	(-) 80,000	
Business loss of ₹ 20,000 to be carried forward for set-off against business income of the next assessment year		
Gross total income/ Total Income		4,00,000

Notes:

- (i) Under the default tax regime, loss from house property of ₹ 2,20,000 cannot be set off against income under any other head and cannot be carried forward to next assessment year.
- (ii) Business loss of ₹ 1,00,000 is set off against bank interest of ₹ 80,000 and remaining business loss of ₹ 20,000 will be carried forward as it cannot be set off against salary income.

ILLUSTRATION 2. (easy)

Mr. B, a resident individual, furnishes the following particulars for the P.Y.2024-25:

Particulars	Amount
Income from salary [computed]	45,000
Income from house property	[24,000]
Income from non-speculative business	[22,000]
Income from speculative business	[4,000]
Short-term capital losses	[25,000]
Long-term capital gains taxable u/s 112	19,000

What is the total income chargeable to tax for the A.Y.2025-26, assuming that he pays tax under section 115BAC?

SOLUTION**Total income of Mr. B for the A.Y. 2025-26**

Particulars	Amount	Amount
Income from salaries		45,000
Income from house property		
Loss from house property can neither be set-off nor can be carried forward, since Mr. B is paying tax under the default tax regime u/s 115BAC	Nil	
Profits and gains of business and profession		
Business loss to be carried forward [Note (i)]	[22,000]	
Speculative loss to be carried forward [Note (ii)]	[4,000]	
Capital Gains		
Long term capital gain taxable u/s 112	19,000	
Short term capital loss ₹ 25,000 set off against long-term capital gains to the extent of ₹ 19,000 [Note (iii)]	[19,000]	
	Nil	
Balance short term capital loss of ₹ 6,000 to be carried forward [Note (iii)]		

Taxable income		45,000

Notes:

- Business loss cannot be set-off against salary income. Therefore, loss of ₹ 22,000 from the non-speculative business cannot be set off against the income from salaries. Hence, such loss has to be carried forward to the next year for set-off against business profits, if any.
- Loss of ₹ 4,000 from the speculative business can be set off only against the income from the speculative business. Hence, such loss has to be carried forward.
- Short term capital loss can be set off against both short term capital gain and long-term capital gain. Therefore, short-term capital loss of ₹ 25,000 can be set-off against long-term capital gains to the extent of ₹ 19,000. The balance short term capital loss of ₹ 6,000 cannot be set-off against any other income and has to be carried forward to the next year for set-off against capital gains, if any

ILLUSTRATION 3. (easy)

During the P.Y. 2024-25, Mr. C has the following income and the brought forward losses:

Long term capital gain u/s 112	75,000

What is the capital gain taxable in the hands of Mr. C for the A.Y.2025-26?

SOLUTION**Taxable capital gains of Mr. C for the A.Y. 2025-26**

Particulars		
Short term capital gains on sale of shares	1,50,000	
Less: Brought forward short-term capital loss of the A.Y.2024-25	[37,000]	1,13,000
Long term capital gain	75,000	

Less: Brought forward long-term capital loss of A.Y.2023-24 ₹ 96,000 set off to the extent of ₹ 75,000 [See Note below]	(75,000)	Nil
Taxable short-term capital gains		1,13,000

Note: Long-term capital loss cannot be set off against short-term capital gain. Hence, the unadjusted long-term capital loss of A.Y.2023-24 of ₹ 21,000 [i.e. ₹ 96,000 – ₹ 75,000] can be carried forward to the next year to be set-off against long-term capital gains of that year.

Long term capital gain on sale of land	30,000	
Less: Long term capital loss of ₹ 1,00,000 on sale of unlisted shares set-off to the extent of ₹ 30,000	30,000	NIL
Balance loss of ₹ 70,000 to be carried forward to A.Y. 2026-27 [See Note 3]		
Gross Total Income		2,00,000

Losses to be carried forward to A.Y. 2026-27

Particulars	
Current year loss from speculative business [See Note-4]	60,000

Current year long term capital loss on sale of unlisted shares	70,000
Loss from activity of owning and maintaining of race horse pertaining to A.Y.2022-23	10,000

Notes: -

- As per section 72(3), business loss can be carried forward for a maximum of eight assessment years immediately succeeding the assessment year for which the loss was first computed. Since the eight year period for carry forward of business loss of A.Y. 2017-18 expired in the A.Y. 2025-26, the balance unabsorbed business loss of ₹ 10,000 cannot be carried forward to A.Y. 2026-27.
- As per section 74A(3), the loss incurred on maintenance of race horses cannot be set-off against income from any source other than the activity of owning and maintaining race horses. Such loss can be carried forward for a maximum period of 4 assessment years.
- Long-term capital loss on sale of unlisted shares can be set-off against long-term capital gain on sale of land. The balance loss of ₹ 70,000 cannot be set-off against short term capital gain or against any other head of income. The same has to be carried forward for set-off against long-term capital gain of the subsequent assessment year. Such long-term capital loss can be carried forward for a maximum of eight assessment years.
- Loss from speculation business cannot be set-off against any income other than profit and gains of another speculation business. Such loss can, however, be carried forward for a maximum of four years as per section 73(4) to be set-off against income from speculation business.

9. Computation of total income and tax liability of Mr. A for the A.Y. 2025-26

Particulars	
Income from retail trade – as per books (See Note 1 below)	7,50,000
Income from plying of vehicles – as per books (See Note 2 below)	3,20,000
	10,70,000
Less : Set off of b/f depreciation relating to A.Y. 2023-24	1,00,000
Total income	9,70,000
Tax liability	1,06,500
Add: Health and Education cess@4%	4,260
Total tax liability	1,10,760

Note:

- (i) Income from retail trade: Presumptive business income under section 44AD is ₹ 8,41,340 i.e., 8% of ₹ 13,57,000, being 10% of the turnover received in cash and 6% of ₹ 1,22,13,000, being the amount of sales turnover received through A/c payee cheque. However, the income computed as per books is ₹ 7,50,000 which is to be further reduced by the amount of unabsorbed depreciation of ₹ 1,00,000. Since the income computed as per books is lower than the income deemed under section 44AD, the assessee can adopt the income as per books.

However, if he does not declare profits as per presumptive taxation under section 44AD, he has to get his books of accounts audited under section 44AB, since his turnover exceeds ₹ 1 crore [the enhanced limit of ₹ 10 crore would not be available, since more than 5% of the turnover is received in cash]. Also, his case would be falling under section 44AD(4) and hence, tax audit is mandatory. It may further be noted that he cannot declare income under presumptive provisions under section 44AD for next five assessment years, if he does not declared profits as per presumptive provisions under section 44AD this year.

- (ii) Income from plying of light goods vehicles: Income calculated under section 44AE(1) would be ₹ 7,500 x 12 x 5 which is equal to ₹ 4,50,000. However, the income from plying of vehicles as per books is ₹ 3,20,000, which is lower than the presumptive income of ₹ 4,50,000 calculated as per section 44AE(1). Hence, the assessee can adopt the income as per books i.e. ₹ 3,20,000, provided he maintains books of account as per section 44AA and gets his accounts audited and furnishes an audit report as required under section 44AB.

It is to be further noted that in both the above cases, if income is declared under presumptive provisions, all deductions under sections 30 to 38, including depreciation would have been deemed to have been given full effect to and no further deduction under those sections would be allowable.

If income is declared as per presumptive provisions, his total income would be as under:

Particulars	₹
Income from retail trade under section 44AD [₹ 13,57,000@ 8% plus ₹ 1,22,13,000 @6%]	8,41,340
Income from plying of light goods vehicles under section 44AE [₹ 7,500 x 12 x 5]	4,50,000
	12,91,340
Less: Set off of brought forward depreciation – not possible as it is deemed that it has been allowed and set off	Nil
Total income	12,91,340
Tax thereon	1,99,902
	7,996

Add : Health and Education cess @4%	2,07,898
Total tax liability	2,07,900
Total tax liability (rounded off)

Total Income		1,63,000

Items eligible for carried forward to A.Y.2026-27

Particulars	₹
<u>Loss from House property</u> As per section 71(3A), loss from house property can be set-off against any other head of income to the extent of ₹ 2,00,000 since Mr. Aditya is exercising the option of shifting out of the default tax regime provided under section 115BAC(1A). As per section 71B, balance loss not set-off can be carried forward to the next year for set-off against income from house property of that year. It can be carried forward for a maximum of eight assessment years i.e., upto A.Y.2033-34, in this case.	50,000
<u>Loss from speculative business A</u> Loss from speculative business can be set-off only against profits from any other speculation business. As per section 73(2), balance loss not set-off can be carried forward to the next year for set-off against speculative business income of that year. Such loss can be carried forward for a maximum of four assessment years i.e., upto A.Y.2029-30, in this case, as specified under section 73(4).	20,000
<u>Loss from specified business</u> Loss from specified business under section 35AD can be set-off only against profits of any other specified business. If loss cannot be so set-off, the same has to be carried forward to the subsequent year for set off against income from specified business, if any, in that year. As per section 73A(2), such loss can be carried forward indefinitely for set-off against profits of any specified business. Mr. Aditya is entitled to deduction u/s 35AD, since he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A). He can, accordingly, carry forward loss from such business indefinitely for set off against profits of any other specified business.	20,000

Loss from the activity of owning and maintaining race horses

2,000

Therefore, he can carry forward loss of ₹ 20,000 from specified business referred u/s 35AD indefinitely for set off against profits of any specified business.
- Business loss cannot be set off against salary income. However, the balance business loss of ₹ 2,10,000 (₹ 2,40,000 – ₹ 30,000 set-off against income from speculation business) can be set-off against long-term capital gains of ₹ 2,50,000 from sale of urban land. Consequently, the taxable long-term capital gains would be ₹ 40,000.
- Loss from card games can neither be set off against any other income, nor can be carried forward.
- For providing deduction under Chapter VI-A, gross total income has to be reduced by the amount of long-term capital gains and casual income. Therefore, the deduction under section 80C in respect of life insurance premium of ₹ 45,000 paid has to be restricted to ₹ 30,000 [i.e., Gross Total Income of ₹ 1,15,000 – ₹ 40,000 (LTCG) – ₹ 45,000 (Casual income)]. Mr. Srivatsan is entitled to deduction u/s 80C, since he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).
- Income from betting is chargeable at a flat rate of 30% under section 115BB and no expenditure or allowance can be allowed as deduction from such income, nor can any loss be set-off against such income.

SOLUTIONS

Answer 16

Computation Of Total Income Of Simran For AY 2025-26:

Particulars	Amount (₹)	Amount (₹)
Profit of business of consumer and house-hold products	50,000	25,000
Less: Loss of business of readymade garments for the year adjusted	(10,000)	
Less: B/f loss of catering business	(15,000)	
Profit of speculative Transaction		12,500
Total Income		37,500

Note 1: Loss of speculative transaction of AY 2020-21 is not allowed to be set-off against the profit of speculative transaction of AY 2025-26, since such loss can be c/f for maximum 4 years [ie up to AY 2024-25].

Note 2: Short term capital loss of ₹ 15,000 on sale of securities and shares has to be c/f since there are no capital gains for AY 2025-26. The loss is to be c/f for set off in future years against STCG/LTCG. Such loss can be c/f for a maximum period of 8 AYs.

Answer 17**Computation Of Gross Total Income Of Ms Pooja For AY 2025-26:**

Particulars	(₹)	(₹)

[Note: Tax @ 30% has to be deducted on winnings from lotteries u/s 1948 only if the amount of payment exceeds ₹ 10,000. However, in the question, winnings from lotteries is only ₹ 5,460 and the word "net" is given in the bracket. Since, the word "net" is written in the bracket in question, main solution is given based on the view that tax has been deducted on income from lotteries @ 30% and accordingly, the lottery income is grossed up. However, since no tax is deductible u/s 194B where lottery income does not exceed ₹ 10,000, the question can be answered without grossing up the lottery income of ₹ 5,460. In such a case, gross total income would be ₹ 3,65,460]

Answer 19**Computation Of Total Income And Tax Liability Of Mr A For AY 2025-26;**

Particulars	Amount (₹)
Income from retail trade - as per books (See Note 1 below)	7,50,000
Income from plying of vehicles - as per books (See Note 2 below)	3,20,000
Current year business income (before set-off of losses & unabsorbed depreciation)	10,70,000
Less: Set-off of brought forward depreciation relating to AY 2023-24	(1,00,000)
Total Income	9,70,000
Tax on normal income of ₹ 9,70,000 at slab rates	1,06,500
Add: Health & Education Cess @ 4%	4,260
Tax Liability	1,10,760

Note 1 - Income from Retail Trade; Presumptive business income u/s 44AD is ₹ 8,41,340, ie 8% of ₹ 13,57,000 (being 10% of the turnover received in cash) and 6% of ₹ 1,22,13,000 (being the amount of turnover received through account payee cheque). However, the income computed as per books is ₹ 7,50,000 which is to be further reduced by the amount of unabsorbed depreciation of ₹ 1,00,000. Since the income computed as per

books is lower than the income deemed u/s 44AD, the assessee can adopt the income as per books. However, if he does not declare profits as per presumptive taxation u/s 44AD, he has to get his books of accounts audited u/s 44AB, since his turnover exceeds ₹ 1 crore [the enhanced limit of ₹ 10 crore would not be available, since more than 5% of the turnover is received in cash]. Also, his case would be falling u/s 44AD(4) and hence, tax audit is mandatory. It may further be noted that he cannot declare income under presumptive provisions u/s 44AD for next five assessment years, if he does not declared profits as per presumptive provisions u/s 44AD this year.

Note 2 - Income from Plying of Vehicles: Income calculated u/s 44AE would be ₹ 7,500 x 12 x 5 which is equal to ₹ 4,50,000. But income from plying of vehicles as per books is ₹ 3,20,000, which is lower than the presumptive income of ₹ 4,50,000 calculated as per Section 44AE. Hence, the assessee can adopt income as per books (ie ₹ 3,20,000), provided he maintains books of accounts u/s 44AA and gets his accounts audited u/s 44AB.

Note 3: It is to be further noted that in both the above cases, had presumptive income provisions been opted, all deductions u/s 30 to 38, including depreciation would have been deemed to have been given full effect to and no further deduction under those sections would be allowable.

Note 4: If income is declared as per presumptive provisions, his total income would be as under:

Particulars	Amount (₹)
Income from retail trade u/s 44AD {As computed above}	8,41,340
Income from plying of vehicles u/s 44AE {₹ 7,500 x 12 months x 5 vehicles}	4,50,000
Current year business income	12,91,340
Less: Set off of b/f depreciation (Not available since it has been deemed to be already provided)	Nil
Total Income	12,91,340
Tax on normal income of ₹ 12,91,340 at slab rates	1,99,902
Add: Health & Education Cess @ 4%	7,996
Total Tax Liability (Rounded-Off u/s 288B)	2,07,900

DEDUCTIONS FROM GROSS TOTAL INCOME

ILLUSTRATION 1. (easy)

Examine the following statements with regard to the provisions of the Income-tax Act, 1961:

- For grant of deduction under section 80JJAA, filing of audit report in prescribed form is must for a corporate assessee; filing of return within the due date laid down in section 139(1) is not required.
- Filing of belated return under section 139(4) of the Income-tax Act, 1961 will debar an assessee from claiming deduction under section 80QQB if the assessee exercises the option of shifting out of the default tax regime provided under section 115BAC(1A) [i.e., he pays tax under the optional tax regime].

SOLUTION

- The statement is not correct. Section 80AC stipulates compulsory filing of return of income on or before the due date specified under section 139(1), as a pre-condition for availing the benefit of deduction, inter alia, under section 80JJAA.
- The statement is correct. As per section 80AC, the assessee has to furnish his return of income on or before the due date specified under section 139(1), to be eligible to claim deduction under, inter alia, section 80QQB.

ILLUSTRATION 2 (easy)

Compute the eligible deduction under section 80C for A.Y.2025-26 in respect of life insurance premium paid by Mr. Ganesh during the P.Y.2024-25, the details of which are given hereunder, if Mr. Ganesh has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A) –

	Date of issue of policy	Person insured	Actual capital sum assured (₹)	Insurance premium paid during 2024-25 (₹)
(i)	30/3/2012	Self	9,00,000	48,000

(iii)	1/6/2021	Handicapped son (section 80U disability)	4,00,000	80,000

SOLUTION

	Date of issue of policy	Person insured	Actual capital sum assured [₹]	Insurance premium paid during 2024-25 [₹]	Deduct- ion u/s 80C for A.Y.2025- 26 [₹]	Remark [restricted to % of sum assured] [₹]
(i)	30/3/2012	Self	9,00,000	48,000	48,000	20%

(iii)	1/6/2021	Handicapped Son (section 80U disability)	4,00,000	80,000	60,000	15%
	Total				1,23,000	

ILLUSTRATION 3

What would your answer if Mr. Ganesh pays tax under default tax regime under section 115BAC?

SOLUTION

If Mr. Ganesh pays tax under default tax regime under section 115BAC, he would not be eligible for deduction under section 80C.

1. Premium paid in respect of a contract for deferred annuity
2. Any sum deducted from the salary payable of a Government employee for securing a deferred annuity
3. Contribution to SPF/PPF/RPF

Contributions to any provident fund to which the Provident Funds Act, 1925 applies and recognized provident fund qualifies for deduction under section 80C.

Contribution made to any Provident Fund set up by the Central Government and notified in his behalf (i.e., the Public Provident Fund established under the Public Provident Fund Scheme, 1968) also qualifies for deduction under section 80C. Such contribution can be made in the name of the individual, his spouse and any child of the individual; and any member of the family, in case of a HUF. The maximum limit for deposit in PPF is ₹ 1,50,000 in a year.

ILLUSTRATION 4 (easy)

An individual assessee, resident in India, has made the following deposit/payment during the previous year 2024-25:

What is the deduction allowable under section 80C for A.Y.2025-26 if the assessee has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A)?

SOLUTION

Computation of deduction under section 80C for A.Y.2025-26

Particulars	₹
Deposit in public provident fund	1,50,000
Insurance premium paid on the life of the spouse (Maximum 10% of the assured value ₹ 2,20,000, as the policy is taken after 31.3.2012)	22,000
Total	1,72,000
However, the maximum permissible deduction u/s 80C is restricted to	1,50,000

ILLUSTRATION 5 (average)

The basic salary of Mr. A is ₹ 1,00,000 p.m. He is entitled to dearness allowance, which is 40% of basic salary. 50% of dearness allowance forms part of pay for retirement benefits. Both Mr. A and his employer, ABC Ltd., contribute 15% of basic salary to the pension scheme referred to in section 80CCD. Explain the tax treatment in respect of such contribution in the hands of Mr. A if he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

What would be your answer if Mr. A pays tax under the default tax regime under section 115BAC?

SOLUTION

- i. Tax treatment in the hands of Mr. A in respect of employer's and own contribution to pension scheme referred to in section 80CCD, where Mr. A has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A) [i.e., where Mr. A pays tax under the normal provisions of the Act]
 - a) Employer's contribution to such pension scheme would be treated as salary since it is specifically included in the definition of "salary" under section 17(1)(viii). Therefore, ₹ 1,80,000, being 15% of basic salary of ₹ 12,00,000, will be included in Mr. A's salary.

- b) Mr. A's contribution to pension scheme is allowable as deduction under section 80CCD(1). However, the deduction is restricted to 10% of salary. Salary, for this purpose, means basic pay plus dearness allowance, if it forms part of pay.

Therefore, "salary" for the purpose of deduction under section 80CCD for Mr. A would be –

Particulars	₹
Basic salary = ₹ 1,00,000 × 12 =	12,00,000
Dearness allowance = 40% of ₹ 12,00,000 = ₹ 4,80,000	
50% of Dearness Allowance forms part of pay = 50% of ₹ 4,80,000	2,40,000
Salary for the purpose of deduction under section 80CCD	14,40,000
Deduction under section 80CCD(1) is restricted to 10% of ₹ 14,40,000 (as against actual contribution of ₹ 1,80,000, being 15% of basic salary of ₹ 12,00,000)	1,44,000
As per section 80CCD(1B), a further deduction of upto ₹ 50,000 is allowable. Therefore, deduction under section 80CCD(1B) is ₹ 36,000 (₹ 1,80,000 - ₹ 1,44,000).	36,000

₹ 1,44,000 is allowable as deduction under section 80CCD(1). This would be taken into consideration and be subject to the overall limit of ₹ 1,50,000 under section 80CCE. ₹ 36,000 allowable as deduction under section 80CCD(1B) is outside the overall limit of ₹ 1,50,000 under section 80CCE.

In the alternative, ₹ 50,000 can be claimed as deduction under section 80CCD(1B). The balance ₹ 1,30,000 (₹ 1,80,000 - ₹ 50,000) can be claimed as deduction under section 80CCD(1).

- c) Employer's contribution to pension scheme would be allowable as deduction under section 80CCD(2), subject to a maximum of 10% of salary. Therefore, deduction under section 80CCD(2), would also be restricted to ₹ 1,44,000, even though the entire employer's contribution of ₹ 1,80,000 is included in salary under section 17(1)(viii). However, this deduction of employer's contribution of ₹ 1,44,000 to pension scheme would be outside the overall limit of ₹ 1,50,000 under section 80CCE i.e., this deduction would be over and above the other deductions which are subject to the limit of ₹ 1,50,000

ii. Where Mr. A pays tax under the default tax regime under section 115BAC

Mr. A would not be eligible for deduction under section 80CCD(1)/(1B) in respect of his contribution to pension scheme under the default tax regime under section 115BAC. However, he would be allowed deduction of upto ₹ 2,01,600, being 14% of salary [₹ 14,40,000, computed in (i) above] under section 80CCD(2) in respect of employer's contribution to pension scheme. Accordingly, entire employer's contribution of ₹ 1,80,000 would be allowed as deduction under section 80CCD(2).

Mr. A, aged 40 years, paid medical insurance premium of ₹ 20,000 during the P.Y. 2024-25 to insure his health as well as the health of his spouse. He also paid medical insurance premium of ₹ 47,000 during the year to insure the health of his father, aged 63 years, who is not dependent on him. He contributed ₹ 3,600 to Central Government Health Scheme during the year. He has incurred ₹ 3,000 in cash on preventive health check-up of himself and his spouse and ₹ 4,000 by cheque on preventive health check-up of his father. Compute the deduction allowable under section 80D for the A.Y. 2025-26 if Mr. A has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION**Deduction allowable under section 80D for the A.Y.2025-26**

	Particulars	Actual Payment ₹	Maximum deduction allowable ₹
A.	Premium paid and medical expenditure incurred for self and spouse		
(i)	Medical insurance premium paid for self and spouse	20,000	20,000
(ii)	Contribution to CGHS	3,600	3,600
(iii)	Exp. on preventive health check-up of self & spouse	3,000	1,400
		26,600	25,000
B.	Premium paid or medical expenditure incurred for father, who is a senior citizen		
(i)	Mediclaime premium paid for father, who is over 60 years of age	47,000	47,000
(ii)	Expenditure on preventive health check-up of father	4,000	3,000
		51,000	50,000
	Total deduction under section 80D (₹ 25,000 + ₹ 50,000)		75,000

Notes:

- The total deduction under A. (i), (ii) and (iii) above should not exceed ₹ 25,000. Therefore, the expenditure on preventive health check-up for self and spouse would be restricted to ₹ 1,400, being (₹ 25,000 – ₹ 20,000 – ₹ 3,600)
- The total deduction under B. (i) and (ii) above should not exceed ₹ 50,000. Therefore, the expenditure on preventive health check-up for father would be restricted to ₹ 3,000, being (₹ 50,000 – ₹ 47,000).

3. In this case, the total deduction allowed on account of expenditure on preventive health check-up of self, spouse and father is ₹ 4,400 [i.e., ₹ 1,400 + ₹ 3,000], which is within the maximum permissible limit of ₹ 5,000.

Mr. X is a resident individual. He deposits a sum of ₹ 50,000 with Life Insurance Corporation every year for the maintenance of his disabled grandfather who is wholly dependent upon him. The disability is one which comes under the Persons with Disabilities [Equal Opportunities, Protection of Rights and Full Participation] Act, 1995. A copy of the certificate from the medical authority is submitted. Compute the amount of deduction available

under section 80DD for the A.Y. 2025-26, if Mr. X has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION

Since the amount deposited by Mr. X was for his grandfather, he will not be allowed any deduction under section 80DD. The deduction is available if the individual assessee incurs any expense for a “dependant” disabled person. Grandfather does not come within the meaning of “dependant” as defined under section 80DD.

ILLUSTRATION 10 (easy)

What will be the deduction if Mr. X had made this deposit for his dependant father?

SOLUTION

Since the expense was incurred for a dependant disabled person, Mr. X will be entitled to claim a deduction of ₹ 75,000 under section 80DD, irrespective of the amount deposited. In case his father has severe disability, the deduction would be ₹ 1,25,000.

Annual repayment of loan (₹)	1,00,000	40,000	80,000
Annual repayment of interest (₹)	20,000	10,000	18,000

Compute the amount deductible under section 80E for the A.Y.2025-26 if Mr. B has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION

Deduction under section 80E is available to an individual assessee exercising the option of shifting out of the default tax regime provided under section 115BAC(1A), in respect of any interest paid by him in the previous year in respect of loan taken for pursuing his higher education or higher education of his spouse or children. Higher education means any course of study pursued after senior secondary examination.

Therefore, interest repayment in respect of all the above loans would be eligible for deduction.

Deduction under section 80E = ₹ 20,000 + ₹ 10,000 + ₹ 18,000 = ₹ 48,000.

Restricted to		
Deduction under section 80G (See Working Note		87,500
below]		
Total income		5,12,500

Working Note: Computation of deduction under section 80G

	Particulars of donation	Amount donated (₹)	% of deduction	Deduction u/s 80G (₹)
(i)	National Children's Fund	25,000	100%	25,000
(ii)	Prime Minister's Drought Relief Fund	25,000	50%	12,500
(iii)	Approved institution for promotion of family planning	40,000	100%, subject to qualifying limit	40,000
(iv)	Public Charitable Trust	50,000	50% subject to qualifying limit (See Note below)	10,000
				87,500

Note - Adjusted total income = Gross Total Income – Amount of deductions under section 80C to 80U except section 80G i.e., ₹ 6,00,000, in this case.

₹ 60,000, being 10% of adjusted total income is the qualifying limit, in this case.

Firstly, donation of ₹ 40,000 to approved institution for family planning qualifying for 100% deduction subject to qualifying limit, has to be adjusted against this amount. Thereafter, donation to public charitable trust qualifying for 50% deduction, subject to qualifying limit is adjusted. Hence, the contribution of ₹ 50,000 to public charitable trust is restricted to 20,000 (being, ₹ 60,000 - ₹ 40,000), 50% of which would be the deduction under section 80G. Therefore, the deduction under section 80G in respect of donation to public charitable trust would be ₹ 10,000, which is 50% of ₹ 20,000.

ILLUSTRATION 15 [average]

Mr. Ganesh, a businessman, whose total income (before allowing deduction under section 80GG) for A.Y.2025-26 is ₹ 4,60,000, paid house rent at ₹ 12,000 p.m. in respect of residential accommodation occupied by him at Mumbai. Compute the deduction allowable to him under section 80GG for A.Y.2025-26 if he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION

The deduction under section 80GG will be computed as follows:

1. Actual rent paid less 10% of total income

$$₹ 1,44,000 (-) \frac{(10 \times 4,60,000)}{100} = ₹ 98,000$$

2. 25% of total income = $\frac{25 \times 4,60,000}{100} = ₹ 1,15,000$

3. Amount calculated at ₹ 5,000 p.m. = ₹ 60,000

Deduction allowable u/s 80GG [least of (i), (ii) and (iii)] = ₹ 60,000

During the P.Y. 2024-25, ABC Ltd., an Indian company,

- 1] contributed a sum of ₹ 2 lakh to an electoral trust; and
- 2] incurred expenditure of ₹ 25,000 on advertisement in a brochure of a political party

Is the company eligible for deduction in respect of such contribution/expenditure, assuming that the contribution was made by cheque? If so, what is the quantum of deduction? ABC Ltd. does not opt for section 115BAA/115BAB.

SOLUTION

An Indian company is eligible for deduction under section 80GGB in respect of any sum contributed by it in the previous year to any political party or an electoral trust. Further, the word “contribute” in section 80GGB has the meaning assigned to it in section 293A of the Companies Act, 1956, and accordingly, it includes the amount of expenditure incurred on advertisement in a brochure of a political party.

Therefore, ABC Ltd. is eligible for a deduction of ₹ 2,25,000 under section 80GGB in respect of sum of ₹ 2 lakh contributed to an electoral trust and ₹ 25,000 incurred by it on advertisement in a brochure of a political party.

It may be noted that there is a specific disallowance under section 37(2B) in respect of expenditure incurred on advertisement in a brochure of a political party. Therefore, the expenditure of ₹ 25,000 would be disallowed while computing business income/gross total income. However, the said expenditure incurred by an Indian company is allowable as a deduction from gross total income under section 80GGB.

Mr. A has commenced the business of manufacture of computers on 1.4.2024. He employed 350 new employees during the P.Y. 2024-25, the details of whom are as follows –

	No. of employees	Date of employment	Regular/ Casual	Total monthly emoluments per employee (₹)
(i)	75	1.4.2024	Regular	24,000
(ii)	125	1.5.2024	Regular	26,000
(iii)	50	1.8.2024	Casual	24,500
(iv)	100	1.9.2024	Regular	24,000

The regular employees participate in recognized provident fund while the casual employees do not. Compute the deduction, if any, available to Mr. A for A.Y. 2025-26, if the profits and gains derived from manufacture of computers that year is ₹ 75 lakhs and his total turnover is ₹ 10.16 crores.

What would be your answer if Mr. A has commenced the business of manufacture of footwear on 1.4.2024?

SOLUTION

Mr. A is eligible for deduction under section 80JJAA since he is subject to tax audit under section 44AB for A.Y. 2025-26 and he has employed “additional employees” during the P.Y. 2024-25.

I. If Mr. A is engaged in the business of manufacture of computers

Additional employee cost = ₹ 24,000 × 12 × 75 [See Working Note below] = ₹ 2,16,00,000

Deduction under section 80JJAA = 30% of ₹ 2,16,00,000 = ₹ 64,80,000.

Working Note:**Number of additional employees**

Particulars	No. of workmen	
Total number of employees employed during the year		350
Less: Casual employees employed on 1.8.2024 who do not participate in recognized provident fund	50	
Regular employees employed on 1.5.2024, since their total monthly emoluments exceed ₹ 25,000	125	
Regular employees employed on 1.9.2024 since they have been employed for less than 240 days in the P.Y.2024-25.	100	275
Number of “additional employees”		75

Notes –

- 1] Since casual employees do not participate in recognized provident fund, they do not qualify as additional employees. Further, 125 regular employees employed on 1.5.2024 also do not qualify as additional employees since their monthly emoluments exceed ₹ 25,000. Also, 100 regular employees employed on 1.9.2024 do not qualify as additional employees for the P.Y.2024-25, since they are employed for less than 240 days in that year.
Therefore, only 75 employees employed on 1.4.2024 qualify as additional employees, and the total emoluments paid or payable to them during the P.Y.2024-25 is deemed to be the additional employee cost
- 2] As regards 100 regular employees employed on 1.9.2024, they would be treated as additional employees for previous year 2025-26, if they continue to be employees in that year for a minimum period of 240 days. Accordingly, 30% of additional employee cost in respect of such employees would be allowable as deduction under section 80JJAA in the hands of Mr. A for the A.Y. 2026-27.

II. If Mr. A is engaged in the business of manufacture of footwear

If Mr. A is engaged in the business of manufacture of footwear, then, he would be entitled to deduction under section 80JJAA in respect of employee cost of regular employees employed on 1.9.2024, since they have been employed for more than 150 days in the previous year 2024-25.

Additional employee cost = ₹ 2,16,00,000 + ₹ 24,000 × 7 × 100 = ₹ 3,84,00,000

Deduction under section 80JJAA = 30% of ₹ 3,84,00,000 = ₹ 1,15,20,000.

ILLUSTRATION 18 (average)

Mr. Aakash earned royalty of ₹ 2,88,000 from a foreign country for a book authored by him, being a work of literary nature. The rate of royalty is 18% of value of books. The expenditure incurred by him for earning this royalty was ₹ 40,000. The amount remitted to India till 30th September, 2025 is ₹ 2,30,000. The remaining amount was not remitted till 31st March, 2026. Compute the amount includible in the gross total income of Mr. Aakash and the amount of deduction which he will be eligible for under section 80QQB if he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION

The net royalty of ₹ 2,48,000 [i.e., royalty of ₹ 2,88,000 less ₹ 40,000, being expenditure to earn such income] is includible in gross total income. Deduction u/s 80QQB would be ₹ 1,90,000 as calculated hereunder –

Mr. A, a resident individual aged 61 years, has earned business income [computed] of ₹ 1,35,000, lottery income of ₹ 1,20,000 [gross] during the P.Y. 2024-25. He also has interest on Fixed Deposit of ₹ 30,000 with banks. He invested an amount of ₹ 1,50,000 in Public Provident Fund account. What is the total income of Mr. A for the A.Y. 2025-26 if he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A)?

SOLUTION

Computation of total income of Mr. A for A.Y.2025-26

Note: In case of resident individuals of the age of 60 years or more, interest on bank fixed deposits qualifies for deduction upto ₹ 50,000 under section 80TTB.

Though the aggregate of deductions under Chapter VI-A is ₹ 1,80,000, however, the maximum permissible deduction cannot exceed the gross total income exclusive of long term capital gains taxable under section 112 and section 112A, short-term capital gains covered under section 111A and winnings from lotteries of the assessee.

Therefore, the maximum permissible deduction under Chapter VI-A = ₹ 2,85,000 – ₹ 1,20,000 = ₹ 1,65,000.

- Deposit in Public Provident Fund	1,50,000	
Under section 80TTB		
- Interest on fixed deposits with banks	30,000	
	1,80,000	
Restricted to		1,65,000

Total Income		1,20,000

Notes:

- As per section 80C, no deduction is allowed in respect of premium paid for life insurance of parents, whether they are dependent or not. Therefore, no deduction is allowable in respect of ₹ 25,000 paid as premium for life insurance of dependent parents of Mr. Gurnam.

In respect of insurance policy issued on or after 01.04.2012, deduction shall be allowed for life insurance premium paid only to the extent of 10% of sum assured. In case the insurance policy is issued before 01.04.2012, deduction of premium paid on life insurance policy shall be allowed up to 20% of sum assured

Therefore, in the present case, deduction of ₹ 19,500 is allowable in full in respect of life insurance of Mr. Gurnam's son since the insurance policy was issued before 01.04.2012 and the premium amount is less than 20% of ₹ 3,50,000. However, in respect of premium paid for life insurance policy of Mr. Gurnam himself, deduction is allowable only up to 10% of ₹ 2,00,000 since, the policy was issued on or after 01.04.2012 and the premium amount exceeds 10% of sum assured.
- As per section 80D, in case the premium is paid in respect of health of a person specified therein and for health check-up of such person, deduction shall be allowed up to ₹ 25,000. Further, deduction up to ₹ 5,000 in aggregate shall be allowed in respect of health check-up of self, spouse, children and parents. In order to claim deduction under section 80D, the payment for health-checkup can be made in any mode including cash. However, the payment for health insurance premium has to be paid in any mode other than cash.

Therefore, in the present case, in respect of premium of ₹ 26,000 paid for health insurance of self and wife, deduction would be restricted to ₹ 25,000. Since the limit of ₹ 25,000 has been exhausted against medical insurance premium, no deduction is allowable for preventive health check-up for self and wife. However, deduction of ₹ 4,500 is allowable in respect of health check-up of his parents, since it falls within the limit of ₹ 5,000.
- No deduction shall be allowed under section 80G in case the donation is made in cash of a sum exceeding ₹ 2,000. Therefore, deduction under section 80G is not allowable in respect of cash donation of ₹ 5,000 made to an institution approved for the purpose of section 80G for promotion of family planning.
- As per section 80TTA, deduction shall be allowed from the gross total income of an individual or Hindu Undivided Family in respect of income by way of interest on deposit in the savings account included in the assessee's gross total income, subject to a maximum of ₹ 10,000. Therefore, deduction of ₹

10,000 is allowable from the gross total income of Mr. Gurnam, though the interest from savings bank account is ₹ 14,500.

ILLUSTRATION 21 [difficult]

Mr. Y furnishes you the following information for the year ended 31.3.2025:

Particulars	₹ (in lacs)
Total turnover of Unit A located in Special Economic Zone	100
Profit of the business of Unit A	30
Export turnover of Unit A received in India in convertible foreign exchange on or before 30.9.2025	50
Total turnover of Unit B located in Domestic Tariff Area (DTA)	200
Profit of the business of Unit B	20

Compute deduction under section 10AA for the A.Y. 2025-26, assuming that Mr. Y commenced operations in SEZ and DTA in the year 2019-20 and Mr. Y has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION

50% of the profit derived from export of articles or things or services is eligible for deduction under section 10AA, since F.Y. 2024-25 is the sixth year commencing from the year of manufacture or production of articles or things or provision of services by the Unit in SEZ. As per section 10AA(7), the profit derived from export of articles or things or services shall be the amount which bears to the profits of the business of the undertaking, being the Unit, the same proportion as the export turnover in respect of articles or things or services bears to the total turnover of the business carried on by the undertaking.

Deduction under section 10AA

$$\begin{aligned}
 &= \text{Profit of the business of Unit A} \times \frac{\text{Export Turnover of Unit A}}{\text{Total Turnover of Unit A}} \times 50\% \\
 &= ₹ 30 \text{ lakhs} \times \frac{50}{100} \times 50\% = ₹ 7.5 \text{ lakhs}
 \end{aligned}$$

Note – No deduction under section 10AA is allowable in respect of profits of business of Unit B located in DTA.

TEST YOUR KNOWLEDGE

22. Examine the following statements with regard to the provisions of the Incometax Act, 1961:

- i. During the financial year 2024-25, Mr. Amit paid interest on loan availed by him for his son's higher education. His son is already employed in a firm. Mr. Amit will get the deduction under section 80E.
- ii. Subscription to notified bonds of NABARD would qualify for deduction under section 80C.
- iii. In order to be eligible to claim deduction under section 80C, investment/ contribution/ subscription etc. in eligible or approved modes, should be made from out of income chargeable to tax.
- iv. Where an individual repays a sum of ₹ 30,000 towards principal and ₹ 14,000 as interest in respect of loan taken from a bank for pursuing eligible higher studies, the deduction allowable under section 80E is ₹ 44,000 irrespective of the tax regime.
- v. Mrs. Sheela, widow of Mr. Satish [who was an employee of M/s. XYZ Ltd.], received ₹ 7 lakhs on 1.5.2024, being amount standing to the credit of Mr. Satish in his NPS Account, in respect of which deduction has been allowed under section 80CCD to Mr. Satish in the earlier previous years. Such amount received by her as a nominee on closure of the account is deemed to be her income for A.Y.2025-26
- vi. Mr. Vishal, a Central Government employee, contributed ₹ 50,000 towards Tier II account of NPS. The same would be eligible for deduction under section 80CCD. He has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A)

(average)

23. Examine the allowability of the following if the assessee has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A):

- I. Rajan, a resident individual, has to pay to a hospital for treatment ₹ 62,000 and spent nothing for life insurance or for maintenance of dependent disabled.
- II. Varun, a resident Indian, has spent nothing for treatment in the previous year and deposited ₹ 25,000 with LIC for maintenance of dependant disabled.
- III. Hari, a resident individual, has incurred ₹ 20,000 for treatment and ₹ 25,000 was deposited with LIC for maintenance of dependant disabled.

(average)

24. For the A.Y. 2025-26, the Gross total income of Mr. Chaturvedi, a resident in India, was ₹ 8,18,240 which includes long-term capital gain of ₹ 2,45,000 taxable under section 112 and Short-term capital gain of ₹

58,000. The Gross total income also includes interest income of ₹ 12,000 from savings bank deposits with banks and ₹ 40,000 interest on fixed deposits with banks. Mr. Chaturvedi has invested in PPF ₹ 1,20,000 and also paid a medical insurance premium ₹ 51,000. Mr. Chaturvedi also contributed ₹ 50,000 to Public Charitable Trust eligible for deduction under section 80G by way of an account payee cheque. Compute the total income and tax thereon of Mr. Chaturvedi, who is 70 years old as on 31.3.2025, in a tax efficient manner.

(average)

25. Mr. Rajmohan whose gross total income was ₹ 6,40,000 for the financial year 2024-25, furnishes you the following information:

 - (ii) Five-year post-office time deposit - ₹ 20,000
 - (iii) Donation to a recognized charitable trust ₹ 25,000 which is eligible for deduction under section 80G at the applicable rate.
 - (iv) Interest on loan taken for higher education of spouse paid during the year - ₹ 10,000.
- Compute the total income of Mr. Rajmohan for the A.Y. 2025-26 if he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A)

(difficult)

26. Compute the eligible deduction under Chapter VI-A for the A.Y. 2025-26 of Ms. Roma, aged 40 years, who has a gross total income of ₹ 15,00,000 for the A.Y. 2025-26 and has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A). She provides the following information about her investments/payments during the P.Y. 2024-25

(difficult)

Sl.	Particulars	Amount
I.	Life Insurance premium paid (Policy taken on 31-03- 2012 and sum assured is ₹ 4,70,000)	35,000
II.	Public Provident Fund contribution	1,50,000
III.	Repayment of housing loan to Bhartiya Mahila Bank, Bangalore	20,000
IV.	Payment to L.I.C. Pension Fund	1,40,000
V.	Mediclaime Policy taken for self, wife and dependent children, premium paid by cheque	30,000
VI.	Medical Insurance premium paid by cheque for parents (Senior Citizens)	52,000

27. Mr. Rudra has one unit at Special Economic Zone (SEZ) and other unit at Domestic Tariff Area (DTA). He provides the following details for the previous year 2024-25.

(average)

Particulars	Mr. Rudra	Unit in DTA
Total Sales	6,00,00,000	2,00,00,000
Export Sales	5,60,00,000	1,60,00,000
Net Profit	80,00,000	20,00,000

Proceeds from export sales in SEZ received in convertible foreign exchange by 30.9.2025 is ₹ 3,00,00,000. He has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A). Calculate the eligible deduction under section 10AA of the Income-tax Act, 1961, for the Assessment Year 2025-26 if both the units were set up and start manufacturing from 22-05-2016.

ANSWERS

22.

- i. **The statement is correct.** The deduction under section 80E is available to an individual in respect of interest on loan taken for his higher education or for the higher education of his relative only if he exercises the option of shifting out of the default tax regime provided under section 115BAC(1A). For this purpose, relative means, inter alia, spouse and children of the individual. Therefore, Mr. Amit will get the deduction under section 80E in respect of interest on loan availed by him for his son's higher education, if he exercises the option of shifting out of the default tax regime provided under section 115BAC(1A). It is immaterial that his son is already employed in a firm. This would not affect Mr. Amit's eligibility for deduction under section 80E.
- ii. **The statement is correct.** Under section 80C(2) subscription to such bonds issued by NABARD (as the Central Government may notify in the Official Gazette) would qualify for deduction under section 80C, if the assessee has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A)
- iii. **The statement is not correct.** There is no stipulation under section 80C that the investment, subscription, etc. should be made from out of income chargeable to tax.
- iv. **The statement is not correct.** An individual would not be eligible for deduction u/s 80E if he pays tax under default tax regime under section 115BAC. If he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A), deduction under section 80E would be available in respect of interest paid on education loan. Hence, the deduction will be limited to interest of ₹ 14,000, if he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A)
- v. **The statement is not correct.** The proviso to section 80CCD(3) provides that the amount received by the nominee, on closure of NPS account on the death of the assessee, shall not be deemed to be the income of the nominee. Hence, amount received by Mrs. Sheela would not be deemed to be her income for A.Y. 2025-26
- vi. **The statement is not correct.** Contribution to Tier II account of NPS would qualify for deduction under section 80C and not section 80CCD.

23.

- i. The deduction of ₹ 75,000 under section 80DD is allowable to Rajan, irrespective of the amount of expenditure incurred or paid by him. If the expenditure is incurred in respect of a dependant with severe disability, the deduction allowable is ₹ 1,25,000.

- ii. The assessee Varun has deposited ₹ 25,000 for maintenance of dependent disabled. He is, however, eligible to claim ₹ 75,000 since the deduction of ₹ 75,000 is allowed, irrespective of the amount deposited with LIC. In the case of dependant with severe disability, the deduction allowable is ₹ 1,25,000.
- iii. Section 80DD allows a deduction of ₹ 75,000 irrespective of the actual amount spent on maintenance of a dependent disabled and/or actual amount deposited with LIC. Therefore, the deduction will be ₹ 75,000 even though the total amount incurred/deposited is only ₹ 45,000. If the dependant is a person with severe disability the quantum of deduction is ₹ 1,25,000.

24. Computation of total income and tax liability of Mr. Chaturvedi for the A.Y. 2025-26 under default tax regime

Particulars	₹
Gross total income incl. long term capital gain	8,18,240

Add: Health and Education cess @4%		2,031
Total tax liability		52,810

Since the tax liability is lower under the optional tax regime [i.e., normal provisions of the Act] as compared to the default tax regime, Mr. Chaturvedi should exercise the option of shifting out of the default tax regime provided under section 115BAC(1A)

Notes:

- i. Computation of deduction under section 80G:

Particulars	₹

27. Computation of deduction u/s 10AA of the Income-tax Act, 1961

As per section 10AA, in computing the total income of Mr. Rudra from his unit located in a Special Economic Zone (SEZ), which begins to manufacture or produce articles or things or provide any services during the previous year relevant to the assessment year commencing on or after 01.04.2006 but before

01.04.2021, there shall be allowed a deduction of 100% of the profit and gains derived from export of such articles or things or from services for a period of five consecutive assessment years beginning with the assessment year relevant to the previous year in which the Unit begins to manufacture or produce such articles or things or provide services, as the case may be, and 50% of such profits for further five assessment years

Since Mr. Rudra has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A), he would be eligible for deduction u/s 10AA.

The deduction u/s 10AA would be available only if Mr. Rudra furnishes report of chartered accountant before the date specified in section 44AB and files return of income on or before due date u/s 139(1).

Since A.Y. 2025-26 is the 9th assessment year from A.Y. 2017-18, relevant to the previous year 2016-17, in which the SEZ unit began manufacturing of articles or things, it shall be eligible for deduction of 50% of the profits derived from export of such articles or things, assuming all the other conditions specified in section 10AA are fulfilled.

$$= \text{Profits of Unit in SEZ} \times \frac{\text{Export turnover of Unit in SEZ}}{\text{Total turnover of Unit in SEZ}} \times 50\%$$

$$= 60 \text{ lakhs} \times \frac{300 \text{ lakhs}}{400 \text{ lakhs}} \times 50\% = ₹ 22.50 \text{ lakhs}$$

Export turnover of Unit in SEZ is the export sales in SEZ received in convertible foreign exchange by 30.9.2025 which is ₹ 3,00,00,000.

The unit set up in Domestic Tariff Area is not eligible for the benefit of deduction u/s 10AA in respect of its export profits, in both the situations.

Eligible Deduction Under Chapter VI-A		2,25,000

Answer 36

Computation Of Deduction u/s 80D For AY 2025-26:

S.No	Particulars	Amount (₹)	Amount (₹)
[1]	I In respect of premium paid for insuring the health of;		
	• Self	10,000	
	• Spouse	8,000	
	• Dependent Son	4,000	
		22,000	

	II	In respect of expenditure paid on preventive health check-up of:		
		• Self	2,000	
		• Spouse	1,500	
		[Restricted to ₹ 3,000 since maximum deduction allowable is ₹ 25,000 only]	3,500	25,000
[2]	I	In respect of payment towards health insurance premium for his mother	38,000	
		In respect of preventive health check-up of his mother - ₹ 4,000		
	II	{Restricted to ₹ 2,000 (₹ 5,000 - ₹ 3,000), since maximum deduction for preventive health check-up u/s 80D is ₹ 5,000}	2,000	
	III	Medical expenditure for father would only be eligible for deduction [Note]	15,000	
		Total comes out to ₹ 55,000, but maximum deduction allowable is ₹ 50,000	55,000	50,000
Total Deduction u/s 80D [(1) + (2)]				75,000

Note: Irrespective of the fact that the mother of Arjun is a very senior citizen, deduction u/s 80D would not be available to him in respect of actual medical expenditure incurred for his mother, since Mr Arjun has taken a health insurance policy for his mother.

Answer 37

- Deduction available u/s 80U in respect of self = ₹ 75,000
- Deduction available u/s 80DD in respect of dependent sister who is suffering from a severe disability = ₹ 1,25,000 [irrespective of expenditure incurred].
- Deduction available u/s 80DDB for medical expenditure incurred on father (85 years) suffering from a specified disease [expenditure incurred or ₹ 1,00,000 whichever is lower as reduced by the amount of reimbursement received from insurance company] = ₹ 67,000 (₹ 75,000 - ₹ 8,000)

Total Deduction Available = ₹ 75,000 + ₹ 1,25,000 + ₹ 67,000 = ₹ 2,67,000

Answer 38

- a) Deduction of ₹ 70,000 is available u/s 80E. Total income would come out to ₹ 4,50,000 [GTI of ₹ 5,20,000 minus deduction u/s 80E of ₹ 70,000].

- b) There will be no change in the amount of deduction. Adopted child is included in the definition of relative for the purposes of section 80E.

Answer 39**(i) Deduction Allowable While Computing Income u/h "Income From House Property":**

Interest for PY 2024-25 = ₹ 3,65,000. The loan has been taken on or after 1st April 1999 for purchase/construction of house property. The house has been purchased/constructed within 5 years from the end of the year in which the loan was taken. Assuming that a certificate has been obtained from the lender certifying the amount of interest, Mr Ray is eligible for a deduction of maximum ₹ 2,00,000 u/s 24(b) in respect of self-occupied property.

Deduction Under Chapter VI-A From Gross Total Income:

> Loan has been taken for purchase/construction of a residential house property to be used for residential purposes only. Thus, deduction of ₹ 1,25,000 is available u/s 80C in respect of principal repayment of housing loan.

> Excess interest on loan for which deduction could not be claimed u/s 24(b) = ₹ 1,65,000 (₹ 3,65,000 - ₹ 2,00,000). The housing loan has been sanctioned during the period starting from 1st April 2019 to 31st March 2022 for purchasing a house property whose SDV doesn't exceed ₹ 45L. Further, this is the first and only residential house owned by Mr Ray. Since all the conditions of Section 80EEA are satisfied, Mr Ray will be eligible for a deduction of ₹ 1,50,000 u/s 80EEA.

(ii) Deduction u/s 80EEB is available for interest payable on loan taken for purchase of electric vehicle provided the loan has been sanctioned during the period starting from 1st April 2019 to 31st March 2023. Therefore, Mr Ray will be eligible for deduction of ₹ 1,50,000 u/s 80EEB. No benefit is available in respect of principal repayment of loan taken for purchase of electric vehicle.

(iii) Deduction u/s 80GGC is available for donations given to political parties provided donation has been given by any mode other than cash. No deduction shall be- available in the present case since the donation of ₹ 15,000 has been given in cash.

Deduction u/s 80G:**Answer 40**

> Total Donation To Organizations Approved u/s 80G (other than National Defence Fund) - ₹ 1,55,000

> Adjusted GTI = GTI - STCG u/s 111 A - LTCG - Deduction u/s 80C to 80U (except 80G)

= ₹ 12,40,000 - ₹ 70,000 (ie, contribution to ULIP) = ₹ 11,70,000

> Qualifying Amount = 10% of Adjusted GTI or donation given, whichever is less - ₹ 1,17,000 or ₹ 1,55,000 = ₹ 1,17,000

Computation Of Deduction Available To Mr Suraj u/s 80G:

S.No.	Particulars	Amount (₹)
1.	Donation to National Defence Fund by cheque {100% of ₹ 60,000 is allowed as deduction without any qualifying limit}	60,000
2.	Donation to Government for promoting family planning by cheque {100% of ₹ 35,000, subject to qualifying limit of ₹ 1,17,000 is allowed as deduction}	35,000
3.	Donation to approved public charitable institute by cheque {50% of qualifying limit after adjusting donation for family planning is allowed as deduction, re 50% of ₹ 82,000 [₹ 1,17,000 - ₹ 35,000]}	41,000
Total Deduction u/s 80G		1,36,000

Answer 41

Computation Of Total Income Of V (PY 2024-25, AY 2025-26):

Particulars	Amount (₹)
Income u/h Business/Profession	34,50,000
Gross Total Income	34,50,000
Less: Deduction u/s 80C [PPF]	[70,000]
Less: Deduction u/s 80G:	
• Prime Minister's Drought Relief Fund (50%)	[5,500]
• Prime Minister's National Relief Fund (100%)	[10,000]
• National Children Fund (100%)	[2,000]
• Other Donations u/s 80G [3,00,000 + 19,000]	[3,19,000]
Total Income	30,43,500

- Total Donation to Organizations Approved u/s 80G + Govt (family planning): ₹ 4,02,000
 - > Municipal Corporation of Delhi for opening girl's school: ₹ 90,000

> Repairs of a notified temple: ₹ 12,000

> State of Delhi for family planning: ₹ 3,00,000

- Adjusted GTI = GTI - LTCG - STCG u/s 111A - Deduction u/s 80C to 80U (except 80G)
= 34,50,000 - 70,000 = ₹ 33,80,000
- Qualifying Amount = 10% of Adjusted GTI or Donation, whichever is less
= 3,38,000 or 4,02,000, whichever is less = ₹ 3,38,000
- Deduction of donation for family planning = ₹ 3,00,000

50% of balance amount for other donations = 50% of (₹ 3,38,000 - ₹ 3,00,000) = ₹ 19,000

Note: Donations in kind, donations to poor, donations only for the benefit of a particular community do not qualify for deduction u/s 80G.

Answer 42

Computation Of Total Income Of Y (PY 2024-25, AY 2025-26):

Particulars	Amount (₹)
Income u/h Salary	6,00,000
Income u/h Other Sources (Interest)	50,000
Gross Total Income	6,50,000
Less: Deduction u/s 80C (PPF)	(24,000)
Less: Deduction u/s 80D (Medical Insurance Premium)	(9,500)
Less: Deduction u/s 80TTA (Interest on savings bank deposits)	(10,000)
Less: Deduction u/s 80GG	(19,350)
Total Income	5,87,150

Working Note:

- Adjusted GTI = GTI - LTCG - STCG u/s 111A - Deduction u/s 80C to 80U (except 80GG) = 6,50,000 - (24,000 + 9,500 + ₹ 10,000) = ₹ 6,06,500

- Least of the following is eligible for deduction u/s 80GG:
 - > Rent paid over 10% of Adjusted GTI - $(80,000 - 10\% \text{ of } 6,06,500) = ₹ 19,350$
 - > 25% of Adjusted GTI = $25\% \text{ of } 6,06,500 = ₹ 1,51,625$
 - > ₹ 5,000 per month = ₹ 60,000.

Answer 43**Computation Of Total Income Of X (PY 2024-25, AY 2025-26):**

Particulars	Amount (₹)
Income u/h Business/Profession	6,70,000
Income u/h Capital Gains	
• LTCG	10,000
• STCG u/s 111 A	4,000
Income u/h Other Sources	
• Winnings from camel races	1,700
• Winnings from horse races	2,000
• Winnings from lottery	1,600

Less: Deduction u/s 80C (PPF)	[70,000]
Less: Deduction u/s 80D (Medical Insurance Premium)	[3,000]
Less: Deduction u/s 80GG	[18,770]
Total Income	6,07,530

- Adjusted GTI = GTI - LTCG - STCG u/s 111 A - Deduction u/s 80C to 80U (except 80GG)

$$= 6,99,300 - 10,000 - 4,000 - [70,000 + 3,000] = ₹ 6,12,300$$

- Least of the following is eligible for deduction u/s 80GG:

$$> \text{Rent paid over } 10\% \text{ of Adjusted GTI} = [80,000 - 10\% \text{ of } 6,12,300] = ₹ 18,770$$

$$> 25\% \text{ of Adjusted GTI} = 25\% \text{ of } 6,12,300 = ₹ 1,53,075$$

> ₹ 5,000 per month = ₹ 60,000

Deduction u/s 80JJAA

Answer 44

(I) Where ABC & Co Has Started Pharmaceuticals Business On 1.4.2024:

M/s ABC & Co, a partnership firm, would be eligible for deduction u/s 80JJAA in respect of additional employees employed by it during PY 2024-25, since it is subject to tax audit u/s s44AB.

However, only employees employed on 1.4.2024 will qualify as "additional employees" since employees employed on 1.5.2024 and 1.8.2024 draw monthly emoluments exceeding ₹ 25,000. Also, employees employed on 1.9.2024 have been employed for less than 240 days in PY 2024-25. Hence, they would not be included in the meaning of "additional employees".

Deduction u/s 80JJAA = 30% x ₹ 66,00,000, being additional employee cost in respect of employees employed on 1.4.2024 [25 employees x ₹ 22,000 p.m. x 12 months] = ₹ 19,80,000

(II) Where ABC & Co Has Started Manufacture Of Leather Products On 1.4,2024:

In this case the firm has started manufacture of leather products, new employees employed for 150 days in the year would qualify as "additional employees" for the purpose of Section 80JJAA. Therefore, employees employed on 1.9.2024 would also qualify as additional employees.

Additional Employee Cost	(₹)
Employees employed on 1.4.2024 [25 employees x ₹ 22,000 p.m. x 12 months]	66,00,000
Employees employed on 1.9.2024 [200 employees x ₹ 22,000 p.m. x 7 months]	3,08,00,000
Total	3,74,00,000
Deduction u/s 80JJAA: 30% of ₹ 3,74,00,000 = ₹ 1,12,20,000	

Note: The benefit. Of employment for minimum period of 150 days instead of 240 days during the year to qualify as "additional employee" for the purpose of Section 80JJAA is available in respect of assessee engaged in apparel business, leather products and footwear products.

Answer 45

- Case 1: No deduction is available in respect of interest on FD. Full interest of ₹ 15,000 is taxable.
- Case 2: Deduction is available u/s 80TTA for ₹ 10,000. Balance ₹ 5,000 interest is taxable.
- Case 3: Deduction is available u/s 80TTA for ₹ 10,000. Further, interest on post office savings bank account is exempt u/s 10(15) to the extent of ₹ 3,500 per year in case of an individual account. Therefore, amount of ₹ 1,500 is taxable after allowing exemption of ₹ 3,500 u/s 10(15) and deduction of ₹ 10,000 u/s 80TTA.
- Case 4: Deduction upto ₹ 10,000 is available u/s 80TTA for interest earned on a savings account with a bank or a post office. Further, interest on post office savings bank a/c is exempt u/s 10(15) to the extent of ₹ 3,500 per year in case of an individual account.

Interest earned from RD (recurring deposit) - ₹ 5,000	Fully Taxable
Interest earned from a savings-bank account - ₹ 4,000	₹ 4,000 allowed as deduction u/s 80TTA
Interest earned on Post Office Time Deposit - ₹ 3,000	Fully Taxable
Interest earned on post office savings bank account is ₹ 8,000	₹ 3,500 allowed as exemption u/s 10(15), ₹ 4,500 allowed as deduction u/s 80TTA.
Taxable Amount	₹ 8,000

Answer 47**Computation Of Deduction Under Section 10AA:**

(i)	If Unit In SEZ Was Set Up On 12-03-2016: Since the SEZ unit was set up in PY 2015-16, PY 2024-25 shall be the 10th assessment year. Therefore, it shall be eligible for deduction of 50% of the profits derived from export, assuming all the other conditions specified in Section 10AA are fulfilled.
	$= \text{Prof its of Unit in SEZ} \times \frac{\text{Export turnover of Unit in SEZ}}{\text{Total turnover of Unit in SEZ}} \times 50\%$
	$= 220 \text{ lakhs} \times \frac{1,000 \text{ lakhs}}{1,100 \text{ lakhs}} \times 50\% = 100 \text{ lakhs}$
(ii)	If Unit In SEZ Was Set Up On 12-08-2019: Since the SEZ unit was set up in PY 2019-20, PY 2024-25 shall be the 6th assessment year. Therefore, it shall be eligible for deduction of 50% of the profits derived from export, assuming all the other conditions specified in Section 10AA are fulfilled.
	$= \text{Profits of Unit in SEZ} \times \frac{\text{Export turnover of Unit in SEZ}}{\text{Total turnover of Unit in SEZ}} \times 50\%$
	$= 220 \text{ lakhs} \times \frac{1,000 \text{ lakhs}}{1,100 \text{ lakhs}} \times 50\% = ₹ 100 \text{ lakhs}$
The unit set up in Domestic Tariff Area is not eligible for the benefit of deduction u/s 10AA in respect of its export profits, in both the situations.	

Answer 48

- As per Section 10AA, deduction is allowed to a SEZ unit in the following manner:
 - > First 5 Years: 100% of the profit and gains derived from export of goods/services
 - > Next 5 Years: 50% of the profit and gains derived from export of goods/services

• **Computation Of Total Sales Export Sales And Net Profit Of Unit In SEZ (Rs, In Lakhs):**

Particulars	Rudra Ltd	Unit In DTA	Unit In SEZ
Total Sales	600	200	400
Export Sales	460	160	300
Net Profit	80	20	60

(i) If Unit In SEZ Was Set Up And Began Manufacturing From 25.07.2016: Since it is the 9th year of operation of the eligible unit, it shall be eligible for deduction upto 50% of the export profit of such unit assuming all the other conditions specified u/s 10AA are fulfilled.

= 50% of [(₹ 60 lakhs * ₹ 300 lakhs)/₹ 400 lakhs]

= 50% of ₹ 45 lakhs

= ₹ 22.5 lakhs

(ii) If Unit In SEZ Was Set Up And Began Manufacturing From 10.04.2019: Since it is the 6th year of operation of the eligible unit, it shall be eligible for deduction upto 50% of the export profit of such unit.

= 50% of [(₹ 60 lakhs * ₹ 300 lakhs)/₹ 400 lakhs]

= 50% of ₹ 45 lakhs

= ₹ 22.5 lakhs

Miscellaneous Questions

Answer 49

(i) True: Deduction u/s 80E is available to an individual in respect of interest on loan taken for his higher education or for higher education of his relative. Relative includes spouse and children of the individual. Therefore, Mr Amit will get the deduction u/s 80E. It is immaterial that his son is already employed in a firm. This would not affect Mr Amit's eligibility for deduction u/s 80E.

(ii) True: Subscription to notified bonds issued by NABARD would qualify for deduction u/s 80C.

(iii) False: There is no stipulation u/s 80C that investment, subscription, etc should be made out of income chargeable to tax.

(iv) False: Deduction u/s 80E is in respect of interest paid on education loan. Hence, ₹ 14,000 is available as deduction.

**CHAPTER - 6****ADVANCE TAX, TAX DEDUCTION AT SOURCE AND TAX
COLLECTION AT SOURCE****ILLUSTRATION 1 [average]**

Mr. A, the employer, pays gross salary including allowances and monetary perquisites amounting to ₹7,30,000 to his General Manager. Besides, the employer provides non-monetary perquisites to him whose value is estimated at ₹ 1,20,000. The General Manager is exercising the option to shift out of the default tax regime and pay tax under the optional tax regime as per the normal provisions of the Act. What is the tax implication in the hands of Mr. A, the employer and General Manager, the employee?

SOLUTION

	Rs.
Gross salary, allowances and monetary perquisites	7,30,000
Non-Monetary perquisites	<u>1,20,000</u>
	8,50,000
Less: Standard deduction under section 16[ia]	<u>50,000</u>
	<u>8,00,000</u>
Tax Liability	75,400
Average rate of tax $(₹ 75,400 / ₹ 8,00,000 \times 100)$	9.425%

Mr. A can deduct ₹ 75,400 at source from the salary of the General Manager at the time of payment. Alternatively, Mr. A can pay tax on non-monetary perquisites as under –

Tax on non-monetary perquisites = 9.425% of ₹ 1,20,000 = ₹ 11,310

Balance to be deducted from salary = ₹ 64,090

If Mr. A pays tax of ₹ 11,310 on non-monetary perquisites, the same is not a deductible expenditure as per section 40(a). The amount of tax paid towards non-monetary perquisite by the employer, however, is not chargeable to tax in the hands of the employee as per section 10(10CC).

ILLUSTRATION 2 (average)

Examine the TDS implications under section 194A in the cases mentioned hereunder–

1. On 1.10.2024, Mr. Harish made a six-month fixed deposit of ₹ 10 lakh @ 9% p.a. with ABC Co-operative Bank. The fixed deposit matures on 31.3.2025.
2. On 1.6.2024, Mr. Ganesh made three nine months fixed deposits of ₹ 3 lakh each, carrying interest @ 9% p.a. with Dwarka Branch, Janakpuri Branch and Rohini Branch of XYZ Bank, a bank which has adopted CBS. The fixed deposits mature on 28.2.2025.
3. On 1.10.2024, Mr. Rajesh started a six months recurring deposit of ₹ 2,00,000 per month @ 8% p.a. with PQR Bank. The recurring deposit matures on 31.3.2025.

SOLUTION

1. ABC Co-operative Bank has to deduct tax at source @ 10% on the interest of ₹ 45,000 $(9\% \times ₹ 10 \text{ lakh} \times \frac{1}{2})$ under section 194A. The tax deductible at source under section 194A from such interest is, therefore, ₹ 4,500.
2. XYZ Bank has to deduct tax at source @ 10% u/s 194A, since the aggregate interest on fixed deposit with the three branches of the bank is ₹ 60,750 $[3,00,000 \times 3 \times 9\% \times 9/12]$, which exceeds the threshold limit of ₹ 40,000. Since XYZ Bank has adopted CBS, the aggregate interest credited/paid by all branches has to be considered. Since the aggregate interest of ₹ 60,750 exceeds the threshold limit of ₹ 40,000, tax has to be deducted @ 10% u/s 194A.
3. No tax has to be deducted under section 194A by PQR Bank on the interest of ₹ 28,000 falling due on recurring deposit on 31.3.2024 to Mr. Rajesh, since such interest does not exceed the threshold limit of ₹ 40,000.

ILLUSTRATION 3 (average)

There are a large number of gamers who play with very insignificant amount and withdraw also very small amount. Deducting tax at source under section 194BA for each insignificant withdrawal would increase compliance for tax deductor. Can there be relaxation to ease compliance?

Answer:

Tax may not be deducted on withdrawal on satisfaction of all of the following conditions, namely:

- (i) net winnings comprised in the amount withdrawn does not exceed ₹ 100 in a month;

- (ii) tax not deducted on account of this concession is deducted at a time when the net winnings comprised in withdrawal exceeds ₹ 100 in the same month or subsequent month or if there is no such withdrawal, at the end of the financial year; and
- (iii) the deductor undertakes responsibility of paying the difference if the balance in the user account at the time of tax deduction under section 194BA is not sufficient to discharge the tax deduction liability.

ILLUSTRATION 4 (average)

When the net winnings is in kind how will tax deduction under section 194BA operate?

Answer:

At the outset, it may be clarified that where money in user account is used to buy an item in kind and given to user then it is net winnings in cash only and the deductor is required to deduct tax at source under section 194BA accordingly.

However, there could be a situation where the winning of the game is a prize in kind. In that situation provision of section 194BA(2) will operate.

According to this where the net winnings are wholly in kind or partly in cash, and partly in kind but the part in cash is not sufficient to meet the liability of deduction of tax in respect of whole of the net winnings. In these situations, the person responsible for paying, shall, before releasing the winnings, ensure that tax has been paid in respect of the net winnings. In the above situation, the deductor will release the net winnings in kind after the deductee provides proof of payment of such tax (e.g., Challan details etc.).

In the alternative, as an option to remove difficulty if any, the deductor may deduct the tax under section 194BA and pay to the Government.

ILLUSTRATION 5 (average)

How will the valuation of winnings in kind required to be carried out?

Answer:

The valuation would be based on fair market value of the winnings in kind except in following cases:-

1. The online game intermediary has purchased the winnings before providing it to the user. In that case the purchase price shall be the value for winnings.
2. The online game intermediary manufactures such items given as winnings. In that case, the price that it

charges to its customers for such items shall be the value for such winnings.

It is further clarified that **GST will not be included for the purposes of valuation** of winnings for TDS under section 194BA.

ABC Ltd. makes the following payments to Mr. X, a contractor, for contract work during P.Y.2024-25:

Rs. 20,000 on 1.5.2024

Rs. 25,000 on 1.8.2024

Rs. 28,000 on 1.12.2024

On 1.3.2025, a payment of ₹ 30,000 is due to Mr. X on account of a contract work.

Discuss whether ABC Ltd. is liable to deduct tax at source under section 194C from payments made to Mr. X.

SOLUTION

In this case, the individual contract payments made to Mr. X does not exceed ₹ 30,000. However, since the aggregate amount paid to Mr. X during the P.Y. 2023-24 exceeds ₹ 1,00,000 (on account of the last payment of ₹ 30,000, due on 1.3.2024, taking the total from ₹ 73,000 to ₹ 1,03,000), the TDS provisions under section 194C would get attracted. Tax has to be deducted @ 1% on the entire amount of ₹ 1,03,000 from the last payment of ₹ 30,000 and the balance of ₹ 28,970 [i.e., ₹ 30,000 – ₹ 1,030] has to be paid to Mr. X.

ILLUSTRATION 7 [average]

Certain concessions are granted to transport operators in the context of cash payments u/s 40A(3) and deduction of tax at source u/s 194-C. Elucidate.

SOLUTION

Section 40A(3) provides for disallowance of expenditure incurred in respect of which payment or aggregate of payments made to a person in a day exceeds ₹ 10,000, and such payment or payments are made otherwise than by account payee cheque or account payee bank draft or use of electronic clearing system through bank account or through other prescribed electronic modes.

However, in case of payment made to transport operators for plying, hiring or leasing goods carriages, the disallowance will be attracted only if the payment made to a person in a day exceeds ₹ 35,000. Therefore, payment or aggregate of payments up to ₹ 35,000 in a day can be made to a transport operator otherwise than by way of account payee cheque or account payee bank draft or use of electronic system through bank account or through other prescribed electronic modes, without attracting disallowance u/s 40A(3).

Under section 194C, tax had to be deducted in respect of payments made to contractors at the rate of 1%, in case the payment is made to individual or Hindu Undivided Family or at the rate of 2%, in any other case. However, no deduction is required to be made from any sum credited or paid or likely to be credited or paid during the previous year to the account of a contractor, during the course of the business of plying, hiring or leasing goods carriages, if the following conditions are fulfilled:-

- i. He owns ten or less goods carriages at any time during the previous year.
- ii. He is engaged in the business of plying, hiring or leasing goods carriages;
- iii. He has furnished a declaration to this effect along with his PAN.

ILLUSTRATION 8 (average)

Moon TV, a television channel, made payment of ₹ 50 lakhs to a production house for production of programme for telecasting as per the specifications given by the channel. The copyright of the programme is also transferred to Moon TV. Would such payment be liable for tax deduction at source under section 194C? Discuss. Also, examine whether the provisions of tax deduction at source under section 194C would be attracted if the payment was made by Moon TV for acquisition of telecasting rights of the content already produced by the production house.

SOLUTION

In this case, since the programme is produced by the production house as per the specifications given by Moon TV, a television channel, and the copyright is also transferred to the television channel, the same falls within the scope of definition of the term 'work' under section 194C. Therefore, the payment of ₹ 50 lakhs made by Moon TV to the production house would be subject to tax deduction at source under section 194C.

If, however, the payment was made by Moon TV for acquisition of telecasting rights of the content already produced by the production house, there is no contract for "carrying out any work", as required in section 194C(1). Therefore, such payment would not be liable for tax deduction at source under section 194C.

ILLUSTRATION 9 (average)

XYZ Ltd. pays ₹ 50,000 per month as rent to the Mr. Kishore for a building in which one of its branches is situated. Discuss whether TDS provisions under section 194-I are attracted.

SOLUTION

Section 194-I, which governs the deduction of tax at source on payment of rent, exceeding ₹ 2,40,000 p.a., is applicable to all taxable entities except individuals and HUFs, whose total sales, gross receipts or turnover from the business or profession carried on by him does not exceed ₹ 1 crore in case of business and ₹ 50 lakhs in case of profession during the financial year immediately preceding financial year in which such rent was

credited or paid, is liable to deduct tax at source.

Since the rent paid by XYZ Ltd. to Mr. Kishore exceeds ₹ 2,40,000, the provisions of section 194-I for deduction of tax at source attracted.

The rate applicable for deduction at source under section 194-I on rent paid is 10%, assuming that Mr. Kishore had furnished his PAN to XYZ Ltd.

Therefore, the amount of tax to be deducted at source = ₹ 6,00,000 × 10% = ₹ 60,000

Would your answer change if Mr. X vacated the premises on 31st December, 2024?

Also, what would be your answer if Mr. Y does not provide his PAN to Mr. X?

SOLUTION

Since Mr. X pays rent exceeding ₹ 50,000 per month in the F.Y. 2024-25, he is liable to deduct tax at source @5% till 30.09.2024 and thereafter @2%. The tax is to be deducted in the last month of the P.Y. 2024-25 i.e., March 2025 or in the last month of tenancy, if the property is vacated during the year. Since property is not vacated during the year, ₹ 11,000 [(₹ 55,000 × 2% × 10)] has to be deducted from rent payable for March, 2025.

If Mr. X vacated the premises in December, 2024, then tax of ₹ 7,700 [(₹ 55,000 × 2% × 7)] has to be deducted from rent payable for December, 2024.

In case Mr. Y does not provide his PAN to Mr. X, tax would be deductible @20%, instead of 2%.

In case 1 above, this would amount to ₹ 1,10,000 [₹ 55,000 × 20% × 10], but the same has to be restricted to ₹ 55,000, being rent for March, 2025.

In case 2 above, this would amount to ₹ 77,000 [₹ 55,000 × 20% × 7], but the same has to be restricted to ₹ 55,000, being rent for December, 2024.

Summary of rates and threshold limit under section 194J for deduction of tax at source

Nature of payment	TDS rate	Separate Limit
Fees for technical services (not being professional services)	2%	₹ 30,000
Fees for professional services	10%	₹ 30,000
Royalty in the nature of consideration for sale, distribution or exhibition of cinematographic films	2%	} ₹ 30,000
Other royalty	10%	

Any remuneration or fees or commission, by whatever name called, other than those on which tax is deductible under section 192, to a director of a company	10%	Nil
Non-compete fees	10%	₹ 30,000

In case of a payee, engaged only in the business of operation of call centre, the tax shall be deducted at source @2%

XYZ Ltd. makes a payment of ₹ 28,000 to Mr. Ganesh on 2.8.2024 towards fees for professional services and another payment of ₹ 25,000 to him on the same date towards fees for technical services. Discuss whether TDS provisions under section 194J are attracted.

SOLUTION

TDS provisions under section 194J would not get attracted, since the limit of ₹ 30,000 is applicable for fees for professional services and fees for technical services, separately. It is assumed that there is no other payment to Mr. Ganesh towards fees for professional services and fees for technical services during the P.Y.2024-25.

ILLUSTRATION 12 [average]

Examine whether TDS provisions would be attracted in the following cases, and if so, under which section. Also specify the rate of TDS applicable in each case. Assume that all payments are made to residents.

	Particulars of the payer	Nature of payment	Aggregate of payments made in the FY.2024-25
1.	Mr. Ganesh, an individual carrying on retail business with turnover of ₹ 2.5 crores in the P.Y.2023-24	Contract Payment for repair of residential house	₹ 5 lakhs
		Payment of commission to Mr. Vallish for business purposes	₹ 80,000 in November 2024
2.	Mr. Rajesh, a wholesale trader whose turnover was 95 lakhs in P.Y. 2023-24.	Contract Payment for reconstruction of residential house [made during the period January- March, 2025]	₹ 20 lakhs in January, 2025, 15 lakhs in Feb 2024 and ₹ 20 lakhs in March 2024.
3.	Mr. Satish, a salaried individual	Payment of brokerage for buying a residential house in March, 2025	₹ 51 lakhs

4.	Mr. Dheeraj, a pensioner	Contract payment made during October-November 2024 for reconstruction of residential house	₹ 48 lakhs

SOLUTION

	Particulars of the payer	Nature of payment	Aggregate of payments in the FY.2023-24	Whether TDS provisions are attracted?
1.	Mr. Ganesh, an individual carrying on retail business with turnover of ₹ 2.5 crores in the P.Y.2023-24	Contract Payment for repair of residential house	₹ 5 lakhs	No; TDS under section 194C is not attracted since the payment is for Personal purpose. TDS under section 194M is not attracted as aggregate of contract payment to the payee in the P.Y.2024-25 does not exceed ₹ 50 lakh.
		Payment of commission to Mr. Vallish for Business purposes	₹ 80,000	Yes, u/s 194H, since the payment exceeds ₹ 15,000, and Mr. Ganesh's turnover exceeds ₹ 1 crore in the P.Y.2023-24.
2.	Mr. Rajesh, a wholesale trader whose turnover was ₹ 95 lakhs in P.Y. 2023-24	Contract Payment for reconstruction of residential house	₹ 55 lakhs	Yes, u/s 194M @2%, since the aggregate of payments (i.e., ₹ 55 lakhs) exceed 50 lakhs. Since, his turnover does not exceed ₹ 1 crore in the P.Y.2023-24, TDS provisions under section 194C are not attracted in respect of payments made in the P.Y. 2024-25.
3.	Mr. Satish, a salaried individual	Payment of brokerage for buying a residential house	₹ 51 lakhs	Yes, u/s 194M @2%, since the payment of ₹ 51 lakhs made in March 2025 exceeds the threshold of 50 lakhs. Since Mr. Satish is a salaried individual, the provisions of section 194H are not applicable in this case.

4.	Mr. Dheeraj, a pensioner	Contract payment for reconstruction of residential house	₹ 48 lakhs	TDS provisions under section 194C are not attracted since Mr. Dheeraj is a pensioner. TDS provisions under section 194M are also not applicable in this case, since the payment of ₹ 48 lakhs does not exceed the threshold of ₹ 50 lakhs.

ILLUSTRATION 13 [difficult]

Examine the applicability of the provisions for tax deduction at source under section 194DA in the following cases –

- Mr. X, a resident, is due to receive ₹ 4.50 lakhs on 30.6.2024, towards maturity proceeds of LIC policy taken on 1.7.2021, for which the sum assured is ₹ 4 lakhs and the annual premium is ₹ 1,25,000.
- Mr. Y, a resident, is due to receive ₹ 3.95 lakhs on 31.12.2024 on LIC policy taken on 31.12.2011, for which the sum assured is ₹ 3.50 lakhs and the annual premium is ₹ 26,100.
- Mr. Z, a resident, is due to receive ₹ 95,000 on 1.8.2024 towards maturity proceeds of LIC policy taken on 1.8.2017 for which the sum assured is ₹ 90,000 and the annual premium was ₹ 10,000.

SOLUTION

- Since the annual premium exceeds 10% of sum assured in respect of a policy taken after 31.3.2012, the maturity proceeds of ₹ 4.50 lakhs due on 31.3.2024 are not exempt under section 10(10D) in the hands of Mr. X. Therefore, tax is required to be deducted @ 5% under section 194DA on the amount of income comprised therein i.e., on ₹ 75,000 [₹ 4,50,000, being maturity proceeds - ₹ 3,75,000, being the aggregate amount of insurance premium paid].
- Since the annual premium is less than 20% of sum assured in respect of a policy taken before 1.4.2012, the sum of ₹ 3.95 lakhs due to Mr. Y would be exempt under section 10(10D) in his hands. Hence, no tax is required to be deducted at source under section 194DA on such sum payable to Mr. Y.
- Even though the annual premium exceeds 10% of sum assured in respect of a policy taken after 31.3.2012, and consequently, the maturity proceeds of ₹ 95,000 due on 1.8.2024 would not be exempt under section 10(10D) in the hands of Mr. Z, the tax deduction provisions under section 194DA are not attracted since the maturity proceeds are less than ₹ 1 lakh.

ILLUSTRATION 14 [difficult]

Mr. X sold his house property in Bangalore as well as his rural agricultural land for a consideration of ₹ 60 lakh and ₹ 15 lakh, respectively, to Mr. Y on 1.8.2024. He has purchased the house property and the land in the year 2023 for ₹ 40 lakh and ₹ 10 lakh, respectively. The stamp duty value on the date of transfer, i.e., 1.8.2024, is ₹ 85 lakh and ₹ 20 lakh for the house property and rural agricultural land, respectively. Examine the tax implications in the hands of Mr. X and Mr. Y and the TDS implications, if any, in the hands of Mr. Y, assuming that both Mr. X and Mr. Y are resident Indians.

SOLUTION

(i)	Tax implications in the hands of Mr. X
	As per section 50C, the stamp duty value of house property (i.e. ₹ 85 lakh) would be deemed to be the full value of consideration arising on transfer of property, since the stamp duty value exceeds 110% of the consideration received. Therefore, ₹ 45 lakh (i.e., ₹ 85 lakh – ₹ 40 lakh, being the purchase price) would be taxable as short-term capital gains in the A.Y.2025-26. Since rural agricultural land is not a capital asset, the gains arising on sale of such land is not taxable in the hands of Mr. X.
(ii)	Tax implications in the hands of Mr. Y
	In case immovable property is received for inadequate consideration, the difference between the stamp value and actual consideration would be taxable under section 56(2)(x), if such difference exceeds the higher of ₹ 50,000 and 10% of the consideration. Therefore, in this case ₹ 25 lakh (₹ 85 lakh – ₹ 60 lakh) would be taxable in the hands of Mr. Y under section 56(2)(x). Since agricultural land is not a capital asset, the provisions of section 56(2)(x) are not attracted in respect of receipt of agricultural land for inadequate consideration, since the definition of “property” under section 56(2)(x) includes only capital assets specified thereunder.
(iii)	TDS implications in the hands of Mr. Y
	Since the sale consideration of house property or the stamp duty value of house property exceeds ₹ 50 lakh, Mr. Y is required to deduct tax at source under section 194-IA. The tax to be deducted under section 194-IA would be ₹ 85,000, being 1% of ₹ 85 lakhs (higher of ₹ 60 lakhs or ₹ 85 lakhs). TDS provisions under section 194-IA are not attracted in respect of transfer of rural agricultural land.

Mr. Sharma, a resident Indian aged 77 years, gets pension of ₹ 52,000 per month from the UP State Government. The same is credited to his savings account in SBI, Lucknow Branch. In addition, he gets interest@8% p.a. on fixed deposit of ₹ 20 lakh with the said bank. Out of the deposit of ₹ 20 lakh, ₹ 2 lakh represents five year term deposit made by him on 1.4.2024. Interest on savings bank credited to his SBI savings account for the PY.2024-25 is ₹ 9,500.

1. From the above facts, compute the total income and tax liability of Mr. Sharma for the A.Y.2025-26, assuming that he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).
2. What would be the amount of tax deductible at source by SBI, assuming that the same is a specified bank? Is Mr. Sharma required to file his return of income for A.Y. 2025-26, if tax deductible at source has been fully deducted? Examine.
3. Is Mr. Sharma required to file his return of income for A.Y. 2025-26, if the fixed deposit of ₹ 20 lakh was with Canara Bank instead of SBI, other facts remaining the same?

- 2) SBI, being a specified bank, is required to deduct tax at source u/s 194P and remit the same to the Central Government. In such a case, Mr. Sharma would not be required to file his return of income u/s 139.
- 3) If the fixed deposit of ₹ 20 lakh is with a bank other than SBI, which is the bank where his pension is credited, then, Mr. Sharma would not qualify as a “specified senior citizen”. In this case, Mr. Sharma would have to file his return of income u/s 139, since his total income (without giving effect to deduction under Chapter VI-A) exceeds the basic exemption limit.

Whether payment through overseas credit card would be counted in LRS?

Answer:

No TCS shall be applicable on expenditure through international credit card while being overseas till further order.

ILLUSTRATION 17 (average)

Whether the threshold of ₹ 7 lakh, for TCS to become applicable on LRS, applies separately for various purposes like education, health treatment and others? For example, if remittance of ₹ 7 lakh under LRS is made in a financial year for education purpose and other remittances in the same financial year of ₹ 7 lakh is made for

medical treatment and ₹ 7 lakh for other purposes, whether the exemption limit of ₹ 7 lakh shall be given to each of the three separately?

Answer:

It is clarified that the threshold of ₹ 7 lakh for LRS is combined threshold for applicability of the TCS on LRS irrespective of the purpose of the remittance. Thus, in the given example, upto ₹ 7 lakh remittance under LRS during a financial year shall not be liable for TCS. However, subsequent ₹ 14 lakh remittance under LRS shall be liable for TCS in accordance with the TCS rates applicable for such remittance. TCS rates would be applicable as under:-

Remittances	Rate of TCS
First ₹ 7 lakh remittance under LRS during the financial year 2024-25 for education purpose (or for that matter any purpose)	No TCS
Remittances beyond ₹ 7 lakh under LRS during the financial year 2024-25	TCS at 0.5% (if it is for education purpose financed by loan from a financial institution), 5% (if it is for education or medical treatment) and 20% (if it is for other purposes)

ILLUSTRATION 18 (average)

Whether the threshold of ₹ 7 lakh, for TCS to become applicable on LRS, applies separately for each remittance through different authorised dealers? If not, how will authorised dealer know about the earlier remittances by that remitter through some other authorised dealer?

Answer:

It is clarified that the threshold of ₹ 7 lakh for LRS is qua remitter and not qua authorised dealer. Since the facility to provide real time update of remittance under LRS by remitter is still under development by the RBI, it is clarified that the details of earlier remittances under LRS by the remitter during the financial year may be taken by the authorised dealer through an undertaking at the time of remittance. If the authorised dealer correctly collects the tax at source based on information given in this undertaking, he will not be treated as "assessee in default". However, for any false information in the undertaking, appropriate action may be taken against the remitter under the Act.

It is further clarified that same methodology of taking undertaking from the buyer of overseas tour program package may be followed by the seller of such package.

ILLUSTRATION 19 (average)

There is threshold of ₹ 7 lakh for remittance under LRS for TCS to become applicable while there is another threshold of ₹ 7 lakh for purchase of overseas tour program package where reduced rate of 5% of TCS applies. Whether these two thresholds apply independently?

Answer:

Yes, these two thresholds apply independently. For LRS, the threshold of ₹ 7 lakh applies to make TCS applicable. For purchase of overseas tour program package, the threshold of ₹ 7 lakh applies to determine the applicable TCS rate as 5% or 20%.

ILLUSTRATION 20 (average)

A resident individual spends ₹ 3 lakh for purchase of overseas tour program package from a foreign tour operator and remits money which is classified under LRS. There is no other remittance under LRS or purchase of overseas tour program during the financial year. Whether TCS is applicable?

Answer:

In case of purchase of overseas tour program package which is classified under LRS, TCS provision for purchase of overseas tour program package shall apply and not TCS provisions for remittance under LRS. Since for purchase of overseas tour program package, the threshold of ₹ 7 lakh for applicability of TCS does not apply, TCS is applicable and tax is required to be collected by the seller. In this case the tax shall be required to be collected at 5% since the total amount spent on purchase of overseas tour program package during the financial year is less than ₹ 7 lakh. The TCS should be made by the seller.

ILLUSTRATION 21 (average)

There are different rates for remittance under LRS for medical treatment/education purposes and for other purposes. What is the scope of remittance under LRS for medical treatment/education purposes?

Answer:

As per the clarification by the RBI, remittance for the purposes of medical treatment shall include,-

- i. remittance for purchase of tickets of the person to be treated medically overseas (and his attendant) for commuting between India and the overseas destination;

- ii. his medical expense; and
- iii. other day to day expenses required for such purpose.

Education Remittance for purpose of education shall include,-

- i. remittance for purchase of tickets of the person undertaking study overseas for commuting between India and the overseas destination;
- ii. the tuition and other fees to be paid to educational institute; and
- iii. other day to day expenses required for undertaking such study.

ILLUSTRATION 22 (average)

Whether purchase of international travel ticket or hotel accommodation on standalone basis is purchase of overseas tour program package?

Answer:

The term 'overseas tour program package' is defined as to mean any tour package which offers visit to a country or countries or territory or territories outside India and includes expenses for travel or hotel stay or boarding or lodging or any other expenditure of similar nature or in relation thereto.

It is clarified that purchase of only international travel ticket or purchase of only hotel accommodation, by itself is not covered within the definition of 'overseas tour program package'. To qualify as 'overseas tour program package', the package should include at least two of the followings:

- (i) international travel ticket,
- (ii) hotel accommodation (with or without food)/boarding/lodging,
- (iii) any other expenditure of similar nature or in relation thereto.

Q.23 Whether TCS@1% is on sale of motor vehicle at retail level or also on sale of motor vehicles by manufacturers to dealers/ distributors?

(average)

A. To bring high value transactions within the tax net, section 206C has been amended to provide that the seller shall collect the tax @ 1% from the purchaser on sale of motor vehicle of the value exceeding ₹ 10 lakhs. This is brought to cover all transactions of retail sales and accordingly, it will not apply on sale of motor vehicles by manufacturers to dealers/distributors.

Q.24 Whether TCS@1% on sale of motor vehicle is applicable only to luxury cars?

[average]

A. No, as per section 206C(1F), the seller shall collect tax@1% from the purchaser on sale of any motor vehicle of the value exceeding ₹ 10 lakhs.

Q.25 Whether TCS@1% is applicable in the case of sale to Government Departments, Embassies, Consulates and United Nation Institutions, of motor vehicle or any other goods or provision of services?

[average]

A. Government, institutions notified under United Nations (Privileges and Immunities) Act 1947, and Embassies, Consulates, High Commission, Legation, Commission and trade representation of a foreign State shall not be liable to levy of TCS@1% under section 206C(1F).

Q.26 Whether TCS is applicable on each sale of motor vehicle or on aggregate value of sale during the year?

[average]

A. Tax is to be collected at source@1% on sale consideration of a motor vehicle exceeding ₹ 10 lakhs. It is applicable to each sale and not to aggregate value of sale made during the year.

Q.27 Whether TCS@1% on sale of motor vehicle is applicable in case of an individual?

[average]

A. The definition of "Seller" as given in clause (c) of the Explanation below sub-section (11) of section 206C shall be applicable in the case of sale of motor vehicles also.

Q.28 How would the provisions of TCS on sale of motor vehicle be applicable in a case where part of the payment is made in cash and part is made by cheque?

[average]

A. The provisions of TCS on sale of motor vehicle exceeding ₹ 10 lakhs is not dependent on mode of payment. Any sale of motor vehicle exceeding ₹ 10 lakhs would attract TCS@1%.

ILLUSTRATION 30 [difficult]

Mr. Gupta, a resident Indian, is in retail business and his turnover for FY.2023-24 was ₹ 12 crores. He regularly purchases goods from another resident, Mr. Agarwal, a wholesaler, and the aggregate payments during the FY.2024-25 was ₹ 95 lakh (₹ 20 lakh on 1.6.2024, ₹ 25 lakh on 12.8.2024, ₹ 22 lakh on 23.11.2024 and ₹ 28 lakh on 25.3.2025). Assume that the said amounts were credited to Mr. Agarwal's account in the books of Mr. Gupta on the same date. Mr. Agarwal's turnover for FY.2023-24 was ₹ 15 crores.

1. Based on the above facts, examine the TDS/TCS implications, if any, under the Income-tax Act, 1961.
2. Would your answer be different if Mr. Gupta's turnover for FY.2023-24 was ₹ 8 crores, all other facts remaining the same?
3. Would your answer to [1] and [2] change, if PAN has not been furnished by the buyer or seller, as required?

SOLUTION

1. Since Mr. Gupta's turnover for FY.2023-24 exceeds 10 crores, and payments made by him to Mr. Agarwal, a resident seller exceed ₹ 50 lakhs in the FY.2024-25, he is liable to deduct tax@0.1% of ₹ 45 lakhs (being

the sum exceeding ₹ 50 lakhs) in the following manner-

No tax is to be deducted u/s 194Q on the payments made on 1.6.2024 and 12.8.2024, since the aggregate payments till that date i.e. 45 lakhs, has not exceeded the threshold of ₹ 50 lakhs.

Tax of ₹ 1,700 (i.e., 0.1% of ₹ 17 lakhs) has to be deducted u/s 194Q from the payment/ credit of ₹ 22 lakh on 23.11.2024 [₹ 22 lakh – ₹ 5 lakhs, being the balance unexhausted threshold limit].

Tax of ₹ 2,800 (i.e., 0.1% of ₹ 28 lakhs) has to be deducted u/s 194Q from the payment/ credit of ₹ 28 lakhs on 25.3.2025.

Note – In this case, since both section 194Q and 206C(1H) applies, tax has to be deducted u/s 194Q.

2. If Mr. Gupta's turnover for the FY.2023-24 was only ₹ 8 crores, TDS provisions under section 194Q would not be attracted. However, TCS provisions under section 206C(1H) would be attracted in the hands of Mr. Agarwal, since his turnover exceeds ₹ 10 crores in the FY.2023-24 and his receipts from Mr. Gupta exceed ₹ 50 lakhs.

No tax is to be collected u/s 206C(1H) on 1.6.2024 and 12.8.2024, since the aggregate receipts till that date i.e. 45 lakhs, has not exceeded the threshold of ₹ 50 lakhs.

Tax of ₹ 1,700 (i.e., 0.1% of ₹ 17 lakhs) has to be collected u/s 206C(1H) on 23.11.2024 [₹ 22 lakh – ₹ 5 lakhs, being the balance unexhausted threshold limit].

Tax of ₹ 2,800 (i.e., 0.1% of ₹ 28 lakhs) has to be collected u/s 206C(1H) on 25.3.2025.

3. In case [1], if PAN is not furnished by Mr. Agarwal to Mr. Gupta, then, Mr. Gupta has to deduct tax@5%, instead of 0.1%. Accordingly, tax of ₹ 85,000 (i.e., 5% of ₹ 17 lakhs) and ₹ 1,40,000 [5% of ₹ 28 lakhs] has to be deducted by Mr. Gupta u/s 194Q on 23.11.2024 and 25.3.2025, respectively.

In case [2], if PAN is not furnished by Mr. Gupta to Mr. Agarwal, then, Mr. Agarwal has to collect tax@1% instead of 0.1%. Accordingly, tax of ₹ 17,000 [i.e., 1% of ₹ 17 lakhs] and ₹ 28,000 [1% of ₹ 28 lakhs] has to be collected by Mr. Agarwal u/s 206C(1H) on 23.11.2024 and 25.3.2025, respectively.

ANSWERS

31] As the turnover of business carried on by Ashwin for F.Y. 2023-24, has exceeded ₹ 1 crore, he has to comply with the tax deduction provisions during the financial year 2024-25, subject to, the exemptions provided for under the relevant sections for applicability of TDS provisions.

Interest paid to UCO Bank

TDS under section 194A is not attracted in respect of interest paid to a banking company.

Contract payment of ₹ 24,000 to Raj for 2 contracts of ₹ 12,000 each

TDS provisions under section 194C would not be attracted if the amount paid to a contractor does not exceed ₹ 30,000 in a single payment or ₹ 1,00,000 in the aggregate during the financial year. Therefore, TDS provisions under section 194C are not attracted in this case.

Shop Rent paid to one payee – Tax has to be deducted @10% under section 194-I as the annual rental payment exceeds ₹ 2,40,000.

Commission paid to Balu – No, tax has to be deducted under section 194H in this case as the commission does not exceed ₹ 15,000.

32]

- i. No tax is required to be deducted at source under section 194C by M/s S Ltd. on payment to transporter Mr. R, since he satisfies the following conditions:
 - He owns ten or less goods carriages at any time during the previous year.
 - He is engaged in the business of plying, hiring or leasing goods carriages;
 - He has furnished a declaration to this effect along with his PAN.
- ii. As per section 194J, liability to deduct tax is attracted only in case the payment made as fees for technical services and royalty, individually, exceeds ₹ 30,000 during the financial year. In the given case, since, the individual payments for fee of technical services i.e., ₹ 25,000 and royalty ₹ 20,000 is less than ₹ 30,000 each, there is no liability to deduct tax at source. It is assumed that no other payment towards fees for technical services and royalty were made during the year to Mr. Shyam.
- iii. Provisions of section 194C are not attracted in this case, since the payment for repair of building on 30.06.2024 to M/s X Ltd. is less than the threshold limit of ₹ 30,000.
- iv. According to section 194C, the definition of “work” does not include the manufacturing or supply of product according to the specification by customer in case the material is purchased from a person

other than the customer or associate of such customer. Therefore, there is no liability to deduct tax at source in respect of payment of ₹ 2,00,000 to Mr. A, since the contract is a contract for 'sale'.

- v. As per section 194LA, any person responsible for payment to a resident, any sum in the nature of compensation or consideration on account of compulsory acquisition under any law, of any immovable property, is responsible for deduction of tax at source if such payment or the aggregate amount of such payments to the resident during the financial year exceeds ₹ 2,50,000. In the given case, no liability to deduct tax at source is attracted as the payment made does not exceed ₹ 2,50,000.
- vi. As per section 194H, tax is deductible at source if the amount of commission or brokerage or the aggregate of the amounts of commission or brokerage credited or paid during the financial year exceeds ₹ 15,000.

Since the commission payment made to Mr. Y does not exceed ₹ 15,000, the provisions of section 194H are not attracted.

33]

- a) Since the rent paid for hire of machinery by B. Ltd. to Mr. Raman exceeds ₹ 2,40,000, the provisions of section 194-I for deduction of tax at source are attracted.

The rate applicable for deduction of tax at source under section 194-I on rent paid for hire of plant and machinery is 2%, assuming that Mr. Raman had furnished his permanent account number to B Ltd.

Therefore, the amount of tax to be deducted at source: = ₹ 2,60,000 × 2% = ₹ 5,200.

Note: In case Mr. Raman does not furnish his permanent account number to B Ltd., tax shall be deducted @ 20% on ₹ 2,60,000, by virtue of provisions of section 206AA.

- b) As per the provisions of section 194J, a HUF is required to deduct tax at source on fees paid for professional services only if the total sales, gross receipts or turnover from the business or profession exceed ₹ 1 crore in case of business or ₹ 50 lakhs in case of profession, as the case may be, in the financial year preceding the current financial year and such payment made for professional services is not exclusively for the personal purpose of any member of Hindu Undivided Family.

Section 194M, provides for deduction of tax at source by a HUF (which is not required to deduct tax at source under section 194J) in respect of fees for professional service if such sum or aggregate of such sum exceeds ₹ 50 lakhs during the financial year.

In the given case, the fees for professional service to Dr. Srivatsan is paid on 1.12.2024 for a personal purpose, therefore, section 194J is not attracted. Section 194M would have been attracted, if the payment or aggregate of payments exceeded ₹ 50 lakhs in the P.Y. 2024-25. However, since the payment does not exceed ₹ 50 lakh in this case, there is no liability to deduct tax at source under section 194M also.

- c) Section 194J provides for deduction of tax at source @10% from any sum paid by way of any remuneration or fees or commission, by whatever name called, to a resident director, which is not in the nature of salary on which tax is deductible under section 192. The threshold limit of ₹ 30,000 upto which the provisions of tax deduction at source are not attracted in respect of every other payment covered under section 194J is, however, not applicable in respect of sum paid to a director.

Therefore, tax@10% has to be deducted at source under section 194J in respect of the sum of ₹ 19,000 paid by ABC Ltd. to its director.

Therefore, the amount of tax to be deducted at source: = ₹ 19,000 x 10% = ₹ 1,900

34]

1. Provisions of tax deduction at source under section 194C are attracted in respect of payment by a company to a sub-contractor. Under section 194C, tax is deductible at the time of credit or payment, whichever is earlier @ 1% in case the payment is made to an individual.

Since the aggregate amount credited or paid during the year is ₹ 4,20,000, tax is deductible @ 1% on ₹ 4,20,000.

Tax to be deducted = ₹ 4,20,000 x 1% = ₹ 4,200

2. Under section 194BB, tax is to be deducted at source, if the winnings from horse races exceed ₹ 10,000. The rate of deduction of tax at source is 30%.

Hence, tax to be deducted = ₹ 1,50,000 x 30% = ₹ 45,000.

3. As per section 194LA, any person responsible for payment to a resident, any sum in the nature of compensation or consideration on account of compulsory acquisition under any law, of any immovable property, is required to deduct tax at source, if such payment or the aggregate amount of such payments to the resident during the financial year exceeds ₹ 2,50,000.

In the given case, there is no liability to deduct tax at source as the payment made to Mr. A does not exceed ₹ 2,50,000.

35] The proviso to section 234C contains the provisions for payment of advance tax in case of capital gains and casual income.

Advance tax is payable by an assessee on his/its total income, which includes capital gains and casual income like income from lotteries, crossword puzzles, etc.

Since it is not possible for the assessee to estimate his capital gains, or income from lotteries etc., it has been provided that if any such income arises after the due date for any instalment, then, the entire amount of the tax payable [after considering tax deducted at source] on such capital gains or casual income should be paid in the remaining instalments of advance tax, which are due.

Where no such instalment is due, the entire tax should be paid by 31st March of the relevant financial year.

No interest liability on late payment would arise if the entire tax liability is so paid.

Note: In case of casual income, the entire tax liability is fully deductible at source @30% under section 194B, 194BA and 194BB. Therefore, advance tax liability would arise only if the surcharge, if any, and health and education cess@4% in respect thereof, along with tax liability in respect of other income, if any, is 10,000 or more.

Answer 38

X, the payer, is an individual. His turnover for the preceding financial year exceeds ₹ 1 crore. Consequently, tax is to be deducted u/s 194A. Section 194A is applicable in such a case regardless of the fact whether payment of interest pertains to a personal loan or a business loan. Tax will be deductible on ₹ 5,00,000 as well as ₹ 6,00,000 @ 10%.

Answer 39

- Section 194B requires a person responsible for paying to any person any income by way of winnings from lotteries or crossword puzzles exceeding ₹ 10,000 to deduct TDS @ 30% at the time of payment of such prize money. Where the winnings are wholly in kind, the person responsible for paying winnings shall, before releasing the winnings in kind, ensure that tax has been paid in respect of such winnings.
- If the amount of TDS is to be recovered from Mr A, TDS liability would come out to ₹ 2,40,000 (30% of ₹ 8,00,000). The car would be released to Mr A only once the amount of TDS has been recovered from Mr A.
- If the amount of TDS is not to be recovered from Mr A, then the amount of winnings of ₹ 8,00,000 would be grossed-up. The grossed-up amount would be ₹ 11,42,857.14 (₹ 8,00,000/70%). TDS liability would come out to ₹ 3,42,857.14 (30% of ₹ 11,42,857.14)

Answer 40

- a) Amount of TDS shall be ₹ 1,50,000 (₹ 5,00,000 × 30%).
- b) Amount of TDS shall be Nil because no TDS is to be deducted u/s 194BB if the amount of winnings from horse races does not exceed ₹ 10,000.

Answer 41

- In the case of an individual, the provisions of Section 194C shall apply if the turnover from business during the preceding financial year exceeds ₹ 1 crore and payment is made for a purpose other than personal purpose.

- In the given case, since the business turnover of Mrs Y has exceeded ₹ 1 crore for the year ended 31st March 2024 and the payment is relating to business activities, she shall be liable to deduct tax at source in respect of payment made to a contractor during PY 2024-25 at the applicable rate.

Answer 42

- Where a person manufactures or supplies product according to the requirement or specification of a customer by using material purchased from the customer himself or his associate, such transaction is covered within the scope of Section 194C.
- In the present case, Y Ltd procures raw-material from X Ltd and supplies a product as per the specifications of X Ltd. Payment made to Y Ltd is covered u/s 194C. Since the contractor is a company, TDS rate would be 2%.
- TDS shall be deducted on the invoice value excluding the value of material purchased from such customer if such value is mentioned separately in the invoice. Where the material component has not been separately mentioned in the invoice, TDS shall be deducted on the whole of the invoice value.

Answer 43

- Tax is deductible u/s 194C if consideration for a single contract exceeds ₹ 30,000. Moreover, tax is deductible u/s 194C if the aggregate consideration for all contracts during a financial year exceeds ₹ 1,00,000
- In the present problem, consideration for one single contract in none of the cases exceeds ₹ 30,000. However, aggregate consideration for all the five contracts is more than ₹ 1,00,000. consequently, X Ltd is liable to deduct tax @ 2% of the aggregate consideration of ₹ 1,02,000. TDS amount shall be ₹ 2,040.
- In case value of Contract No 5 is ₹ 1,000, then X Ltd will not be liable to deduct tax u/s 194C because the aggregate consideration of all the five contracts is ₹ 73,000.

Answer 44

- Payment/credit of consideration of a works contract to a resident contractor is covered by Section 194C. Tax will be deducted at the rate of 1% (if recipient is an individual/HUF) or 2% (if recipient is any other person). If PAN of the contractor is not available, tax will be deducted at the rate of 20%.
- No tax is required to be deducted in case payment is being made to a transporter provided all the conditions listed below are fulfilled:
 - > The transporter is engaged in the business of plying, hiring or leasing goods carriages;

- > The transporter owns ten or less goods carriages at any time during the PY; and
- > The transporter has furnished a declaration to this effect along with his PAN.

• The amount of TDS under the different situations has been calculated below:

Particulars	Amount (₹)
Payment to A [All the conditions listed above are fulfilled, thus no TDS]	Nil
Payment to B [PAN has not been intimated, thus TDS @ 20% of ₹ 1,20,000]	24,000
Payment to C [PAN has been intimated, tax will be deducted @ 1% of ₹ 21,50,000]	21,500
Payment to D [PAN has not been intimated, thus TDS @ 20% of ₹ 2,00,000]	40,000
Total	85,500

TDS On Rent - Section 194I

Answer 45

Cases	Person Receiving The Payment [Payee]	Mr A	Mr B	Mr C	Mr D
	Person Making The Payment [Payer]	Mr P [Turnover of PY 2023-24 is ₹ 90L]	Mr P [Turnover of PY 202-243 is ₹ 1.2 Cr]	Partnership Firm	Company [Indian Company]
Case 1:	House Property Rent (PY 24-25)	₹ 3,00,000	₹ 3,00,000	₹ 3,00,000	₹ 3,00,000
	Amount of TDS (₹)	Nil	₹ 30,000	₹ 30,000	₹ 30,000
Case 2:	Rent for P&M (PY 24-25)	₹ 3,00,000	₹ 3,00,000	₹ 3,00,000	₹ 3,00,000
	Amount of TDS (₹)	Nil	₹ 6,000	₹ 6,000	₹ 6,000

	Amount of TDS (₹)	Nil	Nil	Nil	Nil
Case 4:	Rent for P&M (PY 24-25)	₹ 2,00,000	₹ 2,00,000	₹ 2,00,000	₹ 2,00,000
	Amount of TDS (₹)	Nil	Nil	Nil	Nil

Answer 46

- X, the payer, is an individual. His business turnover for PY 2023-24 exceeds ₹ 1 crore. Consequently, tax is deductible on payment/credit of rent u/s 194I for PY 2024-25. Section 194I is applicable regardless of the fact whether payment/credit of rent is for personal purposes or business purposes.
- Rate of TDS will be 10% where rent is paid for land, building, furniture, fixtures, etc. Rate of TDS will be 2% where rent is paid for use of machinery, plant or equipment.
- In the present case, TDS of ₹ 50,000 will be deducted in case of rent paid to A Ltd for renting of residential property. Further TDS of ₹ 12,000 will be deducted in case of rent paid to B for taking a machinery on rent.

Answer 47

If PAN is not intimated by the recipient to the deductor, the rate of TDS shall be either the normal rate (ie 10%.) or flat rate of 20%, whichever is higher. In the present case, rent for the entire year comes out to ₹ 4,80,000 which is more than the threshold limit of ₹ 2,40,000 as given u/s 194I. Accordingly, TDS is to be deducted at the rate of 20% on each monthly payment of ₹ 40,000. TDS for one month would come to ₹ 8,000 and ₹ 96,000 for the entire year.

Answer 48

- Since the sale consideration of residential house exceeds ₹ 50 lakhs, Mr Dhanapaf is required to deduct tax at source @ 1% of sale consideration of ₹ 60 lakhs u/s 194IA.
- TDS provisions u/s 194IA are not attracted in respect of transfer of rural agricultural land, even if the consideration exceeds ₹ 50 lakhs.

Answer 49

- Section 194J is applicable if the payment has been made in connection with receipt of professional services. Professional services would include services rendered by a lawyer, engineer, architect, accountant, etc. CBDT has notified that professional services would also include services provided by sportspersons, umpires, sports columnists, commentators, anchors, trainers, etc.
- Therefore, services provided in all the three cases would get covered within the scope of 'professional services' & since the amount in each individual case exceeds ₹ 30,000, tax would be required to be deducted u/s 194J.

TDS Procedures

Answer 50

Interest u/s 201(1A) would be computed as follows:

Particulars	Amount (₹)
Interest @ 1% on ₹ 4,000 for 8 months (01.07.2025 to 28.02.2025)	320
Interest @ 1.5% on ₹ 9,000 for 4 months (28.02.2025 to 22.06.2025)	540
Total Interest Payable u/s 201	860

Answer 51

As the business turnover of AAr Ashwin for FY 2023-24 (ie ₹ 120 lakhs) exceeds the monetary limit of ₹ 1 crore, he has to comply with TDS provisions given u/s 194A, 194C, 194H, 194I & 194J during FY 2024-25, subject to, however, the exemptions provided under relevant sections for applicability of TDS.

- Commission Paid To Babloo: Tax is to be deducted @ 5% u/s 194H if the amount of commission exceeds ₹ 15,000. Since the amount of commission is ₹ 18,000, TDS is to deducted u/s 194H @ 5%. Amount of TDS would be ₹ 900.
- Payment To Vijay For Repair Of Office Building: TDS is to be deducted @ 1% u/s 194C if the payment is made to an individual for repair of office building; however, tax has to be deducted only if the payment exceeds ₹ 30,000. In this case, Mr Ashwin is not required to deduct tax at source, as the amount of payment towards repair of office building does not exceed ₹ 30,000, assuming that ₹ 23,000 is the only payment made to Mr Vijay during PY 2024-25.
- Payment Of Fees For Technical Services To Vivek: TDS is to be deducted @ 2% u/s 194J since the amount of fees for technical services paid to Vivek exceeds ₹ 30,000. Amount of TDS would be ₹ 700 (2% of ₹ 35,000).

Answer 52

- The annual premium exceeds 10% of sum assured in respect of a policy taken after 31.3.2012, and consequently, the maturity proceeds of ₹ 95,000 would not be exempt u/s 10(10D) in the hands of Ms Varsha. However, tax deduction provisions u/s 194DA are not attracted since the maturity proceeds are less than ₹ 1 lakh.

- ii. Since the sale consideration of house property is less than ₹ 50 lakhs, Mr Karan is not required to deduct tax at source u/s 194IA, irrespective of the fact that the Stamp Duty Value is more than the sale consideration as well as the threshold limit of ₹ 50 lakhs.
- iii. The threshold limit of ₹ 30,000 specified u/s 194J is separately for fees for professional services and royalty. Therefore, XYZ Private Limited is not required to deduct tax at source u/s 194J either on fee of ₹ 22,000 for professional services or on royalty of ₹ 18,000 paid to Mr Narayan, since the payment under each category does not exceed the independent threshold ₹ 30,000 specified thereunder.
- iv. As per Section 194C, the definition of 'work' does not include the manufacturing or supply of product according to the specification by customer in case the material is purchased from a person other than the customer. Therefore, M/s ABC Limited is not required to deduct tax at source in respect of payment of ₹ 1,75,000 to Mr Vaibhav, for purchase of calendar according to its specifications, since it did not supply the material for such calendar. Hence, the contract is a contract for 'sale' and not a works contract.
- v. Talent Private Limited is required to deduct tax at Source @ 10% on sifting fees of ₹ 12,000 paid to its director; since the threshold limit of ₹ 30,000 u/s 194J is not applicable in respect of fees paid to a director of a company.
- vi. Since Radha Limited is engaged only in the business of operation of call centre, Shyam Limited is required to deduct tax at source @ 2% on the amount of ₹ 70,000 u/s 194J on 18.3.2025, ie at the time of credit of call centre service charges to the account of Radha Limited, since the said date is earlier than the payment date [ie, 28.3.2025].

Answer 53

- i. No tax is deductible u/s 192A even though the employee, Mr Tandon, has not completed 5 years of continuous service, since termination of employment is on account of his ill-health.
- ii. Since the interest on recurring deposit credited to the account of Mr Hasan, a senior citizen, does not exceed ₹ 50,000 during PY 2024-25, no tax is deductible at source u/s 194A.
- iii. Tax is deductible @ 30% u/s 194B by M/s Maximus Retail Ltd. from the prize money of ₹ 21,000 payable to the customer, since the winnings exceed ₹ 10,000.
- iv. Service fees paid to bank for processing the loan application is covered within the scope of the phrase 'interest'. No tax is deductible at source u/s 194A, since the service fees is being paid to a banking company, ie Finance Bank Ltd.

- v. Mr Ashok, a salaried individual, is liable to deduct tax at source @ 2% u/s 194IB on ₹ 1,56,000 [being rent for 3 months from December 2024 to February 2025] from the rent of ₹ 52,000 payable on 1st February 2025, since the monthly rent exceeds ₹ 50,000.

Answer 54

- i. Mr Kale, being a pensioner, would not be liable to deduct tax at source u/s 194C. However, he has to deduct tax at source @ 5% u/s 194M, since the aggregate amount of payment to the contractor for his personal purposes, ie for reconstruction of his residential house in Arunachal Pradesh, exceeds the threshold limit of ₹ 50,00,000. TDS u/s 194M = ₹ 52,50,000 x 5% = ₹ 2,62,500.
- ii. Mr Rahul is required to deduct tax at source u/s 194C, since his turnover from business in FY 2023-24 exceeds ₹ 1 crore. TDS rate shall be @ 1% as the payment is made to an individual. TDS u/s 194C = ₹ 50L x 1% = ₹ 50,000.
- iii. Mr Golu is not required to deduct tax at source u/s 194H on commission paid to Mr Vinay in PY 2024-25 since his turnover from his business does not exceed ₹ 1 crore during PY 2023-24. Further, Mr Golu is also not required to deduct tax at source u/s 194M on the said commission paid to Mr Vinay since the commission paid does not exceed ₹ 50 lakhs during PY 2024-25.
- iv. Since XYZ Urban Co-Operative Bank is responsible for paying a sum exceeding ₹ 1 crore (₹ 1.2 crore, in this case) in cash to ABC & Co, a partnership firm, during FY 2024-25, the bank is required deduct tax at source @ 2% of such sum. TDS u/s 194N = ₹ 20,00,000 x 2% = ₹ 40,000.

Answer 55

- i. The arrangement between Mr Mahesh, the customer, and M/s Fresh Cold Storage Pvt Ltd. the cold storage owner, is basically contractual in nature and main object of the cold storage is to preserve perishable goods by mechanical process and storage of such goods is only incidental. Hence, the provisions of Section 194C will be applicable to the amount of ₹ 6 lakhs paid by Mr Mahesh to the cold storage company. TDS u/s 194C = 2% of ₹ 6 lakhs = ₹ 12,000.
- ii. Mr Ramu, being a salaried individual, has to deduct TDS @ 2% u/s 194IB on the annual rent paid by him from the last month's rent [rent of March 2025], since the rent paid by him exceeds ₹ 50,000 p.m. Since his landlord [Mr Shiv Kumar] has not furnished his PAN to Mr Ramu, tax has to be deducted @ 20% instead of 2%, however the same cannot exceed ₹ 60,000, being rent for March 2025. TDS u/s 194IB = ₹ 5,40,000 [₹ 60,000 x 9] x 20% = ₹ 1,08,000, but restricted to ₹ 60,000, being rent for March 2025.

Answer 56

- i. Since ABC Ltd. being the producer of the natural gas, sells as well as transports the gas to M/s Deep Co, the purchaser, till the point of delivery, where the ownership of gas is simultaneously transferred to M/s Deep Co, the manner of raising the invoice (whether the transportation charges are embedded in the cost of gas or shown separately) does not alter the basic nature of such contract which remains essentially a contract for sale' and not a 'works contract' as envisaged in section 194C. Therefore, in such circumstances, the TDS provisions would not be attracted on ₹ 1,70,000, being the component of gas transportation charges paid by M/s Deep Co to ABC Ltd.
- ii. In this case, the individual contract payments {through the bills dated 30.4.2024, 30.6.2024 and 30.9.2024} made by ABC LLP to XYZ does not exceed ₹ 30,000. However, since the aggregate amount paid to XYZ during PY 2024-25 exceeds ₹ 1,00,000 (on account of the last payment of ₹ 32,000, due on 30.12.2024, taking the total from ₹ 80,000 to ₹ 1,12,000), the TDS provisions u/s 194C would get attracted on the entire sum of ₹ 1,12,000. Tax has to be deducted @ 2% (since payment is to a firm, XYZ) on the entire amount of ₹ 1,12,000, from the last payment of ₹ 32,000 on 30.12.2024. Hence, TDS u/s 194C = ₹ 2,240.

Answer 57

- i. Tax @ 10% has to be deducted by S and Co Ltd u/s 194J on directors sitting fees of ₹ 25,000. The threshold limit of ₹ 30,000 is not applicable in respect of sum paid to a director. TDS Amount - ₹ 25,000 x 10% = ₹ 2,500
- ii. There is no liability to deduct tax at source u/s 194LA, since the payment to Mr Mohan, a resident, by State of Haryana on compulsory acquisition of his urban land does not exceed the threshold limit of ₹ 2,50,000.
- iii. Since Mr Purushotham's turnover for PY 2023-24 exceeds ₹ 10 crores, and value of goods purchased from Mr Agarwal, a resident seller, exceeds ₹ 50 lakhs in PY 2024-25, he is liable to deduct tax @ 0.1% on ₹ 30 lakhs (being the sum exceeding ₹ 50 lakhs), at the time of credit or payment, whichever is earlier.
 - On 10.6.2024 = Nil (No tax is to be deducted u/s 194Q on the purchases made on 10.6.2024 since the purchases made till that date has not exceeded the threshold of ₹ 50 lakhs)
 - On 20.8.2024 = 0.1% of ₹ 2 lakhs (amount exceeding ₹ 50 lakhs) = ₹ 200
 - On 12.10.2024 = 0.1% of ₹ 28 lakhs = ₹ 2,800

Answer 58**i. Section 194R - TDS Implications Where Product Is Given To A Social Media Influencer For Using The Product And Reviewing The Same By Making An Audio/Video About The Same:**

> In case of benefit or perquisite being a product like car, mobile, outfit, cosmetics, etc and if the product is returned to the manufacturing company after using for the purpose of rendering service, then it will not be treated as a benefit/perquisite for the purposes of Section 194R.

> However, if the product is retained then it would be in the nature of benefit/perquisite and tax is required to be deducted accordingly u/s 194R.

In the present case. Miss Tara uses the car for 7 months for her personal purposes, records a video reviewing the car and then returns the car to the company. It may be assumed that the usage of the car by Miss Tara for 7 months is essential for reviewing the car's performance and without such usage, it won't be possible for Miss Tara to record the video about the car's performance. Basis the above assumption, no TDS obligations would arise u/s 194R.

ii. The arrangement entered between Ms Aruna and Mr Suresh is a contract for supply of labour. Section 194C is not applicable in case of payments made by Ms Aruna to Mr Suresh since Ms Aruna is a salaried employee and not carrying on business/profession. Since payments made by Ms Aruna exceeds ₹ 50,00,000, Ms Aruna is required to deduct TDS @ 5% u/s 194M on the total amount of ₹ 55,00,000. TDS Amount = ₹ 2,75,000.

If Ms Aruna is a business-woman and her books are not audited in immediately preceding financial year, Section 194C would still not be applicable even through the payment has been made for business purposes. Section 194M shall continue to apply in such cases.

iii. The arrangement entered between Ms ABC Pvt Ltd and the Nationalized Bank is a catering contract and thus it would qualify as 'work' as per Section 194C. Payments made to Ms ABC Pvt Ltd would be subject to deduction of 2% TDS u/s 194C. TDS Amount = ₹ 60,000 x 2% = ₹ 1,200 p.m.**Answer 59**

Part (i): Tax is required to be deducted at source u/s 194Q by XYZ, being a buyer, since its turnover in the immediately preceding financial year (ie, FY 2023-24) exceeds ₹ 10 crores and it has purchased goods exceeding ₹ 50 lakhs in FY 2024-25. TDS u/s 194Q would be 0.1% of the sum exceeding ₹ 50 lakhs and the same has to be deducted at the time of payment or credit of such sum to the account of resident seller, whichever is earlier. Therefore, in the present case, XYZ, a resident partnership, is required to deduct tax at source:

> On 1.4.2024 - No TDS as the payment amount doesn't exceed ₹ 50L.

> On 2.7.2024 - TDS @ 0.1% on ₹ 10L, ie ₹ 1,000 [Total payment till date is ₹ 60L and TDS needs to be deducted on the amount in excess of ₹ 50L].

> On 4.8.2022 - TDS @ 0.1% on ₹ 12L, ie ₹ 1,200.

If the gross turnover of XYZ during FY 2023-24 includes ₹ 4 crore towards supply of material for charitable purposes, the amount of turnover of XYZ would not exceed ₹ 10 crores in FY 2023-24 since ₹ 4 crores towards supply of material for charitable purposes, being a non-business activity, would not be considered for the purpose of turnover. Accordingly, XYZ is not required to deduct tax at source u/s 194Q.

Part (ii): ABZ Pvt Ltd is required to deduct tax at source u/s 194J @ 10% on ₹ 2,49,000 paid to MJ, a part time director, as commission, which is not in the nature of salary on which tax is deductible u/s 192. Therefore, ₹ 24,900 [₹ 2,49,000 x 10%] is required to be deducted at source.

Part (iii): Bank of Baroda, being a specified bank notified by the Central Government u/s 194P is required to deduct tax at source at the rates in force on the total income of Mr Kumar, being a specified senior citizen [75 years or more] computed as follows:

Computation Of Total Income Of Mr Kumar For AY 2025-26:

Particulars	Amount (₹)	Amount (₹)
Income u/h Salary:		
• Pension [₹ 72,000 x 12 months]	8,64,000	
Less: Standard Deduction of ₹ 50,000 u/s 16[ia]	[50,000]	
Income from Salary		8,14,000
Income u/h Other Sources:		
• Interest on fixed deposit [₹ 10,00,000 x 7% x 9/12]	52,500	
• Interest on savings account with SBI	15,000	67,500
Gross Total Income		8,81,500
Less: Deduction u/s 80C [Investment in five-year time deposit]		[1,50,000]
Less: Deduction u/s 80TTB [Interest on fixed deposit as well as interest on savings account]		[50,000]
Total Income		6,81,500

Computation Of Tax Liability Of Mr Sharma For AY 2025-26:

Particulars	Amount (₹)
Tax on ₹ 6,81,500 as per slab rates (Slab of ₹ 5L is applicable)	36,300
Add: Health & Education Cess @ 4%	1,452
Tax Liability	37,752
Tax Liability (Rounded-off u/s 288B)	37,750

Accordingly, Bank of Baroda is required to deduct tax at source of ₹ 68,950 for PY 2024-25. Further, Mr Kumar is not required to file his return of income for AY 2025-26.

Answer 60

Tax is to be collected at source @ 1% on sale consideration of a motor vehicle exceeding ₹ 10 lakhs. It is applicable to each sale and not to aggregate value of sale made during the year. Therefore, no TCS shall be collected on sale of car costing ₹ 4,00,000 and TCS of ₹ 12,000 needs to be collected on sale of car costing ₹ 12,00,000.

Answer 61

- No, as per Section 206C(1F), the seller shall collect tax @ 1% from the purchaser on sale of any motor vehicle of the value exceeding ₹ 10 lakhs.
- Tax is to be collected at source @ 1% on sale consideration of a motor vehicle exceeding ₹ 10 lakhs. It is applicable to each sale and not to aggregate value of sale made during the year.
- The term "seller" includes inter-alia, an individual whose turnover for the financial year immediately preceding the financial year in which the motor vehicle is sold exceeds ₹ 1 crore in case of business and ₹ 50 lakhs in case of profession. Thus, an individual shall be liable for collection of tax at source on sale of motor vehicle by him provided the turnover of Such individual for the preceding financial year exceeds ₹ 1 crore in case of business and ₹ 50 lakhs in case of profession.
- TCS on sale of motor vehicle is applicable on all transactions of retail sales only. Accordingly, it will not apply on sale of motor vehicles by manufacturers to dealers/distributors.

Answer 62

- i. Tax @ 5% is required to be collected u/s 206C by the seller of an overseas tour programme package, from Mr Kalpit, being the buyer of an overseas tour package, even if payment is made by account payee cheque. Accordingly, tax has to be collected @ 5% on ₹ 5 lakhs. $TCS = 5\% \times ₹ 5 \text{ lakhs} = ₹ 25,000$.
- ii. Mr Anu is required to collect tax @ 0.1% u/s 206C from Mr Ram, since his turnover in PY 2023-24 exceeds ₹ 10 crores and the sales receipts from Mr Ram in PY 2024-25 exceeds ₹ 50 lakhs. Tax has to be collected by Mr Anu on ₹ 25 lakhs, being the amount exceeding ₹ 50 lakhs, at the time of receipt. Since receipt is in PY 2024-25, TCS provisions are attracted even though part of the sales may relate to the preceding previous years. $TCS = 0.1\% \text{ of } ₹ 25 \text{ lakhs} = ₹ 2,500$.

Answer 63

- Section 206C(1C) provides for collection of tax @ 2% by every person who grants a lease in any mine or a quarry to another person for the use of such mine or quarry for the purposes of business. Accordingly, State Govt of Madhya Pradesh is required to collect TCS of ₹ 16,00,000, being 2% on ₹ 8 Crores, being the charges for lease of coal mine.
- Under Section 206C(1), seller of coal is required to collect tax from the buyers @ 1%. However, TCS provisions shall not apply in case of a resident buyer, if such buyer furnishes to the person responsible for collecting tax, a declaration to the effect that goods are to be utilized for the purpose of generation of power. Accordingly, ABC Co Ltd is not required to collect tax at source u/s 206C(1) in respect of coal sold to Mahapower Ltd since Mahapower Ltd has furnished a declaration to ABC Co Ltd that the coal is to be utilized for the purpose of generation of power.
- As per Section 206C(1H), tax is to be collected in respect of sale of goods other than the goods which have been covered u/s 206C(1). Since transaction of sale/purchase of coal is covered u/s 206C(1), such transaction will be outside the scope of Section 206C(1H).
- Section 194Q requires any person, being a buyer who is responsible for paying any sum to resident for purchase of any goods of the value exceeding ₹ 50L in any previous year, to deduct tax @ 0.1% of such sum exceeding ₹ 50L. The provisions of Section 194Q do not apply in respect to those transactions where tax is collectible under Section 206C {except under Section 206C(1H)}. Buyer means a person whose turnover from the business carried on by him exceeds ₹ 10 crores during the financial year preceding the financial year in which goods are purchased.
- In this case, since Mahapower Ltd's turnover for PY 2023-24 exceeds ₹ 10 crores, it is a buyer as per Section 194Q. Since, tax is not required to be collected on sale of coal to Mahapower Ltd. the provisions of Section 194Q would apply and Mahapower Ltd is required to deduct tax of ₹ 15,000 u/s 194Q, being 0.1% of ₹ 1.5

Crores, being the sum exceeding ₹ 50L. ,

Answer 64

Refer the legal provisions given in the main book.

Answer 65

S.No.	TDS	TCS
[1]	TDS is tax deduction at source.	TCS is tax collection at source.
[2]	Person responsible for paying is required to deduct tax at source at the prescribed rate.	Seller of certain goods is responsible for collecting tax at source at the prescribed rate from the buyer. In certain cases, person who grants licence or lease (in respect of any parking lot, toll plaza, mine or quarry) is responsible for collecting tax at source at the prescribed rate from the licensee or lessee, as the
		case may be. Further, authorised dealer receiving amount for remittance out of India under the LRS of the RBI or seller of an overseas tour program package is responsible for collecting tax at source at the prescribed rate from the buyer.
[3]	Generally, tax is required to be deducted at the time of credit to the account of the payee or at the time of payment, whichever is earlier. However, in certain cases, such as payment of salary and payment in respect of life insurance policy, tax is required to be deducted at the time of payment.	Generally, tax is required to be collected at source at the time of debiting of the amount payable by the buyer of certain goods to the account of the buyer or at the time of receipt of such amount from the said buyer, whichever is earlier. However, in case of sale of motor vehicle exceeding ₹ 10 lakhs and sale of goods exceeding ₹ 50 lakhs other than exported goods and goods mentioned in Section 206C(1), tax collection at source is required at the time of receipt of sale consideration.

CHAPTER - 7

PROVISIONS FOR FILING RETURN OF INCOME AND SELF ASSESSMENT

ILLUSTRATION 1 (easy)

Paras aged 55 years is a resident of India. During the F.Y. 2024-25, interest of ₹2,88,000 was credited to his Non-resident (External) Account with SBI. ₹ 30,000, being interest on fixed deposit with SBI, was credited to his saving bank account during this period. He also earned ₹ 3,000 as interest on this saving account. Is Paras required to file return of income?

What will be your answer, if he has incurred ₹ 3 lakhs as travel expenditure of self and spouse to US to stay with his married daughter for some time?

SOLUTION

An individual is required to furnish a return of income under section 139(1) if his total income, before giving effect to the deductions under Chapter VI-A or exemption under section or section 54/54B/54D/54EC or 54F, exceeds the maximum amount not chargeable to tax i.e. ₹ 3,00,000 under default tax regime u/s 115BAC and ₹ 2,50,000 if exercises the option of shifting out of the default tax regime provided under section 115BAC(1A) [for A.Y. 2025-26].

Computation of total income of Mr. Paras for A.Y. 2025-26

Particulars	
Income from other sources	
Interest earned from Non-resident (External) Account ₹2,88,000 [Exempt under section 10(4)(ii), assuming that Mr. Paras has been permitted by RBI to maintain the aforesaid account]	NIL
Interest on fixed deposit with SBI	30000
Interest on savings bank account	3000
Gross Total Income	33000
Less: Deduction under Chapter VI-A (not available under the default tax regime under section 115BAC)	-

Total Income	33000

In case he exercises the option of shifting out of the default tax regime provided under section 115BAC(1A), he would be eligible for deduction of ₹ 3,000 under section 80TTA. Accordingly, his total income would be ₹ 30,000. However, in both regimes, total income of ₹ 33,000, before giving effect to deductions under Chapter VI-A, would be considered.

Since the total income of Mr. Paras for A.Y.2025-26, before giving effect to the deductions under Chapter VI-A, is less than basic exemption limit in both regimes, he is not required to file return of income for A.Y. 2025-26.

Note: In the above solution, interest of ₹ 2,88,000 earned from Non-resident [External] account has been taken as exempt on the assumption that Mr. Paras, a resident, has been permitted by RBI to maintain the aforesaid account. However, in case he has not been so permitted, the said interest would be taxable. In such a case, his total income, before giving effect to, inter alia, the deductions under Chapter VI-A, would be ₹3,21,000 (₹ 30,000 + ₹ 2,88,000 + ₹ 3,000), which is higher than the basic exemption limit of ₹ 3,00,000 or ₹ 2,50,000, as the case may be. Consequently, he would be required to file return of income for A.Y.2025-26.

If he has incurred expenditure of ₹ 3 lakhs on foreign travel of self and spouse, he has to mandatorily file his return of income on or before the due date under section 139(1), even if his income is less than the basic exemption limit.

ILLUSTRATION 2. [average]

Explain with brief reasons whether the return of income can be revised under section 139(5) of the Income-tax Act, 1961 in the following cases:

- Belated return filed under section 139(4).
- Return already revised once under section 139(5).
- Return of loss filed under section 139(3).

SOLUTION

Any person who has furnished a return under section 139(1) or 139(4) can file a revised return at any time before three months prior to the end of the relevant assessment year or before the completion of assessment, whichever is earlier, if he discovers any omission or any wrong statement in the return filed earlier.

Accordingly,

- A belated return filed under section 139(4) can be revised.
- A return revised earlier can be revised again as the first revised return replaces the original return.

Therefore, if the assessee discovers any omission or wrong statement in such a revised return, he can furnish a second revised return within the prescribed time i.e. at any time before three months prior to the end of the relevant assessment year or before the completion of assessment, whichever is earlier. It implies that a return of income can be revised more than once within the prescribed time.

- iii. A return of loss filed under section 139(3) is deemed to be return filed under section 139(1), and therefore, can be revised under section 139(5).

ILLUSTRATION 3. (average)

Mrs. Hetal, an individual engaged in the business of Beauty Parlour, has got her books of account for the financial year ended on 31st March, 2025 audited under section 44AB. Her total income for the A.Y. 2025-26 is ₹ 6,35,000. She wants to furnish her return of income for A.Y. 2025-26 through a tax return preparer. Can she do so?

SOLUTION

Section 139B provides a scheme for submission of return of income for any assessment year through a Tax Return Preparer. However, it is not applicable to persons whose books of account are required to be audited under section 44AB. Therefore, Mrs. Hetal cannot furnish her return of income for A.Y. 2025-26 through a Tax Return Preparer.

TEST YOUR KNOWLEDGE

4. State with reasons whether you agree or disagree with the following statements:
 - (a) Return of income of Limited Liability Partnership (LLP) could be verified by any partner.
 - (b) Time limit for filing return under section 139(1) in the case of Mr. A having total turnover of ₹ 160 lakhs (₹ 100 lakhs received in cash) for the year ended 31.03.2025 whether or not declaring presumptive income under section 44AD, is 31st October, 2025. **(average)**
5. Mr. Vineet exercised the option of shifting out of the default tax regime provided under section 115BAC(1A) and submits his return of income under the optional tax regime (i.e., the normal provisions of the Act) on 12-09-2025 for A.Y. 2025-26 consisting of income under the head "Salaries", "Income from house property" and bank interest. On 21-12-2025, he realized that he had not claimed deduction under section

80TTA in respect of his interest income on the Savings Bank Account. He wants to revise his return of income. Can he do so? Examine. Would your answer be different if he discovered this omission on 21-03-2026? **(average)**

6. Examine with reasons, whether the following statements are true or false, with regard to the provisions of the Income-tax Act, 1961:

- (a) The Assessing Officer has the power, inter alia, to allot PAN to any person by whom no tax is payable.
- (b) Where the Karta of a HUF is absent from India, the return of income can be verified by any male member of the family.

(average)

7. Explain the term “return of loss” under the Income-tax Act, 1961. Can any loss be carried forward even if return of loss has not been filed as required? **(easy)**

8. Mr. Aakash has undertaken certain transactions during the FY.2024-25, which are listed below. You are required to identify the transactions in respect of which quoting of PAN is mandatory in the related documents- **(average)**

S. No.	Transaction
1.	Payment of life insurance premium of ₹ 45,000 in the FY.2024-25 by account payee cheque to LIC for insuring life of self and spouse
2.	Payment of ₹ 1,00,000 to a five-star hotel for stay for 5 days with family, out of which ₹ 60,000 was paid in cash
3.	Payment of ₹ 80,000 by ECS through bank account for acquiring the debentures of A Ltd., an Indian company
4.	Payment of ₹ 95,000 by account payee cheque to Thomas Cook for travel to Dubai for 3 days to visit relatives
5.	Applied to SBI for issue of credit card.

ANSWERS

4.

(a) Disagree

The return of income of LLP should be verified by a designated partner.

Any other partner can verify the Return of Income of LLP only in the following cases:-

- where for any unavoidable reason such designated partner is not able to verify the return, or,
- where there is no designated partner.

(b) Disagree

In case Mr. A offers his business income as per the presumptive taxation provisions of section 44AD (₹ 11.60 lakhs or more), then, the due date under section 139(1) for filing of return of income for the year ended 31.03.2025, shall be 31st July, 2025.

In case, Mr. A wants to declare business income lower than ₹ 11.60 lakhs, he has to get his accounts audited under section 44AB, since his turnover exceeds ₹ 1 crore, in which case, the due date for filing return would be 31st October, 2025.

5. Since Mr. Vineet has income only under the heads “Salaries”, “Income from house property” and “Income from other sources”, he does not fall under the category of a person whose accounts are required to be audited under the Income-tax Act, 1961 or any other law in force. Therefore, the due date of filing return for A.Y.2025-26 under section 139(1), in his case, is 31st July, 2025. Since Mr. Vineet had submitted his return only on 12.9.2025, the said return is a belated return under section 139(4).

As per section 139(5), a return furnished under section 139(1) or a belated return u/s 139(4) can be revised. Thus, a belated return under section 139(4) can also be revised. Therefore, Mr. Vineet can revise the return of income filed by him under section 139(4) in December 2025, to claim deduction under section 80TTA, since the time limit for filing a revised return is three months prior to the end of the relevant assessment year, which is 31.12.2025.

However, he cannot revise return had he discovered this omission only on 21-03-2026, since it is beyond 31.12.2025.

6.

- i. **True:** Section 139A(2) provides that the Assessing Officer may, having regard to the nature of transactions as may be prescribed, also allot a PAN to any other person, whether any tax is payable by him or not, in the manner and in accordance with the procedure as may be prescribed.

- ii. **False:** Section 140(b) provides that where the Karta of a HUF is absent from India, the return of income can be verified by any other adult member of the family; such member can be a male or female member.

7. A return of loss is a return which shows certain losses. Section 80 provides that the losses specified therein cannot be carried forward, unless such losses are determined in pursuance of return filed under the provisions of section 139(3).

Section 139(3) states that to carry forward the losses specified therein, the return should be filed within the time specified in section 139(1).

Following losses are covered by section 139(3):

- business loss to be carried forward under section 72(1),
- speculation business loss to be carried forward under section 73(2),
- loss from specified business to be carried forward under section 73A(2), in case the assessee has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).
- loss under the head "Capital Gains" to be carried forward under section 74(1); and
- loss incurred in the activity of owning and maintaining race horses to be carried forward under section 74A(3)

However, loss from house property to be carried forward under section 71B and unabsorbed depreciation under section 32 can be carried forward even if return of loss has not been filed as required under section 139(3).

8.

	Transaction	Is quoting of PAN mandatory in related documents?
1.	Payment of life insurance premium of ₹ 45,000 in the FY.2024-25 by account payee cheque to LIC for insuring life of self and spouse	No, since the amount paid does not exceed ₹ 50,000 in the FY.2024-25
2.	Payment of ₹ 1,00,000 to a five-star hotel for stay for 5 days with family, out of which ₹ 60,000 was paid in cash	Yes, since the amount paid in cash exceeds ₹ 50,000
3.	Payment of ₹ 80,000, by ECS through bank account, for the debentures of A Ltd., an Indian company	Yes, since the amount paid for acquiring debentures exceeds ₹ 50,000. Mode of payment is not relevant in this case.

4.	Payment of ₹ 95,000 by account payee cheque to Thomas Cook for travel to Dubai for 3 days to visit relatives	No, since the amount was paid by account payee cheque, quoting of PAN is not mandatory even though the payment exceeds ₹ 50,000
5.	Applied to SBI for issue of credit card.	Yes, quoting of PAN is mandatory on making an application to a banking company for issue of credit card.

What is the time limit within which an updated return can be filed? Also enumerate the circumstances in which updated return cannot be furnished.

ILLUSTRATION 25 (difficult)

Mr X would like to furnish his updated return for AY 2023-24. In case he furnished his updated return of income, he would be liable to pay ₹ 2,50,000 towards tax and ₹ 35,000 towards interest after adjusting tax and interest paid at the time filing earlier return. You are required to examine whether Mr X can furnish updated return:

- (i) as on 31.3.2025
- (ii) as on 28.2.2026
- (iii) as on 31.5.2026

If yes, compute the amount of additional income-tax payable by Mr X at the time of filing his updated return.

Answer 10

Section 139(1) provides that an individual is compulsorily required to file ROI if his total income before giving effect to deductions u/s 80C-80U and exemptions u/s 54/54B/54D/54EC/54F exceeds the exemption limit. In the present case, Mr Atal's total income before giving effect to deductions u/s 80C-80U is ₹ 5,60,000 (ie greater than applicable exemption limit of ₹ 5,00,000). Therefore, Mr Atal is required to file ROI u/s 139(1).

Answer 11

Answer 12

- a) An individual is required to file a return of income on or before the due date u/s 139(1) if his total income exceeds the basic exemption limit. Where an individual pays tax under default tax regime prescribed u/s U5BAC, the applicable basic exemption limit is ₹ 3,00,000. In the present case, since the total income of Mr Aneesh opting to pay tax under default tax regime (ie, ₹ 2,90,000) doesn't exceed the basic exemption limit of ₹ 3,00,000, Mr Aneesh is not required to file his return of income for AY 2025-26.
- b) An individual is required to file a return of income on or before the due date u/s 139(1) if the aggregate of TDS and TCS in his case during the relevant previous year is ₹ 25,000 or more. In case of a senior citizen, the limit of ₹ 25,000 shall be increased to ₹ 50,000. In the present case, Smt Patel is a senior citizen (as her age is 65 years) and she has a TDS credit of ₹ 55,000 for PY 2024-25. Therefore, she is required to file her return of income for AY 2025-26.
- c) An individual is required to file a return of income on or before the due date u/s 139(1) if the gross receipts of profession carried on by him during the current year exceeds ₹ 10 lakhs. In the present case, Mr Ajit is an architect aged 45 years and his gross receipts from such profession for PY 2024-25 is ₹ 12,00,000. Therefore, he is required to file his return of income for AY 2025-26 irrespective of his level of professional income.

Answer 13

- a) A HUF whose total income without giving effect to, inter alia, Section 54EC, exceeds the basic exemption limit of ₹ 2,50,000, is required to file a return of its income on or before the due date u/s 139(1). In this case, since the total income without giving effect to exemption u/s 54EC [ie, ₹ 12 lakhs] exceeds the basic exemption limit, the HUF is required to file its return of income for AY 2025-26 on or before the due date u/s 139(1).
- b) Any person, being a resident and ordinarily resident in India, would be required to file a return of income for the previous year on or before the due date irrespective of his level of total income if such person, at any time during the previous year, inter alia, holds any asset located outside India. In the present case, Mrs Archana, being a ROR, owns a car in Germany. Therefore, Mrs Archana is required to file her return of income for AY 2025-26.
- c) If an individual has incurred expenditure exceeding ₹ 1 lakh towards consumption of electricity during the previous year, he would be required to file a return of income, even if his total income does not exceed the basic exemption limit. Since Mr Sudhakar has incurred expenditure of ₹ 1,20,000 in PY 2024-25 towards consumption of electricity, he has to file his return of income for AY 2025-26 on or before the due date u/s 139(1).

Answer 14

An individual is required to furnish a return of income if his total income, before giving effect to deductions under Chapter VI-A or exemption u/s 54/54B/54D/54EC/54F, exceeds the maximum amount not chargeable to tax, ie ₹ 2,50,000.

Computation Of Total Income Of Mr Hari For AY 2025-26:

Particulars	(₹)
Income From Other Sources	
Interest earned from Non-Resident (External) Account [Exempt u/s 10(4)(ii), since he is maintaining the said account as per RBI stipulations]	Nil
Interest on savings bank account	8,000
Interest on fixed deposit with Punjab National Bank	40,000
Gross Total Income	48,000
Less: Deduction u/s 80TTA (Interest on saving bank account)	(8,000)
Total Income	40,000

Since the total income of Mr Hari for AY 2025-26, before giving effect to deductions under Chapter VI-A, is less than the basic exemption limit of ₹ 2,50,000, he is not required to file return of income for AY 2025-26.

However, if he has incurred expenditure exceeding ₹ 2 lakhs for himself or any other person for travel to a foreign country, he would be required to file a return of income, even if his total income does not exceed the basic exemption limit. Since he has incurred expenditure of ₹ 4 lakhs on foreign travel of his newly married son and daughter in law in FY 2024-25, he has to mandatorily file his return of income for AY 2025-26 on or before the due date u/s 139(1).

Return Of Loss - Section 139(3)

Answers 15

Refer the relevant theory portion given in the income tax book part - I

Answer 16

- Mr Prakash has furnished his return of income for AY 2025-26 on 29.9.2025 (ie, after the due date of 31st July 2025 as specified u/s 139(1)). Hence, the return is a belated return u/s 139(4).
- Section 80 read along with Section 139(3) provides that specified losses can be carried forward to future years only if the return is filed within the due date specified u/s 139(1). The specified losses include, inter alia, business loss to be carried forward u/s 72 but does not include loss from house property and unabsorbed depreciation to be carried forward u/s 71B and 32(2) respectively.
- Accordingly, business loss of ₹ 11,20,000 of Mr Prakash for AY 25-26 cannot be c/f to AY 26-27, However, the loss of ₹ 2,50,000 from house property and unabsorbed depreciation of ₹ 4,80,000 pertaining to AY 25-26 can be c/f to AY 26-27 for set-off even though Mr Prakash has filed the return of loss for AY 25-26 belatedly.

Answer 17

- Where any person fails to furnish a return within the time allowed to him u/s 139(1), he may furnish the belated return at any time before three months from the end of the relevant assessment year or completion of assessment, whichever is earlier. Therefore, the last date for filing return of income for AY 2025-26 is 31st December 2025.
- The following shall be the consequences of non-filing of return of income within the due date specified u/s 139(1):

- **Carry Forward ½ Set-Off Of Certain Losses:** Business loss, speculation business loss, loss from specified business, loss under the head "Capital Gains" and loss from the activity of owning and maintaining race horses would not be allowed to be c/f.
- **Interest Under Section 234A:** Interest u/s 234A @ 1% per month or part of the month for the period commencing from the date immediately following the due date u/s 139(1) till the date of furnishing of return of income is payable, where the return of income is furnished after the due date.
- **Late Fee Under Section 234F:** Where a person fails to furnish his return of income within the time limit prescribed u/s 139(1), he is liable to pay late filing fees of ₹ 5,000 as per the provisions of Section 234F. However, if the total income of the assessee doesn't exceed ₹ 5,00,000, the amount of late filing fee shall not exceed ₹ 1,000.

Answer 18

Answer 19

Any person who has furnished a return u/s 139(1) or 139(4) can file a revised return before three months from the end of the relevant assessment year or completion of assessment, whichever is earlier, if he discovers any omission or any wrong statement in the return filed earlier.

- A belated return filed u/s 139(4) can be revised.
- A return revised earlier can be revised again as the first revised return replaces the original return. Therefore, if the assessee discovers any omission or wrong statement in such a revised return, he can furnish a second revised return within the prescribed time (ie before three months from the end of the relevant assessment year or completion of assessment, whichever is earlier). It implies that a return of income can be revised more than once within the prescribed time.
- A return of loss filed u/s 139(3) is deemed to be a return filed u/s 139(1), and therefore a return of loss can be revised u/s 139(5).

Answer 20

- The return filed on 10.11.2025 declaring a business loss of ₹ 10 lakhs is a belated return filed u/s 139(4).
- As per Section 139(5), a belated return u/s 139(4) can be revised till the expiry of the relevant assessment year or completion of assessment, whichever is earlier. The revised return substitutes the original return

from the date the original return was filed. Therefore, it would be deemed that the assessee has filed a return declaring a business loss of ₹ 20,00,000 on 10.11.2025.

- However, as per the provisions of Section 80 read along with Section 139(3), business losses can be carried forward only if the return is filed within the due date specified u/s 139(1). In the present case, the due date for filing return of income u/s 139(1) is 31.10.2025 and the original return was filed belatedly on 10.11.2025. Consequently, the business loss of ₹ 20 lakhs shall not be allowed to be carried forward.

Answer 21

Computation Of Total Income Of Mr Mukesh For AY 2025-26 {As Per The Original Return Filed By Him}:

Particulars	(₹)	(₹)
(i) Salaries [Computed]		7,30,000
(ii) Income from Other Sources		
> Interest on savings bank account	12,700	
> Interest on fixed deposits	43,000	55,700
Gross Total Income		7,85,700
Less: Deductions Under Chapter VI-A		
> Deduction u/s 80C	1,50,000	
> Deduction u/s 80D	25,000	
> Deduction u/s 80TTA	10,000	(1,85,000)
Total Income		6,00,700

Computation Of Tax Liability Of Mr Mukesh For AY 2025-26 {As Per The Original Return Filed By Him}:

Particulars	(₹)
Tax on total income [20% of ₹ 1,00,700 [ie, ₹ 6,00,700 - ₹ 5,00,000] + ₹ 12,500]	32,640
Add: HEC @4%	1,306
Tax Payable On Total Income	33,946
Tax Payable On Total Income (Rounded Off)	33,950
Less: TDS u/s 192	(33,950)

Tax Payable	Nil

Need For Filing Revised Return: Since Mr Mukesh's 60th birthday falls on 1.4.2025, he would be treated as having completed 60 years of age in PY 2024-25, and hence, he would be eligible for the benefit of higher deduction u/s 80D, higher deduction of upto ₹ 50,000 u/s 80TTB (instead of ₹ 10,000 u/s 80TTA) while computing his total income as well as for higher basic exemption limit of ₹ 3,00,000 in PY 2024-25 itself while computing his tax liability. Also, he would be entitled to deduction in respect of medical insurance premium paid to insure the health of his mother and medical expenses incurred on his father who is not covered under any mediclaim policy. Accordingly, having discovered such omissions in the original return, he has to file his revised return of income u/s 139(5) on or before 31.12.2025 to avail these benefits which he has not availed while filing his original return of income. The computation of total income and tax liability (refund due) as per the revised return are worked out hereunder:

Computation Of Total Income Of Mr Mukesh For AY 2025-26 {As Per The Revised Return}:

Particulars	[₹]	[₹]
(i) Salaries [Computed]		7,30,000
(ii) Income from Other Sources		
> Interest on savings bank account	12,700	
> Interest on fixed deposits	43,000	55,700
Gross Total Income		7,85,700
Less: Deductions Under Chapter VI-A		
> Deduction u/s 80C		[1,50,000]
> Deduction u/s 80D		[89,500]
• Block 1 {Self, Spouse & Dependent Children}: Medical insurance premium of ₹ 38,000 for self and spouse (+) Preventive health check-up of ₹ 1,500 for self [allowable even if paid in cash] = Total ₹ 39,500; Fully allowed as it is within the overall limit of ₹ 50,000 for family	39,500	

• Block 2 {Parents}: Medical insurance premium of ₹ 33,000 for mother (+) Medical expenditure of ₹ 25,000 for father not covered under any policy (+) Preventive health check-up of ₹ 3,500 for parents (₹ 4,000, restricted to ₹ 3,500, being ₹ 5,000 - ₹ 1,500 claimed for self and spouse) - Total ₹ 61,500; Restricted to maximum ₹ 50,000 for parents	50,000	
> Deduction u/s 80TTB {Restricted to maximum of ₹ 50,000}		(50,000)
• Interest on savings bank account	12,700	
• Interest on fixed deposits	43,000	
Total	55,700	
Total Income		4,96,200

Computation Of Tax Liability Of Mr Mukesh For AY 2025-26 {As Per The Revised Return}

Particulars	(₹)
Tax on total income [5% of ₹1,96,200 (ie, ₹4,96,200 - ₹ 3,00,000 basic exemption limit)]	9,810
Less: Rebate u/s 87A [Since his total income does not exceed ₹ 5 lakhs]	(9,810)
Tax Payable On Total Income	Nil
Less: TDS u/s 192	(33,950)
Refund Due	33,950

Therefore, Mr Mukesh, has to file a revised return showing the above revised computation of total income and tax liability on or before 31.12.2025 to claim the enhanced deductions which he had not claimed in the original return and get refund of the entire income tax of ₹ 33,950 deducted at source by his employer.

Answer 24

- a) Mr A is not required to quote his PAN while making payment of ₹ 50,000 in cash to a hotel Radisson Blu, Ahmedabad, since such payment does not exceed ₹ 50,000.
- b) Mr Abhishek is required to quote his PAN while making contract of ₹ 1,20,000 for sale/purchase of securities [other than shares] as defined in Section 2(h) of the Securities Contracts (Regulation) Act, 1956, since the transaction amount exceeds ₹ 1,00,000.
- c) PAN has to be mandatorily quoted while making payment of ₹ 70,000 to Mutual Funds for purchase of its units, since such payment exceeds ₹ 50,000.
- e) Quoting of PAN is mandatory on making an application to a banking company for issue of credit card.

Answer 25

Option To File Updated Return Of Income: Any person may furnish an updated return of his income or the income of any other person in respect of which he is assessable for a particular year at any time within 24 months from the end of the relevant assessment year. Updated return can be filed irrespective of whether or not the person has furnished a return u/s 139(1) or belated return u/s 139(4) or revised return u/s 139(5) for the respective year.

Circumstances In Which Updated Return Cannot Be Furnished: No updated return can be furnished by any person for the relevant assessment year, where

- > an updated return has been furnished by him u/s 139(8A) for the relevant assessment year;
- > any proceeding for assessment or reassessment or recomputation or revision of income is pending or has been completed for the relevant assessment year in his case; or
- > he is such person or belongs to such class of persons, as may be notified by the CBDT,

Answer 26

> Mr X may furnish an updated return of his income for AY 2023-24 at any time within 24 months from the end of the relevant assessment year, ie by 31.3.2026. Accordingly, Mr X can furnish updated return for AY 2023-24 as on 31.3.2025 and on 28.2.2026. However, he cannot furnish such return as on 31.5.2026, since such date falls after 31.3.2026.

> Mr X would be liable to pay additional income-tax

- @ 25% of tax and interest payable, if updated return is furnished after the expiry of the time limit available u/s 139(4) or 139(5), ie 31.12.2024 and before the expiry of 12 months from end of relevant AY, ie 31.03.2025.
- @ 50% of tax and interest payable, if updated return is furnished after the expiry of 12 months from end of relevant assessment year, ie 31.3.2025 and before the expiry of 24 months from end of relevant assessment year, ie 31.3.2026.

> Accordingly, Mr X is liable to pay additional income-tax in case he furnished his updated return as on

(i) 31.3.2025 - ₹ 71,250 {25% of ₹ 2,85,000, being tax of ₹ 2,50,000 plus interest of ₹ 35,000}

(ii) 28.2.2026 - ₹ 1,42,500 {50% of ₹ 2,85,000, being tax of ₹ 2,50,000 plus interest of ₹ 35,000}

Answer 28

- I. Where the Assessing Officer considers that the return of income furnished by the assessee is defective, he may intimate the defect to the assessee and give him an opportunity to rectify the defect within a period of 15 days from the date of such intimation. The Assessing Officer has the discretion to extend the time period beyond 15 days, on an application made by the assessee.

- II. If the defect is not rectified within the period of 15 days or such further extended period, then, the return would be treated as an invalid return. The consequential effect would be the same as if the assessee hadn't furnished his return at all.
- III. The Assessing Officer has the power to condone the delay and treat the return as a valid return, if the assessee has rectified the return after the expiry of 15 days or the further extended period, but before the assessment is made.

SALARIES

ILLUSTRATION 1

Mr. Raj Kumar has the following receipts from his employer:

1. Basic pay	₹ 40,000 p.m.
2. Dearness allowance (D.A.)	₹ 6,000 p.m.
3. Commission	₹ 50,000 p.a.
4. Motor car for personal use (expenses met by the employer)	₹ 1,500 p.m.
5. House rent allowance	₹ 15,000 p.m.

Find out the amount of HRA exempt in the hands of Mr. Raj Kumar assuming that he paid a rent of ₹ 16,000 p.m. for his accommodation at Kanpur. DA forms part of salary for retirement benefits. Mr. Raj Kumar exercises the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION

HRA received	₹ 1,80,000
Less: Exempt under section 10(13A) [Note]	<u>₹ 1,36,800</u>
Taxable HRA	<u>₹ 43,200</u>

Note: Exemption shall be least of the following three limits:

- the actual amount received (₹ 15,000 × 12) = ₹ 1,80,000
- excess of the actual rent paid by the assessee over 10% of his salary
 = Rent Paid (-) 10% of salary for the relevant period
 = (₹ 16,000 × 12) (-) 10% of [(₹ 40,000 + ₹ 6,000) × 12]
 = ₹ 1,92,000 - ₹ 55,200 = ₹ 1,36,800
- 40% salary as his accommodation is situated at Kanpur

$$= 40\% \text{ of } [(\text{₹ } 40,000 + \text{₹ } 6,000) \times 12]$$

$$= \text{₹ } 2,20,800$$

Note: For the purpose of exemption under section 10(13A), salary includes dearness allowance only when the terms of employment so provide, but excludes all other allowances and perquisites.

ILLUSTRATION 2

Mr. Srikant has two sons. He is in receipt of children education allowance of ₹ 150 p.m. for his elder son and ₹ 70 p.m. for his younger son. Both his sons are going to school. He also receives the following allowances:

Transport allowance : ₹ 1,800 p.m.

Tribal area allowance : ₹ 500 p.m.

Compute his taxable allowances

SOLUTION

Taxable allowance in the hands of Mr. Srikant is computed as under -

If Mr. Srikant exercises the option of shifting out of the default tax regime provided u/s 115BAC(1A)

Children Education Allowance:

Elder son $[(\text{₹ } 150 - \text{₹ } 100) \text{ p.m.} \times 12 \text{ months}]$ = ₹ 600

Younger son $[(\text{₹ } 70 - \text{₹ } 70) \text{ p.m.} \times 12 \text{ months}]$ = Nil ₹ 600

Transport allowance $(\text{₹ } 1,800 \text{ p.m.} \times 12 \text{ months})$ ₹ 21,600

Tribal area allowance $[(\text{₹ } 500 - \text{₹ } 200) \text{ p.m.} \times 12 \text{ months}]$ ₹ 3,600

Taxable allowances ₹ **25,800**

If Mr. Srikant pays tax under default tax regime under section 115BAC

Children Education Allowance $[(\text{₹ } 150 + \text{₹ } 70) \text{ p.m.} \times 12 \text{ months}]$ ₹ 2,640

Transport allowance $(\text{₹ } 1,800 \text{ p.m.} \times 12 \text{ months})$ ₹ 21,600

Tribal area allowance $(\text{₹ } 500 \text{ p.m.} \times 12 \text{ months})$ ₹ 6,000

Taxable allowances ₹ **30,240**

Mr. Ravi retired on 15.6.2024 after completion of 26 years 8 months of service and received gratuity of ₹ 15,00,000. At the time of retirement, his salary was:

Basic Salary :	₹ 50,000 p.m.
Dearness Allowance :	₹ 10,000 p.m. (60% of which is for retirement benefits)
Commission :	1% of turnover (turnover in the last 12 months was ₹ 1,20,00,000)
Bonus :	₹ 25,000 p.a.

Compute his taxable gratuity assuming:

- He is private sector employee and covered by the Payment of Gratuity Act, 1972.
- He is private sector employee and **not** covered by Payment of Gratuity Act, 1972.
- He is a Government employee.

SOLUTION

a. He is covered by the Payment of Gratuity Act 1972

Gratuity received at the time of retirement ₹ 15,00,000

Less: Exemption under section 10(10)

Least of the following:

- Gratuity received ₹ 15,00,000
- Statutory limit ₹ 20,00,000
- 15 days' salary based on last drawn salary for each completed year of service or part thereof in excess of 6 months

$$\frac{15}{26} \times \text{last drawn salary} \times \text{years of service}$$

Taxable Gratuity	₹ <u>6,42,000</u>

Note: Exemption under section 10(10) is least of the following:

- Gratuity received ₹ 15,00,000
- Statutory limit ₹ 20,00,000
- Half month's salary based on average salary of last 10 months preceding the month of retirement for each completed year of service.

i.e. $\frac{1}{2} \times \text{Average salary} \times \text{years of service}$

$$\frac{1}{2} \times \frac{[(50,000 \times 10) + (10,000 \times 60\% \times 10) + (1\% \times 1,20,000 \times \frac{10}{12})]}{10} \times 26$$

Mr. A retires from service on December 31, 2024, after 25 years of service. Following are the particulars of his income/investments for the previous year 2024-25:

Particulars	₹
Basic pay @ ₹ 16,000 per month for 9 months	1,44,000
Dearness pay (50% forms part of the retirement benefits) ₹ 8,000 per month for 9 months	72,000
Lumpsum payment received from the Unrecognized Provident Fund	6,00,000
Deposits in the PPF account	40,000

Out of the amount received from the unrecognised provident fund, the employer's contribution was ₹ 2,20,000 and the interest thereon ₹ 50,000. The employee's contribution was ₹ 2,70,000 and the interest thereon ₹ 60,000. What is the taxable portion of the amount received from the unrecognized provident fund in the hands of Mr. A for the assessment year 2025-26?

SOLUTION

Taxable portion of the amount received from the URPF in the hands of Mr. A for the A.Y. 2025-26 is computed hereunder:

Particulars	₹
Amount taxable under the head "Salaries":	
Employer's share in the payment received from the URPF	2,20,000
Interest on the employer's share	50,000
Total	2,70,000
Amount taxable under the head "Income from Other Sources":	
Interest on the employee's share	60,000
Total amount taxable from the amount received from the fund	3,30,000

Note: Since the employee is not eligible for deduction under section 80C for contribution to URPF at the time of such contribution, the employee's share received from the URPF is not taxable at the time of withdrawal as this amount has already been taxed as his salary income.

ILLUSTRATION 7

Will your answer be any different if the fund mentioned above was a recognised provident fund?

SOLUTION

Since the fund is a recognised one, and the maturity is taking place after a service of 25 years, the entire amount received on the maturity of the RPF will be fully exempt from tax.

Mr. Dutta received voluntary retirement compensation of ₹ 7,00,000 after 30 years 4 months of service. He still has 6 years of service left. At the time of voluntary retirement, he was drawing basic salary ₹ 20,000 p.m.; Dearness allowance (which forms part of pay) ₹ 5,000 p.m. Compute his taxable voluntary retirement compensation, assuming that he does not claim any relief under section 89.

SOLUTION

Voluntary retirement compensation received	₹ 7,00,000
Less: Exemption under section 10(10C) [See Note below]	<u>₹ 5,00,000</u>
Taxable voluntary retirement compensation	<u>₹ 2,00,000</u>

Note: Exemption is to the extent of least of the following:

i. Compensation actually received	= ₹ 7,00,000
ii. Statutory limit	= ₹ 5,00,000
iii. 3 months' salary × completed years of service	
= (₹ 20,000 + ₹ 5,000) × 3 × 30 years	= ₹ 22,50,000
iv. Last drawn salary × remaining months of service left	
= (₹ 20,000 + ₹ 5,000) × 6 × 12 months	= ₹ 18,00,000

Mr. X is appointed as a CFO of ABC Ltd. in Mumbai from 1.9.2022. His basic salary is ₹ 6,00,000 p.m. He is paid 8% as D.A. He contributes 10% of his pay and D.A. towards his recognized provident fund and the company contributes the same amount. The accumulated balance in recognized provident fund as on 1.4.2023, 31.3.2024 and 31.3.2025 is ₹ 9,81,137, ₹ 27,43,048 and ₹ 46,48,555, respectively. Compute the perquisite value chargeable to tax in the hands of Mr. X u/s 17(2)(vii) and 17(2)(viia) for the A.Y. 2024-25 and A.Y. 2025-26. Prior to 1.9.2022, he was a consultant, whose professional fees was taxable under the head "Profits and gains of business or profession".

SOLUTION

Computation of perquisite value taxable u/s 17(2)(vii) and 17(2)(viia) for A.Y. 2023-24

1. Perquisite value taxable u/s 17(2)(vii) = ₹ 7,77,600, being employer's contribution to recognized provident fund during the P.Y. 2023-24 – ₹ 7,50,000 = ₹ 27,600

2. Perquisite value taxable u/s 17(2)(viia) = Annual accretion on perquisite taxable

$$\text{u/s 17(2)(vii)} = (\text{PC}/2) \times R + (\text{PC1} + \text{TP1}) \times R$$

$$= (27,600/2) \times 0.111 + 0$$

$$= ₹ 1,532$$

PC ABC Ltd.'s contribution in excess of ₹ 7.5 lakh to recognized provident fund during P.Y. 2023-24 = ₹ 27,600

PC1 Nil since employer's contribution is less than ₹ 7.5 lakh to recognized provident fund in P.Y. 2022-23 and there is no employer's contribution in P.Y. 2021-22.

TP1 Nil

$$R. I / F_{\text{avg}} = 2,06,711 / 18,62,093 = 0.111$$

I. RPF balance as on 31.3.2024 – employee's and employer's contribution during the year – RPF balance as on 1.4.2023 = ₹ 2,06,711 [₹ 27,43,048 – ₹ 7,77,600 – ₹ 7,77,600 – ₹ 9,81,137]

Favg Balance to the credit of recognized provident fund as on 1st April, 2023 + Balance to the credit of recognized provident fund as on 31st March, 2024 / 2 = [₹ 9,81,137 + ₹ 27,43,048] / 2 = ₹ 18,62,093

Note – Interest on the aggregate of following will also be chargeable to tax during A.Y. 2024-25 –

- ₹ 2,03,600 [Employee's contribution exceeding ₹ 2,50,000 during P.Y. 2022-23]
- ₹ 5,27,600 [Employee's contribution exceeding ₹ 2,50,000 during P.Y. 2023-24]

- interest accrued on ₹ 2,03,600 being excess employee's contribution of P.Y. 2022-23

Computation of perquisite value taxable u/s 17(2)(vii) and 17(2)(viia) for A.Y. 2024-25

1. Perquisite value taxable u/s 17(2)(vii) = ₹ 7,77,600, being employer's contribution to recognized provident fund during the P.Y. 2023-24 – ₹ 7,50,000 = ₹ 27,600
2. Perquisite value taxable u/s 17(2)(viia) = Annual accretion on perquisite taxable u/s 17(2)(vii) = $(PC/2)*R + (PC1 + TP1)*R$
 $= (27,600/2) \times 0.09479 + (27,600 + 1,532) \times 0.09479$
 $= ₹ 1,308 + ₹ 2,761 = ₹ 4,069$

PC. ABC Ltd.'s contribution in excess of ₹ 7.5 lakh to recognized provident fund during P.Y. 2024-25 = ₹ 27,600

PC1. Amount of employer's contribution in excess of ₹ 7,50,000 to RPF in P.Y. 2020-21 and P.Y. 2022-23 = ₹ 27,600

TP1 Taxable perquisite under section 17(2)(viia) for the P.Y. 2023-24 = ₹ 1,532

R. $I/F_{avg} = 3,50,307/36,95,802 = 0.09479$

I RPF balance as on 31.3.2025 – employee's and employer's contribution during the year – RPF balance as on 1.4.2024 = ₹ 3,50,307 (₹ 46,48,555 – ₹ 7,77,600 – ₹ 7,77,600 – ₹ 27,43,048)

Favg Balance to the credit of recognized provident fund as on 1st April, 2024 + Balance to the credit of recognized provident fund as on 31st March, 2024 / 2 = (₹ 27,43,048 + ₹ 46,48,555) / 2 = ₹ 36,95,802

Mr. D went on a holiday on 25.12.2024 to Delhi with his wife and three children (one son – age 5 years; twin daughters – age 3 years). They went by flight (economy class) and the total cost of tickets reimbursed by his employer was ₹ 60,000 (₹ 45,000 for adults and ₹ 15,000 for the three minor children). Compute the amount of LTC exempt if Mr. D exercises the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION

Since the son's age is more than the twin daughters, Mr. D can avail exemption for all his three children. The restriction of two children is not applicable to multiple births after one child. The holiday being in India and the journey being performed by air (economy class), the entire reimbursement met by the employer is fully exempt in the hands of Mr. D, since he is exercising the option of shifting out of the default tax regime provided under section 115BAC(1A).

ILLUSTRATION 12

In the above illustration 11, will there be any difference if among his three children the twins were 5 years old and the son 3 years old? Discuss.

SOLUTION

Since the twins' age is more than the son, Mr. D cannot avail for exemption for all his three children. LTC exemption can be availed in respect of only two children. Taxable

$$\text{LTC} = 15,000 \times \frac{1}{3} = 5000$$

LTC exempt would be only ₹ 55,000 (i.e. ₹ 60,000 – ₹ 5,000)

Mr. C is a Finance Manager in ABC Ltd. The company has provided him with rent- free unfurnished accommodation in Mumbai. He gives you the following particulars:

Basic salary ₹ 8,500 p.m.

Dearness Allowance ₹ 2,000 p.m. (30% is for retirement benefits)

Bonus ₹ 1,500 p.m.

Even though the company allotted the house to him on 1.4.2024, he occupied the same only from 1.11.2024. Calculate the taxable value of the perquisite for A.Y.2025-26.

SOLUTION

Value of the rent free unfurnished accommodation

= 10% of salary for the relevant period

= 10% of [(₹ 8,500 × 5) + (₹ 2,000 × 30% × 5) + (₹ 1,500 × 5)] **[See Note below]**

= 10% of ₹ 53,000 = ₹ 5,300

Note: Since, Mr. C occupies the house only from 1.11.2024, we have to include the salary due to him only in respect of months during which he has occupied the accommodation. Hence salary for 5 months (i.e. from 1.11.2024 to 31.03.2025) will be considered.

ILLUSTRATION 15

Using the data given in the previous illustration 14, compute the value of the perquisite if Mr. C is required to pay a rent of ₹ 1,000 p.m. to the company, for the use of this accommodation.

SOLUTION

First of all, we have to see whether the accommodation is provided at a concessional rate. If the value of accommodation computed in prescribed manner exceeds the rent recoverable, or payable by, the assessee, the accommodation would be deemed to have been provided at a concessional rate.

In this case, 10% of salary would be ₹ 5,300 (i.e. 10% of ₹ 53,000). The rent paid by the employee is ₹ 5,000 (i.e., ₹ 1,000 × 5). Since 10% of salary exceeds the rent recovered from the employee, the accommodation would be deemed to have been provided at a concessional rate.

Value of the accommodation = ₹ 5,300

Less: Rent paid by the employee (₹ 1,000 × 5) = ₹ 5,000

Perquisite value of accommodation given at a concessional rent = ₹ 375

ILLUSTRATION 16

Using the data given in illustration 14, compute the value of the perquisite if ABC Ltd. has taken this accommodation on a lease rent of ₹ 1,025 p.m. and Mr. C is required to pay a rent of ₹ 1,000 p.m. to the company,

for the use of this accommodation.

SOLUTION

Here again, we have to see whether the accommodation is provided at a concessional rate.

In the case of accommodation taken on lease by the employer, the accommodation would be deemed to have been provided at a concessional rate if the rent paid by the employer or 10% of salary, whichever is lower, exceeds rent recoverable from the employee.

In this case, 10% of salary is ₹ 5,300 (i.e. 10% of ₹ 53,000). Rent paid by the employer is ₹ 5,125 (i.e. ₹ 1,025 x 5). The lower of the two is ₹ 5,125 which exceeds the rent paid by the employee i.e., ₹ 5,000 (₹ 1,000 x 5). Therefore, the accommodation would be deemed to have been provided at a concessional rate.

Value of the accommodation [Note]	= ₹ 5,125
Less: Rent paid by the employee (₹ 1,000 x 5)	= <u>₹ 5,000</u>
Value of accommodation given at a concessional rent =	<u>₹ 125</u>

Note: Value of the accommodation is lower of

- Lease rent paid by the company for relevant period = ₹ 1,025 x 5 = ₹ 5,125
- 10% of salary for the relevant period (computed earlier) = ₹ 5,300

ILLUSTRATION 17

Using the data given in illustration 14, compute the value of the perquisite if ABC Ltd. has provided a television (WDV ₹ 10,000; Cost ₹ 25,000) and two air conditioners. The rent paid by the company for the air conditioners is ₹ 400 p.m. each. The television was provided on 1.1.2025. However, Mr. C is required to pay a rent of ₹ 1,000 p.m. to the company, for the use of this furnished accommodation.

SOLUTION

Here again, we have to see whether the accommodation is provided at a concessional rate. In the case of accommodation owned by the employer in a city having a population exceeding 40 lakhs, the accommodation would be deemed to have been provided at a concessional rate, if 10% of salary exceeds rent recoverable from the employee. In case of furnished accommodation, the excess of hire charges paid or 10% p.a. of the cost of furniture, as the case may be, over and above the charges paid or payable by the employee has to be added to the value arrived at above to determine whether the accommodation is provided at a concessional rate.

In this case, 10% of salary is ₹ 5,300 (i.e. 10% of ₹ 53,000). The value of furniture of ₹ 4,625 (See Note below) is to be added to 10% of salary. The rent paid by the employee is ₹ 5,000 (i.e. ₹ 1,000 x 5). Therefore, the

accommodation would be deemed to have been provided at a concessional rate.

Value of the accommodation (computed earlier)	= ₹ 5,300
Add: Value of furniture provided by the employer [Note]	= ₹ 4,625
Value of furnished accommodation	= ₹ 9,925
Less: Rent paid by the employee (₹ 1,000 × 5)	= ₹ 5,000
Value of furnished accommodation given at a concessional rent	= ₹ 4,925

Note: Value of the furniture provided = (₹ 400 p.m. × 2 × 5 months) + (₹ 25,000 × 10% p.a. for 3 months) = ₹ 4,000 + ₹ 625 = ₹ 4,625

ILLUSTRATION 18

Using the data given in illustration 17 above, compute the value of the perquisite if Mr. C is a government employee. The licence fees determined by the Government for this accommodation was ₹ 700 p.m.

SOLUTION

In the case of Government employees, the accommodation would be deemed to have been provided at a concessional rate, if the licence fees determined by the employer as increased by the value of furniture and fixture exceeds the rent recovered/ recoverable from the employee.

In this case, ₹ 3,500 (licence fees: ₹ 700 × 5) + ₹ 4,625 (Value of furniture) is the value of furnished accommodation. The rent paid by the employee is ₹ 5,000 (i.e. ₹ 1,000 × 5). Therefore, the accommodation would be deemed to have been provided at a concessional rate.

Value of the accommodation (₹ 700 × 5)	= ₹ 3,500
Add: Value of furniture provided by the employer (computed earlier)	= ₹ 4,625
Value of furnished accommodation	= ₹ 8,125
Less: Rent paid by the employee (₹ 1,000 × 5)	= ₹ 5,000
Perquisite value of furnished accommodation given at concessional rent	= ₹ 3,125

Mr. X retired from the services of M/s Y Ltd. on 31.01.2025, after completing service of 30 years and one month. He had joined the company on 1.1.1995 at the age of 30 years and received the following on his retirement:

- Gratuity ₹ 6,00,000. He was covered under the Payment of Gratuity Act, 1972.

- ii. Leave encashment of ₹ 3,30,000 for 330 days leave balance in his account. He was credited 30 days leave for each completed year of service.
- iii. As per the scheme of the company, he was offered a car which was purchased on 30.01.2022 by the company for ₹ 5,00,000. Company has recovered ₹ 2,00,000 from him for the car. Company depreciates the vehicles at the rate of 15% on Straight Line Method.
- iv. An amount of ₹ 3,00,000 as commutation of pension for 2/3 of his pension commutation.
- v. Company presented him a gift voucher worth ₹ 6,000 on his retirement.
- vi. His colleagues also gifted him a Television (LCD) worth ₹ 50,000 from their own contribution.

Following are the other particulars:

- a) He has drawn a basic salary of ₹ 20,000 and 50% dearness allowance per month for the period from 01.04.2024 to 31.01.2025.
- b) Received pension of ₹ 5,000 per month for the period 01.02.2025 to 31.03.2025 after commutation of pension.

Compute his gross total income from the above for Assessment Year 2025-26 assuming he exercises the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION

Computation of Gross Total Income of Mr. X for A.Y. 2025-26

Particulars	₹
Basic Salary = ₹ 20,000 x 10	2,00,000
Dearness Allowance = 50% of basic salary	1,00,000
Gift Voucher (See Note - 1)	6,000
Transfer of car (See Note - 2)	56,000
Gratuity (See Note - 3)	80,769
Leave encashment (See Note - 4)	1,30,000
Uncommuted pension (₹ 5000 x 2)	10,000
Commuted pension (See Note - 5)	1,50,000
Gross Salary	7,32,769
Less: Standard deduction u/s 16[ia]	50,000

Taxable Salary /Gross Total Income	6,82,769

Notes:

- As per Rule 3(7)(iv), the value of any gift or voucher or token in lieu of gift received by the employee or by member of his household not exceeding ₹ 5,000 in aggregate during the previous year is exempt. In this case, the amount was received on his retirement and the sum exceeds the limit of ₹ 5,000.

Therefore, the entire amount of ₹ 6,000 is liable to tax as perquisite.

Note – An alternate view possible is that only the sum in excess of ₹ 5,000 is taxable. In such a case, the value of perquisite would be ₹ 1,000 and gross total income would be ₹ 7,27,769.

- Perquisite value of transfer of car:** As per Rule 3(7)(viii), the value of benefit to the employee, arising from the transfer of an asset, being a motor car, by the employer is the actual cost of the motor car to the employer as reduced by 20% of WDV of such motor car for each completed year during which such motor car was put to use by the employer. Therefore, the value of perquisite on transfer of motor car, in this case, would be:

Particulars	₹
Purchase price (30.1.2022)	5,00,000
Less: Depreciation @ 20%	1,00,000
WDV on 29.1.2023	4,00,000
Less: Depreciation @ 20%	80,000
WDV on 29.1.2024	3,20,000
Less: Depreciation @ 20%	64,000
WDV on 29.1.2025	2,56,000
Less: Amount recovered	2,00,000
Value of perquisite	56,000

The rate of 15% as well as the straight line method adopted by the company for depreciation of vehicle is **not** relevant for calculation of perquisite value of car in the hands of Mr. X.

3. Taxable gratuity

Particulars	₹
Gratuity received	6,00,000
Less : Exempt under section 10(10) - Least of the following:	
i. Notified limit = ₹ 20,00,000	
ii. Actual gratuity = ₹ 6,00,000	
iii. $15/26 \times \text{last drawn salary} \times \text{no. of completed years of services or part in excess of 6 months}$	
$15/26 \times ₹ 30,000 \times 30 = ₹ 5,19,231$	5,19,231
Taxable Gratuity	80,769

Note: As per the Payment of Gratuity Act, 1972, D.A. is included in the meaning of salary. Since in this case, Mr. X is covered under payment of Payment of Gratuity Act, 1972, D.A. has to be included within the meaning of salary for computation of exemption under section 10(10).

4. Taxable leave encashment

Particulars	₹
Leave Salary received	3,30,000
Less : Exempt under section 10(10AA) - Least of the following:	
i. Notified limit ₹ 25,00,000	
ii. Actual leave salary ₹ 3,30,000	
iii. 10 months x ₹ 20,000 ₹ 2,00,000	
iv. Cash equivalent of leave to his credit ₹ 2,20,000	
$\left(\frac{330}{30} \times 20,000\right)$	2,00,000
Taxable Leave encashment	1,30,000

Note – It has been assumed that dearness allowance does not form part of salary for retirement benefits. In case it is assumed that dearness allowance forms part of pay for retirement benefits, then, the third limit for exemption under section 10(10AA) in respect of leave encashment would be ₹ 3,00,000 [i.e. $10 \times ₹ 30,000$] and the fourth limit ₹ 3,30,000, in which case, the taxable leave encashment would be ₹ 30,000 [₹ 3,30,000 - ₹ 3,00,000]. In such a case, the gross total income would be ₹ 6,32,769.

5. Commuted Pension

Since Mr. X is a non-government employee in receipt of gratuity, exemption under section 10(10A) would be available to the extent of $\frac{1}{3}$ rd of the amount of the pension which he would have received had he commuted the whole of the pension.

Particulars	₹
Amount received	3,00,000
Less: Exemption under section 10(10A) = $\frac{1}{3} \times \left[3,00,000 \times \frac{3}{2} \right]$	1,50,000
Taxable amount	1,50,000

6. The taxability provisions under section 56(2)(x) are not attracted in respect of television received from colleagues, since television is not included in the definition of property therein.

Shri Bala employed in ABC Co. Ltd. as Finance Manager gives you the list of perquisites provided by the company to him for the entire financial year 2024-25:

- Domestic servant was provided at the residence of Bala. Salary of domestic servant is ₹ 1,500 per month. The servant was engaged by him and the salary is reimbursed by the company (employer).
In case the company has employed the domestic servant, what is the value of perquisite?
- Free education was provided to his two children Arthy and Ashok in a school maintained and owned by the company. The cost of such education for Arthy is computed at ₹ 900 per month and for Ashok at ₹ 1,200 per month. No amount was recovered by the company for such education facility from Bala.
- The employer has provided movable assets such as television, refrigerator and air-conditioner at the residence of Bala. The actual cost of such assets provided to the employee is ₹ 1,10,000.
- A gift voucher worth ₹ 10,000 was given on the occasion of his marriage anniversary. It is given by the company to all employees above certain grade.
- Telephone provided at the residence of Shri Bala and the bill aggregating to ₹ 25,000 paid by the employer.
- Housing loan @ 6% per annum. Amount outstanding on 1.4.2024 is ₹ 6,00,000. Shri Bala pays ₹ 12,000 per month towards principal, on 5th of each month.

Compute the chargeable perquisite in the hands of Mr. Bala for the A.Y. 2025-26.

The lending rate of State Bank of India as on 1.4.2024 for housing loan may be taken as 10%.

SOLUTION**Taxability of perquisites provided by ABC Co. Ltd. to Shri Bala**

- i. Domestic servant was employed by the employee and the salary of such domestic servant was paid/reimbursed by the employer. It is taxable as perquisite for all categories of employees.

Taxable perquisite value = ₹ 1,500 × 12 = ₹ 18,000.

If the company had employed the domestic servant and the facility of such servant is given to the employee, then the perquisite is taxable only in the case of specified employees. The value of the taxable perquisite in such a case also would be ₹ 18,000.

- ii. Where the educational institution is owned by the employer, the value of perquisite in respect of free education facility shall be determined with reference to the reasonable cost of such education in a similar institution in or near the locality. However, there would be no perquisite if the cost of such education per child does not exceed ₹ 1,000 per month.

Therefore, there would be no perquisite in respect of cost of free education provided to his child Arthy, since the cost does not exceed ₹ 1,000 per month.

However, the cost of free education provided to his child Ashok would be taxable, since the cost exceeds ₹ 1,000 per month. The taxable perquisite value would be ₹ 14,400 (₹ 1,200 × 12).

Note – An alternate view possible is that only the sum in excess of ₹ 1,000 per month is taxable. In such a case, the value of perquisite would be ₹ 2,400.

- iii. Where the employer has provided movable assets to the employee or any member of his household, 10% per annum of the actual cost of such asset owned or the amount of hire charges incurred by the employer shall be the value of perquisite. However, this will not apply to laptops and computers. In this case, the movable assets are television, refrigerator and air conditioner and actual cost of such assets is ₹ 1,10,000.

The perquisite value would be 10% of the actual cost i.e., ₹ 11,000, being 10% of ₹ 1,10,000.

- iv. The value of any gift or voucher or token in lieu of gift received by the employee or by member of his household not exceeding ₹ 5,000 in aggregate during the previous year is exempt. In this case, the amount was received on the occasion of marriage anniversary and the sum exceeds the limit of ₹ 5,000.

Therefore, the entire amount of ₹ 10,000 is liable to tax as perquisite.

Note - An alternate view possible is that only the sum in excess of ₹ 5,000 is taxable. In such a case, the value of perquisite would be ₹ 5,000

- v. Telephone provided at the residence of the employee and payment of bill by the employer is a tax free perquisite.
- vi. The value of the benefit to the assessee resulting from the provision of interest-free or concessional loan made available to the employee or any member of his household during the relevant previous year by the employer or any person on his behalf shall be determined as the sum equal to the interest computed at the rate charged per annum by the State Bank of India (SBI) as on the 1st day of the relevant previous year in respect of loans for the same purpose advanced by it. This rate should be applied on the maximum outstanding monthly balance and the resulting amount should be reduced by the interest, if any, actually paid by him.

“Maximum outstanding monthly balance” means the aggregate outstanding balance for loan as on the last day of each month.

The perquisite value for computation is $10\% - 6\% = 4\%$

Month	Maximum outstanding balance as on last date of month (₹)	Perquisite value at 4% for the month (₹)
April, 2024	5,88,000	1,960
May, 2024	5,76,000	1,920
June, 2024	5,64,000	1,880
July, 2024	5,52,000	1,840
August, 2024	5,40,000	1,800
September, 2024	5,28,000	1,760
October, 2024	5,16,000	1,720
November, 2024	5,04,000	1,680
December, 2024	4,92,000	1,640
January, 2025	4,80,000	1,600
February, 2025	4,68,000	1,560
March, 2025	4,56,000	1,520
Total value of this perquisite		20,880

Total value of taxable perquisite

= ₹ 74,280 [i.e. ₹ 18,000 + ₹ 14,400 + ₹ 11,000 + ₹ 10,000 + ₹ 20,880].

Note - In case the alternate views are taken for items (ii) & (iv), the total value of taxable perquisite would be ₹ 57,280 [i.e., ₹ 18,000 + ₹ 2,400 + ₹ 11,000 + ₹ 5,000 + ₹ 20,880].

AB Co. Ltd. allotted 1000 sweat equity shares to Sri Chand in June 2024. The shares were allotted at ₹ 200 per share as against the fair market value of ₹ 300 per share on the date of exercise of option by the allottee viz. Sri Chand. The fair market value was computed in accordance with the method prescribed under the Act.

- A. What is the perquisite value of sweat equity shares allotted to Sri Chand?
- B. In the case of subsequent sale of those shares by Sri Chand, what would be the cost of acquisition of those sweat equity shares?

SOLUTION

- A. As per section 17(2)(vi), the value of sweat equity shares chargeable to tax as perquisite shall be the fair market value of such shares on the date on which the option is exercised by the assessee as reduced by the amount actually paid by, or recovered from, the assessee in respect of such shares.

Particulars	₹
Fair market value of 1000 sweat equity shares @ ₹ 300 each	3,00,000
Less: Amount recovered from Sri Chand 1000 shares @ ₹ 200 each	2,00,000
Value of perquisite of sweat equity shares allotted to Sri Chand	1,00,000

- B. As per section 49(2AA), where capital gain arises from transfer of sweat equity shares, the cost of acquisition of such shares shall be the fair market value which has been taken into account for perquisite valuation under section 17(2)(vi). [The provisions of section 49 are discussed in Unit 4: Capital Gains of this chapter]

Therefore, in case of subsequent sale of sweat equity shares by Sri Chand, the cost of acquisition would be ₹ 3,00,000.

26. Tax treatment of medical benefits, allowances and mediclaim premium in the hands of Ms. Rakhi for A.Y. 2025-26

	Particulars
1.	Reimbursement of medical expenses incurred by Ms. Rakhi A. The amount of ₹ 4,000 reimbursed by her employer for treatment of her self-employed daughter in a private clinic is taxable perquisite. B. The amount of ₹ 8,000 reimbursed by the employer for treatment of Ms. Rakhi by family doctor is taxable perquisite. C. The amount of ₹ 5,000 reimbursed by her employer for treatment of her dependant mother-in-law in a nursing home is taxable perquisite. The aggregate sum of ₹ 17,000, specified in [A], [B] and [C] above, reimbursed by the employer is taxable perquisite
2.	Medical insurance premium of ₹ 7,500 paid by the employer for insuring health of Ms. Rakhi is a tax free perquisite as per clause [iii] of the first proviso to section 17[2].
3.	Medical allowance of ₹ 2,000 per month i.e., ₹ 24,000 p.a. is a fully taxable allowance.
4.	As per clause [ii][a] of the first proviso to section 17[2], reimbursement of medical expenses of ₹ 5,000 on her son's treatment in a hospital maintained by the Government is a tax-free perquisite.
5. & 6.	As per clause [vi] of the first proviso to section 17[2], the following expenditure incurred by the employer would be excluded from perquisite subject to certain conditions – (i) Expenditure on medical treatment of the employee, or any member of the family of such employee, outside India including stay expenses [₹ 1,05,000, in this case];
	(ii) Expenditure on travel of the employee or any member of the family of such employee for medical treatment and one attendant who accompanies the patient in connection with such treatment [₹ 1,20,000, in this case].
	The conditions subject to which the above expenditure would be exempt are as follows –
	i. The expenditure on medical treatment and stay abroad would be excluded from perquisite to the extent permitted by Reserve Bank of India;

- ii. The expenditure on travel would be excluded from perquisite only in the case of an employee whose gross total income, as computed before including the said expenditure, does not exceed ₹ 2 lakh.

Since the expenditure on medical treatment and stay abroad does not exceed the limit permitted by RBI, they would be fully exempt. However, the foreign travel expenditure of Ms. Rakhi and her minor son borne by the employer would be excluded from perquisite only if the gross total income of Ms. Rakhi, as computed before including the said expenditure, does not exceed ₹ 2 lakh.

27. Computation of Income from Salary of Mr. X for the A.Y. 2025-26

Particulars	₹	₹
Basic salary [₹ 25,000 × 12]		3,00,000
Commission [₹ 1,000 × 12]		12,000
Entertainment allowance [₹ 1,000 × 12]		12,000
Rent free accommodation [Note 1]	32,400	
Add : Value of furniture [₹ 2,40,000 × 10% p.a. for 8 months]	16,000	48,400
Interest on personal loan [Note 2]		22,500
Use of motor cycle [₹ 60,000 × 10% p.a. for 4 months]		2,000
Transfer of motor cycle [Note 3]		12,000
Gross Salary		4,08,900
Less : Deduction under section 16		
Under section 16[ia] – Standard deduction	50,000	
Under section 16[iii] - Professional tax paid	2,000	52,000
Income from Salary		3,56,900

Notes:

i. Value of rent-free unfurnished accommodation

= 10% of salary for the relevant period

= 10% of [₹ 3,00,000 + ₹ 12,000 + ₹ 12,000] = ₹ 32,400

ii. **Value of perquisite for interest on personal loan**

$$= [₹ 5,00,000 \times (12.75\% - 6.75\%) \text{ for 9 months}] = ₹ 22,500$$

iii. **Depreciated value of the motor cycle**

= Original cost – Depreciation @ 10% p.a. for 3 completed years.

$$= ₹ 60,000 - [₹ 60,000 \times 10\% \text{ p.a.} \times 3 \text{ years}] = ₹ 42,000.$$

$$\text{Perquisite} = ₹ 42,000 - ₹ 30,000 = ₹ 12,000.$$

28. Computation of Taxable Salary of Mr. Balaji for A.Y. 2025-26

Particulars	₹
Basic salary [(₹ 50,000 × 7) + (₹ 60,000 × 5)]	6,50,000
Dearness Allowance (40% of basic salary)	2,60,000
Bonus (₹ 50,000 + 40% of ₹ 50,000) [See Note 1]	70,000
Employers contribution to recognised provident fund in excess of 12% of salary = 4% of ₹ 6,50,000 [See Note 2]	26,000
Professional tax paid by employer	2,000
Perquisite of Motor Car (₹ 2,400 for 5 months) [See Note 4]	12,000
Gross Salary	10,20,000
Less: Deduction under section 16	
Standard deduction u/s 16(ia) ₹ 50,000	
Professional tax u/s 16(iii) [See Note 6] ₹ 2,500	52,500
Taxable Salary	9,67,500

Notes:

- Since bonus was paid in the month of October, the basic salary of ₹ 50,000 for the month of October is considered for its calculation.
- It is assumed that dearness allowance does not form part of salary for computing retirement benefits.
- As per Rule 3(7)(vii), facility of use of laptop and computer is a tax free perquisite, whether used for official or personal purpose or both.

- iv. As per the provisions of Rule 3(2), in case a motor car (engine cubic capacity exceeding 1.60 liters) owned by the employer is provided to the employee without chauffeur for personal as well as office use, the value of perquisite shall be ₹ 2,400 per month. The car was provided to the employee from 01.11.2023, therefore the perquisite value has been calculated for 5 months.
- v. Mr. Balaji can avail exemption under section 10(5) on the entire amount of ₹ 75,000 reimbursed by the employer towards Leave Travel Concession since the same was availed for himself, his wife and three children and the journey was undertaken by economy class airfare. The restriction imposed for two children is not applicable in case of multiple births which take place after the first child.

It is assumed that the Leave Travel Concession was availed for journey within India.

He is eligible to claim benefit of exemption u/s 10(5) since he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

- vi. As per section 17(2)(iv), a “perquisite” includes any sum paid by the employer in respect of any obligation which, but for such payment, would have been payable by the assessee. Therefore, professional tax of ₹ 2,000 paid by the employer is taxable as a perquisite in the hands of Mr. Balaji. As per section 16(iii), a deduction from the salary is provided on account of tax on employment i.e. professional tax paid during the year.

Therefore, in the present case, the professional tax paid by the employer on behalf of the employee ₹ 2,000 is first included in the salary and deduction of the entire professional tax of ₹ 2,500 is provided from salary.

29. Computation of taxable salary of Mr. X for A.Y. 2025-26

Particulars	₹
Basic pay $[(₹ 20,000 \times 9) + (₹ 21,000 \times 3)] = ₹ 1,80,000 + ₹ 63,000$	2,43,000
Dearness allowance [10% of basic pay]	24,300
Bonus	21,000
Employer's contribution to Recognized Provident Fund in excess of 12% $[15\% - 12\% = 3\% \text{ of } ₹ 2,67,300]$ [See Note 1 below]	8,019
Taxable allowances	
Telephone allowance	6,000
Taxable perquisites	
Rent-free accommodation [See Note 1 & 2 below]	29,430

Medical reimbursement	25,000
Reimbursement of salary of housekeeper	12,000
Gift voucher [See Note 5 below]	10,000
Gross Salary	3,78,749
Less: Deduction under section 16[ia] – Standard deduction	50,000
Salary income chargeable to tax	3,28,749

Notes:

- Since dearness allowance forms part of salary for retirement benefits, the perquisite value of rent-free accommodation and employer's contribution to recognized provident fund have been accordingly worked out.
- Where the accommodation is taken on lease or rent by the employer, the value of rent-free accommodation provided to employee would be actual amount of lease rental paid or payable by the employer or 15% of salary, whichever is lower.

For the purposes of valuation of rent free house, salary includes:

- Basic salary i.e., ₹ 2,43,000
- Dearness allowance i.e. ₹ 24,300
- Bonus i.e., ₹ 21,000
- Telephone allowance i.e., ₹ 6,000

Therefore, salary works out to

$$₹ 2,43,000 + ₹ 24,300 + ₹ 21,000 + ₹ 6,000 = ₹ 2,94,300.$$

$$10\% \text{ of salary} = ₹ 2,94,300 \times 10/100 = ₹ 29,430$$

Value of rent-free house = Lower of rent paid by the employer (i.e. ₹ 1,20,000) or 10% of salary (i.e., ₹ 29,430).

- Facility of use of laptop is not a taxable perquisite.
- Conveyance allowance is exempt since it is based on actual reimbursement for official purposes.
- The value of any gift or voucher or token in lieu of gift received by the employee or by member of his household below ₹ 5,000 in aggregate during the previous year is exempt. In this case, the gift voucher was received on the occasion of marriage anniversary and the sum exceeds the limit of ₹ 5,000.

Therefore, the entire amount of ₹ 10,000 is liable to tax as perquisite.

Note - An alternate view possible is that only the sum in excess of ₹ 5,000 is taxable. In such a case, the value of perquisite would be ₹ 5,000.

- vi. Premium of ₹ 5,000 paid by the company for personal accident policy is not liable to tax.

Gross Salary		4,86,333
Less: Standard deduction u/s 16 [Actual salary or ₹ 75,000, whichever is less] [Allowable under default tax regime]		75,000
Net Salary		4,11,333

31. Computation of income chargeable under the head "Salaries" of Ms. Akansha for A.Y.2025-26 under default tax regime

Particulars	₹
Basic Salary	6,20,000
Dearness allowance	4,20,000
Commission	75,000
Entertainment allowance	9,000
Medical expenses reimbursed by the employer is fully taxable	18,000
Professional tax paid by the employer is a taxable perquisite as per section 17(2)(iv), since it is an obligation of the employee which is paid by the employer	2,000
Health insurance premium of ₹ 8,000 paid by the employer is an exempt perquisite [Clause (iii) of proviso to section 17(2)]	Nil
Gift voucher given by employer on Ms. Akansha birthday [entire amount is taxable since the perquisite value exceeds ₹ 5,000] as per Rule 3(7)(iv)	10,000

Life insurance premium of Ms. Akansha paid by employer is a taxable perquisite as per section 17(2)(v)	26,000
Laptop provided for use at home is an exempt perquisite as per Rule 3(7)(vii)	Nil
Provision of motor car with driver (engine cubic capacity more than 1.6 litres) owned by employer to employee, the perquisite value would be ₹ 39,600 [₹ (2,400+900) ×12] as per Rule 3(2)	39,600
Annual credit card fees paid by employer is a taxable perquisite as per Rule 3(7)(v) since the credit card is not exclusively used for official purposes and details of usage are not available	7,000
Gross Salary	12,26,600
Less: Deductions under section 16	
- Standard Deduction as per section 16(ia)	75,000
Income chargeable under the head "Salaries"	11,51,600

Note: As per Rule 3(7)(iv), the value of any gift or voucher received by the employee or by member of his household on ceremonial occasions or otherwise from the employer shall be determined as the sum equal to the amount of such gift. However, the value of any gift or voucher received by the employee or by member of his household below ₹ 5,000 in aggregate during the previous year would be exempt as per the proviso to Rule 3(7)(iv). In this case, the gift voucher of ₹ 10,000 was received by Ms. Akansha from her employer on the occasion of her birthday.

Since the value of the gift voucher exceeds the limit of ₹ 5,000, the entire amount of ₹ 10,000 is liable to tax as perquisite. The above solution has been worked out accordingly.

An alternate view possible is that only the sum in excess of ₹ 5,000 is taxable in view of the language of Circular No.15/2001 dated 12.12.2001, which states that such gifts upto ₹ 5,000 in the aggregate per annum would be exempt, beyond which it would be taxed as a perquisite. As per this view, the value of perquisite would be ₹ 5,000. Accordingly, the gross salary and net salary would be ₹ 12,21,600 and ₹ 11,46,600, respectively.

Question 1

Answer 16

- a) **Situation 1** (Mr P): Since the accommodation is owned by the employer and population of the area is 15 lakhs, value of unfurnished house shall be taken as 5% of RFA Salary (ie ₹ 25,000 x 5% x 12 months) = ₹ 15,000. An amount of ₹ 500 per month is recovered as rent from the employee. Therefore, perquisite value of accommodation at concessional rent shall come out to ₹ 9,000 {₹ 15,000 - 500 x 12 months}.
- b) **Situation 2** (Mr Q): Since the accommodation is owned by the employer and population of the area is 40 lakhs, value of unfurnished house shall be taken as 7.5% of RFA Salary (ie ₹ 25,000 x 7.5% x 12 months) = ₹ 22,500. An amount of ₹ 500 per month is recovered as rent from the employee. Therefore, perquisite value of accommodation at concessional rent shall come out to ₹ 16,500 {₹ 22,500 - 500 x 12 months}.
- c) **Situation 3** (Mr R): Since the accommodation is owned by the employer and population of the area is 50 lakhs, value of unfurnished house shall be taken as 10% of RFA Salary (ie ₹ 25,000 x 10% x 12 months) = ₹ 30,000. An amount of ₹ 500 per month is recovered as rent from the employee. Therefore, perquisite value of accommodation at concessional rent shall come out to ₹ 24,000 {₹ 30,000 - (₹ 500 x 12 months)}.
- d) **Situation 4** (Mr S): Since the accommodation has been taken on rent by the employer, value of unfurnished RFA shall be lower of:

> 10% of RFA Salary = ₹ 25,000 x 10% x 12 months = ₹ 30,000

> Rent Paid = ₹ 4,000 x 12 months = ₹ 48,000

Therefore, the value of unfurnished house shall be taken as ₹ 30,000. Population of the area is irrelevant if the accommodation has been taken on rent by the employer. An amount of ₹ 500 per month is recovered as rent from the employee. Therefore, perquisite value of accommodation at concessional rent shall come out to ₹ 24,000 {₹ 30,000 - 500 x 12 months}.

Note 1 - Perquisite Value Of Motor Car Facility [Section 17(2Viii)]:

Perquisite Value	Car Used Only for Personal Purposes	Car Used for Official & Personal Purposes
Car I	10% of Cost + All Expenses - ₹ 40,000 + ₹ 3,000 + ₹ 5,000 + ₹ 48,000 = ₹ 96,000	(₹ 2,400 + ₹ 900) x 12 months = ₹ 39,600
Car II	10% of Cost + All Expenses = ₹ 30,000 + ₹ 10,000 + ₹ 4,000 + ₹ 36,000 = ₹ 80,000	(₹ 1,800 + ₹ 900) x 12 months = ₹ 32,400
Car III	10% of Cost + All Expenses = ₹ 25,000 + ₹ 15,000 + ₹ 3,000 = ₹ 43,000	₹ 1,800 x 12 months = ₹ 21,600

Selection Of Best Possible Option:

Options	Perquisite Value
Option 1	Presuming Car I is for official and personal purposes and Cars II & III for personal purposes: Car I - ₹ 39,600; Car II - ₹ 80,000; Car III - ₹ 43,000 = ₹ 1,62,600
Option 2	Presuming Car II is for official and personal purposes and Cars I & III for personal purposes: Car I - ₹ 96,000; Car II - ₹ 32,400; Car III - ₹ 43,000 = ₹ 1,71,400
Option 3	Presuming Car III is for official and personal purposes and Cars I & II for personal purposes: Car I - ₹ 96,000; Car II - ₹ 80,000; Car III - ₹ 21,600 = ₹ 1,97,600
Conclusion: Option 1 is best.

Answer 34

- **Case 1:** Since the son's age is more than the twin daughters, Mr Bhanu can avail exemption for all his three children. The restriction of two children is not applicable to multiple births after one child. The holiday being in India and the journey being performed by air (economy class), the entire reimbursement met by the employer is fully exempt.
- **Case 2:** Since the twins' age is more than the son, Mr Bhanu cannot avail for exemption for all his three children. LTC exemption can be availed in respect of only two children. Taxable LTC = ₹ 15,000 x 1/3 = ₹ 5,000. LTC exempt is only ₹ 53,000 (ie ₹ 58,000 - ₹ 5,000).

Answer 35**(i) Deduction Available To Mr A Under Chapter VI-A For AY 2025-26:**

Section	Particulars	Amount (₹)	Amount (₹)
80C	• Deposit in public provident fund	1,20,000	1,62,000
	• Five-year term deposit with bank	30,000	
	• Life insurance premium paid ₹ 15,000 (Since policy has been taken after 31.3.2012, maximum deduction is 10% of sum assured of ₹ 1.2L)	12,000	
80CCD(1)	Employees' contribution to NPS of the Central Government		1,20,000
	[Restricted to 10% of salary] (₹ 1,80,000/15% * 10%) [Note]		
	Total		2,82,000
80CCE	Aggregate deduction u/s 80C and 80CCD(1) is restricted to 1,50,000		1,50,000
80CCD(1B)	₹ 50,000 would be eligible for deduction iro contribution to NPS of the Central Govt		50,000
80CCD(2)	Employer's contribution to NPS, restricted to 10% of salary [Note]		1,20,000
	Deduction under Chapter VI-A (1,50,000 + 50,000 + 1,20,000)		3,20,000

Note: Deduction u/s 80CCD(1B) would not be subject to an overall limit of ₹ 1,50,000 u/s 80CCE. Since deduction could not be claimed in respect of employee's contribution u/s 80CCD(1), an additional deduction of maximum ₹ 50,000 is available u/s 80CCD(1B). Further, the entire employer's contribution to notified pension scheme has to be first included as income u/h salary and thereafter, deduction u/s 80CCD(2) would be allowed subject to a maximum of 10% of salary.

- (ii) If the contribution towards NPS is ₹ 1,20,000, it is beneficial for Mr A to first claim deduction of ₹ 50,000 u/s 80CCD(1B) and the balance ₹ 70,000 can be claimed u/s 80CCD(1). However, aggregate deduction u/s 80C & 80CCD(1) cannot exceed the overall limit of ₹ 1,50,000 as per Section 80CCE. Total deduction under Chapter VI-A would remain the same [ie ₹ 3,20,000].

Answer 40

- i. As per Section 10(10), gratuity received by a Government employee on retirement is fully exempt from tax. Since Mr Alok is a government employee, gratuity amounting to ₹ 7,00,000 received would be fully exempt. The taxable portion of gratuity shall be Nil.
- ii. If Mr Alok is not a Government employee but covered by the Payment of Gratuity Act, 1972, then, gratuity received by him would be exempt upto least of the following:
 - Statutory limit (₹ 20,00,000)
 - Actual gratuity received (₹ 7,00,000)
 - $15/26 \times \text{last drawn salary} \times \text{years of service (including part of the year in excess of 6 months)} = 15/26 \times ₹ 24,000 \times 26 \text{ years} = ₹ 3,60,000$

Therefore, ₹ 3,60,000 is exempt u/s 10(10). Taxable portion of gratuity = ₹ 7L - ₹ 3.6L = ₹ 3.4L

Note: Salary means basic salary plus DA, ie ₹ 24,000 (₹ 16,000 + ₹ 8,000).

Answer 44**Computation Of Total Income Of Ms Neelima For AY 2025-26:**

Particulars	Amount (₹)	Amount (₹)
Income u/h Salary:		
• Basic Salary (April To July (₹ 22,600 x 4M) + August To December (₹ 22,900 x 5M))	2,04,900	
• Taxable portion of leave encashment (₹ 4,14,000 - ₹ 2,27,500)	•1,86,500	
Least of the following is exempt u/s 10(10AA):		
> Statutory limit (₹ 25L) - Exemption claimed earlier (₹ 59,000) = ₹ 24,41,000		
> Leave salary actually received = ₹ 4,14,000		
> 10 times x Average RBS of last 10 months (10 x ₹ 22,750) = 2,27,500		

> Leave at the credit x Average RBS of last 10 months $(11M \times ₹ 22,750) = ₹ 2,50,250$		
• Taxable portion of gratuity $(₹ 12,00,000 - ₹ 1,59,040)$	10,40,960	
Least of the following is exempt u/s 10(10):		
> Gratuity received $(₹ 12L)$		
> Statutory limit $(₹ 20L)$		
> j month's average salary for 14 years of service $(1/2 \times ₹ 22,720 \times 14) = ₹ 1,59,040$		
• Withdrawals from URPF [ie, Unrecognised Provident Fund]		
> Employer's share in the payment received from the URPF	2,10,000	
> Interest on employer's share	50,000	
Less: Standard deduction of ₹ 50,000 u/s 16(ia)	(50,000)	
Income u/h Salary		16,42,360
Income u/h Other Sources:		
Interest on employee's share out of withdrawals from URPF	60,000	
Income u/s Other Sources		60,000
Total Income		17,02,360

Note 1: Average salary for the purposes of computing exemption for leave salary u/s 10(10AA) = Average salary of last 10 months preceding the date of retirement for each completed year of service, ie from March to December 2024. Average salary shall be ₹ 22,750 {Sum Of $22,600 \times 5M$ & $22,900 \times 5M$ } Divided By 10 Months}.

Note 2: Leave at the credit = 30 days leave for 14 completed years of services as reduced by 90 days of leave availed during service $(420 \text{ days} - 90 \text{ days})$. Therefore, leave at the credit shall be 330 days [ie, 11 Months].

Note 3: Average salary for the purposes of computing exemption for gratuity u/s 10(10) = Average salary of last 10 months preceding the month of retirement for each completed year of service, ie from February to November 2024. Average salary shall be ₹ 22,720 {Sum Of $(₹ 22,600 \times 6M)$ & $(₹ 22,900 \times 4M)$ Divided By 10 Months}.

Answer 48

(i) The eligible exemption u/s 10(13A) in respect of HRA received would be least of the following:

- Actual amount received = ₹ 1,00,000

- Rent paid [-] 10% of salary for the relevant period = (₹ 10,000 * 12 months) - 10% of ₹ 1,20,000 = ₹ 1,08,000
- 50% of retirement benefit salary - 50% x ₹ 1,20,000 = ₹ 60,000

The HRA received by Mr Khanna would be exempt to the extent of ₹ 60,000 u/s 10(13A). The balance of ₹ 40,000 is includible in his total income.

(ii) Perquisite Value In Respect Of Concessional Accommodation: The actual amount of lease rental paid or payable by the employer or 10% of salary, whichever is lower, as reduced by the rent, if any, actually paid by the employee is the value of the perquisite.

- Actual rent paid by the employer = ₹ 10,000 x 12 months = ₹ 1,20,000
- 10% of salary = 10% of basic pay plus special allowance = 10% of ₹ 1,50,000 = ₹ 15,000'

Lower of the above is ₹ 15,000, which should be reduced by the rent of ₹ 30,000 paid by the employee (ie, ₹ 2,500 x 12 months = ₹ 30,000). The perquisite value is, therefore, nil.

(iii) We have to see the cash flow from both the options to find out which is more beneficial.

Particulars	Amount (₹)	Amount (₹)
Option 1: HRA		
Cash inflows [Basic Pay + HRA + Special Allowance]		2,50,000
Less: Cash outflows:		
• Rent paid	1,20,000	
• Tax [Note 1]	Nil	(1,20,000)
Net Cash Flow		1,30,000
Option 2: Concessional Accommodation:		
Cash inflows [Basic Pay + Special Allowance]		1,50,000
Less: Cash outflows:		
• Rent recovery	30,000	
• Tax [Note 1]	Nil	(30,000)
Net Cash Flow		1,20,000

Since the net cash flow is higher in Option 1, Mr Khanna should opt for HRA as it is more beneficial to him.

Note 1 - Computation Of Tax Liability Under Both The Options'-

Particulars	Option 1 - HRA (₹)	Option 2 - Concessional Accommodation (₹)
Basic Pay	1,20,000	1,20,000
Special Allowance	30,000	30,000

CHAPTER - 9

INCOME FROM HOUSE PROPERTY

ILLUSTRATION 1

Jayashree owns five houses in India, all of which are let-out. Compute the GAV of each house from the information given below –

Particulars	House I (Rs.)	House II (Rs.)	House III (Rs.)	House IV (Rs.)	House V (Rs.)
Municipal Value	80,000	55,000	65,000	24,000	80,000
Fair Rent	90,000	60,000	65,000	25,000	75,000
Standard Rent	N.A.	75,000	58,000	N.A.	78,000
Actual rent received/ receivable	72,000	72,000	60,000	30,000	72,000

SOLUTION

As per section 23(1), Gross Annual Value (GAV) is the higher of Expected rent and actual rent received. Expected rent is higher of municipal value and fair rent but restricted to standard rent.

Computation of GAV of each house owned by Jayashree

	Particulars	House I (Rs.)	House II (Rs.)	House III (Rs.)	House IV (Rs.)	House V (Rs.)
(i)	Municipal value	80,000	55,000	65,000	24,000	80,000
(ii)	Fair rent	90,000	60,000	65,000	25,000	75,000
(iii)	Higher of (i) & (ii)	90,000	60,000	65,000	25,000	80,000
(iv)	Standard rent	N.A.	75,000	58,000	N.A.	78,000
(v)	Expected rent [Lower of (iii) & (iv)]	90,000	60,000	58,000	25,000	78,000
(vi)	Actual rent received/receivable	72,000	72,000	60,000	30,000	72,000
	GAV [Higher of (v) & (vi)]	90,000	72,000	60,000	30,000	78,000

ILLUSTRATION 2

Rajesh, a British national, is a resident and ordinarily resident in India during the P.Y.2024-25. He owns a house in London, which he has let out at £ 10,000 p.m. The municipal taxes paid to the Municipal Corporation of London is £ 8,000 during the P.Y.2024-25. The value of one £ in Indian rupee to be taken at ₹ 95. Compute Rajesh's Net Annual Value of the property for the A.Y. 2025-26.

SOLUTION

For the P.Y.2024-25, Mr. Rajesh, a British national, is resident and ordinarily resident in India. Therefore, income received by him by way of rent of the house property located in London is to be included in the total income in India. Municipal taxes paid in London is to be allowed as deduction from the gross annual value.

Computation of Net Annual Value of the property of Mr. Rajesh for A.Y.2025-26

Particulars	Rs.
Gross Annual Value [$£ 10,000 \times 12 \times 95$]	1,14,00,000
Less: Municipal taxes paid [$£ 8,000 \times 95$]	7,60,000
Net Annual Value (NAV)	1,06,40,000

ILLUSTRATION 3

Mr. Manas owns two house properties one at Bombay, wherein his family resides and the other at Delhi, which is unoccupied. He lives in Chandigarh for his employment purposes in a rented house. For acquisition of house property at Bombay, he has taken a loan of ₹ 30 lakh@10% p.a. on 1.4.2023. He has not repaid any amount so far. In respect of house property at Delhi, he has taken a loan of ₹ 5 lakh@11% p.a. on 1.10.2023 towards repairs. Compute the deduction which would be available to him under section 24(b) for A.Y.2025-26 in respect of interest payable on such loan if he exercises the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION

Mr. Manas can claim benefit of Nil Annual Value in respect of his house property at Bombay and Delhi, since no benefit is derived by him from such properties, and he cannot occupy such properties due to reason of his employment at Chandigarh, where he lives in a rented house. He is eligible for deduction under section 24(b) since he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

Anirudh has a property whose municipal valuation is ₹ 1,30,000 p.a. The fair rent is ₹ 1,10,000 p.a. and the standard rent fixed by the Rent Control Act is ₹ 1,20,000 p.a. The property was let out for a rent of ₹ 11,000 p.m. throughout the previous year. Unrealised rent was ₹ 11,000 and all conditions prescribed by Rule 4 are satisfied. He paid municipal taxes @10% of municipal valuation. Interest on borrowed capital was ₹ 40,000 for the year. Compute his income from house property for A.Y.2025-26.

SOLUTION**Computation of Income from house property of Mr. Anirudh for A.Y.2025-26**

Particulars	Amount in ₹
Computation of GAV	
Step 1 Compute ER	
ER = Higher of MV of ₹ 1,30,000 p.a. and FR of ₹ 1,10,000 p.a. but restricted to SR of ₹ 1,20,000 p.a.	1,20,000
Step 2 Compute actual rent received/receivable	
Actual rent received/receivable less unrealized rent as per Rule 4 = ₹ 1,32,000 - ₹ 11,000	1,21,000
Step 3 Compare ER of ₹ 1,20,000 and Actual rent received/receivable of ₹ 1,21,000	

Step 4 GAV is the higher of ER and Actual rent received / receivable	1,21,000	
Gross Annual Value (GAV)		1,21,000
Less: Municipal taxes [paid by the owner during the previous year] = 10% of ₹ 1,30,000		13,000
Net Annual Value (NAV)		1,08,000
Less: Deductions under section 24		
(a) 30% of NAV	32,400	
(b) Interest on borrowed capital [actual without any ceiling limit]	40,000	72,400
Income from house property		35,600

Note – Alternatively, if as per income-tax returns, unrealized rent is deducted from GAV, then GAV would be ₹ 1,32,000, being higher of expected rent of ₹ 1,20,000 and actual rent of ₹ 1,32,000. Thereafter, unrealized rent of ₹ 11,000 and municipal taxes of ₹ 13,000 would be deducted from GAV of ₹ 1,32,000 to arrive at the NAV of ₹ 1,08,000.

Ganesh has a property whose municipal valuation is ₹ 2,50,000 p.a. The fair rent is ₹ 2,00,000 p.a. and the standard rent fixed by the Rent Control Act is ₹ 2,10,000 p.a. The property was let out for a rent of ₹ 20,000 p.m. However, the tenant vacated the property on 31.1.2025. Unrealised rent was ₹ 20,000 and all conditions prescribed by Rule 4 are satisfied. He paid municipal taxes @8% of municipal valuation. Interest on borrowed capital was ₹ 65,000 for the year. Compute the income from house property of Ganesh for A.Y.2025-26.

SOLUTION

Computation of income from house property of Ganesh for A.Y.2025-26

Particulars	Amount in ₹	
Computation of GAV		
Step 1 Compute ER		
	2,10,000	

Higher of MV of ₹ 2,50,000 p.a. & FR of ₹ 2,00,000 p.a., but restricted to SR of ₹ 2,10,000 p.a.		
Step 2 Compute Actual rent received/receivable Actual rent received/receivable for let out period less unrealized rent as per Rule 4 = ₹ 2,00,000 – ₹ 20,000	1,80,000	
Step 3 Compare ER & Actual rent received/receivable	1,80,000	
Step 4 In this case the actual rent of ₹ 1,80,000 is lower than ER of ₹ 2,10,000 owing to vacancy, since, had the property not been vacant the actual rent would have been ₹ 2,20,000 (₹ 1,80,000 + ₹ 40,000, being notional rent for February and March 2023). Therefore, actual rent is the GAV.		1,80,000
Gross Annual Value (GAV)		20,000
Less: Municipal taxes (paid by the owner during the previous year) = 8% of ₹ 2,50,000		1,60,000
Net Annual Value (NAV)	48,000	
Less: Deductions under section 24	65,000	1,13,000
a) 30% of NAV = 30% of ₹ 1,60,000		
b) Interest on borrowed capital (actual without any ceiling limit)		47,000
Income from house property		

Note – Alternatively, if as per income-tax returns, unrealized rent is deducted from GAV, then GAV would be ₹ 2,00,000, being the actual rent, since the actual rent is lower than the expected rent of ₹ 2,10,000 owing to vacancy. Thereafter, unrealized rent of ₹ 20,000 and municipal taxes of ₹ 20,000 would be deducted from GAV of ₹ 2,00,000 to arrive at the NAV of ₹ 1,60,000.

Poorna has one house property at Indira Nagar in Bangalore. She stays with her family in the house. The rent of similar property in the neighbourhood is ₹ 25,000 p.m. The municipal valuation is ₹ 2,80,000 p.a. Municipal taxes paid is ₹ 8,000. The house construction began in April 2018 with a loan of ₹ 20,00,000 taken from SBI Housing Finance Ltd. @9% p.a. on 1.4.2018. The construction was completed on 30.11.2020. The accumulated interest up to 31.3.2020 is ₹ 3,60,000. On 31.3.2025, Poorna paid ₹ 2,40,000 which included ₹ 1,80,000 as interest. There was no principal repayment prior to this date. Compute Poorna's income from house property

for A.Y. 2025-26 assuming that she has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION**Computation of income from house property of Smt. Poorna for A.Y.2025-26**

Particulars	Amount (Rs.)
Annual Value of house used for self-occupation under section 23(2)	Nil
Less: Deduction under section 24	
Interest on borrowed capital	
Interest on loan was taken for construction of house on or after 1.4.99 and same was completed within the prescribed time - interest paid or payable subject to a maximum of ₹ 2,00,000 [including apportioned pre-construction interest] will be allowed as deduction. In this case the total interest is ₹ 1,80,000 + ₹ 72,000 [Being 1/5th of ₹ 3,60,000] = ₹ 2,52,000. However, the interest deduction is restricted to ₹ 2,00,000. 2,00,000	2,00,000
Loss from house property	[2,00,000]

Smt. Rajalakshmi owns a house property at Adyar in Chennai. The municipal value of the property is ₹ 5,00,000, fair rent is ₹ 4,20,000 and standard rent is ₹ 4,80,000. The property was let-out for ₹ 50,000 p.m. up to December 2024. Thereafter, the tenant vacated the property and Smt. Rajalakshmi used the house for self-occupation. Rent for the months of November and December 2024 could not be realised in spite of the owner's efforts. All the conditions prescribed under Rule 4 are satisfied. She paid municipal taxes @12% during the year. She had paid interest of ₹ 25,000 during the year for amount borrowed for repairs for the house property. Compute her income from house property for the A.Y. 2025-26.

SOLUTION**Computation of income from house property of Smt. Rajalakshmi for A.Y.2025-26**

Particulars	Amount in ₹
Computation of GAV	
Step 1 Compute ER for the whole year	
ER = Higher of MV of ₹ 5,00,000 and FR of ₹ 4,20,000, but restricted to SR of ₹ 4,80,000	4,80,000

Step 2 Compute Actual rent received/receivable		
Actual rent received/receivable for the period let out less unrealized rent as per Rule 4 = $(₹ 50,000 \times 9) - (₹ 50,000 \times 2) = ₹ 4,50,000 - ₹ 1,00,000$	3,50,000	
Step 3 Compare ER for the whole year with the actual rent received/receivable for the let out period i.e. ₹ 4,80,000 and ₹ 3,50,000		
Step 4 GAV is the higher of ER computed for the whole year and Actual rent received/receivable computed for the let-out period	4,80,000	
Gross Annual Value (GAV)		4,80,000
Less: Municipal taxes (paid by the owner during the previous year) = 12% of ₹ 5,00,000		60,000
Net Annual Value (NAV)		4,20,000
Less: Deductions under section 24		
(a) 30% of NAV = 30% of ₹ 4,20,000	1,26,000	
(b) Interest on borrowed capital	25,000	1,51,000
Income from house property		2,69,000

Note – Alternatively, if as per income-tax returns, unrealized rent is deducted from GAV then, GAV would be ₹ 4,80,000, being higher of expected rent of ₹ 4,80,000 and actual rent of ₹ 4,50,000. Thereafter, unrealized rent of ₹ 1,00,000 and municipal taxes of ₹ 60,000 would be deducted from GAV of ₹ 4,80,000 to arrive at the NAV of ₹ 3,20,000. The deduction u/s 24(a) would be ₹ 96,000, being 30% of ₹ 3,20,000. The income from house property would, therefore, be ₹ 1,99,000.

Ganesh has three houses, all of which are self-occupied. The particulars of the houses for the PY.2024-25 are as under:

Particulars	House I	House II	House III

Municipal valuation p.a.	Rs. 3,00,000	Rs. 3,60,000	Rs. 3,30,000
Fair rent p.a.	Rs. 3,75,000	Rs. 2,75,000	Rs. 3,80,000
Standard rent p.a.	Rs. 3,50,000	Rs. 3,70,000	Rs. 3,75,000
Date of completion/purchase	31.3.2000	31.3.2002	01.4.2016
Municipal taxes paid during the year	12%	8%	6%
Interest on money borrowed for repair of property during the current year		Rs. 55,000	
Interest for current year on money borrowed in April, 2017 for purchase of property			Rs. 1,75,000

Compute Ganesh's income from house property for A.Y.2025-26 and suggest which houses should be opted by Ganesh to be assessed as self-occupied so that his tax liability is minimum.

SOLUTION

Let us first calculate the income from each house property assuming that they are deemed to be let out.

Computation of income from house property of Ganesh for the A.Y. 2025-26

Particulars	Amount in ₹		
	House I	House II	House III
Gross Annual Value (GAV) ER is the GAV of house property ER = Higher of MV and FR, but restricted to SR	3,50,000	3,60,000	3,75,000
Less: Municipal taxes (paid by the owner during the previous year)	36,000	28,800	19,800
Net Annual Value (NAV)	3,14,000	3,31,200	3,55,200
Less: Deductions under section 24			
(a) 30% of NAV	94,200	99,360	1,06,560
(b) Interest on borrowed capital	-	55,000	1,75,000
Income from house property	2,19,800	1,76,840	73,640

Ganesh can opt to treat any two of the above house properties as self-occupied.

Under default tax regime under section 115BAC**OPTION 1 (House I and II – self-occupied and House III – deemed to be let out)**

If House I and II are opted to be self-occupied, the income from house property shall be –

Particulars	Amount in Rs.
House I [Self-occupied]	Nil
House II [Self-occupied] (No interest deduction)	Nil
House III [Deemed to be let-out]	73,640
Income from house property	73,640

OPTION 2 (House I and III – self-occupied and House II – deemed to be let out)

If House I and III are opted to be self-occupied, the income from house property shall be –

Particulars	Amount in Rs.
House I [Self-occupied]	Nil
House II [Deemed to be let-out]	1,76,840
House III [Self-occupied] (No interest deduction)	Nil
Income from house property	1,76,840

OPTION 3 (House II and III – self-occupied and House I – deemed to be let out)

If House II and III are opted to be self-occupied, the income from house property shall be –

Particulars	Amount in Rs.
House I [Deemed to be let-out]	2,19,800
House II [Self-occupied] (No interest deduction)	-
House III [Self-occupied] (No interest deduction)	-
Income from house property	2,19,800

Since Option 1 is most beneficial, Ganesh should opt to treat House I and II as self-occupied and House III as deemed to be let out. His income from house property would be ₹ 73,640 for the A.Y. 2024-25 under default tax regime under section 115BAC.

If Mr. Ganesh has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A)

OPTION 1 (House I and II – self-occupied and House III – deemed to be let out)

If House I and II are opted to be self-occupied, the income from house property shall be –

Particulars	Amount in Rs.
House I (Self-occupied)	Nil
House II (Self-occupied) (Interest deduction restricted to ₹30,000)	(30,000)
House III (Deemed to be let-out)	73,640
Income from house property	43,640

OPTION 2 (House I and III – self-occupied and House II – deemed to be let out)

If House I and III are opted to be self-occupied, the income from house property shall be –

Particulars	Amount in Rs.
House I (Self-occupied)	Nil
House II (Deemed to be let-out)	1,76,840
House III (Self-occupied)	(1,75,000)
Income from house property	1,840

OPTION 3 (House II and III –self-occupied and House I – deemed to be let out)

If House II and III are opted to be self-occupied, the income from house property shall be –

Particulars	Amount in ₹
House I (Deemed to be let-out)	2,19,800
House II (Self-occupied) (Interest deduction restricted to ₹ 30,000)	(30,000)
House III (Self-occupied) (No interest deduction)	(1,75,000)
(Total interest deduction restricted to ₹ 2,00,000)	(2,00,000)
Income from house property	19,800

Since Option 2 is most beneficial in this case, Ganesh should opt to treat House I and III as self-occupied and House II as deemed to be let out. His income from house property would be ₹ 1,840 for the A.Y. 2024-25 under the optional tax regime i.e., the normal provisions of the Act.

I. HOUSE PROPERTY, A PORTION LET OUT AND A PORTION SELF OCCUPIED

ILLUSTRATION 9

Prem owns a house in Madras. During the previous year 2024-25, 2/3rd portion of the house was self-occupied and 1/3rd portion was let out for residential purposes at a rent of ₹ 8,000 p.m. Municipal value of the property is ₹ 3,00,000 p.a., fair rent is ₹ 2,70,000 p.a. and standard rent is ₹ 3,30,000 p.a. He paid municipal taxes @10% of municipal value during the year. A loan of ₹ 25,00,000 was taken by him during the year 2020 for acquiring the property. Interest on loan paid during the previous year 2024-25 was ₹ 1,20,000. Compute Prem's income from house property for the A.Y.2025-26 assuming that he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

What would be Prem's income from house property under the default tax regime?

SOLUTION

There are two units of the house. Unit I with 2/3rd area is used by Prem for self occupation throughout the year and no other benefit is derived from that unit, hence it will be treated as self-occupied and its annual value will be Nil. Unit 2 with 1/3rd area is let-out throughout the previous year and its annual value has to be determined as per section 23(1).

Computation of income from house property of Mr. Prem for A.Y.2025-26 under the optional tax regime (i.e., the normal provisions of the Act)

Particulars	Amount in ₹	
Unit I (2/3rd area – self-occupied)		
Annual Value		Nil
Less: Deduction under section 24(b) 2/3rd of ₹ 1,20,000		80,000
Income from Unit I [self-occupied]		[80,000]
Unit II (1/3rd area – let out)		
Computation of GAV		
Step I Compute ER		
ER = Higher of MV and FR, restricted to SR However, in this case, SR of ₹ 1,10,000 [1/3rd of ₹ 3,30,000] is more than the higher of MV of ₹ 1,00,000 [1/3rd of ₹ 3,00,000] and FR of ₹ 90,000 [1/3rd of ₹ 2,70,000]. Hence the higher of MV and FR is the ER. In this case, it is the MV.	1,00,000	

Step 2 Compute actual rent received/ receivable ₹ 8,000 × 12 = ₹ 96,000	96,000	
Step 3 Compare ER and Actual rent received/receivable		
Step 4 GAV is the higher of ER and actual rent received /receivable i.e. higher of ₹ 1,00,000 and ₹ 96,000	1,00,000	1,00,000
Gross Annual Value(GAV)		10,000
Less: Municipal taxes paid by the owner during the previous year relating to let-out portion 1/3rd of [10% of ₹ 3,00,000] = ₹ 30,000/3 = ₹ 10,000		
Net Annual Value (NAV)		90,000
Less: Deductions under section 24		
a) 30% of NAV = 30% of ₹ 90,000	27,000	
b) Interest paid on borrowed capital [relating to let out portion] 1/3rd of ₹ 1,20,000	40,000	67,000
Income from Unit II [let-out]		23,000
Loss under the head "Income from house property" = [₹ 80,000] + ₹ 23,000 = [₹ 57,000]		

Under the default tax regime, Prem would not be entitled to interest deduction of ₹ 80,000 under section 24(b) in respect of self-occupied portion (Unit 1). Hence, income from house property would be ₹ 23,000, being income from Unit II, which is let out.

ILLUSTRATION 10

Mr. Anand sold his residential house property in March, 2024.

In June, 2024, he recovered rent of ₹ 10,000 from Mr. Gaurav, to whom he had let out his house for two years from April 2018 to March 2020. He could not realise two months rent of ₹ 20,000 from him and to that extent his actual rent was reduced while computing income from house property for A.Y.2020-21.

Further, he had let out his property from April, 2020 to February, 2024 to Mr. Satish. In April, 2022, he had increased the rent from ₹ 12,000 to ₹ 15,000 per month and the same was a subject matter of dispute. In September, 2024, the matter was finally settled and Mr. Anand received ₹ 69,000 as arrears of rent for the period April 2022 to February, 2024.

Would the recovery of unrealised rent and arrears of rent be taxable in the hands of Mr. Anand, and if so in which year?

SOLUTION

Since the unrealised rent was recovered in the P.Y.2024-25, the same would be taxable in the A.Y.2025-26 under section 25A, irrespective of the fact that Mr. Anand was not the owner of the house in that year. Further, the arrears of rent was also received in the P.Y.2024-25, and hence the same would be taxable in the A.Y.2025-26 under section 25A, even though Mr. Anand was not the owner of the house in that year. A deduction of 30% of unrealised rent recovered and arrears of rent would be allowed while computing income from house property of Mr. Anand for A.Y.2025-26.

Computation of income from house property of Mr. Anand for A.Y.2025-26

Particulars	Rs.
Unrealised rent recovered	10,000
Arrears of rent received	69,000

Both of them have equal share in the property and the same is used by them for self-occupation. Interest is payable in respect of loan of ₹ 50,00,000@10% taken on 1.4.2023 for acquisition of such property. In addition, Ms. Aparna owns a flat in Pune in which she and her parents reside. She has taken a loan of ₹ 3,00,000@12% on 1.10.2023 for repairs of this flat. Compute the deduction which would be available to Ms. Aparna and Ms. Dimple under section 24(b) for A.Y.2025-26, if both exercise the option of shifting out of the default tax regime provided under section 115BAC(1A).

SOLUTION**Computation of deduction u/s 24(b) available to Ms. Aparna for A.Y.2025-26**

Particulars	Rs.
I. Interest on loan taken for acquisition of residential house property at Calcutta $\text{₹ } 50,00,000 \times 10\% = \text{₹ } 5,00,000$ Ms. Aparna's share = 50% of ₹ 5,00,000 = ₹ 2,50,000 Restricted to ₹ 2,00,000	2,00,000
II. Interest on loan taken for repair of flat at Pune $\text{₹ } 3,00,000 \times 12\% = \text{₹ } 36,000$	

Restricted to ₹ 30,000	30,000

She paid the following to Corporation of Chennai:

Property Tax	Rs. 16,200
Sewerage Tax	Rs. 1,800

She had taken a loan from Standard Chartered Bank in June, 2022 for purchasing this flat. Interest on loan was as under:

Particulars	Rs.
Period prior to 1.4.2024	49,200
1.4.2024 to 30.6.2024	50,800
1.7.2024 to 31.3.2025	1,31,300

She had a house property in Bangalore, which was sold in March, 2021. In respect of this house, she received arrears of rent of ₹ 60,000 in March, 2025. This amount has not been charged to tax earlier. Compute the income chargeable from house property of Mrs. Rohini Ravi for the A.Y. 2025-26 if she has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A). Would your answer change if she pays tax under the default tax regime under section 115BAC?

16. Two brothers Arun and Bimal are co-owners of a house property with equal share. The property was constructed during the financial year 2016-17. The property consists of eight identical units and is situated at Cochin.

During the financial year 2024-25, each co-owner occupied one unit for residence and the balance of six units were let out at a rent of ₹ 12,000 per month per unit. The municipal value of the house property is ₹ 9,00,000 and the municipal taxes are 20% of municipal value, which were paid during the year. The other expenses were as follows:

Particulars	Rs.
Repairs	40,000
Insurance premium (paid)	15,000
Interest payable on loan taken for construction of house	3,00,000

One of the let out units remained vacant for four months during the year.

Arun could not occupy his unit for six months as he was transferred to Chennai. He does not own any other house.

The other income of Mr. Arun and Mr. Bimal are ₹ 2,90,000 and ₹ 1,80,000, respectively, for the financial year 2024-25.

Compute the income under the head 'Income from House Property' and the total income of two brothers for the A.Y. 2025-26 if they pay tax under the default tax regime under section 115BAC.

Also, show the computation of income under this head, if they both exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

ANSWERS

12. Computation of income from house property of Mr. Raman for A.Y. 2025-26

Particulars	₹	₹
Gross Annual Value [See Note 1 below]		1,80,000
Less: Municipal taxes – paid by the tenant, hence not deductible		Nil
Net Annual Value (NAV)		1,80,000
Less: Deductions under section 24		
(i) 30% of NAV	54,000	
(ii) Interest on housing loan [See Note 2 below]		
- Interest on loan taken from bank	25,000	
- Interest on fresh loan to repay old loan for this property	5,000	84,000
Income from house property		96,000
50% share taxable in the hands of Mr. Raman [See Note 3 below]		48,000

Notes:

I. Computation of Gross Annual Value (GAV)

GAV is the higher of Expected rent and actual rent received. Expected rent is the higher of municipal value and fair rent, but restricted to standard rent.

Particulars	Rs.	Rs.	Rs.	Rs.
Municipal value	1,60,000			
Fair rent	1,50,000			

Higher of (a) and (b)		1,60,000		
Standard rent		1,70,000		
Expected rent [lower of (c) and (d)]			1,60,000	
Actual rent [₹ 15,000 x 12]			1,80,000	
Gross Annual Value [higher of (e) and (f)]				1,80,000

- I. Interest on housing loan is allowable as a deduction under section 24 on accrual basis. Further, interest on fresh loan taken to repay old loan is also allowable as deduction. However, interest on unpaid interest is not allowable as deduction under section 24.
- II. Section 26 provides that where a house property is owned by two or more persons whose shares are definite and ascertainable, the share of each such person in the income of house property, as computed in accordance with sections 22 to 25, shall be included in his respective total income. Therefore, 50% of the total income from the house property is taxable in the hands of Mr. Raman since he is an equal owner of the property.

13. Computation of Income from house property for A.Y. 2025-26

Particulars	₹	₹
a) Rented unit (50% of total area – See Note below)		
Step I – Computation of Expected Rent		
Municipal valuation (₹ 1,90,000 x ½)	95,000	
Fair rent (₹ 1,85,000 x ½)	92,500	
Standard rent (₹ 1,62,000 x ½)	81,000	
Expected Rent is higher of municipal valuation and fair rent, but restricted to standard rent	81,000	
Step II – Actual Rent		
Rent received/receivable for the let out period (₹ 8,000 x 10)	80,000	
Step III – Computation of Gross Annual Value		
The actual rent of ₹ 80,000 is lower than ER of ₹ 81,000 owing to vacancy, since, had the property not been vacant the actual rent would have been ₹ 96,000 (₹ 80,000 + ₹ 16,000, being notional rent for two months. Therefore, actual rent is the GAV.	80,000	

Gross Annual Value		80,000
Less: Municipal taxes (5% of ₹ 95,000)		4,750
Net Annual value		75,250
Less : Deductions under section 24 -		
I. 30% of net annual value	22,575	
II. Interest on borrowed capital (₹ 750 x 12)	9,000	31,575
Taxable income from let out portion		43,675
b) Self occupied unit (50% of total area – See Note below)		
Annual value	Nil	
Less : Deduction under section 24 - Interest on borrowed capital (₹ 750 x 12)	9,000	9,000
Loss from self occupied portion		(9,000)
Income from house property		34,675

Note: No deduction will be allowed separately for light and water charges, lease money paid, insurance charges and repairs.

14. Computation of income from house property of Mr. Vikas for the A.Y. 2025-26

Particulars	₹	₹
Income from house property		
I. Self-occupied portion (Two third)		
Net Annual value		Nil
Less: Deduction under section 24(b)		
Interest on loan [See Note below] (₹ 18,600 x 2/3) [Allowable since he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A)]		12,400
Loss from self occupied property		(12,400)
II. Let-out portion (One third)		
Gross Annual Value		
a) Actual rent received (₹ 5,000 x 12)	₹ 60,000	
b) Expected rent	₹ 36,000	

[higher of municipal valuation (i.e., ₹ 96,000) and fair rent (i.e., ₹ 1,26,000) but restricted to standard rent (i.e., ₹ 1,08,000)] = ₹ 1,08,000 x 1/3		
Higher of (a) or (b)	60,000	
Less: Municipal taxes (₹ 96,000 x 11% x 1/3)	3,520	
Net Annual Value	56,480	
Less: Deductions under section 24		
a) 30% of NAV	16,944	
b) Interest on loan (See Note below) (₹ 18,600 x 1/3)	6,200	33,336
Income from house property		20,936

Note: Interest on loan taken for construction of building

Interest for the year (1.4.2023 to 31.3.2024) = 12% of ₹ 1,00,000 = ₹ 12,000

Pre-construction period interest = 12% of ₹ 1,00,000 for 33 months (from 1.07.2016 to 31.3.2019) = ₹ 33,000

Pre-construction period interest to be allowed in 5 equal annual installments of ₹ 6,600 from the year of completion of construction i.e., from FY. 2019-20 till FY. 2023-24.

Therefore, total interest deduction under section 24 = ₹ 12,000 + ₹ 6,600 = ₹ 18,600.

15.

- i. Since the assessee is a resident and ordinarily resident in India, her global income would form part of her total income i.e., income earned in India as well as outside India will form part of her total income.

She possesses a self-occupied house at Los Angeles as well as at Chennai. She can take the benefit of "Nil" Annual Value in respect of both the house properties.

As regards the Bangalore house, arrears of rent will be chargeable to tax as income from house property in the year of receipt under section 25A. It is not essential that the assessee should continue to be the owner. 30% of the arrears of rent shall be allowed as deduction.

Accordingly, the income from house property of Mrs. Rohini Ravi for A.Y.2025-26 will be calculated as under:

Particulars	₹	₹

I. Self-occupied house at Los Angeles		
Annual value		Nil
Less: Deduction under section 24		Nil
Chargeable income from this house property		Nil
II. Self-occupied house property at Chennai		
Annual value		Nil
Less: Deduction under section 24 Interest on borrowed capital [See Note below]		1,91,940
		[1,91,940]
III. Arrears in respect of Bangalore property (Section 25A)		
Arrears of rent received	60,000	
Less: Deduction @ 30% u/s 25A[2]	18,000	42,000
Loss under the head "Income from house property"		[1,49,940]

Note: Interest on borrowed capital

Particulars	Rs.
Interest for the current year [₹ 50,800 + ₹ 1,31,300]	1,82,100
Add: 1/5th of pre-construction interest [₹ 49,200 x 1/5]	9,840
Interest deduction allowable under section 24	1,91,940

Interest deduction under section 24(b) is allowable since she has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

- ii. Yes, the answer would change if she pays tax under the default tax regime under section 115BAC. Under the default tax regime, deduction under section 24(b) for interest is not available. Hence, she cannot claim deduction of ₹ 1,91,940 in respect of the Chennai house. Accordingly, income from house property would be ₹ 42,000.

Answer 19

Computation Of Income From House Property For AY 2025-26:

Particulars	Amount (₹)
Gross Annual Value (GAV)	2,40,000
• Step 1: Compute Expected Rent ('ER'). ER = Higher of MV of ₹ 2,40,000 p.a. and FR of ₹ 1,92,000 p.a.; ER = ₹ 2,40,000	
• Step 2: Compute actual rent received/receivable = ₹ 18,000 × 12 = ₹ 2,16,000	
• Step 3: GAV is higher of ER and actual rent received/receivable. GAV = ₹ 2,40,000	
Less: Municipal taxes paid by the owner during the PY {2,000 × 12}	(24,000)
Net Annual Value (NAV)	2,16,000
Less: Deduction u/s 24(a) {30% of NAV}	(64,800)
Less: Deduction u/s 24(b) {Interest on Loan}	(80,000)
Income from House Property	71,200

Answer 20**Computation Of Income From House Property For AY 2025-26:**

House Property Partly Let Out & Partly Vacant – Computation of Income [Sec 23(1)]

Answer 21

Computation Of Income From House Property For AY 2025-26:

Particulars	Amount (₹)
Step I – Computation of Expected Rent:	
• Municipal Valuation $[18,000 \times 12]$	2,16,000
• Fair Rent $[₹16,000 \times 12]$	1,92,000
Expected Rent is higher of municipal valuation and fair rent	2,16,000
Step II – Computation of Gross Rent R/R & Effective Rent R/R:	
• Gross Rent R/R: Actual Rent R/R for the whole year without vacancy $[₹ 20,000 \times 12] = ₹ 2,40,000$	
• Effective Rent R/R: Actual Rent R/R after considering vacancy $[20,000 \times 10] = ₹ 2,00,000$	
Since Gross Rent R/R is more than expected rent, the assessee will be allowed the benefit of vacancy and Effective Rent R/R shall be taken as GAV.	
Gross Annual Value [GAV]	2,00,000

Answer 22

Computation Of Income From House Property For AY 2025-26:

Particulars	Amount (₹)
Step I – Computation of Expected Rent:	5,40,000
Step II – Computation of Gross Rent R/R & Effective Rent R/R:	
• Gross Rent R/R: Actual Rent R/R for the whole year without vacancy $[65,000 \times 12] = ₹ 7,80,000$	
• Effective Rent R/R: Actual Rent R/R after considering vacancy $[₹65,000 \times 7] = ₹ 4,55,000$	
Since Gross Rent R/R is more than expected rent, the assessee will be allowed the benefit of vacancy and Effective Rent R/R shall be taken as GAV	
Gross Annual Value [GAV]	4,55,000

Answer 23

Computation Of Income From House Property For AY 2025-26:

Particulars	Amount (₹)
Step I – Computation of Expected Rent:	
Expected Rent = Higher of FRV of ₹ 4,80,000 & Municipal Valuation of ₹ 6,00,000; ER = ₹ 6,00,000	
Step II – Computation of Gross Rent R/R & Effective Rent R/R:	
- Gross Rent R/R: Actual Rent R/R for the whole year without vacancy $[770,000 \times 12] = ₹ 8,40,000$ - Effective Rent R/R: Actual Rent R/R after considering vacancy $[₹ 70,000 \times 9] = ₹ 6,30,000$	
If the house was let out for full 12 months, Gross Rent R/R would have been more than expected rent. Therefore, the assessee will be allowed the benefit of vacancy and Effective Rent R/R shall be taken as GAV.	
Gross Annual Value [GAV]	6,30,000

Answer 24

Computation of Income From House Property:

Particulars	House 1	House 2	House 3
Step I – Computation of Expected Rent			
ER is higher of MV and FRV but restricted to standard rent	1,20,000	1,80,000	2,40,000
Step II – Computation of Gross Rent R/R & Effective Rent R/R:			
• Gross Rent R/R: Actual Rent R/R for the whole year without vacancy	1,44,000	2,10,000	2,52,000
• Effective Rent R/R: Actual Rent R/R after considering vacancy	1,44,000	1,92,500	1,26,000
In all the cases, Gross Rent R/R is higher than Expected Rent. Therefore, the assesses will be allowed the benefit of vacancy and Effective Rent R/R shall be taken as GAV.			
GAV	1,44,000	1,92,500	1,26,000
Less: Municipal taxes paid during the year	[20,000]	[80,000]	[30,000]

Answer 31

Computation Of Income From House Property For AY 2025-26:

9643036663 (only WhatsApp)

Particulars	Amount (₹)
Gross Annual Value [GAV] {Actual rent assumed to be GAV in the absence of any other information}	2,40,000
Less: Municipal taxes	[30,000]
Net Annual Value [NAV]	2,10,000
Less: Deduction u/s 24(a) {30% of NAV}	(63,000)
Less: Deduction u/s 24(b) {Refer Working Note}	(2,64,000)
Income from House Property	(1,17,000)

Working Note (Interest On Borrowed Capital):

• Interest for the current year [10% of ₹ 22 lakhs]	₹ 2,20,000
• $1/5^{\text{th}}$ of pre-construction interest [Interest for the period from 1.4.2019 to 31.3.2020, ie 1 year] $\{1/5^{\text{th}}$ of $\{₹22,00,000 \times 10\%\}$	₹ 44,000
Interest Deduction Allowable u/s 24	₹ 2,64,000

Answer 32

Particulars	Amount (₹)
Annual value of one house used for self-occupation u/s 23(2)	Nil
Less: Deduction u/s 24(b) – Interest on borrowed capital	2,00,000
• Interest on loan was taken for construction of house on or after 01.04.1999 and same was completed within 5 years, therefore maximum deduction permissible u/s 24(b) is ₹2,00,000.	
• In this case, the total interest is ₹ 2,20,000 + ₹44,000 [Being $1/5^{\text{th}}$ of ₹2,20,000] = ₹2,64,000. However, the interest deduction is restricted to ₹ 2,00,000.	
Loss from House Property	[2,00,000]

Answer 33

- Interest for the year [1.4.2024 to 31.3.2025] = 10% of ₹5,00,000 = ₹50,000

- Pre-construction interest = 10% of ₹ 5,00,000 for 6 months [from 1.10.2023 to 31.3.2024] = ₹25,000. Pre-construction interest to be allowed in 5 equal annual instalments of ₹5,000 each from the year of completion of construction [ie, py 2024-25 in the present case].
- Therefore, total interest deduction u/s24 [b] for PY 2024 – 25 = ₹(50,000 + 5,000) = ₹55,000.

• Step 1: Compute Expected Rent ['ER']. ER = Higher of MV of ₹ 2,00,000 p.a. and FR of ₹ 2,40,000 p.a., ER = ₹2,40,000	
• Step 2: Compute Actual Rent Received/Receivable. Actual Rent Received/Receivable less unrealized rent as per Rule 4 = ₹2,72,000 - ₹ 42,000 = ₹ 2,30,000	
• Step 3: GAV is higher of Step 1 & Step 2. GAV = ₹ 2,40,000	
Less: Municipal taxes paid by the owner	(20,000)

Net Annual Value	2,20,000
Less: Deduction u/s 24(a) {30% of NAV}	(66,000)
Less: Deduction u/s 24(b)	Nil
Income from House Property	1,54,000

[b] Computation Of Income From House Property For AY 2025-26:

Income from House Property	1,61,700

Answer 36

Computation Of Income From House Property Of Mrs Disha Khanna For AY 2025-26:

Particulars	Amount (₹)
Gross Annual Value {Refer Working Note 1}	7,20,000
Less: Municipal taxes paid during by Mrs Disha Khanna during the year {12% of ₹7.5 L}	(90,000)
Net Annual Value [NAV]	6,30,000
Less: Deduction u/s 24(a) {Standard Deduction equivalent to 30% of NAV}	(1,89,000)

Less: Deduction u/s 24(b) {Interest on loan borrowed towards repairs of the property}	(35,000)
Income From House Property	4,06,000

Working Note 1 – Computation Of GAV:

- In the present case, the house is partly self-occupied and partly let-out. GAV shall be computed as per the provisions of Section 23(3) and accordingly, higher of expected rent [full 12 months] & actual rent R/R shall be taken as GAV.

- Computation of Expected Rent:

Step 1: Higher of Fair Rent [6,30,000] & Municipal Rent [₹7,50,000] = ₹7,50,000

> Step 2: Expected Rent = Lower of Step 1 [₹ 7,50,000] & Standard Rent [₹7,20,000] = ₹ 7,20,000

- Computation of Actual Rent R/R: Deduction of unrealised rent would be available only when all the following four conditions given under Rule 4 of the Income Tax Rules are satisfied:

> the tenancy is a bona fide tenancy:

> the defaulting tenant is not in occupation of any other property of the assessee:

the defaulting tenant has vacated, or steps have been taken by the assessee to compel the tenant to vacate the property; and

> the assessee has taken all reasonable steps to institute legal proceedings for the recovery of the unpaid rent or satisfies the Assessing Officer that legal proceedings would be useless.

In the present case, the defaulting tenant continues to occupy another property of the assessee. Therefore, unrealised rent of 2 months cannot be deducted from the actual rent R/R. Actual Rent R/R = ₹75,000 × 9 months = ₹6,75,000

- GAV = Higher of ER [₹7,20,000] and Actual Rent R/R [₹6,75,000] = ₹7,20,000

Answer 38

Computation Of Income From House Property For AY 2025-26:

9643036663 (only WhatsApp)

Particulars	Amount (₹)
Step I – Computation of Expected Rent: Expected Rent – Municipal Valuation = ₹ 4,80,000	
Step II – Computation of Gross Rent R/R < 5% Effective Rent R/R:	
• Gross Rent R/R: Actual Rent R/R for the whole year without vacancy (₹ 50,000 x 12) = ₹ 6,00,000	
• Effective Rent R/R: Actual Rent R/R after considering vacancy (₹ 50,000 x 11) = ₹ 5,50,000	
Since Gross Rent R/R is more than expected rent, the assessee will be allowed the benefit of vacancy and Effective Rent R/R shall be taken as GAV.	
Gross Annual Value (GAV)	5,50,000
Less: Municipal taxes paid by the owner during the PY	(80,000)

Mr. X, a proprietor engaged in manufacturing business, furnishes the following particulars:

	Particulars	
(1)	Opening balance of plant and machinery as on 1.4.2024 (i.e., WDV as on 31.3.2024 after reducing depreciation for P.Y. 2023-24)	30,00,000
(2)	New plant and machinery purchased and put to use on 8.06.2024	20,00,000
(3)	New plant and machinery acquired and put to use on 15.12.2024	8,00,000
(4)	Computer acquired and installed in the office premises on 2.1.2025	3,00,000

Compute the amount of depreciation and additional depreciation for the A.Y. 2025-26, if Mr. X has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A). Assume that all the assets were purchased by way of account payee cheque.

SOLUTION

Computation of depreciation and additional depreciation for A.Y. 2025-26

Particulars	Plant & Machinery (15%)	Computer (40%)
Normal depreciation		
@15% on ₹ 50,00,000 [See Working Notes 1 & 2]	7,50,000	-
@7.5% [50% of 15%, since put to use for less than 180 days] on ₹ 8,00,000	60,000	-
@20% [50% of 40%, since put to use for less than 180 days] on ₹ 3,00,000	-	60,000
Additional Depreciation		

@20% on ₹ 20,00,000 (new plant and machinery put to use for more than 180 days)	4,00,000	-
@10% (50% of 20%, since put to use for less than 180 days) on ₹ 8,00,000	80,000	-
Total depreciation	12,90,000	60,000

Working Notes:**1. Computation of written down value of Plant & Machinery**

Particulars	Plant & Machinery (₹)	Computer (₹)
Opening balance as on 1.4.2024	30,00,000	-
Add: Plant & Machinery purchased on 08.6.2024	20,00,000	-
Add: Plant & Machinery acquired on 15.12.2024	8,00,000	-
Computer acquired and installed in the office premises	-	3,00,000
Written down value as on 31.03.2025	58,00,000	3,00,000

2. Composition of plant and machinery included in the WDV

Particulars	Plant & Machinery (₹)	Computer (₹)
Plant and machinery put to use for 180 days or more [₹ 30,00,000 (WDV) + ₹ 20,00,000 (purchased on 8.6.2024)]	50,00,000	
Plant and machinery put to use for < 180 days	8,00,000	-
Computers put to use for < 180 days	-	3,00,000
	58,00,000	3,00,000

Notes:

- Where an asset acquired during the previous year is put to use for less than 180 days in that previous year, the amount of deduction allowable as normal depreciation and additional depreciation would be restricted to 50% of amount computed in accordance with the prescribed percentage.

Therefore, normal depreciation on plant and machinery acquired and put to use on 15.12.2024 and computer acquired and installed on 02.01.2025, is restricted to 50% of 15% and 40%, respectively. The additional depreciation on the said plant and machinery is restricted to ₹ 80,000, being 10% [i.e., 50% of 20%] of ₹ 8 lakh.

Mr. X is eligible for additional depreciation since he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

- 2. As per third proviso to section 32(1)(ii), the balance additional depreciation of ₹ 80,000 being 50% of ₹ 1,60,000 [20% of ₹ 8,00,000] would be allowed as deduction in the A.Y.2026-27.
- 3. As per section 32(1)(iia), additional depreciation is allowable in the case of any new machinery or plant acquired and installed after 31.3.2005 by an assessee engaged, inter alia, in the business of manufacture or production of any article or thing, @20% of the actual cost of such machinery or plant.

However, additional depreciation shall not be allowed in respect of, inter alia, any machinery or plant installed in office premises, residential accommodation or in any guest house.

Accordingly, additional depreciation is not allowable on computer installed in the office premises.

- 4. Actual Cost [Section 43(1)]
The expression “actual cost” means the actual cost of the asset to the assessee as reduced by that portion of the cost thereof, if any, as has been met directly or indirectly by any other person or authority.
However, where an assessee incurs any expenditure for acquisition of any asset or part thereof in respect of which a payment or aggregate of payments made to a person in a day, otherwise than by an account payee cheque drawn on a bank or account payee bank draft or use of electronic clearing system through a bank account or through such other prescribed electronic mode, exceeds ₹ 10,000, such expenditure shall not form part of actual cost of such asset [Second proviso to section 43(1)].
The prescribed electronic modes include credit card, debit card, net banking, IMPS [Immediate payment Service], UPI [Unified Payment Interface], RTGS [Real Time Gross Settlement], NEFT [National Electronic Funds Transfer], and BHIM [Bharat Interface for Money] Aadhar Pay [CBDT Notification No. 8/2020 dated 29.01.2020].

ILLUSTRATION 2 (easy)

A car purchased by Dr. Soman on 10.08.2021 for ₹ 5,25,000 for personal use is brought into professional use on 1.07.2024 by him, when its market value was ₹ 2,50,000.

Compute the actual cost of the car and the amount of depreciation for the A.Y. 2025-26 assuming the rate of depreciation to be 15%.

SOLUTION

As per section 43(1), the expression “actual cost” would mean the actual cost of asset to the assessee. The purchase price of ₹ 5,25,000 is, therefore, the actual cost of the car to Dr. Soman. Market value (i.e. ₹ 2,50,000) on the date when the asset is brought into professional use is not relevant.

Therefore, amount of depreciation on car as per section 32 for the A.Y.2025-26 would be ₹ 78,750, being ₹ 5,25,000 x 15%.

Note: Explanation 5 to section 43(1) providing for reduction of notional depreciation from the date of acquisition of asset for personal use to determine actual cost of the asset is applicable only in case of building which is initially acquired for personal use and later brought into professional use. It is not applicable in respect of other assets.

Note - Where an asset is acquired by the assessee during the previous year and is put to use for the purposes of business or profession for a period of less than 180 days, the deduction on account of depreciation would be restricted to 50% of the prescribed rate. In this case, since Mr. Dhaval commenced his practice in the P.Y. 2024-25 and acquired the assets during the same year, the restriction of depreciation to 50% of the prescribed rate would apply to those assets which have been put to use for less than 180 days in that year, namely, laptop and computer UPS.

Notes:

- I. Deduction of 100% of the capital expenditure is available under section 35AD for A.Y.2025-26 in respect of specified business of setting up and operating a warehousing facility for storage of sugar and setting up and operating a warehousing facility for storage of agricultural produce where operations are commenced on or after 1.4.2012 or on or after 1.4.2009, respectively.
- II. However, since setting up and operating a warehousing facility for storage of edible oils is not a specified business, Mr. A is not eligible for deduction under section 35AD in respect of capital expenditure incurred in respect of such business.
- III. Mr. A can, however, claim depreciation@10% under section 32 in respect of the capital expenditure incurred on buildings. It is presumed that the buildings were put to use for more than 180 days during the P.Y.2024-25.
- IV. Loss from a specified business can be set-off only against profits from another specified business. Therefore, the loss of ₹ 55 lakh from the specified businesses of setting up and operating a warehousing facility for storage of food grains and sugar cannot be set-off against the profits of ₹ 28 lakh from the business of setting and operating a warehousing facility for storage of edible oils, since the same is not a specified business. Such loss can, however, be carried forward indefinitely for set-off against profits of the same or any other specified business.

1.	Audit of accounts	The deduction shall be allowed to the assessee only if the accounts of the assessee for the relevant P.Y. have been audited by a chartered accountant and the assessee furnishes the audit report in the prescribed form, duly signed and verified by such accountant.

2.	Asset to be used for specified business for eight years	Section 35AD(7A) provides that any asset in respect of which a deduction is claimed and allowed u/s 35AD shall be used only for the specified business for a period of eight years beginning with the previous year in which such asset is acquired or constructed.
3.	Asset demolished, destroyed, discarded or transferred for which a deduction has been allowed	If any asset on which a deduction u/s 35AD has been claimed and allowed, is demolished, destroyed, discarded or transferred, the sum received or receivable for the same is chargeable to tax u/s 28(vii). This does not take into account a case where asset on which deduction u/s 35AD has been claimed is used for any purpose other than the specified business by way of a mode other than that specified above.
4.	Asset used for any other business other than specified business during 8 years	As per section 35AD(7B), if asset is used for any purpose other than the specified business during 8 years beginning with the previous year in which such asset is acquired, the total amount of deduction so claimed and allowed in any previous year(s) in respect of such asset, as reduced by the amount of depreciation allowable in accordance with the provisions of section 32 as if no deduction had been allowed u/s 35AD, shall be deemed to be income of the assessee chargeable under the head "Profits and gains of business or profession" of the previous year in which the asset is so used. In such a case, as per the proviso to Explanation 13 to Section 43(1), the actual cost of such asset for the assessee shall be the actual cost as reduced by amount of depreciation would have been allowable had the asset been used for the purpose of business since the date of its acquisition.

Since the capital asset, in respect of which deduction of ₹ 50 lakhs was claimed u/s 35AD, has been transferred by Unit A carrying on specified business to Unit B carrying on non-specified business in the P.Y.2024-25, the deeming provision u/s 35AD(7B) is attracted during the A.Y.2025-26

Particulars	
Deduction allowed u/s 35AD for A.Y.2024-25	50,00,000

What would be the consequence of non-deduction of tax at source by Delta Ltd. on these amounts during the financial year 2024-25, assuming that the resident payees in all the cases mentioned below, have not paid the tax, if any, which was required to be deducted by Delta Ltd.?

	Amount in ₹
Salary to its employee, Mr. X [credited and paid in March, 2025]	12,00,000
Directors' remuneration [credited in March, 2025 and paid in April, 2025]	28,000

Would your answer change if Delta Ltd. has deducted tax on directors' remuneration in April, 2025 at the time of payment and remitted the same in July, 2025?

SOLUTION

Non-deduction of tax at source on any sum payable to a resident on which tax is deductible at source as per the provisions of Chapter XVII-B would attract disallowance u/s 40(a)(ia).

VGS SIR

9643036663 (only WhatsApp)

Therefore, non-deduction of tax at source on any sum paid by way of salary on which tax is deductible u/s 192 or any sum credited or paid by way of directors' remuneration on which tax is deductible u/s 194J, would attract disallowance@30% u/s 40(a)(ia). Whereas in case of salary, tax has to be deducted u/s 192 at the time of payment, in case of directors' remuneration, tax has to be deducted at the time of credit of such sum to the account of the payee or at the time of payment, whichever is earlier. Therefore, in both the cases i.e., salary and directors' remuneration, tax is deductible in the P.Y.2024-25, since salary was paid in that year and directors' remuneration was credited in that year. Therefore, the amount to be disallowed u/s 40(a)(ia) while computing business income for A.Y.2025-26 is as follows –

Particulars		Amount paid in ₹	Disallowance u/s 40(a)(ia) @30%
(1)	Salary [tax is deductible under section 192]	12,00,000	3,60,000
(2)	Directors' remuneration [tax is deductible under section 194J without any threshold limit]	28,000	8,400
Disallowance under section 40(a)(ia)			3,68,400

If the tax is deducted on directors' remuneration in the next year i.e., P.Y.2025-26 at the time of payment and remitted to the Government, the amount of ₹ 8,400 would be allowed as deduction while computing the business income of A.Y. 2026-27.

ILLUSTRATION 10 (average)

During the financial year 2024-25, the following payments/expenditure were made/ incurred by Mr. Raja, a resident individual [whose turnover during the year ended 31.3.2024 was ₹ 99 lakhs]:

- I. Interest of ₹ 45,000 was paid to Rehman & Co., a resident partnership firm, without deduction of tax at source;
- II. ₹ 10,00,000 was paid as salary to a resident individual without deduction of tax at source;
- III. Commission of ₹ 16,000 was paid to Mr. Vidyasagar, a resident, on 2.7.2024 without deduction of tax at source

Briefly discuss whether any disallowance arises under the provisions of section 40(a)(ia) assuming that the payees in all the cases mentioned above, have not paid the tax, if any, which was required to be deducted by Mr. Raja?

SOLUTION

Disallowance under section 40(a)(ia) of the Income-tax Act, 1961 is attracted where the assessee fails to deduct tax at source as is required under the Act, or having deducted tax at source, fails to remit the same to the credit of the Central Government within the stipulated time limit.

- i. The obligation to deduct tax at source from interest paid to a resident arises u/s 194A in the case of an individual, whose total turnover in the immediately preceding P.Y., i.e., P.Y.2023-24 exceeds ₹ 1 crore. Thus, in present case, since the turnover of the assessee is less than ₹ 1 crore, he is not liable to deduct tax at source. Hence, disallowance u/s 40(a)(ia) is not attracted in this case.
- ii. The disallowance of 30% of the sums payable under section 40(a)(ia) would be attracted in respect of all sums on which tax is deductible under Chapter XVII B. Section 192, which requires deduction of tax at source from salary paid, is covered under Chapter XVII-B. The obligation to deduct tax at source under section 192 arises, in the hands all assessee-employer even if the turnover amount does not exceed ₹ 1 crore in the immediately preceding previous year.

Therefore, in the present case, the disallowance under section 40(a)(ia) is attracted for failure to deduct tax at source under section 192 from salary payment. However, only 30% of the amount of salary paid without deduction of tax at source would be disallowed.
- iii. The obligation to deduct tax at source under section 194H from commission paid in excess of ₹ 15,000 to a resident arises in the case of an individual, whose total turnover in the immediately preceding previous year, i.e., P.Y.2023-24 exceeds ₹ 1 crore. Thus, in present case, since the turnover of the assessee is less than ₹ 1 crore, he is not liable to deduct tax at source u/s 194H. Mr. Raja is not required to deduct tax at source u/s 194M also since the aggregate of such commission to Mr. Vidyasagar does not exceed ₹ 50 lakh during the P.Y. 2024-25. Therefore, disallowance under section 40(a)(ia) is not attracted in this case.

A firm has paid ₹ 8,50,000 as remuneration to its partners for the P.Y.2024-25, in accordance with its partnership deed, and it has a book profit of ₹ 10 lakhs. What is the remuneration allowable as deduction?

SOLUTION

The allowable remuneration calculated as per the limits specified in section 40(b)(v) would be –

Particulars	
On first ₹ 6 lakh of book profit [₹ 6,00,000 × 90%]	5,40,000
On balance ₹ 4 lakh of book profit [₹ 4,00,000 × 60%]	2,40,000
	7,80,000

The excess amount of ₹ 70,000 [i.e., ₹ 8,50,000 – ₹ 7,80,000] would be disallowed as per section 40(b)(v).

Rao & Jain, a partnership firm consisting of two partners, reports a net profit of ₹ 17,00,000 before deduction of the following items:

- 1. Salary of ₹ 40,000 each per month payable to two working partners of the firm (as authorized by the deed of partnership).
- 2. Depreciation on plant and machinery under section 32 (computed) ₹ 1,50,000
- 3. Interest on capital at 15% per annum (as per the deed of partnership). The amount of capital eligible for interest is ₹ 5,00,000.

Compute:

- 1. Book-profit of the firm under section 40(b) of the Income-tax Act, 1961.
- 2. Allowable working partner salary for the A.Y. 2025-26 as per section 40(b).

SOLUTION

- i. As per Explanation 3 to section 40(b), “book profit” shall mean the net profit as per the profit and loss account for the relevant previous year computed in the manner laid down in Chapter IV-D as increased by the aggregate amount of the remuneration paid or payable to the partners of the firm if the same has been already deducted while computing the net profit.
In the present case, the net profit given is before deduction of depreciation on plant and machinery, interest on capital of partners and salary to the working partners. Therefore, the book profit shall be as follows:

Computation of Book Profit of the firm under section 40(b)

Particulars	₹	₹
Net Profit (before deduction of depreciation, salary and interest)		17,00,000
Less: Depreciation under section 32	1,50,000	
Interest @ 12% p.a. [being the maximum allowable as per section 40(b)] (₹ 5,00,000 ×12%)	60,000	2,10,000
Book Profit		14,90,000

- ii. Salary actually paid to working partners = ₹ 40,000 × 2 × 12 = ₹ 9,60,000.
As per the provisions of section 40(b)(v), the salary paid to the working partners is allowed subject to the following limits –

9643036663 (only WhatsApp)

On the first ₹ 6,00,000 of book profit or in case of loss	₹ 3,00,000 or 90% of book profit, whichever is more
On the balance of book profit	60% of the balance book profit

Therefore, the maximum allowable working partners' salary for the A.Y. 2025-26 in this case would be:

Particulars	
On the first ₹ 6,00,000 of book profit [(₹ 3,00,000 or 90% of ₹ 6,00,000) whichever is more]	5,40,000
On the balance of book profit [60% of (₹ 14,90,000 - ₹ 6,00,000)]	5,34,000
Maximum allowable partners' salary	10,74,000

Hence, allowable working partners' salary for the A.Y.2025-26 as per the provisions of section 40(b)(v) is ₹ 9,60,000.

Compute the amount of deduction allowable under section 36(1)(iva), if the basic salary of the employees aggregate to ₹ 10 lakh. Would disallowance under section 40A(9) be attracted, and if so, to what extent?

SOLUTION

Computation of deduction u/s 36(1)(iva) and disallowance u/s 40A(9)

Dearness Allowance@40% of basic salary [DA forms part of pay]	4,00,000

Actual contribution [20% of basic salary i.e., 20% of ₹ 10 lakh]	2,00,000
Less: Permissible deduction under section 36(1)(iva) [14% of basic salary plus dearness pay = 14% of ₹ 14,00,000 = ₹ 1,96,000]	1,96,000

Hari, an individual, carried on the business of purchase and sale of agricultural commodities like paddy, wheat, etc. He borrowed loans from Andhra Pradesh State Financial Corporation (APSFC) and Indian Bank and has not paid interest as detailed hereunder:

[i]	Andhra Pradesh State Financial Corporation (P.Y. 2023-24 & 2024-25)	15,00,000
[ii]	Indian Bank (P.Y. 2024-25)	30,00,000
		45,00,000

Both APSFC and Indian Bank, while restructuring the loan facilities of Hari during the year 2024-25, converted the above interest payable by Hari to them as a loan repayable in 60 equal installments. During the year ended 31.3.2025, Hari paid 5 installments to APSFC and 3 installments to Indian Bank.

Hari claimed the entire interest of ₹ 45,00,000 as an expenditure while computing the income from business of purchase and sale of agricultural commodities. Examine whether his claim is valid and if not what is the amount of interest, if any, allowable.

SOLUTION

According to section 43B, any interest payable on the term loans to specified financial institutions and any interest payable on any loans and advances to, inter alia, scheduled banks shall be allowed only in the year of payment of such interest irrespective of the method of accounting followed by the assessee. Where there is default in the payment of interest by the assessee, such unpaid interest may be converted into loan. Such conversion of unpaid interest into loan shall not be construed as payment of interest for the purpose of section 43B. The amount of unpaid interest so converted as loan shall be allowed as deduction only in the year in which the converted loan is actually paid.

In the given case of Hari, the unpaid interest of ₹ 15,00,000 due to APSFC and of ₹ 30,00,000 due to Indian Bank was converted into loan. Such conversion would not amount to payment of interest and would not, therefore, be eligible for deduction in the year of such conversion. Hence, claim of Hari that the entire interest of ₹ 45,00,000 is to be allowed as deduction in the year of conversion is not tenable. The deduction shall be allowed only to the extent of repayment made during the financial year. Accordingly, the amount of interest eligible for deduction for the A.Y.2025-26 shall be calculated as follows:

	Interest outstanding	Number of Instalments	Amount per instalment	Instalments paid	Interest allowable [₹]

Vinod is a person carrying on profession as film artist. His gross receipts from profession are as under:

Particulars	
Financial year 2021-22	1,15,000
Financial year 2022-23	1,80,000
Financial year 2023-24	2,10,000

What is his obligation regarding maintenance of books of accounts for Assessment Year 2025-26 under section 44AA of Income-tax Act, 1961?

SOLUTION

Section 44AA(1) requires every person carrying on any profession, notified by the Board in the Official Gazette [in addition to the professions already specified therein], to maintain such books of account and other documents as may enable the Assessing Officer to compute his total income in accordance with the provisions of the Income-tax Act, 1961.

As per Rule 6F, a person carrying on a notified profession shall be required to maintain specified books of accounts:

- if his gross receipts in all the three years immediately preceding the relevant previous year has exceeded ₹ 1,50,000; or
- if it is a new profession which is setup in the relevant previous year, it is likely to exceed ₹ 1,50,000 in that previous year.

In the present case, Vinod is a person carrying on profession as film artist, which is a notified profession. Since his gross receipts have not exceeded ₹ 1,50,000 in financial year 2021-22, the requirement under section 44AA to compulsorily maintain the prescribed books of account is not applicable to him.

Mr. Vinod, however, required to maintain such books of accounts as would enable the Assessing Officer to compute his total income.

Mr. Praveen engaged in retail trade, reports a turnover of ₹ 2,98,50,000 for the financial year 2024-25. Amount received in cash during the P.Y. 2024-25 is ₹ 14,00,000 and balance through prescribed electronic modes on or before 31st July 2025. His income from the said business as per books of account is ₹ 15,00,000 computed as per the provisions of Chapter IV-D “Profits and gains from business or Profession” of the Income-tax Act, 1961. Retail trade is the only source of income for Mr. Praveen. A.Y. 2024-25 was the first year for which he declared his business income in accordance with the provisions of presumptive taxation u/s 44AD.

- i. Is Mr. Praveen also eligible for presumptive determination of his income chargeable to tax for the assessment year 2025-26?
- ii. If so, determine his income from retail trade as per the applicable presumptive provision.
- iii. In case Mr. Praveen wants to declare profits as per books of account from retail trade, what are his obligations under the Income-tax Act, 1961?
- iv. What is the due date for filing his return of income under both the options?

SOLUTION

- i. Yes. Since his cash receipts during the P.Y. does not 5% of the total turnover $(14,00,000/2,98,50,000 \times 100)$ and his total turnover for the F.Y.2024-25 is below ₹ 300 lakhs, he is eligible for presumptive taxation scheme under section 44AD in respect of his retail trade business.
- ii. His income from retail trade, applying the presumptive tax provisions under section 44AD, would be ₹ 18,19,000 (₹ 1,12,000, being 8% of ₹ 14,00,000 + ₹ 17,07,000, being 6% of ₹ 2,84,50,000).
- iii. Mr. Praveen had declared profit for the previous year 2023-24 in accordance with the presumptive provisions and if he wants to declare profits as per books of account which is lower than the presumptive income for any of the five consecutive assessment years i.e., A.Y. 2025-26 to A.Y. 2029-30, he would not be eligible to claim the benefit of presumptive taxation for five assessment years subsequent to the assessment year relevant to the previous year in which the profit has not been declared in accordance the presumptive provisions i.e. if he declares profits lower than the presumptive income in say P.Y. 2024-25 relevant to A.Y.2025-26, then he would not be eligible to claim the benefit of presumptive taxation for A.Y. 2026-27 to A.Y. 2030-31.

Consequently, Mr. Praveen is required to maintain the books of accounts and get them audited under section 44AB, since his income exceeds the basic exemption limit.

- iv. In case he declares presumptive income under section 44AD, the due date would be 31st July, 2025. In case he declares profits as per books of account which is lower than the presumptive income, he is required to get his books of account audited, in which case the due date for filing of return of income would be 31st October, 2025.

Mr. X commenced the business of operating goods vehicles on 1.4.2024. He purchased the following vehicles during the PY.2024-25. Compute his income under section 44AE for A.Y.2025-26.

	Gross Vehicle Weight [in kilograms]	Number	Date of purchase

[5]	15,000	2	29.08.2024
[6]	15,000	1	23.02.2025

Would your answer change if the goods vehicles purchased in April, 2024 were put to use only in July, 2024?

SOLUTION

Since Mr. X does not own more than 10 vehicles at any time during the previous year 2024-25, he is eligible to opt for presumptive taxation scheme under section 44AE. ₹ 1,000 per ton of gross vehicle weight or unladen weight per month or part of the month for each heavy goods vehicle and ₹ 7,500 per month or part of month for each goods carriage other than heavy goods vehicle, owned by him would be deemed as his profits and gains from such goods carriage.

Heavy goods vehicle means any goods carriage, the gross vehicle weight of which exceeds 12,000 kg.

The presumptive income of Mr. X under section 44AE for A.Y.2025-26 would be –
₹ 6,82,500, i.e., 55 × ₹ 7,500, being for other than heavy goods vehicle + 18 × ₹ 1,000 × 15 ton being for heavy goods vehicle.

The answer would remain the same even if the two vehicles purchased in April, 2024 were put to use only in July, 2024, since the presumptive income has to be calculated per month or part of the month for which the vehicle is owned by Mr. X.

(v)	Saplings and seedlings grown in nursery in India [See Note 2 below]	80,000		Nil	80,000
	Total			5,40,000	5,90,000

Notes:

- Where income is derived from sale of coffee grown, cured, roasted and grounded by the seller in India, 40% of such income is taken as business income and the balance as agricultural income. However, in this question, these operations are done in Colombo, Sri Lanka. Hence, there is no question of such apportionment and the whole income is taxable as business income. Receipt of sale proceeds in India does not make this agricultural income. In the case of an assessee, being a resident and ordinarily resident, the income arising outside India is also chargeable to tax.
- Explanation 3 to section 2(1A) provides that the income derived from saplings or seedlings grown in a nursery would be deemed to be agricultural income whether or not the basic operations were carried out on land. Therefore, such income would be exempt u/s 10(1).

As per section 32(1)(iia), additional depreciation is allowable in the case of any new machinery or plant acquired and installed after 31.3.2005, by an assessee engaged, inter alia, in the business of manufacture or production of any article or thing, at the rate of 20% of the actual cost of such machinery or plant.

However, additional depreciation shall not be allowed in respect of, inter alia,–

- any office appliances or road transport vehicles;
- any machinery or plant installed in, inter alia, office premises.

In view of the above provisions, additional depreciation cannot be claimed in respect of –

- Machinery purchased on 1.12.2024, installed in office and
- Computer purchased on 31.2025, installed in office.

2. Balance additional depreciation@10% on new plant or machinery acquired and put to use for less than 180 days in the year of acquisition which has not been allowed in that year, shall be allowed in the immediately succeeding previous year

Hence, in this case, the balance additional depreciation@10% (i.e., ₹ 1 lakhs, being 10% of ₹ 10 lakhs) in respect of new machinery which had been purchased during the previous year 2023-24 and put to use for less than 180 days in that year can be claimed in P.Y. 2024-25 being immediately succeeding previous year.

		10,67,500
Depreciation on Plant and Machinery		

Note:-

Mr. Abhimanyu is eligible for additional depreciation since he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A). The benefit of additional depreciation is available to new plant and machinery acquired and installed in power sector undertakings. Accordingly, additional depreciation is allowable in the case of any new machinery or plant acquired and installed by an assessee engaged, inter alia, in the business of generation, transmission or distribution of power, at the rate of 20% of the actual cost of such machinery or plant.

Therefore, new computer installed in generation wing units eligible for additional depreciation@20%.

Since the new machinery was purchased only on 12.10.2024, it was put to use for less than 180 days during the previous year, and hence, only 10% [i.e., 50% of 20%] is allowable as additional depreciation in the A.Y.2025-26. The balance additional depreciation would be allowed in the next year.

However, additional depreciation shall not be allowed in respect of, inter alia, any machinery or plant which, before its installation by the assessee, was used either within or outside India by any other person. Therefore, additional depreciation is not allowable in respect of imported machinery, since it was used in Colombo, before its installation by the assessee.

21. Allowability of the expenses incurred by Mr. Manav, a wholesale dealer in commodities, while computing profits and gains from business or profession

i. Construction of school building in compliance with CSR activities

Under section 37(1), only expenditure not being in the nature of capital expenditure or personal expense and not covered under sections 30 to 36, and incurred wholly and exclusively for the purposes of the business is allowed as a deduction while computing business income.

However, any expenditure incurred by an assessee on the activities relating to corporate social responsibility referred to in section 135 of the Companies Act, 2013 shall not be deemed to have been incurred for the purpose of business and hence, shall not be allowed as deduction under section 37.

Accordingly, the amount of ₹ 5,60,000 incurred by Mr. Manav, towards construction of school building in compliance with CSR activities shall not be allowed as deduction under section 37.

ii. Purchase of building for setting up and operating a warehousing facility for storage of food grains

Mr. Manav, would be eligible for investment-linked tax deduction under section 35AD, since he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A). The deduction u/s 35AD would be 100% of ₹ 4,50,000, being the amount invested in purchase of building for setting up and operating a warehousing facility for storage of food grains which commences operation on or after 1st April, 2009 (P.Y.2024-25, in this case).

Therefore, the deduction under section 35AD while computing business income of such specified business would be ₹ 4,50,000, if Mr. Manav opts for section 35AD.

iii. Interest on loan paid to Mr. X (a resident) ₹ 50,000 on which tax has not been deducted

As per section 194A, Mr. Manav, being an individual is required to deduct tax at source on the amount of interest on loan paid to Mr. X, since his turnover during the previous year 2023-24 exceeds ₹ 100 lakhs. Therefore, ₹ 15,000, being 30% of ₹ 50,000, would be disallowed under section 40(a)(ia) while computing the business income of Mr. Manav for non-deduction of tax at source under section 194A on interest of ₹ 50,000 paid by it to Mr. X.

The balance ₹ 35,000 would be allowed as deduction under section 36(1)(iii), assuming that the amount was borrowed for the purposes of business.

iv. Commodities transaction tax of ₹ 20,000 paid on sale of bullion

Commodities transaction tax paid in respect of taxable commodities transactions entered into in the course of business during the previous year is allowable as deduction, provided the income arising from such taxable commodities transactions is included in the income computed under the head "Profits and gains of business or profession".

Taking that income from this commodities transaction is included while computing the business income of Mr. Manav, the commodity transaction tax of ₹ 20,000 paid is allowable as deduction under section 36(1)(xvi).

22.

- a. **True:** Section 36(1)(xv) allows a deduction of the amount of securities transaction tax paid by the assessee in respect of taxable securities transactions entered into in the course of business during the previous year as deduction from the business income of a dealer in shares and securities.
- b. **True:** As per section 40A(3A), in the case of an assessee following mercantile system of accounting, if an expenditure has been allowed as deduction in any previous year on due basis, and payment exceeding ₹ 10,000 has been made in the subsequent year otherwise than by an account payee cheque or an account payee bank draft or use of ECS through a bank account or through such other prescribed electronic modes such as credit card, debit card, net banking, IMPS, UPI, RTGS, NEFT, and BHIM Aadhar Pay, then, the payment so made shall be deemed to be the income of the subsequent year in which such payment has been made.
- c. **True:** According to the Explanation 5 to section 32(1), allowance of depreciation is mandatory. Therefore, depreciation has to be provided mandatorily while calculating income from business/ profession whether or not the assessee has claimed the same while computing his total income.
- d. **True:** Section 36(1)(ib) provides deduction in respect of premium paid by an employer to keep in force an insurance on the health of his employees under a scheme framed in this behalf by GIC or any other insurer. The medical insurance premium can be paid by any mode other than cash, to be eligible for deduction under section 36(1)(ib).
- e. **False:** Expenditure incurred in making payment to the employee in connection with his voluntary retirement either in the year of retirement or in any subsequent year, will be entitled to deduction in 5 equal annual installments beginning from the year in which each payment is made to the employee.
- f. **False:** Additional depreciation can be claimed only in respect of eligible plant and machinery acquired and installed by an assessee engaged in the business of manufacture or production of any article or thing or in the business of generation or transmission or distribution of power.

In this case, the individual is engaged in trading activities and the new plant has been acquired and installed in a trading concern. Hence, he will not be entitled to claim additional depreciation under section 32(1)(ia), even though he has exercised the option of shifting out of the default tax regime provided under section 115BAC(1A).

23.

- i. **Not allowable as deduction:** As per section 40A(7), no deduction is allowed in computing business income in respect of any provision made by the assessee in his books of account for the payment of gratuity to his employees except in the following two cases:
 - a. where any provision is made for the purpose of payment of sum by way of contribution towards an approved gratuity fund; or
 - b. where any provision is made for the purpose of making any payment on account of gratuity that has become payable during the previous year.

Therefore, in the present case, the provision made on the basis of actuarial valuation for payment of gratuity has to be disallowed under section 40A(7), since, no payment has been actually made on account of gratuity.

Note: It is assumed that such provision is not for the purpose of contribution towards an approved gratuity fund.

- ii. **Allowable as deduction:** As per Rule 6DD, in case the payment is made for purchase of agricultural produce directly to the cultivator, grower or producer of such agricultural produce, no disallowance under section 40A(3) is attracted even though the cash payment for the expense exceeds ₹ 10,000. Therefore, in the given case, disallowance under section 40A(3) is not attracted since, cash payment for purchase of oil seeds is made directly to the farmer.
- iii. **Not allowable as deduction:** Income-tax of ₹ 20,000 paid by the employer in respect of non-monetary perquisites provided to its employees is exempt in the hands of the employee under section 10(10CC). As per section 40(a)(v), such income-tax paid by the employer is not deductible while computing business income.
- iv. **Allowable as deduction:** Payment for fire insurance is allowable as deduction under section 36(1). Since payment is made by credit card, which is a prescribed electronic mode, disallowance under section 40A(3) is not attracted in this case.
- v. **Not allowable as deduction:** Disallowance under section 40(a)(iii) is attracted in respect of salary payment of ₹ 10,00,000 outside India by a company without deduction of tax at source.
- vi. **Allowable as deduction:** The limit for attracting disallowance under section 40A(3) for payment otherwise than by way of account payee cheque or account payee bank draft or use of ECS through a bank account or through such other prescribed electronic mode is ₹ 35,000 in case of payment made for plying, hiring or leasing goods carriage. Therefore, in the present case, disallowance under section 40A(3) is not attracted for payment of ₹ 30,000 made in cash to a transporter for carriage of goods.

24.

9643036663 (only WhatsApp)

- a. **True:** In order to escape the disallowance specified in section 40A(3), payment in respect of the business expenditure ought to have been made through an account payee cheque. Payment through a crossed cheque will attract disallowance under section 40A(3)
- b.
 - i. **True:** It is mandatory to write off the amount due from a debtor as not receivable in the books of account, in order to claim the same as bad debt under section 36(1)(vii). However, where the debt has been taken into account in computing the income of the assessee on the basis of ICDSs notified under section 145(2), without recording the same in the accounts, then, such debt shall be allowed in the previous year in which such debt becomes irrecoverable and it shall be deemed that such debt or part thereof has been written off as irrecoverable in the accounts for the said purpose.
 - ii. **True:** Section 40(a)(i) provides that failure to deduct tax at source from, inter alia, rent or royalty payable to a non-resident, in accordance with the provisions of Chapter XVII-B, will result in disallowance of such expenditure, where the non-resident payee has not paid the tax due on such income.

b) Since GST liability has been paid before the due date of filing return of income under section 139(1), the same is deductible.

26. Section 44AE would apply in the case of Mr. Sukhvinder since he is engaged in the business of plying goods carriages and owns not more than ten goods carriages at any time during the previous year.

Section 44AE provides for computation of business income of such assesses on a presumptive basis. The income shall be deemed to be ₹ 1,000 per ton of gross vehicle weight or unladen weight, as the case may be, per month or part of the month for each heavy goods vehicle and ₹ 7,500 per month or part of

month for each goods carriage other than heavy goods vehicle, owned by the assessee in the previous year or such higher sum as declared by the assessee in his return of income.

Mr. Sukhvinder’s business income calculated applying the provisions of section 44AE is ₹ 13,72,500 [See Notes 1 & 2 below] and his total income would be ₹ 14,42,500.

However, as per section 44AE(7), Mr. Sukhvinder may claim lower profits and gains if he keeps and maintains proper books of account as per section 44AA and gets the same audited and furnishes a report of such audit as required under section 44AB. If he does so, then his income for tax purposes from goods carriages would be ₹ 4,45,000 instead of ₹ 13,72,500 and his total income would be ₹ 5,15,000.

Computation of depreciation under the Income-tax Act, 1961

Particulars	₹
Depreciation@15% on ₹ 13.90 lakhs [WDV as on 31.3.2024 less depreciation for P.Y. 2023-24 i.e., ₹ 11.90 lakh plus assets purchased during the year and used for more than 180 days ₹ 2 lakh]	2,08,500
Depreciation @7.5% on ₹ 2 lakh [Assets used for < 180 days]	15,000
	2,23,500

Since Mr. Raju is paying tax as per default tax regime, additional depreciation u/s 32(1)(iia) would not be available to him.

Notes (Alternate views):

- It is also possible to take a view that the salary paid to staff not recorded in the books is in the nature of unexplained expenditure and hence, would be deemed to be income as per section 69C and would be taxable @ 60% under section 115BBE. In such a case, no deduction allowable in respect of such expenditure.
- Where the imposition of penalty is not for delay in payment of sales tax or VAT or GST but for contravention of provisions of the Sales Tax Act or VAT Act or GST Law, the levy is not compensatory and therefore, not deductible. However, if the levy is compensatory in nature, it would be fully allowable. Where it is a composite levy, the portion which is compensatory is allowable and that portion which is penal is to be disallowed.

Since the question only mentions “GST penalty paid” and the reason for levy of penalty is not given, it has been assumed that the levy is not compensatory and therefore, not deductible. It is, however, possible to assume that such levy is compensatory in nature and hence, allowable as deduction. In such a case, the total income would be ₹ 3,94,500

28. Where an assessee is engaged in the composite business of growing and curing of coffee, the income will be segregated between agricultural income agricultural income and business income, as per Rule 7B of the Income-tax Rules, 1962.

As per the above Rule, income derived from sale of coffee grown and cured by the seller in India shall be computed as if it were income derived from business, and 25% of such income shall be deemed to be income liable to tax. The balance 75% will be treated as agricultural income.

Normal Depreciation/Additional Depreciation - Section 32

Answer 29

Computation Of Depreciation For Gopichand Industries For AY 2025-26:

Particulars	₹	₹
Block 1: Plant & Machinery (Rate Of Depreciation - 15%)		
WDV (10 looms) as on 1st April 2024	5,00,000	
Add'- Additions during the year		
• 5 looms acquired on 05.07.2024	4,00,000	
• 2 looms acquired on 10.01.2025	3,00,000	
Less. Assets sold during the year (15 looms sold on 07.12.2024)	(10,00,000)	
WDV as on 31st March 2025 (2 looms)	2,00,000	
Depreciation on ₹ 2,00,000 @ 15% (limited to 50%)		15,000
Block 2: Buildings (Rate Of Depreciation - 10%)		
WDV as on 1st April 2024 (3 buildings)	12,50,000	
Depreciation on ₹ 12,50,000 @ 10%		1,25,000
Total depreciation for the year		1,40,000

Note 1: Closing balance of Block 1 represents the looms acquired on 10.01.2025. Since these 2 looms have been put to use for less than 180 days during PY 2024-25, only 50% of normal depreciation is permissible.

Note 2: No additional depreciation @ 20% of the cost of new plant and machinery is provided in the present problem assuming that all conditions contained u/s32 (1)(iia) have not been fulfilled.

Answer 30

Computation Of WDV Of Plant And Machinery As On 31.03.2025:

Particulars	Amount (₹)
Opening WDV	5,00,000

Add- Purchase of plant and machinery during the previous year	2,00,000
Less: Sale proceeds of obsolete plant and machinery sold during the year	(5,000)
WDV as on March 31, 2025	6,95,000

Computation Of Normal And Additional Depreciation For AY 2025-26:

Particulars	Amount (₹)
Normal Depreciation (₹ 6,95,000 x 15%)	1,04,250
Additional Depreciation [₹ (2,00,000 - ₹ 40,000) * 20%]	32,000

Note 1: Since the new plant and machinery was purchased and put to use before 1.10.2024, it was put to use for more than 180 days in the year. Hence, full depreciation is allowable for AY 2025-26,

Note 2: As per Section 32(1)(ia), additional depreciation is allowable in the case of any new P&M acquired and installed by an assessee engaged, inter alia, in the business of manufacture or production of any article or thing, @ 20% of the actual cost of such P&M. However, additional depreciation shall not be allowed in respect of, inter alia:

- any P&M, before its installation by the assessee, was used either within or outside India by any other person; .
- any P&M installed in office premises, residential accommodation or in any guest house.

Note 3: In view of the above provisions, additional depreciation cannot be claimed in respect of

- Plant and machinery of ₹ 20,000 used previously for the purpose of business by the seller.
- Plant and machinery of ₹ 20,000, installed in office.

Therefore, in the given case, additional depreciation has to be provided only on ₹ 1,60,000.

Less: Expenditure incurred in connection with transfer	(10,000)
Short Term Capital Gains	67,175

Answer 32

• As per Section 17(5) of the CGST Act, 2017, input tax credit is available on motor vehicles meant for transportation of persons with seating capacity upto 13 persons only if they are used for making following taxable supplies:

- > Further supply of such vehicles or conveyances; or
- > Transportation of passengers; or
- > Imparting training on driving such motor vehicles.

• In the present case, the question mentions that the car is the only asset in the block. In the absence of any information in the question to the contrary, it is logical to assume that the car is not used for making the above taxable supplies. Accordingly, input tax credit would not be available and hence, GST would form part of actual cost of car. Therefore, the actual cost of the car would come out to ₹ 15,36,000.

• Further, the car has been purchased on 21st July 2024 for business purposes. Since the car has been put to use for more than 180 days in PY 2024-25, full depreciation @ 15% is allowable on the actual cost of ₹ 15,36,000, which is the total price (inclusive of GST). However, the depreciation actually allowed would be restricted to 75% since 25% of usage is estimated for personal use, on which depreciation is not allowable.

• The fact that the private cars can be pilled in the city only on alternate days wouldn't have any impact on the calculation of depreciation since the actual usage of the asset doesn't matter.

- Depreciation for PY 2024-25 $(15\% \times ₹ 15,36,000 \times 75\%) = ₹ 1,72,800$
- WDV as on 1.4.2025 $= ₹ 15,36,000 - ₹ 1,72,800 = ₹ 13,63,200$
- Depreciation for PY 2025-26 $(15\% \times ₹ 13,63,200 \times 75\%) = ₹ 1,53,360$

Note: If it is assumed that the motor car is used for eligible purposes and thus eligible for input tax credit, the actual cost of the asset would come out to ₹ 12,00,000 and depreciation would be computed accordingly.

Answer 33

Computation Of Depreciation u/s 32 For AY 2025-26:

Particulars	(₹)
> Machinery A, Machinery B and Machinery C acquired from XYZ Ltd and installed on 20.06.2024 {It has been assumed that the payment is made to XYZ Ltd by way of account payee cheque/bank draft or by use of ECS or through other prescribed electronic means and the machineries were put to use for more than 180 days during the previous year}	45,00,000
> Machinery D acquired from Suyog Ltd in cash and installed on 5.9.2024 {Since payment of ₹ 25 lakhs is made in cash, ie through ineligible means, the said amount will not be included in actual cost and hence depreciation not allowable}	Nil
> Second-hand Machinery E from Den Ltd on 15.12.2024 assuming it is installed and put to use in PY 2024-25	5,00,000
Actual Cost	50,00,000
Normal Depreciation:	
> Depreciation @ 15%. on Machineries A, B and C on ₹ 45 lakhs	6,75,000
> Depreciation @ 7.5% (50% of 15%) on ₹ 5 lakhs for Machinery E since it is put to use for less than 180 days	37,500
Total	7,12,500
Additional Depreciation:	
> Additional Depreciation @ 20% on ₹ 45 lakhs for Machineries A, B and C since the machineries are acquired and installed for a manufacturing unit	9,00,000
> Additional depreciation is not allowable for Machinery E as additional depreciation is available only on a new machinery and not on a second hand machinery	Nil

Total	9,00,000

Answer 34

(i) Computation Of Depreciation For AY 2025-26:

Particulars	(₹)
WDV of the block as on 1.4.2024	7,70,000
Add: Purchase of second-hand plant during the year {in December 2024}	6,10,000
Less: Sale consideration of old machinery during the year {in July 2024}	[10,00,000]
WDV Of The Block As On 31.03.2025	3,80,000
Depreciation @ 15% But Restricted To 50% Thereon (₹ 3,80,000 x 7.5%)	28,500
{Since the value of the block as on 31.3.2025 represents part of actual cost of second hand plant purchased in December 2024 (which has been put to use for less than 180 days), depreciation is restricted to 50% of the prescribed percentage of 15%, ie depreciation is restricted to $7\frac{1}{2}$ %. Therefore, the depreciation allowable for the year is ₹ 28,500 being $7\frac{1}{2}$ % of ₹ 3,80,000}	

- (ii) In the given case, no capital gains would arise, since the block of asset continues to exist and some of the assets are sold for a price lower than the aggregate of the WDV of the block at the beginning of the year and the additions made during the year.
- (iii) If the two machines are sold in July 2024 for ₹ 15,00,000, then STCG would arise since the sale consideration is more than the aggregate of the WDV of the block at the beginning of the year and the additions made during the year.

Particulars	(₹)	(₹)
Sale consideration		15,00,000
Less: WDV of the machines as on 1.4.2024	7,70,000	
Less: Purchase of second plant during the year	6,10,000	[13,80,000]

Answer 37

Statement Showing Computation Of Depreciation Allowable To Sai Ltd & Shirdi Ltd For AY 2025-26:

Particulars	Amount (₹)

WDV as on 01.04.2024	40,00,000
Addition during the year (used for less than 180 days)	14,40,000
Total	54,40,000
Depreciation on ₹ 40,00,000 @ 15%	6,00,000
Depreciation on ₹ 14,40,000 @ 7.5%	1,08,000
Depreciation for the year	7,08,000
Apportionment between two companies:	
(a) Amalgamating Company - Sai Ltd:	
> ₹ 6,00,000 x 275 days/365 days	4,52,055
> ₹ 1,08,000 x 61 days/151 days	43,629
Total	4,95,684
(b) Amalgamated company - Shirdi Ltd:

> ₹ 1,08,000 x 90 days/151 days	64,371
Total	2,12,316

Note: In case of amalgamation, depreciation shall be first calculated as if no amalgamation has taken place. The amount of depreciation so arrived at shall be apportioned between the amalgamating company and the amalgamated company in the ratio of the number of days for which the assets were used by them. The price at which the assets were transferred to the amalgamated company (ie ₹ 60 lacs) has no implication in computing the amount of eligible depreciation.

Answer 38

Section 32 is applicable while determining depreciation, if there is change of ownership of assets because of conversion of sole proprietary concern into company.

Particulars	Amount (₹)

	> Depreciation on P&M purchased in December 2024'	75,000
	Total	3,97,795

Note: The depreciation on the plant which was purchased after conversion shall be allowed to the company and further it is presumed that the plant was put to use on the date of purchase.

Answer 39

- The total amount of depreciation allowable for PY 2024-25 shall be ₹ 10,500 (₹ 1,00,000 * 15% * 70%).

Answer 40

Computation Of Deduction Allowable u/s 35:

Particulars	Amount (₹)	% Of Weighted Deduction	Amount Of Deduction (₹)
Payment For Scientific Research:			
• K Research Ltd [See Note 1]	20,00,000	100%	20,00,000
• LMN College	15,00,000	100%	15,00,000
• OPQ College [See Note 2]	10,00,000	Nil	Nil
• National Laboratory [See Note 3]	8,00,000	100%	8,00,000
In-House Research [See Note 4]:			

• Capital expenditure	25,00,000	100%	25,00,000
• Revenue expenditure	12,00,000	100%	12,00,000
Deduction Allowable u/s 35			80,00,000

Notes:

1. Payment To K Research Ltd: Any sum paid to a company registered in India which has as its main object scientific research, as is approved by the prescribed authority, qualifies for a weighted deduction of 100%.
2. Payment To OPQ College: Since the question clearly mentions that only K Research Ltd and LMN College are approved research institutions, it is a logical conclusion that OPQ College is not an approved research institution. Therefore, payment to OPQ College would not qualify for deduction u/s 35.
3. Payment To National Laboratory: It has been assumed that donation has been given to the National Laboratory for carrying out scientific research under an approved research programme. Accordingly, a weighted deduction of 150% is allowed.
4. Deduction For In-House RAD: The provisions of Section 35(2AB) are applicable only in case of company assessee. However, in this case, the assessee is an individual. Therefore, normal provisions given u/s 35 would apply.

Answer 41

Computation Of Deduction Allowable u/s 35:

Particulars	Amount Of Deduction (₹)
Payment For Scientific Research:	
• Contribution to notified approved research association {Eligible for 100% deduction}	1,50,000
• Amount paid to H Limited, an Indian company which has as its main object scientific research and approved by the prescribed authority IIT Delhi [Eligible for 100% deduction]	2,50,000
In-House Research:	
• Revenue expenditure on scientific research {Eligible for 100% deduction}	1,00,000
• Capital expenditure for scientific research [other than land] {Eligible for 100% deduction}	3,00,000
• Purchase of land for scientific research {Not eligible for any deduction}	Nil

• Pre-commencement expenditure on salary of research staff certified by the prescribed authority {Eligible for 100% deduction assuming that FY 2024-25 is the year of commencement of business}	2,00,000
Deduction Allowable u/s 35	10,00,000

Answer 42

- Computation Of PGBP Income Of MNP Ltd For AY 2025-26: Deduction of 100% of the capital expenditure is allowed u/s 35AD in case of business of building and operating a new hotel of two-star or above category, anywhere in India. However, expenditure on acquisition of land does not qualify for deduction u/s 35AD,

Particulars	Amount (₹)
Profits from the specified business of new four-star hotel in Chennai (before providing deduction u/s 35AD)	80,00,000
Less: Deduction u/s 35AD	
• Capital expenditure incurred prior to 1,4,2024 and capitalized in the books as on 1.4.2024	(40,00,000)
• Capital expenditure incurred post commencement [2,50,00,000 - 1,00,00,000]	(1,50,00,000)
Loss from specified business of new four-star hotel in Chennai	(1,10,00,000)
Profit from the existing business of running a four-star hotel in Kanpur	1,30,00,000
Net profit from business after set-off of loss of specified business against profits of another specified business u/s 73A	20,00,000

- Section 35AD provides that where the assessee builds a hotel of two-star or above category and subsequently, while continuing to own the hotel, transfers the operation of the said hotel to another person, the assessee shall be deemed to be carrying on the specified business of building and operating a hotel. Therefore, MNP Ltd would be eligible to claim deduction u/s 35AD even if it transfers the operation of the Chennai hotel to PQR Ltd.

Answer 43

Since the capital asset, in respect of which deduction of ₹ 50 lacs was claimed u/s 35AD, has been transferred by Unit A carrying on specified business to Unit B carrying on non-specified business in PY 2024-25, amount calculated below shall be deemed as the PGBP income of PY 2024-25.

Particulars	Amount (₹)

Deduction allowed u/s 35AD for PY 2023-24	50,00,000
Less: Depreciation allowable u/s 32 for PY 2023-24 [10% of ₹ 50 lacs]	(5,00,000)
Deemed Income	45,00,000

Answer 44

Computation Of Total Income Of ABC Ltd For AY 2025-26:

Particulars	Amount (₹)
Net Profit as per P&L A/c	7,00,000
Add: Ineligible Expenditure	
• Expenditure on advertisement	3,00,000
• Expenditure in connection with travelling and stay in hotels	45,000
• Excessive deduction claimed u/s 35D:	4,28,000
Eligible expenditure u/s 35D:	
> Expenditure in preparation of project report = ₹ 85,000	
> Expenditure on drafting and printing of MOA & AOA = ₹ 4,00,000	
> Total amount = ₹ 4,85,000	
Expenditure allowed u/s 35D cannot exceed 5% of the capital employed, ₹ 57,00,000 x 5% = ₹ 2,85,000. ₹ 2,85,000 shall be allowed as deduction in 5 equal instalments starting with PY 2024-25. Therefore, deduction allowed u/s 35D for PY 2024-25 shall be ₹ 57,000. Excessive deduction of ₹ 4,28,000 (₹ 4,85,000 - ₹ 57,000) shall be added back.	
Gross Total Income (ie Income u/h PGBP)	14,73,000
Less: Deduction u/s 80C-80U	Nil
Total Income	14,73,000

Computation Of Tax Liability Of ABC Ltd:

Particulars	Amount (₹)
Tax on ₹ 14,73,000 @ 30%	4,41,900
Add: Health & Education Cess @ 4%	17,676

Tax Liability	4,59,576
Rounded off u/s 288B	4,59,580

Answer 45

It is deductible in 5 equal annual instalments commencing from the PY of payment. The amount deductible u/s 35DDA for AY 2025-26 shall be ₹ 24 lakhs.

Answer 46

- Payment of professional fees is subject to TDS u/s 194J. Since no tax is deducted at source, ₹ 15,000 (being 30% of the expenditure of ₹ 50,000) is disallowed u/s 40(a)(ia).
- Since the tax was deducted in March 2025 and paid on or before the due date of filing ROI (ie before 31.10.2025), the expenditure on inferior works will be allowed as deduction. Hence, disallowance u/s 40(a)(ia) is not attracted.
- The maximum time allowable for deposit of TDS is up to the due date of filing of return (ie 31.10.2025). In this case, since tax deducted u/s 194-1 was paid after the due date of filing the return, ₹ 4,50,000 (being 30% of ₹ 15,00,000) is disallowed u/s 40(a)(ia) for PY 2024-25.
- The tax deducted at source can be deposited on or before the due date of filing of return to avoid disallowance u/s 40(a)(ia). In this case, disallowance would not be attracted since tax deducted during December 2024 was deposited on 28.10.2025 (ie before the due date of filing of return of income).

Remuneration To Partners - Section 40(b)**Answer 47**

Computation Of Book Profit Of The Firm u/s 40(b):

Particulars	Amount (₹)
Net Profit (before deduction of depreciation, salary and interest)	7,00,000
Less: Depreciation u/s 32	(1,50,000)
Less: Interest @ 12% p.a., being the maximum allowable as per Section 40(b) (₹ 5,00,000 x 12%)	(60,000)
Less: B/f loss of PY 2023-24 (Not allowed to be adjusted while computing book profits)	Nil

Book Profit	4,90,000

Salary actually paid to working partners = ₹ 20,000 x 2 x 12 = ₹ 4,80,000. As per the provisions of Section 40(b), the maximum allowable working partners' salary for AY 2025-26 in this case would be ₹ 4,41,000 [ie, 90% of ₹ 4,90,000].

Certain Deductions Allowed On Actual Payment Basis - Section 43B

Answer 48

- U/s 43B, interest on term loans and advances to scheduled banks shall be allowed in the year during which such interest has been paid irrespective of the method of accounting followed by the assessee.
- If any interest payable by the assessee is converted into a loan, the interest so converted and not "actually paid" shall not be deemed as actual payment, and hence would not be allowed as deduction. Therefore, interest of ₹ 1.2 lakhs converted into loan cannot be claimed as business expenditure.

Answer 49

Computation Of PGBP Income Of Mr Querashi (Under Regular Scheme):

Particulars	(₹)
Net Profit (as given in question)	3,93,950
Add: Depreciation debited in the books	8,12,000
Less: Depreciation as per Income-tax Act, 1961	[7,17,000]
Add: Cash payments in excess of ₹ 10,000 made in the current year in respect of expenditure allowed on mercantile basis in the preceding year, would be deemed as income in the current year	75,000
Add: Building construction expenditure debited to P & L A/c	1,00,000
Less: Depreciation on building extension of a room @ 10% {It is assumed that since capital repairs of ₹ 1 lakh on building has been debited to PAL A/c, depreciation in respect of the same is not included in the figure of ₹ 7,17,000 computed as per the Income Tax Act, 1961}	[10,000]
PGBP Income {As Per Books Of Accounts}	6,53,950

Computation Of P6BP Income Of Mr Querashi (Under Presumptive Income Scheme As Per Section 44AD):

- For PY 2024-25, the turnover of Mr Querashi from Hypermarket business is ₹ 75 lakhs and Supermarket business is ₹ 50 lakhs. Since his turnover in respect of such business is less than ₹ 200 lakhs, he is eligible to opt for presumptive tax scheme under Section 44AD in respect of these businesses.
- Presumptive income u/s 44AD would be as under:
 - > Hypermarket business (100% Cash Sales) {8% x ₹ 75 lakhs} = ₹ 6,00,000
 - > Supermarket business (Online Sales) {6% x ₹ 50 lakhs} = ₹ 3,00,000No deduction in respect of any expenditure is allowed while computing presumptive business income as per the provisions of Section 44AD.
- In the question it is stated that Mr Querashi "maintains proper books of accounts for both businesses in mercantile system". The income as per regular books of accounts has to be computed and if such income is more than the presumptive income computed u/s 44AD, the higher income can be declared u/s 44AD. Hence, income of Mr Querashi for AY 2025-26 as per books of account is computed below:

Computation Of Total Income:

Particulars	Regular Scheme (₹)	Presumptive Scheme (₹)
> PGBP income from hypermarket A supermarket business	6,53,950	9,00,000
> Discontinued furniture business {Amount of insurance compensation of ₹ 4L deemed as PGBP income of current year [-] Unabsorbed business loss of ₹ 3,00,000}	1,00,000	1,00,000
Total Income	7,53,950	10,00,000

Answer 50

The income of the assessee shall be ₹ 1,42,500 [(₹ 7,500 x 10) + (₹ 7,500 x 9)].

Answer 51

Computation Of Total Income Of Mr Ramamurthy For AY 2025-26:

Particulars	Amount (₹)
Presumptive business income u/s 44AE:	
• 2 light goods vehicles for 2 months (2 x ₹ 7,500 x 2 months)	30,000

• Balance 2 light goods vehicles for 12 months [2 x ₹ 7,500 x 12 months]	1,80,000
• 7 light goods vehicles for 10 months [7 x ₹ 7,500 x 10 months]	5,25,000
Business Income	7,35,000
Less: Brought forward business loss of discontinued business	[50,000]
Total Income	6,85,000

Note: The assesses is eligible for computing the income from goods carriages applying the presumptive provisions of Section 44AE since he does not own more than 10 goods carriages at any time during the PY. .

Answer 52

Since Mr X does not own more than 10 vehicles at any time during PY 2024-25, he is eligible to opt for presumptive taxation scheme u/s 44AE. ₹ 1,000 per ton of gross vehicle weight or unladen weight per month or part of the month for each heavy goods vehicle and ₹ 7,500 per month or part of month for each goods carriage other than heavy goods vehicle, owned by him would be deemed as his profits and gains from such goods carriage. Heavy goods vehicle means any goods carriage, the gross vehicle weight of which exceeds 12,000 kg.

Number Of Vehicles	Date Of Purchase	No Of Months For Which Vehicle Is Owned	No Of Months X No Of Vehicles
For Heavy Goods Vehicle:			
2	29.08,2024	8	16
1	23.02.2025	2	2
TOTAL			18
For Goods Vehicle Other Than Heavy Goods Vehicle:			
2	10.04.2024	12	24
1	15.03.2025	1	1
3	16.07.2024	9	27
1	02.01.2025	3	3
TOTAL			55

The presumptive income of Mr X u/s 44AE for AY 2025-26 would be ₹ 6,82,500 {(ie, 55 x ₹ 7,500, being for other than heavy goods vehicle) + [18 x ₹ 1,000 x 15 tons being for heavy goods vehicle]}.

9643036663 (only WhatsApp)

The answer would remain the same even if the two vehicles purchased in April 2024 were put to use only in July 2024, since the presumptive income has to be calculated per month or part of the month for which the vehicle is owned by Mr X.

Answer 53

Since Mr Prakash does not own more than 10 vehicles at any time during PY 2024-25, he is eligible to opt for presumptive taxation scheme u/s 44AE. As per Section 44AE, following amounts are deemed as profits and gains from goods carriage:

- Heavy Goods Vehicle - ₹ 1,000 per ton of gross vehicle weight per month or part of the month; and
- Other Than Heavy Goods Vehicle - ₹ 7,500 per month or part of month.

Heavy goods vehicle means any goods carriage, the gross vehicle weight of which exceeds 12,000 kg.

Calculation Of Presumptive Income As Per Section 44AE:

Vehicle	Date of Purchase	Months For Which Vehicle Is Owned During PY 2024-25	Presumptive Income As Per Section 44AE
For Heavy Goods Vehicle:			
B	Purchased in PY 2023-24	12	12 Months x 13 Tons x ₹ 1,000 Per Ton Per Month = ₹ 1,56,000
E	15.05.2024	11	11 Months x 15 Tons x ₹ 1,000 Per Ton Per Month - ₹ 1,65,000
For Other Than Heavy Goods Vehicle:			
A	Purchased in PY 2023-24	12	12 Months x ₹ 7,500 Per Month - ₹ 90,000
C	Purchased in PY 2023-24	12	12 Months x ₹ 7,500 Per Month = ₹ 90,000
D	30.04.2024	12	12 Months x ₹ 7,500 Per Month = ₹ 90,000
TOTAL			5,91,000

Note: The "put to use" date of the vehicle is not relevant for the purpose of computation of presumptive income u/s 44AE since the presumptive income has to be calculated per month or part of the month for which the

VGS SIR

9643036663 (only WhatsApp)

vehicle is owned by Mr Prakash.

Answer 54

- i. Since M/s MN & Co, a partnership firm, does not own more than 10 vehicles at any time during PY 2024-25, it is eligible to opt for presumptive taxation scheme u/s 44AE.

Particulars		[₹]
(I)	Heavy Goods Vehicle {Goods carriage whose gross vehicle weight exceeds 12,000 kg}	
	{[(15 tons x ₹ 1,000/ton x 2 vehicles x 12 months) + (15 tons x ₹ 1,000/ton x 1 vehicle x 10 months)]}	3,60,000
		1,50,000
	Note: Months owned to be considered and not months used.	
(II)	Other Than Heavy Goods Vehicle [₹ 7,500 per month x 7 vehicles x 12 months]	6,30,000
	Presumptive Income	11,40,000
	Less: Partners' remuneration {Within limits prescribed u/s 40(b)}	[1,50,000]
	PGBP Income	9,90,000

- ii. If M/s MN 5 Co declares profits and gains in accordance with the provisions of Section 44AE, it is not required to maintain books of accounts u/s 44AA or get them audited u/s 44AB. However, if the firm wishes to claim its income of ₹ 6,50,000 as per books of accounts, which is lower than the profits of ₹ 9,90,000 computed u/s 44AE, it has to maintain books of accounts u/s 44AA and get its accounts audited u/s 44AB.
- iii. In case the firm opts for the presumptive taxation scheme u/s 44AE, the due date for filing of return would be 31st July 2025. In case the firm does not opt for Section 44AE, it is required to get its books of account audited, in which case the due date for filing of return of income would be 31st October 2025.

Answer 55

- a) Recovery of a bad debt claim disallowed in the earlier year cannot be brought tp tax u/s 41(4). Section 41(4) can be invoked only in a case where bad debts or part thereof has been allowed as deduction earlier u/s 36(1)(vii).
- b) The scope of Section 40(a)(ia) has been recently expanded to cover all sums in respect of which TDS

provisions apply. Tax is required to be deducted on salary income u/s 192. Therefore, salary payment without deduction of tax at source would attract disallowance u/s 40(a)(ia). However, only 30% of salary paid without deduction tax at source would be disallowed u/s 40(a)(ia).

- c) It is deductible in 5 equal annual instalments commencing from the PY of payment. ₹ 24 lakhs (1/5th of ₹ 120 lakhs) is deductible u/s 35DDA for AY 2025-26.
- d) As per Section 41(4), any amount recovered by the assessee against bad debt earlier allowed as deduction shall be taxed as income in the year in which it is received. Therefore, in this case, ₹ 50,000 would be taxable in the year of receipt, ie PY 2024-25 (AY 2025-26).

Notes:

- Income received by Mr Y's minor daughter from stage acting is not includible in the income of Mr Y, since the income has been earned by her on account of her special talent. However, interest on company deposits is includible in Mr Y's income as per Section 64(1A), even though the deposit was made out of income derived from special talent.

- No depreciation is available where an asset is purchased and sold during the same year. The transaction of purchase and sale of motor car during the year would result in a short-term capital loss eligible to be c/f for set-off in future years.

- i. Since the residential house was constructed before 01.04.1999, the deduction for interest is restricted to ₹ 30,000.
- ii. Since 25% portion of the house is used for business purposes, therefore, 25% share of interest paid is deductible while computing business income.
- iii. Agricultural income is exempt u/s 10(1) and share of income from HUF is exempt u/s 10(2).
- iv. Term deposit of ₹ 1,50,000 in name of minor daughter does not qualify for deduction u/s 80C. However, principal repayment of housing loan (75%) would qualify for deduction u/s 80C. Therefore, eligible deduction u/s 80C would come out to ₹ 36,000 [ie, 75% of ₹ 48,000].
- v. Depreciation @ 15% has been provided on surgical instruments and motor car.

Answer 65

- a. As per Section 43B, any sum payable to the Indian Railways for use of railway assets is allowed to be deducted subject to the condition that such sum has been paid on or before the due date of filing of return of income u/s 139(1). Thus, in the present case, ₹ 45,000 paid by ABC Ltd to Indian Railways for use of railway assets would be allowed as deduction while computing the business income for PY 2024-25 since such payment has been made on or before the due date for filing return of income for PY 2024-25.
- b. The expenditure of ₹ 32,000 shall be available as deduction while calculating business income. No disallowance u/s 40A(3) would be attracted in the hands of S Ltd because payment upto ₹ 35,000 can be made in cash to a transporter for plying, hiring or leasing goods carriage. Further, disallowance u/s 40(a)(ia) for non-deduction of TDS would also not be attracted because TDS provisions u/s 194C are not applicable in case of a transporter owning not more than 10 goods carriages.
- c. As per Rule 6DD of Income Tax Rules, 1962, where payment is made for purchase of agricultural produce directly to the cultivator, grower or producer of such agricultural produce, no disallowance u/s 40A(3) is attracted even if the cash payment for the expense exceeds ₹ 10,000. Therefore, expenditure of ₹ 80,000 would be available as deduction because disallowance u/s 40A(3) would not be attracted where cash payment for purchase of wheat is made directly to the farmer.

CAPITAL GAINS

(easy)

EXAMPLE

	Area	Shortest aerial distance from the local limits of a municipality or cantonment board referred to in item (a)	Population according to the last preceding census of which the relevant figures have been published before the first day of the previous year.	Is the land situated in this area a capital asset?
(i)	A	1 km	9,000	No
(ii)	B	1.5 kms	12,000	Yes
(iii)	C	2 kms	11,00,000	Yes
(iv)	D	3 kms	80,000	No
(v)	E	4 kms	3,00,000	Yes
(v)	F	5 kms	12,00,000	Yes
(vi)	G	6 kms	8,000	No
(vii)	H	7 kms	4,00,000	No
(viii)	I	8 kms	10,50,000	Yes
(ix)	J	9 kms	15,00,000	No

ILLUSTRATION 1 (easy)

How will you calculate the period of holding in case of the following assets?

1. Shares held in a company in liquidation
2. Bonus shares
3. Flat in a co-operative society

VC SIR

SOLUTION

1. **Shares held in a company in liquidation** - The period after the date on which the company goes into liquidation shall be excluded while calculating the period of holding. Therefore, the period of holding shall commence from the date of acquisition and end with the date on which the company goes into liquidation.
2. **Bonus shares** - The period of holding shall be reckoned from the date of allotment of bonus shares and will end with the date of transfer.
3. **Flat in a co-operative society** - The period of holding shall be reckoned from the date of allotment of shares in the society and will end with the date of transfer.

Note – Any transaction whether by way of becoming a member of, or acquiring shares in, a co-operative society or by way of any agreement or any arrangement or in any other manner whatsoever which has the effect of transferring, or enabling enjoyment of, any immovable property is a transfer as per section 2(47)(vi).

Hence, it is possible to take a view that any date from which such right is obtained may be taken as the date of acquisition.

ILLUSTRATION 2 (easy)

A is the owner of a car. On 1-4-2024, he starts a business of purchase and sale of motor cars. He treats the above car as part of the stock-in-trade of his new business. He sells the same on 31-3-2025 and gets a profit of ₹ 1 lakh. Discuss the tax implication in his hands under the head “Capital gains”.

SOLUTION

Since car is a personal asset, conversion or treatment of the same as the stock-in-trade of his business will not be trapped by the provisions of section 45(2). Hence, A is not liable to capital gains tax.

ILLUSTRATION 3 (easy)

X converts his capital asset [acquired on June 10, 2006 for ₹ 60,000] into stock-in-trade on March 10, 2024. The fair market value on the date of the above conversion was ₹ 5,50,000. He subsequently sells the stock-in-trade so converted for ₹ 6,00,000 on June 10, 2024. Discuss the year of chargeability of capital gain and business income.

SOLUTION

Since the capital asset is converted into stock-in-trade during the previous year 2023-24 relevant to the A.Y.

2024-25, it will be a transfer u/s 2(47) during the P.Y. 2023-24. However, the profits or gains arising from the above conversion will be chargeable to tax during the A.Y. 2025-26, since the stock-in-trade has been sold only on June 10, 2024. For this purpose, the fair market value on the date of such conversion [i.e. 10th March, 2024] will be the full value of consideration for computation of capital gains. The capital gains would be computed by reducing the indexed cost of acquisition therefrom, since the transfer [i.e., conversion of capital asset into stock in trade] took place during the P.Y. 2023-24. The business income of ₹ 50,000 [i.e., ₹ 6,00,000 (-) ₹ 5,50,000, being the fair market value on the date of conversion] would also be taxable in the A.Y.2025-26. Thus, both capital gains and business income would be chargeable to tax in the A.Y.2025-26.

M held 2000 shares in a company ABC Ltd., an Indian company. This company amalgamated with another Indian company XYZ Ltd. during the previous year ending 31-3-2025. Under the scheme of amalgamation, M was allotted 1000 shares in the new company. The market value of shares allotted is higher by ₹ 50,000 than the value of holding in ABC Ltd. The Assessing Officer proposes to treat the transaction as an exchange and to tax ₹ 50,000 as capital gain. Is he justified?

SOLUTION

In the above example, the transaction is squarely covered by the exemption explained above and the proposal of the Assessing Officer to treat the transaction as a transfer is not justified.

ILLUSTRATION 5 (average)

In which of the following situations capital gains tax liability does not arise?

- i. Mr. A purchased gold in 1970 for ₹ 25,000. In the P.Y. 2024-25, he gifted it to his son at the time of marriage. Fair market value (FMV) of the gold on the day the gift was made was ₹ 1,00,000.
- ii. A house property is purchased by a Hindu undivided family in 1945 for ₹ 20,000. It is given to one of the family members in the P.Y. 2024-25 at the time of partition of the family. FMV on the date of partition was ₹ 12,00,000.
- iii. Mr. B purchased 50 convertible debentures for ₹ 40,000 in 1995 which are converted into 500 shares worth ₹ 85,000 in November 2024 by the company.

SOLUTION

We know that capital gains arises only when we transfer a capital asset. The liability of capital gains tax in the situations given above is discussed as follows:

- i. As per the provisions of section 47(iii), gift of a capital asset by an individual is **not** regarded as transfer for the purpose of capital gains. Therefore, capital gains tax liability does not arise in the given situation.
- ii. As per the provisions of section 47(i), distribution of a capital asset (being in kind) on the total or partial partition of Hindu undivided family is **not** regarded as transfer for the purpose of capital gains. Therefore, capital gains tax liability does not arise in the given situation.
- iii. As per the provisions of section 47(x), conversion of bonds or debentures, debenture stock or deposit certificates in any form of a company into shares or debentures of that company is **not** regarded as transfer for the purpose of capital gains. Therefore, capital gains tax liability does not arise in the given situation.

Mr. Abhishek a senior citizen, mortgaged his residential house with a bank, under a notified reverse mortgage scheme. He was getting loan from bank in monthly installments. Mr. Abhishek did not repay the loan on maturity and hence gave possession of the house to the bank, to discharge his loan. How will the treatment of long-term capital gain be on such reverse mortgage transaction?

SOLUTION

Section 47(xvi) provides that any transfer of a capital asset in a transaction of reverse mortgage under a scheme made and notified by the Central Government shall not be considered as a transfer for the purpose of capital gain.

Accordingly, the mortgaging of residential house with bank by Mr. Abhishek will not be regarded as a transfer. Therefore, no capital gain will be charged on such transaction.

Further, section 10(43) provides that the amount received by the senior citizen as a loan, either in lump sum or in installment, in a transaction of reverse mortgage would be exempt from income-tax. Therefore, the monthly installment amounts received by Mr. Abhishek would not be taxable.

ILLUSTRATION 7 (average)

Examine, with reasons, whether the following statements are True or False.

- i. Alienation of a residential house in a transaction of reverse mortgage under a scheme made and

notified by the Central Government is treated as "transfer" for the purpose of capital gains.

- ii. Zero coupon bonds of eligible corporation, held for 14 months, will be long-term capital assets.
- iii. Zero Coupon Bond means a bond on which no payment and benefits are received or receivable before maturity or redemption.

SOLUTION

- i. **False:** As per section 47(xvi), such alienation in a transaction of reverse mortgage under a scheme made and notified by the Central Government is not regarded as "transfer" for the purpose of capital gains.
- ii. **True:** Section 2(42A) defines the term 'short-term capital asset'. Under the proviso to section 2(42A), zero coupon bond held for not more than 12 months will be treated as a short-term capital asset. Consequently, such bonds held for more than 12 months will be a long-term capital asset.
- iii. **True:** As per section 2(48), 'Zero Coupon Bond' means a bond issued by any infrastructure capital company or infrastructure capital fund or infrastructure debt fund or a public sector company, or Scheduled Bank on or after 1st June 2005, in respect of which no payment and benefit is received or receivable before maturity or redemption from such issuing entity and which the Central Government may notify in this behalf.

Mr. A converts his capital asset acquired for an amount of ₹ 50,000 in June, 2004 into stock-in-trade in the month of November, 2023. The fair market value of the asset on the date of conversion is ₹ 4,50,000. The stock-in-trade was sold for an amount of ₹ 6,50,000 in the month of September, 2024. What will be the tax treatment?

Financial year	Cost Inflation Index
2004-05	113
2023-24	348
2024-25	363

SOLUTION

The capital gains on the sale of the capital asset converted to stock-in-trade is taxable in the given case. It arises in the year of conversion (i.e. P.Y. 2023-24) but will be taxable only in the year in which the stock-in-trade is sold (i.e. P.Y. 2024-25). Profits from business will also be taxable in the year of sale of the

stock-in-trade (P.Y. 2024-25).

The LTCG and business income for the A.Y. 2025-26 are calculated as under:

Particulars	₹	₹
Profits and Gains from Business or Profession		
Sale proceeds of the stock-in-trade	6,50,000	
Less: Cost of the stock-in-trade (FMV on the date of conversion)	4,50,000	2,00,000
Long Term Capital Gains		
Full value of the consideration (FMV on the date of the conversion)	4,50,000	
Less: Indexed cost of acquisition (₹ 50,000 x 348/113)	1,53,982	2,96,018

Note: For the purpose of indexation, the cost inflation index of the year in which the asset is converted into stock-in-trade should be considered.

Since the transfer (conversion into stock-in-trade) took place in the P.Y. 2023-24, the benefit of indexation would be available. The date of sale of stock-in-trade is not relevant for determining whether benefit of indexation would be available.

Singhanian & Co., a sole proprietorship owns six machines, put in use for business in March, 2023. The depreciation on these machines is charged @15%. The opening balance of these machines after providing depreciation for P.Y. 2023-24 was ₹ 8,50,000. Three of the old machines were sold on 10th June, 2024 for ₹ 11,00,000. A second hand plant was bought for ₹ 8,50,000 on 30th November, 2024.

You are required to:

- determine the claim of depreciation for Assessment Year 2025-26.
- compute the capital gains liable to tax for Assessment Year 2025-26.
- If Singhanian & Co. had sold the three machines in June, 2024 for ₹ 21,00,000, will there be any difference in your above workings? Explain.

SOLUTION

i. **Computation of depreciation for A.Y.2025-26**

Particulars	₹
Opening balance of the block as on 1.4.2024 [i.e., W.D.V. as on 31.3.2024 after providing depreciation for P.Y. 2023-24]	8,50,000
Add: Purchase of second-hand plant during the year	8,50,000
	17,00,000
Less: Sale consideration of old machinery during the year	11,00,000
W.D.V of the block as on 31.03.2025	6,00,000

Since the value of the block as on 31.3.2025 comprises of a new asset which has been put to use for less than 180 days, depreciation is restricted to 50% of the prescribed percentage of 15% i.e. depreciation is restricted to 7½%. Therefore, the depreciation allowable for the year is ₹ 45,000, being 7½% of ₹ 6,00,000.

ii. The provisions under section 50 for computation of capital gains in the case of depreciable assets can be invoked only under the following circumstances:

- When one or some of the assets in the block are sold for consideration more than the value of the block.
- When all the assets are transferred for a consideration more than the value of the block.
- When all the assets are transferred for a consideration less than the value of the block.

Since in the first two cases, the sale consideration is more than the written down value of the block, the computation would result in short term capital gains.

In the third case, since the written down value of the block exceeds the sale consideration, the resultant figure would be a short-term capital loss of the block.

In the given case, capital gains will not arise as the block of asset continues to exist, and some of the assets are sold for a price which is lesser than the written down value of the block.

iii. If the three machines are sold in June, 2024 for ₹ 21,00,000, then short term capital gains would arise, since the sale consideration is more than the aggregate of the written down value of the block at the beginning of the year and the additions made during the year.

Particulars	₹	₹
Sale consideration		21,00,000
Less: Opening balance of the block as on 1.4.2024 [i.e., W.D.V. as on 31.3.2024 after providing depreciation for P.Y. 2023-24]	8,50,000	
Purchase of second plant during the year	8,50,000	17,00,000
Short term capital gains		4,00,000

The fair market value of capital assets of unit 1 on 1.4.2024 is ₹ 30 lakhs. Unit 1 was started in the year 2005-06. The expenses incurred for this transfer were ₹ 28,000. His Balance Sheet as on 31.3.2024 is as under:

Liabilities	Total (₹)	Assets	Unit 1(₹)	Unit 2 (₹)	Total (₹)
Own Capital	15,00,000	Land	12,00,000	2,00,000	14,00,000

Total	21,50,000	Total	17,50,000	4,00,000	21,50,000

Other information:

- Revaluation reserve is created by revising upward the value of the land of Unit 1.
- No individual value of any asset is considered in the transfer deed.
- Other assets of Unit 1 include patents acquired on 1.7.2022 for ₹ 50,000 on which no depreciation has been charged.
- The value of machinery represents the written down value as per the Income- tax Act, 1961.
- Compute the capital gain for the assessment year 2025-26.

What is the amount of capital gains taxable in the hands of Mr. Cee for the A.Y.2025-26?

SOLUTION

The house is sold before 24 months from the date of purchase. Hence, the house is a short-term capital asset and no benefit of indexation would be available.

Particulars	₹
Sale consideration	20,00,000

Long term capital gain of ₹ 75 lakhs arising from transfer of building on 1.5.2024 will be exempt from tax if such capital gain is invested in the bonds redeemable after five years, issued by NHAI under section 54EC. Examine with reasons whether the given statement is true or false having regard to the provisions of the Income-tax Act, 1961.

SOLUTION

False: The exemption under section 54EC has been restricted, by limiting the maximum investment in long term specified assets (i.e. bonds of NHAI or RECL or any other bond notified by Central Government in this behalf, redeemable after 5 years) to ₹ 50 lakhs, whether such investment is made during the relevant previous year or the subsequent previous year, or both. Therefore, in this case, the exemption under section 54EC can be availed only to the extent of ₹ 50 lakhs, provided the investment is made before 1.11.2024 (i.e., within six months from the date of transfer).

- 17) Mr. A is an individual carrying on business. His stock and machinery were damaged and destroyed in a fire accident which occurred in December 2024.

The value of stock lost [total damaged] was ₹ 6,50,000. Certain portion of the machinery could be salvaged. The opening balance of the block as on 1.4.2024 (i.e., WDV as on 31.3.2024 after providing depreciation for P.Y. 2023-24) was ₹ 10,80,000.

During the process of safeguarding machinery and in the fire fighting operations, Mr. A lost his gold chain and a diamond ring, which he had purchased in April, 2005 for ₹ 1,20,000. The market value of these two items as on the date of fire accident was ₹ 1,80,000.

Mr. A received the following amounts from the insurance company:

i. Towards loss of stock	₹ 4,80,000
ii. Towards damage of machinery	₹ 6,00,000
iii. Towards gold chain and diamond ring	₹ 1,80,000

You are requested to briefly comment on the tax treatment of the above three items under the provisions of the Income-tax Act, 1961.

- 18) Mr. Sarthak entered into an agreement with Mr. Jaikumar to sell his residential house located at Kanpur on 16.08.2024 for ₹ 1,50,00,000.

The sale proceeds were to be paid in the following manner:

- 20% through account payee bank draft on the date of agreement.
- 60% on the date of the possession of the property.
- Balance after the completion of the registration of the title to the property.

Mr. Jaikumar was handed over the possession of the property on 15.12.2024 and the registration process was completed on 14.01.2025. He paid the sale proceeds as per the sale agreement.

The value determined by the Stamp Duty Authority-

- a) on 16.08.2024 was ₹ 1,70,00,000;
- b) on 15.12.2024 was ₹ 1,71,00,000; and
- c) on 14.01.2025 was ₹ 1,71,50,000.

Mr. Sarthak had acquired the residential house at Kanpur on 01.04.2001 for ₹ 30,00,000. After recovering the sale proceeds from Jaikumar, he purchased two residential house properties, one in Kanpur for ₹ 20,00,000 on 24.3.2025 and another in Delhi for ₹ 35,00,000 on 28.5.2025.

Compute the income chargeable under the head "Capital Gains" of Mr. Sarthak for the Assessment Year 2025-26.

- 19) Mrs. Yuvika bought a vacant land for ₹ 80 lakhs in May 2005. Registration and other expenses were 10% of the cost of land. She constructed a residential building on the said land for ₹ 100 lakhs during the financial year 2007-08.

She entered into an agreement for sale of the above said residential house with Mr. Johar (not a relative) in April 2015. The sale consideration was fixed at ₹ 700 lakhs and on 23-4-2015, Mrs. Yuvika received ₹ 20 lakhs as advance in cash by executing an agreement. However, due to failure on part of Mr. Johar, the said negotiation could not materialise and hence, the said amount of advance was forfeited by Mrs. Yuvika.

Mrs. Yuvika, again entered into an agreement on 01.05.2024 for sale of this house at ₹ 810 lakhs. She received ₹ 80 lakhs as advance by RTGS. The stamp duty value on the date of agreement was ₹ 890 lakhs. The sale deed was executed and registered on 14-07-2024 for the agreed consideration. However, the State stamp valuation authority had revised the values, hence, the value of property for stamp duty purposes was ₹ 900 lakhs. Mrs. Yuvika paid 1% as brokerage on sale consideration received.

Subsequent to sale, Mrs. Yuvika made following acquisition/investments:

- i. Acquired two residential houses at Delhi and Chandigarh for ₹ 130 lakhs and ₹ 50 lakhs, respectively, on 31.1.2025 and 15.5.2025
- ii. Acquired a residential house at UK for ₹ 180 lakhs on 23.3.2025.
- iii. Subscribed to NHAI capital gains bond (approved under section 54EC) for ₹ 50 lakhs on 30-11-2024 and for ₹ 40 lakhs on 9-1-2025.

Compute the income chargeable under the head 'Capital Gains' of Mrs. Yuvika for A.Y.2025-26. The choice of exemption must be in the manner most beneficial to the assessee.

20] Mr. Shiva purchased a house property on February 15, 1979 for ₹ 3,24,000. In addition, he has also paid stamp duty @10% on the stamp duty value of ₹ 3,50,000.

In April, 2008, Mr. Shiva entered into an agreement with Mr. Mohan for sale of such property for ₹ 14,35,000 and received an amount of ₹ 1,11,000 as advance. However, the sale consideration did not materialize and Mr. Shiva forfeited the advance. In May 2015, he again entered into an agreement for sale of said house for ₹ 20,25,000 to Ms. Deepshikha and received ₹ 1,51,000 as advance. However, as Ms. Deepshikha did not pay the balance amount, Mr. Shiva forfeited the advance. In August, 2015, Mr. Shiva constructed the first floor by incurring a cost of ₹ 3,90,000.

On November 15, 2024, Mr. Shiva entered into an agreement with Mr. Manish for sale of such house for ₹ 30,50,000 and received an amount of ₹ 1,50,000 as advance through an account payee cheque. Mr. Manish paid the balance entire sum and Mr. Shiva transferred the house to Mr. Manish on February 20, 2025. Mr. Shiva has paid the brokerage @1% of sale consideration to the broker.

On April 1, 2001, fair market value of the house property was ₹ 11,85,000 and Stamp duty value was ₹ 10,70,000. Further, the Valuation as per Stamp duty Authority of such house on 15th November, 2024 was ₹ 39,00,000 and on 20th February, 2025 was ₹ 41,00,000.

Compute the capital gains in the hands of Mr. Shiva for A.Y.2025-26. Also, compute the tax liability under section 112, assuming that the basic exemption limit has been fully exhausted against other income.

Notes:

i. Cost of acquisition of such equity shares acquired before 1.2.2018 is higher of

- Cost of acquisition i.e., ₹ 1,000 per share and
- lower of

Fair market value of such asset i.e., ₹ 2,000 per share and

Full value of consideration i.e., ₹ 4,000 per share.

Therefore, the cost of acquisition of original share is ₹ 2,000 per share.

ii. Securities transaction tax is not allowable as deduction.

- 15.** Conversion of a capital asset into stock-in-trade is a transfer within the meaning of section 2(47) in the previous year in which the asset is so converted. However, the capital gains will be charged to tax only in the year in which the stock-in-trade is sold.

The cost inflation index of the financial year in which the conversion took place should be considered for computing indexed cost of acquisition. Further, the fair market value on the date of conversion would be deemed to be the full value of consideration for transfer of the asset as per section 45(2). The sale price less the fair market value on the date of conversion would be treated as the business income of the year in which the stock-in-trade is sold.

Therefore, in this problem, both capital gains and business income would be charged to tax in the A.Y. 2025-26.

16. Computation of capital gains and business income of Harshita for A.Y. 2025-26

Particulars	₹
Business Income	
Sale price of flats [$10 \times \text{₹ } 30 \text{ lakhs}$]	3,00,00,000
Less: Cost of flats	
Fair market value of land on the date of conversion [$\text{₹ } 210 \text{ lacs} \times 2/3$]	1,40,00,000
Cost of construction of flats [$10 \times \text{₹ } 10 \text{ lakhs}$]	1,00,00,000
Business income chargeable to tax for A.Y.2025-26 Capital Gains	60,00,000
Fair market value of land on the date of conversion deemed as the full value of consideration for the purposes of section 45(2)	2,10,00,000
Less: Indexed cost of acquisition [$\text{₹ } 35,00,000 \times 348/113$]	1,07,78,761
	1,02,21,239
Proportionate capital gains arising during A.Y. 2025-26 [$\text{₹ } 1,02,21,239 \times 2/3$]	68,14,159
Less: Exemption under section 54EC	50,00,000
Capital gains chargeable to tax for A.Y.2025-26	18,14,159

Notes:

- The conversion of a capital asset into stock-in-trade is treated as a transfer under section 2(47). It would be treated as a transfer in the year in which the capital asset is converted into stock-in-trade [i.e., P.Y.2023-24, in this case].
- As per section 45(2), the capital gains arising from the transfer by way of conversion of capital

assets into stock-in-trade will be chargeable to tax only in the year in which the stock-in-trade is sold.

- iii. The indexation benefit for computing indexed cost of acquisition would, however, be available only up to the year of conversion of capital asset into stock-in-trade [i.e., P.Y.2023-24] and not up to the year of sale of stock-in-trade [i.e., P.Y.2024-25].
- iv. For the purpose of computing capital gains in such cases, the fair market value of the capital asset on the date on which it was converted into stock-in-trade shall be deemed to be the full value of consideration received or accruing as a result of the transfer of the capital asset.
- v. In this case, since only 2/3rd of the stock-in-trade [10 flats out of 15 flats] is sold in the P.Y.2024-25, only proportionate capital gains [i.e., 2/3rd] would be chargeable to tax in the A.Y.2025-26.
- vi. On sale of such stock-in-trade, business income would arise. The business income chargeable to tax would be the difference between the price at which the stock-in-trade is sold and the fair market value on the date of conversion of the capital asset into stock-in-trade.
- vii. In case of conversion of capital asset into stock-in-trade and subsequent sale of stock-in-trade, the period of 6 months is to be reckoned from the date of sale of stock-in-trade for the purpose of exemption under section 54EC [CBDT Circular No.791 dated 2.6.2000]. In this case, since the investment in bonds of NHAI has been made within 6 months of sale of flats, the same qualifies for exemption under section 54EC. With respect to long-term capital gains arising on land or building or both in any financial year, the maximum deduction under section 54EC would be ₹ 50 lakhs, whether the investment in bonds of NHAI or RECL are made in the same financial year or next financial year or partly in the same financial year and partly in the next financial year.

Therefore, even though investment of ₹ 50 lakhs has been made in bonds of NHAI during the P.Y. 2024-25 and investment of ₹ 50 lakhs has been made in bonds of RECL during the P.Y. 2025-26, both within the stipulated six month period, the maximum deduction allowable for A.Y. 2025-26, in respect of long-term capital gain arising on sale of long-term capital asset(s) during the P.Y. 2024-25, is only ₹ 50 lakhs.

17.

- I. **Compensation towards loss of stock:** Any compensation received from the insurance company towards loss/damage to stock in trade is to be construed as a trading receipt. Hence, ₹ 4,80,000 received as insurance claim for loss of stock has to be assessed under the head "Profit and gains of business or profession".

Note - The assessee can claim the value of stock destroyed by fire as revenue loss, eligible for

deduction while computing income under the head “Profits and gains of business or profession”.

- II. **Compensation towards damage to machinery:** The question does not mention whether the salvaged machinery is taken over by the Insurance company or whether there was any replacement of machinery during the year. Assuming that the salvaged machinery is taken over by the Insurance company, and there was no fresh addition of machinery during the year, the block of machinery will cease to exist. Therefore, ₹ 4,80,000 being the excess of written down value [i.e. ₹ 10,80,000] over the insurance compensation [i.e. ₹ 6,00,000] will be assessable as a short-term capital loss.

Note – If new machinery is purchased in the next year, it will constitute the new block of machinery, on which depreciation can be claimed for that year.

- III. **Compensation towards loss of gold chain and diamond ring:** Gold chain and diamond ring are capital assets as envisaged by section 2(14). They are not “personal effects”, which alone are to be excluded. If any profit or gain arises in a previous year owing to receipt of insurance claim, the same shall be chargeable to tax as capital gains. The capital gains has to be computed by reducing the cost of acquisition of jewellery from the insurance compensation of ₹ 1,80,000.

18. Computation of income chargeable under the head “Capital Gains” of Mr. Sarthak for A.Y. 2025-26

Particulars	₹
Capital Gains on sale of residential house	
Actual sale consideration	₹ 1,50,00,000
Value adopted by Stamp Valuation Authority	₹
1,70,00,000	
on the date of agreement	
[As per section 50C, where the actual sale consideration is less than the value adopted by the Stamp Valuation Authority for the purpose of charging stamp duty, and such stamp duty value exceeds 110% of the actual sale consideration, then, the value adopted by the Stamp Valuation Authority shall be taken to be the full value of consideration.]	

In a case where the date of agreement is different from the date of registration, stamp duty value on the date of agreement can be considered provided the whole or part of the consideration is paid by way of account payee cheque/bank draft or by way of ECS through bank account or through such other electronic mode as may be prescribed, on or before the date of agreement.	
In this case, since 20% of ₹ 150 lakhs is paid through account payee bank draft on the date of agreement, stamp duty value on the date of agreement would be considered for determining the full value of consideration]	
Full value of sale consideration [Stamp duty value on the date of agreement, since it exceeds 110% of the actual sale consideration]	1,70,00,000
Less: Cost of acquisition of residential house	30,00,000
Long-term capital gains [Since the residential house property was held by Mr. Sarthak for more than 24 months immediately preceding the date of its transfer]	1,40,00,000
Less: Exemption u/s 54	55,00,000
Since, long-term capital gains does not exceed ₹ 2 crore, he would be eligible for exemption in respect of both the residential house properties purchased in India. The capital gain arising on transfer of a long-term residential property shall not be chargeable to tax to the extent such capital gain is invested in the purchase of these residential house properties in India within one year before or two years after the date of transfer of original asset. Thus, he would be eligible for exemption of ₹ 55,00,000 being ₹ 20,00,000 and ₹ 35,00,000 invested on acquisition of residential house property in Kanpur and Delhi, respectively.	
Long term capital gains chargeable to tax	85,00,000

Note: It may be noted that since Sarthak has transferred residential house property on or after 23.7.2024 which was acquired before the said date, he can opt to pay tax @20% on LTCG [computed with indexation] or 12.5% on LTCG [computed without indexation] whichever is beneficial to him.

19. Computation of income chargeable under the head “Capital Gains” of Mrs. Yuvika for A.Y.2025-26

Particulars	₹ [in lakhs]	₹ [in lakhs]
Capital Gains on sale of residential building Actual sale consideration ₹ 810 lakhs Value adopted by Stamp Valuation Authority ₹ 890 lakhs [Where the actual sale consideration is less than the value adopted by the Stamp Valuation Authority for the purpose of charging stamp duty, and such stamp duty value exceeds 110% of the actual sale consideration, then, the value adopted by the Stamp Valuation Authority shall be taken to be the full value of consideration as per section 50C. However, where the date of agreement is different from the date of registration, stamp duty value on the date of agreement can be considered provided the whole or part of the consideration is received by way of account payee cheque/bank draft or by way of ECS through bank account or through prescribed electronic modes on or before the date of agreement. In this case, since advance of ₹ 80 lakh is received by RTGS, i.e., one of the prescribed modes, stamp duty value on the date of agreement can be adopted as the full value of consideration. However, in the present case since stamp duty value on the date of agreement does not exceed 110% of the actual consideration, actual sale consideration would be taken as the full value of consideration]		
Gross Sale consideration [Actual consideration, since stamp duty value on the date of agreement does not exceed 110% of the actual consideration]		810.00

- Construction cost of residential building (₹ 100 lakhs x 363/129)	281.40	554.43
Long-term capital gains		247.47
Since the residential house property was held by Mrs. Yuvika for more than 24 months immediately preceding the date of its transfer, the resultant gain is a long-term capital gain]		
Less: Exemption under section 54		130.00
Where long-term capital gains exceed ₹ 2 crore, the capital gain arising on transfer of a long-term residential property shall not be chargeable to tax to the extent such capital gain is invested in the purchase of one residential house property in India, one year before or two years after the date of transfer of original asset.		
Therefore, in the present case, the exemption would be available only in respect of the one residential house acquired in India and not in respect of the residential house in UK. It would be more beneficial for her to claim the cost of acquisition of residential house at Delhi, i.e., ₹ 130 lakhs as exemption.		
Less: Exemption under section 54EC		50.00
Amount invested in capital gains bonds of NHAI within six months after the date of transfer (i.e., on or before 13.1.2025), of long-term capital asset, being land or building or both, would qualify for exemption, to the maximum extent of ₹ 50 lakhs, whether such investment is made in the current financial year or subsequent financial year. Therefore, in the present case, exemption can be availed only to the extent of ₹ 50 lakh out of ₹ 90 lakhs, even if the both the investments are made on or before 13.1.2025 (i.e., within six months after the date of transfer).		
Long term capital gains chargeable to tax		67.47

Note: Advance of ₹ 20 lakhs received from Mr. Johar, would have been chargeable to tax under the head “Income from other sources”, in the A.Y. 2016-17, as per section 56(2)(ix), since the same was forfeited on or after 01.4.2014 as a result of failure of negotiation. Hence, the same should not be deducted while computing indexed cost of acquisition.

However, where the date of agreement is different from the date of registration, stamp duty value on the date of agreement can be considered, provided the whole or part of the consideration is received by way of account payee cheque/bank draft or by way of ECS through bank account or such other electronic mode as may be prescribed on or before the date of agreement.		
In the present case, since part of the payment is made by account payee cheque on the date of agreement, the stamp duty value on the date of agreement would be considered as full value of consideration]

Cost of acquisition		9,59,000

- ii. Where advance money has been received by the assessee, and retained by him, as a result of failure of the negotiations, section 51 will apply. The advance retained by the assessee will go to reduce the cost of acquisition. Accordingly, cost of acquisition after reducing the advance money forfeited would be ₹ 9,59,000 [i.e. ₹ 10,70,000 – ₹ 1,11,000 (being the advance money forfeited during the P.Y. 2008-09)]. However, where the advance money is forfeited during the

previous year 2014-15 or thereafter, the amount forfeited would be taxable under the head “Income from Other Sources” and such amount will not be deducted from the cost of acquisition of such asset while calculating capital gains. Hence, ₹ 1,51,000, being the advance received from Ms. Deepshikha and retained by him, would have been taxable under the head “Income from other sources” in the hands of Mr. Shiva in A.Y.2016-17.

Answer 24

1) Sale Of 10,000 Shares Of A Ltd On 05.04,2024 @ ₹ 650 Per Share:

Cost of acquisition of listed equity shares acquired before 1.2.2018 is higher of:

- Cost of acquisition (ie, ₹ 100 per share); and
- Lower of:

> FMV of such asset as on 31st Jan 2018 (ie ₹ 300 per share, being the highest price of the share traded on 31st Jan 2018); and

> Full value of consideration (ie, ₹ 650 per share).

So, the cost of acquisition of shares of A Ltd shall be taken as ₹ 300 per share..

Since listed shares are held for more than 12 months & STT is paid both at the time of purchase and sale, listed

shares would qualify as a long-term capital asset and LTCG shall be computed as per Section 112A and benefit of indexation shall not be allowed.

Computation Of LTCG On Sale Of Shares Of A Ltd.:

Particulars	Amount (₹)
Full Value of Consideration (10,000 shares x ₹ 650 per share)	65,00,000
Less: Cost of Acquisition (10,000 shares x ₹ 300 per share)	(30,00,000)
Long Term Capital Gains u/s 112A	35,00,000

2) Sale Of 1,000 Units Of B Mutual Fund @ ₹ 50 Per Unit:

Cost of units of equity oriented mutual fund acquired before 1.2.2018 is higher of:

- Cost of acquisition (ie, ₹ 10 per unit); and
- Lower of:

> Fair market value of such asset as on 31st Jan 2018 (ie ₹ 55 per unit); and

> Full value of consideration (ie, ₹ 50 per unit).

So, the cost of acquisition of units of B Mutual Fund shall be taken as ₹ 50 per unit.

Since units of equity oriented mutual fund are held for more than 12 months and STT is paid at the time of transfer of such units, units would qualify as a long-term capital asset and LTCG shall be computed as per Section 112A and benefit of indexation shall not be allowed.

Computation Of LTCG On Sale Of Units Of B Mutual Fund:

Particulars	Amount (₹)
Full Value of Consideration (1,000 units x ₹ 50 per unit)	50,000
Less: Cost of Acquisition (1,000 units x ₹ 50 per unit)	(50,000)
Long Term Capital Gains u/s 112A	Nil

3) Sale Of 100 Shares Of C Ltd @ ₹ 200 Per Share:

Cost of bonus shares allotted before 1.4.2001 shall be their FMV as on 01.04.2001. Therefore, the cost of

acquisition of bonus shares of C Ltd shall be taken as ₹ 50 per share.

Since unlisted shares are held for more than 24 months, such shares would qualify as a long-term capital asset. LTCG shall be computed as per the provisions of Section 112 and benefit of indexation shall be allowed.

Computation Of LTCG On Sale Of Shares Of C Ltd:

Particulars	Amount (₹)
Full Value of Consideration (100 shares x ₹ 200 per shares)	20,000
Less: Indexed Cost of Acquisition (100 shares x ₹ 50 per share x 363/100)	(18,150)
Long Term Capital Gains u/s 112	1,850

Computation Of Tax On Capital Gains For AY 2025-26:

Particulars	Amount (₹)
Tax on LTCG u/s 112 @ 20% [20% of ₹ 1,850]	370
Tax on LTCG u/s 112A @ 10% after exemption of ₹ 1.25L [10% of (₹ 35L - ₹ 1.25L)]	3,37,500

Answer 25

Income from other sources	2,75,000
Gross Total Income/Total Income	4,55,000
Tax on ₹ 4,55,000:	
> Tax on income of ₹ 2,75,000 from other sources {Being lower than the basic exemption limit of ₹ 3,00,000, applicable in case of a senior.citizen}	Nil
> Tax on LTCG u/s 112A {10% of (LTCG of ₹ 1,80,000 - Exemption of ₹ 1,25,000 - Deficiency of ₹ 25,000)}	3,000
Tax Before Health and Education Cess	3,000
Add: Health and Education Cess @ 4%	120

Tax liability	3,120

Answer 26**• Computation Of Capital Gains In The Hands Of Mr R For AY 2025-26:**

Particulars	Amount (₹)	Amount (₹)
1,000 Original Shares		
Sale proceeds (1,000 shares x ₹ 300 per share)	3,00,000	
Less: Indexed Cost of Acquisition [₹ 75,000 x 363/100]	[2,72,250]	
Long Term Capital Gain		27,750
200 Right Shares		
Sale proceeds (200 shares x ₹ 300 per share)	60,000	
Less: Cost of acquisition (200 shares x ₹ 140 per share)	[28,000]	
Short Term Capital Gain		32,000
Sale of Right Entitlement

Less: Cost of acquisition	Nil	
Short Term Capital Gain		5,000
Total Capital Gains (LT as well as ST)		64,750

Notes:

- > The shares purchased under the right issue have been held for less than two years. Thus, capital gains arising on sale of right shares shall be short-term and cost of acquisition of right shares shall not be indexed.
- > The cost of the rights renounced in favour of another person for a consideration is taken to be Nil. The amount of consideration so received is taxed as short-term capital gains in full.

Computation Of Capital Gains In The Hands Of Mr Q For AY 2025-26:

Particulars	Amount (₹)	Amount (₹)

200 Right Shares		
Sale proceeds (200 shares x ₹ 280 per share)	56,000	
Less: Cost of Acquisition {200 shares x (₹ 25 + ₹ 140)}	(33,000)	
Short Term Capital Gains		23,000

Note: The sum total of amount paid to Mr R and amount paid to the company shall be treated as cost of acquisition of right shares in the hands of Mr Q. Since the holding period of these shares is less than two years, capital gains arising on sale of such shares shall be treated as short-term.

Taxability Of Insurance Commission In Respect Of Capital Assets - Section 45(1 A)

Answer 27

Conversion of capital asset into SIT is a transfer u/s 2(47) in the PY in which the asset is so converted. However, the capital gains will be charged to tax only in the year in which such SIT is sold. The sale price less the FMV on the date of conversion would be treated as the business income of the year in which the SIT is sold.

In the present case, capital gains shall be computed during PY 2012-13 (or AY 2013-14) but such capital gains would be charged to tax during PY 2024-25 (ie AY 2025-26) when the stock-in-trade is sold. Further, profit arising on sale of such stock shall be charged to tax as PGBP -income during PY 2024-25 (ie AY 2025-26).

Computation Of Taxable Income Of ABC Ltd For AY 2025-26:

Computation of Capital Gains	
Particulars	Amount (₹)
Sale Consideration (FMV as on the date of conversion)	2,50,000.00
Less: Indexed Cost of Acquisition (₹ 1,00,000 x 200/113)	(1,76,991.15)
Long Term Capital Gain	73,008.85
Computation of Profits & Gains of Business/Profession	
Particulars	Amount (₹)
Sale Price of SIT	3,50,000
Less: Fair market value on the date of conversion	(2,50,000)
PGBP Income	1,00,000

Compulsory Acquisition Of Capital Asset - Section 45(5)**Answer 28**

• Capital gains shall be computed in the year in which the transfer has taken place but the entire capital gains shall be taxable in the year in which the first instalment of the original compensation is received by the assessee. In the present question, capital gains shall be computed during PY 2010-11 (ie indexation shall apply till PY 2010-11) but the capital gains shall be taxable during PY 2012-13 (ie the year in which the first instalment is received).

• Computation Of Capital Gains In The Hands Of Mr X:

Particulars	Amount (₹)
Full Value of Consideration (ie Initial Compensation)	6,60,000
Less: Indexed Cost of Acquisition [₹ 80,000 x 167/100]	(1,33,600)
Long Term Capital Gains	5,26,400

LTCG of ₹ 5,26,400 shall be taxable during PY 2012-13.

- **Taxability Of Enhanced Compensation In The Hands Of Mr X:** The amount of enhanced compensation shall be taxable in the year of receipt. The nature of capital gains would be same as in case of original compensation. While computing capital gains on enhanced compensation, the assessee will be allowed to deduct legal expenses incurred to earn the enhanced compensation. COA and COI shall be taken as Nil. In the present case, enhanced compensation would be taxable as LTCG during PY 2024-25 and the taxable amount of such LTCG would be calculated as follows:

Particulars	Amount (₹)
Enhanced Compensation	1,00,000
Less: Indexed Cost of Acquisition	Nil
Less: Indexed Cost of Improvement	Nil
Less: Legal expenses	(2,000)
Long Term Capital Gains	98,000

Capital Gains On Distribution Of Assets By Companies In Liquidation - Section 46

Answer 29

- **Tax Implications In The Hands Of The Company:** As per Section 46, if any company is in liquidation and it has sold its assets to its shareholders, no capital gains shall be computed in the hands of the company. Hence, in the given case, no capital gains would arise in the hands of the company for sale of land to shareholder.
- **Tax Implications In The Hands Of Ms Vasumathi (Shareholder):**

Particulars	Amount (₹)
Ms Vasumathi holds 1/6th of the shareholding of the company	
Market value of land received $[1/6 \times ₹ 60,00,000]$	10,00,000.00
Cash at bank $[1/6\text{th of } (₹ 6,50,000 - ₹ 3,00,000)]$	58,333.33
Total amount received on liquidation	10,58,333.33
Less: Deemed Dividend u/s 2(22)(c) $\{1/6\text{th of } (₹ 40,00,000 - ₹ 50,000)\}$	(6,58,333.33)
Consideration for computing capital gains (ie Full Value of Consideration)	4,00,000.00
Less: Indexed cost of acquisition of shares $(₹ 1,20,000 \times 363/113)$	(3,85,486.73)
Long Term Capital Gains	14,513.27

Note: STCG of ₹ 5,00,000 would also arise additionally in the hands of Ms Vasumathi on sale of land on 28.02.2025 $(₹ 15,00,000 - ₹ 10,00,000 \text{ (FMV of land as on the date of distribution)})$.

Capital Gain In Case Of Slump Sale - Section 50B

Answer 30

Computation Of Capital Gains On Slump Sale Of Unit R: Since the Unit R is held for more than 36 months, capital gain arising would be LTCG. However, indexation benefit is not available in case of slump sale.

Particulars	Amount (₹)
Sale Value	930 lakhs
Less: Net Worth of Unit R (Note 1)	(840 lakhs)
Long Term Capital Gains	90 lakhs

Note 1 - Computation of Net-Worth of Unit R:

- 'Net worth' of the undertaking shall be the aggregate value of total assets of the undertaking or division as reduced by the value of liabilities of such undertaking or division as appearing in the books of accounts.
- For calculating aggregate value of total assets of the undertaking or division in case of slump sale in case of depreciable assets, the WDV of the block of assets determined in accordance with the provisions of the Income Tax Act, 1961 is to be considered and for all other assets, book value is to be considered. However, any change in the value of assets on account of revaluation shall not be considered for this purpose.

Particulars •	Amount (₹)
• Cost of land (Revaluation not to be considered)	110 lakhs
• WDV of other depreciable fixed assets as per the Income Tax Act, 1961	430 lakhs
• Other Assets (Book value)	440 lakhs
Total Assets	980 lakhs
Less: Liabilities	[140 lakhs]
Net Worth	840 lakhs

Answer 31

Computation Of Capital Gains On Slump Sale Of Star Stores: Since shop is held for not more than 36 months immediately preceding the date of transfer, capital gain arising would be STCG.

Particulars	Amount (₹)
Sale Value	40,00,000
Less: Professional fees & brokerage for sale	[80,000]
Less: Net Worth	[10,42,500]
Short Term Capital Gains	28,77,500

Note 1 - Computation of Net-Worth of Star Stores:

- 'Net worth' of the undertaking shall be the aggregate value of total assets of the undertaking or division as reduced by the value of liabilities of such undertaking or division as appearing in the books of accounts.

- For calculating aggregate value of total assets of the undertaking or division in case of slump sale, in case of depreciable assets, the WDV of the block of assets determined in accordance with the provisions of the Income Tax Act, 1961 is to be considered and for all other assets, book value is to be considered. However, any change in the value of assets on account of revaluation shall not be considered for this purpose

Particulars	Amount (₹)

• Furniture (₹ 5L - Depreciation @ 5% on ₹ 1.5L)	4,92,500
• Debtors	2,00,000
• Trademarks (₹ 2L - Depreciation @ 25% for FY 2023-24)	1,50,000
• Other assets [other than trademarks] (₹ 8L - ₹ 2L)	6,00,000
Total Assets	19,42,500
Less: Bank loan	(5,00,000)
Less: Trade creditors	(2,50,000)
Less: Unsecured loan (₹ 2L - ₹ 50,000)	(1,50,000)
Net Worth	10,42,500

Answer 32

- Any transfer of a capital asset in a transaction of reverse mortgage under a scheme made and notified by the Central Government shall not be considered as a Transfer for the purpose of capital gains as per Section 47. Accordingly, the mortgaging of residential house with bank by Mrs Mahalakshmi will not be regarded as a transfer for levy of capital gains. Therefore, no capital gain will be attracted on such mortgage.
- Any amount received by the senior citizen as a loan, either in lump sum or in instalments, in a transaction of reverse mortgage is exempt from income tax u/s 10(43). Therefore, the monthly instalment of ₹ 30,000 received by Mrs Mahalakshmi is exempt from income tax u/s 10(43).
- Under a reverse mortgage scheme, the borrower is liable to pay income tax (in the nature of tax on capital gains) only at the point of alienation of the mortgaged property by the mortgagee for the purposes of recovering the loan. Accordingly, when the bank sells the mortgaged property for the purposes of recovering the loan, tax liability would be attracted in the hands of Mrs Mahalakshmi in PY 2024-25 and the bank will be liable to pay such tax liability to the government on behalf of Mrs Mahalakshmi.

- Since the residential house property has been held by Mrs Mahalakshmi for more than 24 months immediately preceding the date of its transfer, the resultant capital gains would be long-term.

• **Computation Of LTCG Of Mrs Mahalakshmi For AY 2025-26:**

[20% of (₹ 15,00,920 - ₹ 3,00,000)]	
Add: Health & Education Cess @ 4%	9,607.36
Tax Liability	2,49,791.36
Tax Liability (Rounded Off u/s 288B)	2,49,790.00

Answer 33

Particulars	Amount (₹)
Sale consideration	15,00,000
Less: Expenses on transfer (brokerage)	(50,000)
Less: Indexed Cost of Acquisition (5,00,000 x 363/105)	(17,28,571)
Long Term Capital Loss	(2,78,571)

Note: In case of conversion of debentures into shares, cost of acquisition of debentures is treated as the cost of acquisition of shares. The holding period of debentures shall be considered for computing the time period of

holding as well as for indexation purposes. Therefore, the holding period is considered from the date of acquisition of debentures (ie August 2002 - June 2024) and indexation is also done from FY 2002-03 onwards.

Less: Indexed Cost of Acquisition (₹ 1,50,000 x 363/122)	(4,46,311)
Long Term Capital Gain	8,53,689

Note: According to Section 50C, where the SDV of a property exceeds the actual sale consideration by more than 10% of actual sale consideration, the SDV of the property shall be taken as full value of consideration for the purposes of computation of capital gains. Since in the present case, the SDV of ₹ 13 lakhs exceeds the sale price of ₹ 7 lakhs by more than 10% of sale price, ₹ 13 lakhs shall be taken as full value of consideration.

Answer 35

- As per Section 50C, if the SDV of a property exceeds the actual sale consideration by more than 10% of the actual sale consideration, such SDV shall be taken as FVC for the purposes of computation of capital gains.
- Section 56(2)(x) would get attracted in the hands of buyer in case of transfer of immovable property for inadequate consideration, since the difference b/w the SDV and sale consideration exceeds ₹ 50,000 as well as 10% of sale price. Therefore, ₹ 1,75,000 (6,00,000 - 4,25,000) will be taxed u/h 'other sources' in the hands of Ms Dayama

Computation Of Total Income:

Particulars	Chhaya (Transferor)	Dayama (Transferee)
Income from Capital Gains:		
Full value of consideration (As per Section 50C)	6,00,000	
Less: Indexed Cost of Acquisition	(4,00,000)	

Long Term Capital Gains	2,00,000	
Income from Other Sources:		
• Gift of immovable property	-	1,75,000
• Other incomes (computed)	50,000	2,05,000
Total Income	2,50,000	3,80,000

Answer 36**Computation Of Total Income Of Ms Sandhya For AY 2025-26:**

Total Income		13,45,000

Note 1: Applying the provisions of Section 50C to the present case, ₹ 45L, being the value adopted by the Divisional Revenue Officer for stamp duty, shall be taken as the sale consideration for the purpose of charge of capital gain.

Answer 37

- Tax Implications In The Hands Of The Seller, Mr Raj Kumar:**

According to Section 50C, where the SDV of a property exceeds its actual sale price by more than 10% of actual sale price, the SDV of the property shall be taken as full value of consideration for the purposes of computation of capital gains. Further, where the assessee appeals against the stamp valuation and the value is reduced in appeal by the Appellate Authority (Revenue Divisional Officer, in this case), such value will be regarded as the full value of consideration accruing as a result of transfer provided such value exceeds the actual sale price by more than 10% of actual sale price. In the given problem, land has been held for a period exceeding 24 months whereas building has been held for a period less than 24 months. So, land is a long-term capital asset while building is a short-term capital asset.

Computation Of Capital Gains In The Hands Of Mr Raj Kumar For AY 2025-26:		
Particulars	Amount (₹)	Amount (₹)
Lona Term Capital Gain on Sale of Land:		
Consideration received or accruing as a result of transfer of land	22,00,000	
Less: Indexed Cost of Acquisition (₹ 5,19,000 x 363/184)	[10,23,897]	
Long Term Capital Gain		11,76,103
Short Term Capital Loss on Sale of Building:		
Consideration received or accruing as a result of transfer of building	10,00,000	
Less: Cost of Construction	[14,00,000]	
Short Term Capital Loss		[4,00,000]
Net Long Term Capital Gain [After Setting Off STCL]		7,76,103

Tax Implications In The Hands Of The Buyer, Mr Dhuruv:

Section 56(2)(x) provides that where an individual/HUF receives from a non-relative, any immovable property for a price which is less than the stamp value (or the value reduced by the appellate authority, as in this case) by an amount exceeding ₹ 50,000 as well as 10% of actual sale price, then the difference between such value and actual consideration of such property is chargeable to tax as income from other sources. Therefore, ₹ 7,00,000 (₹ 32L - ₹ 25L) would be charged to tax as 'income from other sources' u/s 56(2)(x) in the hands of Mr Dhuruv.

Answer 38**Tax Implications In The Hands Of Mr Ajay;**

- As per Section 50C, SDV of the house property [ie ₹ 99 lakhs] would be deemed to be the full value of consideration. Therefore, ₹ 59 lakhs [₹ 99 lakhs - ₹ 40 lakhs] would be taxable as short-term capital gains.
- No capital gains would arise on sale of rural agricultural land since the same is not a capital asset.

Tax Implications In The Hands Of Mr Bhuvan: '

- In case immovable property is received for inadequate consideration, the difference between the stamp value and actual consideration would be taxable as gift and the amount of gift shall be ₹ 24 lakhs [₹ 99 lakhs - ₹ 75 lakhs].
- Since agricultural land is not a capital asset, the provisions of Section 56(2)(x) are not attracted in respect of receipt of agricultural land for inadequate consideration. The definition of "property" u/s 56(2)(x) does not include rural agricultural land.

TDS Implications In The Hands Of Mr Bhuvan:

- Since the sale consideration of house property exceeds ₹ 50L, the buyer is required to deduct TDS u/s 194-IA.
- TDS u/s 194-IA would be 1% of SP or SDV, whichever is higher. Therefore, TDS shall be 1% of ₹ 99L = ₹ 99,000.
- TDS provisions u/s 194-IA are not attracted in respect of transfer of rural agricultural land.

Answer 39**Computation Of Capital Gains In The Hands Of Mr Thomas For AY 2025-26;**

Particulars	Amount (₹)
Sale Consideration as per Section 50C	47,25,000
Less: Indexed Cost of Acquisition [₹ 10,00,000 x 363/100]	[36,30,000]
Less: Indexed Cost of Improvement [₹ 7,00,000 x 363/122]	[20,82,787]
Less: Brokerage @ 1% of sale consideration [ie 1% of ₹ 37.50 lacs]	[37,500]
Long Term Capital Loss	[10,25,287]

Notes:

- According to Section 50C, where the SDV of a property exceeds its actual sale price by more than 10% of actual sale price, the SbV of the property shall be taken as full value of consideration for the purposes of computation of capital gains. Further where reference is made to the Valuation Officer and the value ascertained by the Valuation Officer exceeds the SDV, the SDV adopted by the Stamp Valuation Authority shall be taken as FVC. Therefore, in the present case, ₹ 47,25,000 shall be taken] as FVC for the purposes of computation of capital gains.
- The house was inherited by Mr Thomas under the will of his father and therefore, the cost incurred by his father shall be taken as the cost. Further since the house was purchased by the previous owner before 01.04.2001, FMV as on 01.04.2001 or actual cost, whichever is higher shall be taken as the cost of acquisition of the house property. In so far as indexation is concerned, the decision of the Bombay High Court in the case of CIT v. Manjula Shah has been followed and indexation benefit has been calculated with reference to the PY in which the previous owner first held the asset.

Alternative view: If the decision of the Bombay High Court is not followed, indexation would apply from the year in which Mr Thomas first held the property [ie PY 2003-04]. Indexed cost of acquisition would then come out to ₹ 33,30,275 and the amount of LTCL would be recalculated as ₹ 7,25,562.

Answer 40**Tax Consequences In The Hands Of Mr Subramani:**

- As per Section 50C, the SDV of immovable property, being land or building or both, would be deemed as the full value of consideration arising on transfer of such property, if the SDV of the property exceeds the actual sale consideration by more than 10% of actual sale consideration.
- In the present case, plot of land having SDV of ₹ 53 lakhs is sold for an amount of ₹ 45 lakhs. The SDV of ₹ 53L exceeds the actual sale consideration of ₹ 45 lakhs by more than 10% of actual sale consideration [ie, ₹ 4.5 lakhs]. Therefore, the SDV of ₹ 53 lakhs shall be taken as full value of consideration. Thus, capital gains shall be calculated in the hands of Mr Subramani taking ₹ 53 lakhs as the full value of consideration.

Note: If it is assumed that Mr Subramani is a property dealer, the income would be taxable as business income u/s 43CA.

Tax Consequences In The Hands Of Mrs Vimala:

- In case immovable property is received for inadequate consideration, the difference between the stamp duty value and actual consideration is taxable as gift u/s 56(2)(x) in the hands of the recipient, if the difference amount exceeds ₹ 50,000 as well as 10% of purchase price. Therefore, in this case, ₹ 8 lakhs (₹ 53 lakhs - ₹ 45 lakhs) would be taxable in the hands of Mrs Vimala u/h "Income from Other Sources" in AY 2025-26.
- Further, as per Section 49, cost of acquisition of this property in the hands of Mrs Vimala would be ₹ 53L [ie, the sum of the actual amount of ₹ 45L paid to the seller and the amount of ₹ 8L taxed as gift in the hands of Mrs Vimala].
- At the time of subsequent sale of property by Mrs Vimala to Mrs Padmaja [on 21.5.2024], STCG would arise in the hands of Mrs Vimala in AY 2025-26 since the property is held by her for less than 24 months. Since the SP of ₹ 55 lakhs exceeds the SDV of ₹ 53 lakhs, the actual SP of ₹ 55 lakhs shall be taken as full value of consideration.

Particulars	Amount (₹)
Full Value of Consideration	55 lakhs
Less: Cost of Acquisition	[53 lakhs]
Short Term Capital Gains	2 lakhs

Answer 41**Case 1 - Tax Implications If Mr Hari Is A Property Dealer (Ie Such Property Is Stock In Trade For Mr Hari):**

In The Hands Of Mr Hari	In The Hands Of Mr Rajesh
• In hands of Mr Hari, the provisions of Section 43CA would be attracted, since the building represents his stock-in-trade and he has transferred the same for a consideration less than the SDV on the date of agreement. Since the booking amount has been received by account payee cheque, SDV on the date of agreement can be adopted. • Therefore, ₹ 65 lakh, being the difference between the SDV on the date of agreement (ie ₹ 140 lakh) and the purchase price (ie ₹ 75 lakh), would be chargeable as business income in the hands of Mr Hari.	• Since Mr Rajesh is a dealer in automobile spare parts, the building purchased would be a capital asset in his hands. The provisions of Section 56(2)(x) would be attracted in the hands of Mr Rajesh who has received immovable property, being a capital asset, for inadequate consideration. • Therefore, ₹ 50 lakh, being the difference between the SDV of the property (ie ₹ 140 lakh) and the actual consideration (ie ₹ 90 lakh) would be taxable as gift u/s 56(2)(x) in the hands of Mr Rajesh.

Case 2 - Tax Implications If Mr Hari Is A Stock Broker (Ie Such Property Is Not Stock In Trade For Mr Hari):

In The Hands Of Mr Hari	In The Hands Of Mr Rajesh
• In case Mr Hari is a stock broker and not a property dealer, the building would represent his capital asset and not stock-in-trade. Section 50C would be attracted since land & building has been transferred for an amount which is less than its SDV. The booking amount has been received by way of an account payee cheque, thus SDV on the date of agreement can be adopted. • Therefore, ₹ 65 lakhs, being the difference between the SDV on the date of agreement (ie ₹ 140 lakh) and the purchase price (ie ₹ 75 lakh) would be chargeable as STCG.	• There would be no difference in the taxability in the hands of Mr Rajesh, whether Mr Hari is a property dealer or a stock broker. Therefore, the provisions of Section 56(2)(x) would be attracted in the hands of Mr Rajesh who has received immovable property, being a capital asset, for inadequate consideration. • Therefore, ₹ 50 lakh, being the difference between the SDV of the property (ie ₹ 140 lakh) and the actual consideration (ie ₹ 90 lakh) would be taxable as gift u/s 56(2)(x) in the hands of Mr Rajesh.

Answer 42**Computation Of Total Income And Tax Liability Of Smt Meqha For AY 2025-26:**

Particulars	Amount (₹)
Income u/h Capital Gains:	
Full Value of Consideration	19,00,000
Less: Indexed Cost of Acquisition (₹ 4,50,000 x 363/109)	[14,98,624]
Gross Long-Term Capital Gain	4,01,376
Less: Exemption u/s 54	[2,00,000]
Taxable Long-Term Capital Gain	2,01,376
Income u/h Other Sources:	
Advance forfeited towards sale	2,00,000

Note: Exemption u/s 54 is available if one new residential house is purchased within 2 years from the date of

transfer of existing residential house, which is a long-term capital asset. Since the cost of new residential house is less than the LTCG, capital gains to the extent of cost of new house [ie ₹ 2 lakhs] is exempt u/s 54.

Answer 43

Particulars	Amount (₹)
Sale proceeds	52,00,000
Less: Indexed Cost of Acquisition (₹ 11,50,000 x 363/100) (Note 1)	[41,74,500]
Less: Indexed Cost of Improvement (Note 2)	Nil
Long Term Capital Gain	10,25,500

Note 1: Since the FMV of the property as on 1st April 2001 exceeds the cost of the property, FMV of the property as on 1st April 2001 shall be taken as the cost of the acquisition [ie ₹ 11,90,000]. Any advance received and forfeited before April 1, 2014 is to be reduced from the cost of acquisition. Therefore, indexation shall apply on ₹ 11,50,000.

Note 2: Any improvement cost incurred prior to 01.04.2001 is to be ignored.

Answer 44**Computation Of Capital Gains Of Mr Aakash For AY 2025-26:**

Particulars	Amount (₹)
Sale consideration	12,00,000
Less: Indexed Cost of Acquisition (W.N. 1)	[2,54,100]
Less: Indexed Cost of Improvement (₹ 50,000 x 363/109)	[1,66,514]
Less: Indexed Cost of Improvement (₹ 1,90,000 x 363/184)	[3,74,837]
Long Term Capital Gains	4,04,549

Note 1: Computation of Indexed Cost of Acquisition:

- Cost to the previous owner or FMV as on 01.04.2001, whichever is higher, shall be taken as the cost of acquisition in the present case. However, amount forfeited by the previous owner shall not be considered.

Further, since the advance amount has been received & forfeited by Mr Aakash before April 1, 2014, such advance shall be reduced from COA.

- As per the view expressed by Bombay High Court in CIT v. Manjula Shah, the indexation benefit in respect of cost of acquisition would be available from the year in which the capital asset is acquired by the previous owner. Considering this view, the indexed cost of acquisition would have to be calculated by taking the CII of FY 2001-02, since the FMV of the asset as on 01.04.2001 has been taken as the cost of acquisition,

Particulars	Amount (₹)
Higher of cost to the previous owner [ie ₹ 1,05,000] or FMV on 1st April, 2001 [ie ₹ 1,50,000]	1,50,000
Less: Advance money forfeited by Mr Rakesh	Nil
Less: Advance money forfeited by Mr Aakash	[80,000]
Cost of Acquisition	70,000
Indexed Cost of Acquisition [₹ 70,000 x 363/100]	2,54,100

Note 2: Cost of improvement incurred prior to 01.04.2001 shall be completely ignored.

Full Value of Consideration	35,00,000	No capital gains would arise on the transfer of new agricultural land as rural agricultural land is not a capital asset.
Less: Cost of Acquisition	Nil [Exemption allowed earlier u/s 54B shall be reduced from the cost of acquisition as the new agricultural land is transferred within 3 years]	
Short-Term Capital Gains	35,00,000	

Answer 47

Particulars	Amount (₹)
Sale Consideration	1,00,00,000
Less: Indexed cost of acquisition [₹ 9,99,300 x 363/105]	[34,54,723]
Gross Long-Term Capital Gain	65,45,277
Less: Deduction u/s 54EC	[50,00,000]
Taxable Long-Term Capital Gain	15.45,277

Notes:

- Since the site was held for more than 24 months prior to the date of transfer, it is a long-term capital asset and the capital gain arising upon its transfer is long-term capital gain.
- In order to claim exemption u/s 54EC, Mr Chandru has to invest in specified bonds of RECL or NHAI within a period of 6 months from the date of transfer of the asset. Further, total exemption u/s 54EC per AY cannot exceed ₹ 50 lakhs. In the present case, Mr Chandru has invested ₹ 50 lakhs in RECL bonds and ₹ 20 lakhs in NHAI bonds, both within 6 months from the date of transfer. However, maximum exemption u/s 54EC is limited to ₹ 50 lakhs only.

Answer 48

Particulars	Amount (₹)	Amount (₹)
Factory Building:		
Sale Price	8,00,000	

Less: WDV as on 01.04.2024	(8,74,800)	
Short Term Capital Loss on sale of building		(74,800)
Land Appurtenant:		
Sale Price	41,00,000	
Less: Indexed Cost of Acquisition [$\text{₹ } 11,50,000 \times 363/105$]	(39,75,714)	
Long Term Capital Gain on sale of land		1,24,286
Chargeable Long-Term Capital Gain		49,486

Notes:

- 1) Factory building on which depreciation is claimed is a depreciable asset. Profit/loss arising on sale, of a depreciable asset is deemed to be short-term as per Section 50 and no indexation benefit is available. Land is not a depreciable asset and therefore Section 50 will not apply. Being a long-term capital asset [held for more than 24 months], indexation benefit is available in respect of land. '
- 2) **Investment u/s 54EC:** Exemption u/s 54EC is available if the capital gains arising from transfer of a long-term immovable property are invested in long-term specified assets like bonds of NHAI and Rural Electrification Corporation Ltd within 6 months from the date of transfer. The amount to be invested in the present case for availing maximum exemption is equal to net long-term capital gains of ₹ 49,486.
- 3) Where advance money has been received by the assessee, and retained by him, as a result of failure of the negotiations, Section 51 will apply. Since the advance has been received and forfeited before 01.04.2014, the advance so forfeited will go to reduce the cost of acquisition. Indexation is to be done on the cost of acquisition so arrived at after reducing the advance money forfeited ($\text{₹ } 12,00,000 - \text{₹ } 50,000$) = ₹ 11,50,000.
- 4) If the advance money was received and forfeited on or after 01.04.2014, the amount so forfeited would be taxable u/h "other sources" and such amount will not be deducted from the cost of acquisition while calculating capital gains.
- 5) Short term capital loss can be set-off against LTCG. Therefore, short-term capital loss of ₹ 74,800 has been set-off against LTCG of ₹ 1,24,286.

Less: Indexed Cost of Improvement (₹ 2,00,000 x 363/117)	[6,20,513]
Gross Long Term Capital Gain	39,22,344
Less: Exemption u/s 54 (Purchase of a new residential house)	[25,00,000]
Taxable Long Term Capital Gain	14,22,344

Notes:

- 1) As per Section 50C, if the SDV adopted by the Stamp Valuation Authority exceeds the actual sale consideration by more than 10% of actual sale consideration, such SDV shall be deemed as the full value of consideration.
- 2) Exemption u/s 54 is available if a new residential house is purchased within one year before or two years after the date of transfer. Since the cost of new residential house is less than the capital gain, capital gain to the extent of cost of new asset is exempt u/s 54.
- 3) Exemption u/s 54EC is available in respect of investment in bonds of NHAI only if the investment is made within a period of 6 months after the date of such transfer. In this case, since the investment is made after six months, exemption u/s 54EC would not be available.

Tax Consequences If The New House Purchased In May 2024 Is Sold In March 2026: If the new asset purchased by the assessee on the basis of which exemption u/s 54 is claimed, is transferred within 3 years from the date of its acquisition, then for computing the taxable capital gains on such transfer, the cost of acquisition of such asset shall be reduced by the amount earlier allowed as exemption u/s 54.

• 5,000 shares received as gift from father on 01.06.2000 [5,000 shares x 200 x 363/100]	[36,30,000]
• 2,000 bonus shares received from AB Ltd [Cost shall be taken as Nil]	Nil
• 3,000 shares purchased on 01.02.2011 @ ₹ 350 per share [3,000 shares x 350 x 363/167]	[22,82,335]
Gross Long Term Capital Gain	87,665
Less: Exemption u/s 54F [₹ 87,665 x ₹ 30,00,000/₹ 60,00,000] - Refer Note below	[43,832]
Taxable Long Term Capital Gains	43,833

Note: Exemption u/s 54F can be availed by the assessee subject to fulfillment of the following conditions:

- (a)** The assessee should not own more than one residential house on the date of transfer of the long-term capital asset;
- (b)** The assessee should purchase a residential house within a period of 1 year before or 2 years after the date of transfer or construct a residential house within a period of 3 years from the date of transfer of the LT capital asset.

In this case, the assessee has fulfilled both the conditions and therefore he is entitled to exemption u/s 54F.

Answer 54

Part (i) - Computation Of Taxable Capital Gain In The Hands Of Mr Aryan For AY 2025-26:

Particulars	Amount (₹)
Full Value Of Consideration (ie, consideration received on sale of shares)	10,00,000
Less: Brokerage on sale	(2,000)
Net Value Of Consideration	9,98,000
Less: Indexed cost of acquisition $(2,00,000 \times 363/200)$	(3,63,000)
Gross Long-Term Capital Gain	6,35,000
Less: Exemption u/s 54F [Deposit in Capital Gains Accounts Scheme on or before the due date of filing return of income would be deemed to be cost of new asset. Accordingly, exemption u/s 54F would be ₹ 3,18,136 (ie, $6,35,000 \times 5,00,000/9,98,000$)]	(3,18,136)
Taxable Long-Term Capital Gain	3,16,864

Part (ii): The unutilized amount will be chargeable to tax as capital gains on proportionate basis in the previous year in which the 3 years period from the date of transfer expires. In this case, the 3 year period from 17.5.2024 expires on - 16.5.2027. Consequently, the proportionate capital gains on the unutilized amount will be taxable in AY 2028-29, relevant to PY 2027-28. The amount of capital gains for AY 2028-29 would be ₹ 31,814 (₹ 3,18,136 × ₹ 50,000/₹5,00,000).

Answer 55

- a) In the given problem, compulsory acquisition of an urban agricultural land has taken place and the land was being used for at least 2 years by the assessee himself for agricultural purposes. Thus, as per

Section 10(37), capital gains arising on such compulsory acquisition will be fully exempt and nothing is taxable in the hands of Mr Kumar in the year of receipt of compensation.

- b) As per Section 10(37), exemption is available if compulsory acquisition of urban agricultural land takes place. Since the sale is out of own will and desire, the provisions of Section 10(37) are not attracted and the capital gains arising on such sale will be taxable in the hands of Mr Kumar.
- c) As per Section 10(37), exemption is available only when such land has been used for agricultural purposes during the preceding two years by such individual or a parent of his or by such HUF. If the assessee has not used the land for agricultural activities, the provisions of Section 10(37) are not attracted and the capital gains arising on such compulsory acquisition will be taxable in the hands of Mr Kumar.
- d) Section 10(37) exempts capital gains arising to an individual or a HUF from transfer of agricultural land by way of compulsory acquisition. If the land belongs to ABC Ltd. the provisions of Section 10(37) are not attracted and the capital gains arising on such compulsory acquisition will be taxable in the hands of ABC Ltd.

Answer 56

Computation Of Income u/h Other Sources:

Particulars	Amount (₹)
1 Cash gift is taxable u/s 56(2)(x) since it exceeds ₹ 50,000	75,000
2 Gift of bullion (Bullion is included in the definition of property; further the FMV of bullion received as gift exceeds ₹ 50,000)	60,000
3 SDV of plot of land at Faridabad received without consideration	5,00,000
4 Gift of shares is not taxable as it represents stock-in-trade for A and gift provisions don't apply in case of gift of stock-in-trade. The cost of such stock shall be taken as ₹ 4,00,000 and the amount received in excess of ₹ 4,00,000 on its sale shall be chargeable as business income.	Nil
5 Since booking amount has been paid by account payee cheque, SDV on the date of booking has to be considered for calculating the taxable amount of gift. Difference between SDV on the date of booking (ie ₹ 23 lakhs) and the actual consideration paid (ie ₹ 20 lakhs) is taxable u/s 56(2)(x) because such difference exceeds ₹ 50,000 as well as 10% of ₹ 20 lakhs.	3,00,000
Income from Other Sources	9,35,000

Computation Of Capital Gains:

Particulars	Amount (₹)
Sale Consideration	7,00,000
Less: Cost of Acquisition {SDV charged to tax u/s 56(2)(x)}	[5,00,000]
Short Term Capital Gain	2,00,000

Answer 57**Computation Of Total Income Of Mr V For AY 2025-26:**

Particulars	Amount (₹)	Amount (₹)
Income u/h Capital Gains:		
• Sale of Ffatj		
Full Value of Consideration [as per Section 50C]	3,60,000	
Less: Cost of Acquisition {As per Section 49, COA shall be the SDV taken into consideration for arriving at the taxable amount of gift u/s 56(2)(x)}	[3,40,000]	
Short Term Capital Gain		20,000
• Sale of Unlisted Equity Shares of X Pvt Ltd;		
Sale Consideration	2,80,000	
Less: Indexed Cost of Acquisition $[3,50,000 \times 363/122]$	[10,41,393]	
Long Term Capital Loss To Be Carried Forward	[7,61,393]	Nil
Income u/h Other Sources:		
• Gift from friends by way of immovable property on 30.04.2024		3,40,000
• Gift received from a close friend (unrelated person)		75,000
Total Income		4,35,000

Note 1: As per Section 50C, if the SDV of the property is more than its actual sale consideration but the difference doesn't exceed 10% of actual sale consideration, the actual sale consideration shall be taken as full value of consideration for the purposes of computation of capital gains. Since the difference between SDV of

₹ 3,70,000 and actual sale consideration of ₹ 3,60,000 doesn't exceed 10% of actual sale consideration, therefore actual consideration shall be taken as full value of consideration.

Note 2: As per Section 56(2)(x), any sum received from an unrelated person will be deemed as income and taxed as income from other sources if the aggregate sum received exceeds ₹ 50,000 in a year.

CHAPTER - 12

INCOME FROM OTHER SOURCES

ILLUSTRATION 1 [easy]

Rahul, a resident Indian, holding 28% of equity shares in a company, took a loan of ₹ 5,00,000 from the same company. On the date of granting the loan, the company had accumulated profit of ₹ 4,00,000. The company is engaged in some manufacturing activity.

- i. Is the amount of loan taxable as deemed dividend, if the company is a company in which the public are substantially interested?
- ii. What would be your answer, if the lending company is a private limited company [i.e. which is not a company in which the public are substantially interested]?

SOLUTION

Any payment by a company, other than a company in which the public are substantially interested, of any sum by way of advance or loan to an equity shareholder, being a person who is the beneficial owner of shares holding not less than 10% of the voting power, is deemed as dividend under section 2[22](e), to the extent the company possesses accumulated profits.

- i. The provisions of section 2[22](e), however, will not apply where the loan is given by a company in which public are substantially interested. In such a case, the loan would not be taxable as deemed dividend.
- ii. However, if the loan is taken from a private company [i.e., a company in which the public are not substantially interested], which is a not a company where lending of money is a substantial part of the business of the company, the provisions of section 2[22](e) would be attracted. In this case, since the company is a manufacturing company and not a lending company and Rahul holds more than 10% of the equity shares in the company, the provisions of section 2[22](e) would be attracted.
- iii. The amount chargeable as deemed dividend cannot, however, exceed the accumulated profits held by the company on the date of giving the loan. Therefore, the amount taxable as deemed dividend would be limited to the accumulated profit i.e., ₹ 4,00,000 and not the amount of loan which is ₹ 5,00,000.

ILLUSTRATION 2 [difficult]

Mr. A, a dealer in shares, received the following without consideration during the P.Y. 2024-25 from his friend Mr. B, -

1. Cash gift of ₹ 75,000 on his anniversary, 15th April, 2024.
2. Bullion, the fair market value of which was ₹ 60,000, on his birthday, 19th June, 2024.
3. A plot of land at Faridabad on 1st July, 2024, the stamp value of which is ₹ 5 lakh on that date. Mr. B had purchased the land in April, 2009.

Mr. A purchased from his friend Mr. C, who is also a dealer in shares, 1000 shares of X Ltd. @ ₹ 400 each on 19th June, 2023, the fair market value of which was ₹ 600 each on that date. Mr. A sold these shares in the course of his business on 23rd June, 2024.

Further, on 1st November, 2024, Mr. A took possession of property [office building] booked by him two years back at ₹ 20 lakh. The stamp duty value of the property as on 1st November, 2024 was ₹ 32 lakh and on the date of booking was ₹ 23 lakh. He had paid ₹ 1 lakh by account payee cheque as down payment on the date of booking.

On 1st March, 2025, he sold the plot of land at Faridabad for ₹ 7 lakh.

Compute the income of Mr. A chargeable under the head "Income from other sources" and "Capital Gains" for A.Y. 2025-26.

SOLUTION

Computation of "Income from other sources" of Mr. A for the A.Y. 2025-26

Particulars	₹
1. Cash gift is taxable under section 56(2)(x), since it exceeds ₹ 50,000	75,000
2. Since bullion is included in the definition of property, therefore, when bullion is received without consideration, the same is taxable, since the aggregate fair market value exceeds ₹ 50,000	60,000
3. Stamp value of plot of land at Faridabad, received without consideration, is taxable under section 56(2)(x)	5,00,000
4. Difference of ₹ 2 lakh in the value of shares of X Ltd. purchased from Mr. C, a dealer in shares, is not taxable as it represents the stock-in-trade of Mr. A. Since Mr. A is a dealer in shares and it has been mentioned that the shares were subsequently sold in the course of his business, such shares represent the stock-in-trade of Mr. A.	-
5. Difference between the stamp duty value of ₹ 23 lakh on the date of booking and the actual consideration of ₹ 20 lakh paid is taxable under section 56(2)(x) since the difference exceeds ₹ 2,00,000, being the higher of ₹ 50,000 and 10% of consideration	3,00,000
Income from Other Sources	9,35,000

Computation of “Capital Gains” of Mr. A for the A.Y.2025-26

Particulars	₹
Sale Consideration	7,00,000
Less: Cost of acquisition [deemed to be the stamp value charged to tax under section 56(2)(x) as per section 49(4)]	5,00,000
Short-term capital gains	2,00,000

Note – The resultant capital gains will be short-term capital gains since for calculating the period of holding, the period of holding of previous owner is not to be considered.

Discuss the taxability or otherwise of the following in the hands of the recipient under section 56(2)(x) the Income-tax Act, 1961 –

- Akhil HUF received ₹ 75,000 in cash from niece of Akhil (i.e., daughter of Akhil's sister). Akhil is the Karta of the HUF.
- Nitisha, a member of her father's HUF, transferred a house property to the HUF without consideration. The stamp duty value of the house property is ₹ 9,00,000.
- Mr. Akshat received 100 shares of A Ltd. from his friend as a gift on occasion of his 25th marriage anniversary. The fair market value on that date was ₹ 100 per share. He also received jewellery worth ₹ 45,000 (FMV) from his nephew on the same day.
- Kishan HUF gifted a car to son of Karta for achieving good marks in XII board examination. The fair market value of the car is ₹ 5,25,000.

SOLUTION

	Taxable/ Non- taxable	Amount liable to tax (₹)	Reason
(i)	Taxable	75,000	Sum of money exceeding ₹ 50,000 received without consideration from a non-relative is taxable under section 56(2)(x). Daughter of Mr. Akhil's sister is not a relative of Akhil HUF, since she is not a member of Akhil HUF.

(ii)	Non-taxable	Nil	Immovable property received without consideration by a HUF from its relative is not taxable under section 56(2)(x). Since Nitisha is a member of the HUF, she is a relative of the HUF. However, income from such asset would be included in the hands of Nitisha under 64(2).
(iii)	Taxable	55,000	As per provisions of section 56(2)(x), in case the aggregate fair market value of property, other than immovable property, received without consideration exceeds ₹ 50,000, the whole of the aggregate value shall be taxable. In this case, the aggregate fair market value of shares (₹ 10,000) and jewellery (₹ 45,000) exceeds ₹ 50,000. Hence, the entire amount of ₹ 55,000 shall be taxable.
(iv)	Non-taxable	Nil	Car is not included in the definition of property for the purpose of section 56(2)(x), therefore, the same shall not be taxable.

ILLUSTRATION 4 (difficult)

Mr. Hari, a property dealer, sold a building in the course of his business to his friend Mr. Rajesh, who is a dealer in automobile spare parts, for ₹ 90 lakh on 1.1.2025 when the stamp duty value was ₹ 150 lakh. The agreement was, however, entered into on 1.9.2024 when the stamp duty value was ₹ 140 lakh. Mr. Hari had received a down payment of ₹ 15 lakh by a crossed cheque from Rajesh on the date of agreement. Discuss the tax implications in the hands of Hari and Rajesh, assuming that Mr. Hari has purchased the building for ₹ 75 lakh on 12th July, 2023.

Would your answer be different if Hari was a share broker instead of a property dealer?

SOLUTION**Case 1: Tax implications if Mr. Hari is a property dealer**

In the hands of the seller, Mr. Hari	In the hands of the buyer, Mr. Rajesh
In the hands of Hari, the provisions of section 43CA would be attracted, since the building represents his stock-in trade and he has transferred the same for a consideration less than the stamp duty value; and the stamp duty value exceeds 110% of consideration. Under section 43CA, the option to adopt the stamp duty value on the date of agreement can be exercised only if whole or part of the consideration has been received on	Since Mr. Rajesh is a dealer in automobile spare parts, the building purchased would be a capital asset in his hands. The provisions of section 56(2)(x) would be attracted in the hands of Mr. Rajesh who has received immovable property, being a capital asset, for inadequate consideration and the difference between the consideration and stamp duty value exceeds ₹

or before the date of agreement by way of account payee cheque or draft or by use of ECS through a bank account or through credit card, debit card, net banking, IMPS [Immediate payment Service], UPI [Unified Payment Interface], RTGS [Real Time Gross Settlement], NEFT [National Electronic Funds Transfer], and BHIM [Bharat Interface for Money] Aadhar Pay on or before the date of agreement. In this case, since the down payment of ₹ 15 lakh is received on the date of agreement by crossed cheque and not account payee cheque, the option cannot be exercised.

Therefore, ₹ 75 lakh, being the difference between the stamp duty value on the date of transfer i.e., ₹ 150 lakh, and the purchase price i.e., ₹ 75 lakh, would be chargeable as business income in the hands of Mr. Hari, since stamp duty value exceeds 110% of the consideration

₹ 9,00,000, being the higher of ₹ 50,000 and 10% of consideration.

Therefore, ₹ 60 lakh, being the difference between the stamp duty value of the property on the date of registration [i.e., ₹ 150 lakh] and the actual consideration [i.e., ₹ 90 lakh] would be taxable under section 56(2)(x) in the hands of Mr. Rajesh, since the payment on the date of agreement is made by crossed cheque and not account payee cheque/draft or ECS or through credit card, debit card, net banking, IMPS [Immediate payment Service], UPI [Unified Payment Interface], RTGS [Real Time Gross Settlement], NEFT [National Electronic Funds Transfer], and BHIM [Bharat Interface for Money] Aadhar Pay.

Case 2: Tax implications if Mr. Hari is a share broker

In the hands of the seller, Mr. Hari	In the hands of the buyer, Mr. Rajesh
In case Mr. Hari is a share broker and not a property dealer, the building would represent his capital asset and not stock-in-trade. In such a case, the provisions of section 50C would be attracted in the hands of Mr. Hari, since building is transferred for a consideration less than the stamp duty value; and the stamp duty value exceeds 110% of consideration. Thus, ₹ 75 lakh, being the difference between the stamp duty value on the date of registration [i.e., ₹ 150 lakh] and the purchase price [i.e., ₹ 75 lakh] would be chargeable as short-term capital gains. It may be noted that under section 50C, the option to adopt the stamp duty value on the date of agreement can be exercised only if whole or part of the consideration has been received on or before the date	There would be no difference in the taxability in the hands of Mr. Rajesh, whether Mr. Hari is a property dealer or a stock broker. Therefore, the provisions of section 56(2)(x) would be attracted in the hands of Mr. Rajesh who has received immovable property, being a capital asset, for inadequate consideration and the difference between the consideration and stamp duty value exceeds ₹ 9,00,000, being the higher of ₹ 50,000 and 10% of consideration. Therefore, ₹ 60 lakh, being the difference between the stamp duty value of the property on the date of registration [i.e., ₹ 150 lakh] and the actual consideration [i.e., ₹ 90 lakh] would be taxable under section 56(2)(x) in the hands of Mr.

of agreement by way of account payee cheque or draft or by use of ECS through a bank account or through credit card, debit card, net banking, IMPS [Immediate payment Service], UPI [Unified Payment Interface], RTGS [Real Time Gross Settlement], NEFT [National Electronic Funds Transfer], and BHIM [Bharat Interface for Money] Aadhar Pay on or before the date of agreement. In this case, since the down payment of ₹ 15 lakhs has been received on the date of agreement by crossed cheque and not account payee cheque, the option cannot be exercised.

Rajesh, since the payment on the date of agreement is made by crossed cheque and not account payee cheque/draft or ECS or through credit card, debit card, net banking, IMPS [Immediate payment Service], UPI [Unified Payment Interface], RTGS [Real Time Gross Settlement], NEFT [National Electronic Funds Transfer], and BHIM [Bharat Interface for Money] Aadhar Pay.

Compensation on account of disaster received from a local authority by an individual or his/her legal heir is taxable. Examine the correctness of the statement with reference to the provisions of the Income-tax Act, 1961.

SOLUTION

The statement is not correct. As per section 10(10BC), any amount received or receivable as compensation by an individual or his/her legal heir on account of any disaster from the Central Government, State Government or a local authority is exempt from tax. However, the exemption is not available to the extent such individual or legal heir has already been allowed a deduction under this Act on account of such loss or damage caused by such disaster.

- Rental income in case property held as stock-in-trade for 3 years
 - Salary received by a partner from his partnership firm
 - Rental income of machinery
 - Winnings from lotteries by a person having the same as business activity
 - Salaries received by a Member of Parliament
 - Receipts without consideration
 - In case of retirement, interest on employee's contribution if provident fund is unrecognized.
 - Rental income in case of a person engaged in the business of letting out of properties.
8. Examine whether the following are chargeable to tax and the amount liable to tax:
- A sum of ₹ 1,20,000 was received as gift from non-relatives by Raj on the occasion of the marriage of his son Pravin.
 - Interest on enhanced compensation of ₹ 96,000 received on 12-3-2025 for acquisition of urban land, of which 40% relates to P.Y.2023-24.
9. On 10.10.2024, Mr. Govind (a bank employee) received ₹ 5,00,000 towards interest on enhanced compensation from State Government in respect of compulsory acquisition of his land effected during the financial year 2016-17.
- Out of this interest, ₹ 1,50,000 relates to the financial year 2017-18; ₹ 1,65,000 to the financial year 2018-19; and ₹ 1,85,000 to the financial year 2019-20. He incurred ₹ 50,000 by way of legal expenses to receive the interest on such enhanced compensation.
- How much of interest on enhanced compensation would be chargeable to tax in the A.Y.2025-26?
10. The following details have been furnished by Mrs. Hemali pertaining to the year ended 31.3.2025:

- i. Cash gift of ₹ 51,000 received from her friend on the occasion of her “Shastiaptha Poorthi”, a wedding function celebrated on her husband completing 60 years of age. This was also her 25th wedding anniversary.
- ii. On the above occasion, a diamond necklace worth ₹ 2 lacs was presented by her sister living in Dubai.
- iii. When she celebrated her daughter's wedding on 21.2.2025, her friend assigned in Mrs. Hemali's favour, a fixed deposit held by the said friend in a scheduled bank; the value of the fixed deposit and the accrued interest on the said date was ₹ 52,000.

ANSWERS

7. Head under which following incomes are taxable:

	Particulars	Head of Income
	Rental income in case property held as stock-in trade for 3 years	Income from house property
	Salary by partner from his partnership firm	Profits and gains of business or profession
	Rental income of machinery [See Note below]	Profits and gains of business or profession/Income from other sources
	Winnings from lotteries by a person having the same as business activity	Income from other sources
	Salaries payable to a Member of Parliament	Income from other sources
	Receipts without consideration	Income from other sources
	In case of retirement, interest on employee's contribution if provident fund is unrecognized	Income from other sources
	Rental income in case of a person engaged in the business of letting out of properties	Profits and gains from business or profession

Note - As per section 56(2)(ii), rental income of machinery would be chargeable to tax under the head "Income from Other Sources", if the same is not chargeable to income-tax under the head "Profits and gains of business or profession".

8. Taxability of Receipts

S.No.	Taxable/ Not Taxable	Answer Amount liable to tax (₹)	Reason
i.	Taxable	1,20,000	The exemption from applicability of section 56(2)(x) would be available if, inter alia, gift is received from a relative or gift is received on the occasion of marriage of the individual himself. In this case, since gift is received by Mr. Raj from a non-relative on the occasion of marriage of his son, it would be taxable in his hands under section 56(2)(x).

ii.	Taxable	48,000	As per section 145B(1), interest received by the assessee on enhanced compensation shall be deemed to be the income of the year in which it is received, irrespective of the method of accounting followed by the assessee. Interest of ₹ 96,000 on enhanced compensation is chargeable to tax in the year of receipt i.e. P.Y. 2023- 24 under section 56(2)(viii) after providing deduction of 50% under section 57(iv). Therefore, ₹ 48,000 is chargeable to tax under the head "Income from other sources".

9. Section 145B provides that interest received by the assessee on enhanced compensation shall be deemed to be the income of the assessee of the year in which it is received, irrespective of the method of accounting followed by the assessee and irrespective of the financial year to which it relates.

Section 56(2)(viii) states that such income shall be taxable as 'Income from other sources'.

50% of such income shall be allowed as deduction by virtue of section 57(iv) and no other deduction shall be permissible from such Income.

Therefore, legal expenses incurred to receive the interest on enhanced compensation would not be allowed as deduction from such income.

Computation of interest on enhanced compensation taxable as "Income from other sources" for the A.Y 2025-26a

Particulars	
Interest on enhanced compensation taxable u/s 56(2)(viii)	5,00,00
Less: Deduction under section 57(iv) [50% x ₹ 5,00,000]	2,50,000
Taxable interest on enhanced compensation	2,50,000

10.

- i. Any sum of money received by an individual on the occasion of the marriage of the individual is exempt. This provision is, however, not applicable to a cash gift received during a wedding function celebrated on completion of 60 years of age.
- ii. The gift of ₹ 51,000 received from a non-relative is, therefore, chargeable to tax under section 56(2)(x) in the hands of Mrs. Hemali, since the same exceeds ₹ 50,000.

- iii. The provisions of section 56(2)(x) are not attracted in respect of any sum of money or property received from a relative. Thus, the gift of diamond necklace received from her sister, being a relative, is not taxable under section 56(2)(x), even though jewellery falls within the definition of “property”.
- iv. To be exempt from applicability of section 56(2)(x), the property should be received on the occasion of the marriage of the individual, not that of the individual's son or daughter. Therefore, this exemption provision is not attracted in this case.

Any sum of money received without consideration by an individual is chargeable to tax under section 56(2)(x), if the aggregate value exceeds ₹ 50,000 in a year. “Sum of money” has, however, not been defined under section 56(2)(x).

Therefore, there are two possible views in respect of the value of fixed deposit assigned in favour of Mrs. Hemali –

- a) The first view is that fixed deposit does not fall within the meaning of “sum of money” and therefore, the provisions of section 56(2)(x) are not attracted. It may be noted that fixed deposit is also not included in the definition of “property”.
- b) However, another possible view is that fixed deposit assigned in favour of Mrs. Hemali falls within the meaning of “sum of money” received.

Income assessable as “Income from other sources”

If the first view is taken, the total amount chargeable to tax as “Income from other sources” would be ₹ 51,000, being cash gift received from a friend on her Shastipatha Poorthi.

As per the second view, the provisions of section 56(2)(x) would also be attracted in respect of the fixed deposit assigned and the “Income from other sources” of Mrs. Hemali would be ₹ 1,03,000 (₹ 51,000 + ₹ 52,000).

11.

- i. Any movable property received for inadequate consideration by any person is chargeable to tax under section 56(2)(x), if the difference between aggregate Fair Market Value of the property and consideration exceeds ₹ 50,000.

Thus, share received by M/s B. Co. (P) Ltd. from Mr B for inadequate consideration is chargeable to tax under section 56(2)(x) to the extent of ₹ 2,00,000.

As per section 50CA, since, the consideration is less than the fair market value of unquoted shares of R (P) Ltd., fair market value of shares of the company would be deemed to be the full value of consideration. It is presumed that the shares of R (P) Ltd are unquoted shares.

The full value of consideration (₹ 5,00,000) less the indexed cost of acquisition (₹ 4,45,000) would result in a long term capital gains of ₹ 55,000 in the hands of Mr. B.

- ii. The provisions of section 56(2)(x) would not apply to any sum of money or any property received from any trust or institution registered under section 12AB. Therefore, the sum of ₹ 1 lakh received from Atma Charitable Trust, being a trust registered under section 12AB, for meeting medical expenses would not be chargeable to tax under section 56(2)(x) in the hands of Mr. Chezian.

On 1st July 2024, he sold the plot of land at Jaipur for ₹ 8 lakhs. The value of the cost inflation index is 100 and 363 for PYs 2001-02 and 2024-25 respectively.

Compute the income of Mr Lalit chargeable under the head "Other Sources" and "Capital Gains" for AY 2025-26.

SOLUTIONS**Taxation Of Gifts - Section 56(2)(x)****Answer 12**

- As per Section 56(2)(x), where any sum of money is received without consideration by any person from any other person and the aggregate value of all such sums received during the previous year exceeds ₹ 50,000, the entire aggregate value of such sum is included in the total income of such individual/HUF u/h "income from other sources".
- However, in order to avoid hardship in genuine cases, certain sums of money received have been exempted, which includes, inter-alia, any sum received on the occasion of the marriage of the individual and any sum received from any relative. As such, ₹ 2 lakhs received from friends on the occasion of marriage is exempt.
- However, brother of father-in-law is not included in the definition of relative. Hence, ₹ 1 lakh is taxable u/h "income from other sources". Therefore, the statement that ₹ 3 lakhs is includible in A's income is false.

Answer 13

- Mr P has received gift of ₹ 50,000 in cash from his friend; it will not be considered to be his income.
- Mr P has received gift of ₹ 2,50,000 in cash from his brother; it will not be considered to be his income.
- Mr P has received gift of ₹ 2,50,000 in cash from his mother's sister; it will not be considered to be his income.
- Mr P has received gift of ₹ 2,50,000 in cash from his father's brother; it will not be considered to be his income.
- Mr P has received gift of ₹ 2,50,000 in cash from his cousin; it will be chargeable to tax,
- Mr P has received gift of ₹ 2,50,000 in cash from brother of his spouse; it will not be considered to be his income.
- Mr P has received gift of ₹ 2,50,000 in cash from his grand-father; it will not be considered to be his income.
- Mr P has received gift of ₹ 2,50,000 in cash from spouse of his brother; it will not be considered to be his income.
- Mr P has received gift of ₹ 2,50,000 in cash from husband of his sister; it will not be considered to be his income.

- j) Mr P has received gift of ₹ 2,50,000 in cash from sister of his brother's wife; it will be considered to be his income.
- k) Mr P has received gift of ₹ 2,50,000 in cash from the sister of his spouse; it will not be considered to be his income.
- l) Mr P has received gift of ₹ 6,000 in cash on his birthday from each of his eleven friends; it will be considered to be his income because the total amount is exceeding ₹ 50,000.
- m) Mr P has received gift of ₹ 2,50,000 in cash from his friend on the occasion of his marriage; it will not be considered to be his income.
- n) Mr P has received gift of ₹ 1,00,000 in cash from his fiancée. Such gift shall be considered to be his income.

Answer 14

(i) Not Taxable - Cash gift of ₹ 51,000 received from his sister, being a relative, would not be taxable in the hands of Mr Sanjay Kamboj u/s 56(2)(x), even though the amount exceeds ₹ 50,000.

(ii) Not Taxable - Car is not included in the definition of "property", for the purpose of taxability of gifts in kind, in the hands of the recipient under the head "Income from other sources". Hence, ₹ 5,50,000, being the FMV of car received for inadequate consideration from his friend is not taxable u/s 56(2)(x) in the hands of Mr Sanjay Kamboj, even though the difference between the purchase price and FMV exceeds ₹ 50,000 and the gift is received from a non-relative.

Answer 15

- I. Any sum of money received by an individual on the occasion of the marriage of the individual is exempt. This provision is, however, not applicable to a cash gift received during a wedding function celebrated on completion of 60 years of age. The gift of ₹ 51,000 received from a non-relative is chargeable to tax u/s 56(2)(x) in the hands of Mrs Hemali.
- II. The provisions of Section 56(2)(x) are not attracted in respect of any sum of money or property received from a relative. Thus, the gift of diamond necklace received from her sister is not taxable u/s 56(2)(x), even though jewellery falls within the definition of "property".
- III. To be exempt from the applicability of Section 56(2)(x), the property should be received on the occasion of the marriage of the individual, not that of the individual's son or daughter. Therefore, this exemption provision is not attracted in this case. Any sum of money received without consideration by an individual

is chargeable to tax u/s 56(2)(x), if the aggregate value exceeds ₹ 50,000 in a year. "Sum of money" has not been defined u/s 56(2)(x). Therefore, there are two possible views in respect of the value of fixed deposit assigned in favour of Mrs Hemali: ≥ The first view is that FD does not fall within the meaning of "sum of money" and therefore, the provisions of Section 56(2)(x) are not attracted. It may be noted that FD is also not included in the definition of "property".

> However, another possible view is that FD assigned in favour of Mrs Hemali falls within the meaning of "sum of money" received.

Income Assessable As "Income From Other Sources":

> If the first view is taken, the total amount chargeable to tax as "income from other sources" would be ₹ 51,000, being cash gift received from a friend on her Shasthiaptha Poorthi.

> As per the second view, the provisions of Section 56(2)(x) would also be attracted in respect of the fixed deposit assigned and the "income from other sources" of Mrs Hemali would be ₹ 1,02,000 (₹ 51,000 + ₹ 51,000).

Answer 16

Computation Of Taxable Income Of Mrs Rashmi From Gifts For AY 2025-26:

Particulars	Taxable Amount	Reason For Taxability/Non-Taxability
Relatives and friends	Nil	Gifts received on the occasion of marriage are not taxable.
Cousin of Mrs X's mother	₹ 18,000	Cousin of Mrs Rashmi's mother is not a relative. Hence, gift is taxable.
Elder brother of husband's grandfather	₹ 25,000	Brother of husband's grandfather is not a relative. Hence, gift is taxable.
Friend	₹ 2,000	Gift from friend is taxable.
Aggregate Value Of Gifts	₹ 45,000	

Since the aggregate value of gifts received by Mrs Rashmi during PY 2024-25 does not exceed ₹ 50,000, the same is not chargeable to tax u/s 56 of the Income Tax Act, 1961. Further, gift received from the employer in kind upto ₹ 5,000 is exempt from income tax and amount in excess of ₹ 5,000, ie ₹ 16,000 is taxable u/h salary.

Particulars	Amount (₹)
Income under the head Salary	16,000

Income under the head Other Sources [Casual Income]	4,00,000
GROSS TOTAL INCOME	4,16,000
Less: Deductions u/s 80C to 80U	Nil
Total Income	4,16,000

Computation Of Tax Liability:

Particulars	Amount (₹)
Tax on normal income of ₹ 16,000 at slab rates	Nil
Tax on casual income of ₹ 4,00,000 @ 30% u/s 115BB	1,20,000
Tax before Rebate and Health & Education Cess	1,20,000
Less: Rebate u/s 87A	[12,500]
Tax after Rebate but before Health & Education Cess	1,07,500
Add: Health & Education Cess @ 4%	4,300
Tax Liability	1,11,800

Answer 17**Computation Of Amount Chargeable To Tax In Hands Of Smt Laxmi For AY 2025-26:**

S.No.	Particulars	Amount (₹)
(i)	Cash gift of ₹ 1,20,000 received on the occasion of her marriage is not taxable since gifts received by an individual from any person on the occasion of marriage are excluded u/s 56(2)(x).	Nil
(ii)	Even though mother's maternal uncle does not fall within the definition of "relative" u/s 56(2)(x), gift of ₹ 40,000 received from him by cheque is not chargeable to tax since the aggregate sum of money received by Smt Laxmi without consideration from non-relatives (other than on the occasion of marriage) during PY 2024-25 does not exceed ₹ 50,000.	Nil

(iii)	Immovable property whose SDV is ₹ 1,80,000 has been purchased for ₹ 1,05,000, resulting in a gift of ₹ 75,000. The gift of ₹ 75,000 would be taxable in the hands of Smt Laxmi u/s 56(2)(x) because the gift amount exceeds ₹ 50,000 as well as 10% of purchase price (ie 10% of ₹ 1,05,000 = ₹ 10,500).	75,000
(iv)	Since shares are included in the definition of "property" and difference b/w the purchase value and FMV of shares exceeds ₹ 50,000, the difference of ₹ 55,000 (₹ 1,15,000 - ₹ 60,000) would be taxable u/s 56(2)(x).	55,000
Amount Chargeable To Tax		1,30,000

Answer 18**Computation of Total Income of Mrs X for AY 2025-26:**

Particulars	Amount (₹)
Gift received on the occasion of marriage is exempt	Nil
Cash gift from cousin of Mrs X's mother is taxable u/s 56 (Cousin of Mrs X's mother is not a relative)	2,50,000
Mobile phone gifted by her friend is not taxable since it is not included in the definition of "property"	Nil
Cash gift received from elder brother of husband's grandfather is taxable (Brother of husband's grandfather is not a relative)	2,40,000
Cash gift from friend is taxable	6,00,000
Since bullion is included in the definition of property, therefore bullion received without consideration having FMV exceeding Rs 50,000 is taxable as gift in the hands of the recipient	4,75,000
Difference of ₹ 2,50,000 in the value of jewellery purchased from her friend, is not taxable as it represents SIT of Mrs X and gift provisions do not apply in case of SIT. When such jewellery is subsequently sold in the course of her business, its cost shall be taken as ₹ 2,50,000.	Nil
Income u/h Other Sources (Total Income)	15,65,000

Computation Of Tax Liability	Amount (₹)
Tax on ₹ 15,65,000 at slab rates	2,82,000
Add; Health & Education Cess @ 4%	11,280
Tax Liability	2,93,280

Answer 19

The total shareholding of Mr X in ABC Ltd is 1% (100 shares/10,000 shares). Total accumulated profits are ₹ 10,00,000. Therefore, Mr X's share in accumulated profits would come out to ₹ 10,000 (₹ 10,00,000 * 1%). The amount of ₹ 10,000 would be treated as dividend u/s 2(22)(c) and such dividend shall be taxable in the hands of Mr X as a normal income.

Answer 20**Tax Implications In The Hands Of Mr X (Shareholder):**

Particulars	Amount (₹)
Mr X holds 1/10th of the shareholding of the company:	
Market value of land received (1/10th of ₹ 1,00,00,000)	10,00,000
Cash at bank [1/10th of (₹ 10,50,000 - ₹ 3,00,000)]	75,000
Total	10,75,000
Less: Deemed Dividend u/s 2(22)(c) [1/10th of (₹ 40,00,000 - ₹ 50,000)]	(3,95,000)
Consideration for computing capital gains (ie Full Value of Consideration)	6,80,000
Less: Cost of Acquisition of shares	(1,20,000)
Short Term Capital Gains	5,60,000

Note: Dividend of ₹ 3,95,000 shall be taxable in the hands of Mr X as a normal income.

Answer 21

In the present case, total accumulated profits are ₹ 12 lakhs out of which ₹ 5 lakhs have been capitalized. Dividend u/s 2(22)(e) is limited to the amount of accumulated profits available excluding capitalized profits. Therefore, an amount of ₹ 7 lakhs would be treated as deemed dividend u/s 2(22)(e),

Answer 22

Repayment of loan after ten days is immaterial. The amount of ₹ 3 lakhs shall be treated as deemed dividend as per Section 2(22)(e),

Answer 23

In the given case, there will be deemed dividend u/s 2(22)(e) to the extent of ₹ 4 lakhs. No tax implications would arise in the hands of the company in respect of such dividend. The shareholder would be liable to pay income tax in respect of such dividend as a normal income.

Answer 24

In this case, an amount of ₹ 2 lakhs would be deemed as dividend u/s 2(22)(e) at the time of advancement of loan to Mr X.

Thereafter, an amount of ₹ 1 lakh would be deemed as dividend u/s 2(22)(e) at the time of advancement of loan to Mr Y because for the purpose of Section 2(22)(e), accumulated profits shall get reduced by the amount of dividend already charged u/s 2(22)(e) as decided in the case of CIT v G.Narasimhan.

Answer 25

In this case, an amount of ₹ 7 lakhs would be deemed as dividend u/s 2(22)(e) at the time of advancement of loan to the first shareholder. Thereafter, an amount of ₹ 3 lakhs would be deemed as dividend u/s 2(22)(e) at the time of advancement of loan to the second shareholder because for the purpose of Section 2(22)(e), accumulated profits shall get reduced by the amount of dividend already charged u/s 2(22)(e) as decided in the case of CIT v G.Narasimhan.

Note: Loss of ₹ 7,000 from owning and maintaining race horses shall be carried forward for a period of 4 years.

Answer 31

Part (i): Taxable. Any sum of money received as an advance in the course of negotiations for transfer of a capital asset would be chargeable to tax u/h "income from other sources", if such amount is forfeited and the negotiations do not result in transfer of such capital asset. Therefore, the amount of ₹ 50,000 received as advance would be chargeable to tax in the hands of Mr A u/h "income from other sources", since it is forfeited on account of cancellation of contract for transfer of house, being a capital asset, due to non-payment of installment in time.

Part (ii): Not Taxable. As per Section 56[2](x), immovable property received without consideration by a HUF from its relative is not taxable. In the present case, since Mr N is a member of his father's HUF, he is a relative of the

HUF. Hence, ₹ 10 lakhs, being the SDV of house property received by HUF, without consideration, would not be chargeable to tax in the hands of the HUF. However, income from such asset would be clubbed in the hands of Mr N u/s 64(2).

Part (iii): Not Taxable. Car is not included in the definition of "property", for the purpose of taxability u/s 56(2)(x), in the hands of the recipient u/h "income from other sources". Further, the same has been received by Sunil from his mother's brother, who falls within the definition of "relative". Hence, ₹ 5,00,000, being the FMV of car received without consideration from a relative is not taxable in the hands of Sunil, even though its value exceeds ₹ 50,000.

Answer 32

- 1] Any payment by way of loan by a closely held company to its shareholder holding not less than 10% of voting power is deemed as dividend, to the extent of accumulated profits of the company. Accordingly, out of ₹ 5 lakhs given by ABC Pvt Ltd to Ms Julie, loan to the extent of ₹ 2 lakhs would be treated as deemed dividend for the AY 2025-26. Such dividend would be fully taxable in the hands of Julie.
- 2] Interest on enhanced compensation is chargeable to tax under the head "Income from other sources" in the year of receipt, after providing for deduction of 50% of such income. Accordingly, ₹ 2,50,000 [₹ 5,00,000 - ₹ 2,50,000, being 50% of ₹ 5 lakhs] would be chargeable to tax in the hands of Ms Julie under the head "Income from Other Sources" for AY 2025-26.

Answer 33

(i) Interest on enhanced compensation received on 31.03.2025 from Government of Tamil Nadu (including 40% of interest on enhanced compensation relating to PY 2023-24) would be deemed to be the income of PY 2024-25, being the year in which it is received irrespective of the method of accounting followed by the assessee. Such interest is chargeable to tax during PY 2024-25 after providing deduction of 50% u/s 57. Therefore, ₹ 1,50,000 is chargeable to tax under the head "income from other sources".

(ii) In The Hands Of Mr Narayanan: Since the consideration of ₹ 2,00,000 is less than ₹ 3,00,000, being the fair market value of unquoted shares of BS Ltd. the fair market value of shares i.e., ₹ 3,00,000 would be deemed to be the full value of consideration. Accordingly, ₹ 25,000 [₹ 3,00,000 - ₹ 2,75,000, being indexed cost of acquisition] would be liable to tax as long-term capital gains in the hands of Mr Narayanan.

In The Hands Of AB Pvt Ltd: Shares received by AB Pvt Ltd from Mr Narayanan for inadequate consideration is chargeable to tax, since the difference exceeds ₹ 50,000. Accordingly, ₹ 1,00,000 (being the difference between aggregate Fair Market Value of the shares, ie ₹ 3,00,000 and consideration paid, ie ₹ 2,00,000) would be chargeable to tax under the head "income from other sources".

[iii] The sum of ₹ 5L received from Sree Pushpaka Charitable Trust, without consideration, for meeting medical expenses would not be chargeable to tax in the hands of Mr A, since the same is received from a trust registered u/s 12AB.

Answer 34**Computation Of Taxable Amount Of Mr L For FY 2024-25:**

S.No.	Particulars	Amount (₹)
1.	Dividend from LMN Ltd would be chargeable to tax u/h "Income from Other Sources". Since dividend was declared by LMN Ltd at its annual general meeting held in October 2023, the amount of dividend was taxable in FY 2023-24. Accordingly, the dividend of ₹ 50,000 would not be taxable in the current FY 2024-25. Note: Since the exact amount of dividend to be taxable can be determined only at the time of payment or distribution of dividend, alternate view is possible to tax such dividend on receipt basis.	Nil
2.	Advance of ₹ 1,00,000 forfeited on 1.5.2024 would be subject to tax u/h "Income from Other Sources" as per Section 56.	1,00,000
3.	Cash gifts from non-relative on marriage of son of ₹ 51,000 - Since gift is received by Mr L from a non-relative on the occasion of marriage of his son, it would be taxable in his hands u/h "Income from Other Sources" as per Section 56(2)(x).	51,000
4.	If an employee passes away, any amount received as family pension is taxable in the hands of the recipient family member u/h "Income from Other Sources" as per Section 56. Lower of the following two figures is available as deduction:	84,000
	- ₹ 15,000; or	
	- 1/3rd of the family pension received (ie, 1/3rd of ₹ 99,000 = ₹ 33,000)	
	Thus, taxable pension is ₹ 84,000 (₹ 99,000 - ₹ 15,000)	
Total Income		2,35,000

Answer 35**Computation Of "Income From Other Sources" Of Mr Lalit For AY 2025-26:**

Particulars	(₹)

(i)	Motor car is not included in the definition of "property" for the purpose of Section 56(2)(x), hence, value of the same is not taxable, even though it is received without any consideration.	-
(ii)	Cash gift is taxable u/s 56(2)(x), since the aggregate amount of gift exceeds ₹ 50,000	84,000
(iii)	SDV of plot of land at Jaipur, received without consideration, is taxable u/s 56(2)(x), since the same exceeds ₹ 50,000	6,00,000
(iv)	Mr Lalit is a dealer in shares and it has been mentioned that the shares were subsequently sold in the course of his business. Gift of shares received by Mr Lalit is not taxable as it represents stock-in-trade for him and gift provisions don't apply in case of gift of stock-in-trade. The cost of such stock shall be taken as ₹ 4,00,000 and the amount received in excess of ₹ 4,00,000 on their sale shall be chargeable as business income.	
(v)	Since booking amount has been paid by an account payee cheque, SDV as on the date of agreement (ie ₹ 24 lakhs) can be adopted for calculation of gift amount. The gift amount would come out to ₹ 4 lakhs {SDV as on the date of agreement (₹ 24 lakhs) - Purchase Price (₹ 20 lakhs)}. The gift of ₹ 4 lakhs would be taxable in the hands of Mr A u/s 56(2)(x) because the gift amount exceeds ₹ 50,000 as well as 10% of purchase price (ie, 10% of ₹ 20 lakhs = ₹ 2,00,000).	4,00,000
(vi)	Distribution of assets by XYZ Ltd on liquidation attributable to the accumulated profits (genera] reserve) of the company is taxable as dividend u/s 2(22)(c). As chargeable u/h "Other Sources" irrespective of the fact whether the recipient of income is a dealer in shares or not. per Section 56, dividend income is	1,25,000
Income Taxable Under The Head "Income From Other Sources"		12,09,000

Computation Of "Capital Gains" Of Mr Lalit For AY 2025-26;

Particulars	(₹)
Sale Of Land At Jaipur: {Time Period - 1st May 2024 To 1st July 2024; Since the gift is taxable in the hands of the Mr Lalit, period of holding of previous owner (ie, Mr Kabra) shall not be included} Sale Consideration	8,00,000
Less: Cost Of Acquisition {As per Sec 49, SDV of the plot on the date of gift shall be taken as COA}	(6,00,000)
Short-Term Capital Gains	2,00,000

Distribution Of _ Assets On Liquidation Of X ⁵ / ₆ %E Ltd:	
FMV of assets distributed (+) Cash received	2,00,000
Less: Deemed dividend u/s 2(22)(c)	(1,25,000)
Full Value Of Consideration For Computing Capital Gains	75,000
Less: Cost of acquisition of shares of XYZ Ltd (Not given in the question)	(Not Available)
Capital Gains	Can't Be Computed

Less: Rebate u/s 87A		250
Total Tax Liability		-

Since tax liability as per the normal provisions of the Act is lower than the tax liability under the default tax regime under section 115BAC, it would be beneficial for Mr. A to shift out of the default tax regime under section 115BAC for A.Y. 2025-26.

Note: In this case, Mr. A is entitled to exemption u/s 10(13A), benefit of interest on housing loan in respect of self-occupied property and Chapter VI-A deductions, owing to which his total income is reduced by ₹ 7,15,000. His total income under the regular provisions of the Act is less than ₹ 5,00,000, owing to which he becomes entitled to rebate u/s 87A. Hence, in this case, it is beneficial for Mr. A to shift out of the default tax regime under section 115BAC for A.Y. 2024-25.

ILLUSTRATION 2 (difficult)

Mr. Kadam is entitled to a salary of ₹ 41,000 per month. He is given an option by his employer either to take house rent allowance or a rent free accommodation which is owned by the company. The HRA amount payable was ₹ 7,000 per month. The rent for the hired accommodation was ₹ 6,000 per month at New Delhi. Advise Mr. Kadam whether it would be beneficial for him to avail HRA or Rent Free Accommodation. Give your advice on the basis of "Net Take Home Cash benefits". Assume Mr. Kadam exercises the option to shift out of the default tax regime under section 115BAC.

SOLUTION

a) Under section 6(1), an individual is said to be resident in India in any previous year, if he/she satisfies any one of the following conditions:

- i. He/she has been in India during the previous year for a total period of 182 days or more, or
- ii. He/she has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year.

If an individual satisfies any one of the conditions mentioned above, he/she is a resident. If both the above conditions are not satisfied, the individual is a non-resident.

Therefore, the residential status of Miss Charlie, an American National, for A.Y.2025-26 has to be determined on the basis of her stay in India during the P.Y.2024-25 and in the preceding four previous years.

Her stay in India during the P.Y.2024-25 and in the preceding four years are as under:

01.04.2024 to 19.09.2024	172 days
27.03.2025 to 31.03.2025	5 days
Total	177 days
Four preceding previous years	
P.Y. 2023-24 [1.4.2023 to 31.3.2024]	16 days
P.Y. 2022-23 [1.4.2022 to 31.3.2023]	Nil
P.Y. 2021-22 [1.4.2021 to 31.3.2022]	Nil
P.Y.2020-21 [1.4.2020 to 31.3.2021]	Nil
Total	16 days

The total stay of the assessee during the previous year in India was less than 182 days and during the four years preceding this year was for 16 days. Therefore, due to non-fulfillment of any of the two conditions for a resident, she would be treated as non-resident for the A.Y.2025-26.

Cash gifts received from non-relatives is chargeable to tax as per section 56(2)(x), if the aggregate value of such gifts exceeds ₹ 50,000.

- ₹ 50,000 received from parents of husband would be exempt, since parents of husband fall within the definition of 'relative' and gifts from a relative are not chargeable to tax.
- ₹ 11,000 received from married sister of husband is exempt, since sister-in-law falls within the definition of relative and gifts from a relative are not chargeable to tax.
- Gift received from two friends of husband ₹ 1,51,000 and ₹ 21,000 aggregating to ₹ 1,72,000 is taxable under section 56(2)(x) since the aggregate of ₹ 1,72,000 exceeds ₹ 50,000. [See Note 2 below]

Particulars	₹
Tax on total income of ₹ 2,67,000	850
Add: Health and Education cess@4%	34
Total tax liability	884
Total tax liability(rounded off)	880

Notes:

- Actual rent received has been taken as the gross annual value in the absence of other information [i.e. Municipal value, fair rental value and standard rent] in the question.
- If the aggregate value of taxable gifts received from non-relatives exceed ₹ 50,000 during the year, the entire amount received [i.e. the aggregate value of taxable gifts received] is taxable. Therefore, the entire amount of ₹ 1,72,000 is taxable under section 56(2)(x).
- Since Miss Charlie is a non-resident for the A.Y. 2025-26, rebate under section 87A would not be available to her, even though her total income does not exceed ₹ 5 lakhs.

- b) Residential status of Miss Charlie in case she is a person of Indian origin and her total income from Indian sources exceeds ₹ 18,00,000

If she is a person of Indian origin and her total income from Indian sources exceeds ₹ 15,00,000 (₹ 18,00,000, in her case), the condition of stay in India for a period exceeding 120 days during the previous year and 365 days during the four immediately preceding previous years would be applicable for being treated as a resident. Since her stay in India exceeds 120 days in the P.Y.2024-25 but the period of her stay in India during the four immediately preceding previous years is less than 365 days (only 16 days), her residential status as per section 6(1) would continue to be same i.e., non-resident in India.

Further, since she is not a citizen of India, the provisions of section 6(1A) deeming an individual to be a citizen of India would not get attracted in her case, even though she is a person of Indian origin and her total income from Indian sources exceeds ₹ 15,00,000 and she is not liable to pay tax in USA.

Therefore, her residential status would be non-resident in India for the previous year 2024-25.

		9,32,200
Less: Depreciation on motor car @15% [See Note (i) below]		12,000

		9,20,200

Notes :

- i. It has been assumed that the motor car was put to use for more than 180 days during the previous year and hence, full depreciation @ 15% has been provided for under section 32(1)(ii).

Note: Alternatively, the question can be solved by assuming that motor car has been put to use for less than 180 days and accordingly, only 50% of depreciation would be allowable as per the second proviso below section 32(1)(ii).

- ii. Incentive to articled assistants for passing CA Intermediate examination in their first attempt is deductible under section 37(1).
- iii. Repairs and maintenance paid in advance for the period 1.4. 2024 to 30.9.2024 i.e. for 6 months amounting to ₹1,000 is allowable since Ms. Purvi is following the cash system of accounting.
- iv. ₹32,000 expended on foreign tour is allowable as deduction assuming that it was incurred in connection with her professional work. Since it has already been debited to income and expenditure account, no further adjustment is required.

Less: Depreciation allowable under the Income-tax Rules, 1962		50,000
		11,21,500

Notes:

- Advertisement expenses of revenue nature, namely, gift of dry fruits to important customers, is incurred wholly and exclusively for business purposes. Hence, the same is allowable as deduction under section 37.
- Disallowance under section 40A(3) is not attracted in respect of cash payment exceeding ₹10,000 to A & Co., a goods transport operator, since, in case of payment made for plying, hiring or leasing goods carriages, an increased limit of ₹35,000 is applicable [i.e. payment of upto ₹35,000 can be made in cash without attracting disallowance under section 40A(3)]
- Since drawings and investment in NSC have been given effect to in the profit and loss account, the same have to be added back to arrive at the business income.
- In point no. 9 of the question, it has been given that depreciation as per Income-tax Rules, 1962 is ₹50,000. It has been assumed that, in the said figure of ₹50,000, only the proportional depreciation [i.e., 75% for business purposes] has been included in respect of motor car.

Computation of tax liability for A.Y.2025-26

Particulars	₹
On total income of ₹2,70,000 [excluding lottery winning and LTCG]	Nil
On LTCG of ₹ 5,000 @20% [balance unexhausted basic exemption limit of ₹30,000 can be adjusted against LTCG taxable u/s 112]	1,000

On lottery winnings of ₹5,00,000 @ 30%	1,50,000
	1,51,000
Add: Health and Education cess @ 4%	6,040
Total tax liability	1,57,040

The assessee need not pay advance tax since the total income (excluding lottery income) liable to tax is below the basic exemption limit. Further, in respect of lottery income, tax would have been deducted at source @ 30% under section 194B. Since the remaining tax liability of ₹6,040 (₹1,57,040 – ₹1,50,000) is less than ₹10,000, advance tax liability is not attracted.

Note - The first proviso to section 234C(1) provides that since it is not possible for the assessee to estimate his income from lotteries, the entire amount of tax payable (after considering TDS) on such income should be paid in the remaining instalments of advance tax which are due. Where no such instalment is due, the entire tax should be paid by 31st March, 2025. The first proviso to section 234C(1) would be attracted only in case of non deduction or short-deduction of tax at source under section 194B. In this case, it has been assumed that tax deductible at source under section 194B has been fully deducted from lottery income. Since the remaining tax liability of ₹ 1,040 (₹ 1,57,040 – ₹ 1,50,000) is less than ₹ 10,000, advance tax liability is not attracted.

Tax liability	13,705
Tax liability (Rounded off)	13,710

Since his total income as per the normal provisions of the Act exceeds ₹5,00,000, he would not be eligible for rebate under section 87A.

Since Mr. Siddhant is not liable to pay any tax under default tax regime under section 115BAC, it would be beneficial for him to **not** to exercise the option of shift out of the default tax regime for A.Y.2025-26.

Notes:

1. It is assumed that the entire loan of ₹1,60,000 is outstanding as on 31.3.2025;
2. Since Siddhant's own flat in a co-operative housing society, which he has rented out to a nationalized bank, is also in Delhi, he is not eligible for deduction under section 80GG in respect of rent paid by him for his accommodation in Delhi, since one of the conditions to be satisfied for claiming deduction under section 80GG is that the assessee should not own any residential accommodation in the same place.

1. Gratuity received during service is fully taxable.
2. Employer's contribution in the recognized provident fund is exempt up to 12% of the salary i.e. 12% of (Basic Salary + DA for retirement benefits + Commission based on turnover)
 $= 12\% \text{ of } (\text{₹}1,80,000 + (50\% \text{ of } \text{₹}1,44,000) + \text{₹}25,000)$
 $= 12\% \text{ of } 2,77,000 = \text{₹}33,240$
3. An alternate view possible is that only the sum in excess of ₹5,000 is taxable in view of the language of Circular No.15/2001 dated 12.12.2001 that such gifts upto ₹5,000 in the aggregate per annum would be exempt, beyond which it would be taxed as a perquisite. As per this view, the value of perquisite would be ₹5,000. In such a case the Income from Salaries would be ₹4,00,760.
4. **Deduction under section 80G is computed as under:**

Particulars	₹
Donation to PM National Relief Fund (100%)	5,100
Donation to institution approved under section 80G (50% of ₹11,000) (amount contributed ₹11,000 or 10% of Adjusted Total Income i.e. ₹45,129, whichever is lower)	5,500

Deposit in Public Provident Fund		1,00,000
Total income		1,63,000
Tax on total income(Nil, since it is lower than the basic exemption limit of ₹2,50,000)		Nil

Notes:

- As per section 10(13A), house rent allowance will be exempt to the extent of least of the following three amounts:

	₹
(i) HRA actually received (₹6,000 x 9)	54,000
(ii) Rent paid in excess of 10% of salary (₹6,500 – ₹2,500) x 9 months	36,000
(iii) 50% of salary	1,12,500

2. Gratuity of ₹3,50,000 is exempt under section 10(10)(ii), being the minimum of the following amounts:

	₹
(i) Actual amount received	3,50,000
(ii) Half month salary for each year of completed service $[(₹25,000 \times 15/26) \times 26 \text{ years}]$	3,75,000
(iii) Statutory limit	20,00,000

3. Leave encashment is exempt upto the least of the following:

	₹
(i) Actual amount received	3,15,000
(ii) 10 months average salary $(₹24,500 \times 10)$	2,45,000
(iii) Cash equivalent of unavailed leave calculated on the basis of maximum 30 days for every year of actual service rendered to the employer from whose service he retired [See Note 4 below]	3,18,500
(iv) Statutory limit	25,00,000

4. Since the leave entitlement of Mr. X as per his employer's rules is 30 days credit for each year of service and he had accumulated 15 days per annum during the period of his service, he would have availed/taken the balance 15 days leave every year.

Leave entitlement of Mr. X on the basis of 30 days for every year of actual service rendered by him to the employer	$= 30 \text{ days/year} \times 26 = 780 \text{ days}$
Less: Leave taken /availed by Mr. X during the period of his service	$= 15 \text{ days/year} \times 26 = 390 \text{ days}$
Earned leave to the credit of Mr. X at the time of his retirement	390 days
Cash equivalent of earned leave to the credit of Mr. X at the time of his retirement	$= 390 \times ₹24,500/30 = ₹3,18,500$

Tax liability of Mrs. Mary for A.Y.2024-25		
Tax on STCG @15% of ₹ 1,00,000 [i.e., ₹2,50,000 less ₹1,50,000, being the unexhausted basic exemption limit as per proviso to section 111A] [See Notes 3 & 4 below]		15,000
Less: Rebate u/s 87A would be lower of ₹12,500 or tax liability, since total income does not exceed ₹5,00,000		12,500
		2,500
Add: Health and Education cess@4%	920	100
Total tax liability	23,920	2,600

Notes:

1. Long-term capital gains on sale of land on 15.5.2024, is chargeable to tax @ 20% as per section 112.
2. Short-term capital gains on transfer of equity shares on 23.4.2024 in respect of which securities transaction tax is paid is subject to tax@15% as per section 111A
3. In case of resident individuals, if the basic exemption limit is not fully exhausted against other income, then, the long-term capital gains u/s 112/short-term capital gains u/s 111A will be reduced by the unexhausted basic exemption limit and only the balance will be taxed at 20%/15%, respectively. However, this benefit is not available to non-residents. Therefore, while Mrs. Mary can adjust unexhausted basic exemption limit against long-term capital gains taxable under section 112 and short-term capital gains taxable under section 111A, Mrs. Rosy cannot do so.

4. Since long-term capital gains is taxable at the rate of 20% and short-term capital gains is taxable at the rate of 15%, it is more beneficial for Mrs. Mary to first exhaust her basic exemption limit of ₹2,50,000 against long-term capital gains of ₹100,000 and the balance limit of ₹1,50,000 (i.e., ₹2,50,000 – ₹1,50,000) against short-term capital gains.
5. Rebate under section 87A would not be available to Mrs. Rosy even though her total income does not exceed ₹5,00,000, since she is non-resident for the A.Y. 2024-25.

14. Computation of total income and tax liability of Mr. X for A.Y.2025-26 (under default tax regime under section 115BAC)

Particulars	₹	₹
Profits and gains of business or profession		
Profit from unit in SEZ		40,00,000
Profit from operation of warehousing facility	1,05,00,000	
Less: Depreciation under section 32

Add: Health and Education cess@4%		1,76,870
Total tax liability		45,98,620

Notes:

1. Deductions u/s 10AA and 35AD are **not** allowable as per section 115BAC[2]. However, normal depreciation u/s 32 is allowable.
2. Mr. X is **not** liable to alternate minimum tax u/s 115JC under default tax regime under section 115BAC.

Computation of total income and tax liability of Mr. X for A.Y.2025-26 (under the regular provisions of the Income-tax Act, 1961)

Particulars	₹	₹
Profits and gains of business or profession		
Profit from unit in SEZ	40,00,000	
Less: Deduction u/s 10AA [See Note (1) below]	16,00,000	
Business income of SEZ unit chargeable to tax		24,00,000
Profit from operation of warehousing facility	1,05,00,000	
Less: Deduction u/s 35AD [See Note (2) below]	65,00,000	
Business income of warehousing facility chargeable to tax		40,00,000
Total Income		64,00,000
Computation of tax liability (under the normal/ regular provisions)		
Tax on ₹48,00,000		17,32,500
Add: Health and Education cess@4%		69,30
Total tax liability		18,01,800

Computation of adjusted total income of Mr. X for levy of Alternate Minimum Tax

Particulars	₹	₹
Total Income (computed above as per regular provisions of income tax)		64,00,000
Add: Deduction under section 10AA		16,00,000
		80,00,000
Add: Deduction under section 35AD	65,00,000	
Less: Depreciation under section 32		
On building @10% of ₹65 lakhs	6,50,000	58,50,000
Adjusted Total Income		1,38,50,000
Alternate Minimum Tax@18.5%		25,62,250
Add: Surcharge@15% (since adjusted total income > ₹1 crore)		3,84,338
		29,46,588

Add: Health and Education cess@4%		1,17,863
		30,64,451
Tax liability u/s 115JC (rounded off)		30,64,450

Since the regular income-tax payable is less than the alternate minimum tax payable, the adjusted total income shall be deemed to be the total income and tax is leviable @18.5% thereof *plus* surcharge@15% and cess@4%. Therefore, tax liability as per section 115JC is ₹30,64,450.

Since the tax liability of Mr. X under section 115JC is lower than the tax liability as computed u/s 115BAC, it would be beneficial for him **to opt out of the default tax regime under section 115BAC for A.Y. 2025-26**. Moreover, benefit of alternate minimum tax credit is also available to the extent of tax paid in excess over regular tax.

AMT Credit to be carried forward under section 115JEE

	₹
Tax liability under section 115JC	30,64,450
Less: Tax liability under the regular provisions of the Income- tax Act, 1961	18,01,800
	12,62,650

Notes:

1. Deduction under section 10AA in respect of Unit in SEZ =

$$\text{Profit of the Unit in SEZ} \times \frac{\text{Export turnover of the Unit in SEZ}}{\text{Total turnover of the Unit in SEZ}} \times 50\%$$

$$40,00,000 \times \frac{80,00,000}{1,00,00,000} \times 50\% = 16,00,000$$

2. Deduction@100% of the capital expenditure is available under section 35AD for A.Y.2025-26 in respect of specified business of setting up and operating a warehousing facility for storage of agricultural produce which commences operation on or after 01.04.2009.

Further, the expenditure incurred, wholly and exclusively, for the purposes of such specified business, shall be allowed as deduction during the previous year in which he commences operations of his specified business if the expenditure is incurred prior to the commencement of its operations and the amount is capitalized in the books of account of the assessee on the date of commencement of its operations.

Deduction under section 35AD would, however, **not** be available on expenditure incurred on acquisition of land.

In this case, since the capital expenditure of ₹ 65 lakhs [i.e., ₹ 75 lakhs – ₹ 10 lakhs, being expenditure on acquisition of land] has been incurred in the F.Y.2023-24 and capitalized in the books of account on 1.4.2024, being the date when the warehouse became operational, ₹ 65,00,000, being 100% of ₹ 65 lakhs would qualify for deduction under section 35AD.

SOLUTION

Answer 15

- Computation Of Total Income & Tax Liability Of Mr Xavier (As Per Regular Provisions of Income Tax Act 1961):**

Computation Of Total Income	Amount (₹)	Amount (₹)
Profit from SEZ unit	50,00,000	
Less: Exemption/Deduction u/s 10AA {50L x 90L/150L x 50%}	(15,00,000)	
Business Income of SEZ Unit Chargeable to Tax		35,00,000
Profit from operation of warehousing facility	1,10,00,000	
Less: Deduction u/s 35AD {63L - 13L Cost of Land}	(50,00,000)	
Business Income of Warehousing Facility Chargeable to Tax		60,00,000
Total Income		95,00,000
Computation Of Tax Liability		Amount (₹)
Tax on ₹ 95,00,000 as per applicable slab rates		26,62,500
Add: Surcharge @ 10% [Since Total Income exceeds ₹ 50L]		2,66,250
Tax + Surcharge		29,28,750
Add: Health & Education Cess @ 4%		1,17,150
Tax Liability		30,45,900

- Computation Of 'Adjusted Total Income' <5% Tax Liability Of Mr Xavier (As Per AMT Provisions):**

Computation of 'Adjusted Total Income'	Amount (₹)
Total Income [As Computed Above]	95,00,000

Add: Deduction/Exemption u/s 10AA	15,00,000
Add: Deduction u/s 35AD	50,00,000
Less: Depreciation u/s 32 on Building (₹ 50L @ 10%) [Assumed that the entire capital expenditure is incurred on building]	[5,00,000]
'Adjusted Total Income'	1,55,00,000
Computation of Tax Liability	Amount (₹)
AMT @ 18.5% on ₹ 1,55,00,000	28,67,500
Add: Surcharge @ 15% [Since Adjusted Total Income exceeds ₹ 1 crore]	4,30,125
Tax + Surcharge	32,97,625
Add: Health & Education Cess @ 4%	1,31,905
Tax Liability u/s 115JC	34,29,530

- Conclusion: Since the regular income tax payable is less than AMT payable, the 'Adjusted Total Income' shall be deemed to be the total income and accordingly, the tax liability would come out to ₹ 34,29,530 [18.5% of Adjusted Total Income + Applicable Surcharge + 4% H&EC].
- AMT Credit To Be Carried-Forward u/s 115JEE:

Particulars	Amount (₹)
Tax Liability [As per Section 115JC]	34,29,530
Less: Tax Liability [As per regular provisions of the Income Tax Act, 1961]	[30,45,900]
AMT Credit To Be Carried-Forward	3,83,630

Answer 16**Computation Of Total Income And Tax Payable By Mr Suresh For AY 2025-26 Under Regular Provisions Of The Income Tax Act, 1961:**

Particulars	Amount (₹)	Amount (₹)
Income u/h PGBP:		
Income from SEZ Unit	30,00,000	
Less: Exemption u/s 10AA [Since PY 2024-25 is the 6th year of operation of the SEZ unit, benefit u/s 10AA shall be 50% of export profits. Export Profits = ₹ 30L x ₹ 120L / ₹ 300L = ₹ 12L; thus exemption u/s-10AA shall be ₹ 6L]	[6,00,000]	

Net Income u/h Business/Profession		24,00,000
Capital Gains [LTCG On Sale Of Vacant Land Since Land Held For A Period Of More Than 24 Months, It Is Long-Term Capital Asset]:		
As per Section 50C, full value of consideration would be SDV since it exceeds 110% of actual sale consideration	19,00,000	
Less: Indexed cost of acquisition [$\text{₹ } 5,00,000 \times 363/100$]	[18,15,000]	
LTCG		85,000
Note 1: Cost of acquisition, being higher of		
- Actual cost ($\text{₹ } 3,40,000 + \text{₹ } 15,000 = \text{₹ } 3,55,000$)		
- Lower of FMV of $\text{₹ } 6,00,000$ and stamp duty value of $\text{₹ } 5,00,000$ as on 1.4.2001		
Other Sources:		
Income from crossword puzzles	10,000	
Interest on fixed deposit	15,000	25,000
Gross Total Income		25,10,000
Less: Deduction u/s 80C [Tuition fees of two children]		[24,000]
Total Income		24,86,000
Tax on LTCG @ 20% of $\text{₹ } 85,000$		17,000
Tax on income from crossword puzzles @ 30% of $\text{₹ } 10,000$		3,000
Tax on remaining amount of $\text{₹ } 23,91,000$ [$\text{₹ } 4,17,300$ (30% of $\text{₹ } 13,91,000$) + $\text{₹ } 1,12,500$]		5,29,800
Tax before H&EC		5,49,800
Add: H&EC @ 4%		21,992
Tax Liability		5,71,792
Tax Liability [Rounded Off u/ 288B]		5,71,790

Computation Of Adjusted Total Income And Alternate Minimum Tax (AMT) Payable:

Particulars	Amount (₹)
Total income computed under the regular provisions of the Act	24,86,000
Add: Deduction u/s 10AA	6,00,000

Adjusted Total Income	30,86,000
Since Adjusted Total Income exceeds ₹ 20 lakhs, AMT provisions are attracted in this case.	
Alternate Minimum Tax @ 18.5%	5,70,910.00
Add: H&EC @ 4%	22,836.40
AMT Liability	5,93,746.40
AMT Liability [Rounded Off a/ 288B]	5,93,750
Since the regular income tax payable is less than the AMT payable, the adjusted total income of ₹ 30,86,000 shall be deemed as the total income and tax is leviable @ 18.5% thereof plus cess @ 4%. Therefore, his tax liability would be ₹ 5,93,750. However, he would be entitled to AMT credit of ₹ 21,960 (₹ 5,93,750 - ₹ 5,71,790)	

Answer 17**Computation Of Tax Liability Of Ms Kajal For AY 2025-26 (As Per Section 115BAC):**

Answer 18**Computation Of Income From House Property Of Mr Sailesh For AY 2025-26:**

Particulars	Amount (₹)
A. UNIT 1 - RENTED UNIT (50% OF TOTAL AREA)	
Step I - Computation of Expected Rent:	
• Municipal valuation (₹ 2,80,000 x 50%)	1,40,000
• Fair rent (₹ 2,98,000 x 50%)	1,49,000
• Standard rent (₹ 2,78,000 x 50%)	1,39,000
ER is higher of municipal valuation and fair rent, but restricted to standard rent	1,39,000
Step II - Computation of Gross Rent R/R & Effective Rent R/R:	
• Gross Rent R/R:	
Actual Rent R/R for the whole year without vacancy (₹ 20,000 x 12M) - Unrealised Rent (₹ 20,000) - ₹ 2,20,000	
• Effective Rent R/R:	
Actual Rent R/R after considering vacancy (₹ 20,000 x 10M) - Unrealised Rent (₹ 20,000) = ₹ 1,80,000	
Since Gross Rent R/R is more than expected rent, the assessee will be allowed the benefit of vacancy and Effective Rent R/R shall be taken as GAV.	
Gross Annual Value (GAV)	1,80,000
Less: Municipal taxes (50% of ₹ 30,000)	(15,000)
Net Annual Value (NAV)	1,65,000

Computation Of Tax Liability Of Mrs Mitul For PY 2024-25:

9643036663 (only WhatsApp)

Particulars	Amount (₹)
Tax on ₹ 8,14,500 at slab rates	72,900
Add: Health & Education Cess @ 4%	2,916
Tax Liability (Rounded-Off u/s 2888)	75,820

Note: As per Section 44ADA, Mrs Mitul can opt to claim 50% of gross receipts (₹ 6L, being 50% of ₹ 12L) or, as the case may be, a sum higher than the aforesaid sum claimed to have been earned by her. In this case, since Mrs Mitul has maintained books of accounts, she can claim the higher sum actually earned ₹ 7,30,000 as her income from profession. The existing solution has been worked out by considering the higher sum actually earned by her, ie ₹ 7,30,000 as her income from profession. Alternatively, if professional income is computed as ₹ 6L based on presumptive provisions u/s 44ADA, her total income and tax liability would be ₹ 6,84,500 and 48,780, respectively.

Answer 23

Computation Of Total Income Of Mr Krishna for AY 2025-26:

Particulars	(₹)	(₹)
I. Income From Business Or Profession:		
Net Profit as per P&L A/c	5,64,44,700	
Add: Items Of Expenditure Debited But Not Allowable While Computing Business Income		
• Donation to Gurudwara in cash {Not allowable as deduction since it is not incurred wholly and exclusively for business purpose. Since the amount is already debited, the same has to be added back while computing business income}	20,000	
• Interest on loan taken for purchase of e-vehicle {Interest on loan for purchase of e- vehicle for personal purpose is not allowed as deduction from business income since the same is not incurred wholly and exclusively for business purpose. Since it is already debited, the same has to be added back while computing business income}	1,67,000	
Less: Items Of Income Credited But Not Taxable Or Taxable Under Any Other Head		

• Royalty on patent {Not taxable as business income since Mr Krishna is engaged in manufacturing business. Since the amount is already credited to profit and loss account, the same has to be reduced while computing business income}	[4,00,000]	
• Bad debt recovered {Actual bad debt is ₹ 2 lakhs, ie ₹ 5 lakhs less ₹ 3 lakhs, being the amount of bad debt recovered. Bad debt written off earlier in PAL A/c is ₹ 3 lakhs. Therefore, effectively bad debt has been charged excessively to P&L A/c in earlier years to the extent of ₹ 1 lakh. Such excess amount of ₹ 1 lakh needs to be added to P&L A/c. Further, the entire recovery of ₹ 3 lakhs has already been credited to P&L A/c, which now needs to be removed. So, with respect to this transaction, effectively ₹ 2 lakhs needs to be reduced from P&L A/c}	[2,00,000]	
Less: Allowable Expenditure		
• Contribution to a university approved and notified u/s 35(1)(ii) for scientific research {Eligible for deduction @ 100%. Since 100% of the expenditure is already debited to P&L A/c, nothing needs to be done separately}	Nil

Answer 24**Computation Of Total Income Of Mr Ashish For AY 2025-26:**

Particulars	(₹)	(₹)
I. Income From Business Or Profession:		
Excess of income over expenditure	39,43,000	
Add: Items Debited But Not Allowable While Computing Business Income:		
• Family planning expenditure incurred for employees {Not allowable as deduction since expenditure on family planning for employees is allowed only to a company assessee/not allowed in case of individuals, Since the amount is debited to Income and Expenditure Account, the same has to be added back for computing business income}	20,000	
• Salary payment to sister-in-law in excess of market rate. {Any expenditure incurred for which payment is made to a relative, to the extent it is considered unreasonable is disallowed. However, sister-in-law is not included in the definition of "relative" for the purpose of Section 40A(2), Therefore, no adjustment is required for excess salary paid to Mr Ashish's sister-in-law}	Nil	
• Employees' Contribution to EPF {Sum received by the assessee from his employees as contribution to EPF is income of the employer. Deduction in respect of such sum is allowed only if such amount is credited to the employee's account on or before due date under the relevant Act. Since, the employees contribution to EPF for February 2025 is deposited after the due date under the relevant Act, deduction would not be available}	10,000	
• Medical expenses for the treatment of father {Not allowed as deduction since it is a personal expenditure/not an expenditure incurred for the purpose of business of Mr Ashish. Since the amount is debited to Income and Expenditure Account, the same has to be added back for computing business income}	80,000	

• Commission to Ms Anjaleen without deduction of TDS {Mr Ashish would be liable to deduct TDS on commission since his gross receipts from profession exceeded ₹ 50 lakhs during FY 2023-24. Since commission has been paid without deduction of TDS, hence 30% of ₹ 25,000, being commission paid without deducting tax at source, would be disallowed u/s 40(a)(ia) while computing the business income of AY 2025-26}	7,500	
• Depreciation as per books of accounts	90,000	
• Purchase of furniture {Not allowable, since it is a capital expenditure}	48,000	
Less: Depreciation As Per Income Tax Rules:		
• On Professional Books {₹ 90,000 x 40%}	[36,000]	
• On Computers {₹ 35,000 x 40%}	[14,000]	
• On Furniture {119,000 x 10%, since it has been put to use for more than 180 days during the year: Any expenditure for acquisition of any asset in respect of which payment or aggregate of payment made to a person, otherwise than by an a/c payee cheque/ bank draft or use of ECS or through prescribed electronic mode, exceeds ₹ 10,000 in a day, such expenditure would not form part of actual cost of such asset. Hence, ₹ 18,000 and ₹ 11,000 paid on 31.8.2024 in cash would not be included in the actual cost of furniture}	[1,900]	
• On Car {₹ 3,35,000 x 15%} {Actual cost of car would be the purchase price of the car to Mr Ashish, ie ₹ 3,35,000}	[50,250]	
Less: Incomes Credited But Not Taxable Or Taxable Under Any Other Head:		
• Interest on Public Provident Fund {Exempt}	[60,000]

Net Income u/h Business/Profession		39,95,350
II. Income From Other Sources:		
• Interest on savings bank account	20,000	
• Interest on National Savings Certificates VIII Issue {3rd Year}	21,000	41,000
Gross Total Income		40,36,350
Less: Deduction u/s 80C		[1,21,000]
• Contribution to PPF	1,00,000	
• Interest on NSC {3rd Year} {Reinvested}	21,000	

Less: Deduction u/s 80D	(50,000)
Medical expenses for the treatment of father {Since Mr Ashish's father is a senior citizen and not covered by any health insurance policy, payment for medical expenditure by a mode other than cash would be allowed as deduction to the extent of ₹ 50,000}	
Less: Deduction u/s 80TTA	(10,000)
Interest on savings bank account to the extent of ₹ 10,000	
Total Income	38,55,350

Less: Municipal Taxes paid	(4,500)	
Net Annual Value	61,500	
Less: Deductions u/s 24		
• 30% of NAV	(18,450)	
• Interest on loan from State Bank of India @ 15% of ₹ 1,60,000	(24,000)	
Income u/h House Property		19,050
Income u/h PGBP:		
Income from share speculation business	15,000	
Less: Loss from cotton speculation business	(20,200)	
Net loss from speculation business to be carried forward.	(5,200)	Nil
Income u/h Other Sources:		
• Interest income earned from advancing money to minor son after allowing an exemption of ₹ 1,500 u/s 10(32) (₹ 4,500 - ₹ 1,500)	3,000	
• Interest income of spouse clubbed (₹ 50,000 x 15%)	7,500	
• Gift (₹ 25,000 x 4)	1,00,000	1,10,500

Less: Deduction u/s 80C		
• Public Provident Fund		(10,500)
• Unit Linked Insurance Plan		(6,000)
• Tax saver deposit with Nationalized bank in the name of his married son does not qualify for deduction u/s 80C. The deposit has to be in Mr Kamal's name.		Nil
• Life Insurance Premium [paid to insure life of married daughter is allowable] [Deduction restricted to 10% of ₹ 2L since policy taken on or after 01.04.2012]		(20,000)

Total Income	5,84,550

Notes:

1. No separate deduction is available for insurance of ₹ 1,275, while computing income u/h "house property".
2. It is assumed that ₹ 1,60,000 is the loan outstanding at the beginning of the year and there is no principal repayment of housing loan during the year qualifying for deduction u/s 80C. Interest u/s 24 has, accordingly, been calculated @ 15% of ₹ 1,60,000.
3. It is assumed that Mr Kamal's total income, before including minor's income, is higher than that of his spouse.
4. Net loss from speculation business to be c/f [As per section 73, any loss from speculation business can be set-off only against income from another speculation business. Hence, the net loss from speculation business in the current year has to be c/f to the next year for set-off against speculative business income for that year. Such loss can be c/f for a maximum of four succeeding AYs],

- Computation Of Total Income & Tax Liability Without Considering Provisions Of Section 115BAC:**
 - Computation Of Total Income Of Mr Rishabh (As Per Regular Provisions Of The Income Tax Act):**

Particulars	Amount (₹)	Amount (₹)
Net Profit as per Income & Expenditure A/c	82,45,000	
Add: Inadmissible Expenses/Eligible Incomes:		
• Interest on loan taken for purchase of plant & machinery [Interest from the date on which capital was borrowed till the date on which asset was first put to use, not allowable as deduction u/s 36(1)(iii). Accordingly, interest of ₹ 1,53,125 (₹ 50,00,000 x 10.5% x 3.5/12) has to be added back, since the same is debited to P&L A/c]	1,53,125	
• Purchase of goods at a price higher than the FMV {The difference between the purchase price (₹ 40L) and the FMV(₹ 35L) has to be added back as per Section 40A(2) since the purchase is from a related party, ie hrs brother and at a price higher than the FMV}	5,00,000	
Less: Ineligible Incomes/Eligible Expenses:		
• Income tax refund including interest on refund	(15,550)	
• Dividend from Indian companies	(15,00,000)	

• Short term capital gains on transfer of listed equity shares	[10,00,000]	
• Depreciation on interest on loan of ₹ 1,53,125 capitalized to plant and machinery; depreciation to be allowed at half the normal rate since plant & machinery was put to use for less than 180 days in PY 2024-25	[11,484]	
> Normal Depreciation [₹ 1,53,125 x 15% x 50%]	[15,313]	
> Additional Depreciation [₹ 1,53,125 x 20% x 50%]		
Income u/h Business/Profession		63,55,778
Income u/h Capital Gains:		
STCG on transfer of listed equity shares (STCG u/s 111 A)		10,00,000
Income u/h Other Sources:		
• Interest on income tax refund	4,550	
• Dividend from Indian companies	15,00,000	
Income u/h Other Sources		15,04,550
Gross Total Income		88,60,328
Less: Deduction u/s 80C {Life insurance premium for married daughter}		[40,000]
Less: Deduction u/s 80D {Health insurance premium paid otherwise than by way of cash for self, spouse and children is allowable as deduction, subject to a maximum limit of ₹ 25,000}		[25,000]
, Total Income		87,95,328
Total Income [Rounded Off u/s 288B]		87,95,330

- **Computation Of Tax Liability Of Mr Rishabh (As Per Regular Provisions Of The Income Tax Act, 1961):**

Particulars	Amount (₹)
Tax on STCG u/s 111A of ₹ 10,00,000 @ 15%	1,50,000
Tax on Normal Income of ₹ 77,95,330 as per slab rates	21,51,099
Tax Before Surcharge	23,01,099
Add: Surcharge @ 10% since total income exceeds ₹ 50L	2,30,110
Tax After Surcharge	25,31,209

Add: Health & Education Cess @ 4%	1,01,248
Tax Liability	26,32,457
Less: TDS u/s 194N @ 2% on ₹ 50 lakhs, being the cash withdrawals exceeding ₹ 1 crore	[1,00,000]
Less: Advance tax paid	[17,50,000]
Tax Liability (Rounded off u/s 288B)	7,82,460

II. Computation Of Total Income & Tax Liability Considering Provisions Of Section 115BAC:

- Computation Of Total Income & Tax Liability Of Mr Rishabh (As Per Section 115BAC of The Income Tax Act):**

Computation Of Total Income	Amount (₹)
Total Income [Computed Above As Per Regular Provisions]	87,95,330
Add: All Deductions u/s 80C-80U except 80JJAA	65,000
Add: Additional depreciation on plant and machinery on total cost including capitalized interest	6,65,313
(₹ 66,53,125 x 20% x 50%)	
Total Income	95,25,643
Total Income (Rounded off u/s 288A)	95,25,640
Computation Of Tax Liability	Amount (₹)
Tax on STCG u/s 111 A of ₹ 10,00,000 @ 15%	1,50,000
Tax on Normal Income of ₹ 85,25,640 as per concessional slabs given u/s 115BAC	22,47,692
Tax Before Surcharge	23,97,692
Add: Surcharge @10% since total income exceeds ₹ 50L	2,39,769
Tax After Surcharge	26,37,461
Add: Health & Education Cess @ 4%	1,05,498
Tax Liability	27,42,959
Less: TDS u/s 194N @ 2% on ₹ 50 lakhs, being the cash withdrawals exceeding ₹ 1 crore	[1,00,000]
Less: Advance tax paid	[17,50,000]

Tax Liability	8,92,959
Tax Liability (Rounded off u/s 288B)	8,92,960

Final Conclusion: Since tax liability as per Section 115BAC is higher than the tax liability under normal provisions of the Act, it is beneficial for Mr Rishabh to opt out of the default tax regime prescribed u/s 115BAC.

Answer 28**I. Computation Of Total Income & Tax Liability Without Considering Provisions Of Section 115BAC:**

The regular income tax payable is lower than the AMT payable, therefore the 'Adjusted Total Income' shall be deemed to be the total income and accordingly, the tax liability would come out to ₹ 30,64,450. {Refer Answer 1 For Calculations}.

II. Computation Of Total Income & Tax Liability Considering Provisions Of Section 115BAC:

Individuals/HUFs exercising option u/s 115BAC are not liable to AMT u/s 115JC. Further, deductions u/s 10AA and 35AD are not allowable as per Section 115BAC[2]. However, normal depreciation u/s 32 is allowable.

• Computation Of Total Income & Tax Liability Of Mr X (As Per Section 115BAC of The Income Tax Act):

Computation of Total Income	Amount (₹)
Total Income [Computed Above As Per Regular Provisions]	64,00,000
Add: Deduction/Exemption u/s 10AA	16,00,000
Add: Deduction u/s 35AD	65,00,000
Less: Depreciation u/s 32 on Building (₹ 65L @ 10%) [Assumed that the entire capital expenditure is incurred on building]	[6,50,000]
Total Income	1,38,50,000
Computation of Tax Liability	Amount (₹)
Tax on total income of ₹ 1,38,50,000 as per concessional slabs given u/s 115BAC	38,45,000
Add: Surcharge @ 15% [Since Total Income exceeds ₹ 1 crore]	5,76,750
Tax + Surcharge	44,21,750
Add: Health & Education Cess @ 4%	1,76,870
Tax Liability	45,98,620

Final Conclusion: Since the tax liability of Mr X u/s 115JC is lower than the tax liability as computed u/s 115BAC,

it would be beneficial for him not to opt for Section 115BAC for PY 2024-25 (AY 2025-26). Moreover, benefit of AMT Credit is also available to the extent of tax paid in excess over regular tax.

Answer 29

I. Computation Of Total Income & Tax Liability Without Considering Provisions Of Section 115BAC:

- Computation Of Total Income & Tax Liability Of Mr Rakesh (As Per Regular Provisions Of The Income Tax Act):

Computation Of Total Income	Amount (₹)	Amount (₹)
Income u/h House Property:		
• Self-Occupied Portion (Ground Floor):		
Net Annual Value	Nil	
Less: Deduction u/s 24(a) @ 30% of NAV	Nil	
Less: Interest on capital borrowed u/s 24(b)	Nil	
Income from self-occupied property	Nil	
• Let-Out Portion (First Floor):		
Gross Annual Value (In the absence of any other information, rent received is taken as GAV)	2,28,000	
Less: Municipal Tax (₹ 60,000/2)	(30,000)	
Net Annual Value	1,98,000	
Less: Deduction u/s 24(a) @ 30% of NAV	(59,400)	
Less: Interest on capital borrowed u/s 24(b)	Nil	
Income from let out house property	1,38,600	
Net Income u/h House Property		1,38,600
Income u/h PGBP:		
Income from SEZ Unit	25,00,000	

Less: Exemption u/s 10AA {Since PY 2024-25 is the 6th year of operation of SEZ unit, benefit available u/s 10AA shall be 50% of export profits. Export Profits = ₹ 25L x ₹ 140L/₹ 200L = ₹ 17.5L; thus 50% of export profits shall be ₹ 8,75,000}	(8,75,000)	
Net Income u/h Business/Profession		16,25,000
Income u/h Capital Gains		
Full Value of Consideration {SDV of ₹ 17 lakhs exceeds the actual consideration of ₹ 13 lakhs by more than 10%.of actual consideration, thus SDV of ₹ 17 lakhs shall be taken as full value of consideration}	17,00,000	
Less: Indexed Cost of Acquisition {₹ 4.75L x 363/100} {Refer Note 1}	(17,24,250)	
LTCL From Sale Of Land (To Be Carried-Forward)	(24,250)	Nil
Income u/h Other Sources:		
• Royalty from artistic book net of expenses incurred for earning royalty (₹ 2,88,000-₹ 40,000)	2,48,000	
• Interest on savings bank deposits	40,000	
Income u/h Other Sources		2,88,000
Gross Total Income		20,51,600
Less: Deduction u/s 80C {Tuition fee paid for maximum of two children is allowable (₹ 14K x 2)}		(28,000)
Less: Deduction u/s 80C {Insurance premium paid on life insurance policy of son allowable, even though not dependent on Mr Rakesh}		(39,000)
Less: Deduction u/s 80C {Insurance premium paid on life insurance policy of father not allowable, even though father is dependent on Mr Rakesh}		Nil
Less: Deduction u/s 80QBB (₹ 2,88,000 x 15/18 - ₹ 2,40,000, restricted to amount brought into India in convertible foreign exchange ₹ 2,30,000 minus ₹ 40,000 expenses already allowed as deduction while computing royalty income)		(1,90,000)
Less: Deduction u/s 80TTA (Interest on savings bank account)		(10,000)
Total Income		17,84,600
Computation of Tax Liability		Amount (₹)
Tax on Normal Income of ₹ 17,84,600 as per the standard slab of ₹ 2,50,000		3,47,880
Add: Health & Education Cess @ 4%		13,915

Tax Liability	3,61,795
Tax Liability (Rounded off u/s 288B)	3,61,800

Note 1: Actual cost shall be taken as higher of the following two figures:

> Actual cost of ₹ 1.75L + Registration expenses of ₹ 20,000 = ₹ 1,95,000

> FMV of ₹ 4.75L as on 1/4/2001

Therefore, actual cost shall be taken as ₹ 4,75,000.

II. Computation Of Total Income & Tax Liability Considering Provisions Of Section 115BAC;

- Individuals/HUFs exercising option u/s 115BAC are not allowed to claim the benefit of deduction/exemption u/s 10AA and deductions u/s 80C-80U except 80JJAA.
- Computation Of Total Income & Tax Liability Of Mr Rakesh (As Per Section 115BAC of The Income Tax Act):**

Computation of Total Income	Amount (₹)
Total Income (Computed Above As Per Regular Provisions)	17,84,600
Add: Deduction/Exemption u/s 10AA	8,75,000
Add: All Deductions u/s 80C-80U except 80JJAA	2,67,000
Total Income	29,26,600
Computation of Tax Liability	Amount (₹)
Tax on Normal Income of ₹ 29,26,600 as per as per concessional slabs given u/s 115BAC	5,67,980
Add: Health & Education Cess @ 4%	22,719
Tax Liability	5,90,699
Tax Liability (Rounded off u/s 288B)	5,90,700

Final Conclusion: Since tax liability as per Section 115BAC is higher than the tax liability under normal provisions of the Act, it is beneficial for Mr Rakesh to opt out of the default tax regime as prescribed u/s
