## RBI Assistant Selection Process :

The RBI Assistant Selection Process consists of three stages: Preliminary Exam, Main Exam, and Language Proficiency Test (LPT).

- Preliminary Exam (Prelims): This is a qualifying stage. It covers English, Reasoning, and Quantitative sections. Marks here are not counted in the final merit list; you just need to clear the cut-offs.
- Main Exam (Mains): This exam has more sections — English, Reasoning, Quantitative, plus General Awareness and Computer Knowledge. The marks you get here are used to decide your final score
- Language Proficiency Test (LPT): If you clear the Mains, you must pass this test in the local or official language of the state you applied to. It's qualifying in nature (i.e. you must pass it).

You have to clear each stage (both section-wise and overall cut-offs where applicable) to move to the next phase
