Communication with TCWG & Management

1.] meaning of TCWG:-

A) A persons or organ, with responsibility for overseeing the strategic direction of the entity and obligation related to accountability of entity.

B) Governance structure will vary from entity to entity. for eg. in some entity a supervisory board may exist from executive board.

in other entities supervision and executive both function can be performed by a single board.

C) in some cases all of TCWG may also be involved in managing the entity. However as per companies Act. for certain companies a separate audit committee is required to be constituted o/t management.

D) therefore auditor should discuss and agree with Enging party about relevant person with whom to communicate.

2.] matters to be communicated by Auditor:-

- Auditor shall communicate with TCW or that they are responsible to form an opinion on F.S. which are prepared by the management with oversight of TCW and such opinion does not relieve mgmt./TCW. of their responsibilities.
- Auditor shall communicate with TCW about ~~about~~ his planned scope and timing of audit. He should also discuss signi. Risk, identified for the purpose of audit

3.] significant findings from the audit :- (Imp) (50)

- signi. difficulties if any encountered during the audit
- circumstances that may affect the form and content of auditor's report eg. matters to be included as per SA701, SA705, SA706.
- Auditor's view about significant qualitative aspect of entity's accounting policies, disclosure or accounting estimates.
- unless all of the TCW are involved in managing the entity auditor should communicate all significant matters that were discussed with management during the course of audit and W.R. requested from management.
- Any other significant matter which in APJ is relevant to be discussed with TCW.

4.] In case of listed companies auditor shall communicate with TCW a statement that audit firm and Eng. team have complied with relevant ethical req. regarding independence.

(NOTE): all relationships and matters b/w the firm, N.W. firm and the entity which may impact independence should be communicated to TCW for eg. total fees charge for audit & non-audit services if any provided by the firm/N.W. firm to entity or compo.

Sometimes when Threat to Independence arises auditor may implement G.C. to eliminate or reduce such threat then this matter should also be communicated.

5.] significance of communication with TCMR

- An effective two-way communication b/w auditor and TCMR is important in assisting the following:-

- i] Auditor and TCMR will be able to develop constructive working relationship while maintaining auditor's independence and objectivity.
- ii] This will help the auditor in obtaining relevant information from TCMR.
- iii] TCMR will be able to fulfill their responsibility to oversight F.R. process properly.

Communicating Deficiency in Internal Control

To TCWG and Management

1.] meaning of deficiency in internal control:-

— when a control is design and implemented in such a way that it is not able to POC fraud MMS on a timely basis

— A control that is necessary to prevent (POC) a MS is missing

2.] significant deficiency:-

— A deficiency or combination of deficiency which in APJ is of sufficient importance to merit the attention of TCWG

3.] process To communicate significant deficiency To TCWOT:-

- Auditor shall communicate in writing To TCWOT on Timely Basis.
- Written communication should include the following:-
 - i.] Description of deficiency along with explanation of potential effect.
 - ii.] sufficient information (i.e. Example) so that TCWOT and mgt. can understand the context of communication.

NOTE : Auditor should explain that the purpose of his audit ~~is~~ was to Express opinion on F.S. and his audit included consideration of Internal controls not for Expressing An opinion on Effectiveness of Internal control.

- nowadays we are required to Express our opinion on IFC which are relevant For F.R. 4/5 143(3)(i) of Companies Act, 2013.

4.] Examples of indicators of signi. deficiency in IC:-
