CHAPTER - 1

INTRODUCTION TO GST

ILLUSTRATION 1

List some of the benefits that GST may accrue to the economy.

Ans.

GST may accrue following benefits to the economy:

- (a) Creation of Unified National Market: GST aims to make India a common market with common tax rates and procedures and remove the economic barriers, thereby paving the way for an integrated economy at the national level.
- (b) Boost To 'Make In India' Initiative: GST may give a major boost to the 'Make in India' initiative of the Government of India by making goods and services produced in India competitive in the national as well as international market. This would make India a manufacturing hub.
- (c) Boost To Investments, Exports And Employment: Under the GST regime, the principle of exporting only the cost of goods or services and not taxes is being followed. This may boost Indian exports thereby improving the balance of payments position. Exporters are being facilitated by grant of provisional refund of 90% of their claims within 7 days of issue of acknowledgement of their application, thereby resulting in the easing of position with respect to cash flows.

Further, the subsuming of major Central and State taxes in GST, complete and comprehensive set-off of input tax on goods and services and phasing out of Central Sales Tax (CST) may reduce the cost of locally manufactured goods and services. Resultantly, the competitiveness of Indian goods and services in the international market may increase to give boost to investments and Indian exports. With a boost in exports and manufacturing activity, more employment would be generated and GDP would increase.

ILLUSTRATION 2

Explain with the help of examples, how a particular transaction of goods and services is taxed simultaneously under Central GST (CGST) and State GST (SGST) ?

Ans.

The Central GST and the State GST is levied simultaneously on every intra-state supply of goods or

services or both made by registered persons except the exempted goods and services as well as goods and services which are outside the purview of GST. Further, both are levied on the same price or transaction value. The same can be better understood with the help of following examples:

ILLUSTRATION 3

- ⇔ Suppose that the rate of CGST is 10% and that of SGST is 10%. When a wholesale dealer of steel in Uttar Pradesh supplies steel bars and rods to a construction company which is also located within the same State for, say ₹ 100, the dealer would charge CGST of ₹ 10 and SGST of ₹ 10 in addition to the basic price of the goods. The CGST component will go into a Central Government account while the SGST portion into the account of the concerned State Government (viz. U.P.).
- ⇔ It is important to note that he might not actually pay ₹ 20 (₹10 + ₹10) in cash as he would be entitled to set-off this liability against the CGST or SGST paid on his eligible purchases (inputs, input services and capital goods) assuming that all his purchases are intra-state. However, for paying CGST, he would be allowed to use only the credit of CGST paid on his purchases while for SGST he can utilize the credit of SGST alone. CGST credit cannot be used for payment of SGST and vice versa.

ILLUSTRATION 4

- ⇔ Suppose, again the rate of CGST is 10% and that of SGST is 10%. When an advertising company located in Mumbai supplies advertising services to a company manufacturing soap also located within the State of Maharashtra for, let us say ₹ 100, the ad company would charge CGST of ₹ 10 as well as SGST of ₹ 10 at the basic value of the service. The CGST component will go into a Central Government account while the SGST portion into the account of the Maharashtra Government.
- ⇔ He might not actually pay ₹ 20 (₹10+₹10) in cash as it would be entitled to set-off this liability against the CGST or SGST paid on his eligible purchases (say, of inputs such as stationery, office equipment, services of an artist etc.) assuming that all his purchases are intra-state. However, for paying CGST, he would be allowed to use only the credit of CGST paid on its purchase while for SGST, he can utilise the credit of SGST alone. CGST credit cannot be used for payment of SGST and vice versa.

ILLUSTRATION 5

Why was the need to amend the Constitution of India before introducing the GST?

Ans.

Earlier, the fiscal powers between the centre and the States were clearly demarcated in the constitution

wit:- almost no overlap between the respective domains. The Centre had the powers to levy tax on the manufacture of goods [except alcoholic liquor for human consumption, opium, narcotics etc] while the States had the powers to levy tax on the sale of goods. In the case of inter-state sales, the Centre had the power to levy the Central sales Tax but the tax was collected and retained entirely by the States. As for services, it was the Centre alone that was empowered to levy service tax.

- Introduction of the GST necessitated the amendments in the Constitution so as to simultaneously empower the Centre and the States to levy and collect this tax. The Constitution of India was amended by the Constitution (101st Amendment) Act, 2016 for this purpose. Article 246A of the constitution introduced thereby empowered the centre and the States to simultaneously levy and collect the GST.

ILLUSTRATION 6

GST is a destination-based tax on consumption of goods or services or both. Discuss the validity of the statement.

Ans.

The given statement is valid. GST is a destination-based tax on consumption of goods or services or both. GST is known as destination-based tax since the tax would accrue to the taxing authority which has jurisdiction over the place of consumption which is also termed as place of supply.

- For example, if A in Delhi produces the goods and sells the goods to B in Haryana. In this case, the tax would accrue to the State of Haryana and not to the State of Delhi. On the other hand, under pre-GST regime, origin-based taxation was prevailing in such cases.
- Under origin-based taxation, the tax used to accrue to the State from where the transaction originated. In the given case, under origin-based taxation, the central sales tax would have been levied by Centre and collected by the State of Delhi and not by the State of Haryana.

ILLUSTRATION 7

Discuss the leviability of GST or otherwise on the following:

- a) Alcoholic liquor for human consumption
- b) Petroleum crude, diesel, petrol, Aviation Turbine Fuel (ATF) and natural gas
- c) Tobacco
- d) Opium, Indian hemp and other narcotic drugs and narcotics

Ans.

- a) Alcoholic liquor for human consumption is outside the realm of GST. The manufacture/production of alcoholic liquor continues to be subjected to State excise duty and inter-State/intra-State sale of the same is subject to CST/NAT respectively.
- b) As regards petroleum crude, diesel, petrol, ATF and natural gas are concerned, they are not presently leviable to GST. GST will be levied on these products from a date to be notified on the recommendations of the GST Council. Till such date, central excise duty continues to be levied on manufacture/production of petroleum crude, diesel, petrol, ATF and natural gas and inter-State/intra-State sale of the same is subject to CST/ VAT respectively.
- c) Tobacco is within the purview of GST, ie GST is leviable on tobacco. However, Union Government has also retained the power to levy excise duties on tobacco and tobacco products manufactured in India. Resultantly, tobacco is subject to GST as well as central excise duty.
- d) Opium, Indian hemp and other narcotic drugs and narcotics are within the purview of GST, ie GST is leviable on them. However, State Governments have also retained the power to levy excise duties on such products manufactured in India. Resultantly, Opium, Indian hemp and other narcotic drugs and narcotics are subject to GST as well as State excise duties.

ILLUSTRATION 8

Under Goods and Services Tax (GST), only value addition is taxed and burden of tax is to be borne by the final consumer. Examine the validity of the statement.

Ans.

The statement is correct. Goods and Services Tax is a destination-based tax on consumption of goods and services. It is levied at all stages right from manufacture up to final consumption with credit of taxes paid at previous stages available as set-off. Resultantly, only value addition is taxed and burden of tax is to be borne by the final consumer.

ILLUSTRATION 9

Which are the commodities which have been kept outside the purview of GST? Examine the status of taxation of such commodities after introduction of GST.

Ans.

Article 366 (12A) of the Constitution as amended by 101st Constitutional Amendment Act, 2016 defines the Goods and Services tax (GST) as a tax on supply of goods or services or both, except supply of alcoholic liquor for human consumption. Therefore, alcohol for human consumption is kept out of GST by way of definition of GST in the constitution. Five petroleum products viz. petroleum crude, motor spirit (petrol), high speed diesel, natural gas and aviation turbine fuel have temporarily been kept out of the purview of GST; GST Council shall decide the date from which they shall be included in GST. The erstwhile taxation system (CST/VAT & central excise) still continues in respect of the said commodities.

ILLUSTRATION 10

A dual GST has been implemented in India. Elaborate.

Ans.

A dual GST has been implemented in India with the Centre and States simultaneously levying it on a common tax base. The GST levied by the Centre on intra-State supply of goods and/or services is called the Central GST (CGST) and that levied by the States/Union Territory is called the State GST (SGST) / Union Territory GST (UTGST). Similarly, Integrated GST (IGST) is levied and administered by Centre on every inter-State supply of goods and/or services.

- India is a federal country where both the Centre and the States have been assigned the powers to levy and collect taxes through appropriate legislation. Both the levels of Government have distinct responsibilities to perform according to the division of powers prescribed in the Constitution for which they need to raise resources. A dual GST, therefore, keeps with the constitutional requirement of fiscal federalism.

ILLUSTRATION 11

Discuss Article 269A pertaining to levy and collection of GST on inter-State supply.

Ans.

Article 269A of the Constitution stipulates that Goods and Services Tax on supplies in the course of inter-State trade or commerce shall be levied and collected by the Government of India and such tax shall be apportioned between the Union and the States in the manner as may be provided by Parliament by law on the recommendations of the Goods and Services Tax Council.

- Here, supply of goods, or of services, or both in the course of import into the territory of India shall be deemed to be supply of goods, or of services, or both in the course of inter-state trade or commerce.
- The amount so apportioned to a State shall not form part of the Consolidated Fund of India. Where an amount collected as
- IGST has been used for payment of SGST or vice versa, such amount shall not form part of the Consolidated Fund of India/State respectively. This is to facilitate transfer of funds between the Centre and the States.
- Parliament is empowered to formulate the principles for determining the place of supply, and when a supply of goods, or of services, or both takes place in the course of inter-state trade or commerce.

ILLUSTRATION 12

Discuss Article 246A which grants the power to make laws with respect to Goods and Services Tax.

Ans.

Article 246A stipulates that Parliament, and, the Legislature of every State, have power to make laws with respect to goods and services tax imposed by the Union or by such State.

- Parliament has exclusive power to make laws with respect to goods and services tax where the supply of goods, or of services, or both takes place in the course of inter-state trade or commerce.
- However, in respect to petroleum crude, high speed diesel, motor spirit (commonly known as petrol), natural gas and aviation turbine fuel, the aforesaid provisions shall apply from the date to be notified by the Government on the recommendations by the GST Council.

ILLUSTRATION 13

No act or proceedings of the Goods and Services Tax Council shall be invalid merely by certain reasons. What are they?

Answer I

No act or proceedings of the Goods and Services Tax Council shall be invalid merely by reason of:

- (a) any vacancy in, or any defect in, the constitution of the council; or
- (b) any defect in the appointment of a person as a Member of the Council; or
- (c) any procedural irregularity of the Council not affecting the merits of the case.

- (b) Sponsorship services provided by a company to an individual.
- (c) Renting of immovable property service provided by the Central Government to a registered business entity.

- b) GST on sponsorship services provided by any person to any body corporate or partnership firm located in the taxable territory is payable under reverse charge. Since in the given case, services have been provided to an individual, reverse charge provisions will not be attracted. GST is payable under forward charge by the supplier - company.
- c) GST on services supplied by Central Government, State Government, Union Territory or local authority by way of renting of immovable property to a person registered under CGST Act, 2017 is payable under reverse charge. Therefore, in the given case, GST is payable under reverse charge by the recipient - registered business entity.

ILLUSTRATION 2

Ans.

GST on supply of services by director of a company to the said company located in the taxable territory is payable on reverse charge basis. Therefore, in the given case, person liable to pay GST is the recipient of services, ie A22 Put Ltd.

ILLUSTRATION 3

Raghu Associates provided sponsorship services to WE-WIN Cricket Academy, an LLP. Determine the person liable to pay tax in this case.

Ans.

In case of services provided by any person by way of sponsorship to any body-corporate or partnership firm, GST is liable to be paid under reverse charge by such body-corporate or partnership firm located in the taxable territory. Therefore, in the given case, WE-WIN Cricket Academy is liable to pay GST under reverse charge.

ILLUSTRATION 4

- b) GST on services supplied by a recovery agent to a banking company or a financial institution or a NBFC located in the taxable territory is payable under reverse charge. - c) GST on security services. (ie, services provided by way of supply of security personnel) provided by a non-corporate entity to a registered person, located in the taxable territory is payable under reverse charge. CHAPTER - 3

SUPPLY UNDER GST

ILLUSTRATION 1

Meghraj & Co wishes to commence the business of supplying ready-made garments within Punjab and in the neighbouring States of Delhi and Haryana. Kindly state as to what is the taxable event under GST and levability of CGST, SGST/UTGST and IGST on the same?

Ans.

Taxable event under GST is supply of goods or services or both. CGST and SGST/UTGST will be levied on intra-state supplies. IGST will be levied on inter-state supplies.

ILLUSTRATION 2

Damodar Private Ltd, registered in Delhi, has transferred some goods to its branch, registered in West Bengal, so that the goods can be sold from the branch. The goods have been transferred without any consideration. The company believes that the transaction undertaken by it does not qualify as supply as no consideration is involved. Ascertain whether the transfer of goods by Damodar Private Ltd to its branch office qualifies as supply.

Ans.

As per Schedule I of the CGST Act, supply of goods or services or both between related persons or between distinct persons as specified in section 25, when made in the course or furtherance of business, is deemed as supply even if made without consideration. In the given case, since Damodar Put Ltd and its branch located in another State are distinct persons, supply of goods between them qualifies as supply.

ILLUSTRATION 3

Prithvi Associates is engaged in supply of taxable goods. It enquires from its tax advisor as to whether any activity can be treated as supply even if made without consideration in accordance with the provisions of the CGST Act. Enumerate such activities, if any.

Ans.

Section 7 stipulates that the supply should be for a consideration and should be in the course or furtherance of business. However, Schedule I of the CGST Act enumerates the cases where an activity is treated as supply, even if the same is without consideration. These are as follows:

- Permanent transfer or disposal of business assets where input tax credit has been availed on such assets.
- Supply of goods or services or both between related persons or between distinct persons as specified in section 25, when made in the course or furtherance of business. However, gifts not exceeding fifty thousand rupees in value in a financial year by an employer to an employee shall not be treated as supply of goods or services or both.
- Supply of goods by a principal to his agent where the agent undertakes to supply such goods on behalf of the principal; or by an agent to his principal where the agent undertakes to receive such goods on behalf of the principal.
- Import of services by a person from a related person or from any of his other establishments outside India, in the course or furtherance of business.

ILLUSTRATION 4

Composite supply is treated as supply of that particular goods or services which attracts the highest rate of tax. Examine the validity of the statement.

Ans.

The statement is not correct. Composite supply is treated as supply of the principal supply. It is the mixed supply that is treated as supply of that particular goods or services which attracts the highest rate of tax.

ILLUSTRATION 5

Transfer of title and/or possession is necessary for a transaction to constitute supply of goods. Examine.

Ans.

Title as well as possession both have to be transferred for a transaction to be considered as a supply of goods. In case title is not transferred, the transaction would be treated as supply of service in terms

of schedule II of the CGST Act. In some cases, possession may be transferred immediately, but title may be transferred at a future date like in case of sale on approval basis or hire purchase arrangement. Such transactions will also be termed as supply of goods.

ILLUSTRATION 6

Examine whether the following activities would amount to supply u/s 7 read with Schedule I of the CGST Act:

- a) Sulekha Manufacturers have a factory in Delhi and a depot in Mumbai. Both these establishments are registered in respective States. Finished goods are sent from factory in Delhi to the Mumbai depot without consideration so that the same can be sold.
- b) Raman is an architect in Chennai. His brother who is settled in London is a well-known lawyer. Raman has taken legal advice from him free of cost with regard to his family dispute.
- c) Would your answer be different if in the above case, Raman has taken advice in respect of his business unit in Chennai?

Ans.

- [a] Schedule I of CGST Act, inter alia, stipulates that supply of goods or services or both between related persons or between distinct persons as specified in Section 25, is supply even without consideration provided it is made in the course or furtherance of business. Further, a person who has obtained more than one registration, whether in one State/Union territory or more than one State/Union territory shall, in respect of each such registration, be treated as distinct persons. In view of the same, factory and depot of Sulekha Manufacturers are distinct persons. Therefore, supply of goods from Delhi factory of Sulekha Manufacturers to Mumbai Depot without consideration, but in course/furtherance of business, is supply 4/57 read with schedule 1 of the CGST Act.
- [b] Schedule I of CGST Act, inter alia, stipulates that import of services by a taxable person from a related person located outside India, without consideration is treated as supply if it is provided in the course or furtherance of business. Section 15 provides that persons shall be deemed to be "related persons" if they are members of the same family. Further, as per Section 2(49) of the CGST Act, 2017, family means:
 - the spouse and children of the person; and
 - the parents, grand-parents, brothers and sisters of the person if they are wholly or mainly dependent on the said person.

In the given case, Raman has received free of cost legal services from his brother. However, as per the above definition, Raman and his brother cannot be considered to be related as Raman's brother is a well-known lawyer and is not wholly/mainly dependent on Raman. Further, Raman has taken legal advice from him in personal matter and not in course or furtherance of business. Consequently, services provided by Raman's brother to him would not be treated as supply u/s 7 read with Schedule I of the CGST Act.

- (c) In the above case, if Raman has taken advice with regard to his business unit, services provided by Raman's brother to him would still not be treated as supply u/s 7 of the CGST Act read with Schedule I as although the same are provided in course or furtherance of business, such services have not been received from a related person.

ILLUSTRATION 7

State whether the following supplies would be treated as supply of goods or supply of services as per Schedule II of the CGST Act:

- a) Renting of immovable property.
- b) Goods forming part of business assets are transferred or disposed of by/under directions of person carrying on the business.
- c) Transfer of right in goods without transfer of title in goods.
- d) Transfer of title in goods under an agreement which stipulates that property shall pass at a future date.

Ans.

- a) Supply of services
- b) Supply of goods
- c) Supply of services
- d) Supply of goods

ILLUSTRATION 8

Determine whether the following supplies would be treated as supply of goods or supply of services as per Schedule II of the CGST Act:

- a) Temporary transfer or permitting use or enjoyment of any intellectual property right.

- b) Supply of goods by an unincorporated association or body of persons to a member thereof for cash, deferred payment or other valuable consideration.
- c) Any treatment or process which is applied to another person's goods.
- d) Transfer of title in goods.

Ans.

- (a) supply of services
- (b) supply of goods
- (c) Supply of services
- (d) supply of goods

ILLUSTRATION 9

The goods supplied on hire purchase basis will be treated as supply of services. Examine the validity of the statement.

Ans.

The statement is not correct. Supply of goods on hire purchase shall be treated as supply of goods as there is transfer of title, albeit at a future date.

ILLUSTRATION 10

Examine whether the activity of import of service in the following independent cases would amount to supply u/s 7 of the CGST Act, 2017:

- a) Ms Shriniti Kaushik received interior decoration services for her residence located at Bandra, Mumbai from Mr Racheal of Sydney [Australia]. The amount paid for the said service is 5,000 Australian Dollar.
- b) Ms Shriniti Kaushik received interior decoration services for her residence located at Bandra, Mumbai from her brother, Mr Varun residing in Sydwey [Australia] [wholly dependent on Ms Shriniti]. Further, Ms Shriniti did not pay any consideration for the said service.
- c) Will your answer change if in the above case, if Ms Shriniti has taken interior decoration services with regard to her business premises and not her residence?

Note: Any specific exemption by way of notification needs to be ignored.

Ans.

- a) Supply, u/s 7 of the CGST Act, 2017, inter alia, includes import of services for a consideration even if it is not in the course or furtherance of business. Thus, although the import of service for consideration by Ms Shriniti Kaushik is not in course or furtherance of business (as the interior decoration services have been availed in respect of residence), it would amount to supply.
- b) Schedule I of CGST Act, inter alia, stipulates that import of services by a taxable person from a related person located outside India, without consideration is treated as supply if it is provided in the course or furtherance of business. section 15 provides that persons shall be deemed to be "related persons" if they are members of the same family. Further, as per section 2(49) of the CGST Act, 2017, family means:
- the spouse and children of the person; and
 - the parents, grand-parents, brothers and sisters of the person if they are wholly or mainly dependent on the said person.

In the given case, Ms Shriniti Kaushik has received interior decoration services from her brother. In view of the above definition, Ms Shriniti and her brother shall be considered to be related as Miss Shriniti's brother is wholly dependent on her. However, Ms Shrinti has taken interior decoration services for her residence and not in course or furtherance of business. Consequently, services provided by Ms Shrinti's brother to her would not be treated as supply u/s7 read with schedule I of the CGST Act.

- c) In the above case, if MS Shriniti has taken interior decoration services with regard to her business premises, services provided by MS Shriniti's brother to her would be treated as supply u/s7 of the CGST Act read with Schedule I of the CGST Act, 2017.

ILLUSTRATION 11

Determine whether the following supplies amount to composite supplies:

- a) A hotel provides 4 days -3 nights package wherein the facility of breakfast and dinner is provided along with the room accommodation.
- b) A toothpaste company has offered the scheme of free soap along with the toothpaste.

Ans.

Under composite supply, two or more taxable supplies of goods or services or both, or any combination thereof, are naturally bundled and supplied in conjunction with each other, in the ordinary course of business, one of which is a principal supply.

- a) Since supply of breakfast and dinner with the accommodation in the hotel are naturally bundled, the said supplies would qualify as 'composite supply'.
- b) Since supply of soap along with the toothpaste are not naturally bundled, said supplies do not qualify as 'composite supply'.

ILLUSTRATION 12

Dumdum Electronics has sold the following electronic items to Akbar Retail Store.

- Refrigerator (500 litres) taxable @ 18%
- Stabilizer for refrigerator taxable @ 12%
- LED television (42 inches) taxable @ 12%
- Split air conditioner (2 Tons) taxable @ 28%
- Stabilizer for air conditioner taxable @ 12%

Dumdum Electronics has issued a single invoice, indicating price of each of the above items separately in the same. Akbar Retail store has given a single cheque of ₹1,00,000/- for all the items as a composite discounted price. State the type of supply and the tax rate applicable in this case.

Ans.

In the given case, the items supplied by Dumdum Electronics are not naturally bundled in the ordinary course of business. Therefore, such supply is not a composite supply. Further, although Akbar Retail Store has paid a composite discounted price for these goods, Dumdum Electronics has not charged a single price for the said supply. Therefore, said supply is also not a mixed supply. Supply of these goods is, therefore, supply of individual items which are taxable at the respective rates applicable to them.

ILLUSTRATION 13

Manikaran, a registered supplier of Delhi, has supplied 20,000 packages at ₹ 30 each to Mukhija Gift Shop in Punjab. Each package consists of 2 chocolates, 2 fruit juice bottles and a packet of toy

balloons. Determine the rate(s) of GST applicable in the given case assuming the rates of GST to be as under:

- Chocolates - 18%
- Fruit juice bottles - 12%
- Toy balloons - 5%

Ans.

As per Section 2(74) of the CGST Act, 2017, mixed supply means two or more individual supplies of goods or services, or any combination thereof, made in conjunction with each other by a taxable person for a single price where such supply does not constitute a composite supply.

supply of a package containing chocolates, fruit juice bottles and a packet of toy balloons is a mixed supply as each of these items can be supplied separately and is not dependent on any other. Further, as per section 8 of the CGST Act, 2017, the mixed supply is treated as a supply of that particular supply which attracts the highest rate of tax. Thus, in the given case, supply of packages is treated as supply of chocolates since chocolate attracts the highest rate of tax. The rate of GST applicable on the package of ₹6,00,000 $[20,000 \times ₹30]$ shall be 18%.

ILLUSTRATION 14

Gagan Engineering Pvt Ltd, registered in Haryana, is engaged in providing maintenance and repair services for heavy steel machinery. For carrying out the repair work, Gagan Engineering Pvt Ltd sends its container trucks equipped with items like repair equipments, consumables, tools, parts etc from Haryana workshop to its own repairing centres (registered under GST law) located in other States across India where the clients' machinery are being brought and are being repaired. Discuss the levibility of GST on the inter-state movement of trucks from the workshop of Gagan Engineering Pvt Ltd in Haryana to its own repairing centres located in other States across India.

Ans.

As per Section 25, a person who has obtained more than one registration, whether in one State or Union territory or more than one State or Union territory shall, in respect of each such registration, be treated as 'distinct persons'.

Schedule I to the CGST Act specifies situations where activities are to be treated as supply even if made without consideration.

Supply of goods and/or services between 'distinct persons' as specified in Section 25, when made in the course or furtherance of business is one such activity included in Schedule I.

However, in view of the GST Council's recommendation, it has been clarified that the inter-state movement of various modes of conveyance between 'distinct persons' as specified in Section 25, not involving further supply of such conveyance, including trucks carrying goods or passengers or both or for repairs and maintenance, may be treated 'neither as a supply of goods nor supply of service' and therefore, will not be leviable to IGST.

Thus, in the given case, inter-state movement of trucks from the workshop of Gagan Engineering Put Ltd located in Haryana to its repair centres located in other States is 'neither a supply of goods nor supply of service'.

PTL Put Ltd is a retail store of merchandise located in 25 States/UTs in the country. For the purpose of clearance of stock of merchandise and to attract consumers, PTL Pvt Ltd launched scheme of "Buy One Get One Free" for the same type of merchandise, for instance, one shirt to be given free with purchase of one shirt. Determine how the taxability of the goods supplied under "Buy one Get One Free" scheme is determined.

Ans.

As per Section 7(1)(a) of CGST Act, the goods or services which are supplied free of cost (without any consideration) are not treated as "supply" except in case of activities mentioned in Schedule I of the CGST Act. Under "Buy One Get One Free" scheme, it may appear at first glance that in case of offers like "Buy One, Get One Free", one item is being "supplied free of cost" without any consideration. However, it is not an individual supply of free goods, but a case of two or more individual supplies where a single price is being charged for the entire supply. It can at best be treated as supplying two goods for the price of one. Taxability of such supply will be dependent upon as to whether the supply is a composite supply or a mixed supply and the rate of tax shall be determined accordingly.

Sarvanna & Sons wishes to start supplying liquor in the State of Tamil Nadu. Therefore, it applies for license for selling liquor to the Tamil Nadu Government for it has charged specified fee from it. Examine whether the grant of alcoholic liquor license by the Tamil Nadu Government to Sarvanna & Sons qualifies as supply.

Ans.

Services by way of grant of alcoholic liquor license by the State Governments have been notified to be treated neither as a supply of goods nor as a supply of service. Such licence is granted against consideration in the form of licence fee or application fee or by whatever name it is called. This special dispensation is applicable only to supply of service by way of grant of liquor licenses by the State Governments as an agreement between the Centre and States and is not applicable/has no precedence value in relation to grant of other licenses and privileges for a fee in other situations, where GST is payable. Thus, in the given case, the grant of alcoholic liquor license by the Tamil Nadu Government to Sarvanna & Sons is neither a supply of goods nor a supply of service.

M/s Chand is a manufacturer of Paper products having factory at Pune, Maharashtra. M/s Kela and M/s Bela of Mumbai, Maharashtra are appointed as agents to sell the products on behalf of M/s Chand with the condition that both of them guarantee the realization of payment from buyers.

Both M/s Kela and M/s Bela provide short-term borrowing facilities to buyers for timely payment of dues against supplies made to them and for this they charge interest from the ultimate buyer. While M/s Kela raises invoices in the name of M/s Chand and M/s Bela raises invoices in its own name.

In light of provisions contained in Para 3 of Schedule I of CGST Act, kindly explain treatment of interest charged by M/s Kela and M/s Bela in above mentioned cases.

Answer

- M/s Kela and M/s Bela are Del-Credere Agents (DCA) of M/s Chand as they guarantee the payment to the supplier. A DCA falls under the ambit of 'agent' under Para 3 of Schedule I of the CGST Act, 2017 if the invoice for supply of goods is issued by the DCA in its own name. However, if the invoice for supply of goods is issued by the supplier to the customer, either himself or through DCA, the DCA is not an 'agent' in terms of Para 3 of Schedule I. Thus, while M/s Bela is an agent of M/s Chand in terms of Para 3 of Schedule I, M/s Kela is not.
- Where the DCA is not an agent under Para 3 of Schedule I, the temporary short-term loan being provided by DCA to the buyer is a supply of service by the DCA to the recipient on principal-to-principal basis and is an independent supply. Said supply is specifically exempt from tax. Thus, interest charged by M/s Kela is an independent supply and is exempt from tax.
- Where the DCA is an agent under Para 3 of Schedule I, the temporary short-term credit being provided by DCA to the buyer no longer retains its character of an independent supply and is

subsumed in the supply of the goods by the DCA to the recipient. The value of the interest charged for such credit is included in the value of supply of goods by DCA to the recipient. Thus, interest charged by M/s Bela will be included in the value of goods supplied by it.

Explain the concept of composite supply and mixed supply. A trader launches a package sales for marriage containing double bed, refrigerator, washing machine, wooden wardrobe at a single rate. He is issuing an invoice showing value of each goods separately, whether this is case of mixed supply or composite supply. Explain.

Answer

- Composite supply comprises of two or more taxable supplies of goods or services or both, or any combination thereof, which are naturally bundled and supplied in conjunction with each other in the ordinary course of business, one of which is a principal supply.
- Mixed supply means two or more individual supplies of goods or services, or any combination thereof, made in conjunction with each other by a taxable person for a single price where such supply does not constitute a composite supply.
- Items such as double bed, refrigerator, washing machine and wooden wardrobe are not naturally bundled and also the invoice for the supply shows separate values for each item, ie the package is not supplied for a single price. Therefore, supply of such items as a package will neither constitute a composite supply nor a mixed supply. Thus, the various items of the package will be treated as being supplied individually and they would be taxed at their respective rates.

Examine whether the following activities would amount to "supply" under GST law?

- i. Glory Ltd is engaged in manufacturing and selling of cosmetic products. Seva Trust, a charitable organisation approached Glory Ltd to provide financial assistance for its charitable activities. Glory Ltd donated a sum of ₹ 2 lakh to Seva Trust with a condition that Seva Trust will place a hoarding at the entrance of the trust premises displaying picture of products sold by Glory Ltd.
- ii. Mr Swamy of Chennai is working as a manager with ABC Bank. He consulted M/s Jacobs and company of London and took its advice for buying a residential house in Mumbai and paid them consultancy fee of 200 UK Pound for this import of service.

Answer

- i. An activity qualifies as supply under GST only if it is for a consideration and is in course/furtherance of business. Donations received by the charitable organizations are treated as consideration only when there's an obligation on part of the recipient of the donation to do anything. Since in the given case, the display of products sold by the donor - Glory.Ltd - in charitable organization's premises aims at advertising/promotion of its business, it is supply for consideration in course/furtherance of business and thus, qualifies as supply under GST law.
- ii. Supply includes importation of services, for a consideration whether or not in the course/furtherance of business. Thus, in the given case, the import of services by Mr Swamy amounts to supply although it is not in course/furtherance of business.

Examine whether the following activities would amount to "supply" under GST law?

- Mr Sonu from Chandigarh purchased a water cooler from Malhotra Bros of Hoshiarpur for ₹ 25,000 to donate it to a temple situated in Hoshiarpur. Mr Sonu directed Malhotra Bros to engrave the words on the water cooler - "Donated by Mr Sonu from Chandigarh" and dispatch the water cooler directly to the temple.
- Wesco Ltd, a registered person in Ahmedabad (Gujarat) having head office located in Singapore, received management consultancy services free of cost from its head office.

Answer

- An activity qualifies as supply under GST only if it is carried out for a consideration and is in course or furtherance of business. In the existing case, water cooler has been donated to a temple with no reference or mention of any business activity of the donor which otherwise would have got advertised. In case of donations, no GST is leviable where all the three conditions are satisfied - namely the gift or donation is made to a charitable organization, the

payment has the character of gift or donation and the purpose is philanthropic [ie, it leads to no commercial gain] and not advertisement. Since all the conditions are satisfied in the present case, the transaction wouldn't qualify as supply and thus GST shall not be leviable.

- ii. As per section 7 (1) (c) of CGST Act read along with Schedule I of CGST Act, import of services by a person from a related person or from any of his establishments located outside India in the course or furtherance of business shall be treated as supply irrespective of the presence of consideration. Therefore, in the present case, management consultancy services received by Wesco Ltd [a registered person in Ahmedabad, Gujarat] free of cost from its head office located in Singapore shall be deemed as supply.

ILLUSTRATION 23

Examine the existence of "consideration" for donation received by charitable institutions from individual donors, without quid pro quo an important feature as defined in section 2(31) of the CGST Act, 2017.

Answer

- Donations received by the charitable institutions from individual donors are treated as consideration only if there exists, quid pro quo, ie there is an obligation on part of recipient of the donation or gift to do anything.
- When the name of the donor is displayed in recipient institution premises, in such a manner, which can be said to be an expression of gratitude and public recognition of donor's act of philanthropy and is not aimed at giving publicity to the donor in such a manner that it would be an advertising or promotion of his business, then it can be said that there is no supply of service for a consideration [in the form of donation]. There is no obligation [quid pro quo] on the part of recipient of the donation or gift to do anything [supply a service]. Therefore, there is no GST liability on such consideration.

COMPOSITION SCHEME

ILLUSTRATION 1

Sultan & Sons, a partnership firm, in Nagpur, Maharashtra is a wholesaler of a taxable product 'P' and product 'Q' exempt by way of a notification, in the State of Maharashtra. Its aggregate turnover in the preceding financial year is ₹ 130 lakhs. The firm wishes to opt for composition scheme under sub-sections (1) & (2) of Section 10 of the CGST Act. However, its accountant is of the view that a person engaged in making supply of exempt goods is not eligible for the said scheme. Discuss.

Note: Assume that Sultan & Sons is not engaged in manufacture of goods as notified u/s 10 (2) (e).

Ans.

The view taken by the accountant of Sultan & Sons is not valid in law. A registered person with an aggregate turnover in a preceding financial year up to ₹ 1.5 crore is eligible for composition levy, u/s 10 (1) & 10(2), in Maharashtra. Further, such person must not be engaged in making any supply of goods which are not leviable to tax under this Act and must not be engaged in making any inter-state outward supplies of goods, for being eligible to pay tax under said scheme.

In the given case, the aggregate turnover of Sultan & Sons does not exceed ₹1.5 crore. Further, it is engaged in making only intra-state supply of goods and Product P supplied by it is taxable and Product Q supplied by it is leviable to tax though exempted by way of notification. Therefore, it is eligible for composition levy 4/510 (1) & 10 (2) in the current year.

ILLUSTRATION 2

A person availing composition scheme, under sub-sections (1) & (2) of Section 10 of the CGST Act, in Haryana during a financial year crosses the turnover of ₹ 1.5 crore in the month of December. Will he be allowed to pay tax under composition scheme for the remainder of the year, ie till 31st March? Please advise.

Ans.

No. The option to pay tax under composition scheme lapses from the day on which the aggregate turnover of the person availing composition scheme for goods during the financial year exceeds the specified limit (₹1.5 crore). Once he crosses the threshold, he is required to file an intimation for

withdrawal from the scheme in prescribed form within 7 days of the occurrence of such event.

Every person who has furnished such an intimation, may electronically furnish at the common portal, a statement in prescribed form containing details of the stock of inputs and inputs contained in semi-finished or finished goods held in stock by him on the date on which the option is withdrawn, within a period of 30 days from the date from which the option is withdrawn.

ILLUSTRATION 3

Determine whether the suppliers in the following cases are eligible for composition levy, u/s 10 (1) & 10(2) of the CGST Act, 2017, provided their turnover in the preceding year does not exceed ₹1.5 crore:

- (a) Mohan Enterprises is engaged in trading of pan masala in Rajasthan and is registered in the same State.
- (b) Sugam Manufacturers has registered offices in Punjab and Haryana and supplies goods in neighbouring States.

Ans.

- (a) A supplier engaged in the manufacture of goods as notified u/s 10(2)(e), during the preceding FY is not eligible for composition scheme u/s 10 (1) and 10(2). Ice cream and other edible ice, whether or not containing cocoa, pan masala, tobacco and manufactured tobacco substitutes and aerated waters are notified under this category. However, in the given case, since Mohan Enterprises is engaged in trading of pan masala (and not in manufacture of pan masala) and his turnover does not exceed ₹1.5 crore, he is eligible for composition scheme subject to fulfilment of specified conditions.
- (b) Since supplier of inter-state outward supplies of goods is not eligible for composition levy, sugam Manufacturers is not eligible for composition levy.

ILLUSTRATION 4

Subramanian Enterprises has two registered places of business in Delhi. Its aggregate turnover for the preceding year for both the places of business was ₹120 lakhs. It wishes to pay tax under composition levy, u/s 10 (1) & 10 (2) of the CGST Act, 2017, for one of the places of business in the current year while under normal levy for other. You are required to advice Subramanian Enterprises whether he can do so?

Ans.

A registered person with an aggregate turnover in a preceding financial year up to ₹1.5 crore is eligible for composition levy, u/s 10 (1) & 10(2), in Delhi. Since the aggregate turnover of Subramanian Enterprises does not exceed ₹ 1.5 crore, it is eligible for composition levy in the current year. However, all registered persons having the same Permanent Account Number (PAN) have to opt for composition scheme. If one such registered person opts for normal scheme, others become ineligible for composition scheme. Thus, Subramanian Enterprises either have to opt for composition levy for both the places of business or under normal levy for both the places of business.

ILLUSTRATION 5

Mr Ajay has a registered repair centre where electronic goods are repaired/serviced. His repair centre is located in State of Rajasthan and he is not engaged in making any inter-state supply of services. His aggregate turnover in the preceding financial year (FY) is ₹ 45 lakhs.

With reference to the provisions of the CGST Act, 2017, examine whether Mr Ajay can opt for the composition scheme u/s 10 (1) & 10 (2) of the CGST Act, 2017 in the current financial year? Or whether he is eligible to avail the benefit of composition scheme u/s 10(2 A) ?

Considering the option of payment of tax available to Mr Ajay, compute the amount of tax payable by him assuming that his aggregate turnover in the current financial year is ₹35lakhs.

Will your answer be different if Mr Ajay procures few items required for providing repair services from neighboring State of Madhya Pradesh?

Ans.

- Section 10(1) provides that a registered person, whose aggregate turnover in the preceding financial year did not exceed ₹ 1.5 crore (₹75 lakhs in Special Category States except Assam, Himachal Pradesh and 78K), may opt to pay, in lieu of the tax payable by him, an amount calculated at the specified rates. However, as per proviso to Section 10(1), person who opts to pay tax under composition scheme may supply services other than restaurant services, of value not exceeding 10% of the turnover in a State or Union Territory in the preceding financial year or ₹5 lakhs, whichever is higher. In the given case, since Mr Ajay is an exclusive supplier of services other than restaurant services (ie, repair services), he is not eligible for composition scheme u/s 10 (1) & 10 (2).
- However, section 10(2A) provides an option to a registered person (subject to certain conditions)

whose aggregate turnover in the preceding financial year is upto ₹ 50 lakhs and who is not eligible to-pay tax under composition scheme u/s 10(1) & 10(2), to pay tax @ 6% of the turnover of supplies of goods and services in the State or Union Territory. Thus, in view of the above-mentioned provisions, Mr Ajay is eligible to avail the composition scheme u/s 10(2A) as his aggregate turnover in the preceding FY does not exceed ₹ 50 lakhs and he is not eligible to opt for the composition scheme u/s 10 (1) & 10(2). Amount of tax payable by him as per the composition scheme u/s10 (2 A) is ₹ 2,10,000 [6% of ₹ 35 lakhs].

- A registered person cannot opt for composition scheme u/s10(2 A), if, inter alia, he is engaged in making any inter-state outward supplies. However, there is no restriction on inter-state procurement of goods. Hence, answer will remain the same even if Mr Ajay procures few items from neighbouring State of Madhya Pradesh.

ILLUSTRATION 6

M/s United Electronics, a registered dealer, is supplying all types of electronic appliances in the State of Karnataka. Their aggregate turnover in the preceding financial year by way of supply of appliances was ₹ 120 L. The firm also expects to provide repair and maintenance service of such appliances from the current financial year. With reference to the provisions of the CGST Act, 2017, examine:

- Whether the firm can opt for the composition scheme, u/s10(1) and 10(2) of the CGST Act, 2017, for the current financial year, as the turnover may include supply of both goods and services?
- If yes, up to what amount, the services can be supplied?

Ans.

- The registered persons, whose aggregate turnover in the preceding financial year did not exceed ₹1.5 crore, may opt to pay tax under composition levy, u/s 10(1) and 10(2). The scheme can be availed by an intra-state supplier of goods and supplier of restaurant service. However, the composition scheme permits supply of marginal services [other than restaurant services] for a specified value along with the supply of goods and restaurant service, as the case may be. Thus, M/s united Electronics can opt for composition scheme for the current financial year as its aggregate turnover is less than ₹1.5 crore in the preceding financial year and it is not engaged in inter-state outward supplies.
- The registered person opting for composition scheme, 4/510(1) and 10(2), can also supply services [other than restaurant services] for a value upto 10% of the turnover in the preceding year or ₹ 5 lakhs, whichever is higher, in the current financial year. Thus, M/s United Electronics

can supply repair and maintenance services up to a value of ₹ 12 lakhs [10% of ₹120L or ₹s lakhs, whichever is higher] in the current financial year.

ILLUSTRATION 7

Mr Zafar of Assam, provides the following information for FY 2022-23 [ie, the preceding financial year]. You are required to find out the aggregate turnover for the purpose of eligibility of composition levy scheme and determine whether he is eligible for composition levy scheme or not, for FY 2023-24.

S.No.	Particulars	Amount (₹ in lakhs)
(i)	Value of taxable outward supplies (Out of ₹ 50 lakhs, ₹ 10 lakhs was in course of inter-state transactions)	50.00
(ii)	Value of exempt supplies (Out of ₹ 70 lakhs, ₹ 30 lakhs was received as interest on loans & advances)	70.00
(iii)	Value of inward supplies on which he is liable to pay tax under reverse charge	5.00
(iv)	Value of exports	5.00
All the amounts are exclusive of GST.		

Answer

Computation of Aggregate Turnover of Mr Zafar of Assam For FY 2023-24:

S.No.	Particulars	Amount (₹ in lakhs)
(i)	Value of taxable outward supplies (Out of ₹ 50 lakhs, ₹ 10 lakhs was in course of inter-state transactions) {value of all taxable supplies including inter-state supplies are includible in aggregate turnover}	50.00
(ii)	Value of exempt supplies (Out of ₹ 70 lakhs, ₹ 30 lakhs was received as interest on loans & advances) ∴ Value of exempt supplies is includible in aggregate turnover. However, value of supply of exempt services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount is not includible in aggregate turnover for determining eligibility for composition scheme?	40.00

(iii)	Value of inward supplies on which he is liable to pay tax under reverse charge {Excludible from aggregate turnover}	-
(iv)	Value of exports {Includible in aggregate turnover}	5.00
Aggregate Turnover For Determining Eligibility For Composition Scheme		95.00

A registered person of Assam is eligible to opt for composition levy if his aggregate turnover does not exceed ₹ 1.5 crore in the preceding financial year provided he is not engaged in inter-state outward supplies of goods. Therefore, in the given case, assuming that he is not engaged in making any inter-state outward supply of goods in FY 2023-24, Mr 2afar is eligible to opt for composition levy for FY 2023-24 since his aggregate turnover does not exceed ₹1.5 crore in FY 2022-23.

ILLUSTRATION 8

M/sT is a registered dealer of Andhra Pradesh trading in different types of machinery and its related different types of services. Their aggregate turnover for the preceding financial year [ie, FY 2022-23] from sale of machinery was ₹ 1.32 Cr. It was the first year of business, so they had not started for providing service related to machinery. From FY 2023-24, they are planning to provide repair and maintenance service of ₹ 6.25 Lakh for which they have to purchase some raw material of ₹ 5 Lakh from the other state [till date they are purchasing within state only].

From the information given above, examine whether M/S T can opt for composition scheme u/s 10 (1) and 10 (2) or 10 (2A) of the CGST Act for FY 2023-24?

Answer

- A registered supplier of goods whose aggregate turnover in the preceding financial year does not exceed ₹ 1.5 crore [₹75 lakhs in case of Specified Special Category States] may opt for composition scheme prescribed u/s 10(1) & 10(2) of CGST Act, 2017 provided the value of services in the current financial year doesn't exceed 10% of turnover of preceeding financial year or ₹ 5 lakhs, whichever is higher.
- In the present case, the turnover of M/s T during the preceding FY [ie, FY 2022-23] is ₹1.32 crore, ie within ₹1.5 crore. Therefore, M/sT [engaged in supply of repair and maintenance services along with machines] can opt for composition scheme prescribed u/s10 (1) & 10 (2) of CGST Act, 2017 if the turnover of services in the current FY [ie, FY 2023-24] doesn't exceed ₹ 13,20,000.

- Since the turnover of services during FY 2023-24 is ₹ 6,25,000 (ie, within the permissible limit of ₹ 13,20,000), M/s T can opt for composition scheme prescribed u/s 10(1) & 10(2) of CGST Act, 2017.
- A composition supplier is not permitted to make inter-state supply of goods and/or services on his outward leg, however he is free to make inter-state procurement of goods and/or services on his inward leg. Therefore, inter-state procurement of raw material of ₹ 5 lakhs will not have any impact on the eligibility for composition scheme in the present case.

CHAPTER - 5

TIME OF SUPPLY

ILLUSTRATION 1

Explain the significance of time of supply under GST law.

Ans.

GST is payable on supply of goods or services. Time of supply indicates the point in time when the liability to pay tax arises. However, it is important to note that though the liability to pay tax arises at the time of supply, the same can be paid to the Government by the due date prescribed with reference to the said 'time of supply'. The CGST Act provides separate provisions for time of supply for goods and services vide Sections 12 and 13.

GST is payable on advance received for supply of goods and services taxable under forward charge. Do you agree with the statement? Support your answer with legal provisions.

Ans.

The statement is not correct. While GST is payable on advance received for supply of services taxable under forward charge, the same is not payable in case of advance received for supply of goods taxable under forward charge. As per section 13, the time of supply of services taxable under forward charge needs to be determined as follows:

- If the invoice is issued within 30 days from the date of supply of service, the time of supply is date of issue of invoice or date of receipt of payment, whichever is earlier.
- If the invoice is not issued within 30 days from the date of supply of service, the time of supply is date of provision of service or date of receipt of payment, whichever is earlier.

Thus, in case of services, if the supplier receives any payment before the provision of service or before the issuance of invoice for such service, the time of supply gets fixed at that point in time and the liability to pay tax on such payment arises. However, the tax can be paid by the due date prescribed with reference to such time of supply.

As regards time of supply of goods taxable under forward charge is concerned, Notification No 66/2017-CT dated 15 th November 2017 provides that a registered person (excluding composition supplier) should pay GST on the outward supply of goods at the time of supply as specified in Section 12(2) (a) {ie, the date of issue of invoice or the last date on which invoice ought to have been issued in terms of section 31}. Therefore, in case of goods, tax is not payable on receipt of advance payment.

Ans.

As per section 13(3), time of supply of service taxable under reverse charge is the earlier of the following two dates:

- Date of payment;
- 61st day from the date of issue of invoice.

In this case, the date of payment precedes 61st day from the date of issue of invoice by the supplier of service. Hence, the date of payment, ie 17th June, will be treated as the time of supply of service.

Raju Put Ltd receives the order and advance payment on 5th January for carrying out an architectural design job. It delivers the designs on 23rd April. By oversight, no invoice is issued at that time, and it is issued much later, after the expiry of prescribed period for issue of invoice. When is the time of supply of service?

Ans.

Since the invoice has not been issued within the prescribed time period, time of supply of service will be the earlier of the following two dates in terms of Section 13(2):

- Date of provision of service;
- Date of receipt of payment.

The payment was received on 5th January and the service was provided on 23rd April. Therefore, the date of payment, ie 5th January is the time of supply of the service in this case.

As per Notification No 66/2017-CT dated 15th November 2017, a registered person [excluding composition supplier] has to pay GST on the outward supply of goods at the time of supply as specified in Section 12 (2) (a) {ie, date of issue of invoice or the last date on which invoice ought to have been issued in terms of section 31}. In this case since the invoice has not been issued, the time of supply for the purpose of payment of tax will be the last date on which the invoice is required to be issued.

The invoice for supply of goods must be issued on or before the dispatch of goods, ie on 2nd August. Therefore, the time of supply for the purpose of payment of tax for the goods will be 2nd August, the date when the invoice should have been issued.

An order is placed on Ram & Co on 18th August for supply of a consignment of customized shoes. Ram & Co gets the consignment ready and informs the customer and issues the invoice on 2nd December. The customer collects the consignment from the premises of Ram & Co on 7th December and electronically transfers the payment on the same date, which is entered in the accounts on the next day, 8th December. What is the time of supply of the shoes for the purpose of payment of tax?

Ans.

As per Notification No 66/2017-CT dated 15th November 2017, a registered person (excluding composition supplier) has to pay GST on the outward supply of goods at the time of supply as specified in Section 12(2) (a) {ie, date of issue of invoice or the last date on which invoice ought to have been issued in terms of section 313. The employees use them in various stores for purchases of various edible items on different dates throughout the six months. What is the date of supply of the coupons?

Ans.

As the coupons can be used for a variety of food items, which are taxed at different rates, the supply cannot be identified at the time of purchase of the coupons. Therefore, the time of supply of the coupons is the date of their redemption in terms of Section 12(4).

A firm of advocates issues invoice for services to ABC Ltd on 17th Feb. The payment is contested by ABC Ltd on the ground that on account of negligence of the firm, the company's case was dismissed by the Court for non-appearance, which necessitated further appearance for which the firm is billing the company. The dispute drags on and finally payment is made on 3rd November. Identify the time of supply of the legal services.

Ans.

Tax on services supply by a firm of advocates by way of legal services to any business entity is payable under reverse charge by such firm of advocates. As per section 13(3), the time of supply of services that are taxable under reverse charge is earliest of the following two dates:

- Date of payment (3rd November); or
- 61st day from the date of issue of invoice (19th April).

The date of payment comes subsequent to the 61st day from the issue of invoice by the supplier of service. Therefore, the 61st day from the date of supplier's invoice has to be taken as the time of supply. This fixes 19th April as the time of supply.

In one case, it tested a batch of devices on 4th and 5th September but could not raise invoice till 19th November because of some dispute about the condition of the devices on return. The payment was made in December. What is the method to fix the time of supply of the service?

Ans.

Section 13 provides that if the invoice is not issued within 30 days from the date of supply of service, the time of supply of service is the date of provision of service or the date of receipt of payment, whichever is earlier.

In this case, the service is provided on 5th September but not invoiced within the prescribed time limit. Therefore, 5th September, the date of provision of service, being earlier than the date of payment, will be the time of supply.

M/s XYZ & CO, a firm of Chartered Accountants, issued invoice for services rendered to Mr A on 7th September. Determine the time of supply in the following independent cases:

- (i) The provision of service was completed on 1st August and payment was received on 28th September.
- (ii) The provision of service was completed on 14th August and payment was received on 28th September.
- (iii) Mr A made the payment on 3rd August. However, provision of service was remaining to be completed at that time.
- (iv) Mr A made the payment on 15th September. However, provision of service was remaining to be completed at that time.

Ans.

Section 13 provides that if the invoice is issued within 30 days from the date of supply of service, the time of supply of service is the date of issue of invoice or the date of receipt of payment, whichever is earlier. However, if the invoice is not issued within 30 days from the date of supply of service, the time of supply of service is the date of provision of service or the date of receipt of payment, whichever is earlier.

In accordance with the aforesaid provisions, the time of supply in the four independent cases will be:

- (i) 1st August since the invoice is not issued within 30 days of supply of service.
- (ii) 7th September since the invoice is issued within 30 days of supply of service and the payment is received after the issuance of invoice.
- (iii) 3rd August {ie, Earlier of date of invoice [7th September] or date of receipt of payment [3rd August]}
- (iv) 7th September {ie, Earlier of date of invoice [7th September] or date of receipt of payment [15th September]}

- (ii) Time of supply of service

Ans.

- (i) Tax on services supplied by a recovery agent to, inter alia, a non-banking financial company (NBFC) is payable under reverse charge by such non-banking financial company. Therefore, in the given case, person liable to pay GST is the NBFC - Newton Credits Ltd.
- (ii) As per Section 13(3), the time of supply of service on which GST is payable under reverse charge is earlier of the following:
 - Date of payment as entered in the books of account of the recipient (18th April);
 - Date on which the payment is debited in his bank account (20th April); or
 - Date immediately following 60 days since issue of invoice by the supplier (9th April).

However, Miss Digana made payment for the said goods on 2nd February and thus, paid interest amounting to ₹ 2,000. What is the time of supply with regard to addition in the value by way of interest in lieu of delayed payment of consideration?

Ans.

As per Section 12(6), the time of supply with regard to an addition in value on account of interest, late fee or penalty or delayed payment of consideration is the date on which the supplier received such additional consideration. Thus, time of supply in respect of interest would be the date on which the supplier has received such additional consideration, ie 2nd February.

- Goods were supplied on 3rd October
- Invoice was issued on 5th October
- Payment received on 9th October

Determine the time of supply of goods for the purpose of payment of tax.

Ans.

As per Notification No 66/2017-CT dated 15th November 2017, a registered person (excluding composition supplier) has to pay GST on the outward supply of goods at the time of supply as specified in Section 12(2) (a) {ie, date of issue of invoice or the last date on which invoice ought to have been issued in terms of section 31}. Further, a registered person is required to issue a tax invoice before or at the time of removal of goods for supply to the recipient.

Thus, in the given case, the invoice for supply of goods should have been issued on or before the removal of goods, ie on 3rd October. However, since the invoice has not been issued within the prescribed time, the time of supply for the purpose of payment of tax will be the last date on which the invoice is required to be issued, ie 3rd October.

It made the balance payment of ₹ 1,50,000 on 12-12-2023. You are required to determine the time of supply, if Mr Ganatra raised the invoice on:

(i) 6-10-2023; or

(ii) 17-12-2023.

Answer

GST On supply of services by an author by way of transfer or permitting the use or enjoyment of a copyright covered u/s 13(1) (a) of the Copyright Act, 1957 relating to original literary works to a publisher is payable under reverse charge by such publisher, i.e. Know & Grow Publishers.

The time of supply of service, on which GST is payable under reverse charge, is earlier of the following two dates:

- Date of payment; or
- 61st day from the date of issue of invoice by the supplier.

(i) If the invoice is issued on 06.10.2023, time of supply shall be as under:

VALUE OF SUPPLY

Are post-supply discounts eligible for deduction from the value of supplies in all situations? Explain.

Ans.

Post-supply discounts are not eligible for deduction from the value of supplies in all situations. Such discounts are allowed as a deduction from the value of supply only in the situations where the following conditions are satisfied:

- The discount is in terms of an agreement that existed at the time of supply and can be worked out invoice-wise; and
- Proportionate input tax credit is reversed by the recipient {The buyer would have availed ITC of GST payable on the gross value specified in the invoice. Thus, when a credit note is issued to him by the supplier for the discount, the buyer will reverse the proportionate credit, consequent to which the supplier's output tax liability will be reduced by the same amount}

If any of the above conditions are not satisfied, post-supply discount is not allowed as a deduction from the value of supply and consequently, GST liability of the supplier does not get reduced.

'Consideration under GST law includes both monetary and non-monetary considerations.' Discuss the correctness or otherwise of the statement with reference to the definition of term 'consideration' provided under the CGST Act.

Ans.

The statement is correct. As per the definition of the term 'consideration' provided under the CGST Act, consideration under the GST law includes both payment in money or otherwise made by the recipient or any other person and also takes within its sweep the monetary value of any act or forbearance for the supply by the recipient or any other person. Further, it includes within its ambit any deposit which is applied as a consideration for the supply but excludes the subsidies provided by the State or Central Government.

The term money has also been defined under the CGST Act. It not only includes cash [Indian as well as foreign currency] but also cheque, promissory note, bill of exchange, letter of credit, draft, pay order, traveller's cheque, money order, postal/electronic remittance or any such similar instrument recognized by RBI. Non-monetary consideration essentially means consideration in kind.

Sharp Minds institute provides coaching for engineering entrance examinations. Fee charged by the Institute from a student is ₹10,000 per month. The Institute is known for its commitment to provide education to underprivileged children. It trains 10 students every year for entrance examinations free of cost.

The Institute has received ₹3,00,000 as coaching fees during a month. Nav Jeevan, an NGO working in the area of education for underprivileged children, has given a subsidy of ₹ 10,000 [in lumpsum] during the month to the institute as it is serving the cause of underprivileged children.

Determine the value of supply of education services made by sharp Minds institute during the month.

Ans.

As per Section 15(2)(e), the value of a supply includes subsidies directly linked to the price, excluding subsidies provided by the State Governments and the Central Government.

In the given case, though the subsidy is given by a non-Government body, the same is not includible in the value as it is given in lumpsum and not directly linked to the price of the supply being valued. Therefore, the value of supply made by sharp Minds during the month is ₹ 3,00,000.

Furniture-Wala is a chain of retail showrooms selling both modern and classic furniture. In order to build strong customer association, the showroom provides free delivery of the furniture at the premises of the customers if the distance between the showroom and the customer's premises is upto 20 kms. Where the distance is more than 20 kms, the showroom charges a concessional freight of ₹10 for every additional km.

Ms Leena Kapoor purchases a double bed, a dressing table and a centre table for ₹2,00,000 from Furniture-Wala. Ms Leena gets free delivery of the furniture as her residence is located at a distance of 18 kms from the showroom. The showroom incurs an expenditure of ₹1,000 'for delivering the furniture at Ms Leena's residence.

Determine the value of taxable supply made by Furniture-Wala. Will your answer change if residence of Ms Leena is 50 kms away from the showroom?

Ans.

In the given case, the showroom is not charging any amount towards freight from Ms Leena but incurring the same out of its own pocket. Therefore, the same should not be added to the value. Thus, the value of supply will be ₹ 2,00,000,

However, the answer will change in the second case when the showroom will charge ₹ 300 for freight $[(50\text{kms} - 20\text{kms}) \times ₹10]$ from Ms Leena. In this case, the supply will be a composite supply (principle supply being supply of furniture) and value thereof will be ₹ 2,00,300.

AKJ Foods Pvt Ltd argues that such testing fees should not form part of the consideration for the sale as it is a separate activity. Is the company's argument correct in the light of section 15?

Ans.

Section 15 (2) mandates addition of certain elements in the value of supply. Section 15(2) (c) specifies that amount charged for anything done by the supplier in respect of the supply at the time of or before delivery of goods or supply of services shall be included in the value of supply.

Since AKJ Foods Pvt Ltd does the testing before the delivery of goods, the charges therefor will be included in the value of the consignment. Therefore, AKJ Foods Pvt Ltd's argument is not correct. The testing fee should be added to the price to arrive at value of the consignment.

A philanthropic association makes a substantial donation each year to a reputed private management institution to subsidize the education of low-income group students who have gained admission there. The fee for these individuals is reduced thereby coming to ₹3lakhs a year compared to ₹5lakhs a year for other students. What would be the value of the service of coaching and instruction provided by the institution to the low-income group students?

Ans.

As per Section 15(2)(e), the value of a supply includes subsidies directly linked to the price, excluding State Government and Central Government subsidies. In this case, the subsidy is not received from Government but from a philanthropic association. Therefore, the subsidy is to be added back to the price to arrive at the value, which comes to ₹ 5 lakhs a year.

Mezda Banners, an advertising firm, gives its customers an interest-free credit period of 30 days for payment. Its customer paid for the supply 32 days after the supply of service. Mezda Banners waived the interest payable for delay of two days. The Department wants to add interest for two days to the value of supply. Should notional interest be added to the value?

Ans.

This is a supply that is valued as per transaction value u/s15(1) as the price is the sole consideration for the supply and the supply is made to unrelated person. The value of a supply includes certain elements like interest which are actually payable. Since waived, the interest is not payable and is therefore, not to be added to the value.

Crunch Bakery Products Ltd sells biscuits and cakes through its dealers, to whom it charges the list price minus standard discount and pays GST accordingly. When goods remain unsold with the dealers, it offered additional discounts on the stock as an incentive to push the sales. Can this additional discount be reduced from the price at which the goods were sold, and corresponding tax adjustments made?

Ans.

The discounts were not known or agreed for at the time of supply of goods to the dealers. Therefore, in terms of Section 15 (3), such discounts cannot be reduced from the price on which tax had been paid.

If the person was liable to take registration and he has applied for registration within 30 days from the date on which he became liable to registration, then ITC of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the day immediately preceding the date on which he became liable to pay tax can be taken.

As per section 16(3), if the person taking the ITC on capital goods and plant and machinery has claimed depreciation on the tax component of the cost of the said items under the Income Tax Act 1961, the

Since in the given case, Swastik Pvt Ltd has claimed depreciation on the tax component of the cost of the machine, it cannot claim ITC of IGST of ₹ 14,400 paid by it on the machine. It can either claim depreciation on the tax component or avail ITC of such tax but cannot avail both the benefits simultaneously.

Ans.

Since the exemption available on goods being supplied by Babla Enterprises gets withdrawn, it becomes liable to registration as its turnover has crossed the threshold limit on the day when the exemption is withdrawn.

Assuming that Babla Enterprises applies for registration within 30 days of 1st October and it obtains such registration, it will be entitled to take credit of input tax in respect of inputs held in stock and inputs contained in semi-finished or finished goods held in stock on the day immediately preceding the date from which it becomes liable to pay tax, ie 30th September.

Ans.

Every registered person is entitled to take credit of input tax charged on any supply of goods and/or services which are used or intended to be used in the course or furtherance of his business if, inter alia, he is in possession of a tax invoice issued by a supplier and he has received the goods and/or services.

The registered person must pay to the supplier, the value of the goods and/or services along with the tax within 180 days from the date of issue of invoice. In the event of failure to do so, the corresponding credits availed by the registered person would be added to his output tax liability, with interest. However, once the recipient makes the payment of value of goods and/or services along with tax, he will be entitled to avail the credit again without any time limit. In case part-payment has been made, proportionate credit would be allowed.

In the given case, High-Fi Infotech (P) Ltd provides the service in the month of October and Comfortable (P) Ltd receives the invoice in the month of November. Note: All the parties are registered under GST and rate of GST is 18%.

Ans.

One of the conditions for availing ITC is that the registered person taking the ITC must have received the goods and/or services. However, goods delivered to a third person on the direction of the registered person by way of transfer of documents of title or otherwise, either before or during the movement, are deemed to have been received by such registered person. So, ITC is available to the registered person, on whose order the goods are delivered to a third person even though the registered person does not receive the goods.

In the given case, goods have been delivered by M/s Karim & Bros (supplier) to Shubhkamna sales (third person) on the direction of M/s Diwan & Sons (registered person). Therefore, in view of the above provisions, ITC of ₹ 2,250 ($₹50 \text{ per kg} \times 250 \text{ kg} \times 18\%$) will be available to M/s Diwan & Sons (registered person) on the purchase of 250 kg of plastic granules @ 50 per kg.

Further, in this case there is another supply between M/s Diwan & Sons (supplier) and Shubhkamna Sales (recipient). Therefore, shubhkamna sales can avail ITC of ₹ 2,700 ($₹60 \text{ per kg} \times 250 \text{ kg} \times 18\%$) on the purchase of 250 kg of plastic granules @ 60 per kg.

S Ltd, a manufacturer in Jaipur, entered into a contract with a supplier for supply of Input ' X ' in the month of October 2023. As per contract, it was agreed that 10,000 kgs of input ' X ' will be supplied for ₹7,28,000 (inclusive of CGST and SGST @ 6% each) in 4 lots. Invoice of ₹ 7,28,000 has been issued with supply of first lot of input ' x '. Following further information has been provided regarding supply of input ' X ' received in subsequent lots.

Input ' x ' (in Lots)	Quantity (Kgs)	Date of Receipt of Supply
First Lot	2,500	19 – 10 – 2023
Second Lot	3,000	21 – 10 – 2023
Third Lot	1,500	12 – 11 – 2023
Fourth Lot	3,000	01 – 12 – 2023

Briefly explain whether S Ltd is eligible to take credit on proportionate basis.

Ans.

Section 16(2) of CGST Act provides that where the goods against an invoice are received in lots or installments, credit can be taken only after the receipt of last lot. Therefore, S Ltd is not eligible to claim credit on proportionate basis. Since Input ' X ' has been received in lots, the credit of tax of ₹78,000 [$₹7,28,000 \times 12/112$] can be taken only after the receipt of last lot (ie, credit can be taken on or after 01-12-2023).

ILLUSTRATION 27

XYZ Ltd purchased goods valuing ₹ 6,00,000 [exclusive of CGST and SGST @ 9% each] under the cover of an invoice dated 25-12-2023. The company made payment to the supplier on the same date. Since there was a doubt regarding admissibility of tax credit on such inputs, the company did not take the input tax credit at the time of receipt of input. The company obtained clarification from a legal consultant who opined that the goods were eligible as inputs under Input Tax Credit Rules. The opinion was received on 05-05-2024. The company now wants to avail input tax credit of the tax paid on such inputs. Can it do so? The company has filed its annual return for FY 2023-24 on 12-08-2024.

Ans.

Section 16 [4] of CGST Act provides that a registered person shall not be entitled to take input tax credit in respect of any invoice or debit note for supply of goods or services after:

- [a] 30th November of succeeding financial year; or
- [b] furnishing of the relevant annual return, whichever is earlier.

In this case the inputs were purchased by invoice dated 25-12-2023, hence the time by which input tax credit in respect of such inputs can be taken shall be earlier of following dates:

- [a] 30-11-2024: or
- [b] 12-08-2024, being the date of furnishing of annual return for FY 2023-24.

Since XYZ Ltd can avail credit of input tax paid on inputs till 12-08-2024, therefore, it can avail credit of CGST ₹54,000 and SGST of ₹ 54,000 on 05-05-2024.

ILLUSTRATION 28

A registered supplier of taxable goods supplied goods valued ₹1,12,000 [inclusive of CGST ₹6,000 and SGST ₹6,000] to PQR Ltd under forward charge on 12-11-2022 for which tax invoice was also issued on the same date. The inputs were received by PQR Ltd on 12-11-2022. PQR Ltd availed credit of ₹12,000 on 15-12-2022. But PQR Ltd did not make any payment towards such supply along with tax thereon to the supplier. Is PQR Ltd eligible to avail input tax credit on such supply?

Discuss ITC implications if PQR Ltd makes payment of ₹ 78,400 to the supplier on 15-09-2023 and balance payment of ₹33,600 on 06-10-2023.

Ans.

- PQR Ltd can avail input tax credit on receipt of goods. But it is required to pay the consideration along with tax within 180 days from the date of issue of invoice.
- Where a registered person has availed credit on any inward supply of goods or services without making payment and such person fails to make payment to the supplier within 180 days from the date of issue of invoice, he shall furnish the details of such supply and the amount of input tax credit proportionate to such unpaid amount in his return of the month immediately following such 180 days.
- In this case, since PQR Ltd has not made any payment within 180 days from the date of invoice [ie upto 11th May 2023], therefore amount equal to input tax credit availed by PQR Ltd shall be considered as an output tax liability for the month of May 2023. Such details need to be furnished in the returns which are to be filed for the month of May 2023.
- Interest shall be calculated @ 18% p.a for the period starting from date of availing credit till the date when input tax credit added to the output tax liability is paid.
- If PQR Ltd makes payment of ₹78,400 to the supplier on 15-09-2023 and balance payment of ₹33,600 on 06-10-2023, PQR Ltd shall be entitled to avail input tax credit of ₹8,400 and ₹3,600 on 15-09-2023 and 06-10-2023 respectively.

XYZ Ltd, a manufacturer, which is engaged in supply of taxable goods has purchased 10,000 kgs of inputs for ₹1,00,000 [exclusive of CGST @ 6% and SGST @ 6%] on which input tax credit has been taken. Due to technical changes in manufacturing process, the said inputs became obsolete and their value has been written off in the books of accounts. Explain treatment of input tax credit in the above case.

Ans.

As per Section 17(5) of CGST Act, if the value of any goods is written-off in the books of accounts, then no input tax credit shall be allowed in respect of the said input. Where input tax credit has been taken in respect of the said goods, the same has to be paid back by the recipient. Since XYZ Ltd has availed input tax credit in the given case, thus it has to pay ₹ 6,000 [₹1,00,000 @ 6%] towards CGST and ₹6,000 towards SGST liability.

XYZ Ltd is engaged in supply of works contract services for construction of immovable property. It gives a part of the construction work to a sub-contractor. The sub-contractor charges GST in his invoice to XYZ Ltd. You are required to advise XYZ Ltd if it can avail input tax credit of the GST charged to it by the sub-contractor.

Ans.

As per Section 17(5) of CGST Act, input tax credit shall not be available in respect of works contract services when supplied for construction of an immovable property. However, credit is allowed where it is an input service for further supply of works contract service. In the given case, the services supplied by the sub-contractor have been used by XYZ Ltd for supply of works contract service. Hence, XYZ Ltd can avail input tax credit of the GST charged on the input service provided by the sub-contractor.

Ans.

As per section 17(5) of CGST Act, input tax credit shall not be available in respect of motor vehicles and conveyances. However, credit will be available when they are used for making taxable supplies of transportation of passengers. Since XYZ Ltd is engaged in transportation of passengers, it will be entitled to take credit of GST amounting to ₹ 10,08,000 [₹36L/28%].

Delicious Caterers charged ₹ 15,00,000 plus GST @ 18% for the supply of outdoor catering services, You are required to advise XYZ Ltd if it can avail input tax credit of GST paid on outdoor catering service.

Ans.

As per section 17(5) of CGST Act, input tax credit shall not be available in respect of supply of outdoor catering services. Hence, XYZ Ltd is not entitled to avail input tax credit of GST paid on outdoor

catering services availed from Delicious Caterers.

Briefly explain the provisions relating to reversal of ITC in case of non-payment of tax by the supplier and re-availment thereof.

Answer

Every registered person [ie, recipient of goods/services] shall be entitled to avail the credit of eligible input tax, as self-assessed, in his GSTR-3B and such amount shall be credited to his Electronic Credit Ledger.

Reversal of ITC Availed in Case of Default in Furnishing GSTR-3B By supplier:

- A registered person can avail ITC in GSTR-3B for a tax period in respect of such invoice/debit note, the details of which have been furnished by its supplier in the statement of outward supplies (in Form GSTR-1/using IFF).
- However, if supplier does not furnish return in Form GSTR-3B for the tax period corresponding to the said statement of outward supplies till 30th September following the end of FY in which the ITC in respect of such invoice/debit note has been availed, the said amount of ITC shall be reversed by the said recipient, while furnishing a return in Form GSTR-3B on or before 30 November following the end of such FY during which such ITC has been availed.
- However, where the said amount of ITC is not so reversed by the recipient, such amount shall be payable by the said recipient along with interest thereon u/s50.

Re-Availment of Reversed ITC: Where the said supplier subsequently furnishes the return in GSTR-3B for the said tax period and discharges his tax liability, the said recipient may re-avail the amount of credit reversed by him earlier.

[Health Care Sector] Good Health Medical Centre, a clinical establishment, offers following services:

- (i) Reiki healing treatments. Such therapy is not a recognized system of medicine in terms of Section 2(h) of Clinical Establishments Act, 2010.
- (ii) Plastic surgeries. One such surgery was conducted to repair cleft lip of a new born baby.
- (iii) Air ambulance services to transport critically ill patients from distant locations to the Medical Centre.
- (iv) Palliative care for terminally ill patients. On request, such care is also provided to patients at their homes. [Palliative care is given to improve the quality of life of patients who have a serious or life-threatening disease but the goal of such care is not to cure the disease]
- (v) Alternative medical treatments by way of yoga.

Good Health Medical Centre also operates a cord blood bank which provides services in relation to preservation of stem cells. Good Health Medical Centre is of the view that since it is a clinical establishment, all the services provided by it as well as all the services provided to it are exempt from payment of GST.

You are required to examine the situation in the light of relevant statutory provisions.

Ans.

Health care services provided by a clinical establishment in any recognized system of medicines in India are exempt from payment of GST. Eligibility for exemption in respect of each service offered by Good Health Medical Centre is examined below:

- (i) Taxable. Since reiki healing is not a recognized system of medicine in terms of section 2(h) of Clinical Establishments Act, 2010, it would not be exempt.
- (ii) Health care service does not include cosmetic or plastic surgery, except when undertaken to restore or to reconstruct anatomy or functions of body affected due to congenital defects, developmental abnormalities, injury or trauma. Therefore, plastic surgeries will not be entitled to the said exemption and thus, GST would be payable thereon. However, plastic surgery conducted to repair a cleft lip will be eligible for exemption as it reconstructs anatomy or functions of body affected due to congenital defects [cleft lip].
- (iii) Exempt. Health care service includes services by way of transportation of the patient to and from a clinical establishment. Thus, air ambulance services to transport critically ill patients to Good Health Medical Centre would be eligible for exemption.
- (iv) Exempt. Health care service means any service by way of diagnosis or treatment or care for illness, injury, deformity, abnormality or pregnancy in any recognized system of medicines in India. It is immaterial whether such service is provided at the clinical establishment or at the home of the patient or at any other place.
- (v) Exempt. Since yoga is a recognized system of medicine in terms of Section 2(h) of Clinical Establishments Act, 2010, the same would be eligible for exemption.

Further, no exemption is available in respect of services provided by cord blood banks by way of preservation of stem cells or any other service in relation to such preservation. Therefore, services provided in relation to preservation of stem cells by the cord blood bank operated by Good Health Medical Centre will be taxable.

It is important to note that exemption is available for health care services provided BY a clinical establishment and not for services provided TO a clinical establishment. Therefore, Good Health Medical Centre's contention that since it is a clinical establishment, all the services provided to it are also exempt from GST is not correct in law.

(Health Care Sector) Well-Being Hospital has received the following amounts in lieu of various services rendered by it. You are required to determine its GST liability from the details furnished below assuming the rate of GST to be 18% (amounts given below are exclusive of GST):

S.No.	Particulars	₹ (in lakhs)
(i)	Services provided by cord blood bank unit by way of preservation of stem cells	24
(ii)	Hair transplant services	100
(iii)	Mortuary services	10
(iv)	Plastic surgery to restore anatomy of a child affected due to an accident	30
(v)	Pranic healing treatments. Such treatment is not a recognized system of medicine in terms of Section 2(h) of the Clinical Establishments Act, 2010	120
(vi)	Naturopathy treatments. Such treatment is a recognized system of medicine in terms of section 2(h) of the Clinical Establishments Act, 2010	80

Well-Being Hospital does not have its own ambulances so it avails ambulance services from Life Savers, ambulance service provider, to transport critically ill patients from various locations to the Hospital. Examine whether Life Savers would be charging any GST from Well Being Hospital on the services provided by them.

Ans.

Computation of GST Liability of Well-Being Hospital:

Particulars	₹ (in lakhs)
Services provided by cord blood bank by way of preservation of stem cells (services provided by cord blood banks by way of preservation of stem cells or any other service in relation to such preservation are taxable)	24
Hair transplant services (Hair transplant services are specifically excluded from the meaning of health care services, and thus not eligible for exemption)	100
Mortuary services (Mortuary services are covered under Schedule III of CGST Act. Such services are neither treated as supply of goods nor as supply of services. - Hence, the same are not liable to GST)	-

Plastic surgery to restore anatomy of a child affected due to an accident (Health care service does not include cosmetic or plastic surgery, except when undertaken to restore or to reconstruct anatomy or functions of body affected due to congenital defects, developmental abnormalities, injury or trauma. Thus, plastic surgery performed to restore anatomy of a child affected due to an accident is exempt)	-
Pranic healing treatments (Pranic healing treatment is not a recognized system of medicine, and thus not eligible for exemption)	120
Naturopathy treatments (Naturopathy is a recognized system of medicine, and thus eligible for exemption)	-

Services by way of transportation of the patient in an ambulance are exempt irrespective of the status of the service provider. Therefore, ambulance services provided by Life Savers are exempt from GST.

[Amusement/Entertainment Sector] Kesar Maharaj, a renowned classical dancer, gave a classical dance performance in an auditorium. Consideration charged for the said performance is ₹1,48,000. Is Kesar Maharaj liable to pay GST on the consideration received for the said performance if such performance is not for promotion of any product/services? If yes, determine his GST liability. Will your answer be different if:

- (i) Consideration charged by Kesar Maharaj for the said performance is ₹ 1,00,000 ?
- (ii) Kesar Maharaj is a brand ambassador of a food product and aforesaid performance is for the promotion of such food product?
- (iii) Kesar Maharaj gives a contemporary Bollywood style dance performance?

Note: Wherever applicable, GST has been charged separately.

Ans.

Services by an artist by way of performance in folk or classical art forms of music, dance, or theatre are exempt if the consideration charged for such performance is not more than ₹1,50,000 per event. However, exemption will not apply to services provided by such artist as a brand ambassador.

In view of the aforesaid provisions, services provided by Kesar Maharaj are exempt from GST as consideration for the classical dance performance has not exceeded ₹1,50,000. Therefore, his GST liability is nil.

- (i) If the consideration charged for the said performance by Kesar Maharaj is ₹1,60,000, he will be liable to pay GST on the same as although the performance is by way of classical art form of dance, consideration charged for such performance has exceeded ₹1,50,000. His GST liability would, therefore, be ₹ 28,800 [$₹1,60,000 \times 18\%$].
- (ii) If Kesar Maharaj is a brand ambassador of a food product and aforesaid performance is for the promotion of such food product, he will be liable to pay GST as aforesaid exemption is not applicable to services provided by an artist as a brand ambassador. His GST liability would, therefore, be ₹ 26,640 [$1,48,000 \times 18\%$].
- (iii) If Kesar Maharaj gives a contemporary Bollywood style dance performance, such performance will not be eligible for aforesaid exemption. The reason for the same is that although the consideration charged does not exceed ₹1,50,000, said performance is not in folk or classical art forms of dance. Hence, GST would be payable on the same. His GST liability would, therefore, be ₹ 26,640 [$1,48,000 \times 18\%$].

CHAPTER - 9

PLACE OF SUPPLY

ILLUSTRATION 1

In case of a domestic B2B supply, what is the place of supply where goods are removed?

Ans.

As per Section 10(1)(a), the place of supply of goods is the location of the goods at the time at which the movement of goods terminates for delivery to the recipient.

ILLUSTRATION 2

What will be the place of supply if the goods are delivered by the supplier to another person on the direction of a third person?

Ans.

As per Section 10(1)(b), it would be deemed that the third person (ie, billing party) has received the goods and the place of supply of such goods will be the principal place of business of such person.

ILLUSTRATION 3

What is the place of supply where the goods or services are supplied on board a conveyance, such as a vessel, an aircraft, a train or a motor vehicle?

Ans.

As per Section 10(1)(e), in respect of goods, the place of supply is the location at which such goods are taken on board. However, in respect of services, the place of supply is the location of the first scheduled point of departure of that conveyance for the journey in terms of Section 12(10).

ILLUSTRATION 4

The place of supply in relation to immovable property (situated in India) is the location of immovable property. Suppose a road is constructed from Delhi to Mumbai covering multiple states. What will be the place of supply of construction services?

Ans.

Where the immovable property is located in more than one state, the supply of service is treated as made in each of the States in proportion to the value for services separately collected or determined, in terms of the contract or agreement entered into in this regard or, in the absence of such contract or agreement, on such other reasonable basis as may be prescribed in this behalf [Explanation to Section 12(3)].

In the absence of a contract or agreement between the supplier and recipient of services in this regard, the proportionate value of services supplied in different States/UTs (where the immovable property is located) is computed on the basis of the area of the immovable property lying in each State/UTS [Rule 4 of the IGST Rules].

ILLUSTRATION 5

What would be the place of supply of services provided by an event management company for organizing a sporting event for a sports Federation which is held in multiple States?

Ans.

In case of an event, if the recipient of service is registered, the place of supply of services for organizing the event is the location of such person. However, if the recipient is not registered, the place of supply is the place where event is held.

Since the event is being held in multiple states and a consolidated amount is charged for such services, the place of supply will be deemed to be in each State in proportion to the value for services determined in terms of the contract or agreement entered into in this regard [Explanation to Section 12(7)].

In the absence of a contract or agreement between the supplier and recipient of services, the proportionate value of services made in each State (where the event is held) will be computed in accordance with Rule 5 of the IGST Rules by the application of generally accepted accounting principles.

ILLUSTRATION 6

What is the place of supply of services by way of transportation of goods, including by mail or courier when both the supplier and the recipient of the services are located in India?

Ans.

If the recipient is registered, the location of such person is the place of supply. However, if the recipient is not registered, the place of supply is the place where the goods are handed over for transportation. Further, if the goods are transported outside India, the destination of such goods is the place of supply [Section 12(8)].

ILLUSTRATION 7

What will be the place of supply of passenger transportation service, if a person travels from Mumbai to Delhi and back to Mumbai?

Ans.

If the person is registered, the place of supply of passenger transportation service will be the location of recipient. If the person is not registered, the place of supply for the forward journey from Mumbai to Delhi will be Mumbai, the place where he embarks [Section 12(9)].

However, for the return journey, the place of supply will be Delhi as the return journey has to be treated as separate journey [Explanation to Section 12(9)].

ILLUSTRATION 8

What is the place of supply for mobile connection? Can it be the location of supplier?

Ans.

The location of supplier of mobile services cannot be the place of supply as the mobile companies are providing services in multiple states and many of these services are inter-state. The consumption principle will be broken if the location of supplier is taken as place of supply and all the revenue may go to a few states where the suppliers are located.

The place of supply for mobile connection would depend on whether the connection is on postpaid or prepaid basis. In case of postpaid connections, the place of supply is the location of billing address of the recipient of services on the record of supplier of services.

In case of pre-paid connections, if the service is supplied:

- through a selling agent or a re-seller or a distributor of SIM card or re-charge voucher, the place of supply is the place address of the selling agent or re-seller or distributor as per the record of the supplier at the time of supply; or

- by any person to the final subscriber, the place of supply is the location where such pre-payment is received or such vouchers are sold;
- in other cases, the place of supply is the address of the recipient as per the records of the supplier of services and where such address is not available, the place of supply shall be location of the supplier of services.

However, if the recharge is done through internet/e-payment, the location of recipient of service on record of the supplier will be taken as the place of supply [section 12(11)].

ILLUSTRATION 9

A person from Mumbai goes to Kullu-Manali and takes some services from ICICI Bank in Manali. What is the place of supply?

Ans.

The place of supply in case of banking services to any person shall be the location of the recipient of services on the records of the supplier of services. However, if the location of recipient of services is not on the records of the supplier, the place of supply shall be the location of the supplier of services, ie Kullu-Manali, Himachal Pradesh [Section 12(12)].

ILLUSTRATION 10

Ans.

When insurance service is provided to an unregistered person, the location of the recipient of services on the records of the supplier of insurance services is the place of supply. So, Gurugram is the place of supply [Section 12(13)].

ILLUSTRATION 11

Examine the following independent cases and determine the place of supply:

- (i) Mr Joy, an unregistered person of Kolkata, West Bengal sends a courier through Kolkata, West Bengal based Mohan Courier Agency to his sister in Mumbai, Maharashtra.

- (ii) Mr Nitin, an unregistered person, resides at Rewa, Madhya Pradesh books a two-way air journey ticket from Prayagraj, Uttar Pradesh to Jaipur, Rajasthan on 6th September and back. He leaves Prayagraj on 11th September in a morning flight and land in Jaipur the same day. He leaves Jaipur on 15th September in a late-night flight and lands in Prayagraj the next day.
- (iii) Rimjhim Pvt Ltd, located at Lucknow, Uttar Pradesh, purchases a manufacturing machine from Manav Steel industries Ltd, located at Jaipur, Rajasthan, for being installed in its factory located at Haridwar, Uttarakhand.

Answer

- (i) The place of supply of services by way of transportation of goods by courier provided to an unregistered person is the location at which such goods are handed over for their transportation. Therefore, the place of supply, in the given case is Kolkata, West Bengal.
- (ii) The place of supply of passenger transportation service to an unregistered person is the place where the passenger embarks on the conveyance for a continuous journey wherein the return journey is treated as a separate journey, even if the tickets for onward and return journey are issued at the same time.

Therefore, the place of supply for the outward and return journey are the locations where Mr Nitin embarked on the conveyance for the continuous journey, ie Prayagraj, Uttar Pradesh for outward journey and Jaipur, Rajasthan, for return journey.

- (iii) If the supply involves goods which are to be installed at site, the place of supply is the place of such installation. Therefore, the place of supply, in the given case is Haridwar, Uttarakhand.

ILLUSTRATION 12

Part (i) -2 Marks: Garima having its permanent residence in Bhavnagar, Gujarat purchased car from Kiara Motors of Jaipur, Rajasthan to take the advantage of lower registration charges and road tax. Garima took the delivery of the car from Jaipur and returned with car to her residence in Bhavnagar, Gujarat. Address of Garima recorded in the invoice issued by Kiara Motors mentions only the name of the state, ie Gujarat. Garima is an unregistered person whereas Kiara Motors is a registered person under GST. Determine the place of supply for supply made by Kiara Motors to Garima.

Part (ii) - 3 Marks: Aakar Advertisement Agency, a registered person in Nagpur, Maharashtra, wants to display the products of its clients at most prominent places in different states. It took on rights to use the space on hoardings mounted on fixed surface attached to earth, situated in Udaipur, Rajasthan and in Gwalior, Madhya Pradesh from G.N. Enterprise registered in state of Chhattisgarh. Aakar

Advertisement Agency has exclusive right to use the space and also to manage the advertisements on the hoardings. What will be the place of supply of services provided by the G.N. Enterprise to the Aakar Advertisement Agency?

Answer

Part (i): As per Section 10(1) [Ca] of the IGST Act, 2017, in case of supply of goods to unregistered persons where the address of the unregistered person is recorded in the invoice, the place of supply shall be the location as per the address of unregistered person recorded in the invoice. In such situations, simply mentioning the State of unregistered person instead of complete address would be sufficient.

In the present case, goods have been supplied by Kiara Motors [a registered supplier of Jaipur, Rajasthan] to Garima [an unregistered customer having permanent residence in Bhavnagar, Gujarat]. Since the transaction is B2C supply, the place of supply shall be Gujarat, ie the state of unregistered person recorded in the invoice.

Part (ii): The arrangement between G.N. Enterprise [a person registered in Chattisgarh] and Aakar Advertisement Agency [a person registered in Nagpur, Maharashtra] involves supply/sale of space on hoardings mounted on fixed surface attached to earth for display of advertisements. Further, Aakar Advertisement Agency has exclusive right to use the space and also to manage the advertisements on the hoardings.

The hoardings mounted on fixed surface attached to earth should be considered as immovable structure or fixture as it has been embedded in earth. Further, place of supply of any service provided by way of supply/sale of space on an immovable property or grant of rights to use an immovable property shall be governed by the provisions of Section 12(3) of the IGST Act.

Therefore, the place of supply of service, in the present case, shall be the location where such hoarding is located, ie Udaipur, Rajasthan and Gwalior, Madhya Pradesh. Further, since the hoarding is located in more than one State/UT, the service is deemed to have been supplied in each of the respective States/UTs, in proportion to the value for the services determined in terms of the contract or agreement entered into in this regard and in the absence of a contract or agreement, as per Rule 4 of the IGST Rules.

Ans.

Section 10(1)(c) of the IGST Act, 2017, stipulates that if the supply does not involve movement of goods, the place of supply is the location of goods at the time of delivery to the recipient. Since there is no movement of office furniture and fixtures in the given case, the place of supply of such goods is their location at the time of delivery to the recipient, ie Quick Deal Enterprises - Hissar, Haryana.

ILLUSTRATION 14

- (ii) As per Section 10(1)(e) of the IGST Act, 2017, the place of supply of goods by Airjet to Mr W is the location at which the goods are taken on board ie, Mumbai.

If the recipient is a registered person, place of supply of service is the location of recipient of service. A Ltd is registered in Karnataka. Place of supply of service is in Karnataka. Location of supplier is in Karnataka. Consequently, it is intra-state supply.
2. Conference Participation: Training services are covered u/s 12(5) of IGST Act. If the recipient is a registered person, place of supply of service is the location of recipient of service. A Ltd is registered in Karnataka. Place of supply of service is in Karnataka. Location of supplier is in Ahmedabad, Gujarat. Thus, it is inter-state supply.
3. Lodging Accommodation By Taj Hotels: It is covered by Section 12(3) of IGST Act. Place of supply of service is the location of hotel building (ie, Mumbai). Location of supplier is in Mumbai. It is, therefore, intra-state supply.
4. Mumbai-Bengaluru Air Ticket: As discussed in I above, place of supply of service is in Karnataka. Location of supplier is in Mumbai. Consequently, it is inter-state supply.

CHAPTER - 10

REGISTRATION

ILLUSTRATION 1

Determine the effective date of registration in following cases:

- (a) The aggregate turnover of Dhampur Footwear Industries of Delhi has exceeded the applicable threshold limit of ₹40 lakhs on 1st September. It submits the application for registration on 20th September. Registration certificate is granted to it on 25th September.
- (b) Mehta Teleservices is an architect in Lucknow. Its aggregate turnover exceeds ₹ 20 lakhs on 25th October. It submits the application for registration on 27th November. Registration certificate is granted to it on 5th December.

Ans.

- (a) Every supplier becomes liable to registration if his turnover exceeds the applicable threshold limit [₹40 lakhs in this case] in a financial year. Since in the given case, the turnover of Dhampur industries exceeded ₹40 lakhs on 1st September, it becomes liable to registration on said date.

Further, since the application for registration has been submitted within 30 days from such date, the registration shall be effective from the date on which the person becomes liable to registration. Therefore, the effective date of registration is 1st September.

- (b) Since in the given case, the turnover of Mehta Teleservices exceeds the applicable threshold limit [₹ 20 lakhs in this case] on 25th October, it becomes liable to registration on said date.

Further, since the application for registration has been submitted after 30 days from the date such person becomes liable to registration, the registration shall be effective from the date of grant of registration. Therefore, the effective date of registration is 5th December.

ILLUSTRATION 2

In order to be eligible for grant of registration, a person must have a Permanent Account Number (PAN) issued under the income Tax Act, 1961. State one exception to it.

Ans.

A Permanent Account Number is mandatory to be eligible for grant of registration. One exception to this is a NRTP (nonresident taxable person). A non-resident taxable person may be granted registration on the basis of other prescribed documents instead of PAN. He has to submit a self-attested copy of his valid passport along with the application signed by his authorized signatory who is an Indian resident having valid PAN and application will be submitted in a different prescribed form.

ILLUSTRATION 3

State which of the following suppliers are liable to be registered:

- (a) Agent supplying taxable goods on behalf of some other taxable person and its aggregate turnover does not exceed the applicable threshold limit during the financial year.
- (b) An agriculturist who is only engaged in supply of produce out of cultivation of land and its aggregate turnover exceeds the applicable threshold limit during the financial year.

Ans.

- (a) Section 22 stipulates that every supplier becomes liable to registration if his turnover exceeds the applicable threshold limit in a financial year. However, as per section 24, a person making taxable supply of goods/services or both on behalf of other taxable persons whether as an agent or not is liable to be compulsorily registered even if its aggregate turnover does not exceed the applicable threshold limit during the financial year.
- (b) As per section 23, an agriculturist who is only engaged in supply of produce out of cultivation of land is not required to obtain registration even if his turnover exceeded the applicable threshold limit for registration.

ILLUSTRATION 4

Pure Oils, Delhi has supplied machine oil and high-speed diesel in the month of April as per the details given in table below. Pure oils is not yet registered.

Particulars	Amount (in ₹)
Supply of machine oils in Delhi	15,00,000
Supply of high-speed diesel in Delhi	10,00,000
Supply of machine oil made by Pure Oils from its branch located in Punjab	10,00,000

The amounts given above are excluding GST. Determine whether Pure oils is liable for registration.

Ans.

As per Section 22, a supplier is liable to be registered in the State/Union Territory from where he makes a taxable supply of goods and/or services, if his aggregate turnover in a financial year exceeds the threshold limit. The threshold limit for a person making exclusive intra-state taxable supplies of goods is as under:

- ₹10 lakhs for the Special Category States of Mizoram, Tripura, Manipur and Nagaland.
- ₹20 lakhs for the States of Arunachal Pradesh, Meghalaya, Puducherry, Sikkim, Telangana and Uttarakhand.
- ₹40 lakhs for the rest of India except persons engaged in making supplies of ice cream and other edible ice, whether or not containing cocoa, pan masala and tobacco and manufactured tobacco substitutes.

The threshold limit for a person making exclusive taxable supply of services or supply of both goods & services is as under:

- ₹10 lakhs for the Special Category States of Mizoram, Tripura, Manipur and Nagaland.
- ₹20 lakhs for the rest of India.

As per Section 2(6), aggregate turnover includes the aggregate value of:

- all taxable supplies,
- all exempt supplies,
- exports of goods and/or services and
- all inter-state supplies of persons having the same PAN.

The above is computed on all India basis. Further, the aggregate turnover excludes Central Tax, State Tax, Union Territory Tax, integrated Tax and Cess. Moreover, the value of inward supplies on which tax is payable under reverse charge is not taken into account for calculation of 'aggregate turnover'.

Section 9 (2) provides that CGST is not leviable on five petroleum products (ie, petroleum crude, motor spirit (petrol), high speed diesel, natural gas and aviation turbine fuel). As per section 2(47), exempt supply includes non-taxable supply. Thus, supply of high speed diesel in Delhi, being a non-taxable supply, is an exempt supply and is, therefore, includible while computing the aggregate turnover. In the backdrop of the above-mentioned discussion, the aggregate turnover of pure oils for the month of April is computed as under:

Particulars	Amount [in Rs]
Supply of machine oils in Delhi	15,00,000
Supply of high-speed diesel in Delhi	10,00,000
Supply of machine oil made by Pure Oils from its branch located in Punjab	10,00,000
Aggregate Turnover	35,00,000

Pure Oils is making exclusive supply of goods and hence the threshold limit for registration would be ₹ 40,00,000. Since the aggregate turnover does not exceed ₹40,00,000, pure oils is not liable to be registered.

ILLUSTRATION 5

What will be your answer if in Question 4 above, in S.No. (ii), Pure Oils supplies the high speed diesel in Delhi in the capacity of an agent of Mixed Oils Ltd?

Ans.

Section 24 provides that an agent who is engaged in making taxable supplying of goods on behalf of other taxable persons, shall be liable to obtain registration irrespective of the threshold turnover limit. However, in the present case, if Pure Oils supply high speed diesel on behalf of Mixed oil Ltd in Delhi as its agent, it shall still not be liable to obtain registration in Delhi since Section 24 comes into play only when agent is making taxable supply of goods on behalf of principal whereas in the given case, Pure oils is supplying non-taxable goods on behalf of Mixed oils Ltd.

ILLUSTRATION 6

Examine whether the supplier of goods is liable to get registered in the following independent cases:

- Raghav of Assam is exclusively engaged in intra-state taxable supply of readymade garments. His turnover in the current financial year (FY) from Assam showroom is ₹33 lakhs. He has another showroom in Tripura with a turnover of ₹11 lakhs in the current FY.
- Pulkit of Panjim, Goa is exclusively engaged in intra-state taxable supply of shoes. His aggregate turnover in the current financial year is ₹ 22 lakhs.
- Harshit of Himachal Pradesh is exclusively engaged in intra-state supply of pan masala. His aggregate turnover in the current financial year is ₹ 24 lakhs.

Ans.

Section 22 provides that a supplier is liable to be registered in the State/Union Territory from where he makes a taxable supply of goods and/or services, if his aggregate turnover in a financial year exceeds the threshold limit. The threshold limit for a person making exclusive intra-state taxable supplies of goods is as under:

- 10 lakhs for the Special Category States of Mizoram, Tripura, Manipur and Nagaland.
- ₹20 lakhs for the States of Arunachal Pradesh, Meghalaya, Puducherry, Sikkim, Telangana and Uttarakhand.
- ₹40 lakhs for the rest of India except persons engaged in making supplies of ice cream and other edible ice, whether or not containing cocoa, pan masala and tobacco and manufactured tobacco substitutes.

In the light of the afore-mentioned provisions, the answer to the independent cases is as under:

- (a) Raghav is eligible for higher threshold limit of turnover for registration, ie ₹ 40 lakhs as he is exclusively engaged in intrastate supply of goods. However, since Raghav is engaged in supplying readymade garments from a special Category State, ie Tripura, the threshold limit gets reduced to ₹ 10 lakhs. Thus, Raghav is liable to get registered under GST as his turnover exceeds ₹10 lakhs. Further, he is required to obtain registration in both Assam and Tripura as he is making taxable supplies from both the States.
- (b) The applicable threshold limit for registration for Pulkit in the given case is ₹ 40 lakhs as he is exclusively engaged in intra-state taxable supply of goods in Goa. Thus, he is not liable to get registered under GST as his turnover is less than the threshold limit.
- (c) Harshit being exclusively engaged in supply of pan masala is not eligible for higher threshold limit of ₹ 40 lakhs. The applicable threshold limit for registration in this case is ₹ 20 lakhs. Thus, Harshit is liable to get registered under GST.

ILLUSTRATION 7

Examine whether the supplier is liable to get registered in the following independent cases:

- (a) Ankit of Assam is exclusively engaged in intra-state supply of taxable services. His aggregate turnover in the current financial year is ₹ 25 lakhs.
- (b) Sanchit of Assam is engaged in intra-state supply of both taxable goods and services. His aggregate turnover in the current financial year is ₹ 30 lakhs.

Ans.

Section 22 provides that a supplier is liable to be registered in the State/Union Territory from where he makes a taxable supply of goods and/or services, if his aggregate turnover in a financial year exceeds the threshold limit. The threshold limit for a person making exclusive taxable supply of services or supply of both goods and services is as under:

- ₹10 lakhs for the Special Category States of Mizoram, Tripura, Manipur and Nagaland.
- ₹20 lakhs for the rest of India.

(a) Though Ankit is dealing in Assam, he is not entitled for higher threshold limit for registration as the same is applicable only in case of exclusively supply of goods and he is exclusively engaged in providing services. Thus, the applicable: threshold limit for registration in this case is ₹ 20 lakhs and hence, Ankit is liable to get registered under GST.

(b) Since Sanchit is engaged in supply of both taxable goods and services, the applicable threshold limit for registration in his case is ₹ 20 lakhs. Thus, Sanchit is liable to get registered under GST as his turnover is more than the threshold limit.

This UIN will be needed for claiming refund of taxes paid on notified supplies of goods and services received by them, and for any other purpose as may be notified.

ILLUSTRATION 15

Ans.

The taxable supplier making supplies to UN bodies is expected to mention the UIN on the invoices and treat such supplies as supplies to another registered person (B2B).

ILLUSTRATION 16

However, the Proper officer, at the request of the said taxable person, may extend the validity of the aforesaid period of 90 days by a further period not exceeding 90 days.

ILLUSTRATION 17

What happens when the registration is obtained by means of willful misstatement, fraud or suppression of facts?

ILLUSTRATION 25

BBD Pvt Ltd of Gujarat exclusively manufactures and sells product 'Z' which is exempt from GST vide notifications issued under relevant GST legislations. The company sells 'Z' only within Gujarat and is not registered under GST laws. The turnover of the company for FY 2022-23 was ₹ 50 lakhs. The company expects the sales to grow by 10% in the current year, ie FY 2023-24.

However, effective from 01.01.2024, exemption available on 'Z' was withdrawn by the Central Government and GST @ 5% was imposed thereon. The turnover of the company for the nine months ended on 31.12.2023 was ₹42 lakhs.

BBD Pvt Ltd is of opinion that it does not require to get itself registered under GST for current FY 2023-24. Examine the above scenario and advise BBD Pvt Ltd whether it needs to get registered under GST or not?

Answer

For a supplier exclusively engaged in intra-state supply of goods, the threshold limit of turnover to obtain registration in the State of Gujarat is ₹ 40 lakhs. However, a person exclusively engaged in the business of supplying goods and/or services that are not liable to tax or are wholly exempt from tax is not liable to registration.

Therefore, since BBD Pvt Ltd was engaged exclusively in supplying exempted goods till 31.12.2023, it was not required to be registered till that day; though voluntary registration was allowed.

The position, however, will change from 01.01.2024 as the supply of goods become taxable from that day and the turnover of BBD Pvt Ltd is more than ₹ 40 lakhs. Since the aggregate turnover limit of ₹ 40 lakhs includes exempt turnover also, turnover of 'Z' till 31.12.2023 will be considered for determining the threshold limit even though the same was exempt from GST. Therefore, BBD Pvt Ltd needs to register within 30 days from 01.01.2024.

Happy Trader, a sole proprietorship firm, started a business of dealing in supply of both exempted as well as taxable goods in Assam. Happy Trader has furnished the following details relating to the sales made for the month of April 2023. All amounts are exclusive of GST.

S.No.	Particulars	Amount (₹)
(i)	Intra-state sale of goods chargeable with GST @ 12%	15,00,000
(ii)	Intra-state sale of non-taxable goods	5,00,000
(iii)	Intra-state sale of alcoholic liquor for human consumption	2,00,000
(iv)	Intra-state sale of tobacco	3,00,000

With reference to the above and provisions of CGST Act, 2017:

- (i) Compute the aggregate turnover.
- (ii) Examine whether Happy Trader is liable to be registered under the Act, with reasons for the same.
- (iii) What is the threshold limit for taking registration in this case?

Answer

i. Computation of Aggregate Turnover of Happy Trader:

Particulars	Amount (₹)
Intra-state sale of goods chargeable with GST @ 12% {Aggregate turnover includes value of all outward taxable supplies}	15,00,000
Intra-state sale of non-taxable goods {Non-taxable supply, being an exempt supply is included in aggregate turnover}	5,00,000
Intra-state sale of alcoholic liquor for human consumption {sale of alcoholic liquor for human consumption, being a non-taxable supply, is an exempt supply and is therefore, included in aggregate turnover}	2,00,000
Intra-state sale of tobacco {Aggregate turnover includes value of all outward taxable supplies}	3,00,000
Aggregate Turnover	25,00,000

(ii) & (iii) Every person engaged in making a taxable supply is required to obtain registration if his aggregate turnover exceeds ₹ 20 lakhs in a financial year. An enhanced threshold limit for registration of ₹ 40 lakhs is available to persons engaged exclusively in intra-state supply of goods in specified states. However, it is not applicable in case such person is engaged in supply of tobacco. In view of the same, the applicable threshold limit of registration for Happy Traders is ₹ 20 lakhs. Thus, it is liable to be registered under the CGST Act as its aggregate turnover exceeds the said threshold limit.

ILLUSTRATION 27

Answer the following individual independent cases with reference to the provisions of registration under the CGST Act, 2017 and the rules made there under:

- i. Govardhan is an agriculturist engaged in supply of produce out of cultivation of land. He utilizes services of Manu who is a commission agent as per the Agricultural Produce Marketing Committee Act. Turnover of Manu is above the threshold limit prescribed. Manu wants to know whether he is liable to get registered Under GST Act or not.
- ii. Anubhav is dealing in supply of taxable goods and services in the state of Gujarat. His turnover from intra-state supply of taxable goods is ₹ 16 lakhs and inter-state supply of taxable services is ₹ 22 lakhs. He is of the opinion that his aggregate turnover is within the limit so he is not required to get registered. Advise him.

Answer

- i. A commission agent under APMC Act is not liable to be compulsorily registered since it provides exempt services of sale/ purchase of agricultural produce on behalf of an agriculturist being a non-taxable person as he supplies produce out of cultivation of land.

Moreover, such commission agents are otherwise also exempt from registration since any person engaged exclusively in the business of supplying exempt services is not liable to registration. Therefore, Manu is not liable to get registered under GST law.

- ii. A supplier who is supplying both goods and services is required to obtain registration in the State (other than special category States) from where he makes a taxable supply if his aggregate turnover exceeds specified threshold limit of ₹ 20 lakhs in a financial year.

In the given case, the aggregate turnover of goods and services supplied by Anubhav (₹38 lakhs) exceeds the threshold limit and thus, he is required to obtain registration.

From the information given above, you are required to calculate the aggregate turnover of B Enterprises with necessary explanations and also specify with reason whether it is liable to get registered under CGST Act or not.

Answer

Computation of Aggregate Turnover of B Enterprises, Karnataka {January 2024}:

Particulars	(₹)
Intra-State outward taxable supply of goods [Aggregate turnover includes value of all taxable supplies]	7,00,000
Inter-State outward taxable supply of services [Aggregate turnover includes value of inter-state supplies]	6,00,000

Intra-State outward supply of exempted goods from Manipur [Aggregate turnover includes value of exempt supplies made in all the States under the same PAN]	5,00,000
Aggregate Turnover	19,00,000

- Persons making any inter-state taxable supply are required to obtain compulsory registration, but in case of inter-state supply of taxable services, threshold limit of ₹ 20 lakhs is available. Such threshold limit gets reduced to ₹ 10 lakhs in case of specified special Category States provided taxable supply is being made therefrom.
- Since B Enterprises is making exempt supplies from Manipur, a specified Special Category State, the applicable threshold limit of registration for B Enterprises would remain ₹ 20 lakhs. Thus, it is not liable to be registered as its aggregate turnover does not exceed the threshold limit.

Q Ltd is engaged exclusively in supply of taxable goods from the following states. The particulars of intra-state supplies for the month of May 2023 are as follows:

State	Turnover (₹)
Madhya Pradesh	5,00,000
Gujarat	14,00,000
Tripura	12,00,000

- Q Ltd seeks to know whether it is liable for registration under GST. Give your explanation.
- Will your answer be different if Q Ltd supplies only petrol & diesel from Tripura instead of any other taxable goods?

Answer

Every person engaged in making a taxable supply is required to obtain registration if his aggregate turnover exceeds ₹ 20 lakhs in a financial year. An enhanced threshold limit for registration of ₹ 40 lakhs is available to persons engaged exclusively in intra-state supply of goods in specified States. However, the applicable threshold limit for registration gets reduced to ₹ 10 lakhs in case a person is engaged in making supply from a specified special Category state provided such supply is a taxable supply.

- i. Since Q Ltd is making supply of taxable goods from Tripura - a specified special Category State, the applicable threshold limit will get reduced to ₹10 lakhs. Thus, it is liable to be registered under GST as its aggregate turnover (₹31 lakhs) exceeds the applicable threshold limit of ₹ 10 lakhs.
- ii. In case Q Ltd is making supply of non-taxable goods (petrol and diesel) from Tripura, the applicable threshold limit will not be reduced to ₹ 10 lakhs; enhanced threshold limit of ₹ 40 lakhs will be applicable. Thus, it is not liable to be registered under GST as its aggregate turnover (₹ 31 lakhs) does not exceed the said threshold limit.

Mr Q, a Casual Taxable Person of Gujarat state, is a trader of taxable notified handicraft goods. It makes supplies to the states of Maharashtra, Rajasthan and Andhra Pradesh. Turnover for October 2023 is ₹ 18 Lakhs.

- i. Explain the provisions of registration for Casual Taxable person under GST. Examine whether Mr Q is liable for registration or not?
- ii. What will be the answer if Mr Q makes trading in taxable notified products instead of taxable notified handicraft goods which involves 75% making on machine and 25% by hand?

Answer

- i. A casual taxable person is required to obtain compulsory registration under GST irrespective of the quantum of its aggregate turnover. However, a threshold limit of ₹ 20 lakhs (₹10 lakhs in case of specified special category states) is available for registration to a casual taxable person who:
 - is making inter-state taxable supplies of notified handicraft goods and notified hand-made goods,
 - is availing the benefit of exemption from registration available to inter-state supply of above-mentioned goods upto the aggregate turnover of ₹ 20 lakhs (₹10 lakhs in case of specified special Category States), and
 - has obtained a PAN and has generated an e-way bill.

In the given case, since Mr Q is engaged in supplying notified handicraft goods and its aggregate turnover does not exceed ₹ 20 lakhs, he will not be liable to registration provided he fulfills other conditions specified herein.

- ii. In case Mr Q is engaged in trading of notified products which are predominantly made by machine, he will not be eligible for the exemption from registration under aforesaid provisions and needs to take compulsory registration.

Nesamani started his business activities in the month of February 2023 in the State of Orissa. He provided the following details:

S.No.	Particulars	Amount (₹)
(i)	Outward supply of petrol (Intra-State)	4,00,000
(ii)	Transfer of exempt goods to his branch in Rajasthan (Inter-State)	2,00,000
(iii)	Outward supply of taxable goods by his branch in Uttar Pradesh (Intra-State)	5,00,000
(iv)	Outward supply of services on which tax is payable under RCM by the recipient of services (intra-State)	6,00,000
(v)	Inward supply of services on which tax is payable under RCM (Intra-State)	2,00,000

From the information given above, compute the aggregate turnover of Nesamani and also decide whether he is required to get registration under GST. Assume that the amounts given above are exclusive of taxes.

Answer

Computation of Aggregate Turnover of Nesamani:

Particulars	Amount (₹)
Outward supply of petrol {Supply of petrol, being a non-taxable supply, is an exempt supply in aggregate turnover}	4,00,000
Inter-State stock transfer of exempt goods {Supply of taxable/exempt goods between distinct persons is includible}	2,00,000
Outward supply of taxable goods from Uttar Pradesh branch {value of outward supplies under same PAN are includible}	5,00,000

Outward supply of services taxable under reverse charge {Includible in aggregate turnover}	6,00,000
Inward supply of services taxable under reverse charge {Excludible from the aggregate turnover}	-
Aggregate Turnover	17,00,000

For a supplier engaged in supply of goods and services from the States of Orissa and Uttar Pradesh, the threshold limit of aggregate turnover to obtain registration is ₹ 20 lakhs. However, a person required to pay tax under reverse charge has to obtain registration compulsorily as per section 24 irrespective of the quantum of turnover.

Since in the given case, Nesamani is required to pay tax under reverse charge, it is liable to obtain registration compulsorily irrespective of his quantum of turnover.

During the year, it provided the services on April, July 1, October 1, and January 1 in accordance with the terms of contract. When should MBM Caretakers issue the invoice for the services rendered?

The aggregate turnover of Sangri Services Ltd, Delhi, exceeded ₹ 20 lakhs on 12th August. He applied for registration on 3rd September and was granted the registration certificate on 6th September. You are required to advise Sangri Services Ltd as to what is the effective date of registration in its case. It has also sought your advice regarding period for issuance of Revised Tax Invoices.

Ans.

As per Section 25 read with CGST Rules, where an applicant submits application for registration within 30 days from the date he becomes liable to registration, effective date of registration is the date on which he becomes liable to registration. Since, Sangri Services Ltd's turnover exceeded ₹20 lakhs on 12th August, it became liable to registration on same day. Further, it applied for registration within 30 days of so becoming liable to registration, the effective date of registration is the date on which he becomes liable to registration, ie 12th August.

For the occasion, it gets the service by way of makeover of its models from Aura Beauty Services Ltd, Ashok Vihar, for which a consideration is ₹ 5,00,000 (excluding GST) has been charged. Aura Beauty Services Ltd issued a duly signed tax invoice on 10th February showing the lumpsum amount of ₹ 5,90,000 inclusive of CGST and SGST @ 9% each for the services provided. Answer the following questions:

- (a) Examine whether the tax invoice has been issued within the time limit prescribed under law.
- (b) Tax consultant of Royal Fashions objected to the invoice raised suggesting that the amount of tax charged in respect of the taxable supply should be shown separately in the invoice raised by Aura Beauty Services Ltd. However, Aura Beauty Services Ltd contended that there is no mandatory requirement of showing tax component separately in the invoice. You are required to examine the validity of the objection raised by tax consultant of Royal Fashions.

Ans.

- (a) As per Section 31 read with the CGST Rules, in case of taxable supply of services, invoices should be issued before or after the provision of service, but within a period of 30 days (45 days in case of insurer/banking company or financial institutions including NBFCS) from the date of supply of service.

In view of the said provisions, in the present case, the tax invoice should have been issued in the prescribed time limit of 30 days from the date of supply of service, ie upto 3rd February. However, the invoice has been issued on 10th February.

- (b) Section 31 read with the CGST Rules, inter alia, provides that tax invoice in addition to other mandatory details shall also contain the amount of tax charged in respect of taxable goods or services (Central Tax, State Tax, Integrated Tax, Union Territory Tax or Cess). Further, where any supply is made for a consideration, every person who is liable to pay tax for such supply shall prominently indicate in all documents relating to assessment, tax invoice and other like documents, the amount of tax which shall form part of the price at which such supply is made.

The objection raised by the tax consultant of Royal Fashions suggesting that the amount of tax charged in respect of the taxable supply of makeover services should be shown separately in the invoice raised by Aura Beauty Services Ltd, is valid in law.

Ans.

Sitaram Textiles has to issue a delivery challan and not the tax invoice at the time of sending the goods to job-worker. Rule 55, inter alia, stipulates that for the purposes of transportation of goods for job work, the consignor may issue a delivery challan, serially numbered, in one or multiple series, in lieu of invoice at the time of removal of goods for transportation, containing the following details, namely:

- Date and number of the delivery challan;
- Name, address and GSTIN of the consignor, if registered;
- Name, address and GSTIN or UIN of the consignee, if registered;
- Harmonised System of Nomenclature (HSN) code and description of goods;
- Quantity [provisional, where the exact quantity being supplied is not known];
- Taxable value;
- Tax rate and tax amount - Central Tax, State Tax, Integrated Tax, Union Territory Tax or Cess, where the transportation is for supply to the consignee;
- Place of supply, in case of inter-state movement; and
- Signature.

The delivery challan shall be prepared in triplicate, in case of supply of goods, in the following manner, namely:

- determined in accordance with the provisions of Section 15,
- declared in an invoice, a bill of supply or a delivery challan, as the case may be, issued in respect of the said consignment;
- includes the Central tax, State or Union territory tax, integrated tax and cess charged, if any, in the document; and
- shall exclude the value of exempt supply of goods where the invoice is issued in respect of both exempt and taxable supply of goods.

However, after generation of e-way bill, he found a mistake in the e-way bill and wants to edit it. You are required to advise Mr X whether he can do so with the help of relevant provisions?

Ans.

If there is a mistake, incorrect or wrong entry in the e-way bill, then it cannot be edited or corrected. Only option is cancellation of e-way bill within 24 hours of generation and generate a new one with correct details.

Dhananjay Associates registered in Gujarat deals in industrial grade iron and steel products. The proprietor of Dhananjay Associates sold TMT Iron bars (GST applicable @18%) to a retailer in Maharashtra at a value of ₹ 40,000 (excluding GST). As per the agreement of sale, goods are to be delivered at the premises of retailer. The transportation cost of ₹ 7,000 has been charged separately to deliver the same to the retailer in Maharashtra. In the above scenario, determine whether an e-way bill is required to be issued under GST?

Ans.

Consignment value of goods is the value determined in accordance with the provisions of section 15, and also includes the central tax, state or union territory tax, integrated tax and cess charged, if any, in the document.

Further, since arranging freight is the liability of supplier, it is a case of composite supply and thus, freight charges are to be added in the value of principal supply. Accordingly, the value of supply as per section 15 in the given case would include the transportation cost in the invoice value, ie 47,000 (₹ 40,000 + ₹7,000).

Consignment value = ₹47,000 × 118% = ₹55,460. Since the movement of goods is in relation to supply of goods and the consignment value exceeds ₹ 50,000, e-way bill is mandatorily required to be issued under GST in the given case.

Kartik & Co, a registered supplier under GST, provides the following information regarding various tax invoices issued by it during the month of March 2024:

- Value of supply charged in an invoice was ₹ 2,50,000 against the actual taxable value of ₹ 2,30,000.
- Tax charged in an invoice was ₹ 32,000 against the actual tax liability of ₹ 68,000 due to wrong HSN code being chosen while issuing invoice.

- Value charged in an invoice was ₹ 3,20,000 as against the actual value of ₹ 4,20,000 due to wrong quantity considered while billing.

Kartik & Co asks you to answer the following:

- Who shall issue a Debit/Credit Note under CGST Act, 2017?
- Whether Debit Note or Credit Note has to be issued in each of the above circumstances and, if so, quantify the amount for which it is to be issued.
- What is the maximum time-limit available for declaring the credit note in the GST Return?

Answer

- The registered supplier (ie, Kartik & CO) is required to issue a debit/credit note in each of the circumstances as explained in point (ii).
- First Situation: A credit note is required to be issued as the taxable value in invoice exceeds the actual taxable value. The credit note should be issued for the excess value of supply charged in the invoice, ie, ₹ 20,000.

second situation: A debit note is required to be issued as the tax charged in the invoice is less than the actual tax payable. The debit note should be issued for the amount of tax which is charged less, ie ₹ 36,000.

Third situation: A debit note is required to be issued as the value of supply charged in the invoice is less than the actual value. The debit note should be issued for the amount of value which is charged less, ie ₹ 1,00,000.
- The details of the credit note cannot be declared later than 30th November following the end of the financial year in which such supply was made or the date of furnishing of the relevant annual return, whichever is earlier.

The precise location details were to be shared later. In this regard, M/S ABC Ltd received an advance of ₹ 1 Crores (including GST).

You are to advise M/s ABC Ltd whether:

- (i) they are liable to pay tax under GST on such advance amount.
- (ii) the tax liability is to be paid as [CGST + SGST] or IGST.
- (iii) What would be the tax rate at which such tax liability is to be paid?

Answer

- (i) supply includes inter alia all forms of supply made or agreed to be made. Thus, advance payment for a supply agreed to be made is liable to tax. In case of services, the time of supply is issue of invoice or receipt of payment, whichever is earlier. Therefore, in the given case, ABC Ltd will be required to pay tax on advance of ₹ 1 crore at the time of receipt of advance.
- (ii) Where at the time of receipt of advance, nature of supply is not determinable, the same is treated as inter-state supply and thus, IGST is charged thereon.
- (iii) Where at the time of receipt of advance, rate of tax is not determinable, tax is paid at the rate of 18%.

Answer

- Where the goods being sent for sale or return are removed before the supply takes place, the tax invoice shall be issued before or at the time of supply or 6 months from the date of removal, whichever is earlier.
- In the given case, 500 units of transmitters have been sent for exhibition on sale or return basis out of which 300 units are sold before 6 months from the date of removal. Thus, tax invoice for said 300 units needs to be issued before or at the time of supply of such goods, ie upto 28/07/2023.
- Remaining 200(150 + 50) units have neither been sold nor brought back till the expiry of 6 months from the date of removal goods, ie 20/11/2023. Thus, tax invoice for said 200 units needs to be issued upto 20/11/2023.

"One consolidated e-way bill can be generated for multiple invoices". Comment on the validity of the above statement with reference to GST law.

Answer

- The statement is invalid. Multiple invoices cannot be clubbed to generate one e-way bill. If multiple invoices are issued by the supplier to recipient, for movement of such goods, multiple e-way bills have to be generated.
- Thus, for each invoice, one e-way bill has to be generated, irrespective of the fact whether same or different consignors or consignees are involved. However, after generating all these e-way bills, one consolidated e-way bill can be prepared for transportation purpose, if goods are going in one vehicle.

M/s Sakura Enterprises made an inter-state supply of taxable goods valued at ₹ 47,500 and exempt goods valued at ₹ 2,000. Rate of IGST for taxable supply was 6%. Determine, with brief reasons, whether e-way bill generation is mandatory for the above supply made by M/s Sakura Enterprises.

Answer

In the given case, consignment value of goods (including GST and excluding value of exempt supply) is ₹ 50,350 [47,500 × 106%]. since there is a movement of goods of consignment value exceeding ₹ 50,000, M/s Sakura Enterprises is mandatorily required to issue e-way bill.

ILLUSTRATION 29

Answer

- Where goods are sent by a principal located in one state to a job-worker located in any other state, the e-way bill shall be generated by the principal mandatorily irrespective of the value of the consignment.

- Where goods are sent by a principal located in one state to a job-worker located in the same state, the e-way bill shall be generated by the principal if the consignment value of goods exceeds ₹ 50,000.

Mr Venaram, proprietor of M/s Lalit Kirana Stores, is registered as a composition dealer in the Jodhpur district of Rajasthan. He has not furnished the statement for payment of self-assessment tax in the Form GST CMP-08 for two consecutive quarters. Whether M/s Bob & Sons is allowed to generate e-way bill as per the provisions of CGST Act, 2017? Answer with proper reasoning.

Answer

- In order to ensure that registered persons do not make any default in filing of GST returns, a person paying tax under composition scheme shall not be allowed to furnish the information in Part A of Form GST EWB-01 in respect of his outward supplies if he has not furnished the statement for payment of self-assessed tax [ie, GST CMP-08] for two consecutive quarters. However, e-way bills can be generated in respect of inward supplies of the said person.
- In the present case, M/s Lalit Kirana has not furnished Form GST CMP-08 for two consecutive quarters. He has placed an order for purchase of taxable goods with M/s Bob & Sons who has been regularly filing his GST returns. Since M/s Bob & Sons is a regular return filer, M/S Bob & Sons is allowed to generate e-way bill with respect to intra-state supply to be made to M/s Lalit Kirana Stores.

Examine the authority vested under CGST Act, 2017 for preventing a registered person from utilising the input tax credit availed in a fraudulent manner?

Ans.

Every registered person, shall avail the input tax credit through a return filed u/s 39 of CGST Act, 2017. ITC availed shall be credited to Electronic Credit Ledger u/s 41 of CGST Act, 2017. Where the Commissioner or an officer authorised by him in this behalf, not below the rank of an Assistant Commissioner, has reasons to believe that ITC available in Electronic Credit Ledger. has been fraudulently availed or is ineligible, he may prohibit use of ITC for discharge of any liability u/s 49 or for claim of any refund of any unutilised amount.

ILLUSTRATION 2

Mr A has deposited a sum of Rs 30,000 under minor head of 'Interest' column for the major head 'IGST'. At the time of filing GSTR-3B for a particular tax period, he noticed that there is no sufficient amount under the minor head 'Tax' towards payment of Rs 30,000. When approached with the Jurisdictional Tax Officer, Mr A was guided to deposit the tax amount under proper head of account and claim a refund for the remittance of amount deposited under head 'Interest'. Examine the relevant provisions of CGST Act, 2017 towards payment of tax and compliance with the law.

Ans.

Provisions of section 49 of CGST Act, 2017 permit a registered person for transferring the amount deposited under any of the minor head (ie, tax, interest, penalty, fees or others) to any of the heads under IGST/CGST/ SGST/UTGST and make the payment of the taxes there upon. Accordingly, Mr A need not deposit the tax amount under head 'Tax' and claim a refund for the remittance of amount deposited under head 'interest'. Instead of using Form GST PMT-09, such amount can be transferred suo-moto on the common portal from 'Interest' to 'Tax' head and tax liability be paid.

ILLUSTRATION 3

M/s PPC Ltd has availed input tax credit for Rs 54,000 IGST during February 2022 on a particular purchase. Accounting records for the above purchase indicate that IGST paid to the supplier is Rs 45,000 as per the bill received. GSTR-1 uploaded by the supplier for the above supply indicates Rs 45,000 as tax paid. Examine as per GST provisions, what value shall be updated in the ledgers maintained on behalf of M/S PPC Ltd on the common portal.

Ans.

M/S PPC Ltd have accounted and paid Rs 45,000 as IGST to the supplier concerned. However, avilment of input tax credit has been made for Rs 54,000. As per Section 49 (2) of CGST Act, 2017, the input tax credit as self-assessed in the return of a registered person shall be credited to his electronic credit ledger. Accordingly, Electronic Credit Ledger of M/s PPC Ltd shall be updated with a value of Rs 54,000 as per self-assessed return to be filed for February 2022, though the input tax credit shown by the supplier is only for Rs 45,000.

- Electronic Liability Register

ILLUSTRATION 5

M/s ABC & Co have defaulted in filing return u/s 39 of CGST Act, 2017 (ie, GSTR-3B) for March 2022 within the specified due date. Reason for such delay is attributable to delay in closure of books for March 2022, which have been finalised during May 2022. The GST Common Portal prompted for payment of late fees payable u/s 47 of CGST Act, 2017 for a sum of Rs 2,000 under CGST and SGST each. Accountant of M/S ABC & CO sought your confirmation for payment of such late fees through the balance available in Electronic Credit Ledger for the late fees. Give your guidance in this regard.

Ans.

Section 49 of the CGST Act, 2017 provides that the amount available in the Electronic Cash Ledger may be used for making any payment towards tax, interest, penalty, fees or any other amount payable under the provisions of this Act or the rules made there under in prescribed manner. Further, Section 49 also provides that the amount available in the Electronic Credit Ledger may be used for making any payment towards output tax in the prescribed manner.

Accordingly, as per the combined reading of the above provisions, late fees shall be paid only through Electronic Cash Ledger and not possible through Electronic credit Ledger. Thus, contention of the accountant of M/s ABC&CO is not correct and the above amount shown on the Common Portal has to be deposited in Electronic Cash Ledger under appropriate minor head, through any of the specified modes.

ILLUSTRATION 6

ILLUSTRATION 9

Sahil is a supplier of taxable goods in Karnataka. He got registered under GST in the month of September 2022 and wishes to pay his IGST liability for the month. Since he is making the GST payment for the first time, he is of the view that he needs to mandatorily have the online banking facility to make payment of GST; offline payment is not permitted under GST. You are required to apprise Sahil regarding the various modes of deposit in the Electronic Cash Ledger. Further, advise him with regard to following issues:

- (a) Are manual challans allowed under GST?
- (b) What is the validity period of the challan?
- (c) Is cross utilization among major and minor heads of the Electronic Cash Ledger permitted?

Ans.

As per the provisions of CGST Act, 2017 read with relevant rules, the deposit in Electronic Cash Ledger can be made through any of the following modes, namely:

- Internet banking through authorised banks;
- Credit Card/Debit Card through the authorised bank;
- National Electronic Fund Transfer (NEFT) or Real Time Gross Settlement (RTGS) from any bank; or
- Over The Counter (OTC) payment through authorised banks for deposits up to Rs 10,000 per challan pertax period, by cash, cheque or demand draft.

Thus, offline mode is also permitted under GST subject to specified conditions.

- (a) Manual or physical challans are not allowed under the GST regime. It is mandatory to generate challans online on the GST Portal.
- (b) Challan is valid for a period of 15 days.
- (c) A registered person may, on the common portal, transfer any amount of tax, interest, penalty, fee or any other amount available in the Electronic Cash Ledger under the CGST Act, 2017 to the Electronic Cash Ledger for Integrated Tax, Central Tax, State Tax or Union Territory Tax/Cess.

ILLUSTRATION 10

Suhasini is a registered software consultant, On account of her ill health, she could not provide any services during October. However, she had to incur all the expenses relating to her office. She paid Rs 75,000 to various vendors. The total input tax involved on the goods and services procured by her is Rs 13,500. Out of the total bills paid by her, one bill for Rs 15,000 relates to security services availed for security of her office, tax on which is payable under reverse charge. Input tax involved in such bill is Rs 2,700. Suhasini is of the opinion that for the month of October, no GST is payable from Electronic Cash Ledger as she has sufficient balance of ITC for payment of GST under reverse charge on security services. Do you think Suhasini is right? Explain with reasons.

Ans.

The amount available in the Electronic Credit Ledger may be used for making any payment towards output tax.

Output tax in relation to a taxable person, means the tax chargeable on taxable supply of goods or services or both made by him or by his agent but excludes tax payable by him on reverse charge basis.

Therefore, ITC cannot be used to pay the tax liability under reverse charge. The same is always required to be paid through Electronic Cash Ledger and not Electronic Credit Ledger. Thus, Suhasini is wrong and she will need to pay the GST of Rs 2,700 on security service through Electronic Cash Ledger.

Mr Manik provides the following information regarding his tax & other liabilities under GST Act as per Electronic Liability Register:

S.No.	Particulars	Amount (₹)	S.No.	Particulars	Amount (₹)
1.	Tax due for the month of May	25,000	4.	Tax due for the month of June	35,000

2.	Interest due for the month of May	2,000	5.	Liability arising out of demand notice u/s 73	48,000
3.	Penalty due for the month of May	3,000			

Mr Manik wants to clear his liability of demand notice u/s 73 first. Discuss the provisions of order of discharge of GST liability u/s 49 (8) of CGST Act & advice to Mr Manik.

Answer

A chronological sequence has been prescribed 4/s49(8) of the CGST Act in which the liability of a taxable person has to be discharged. Such sequence needs to be followed mandatorily.

- Self-assessed tax and other dues for the previous tax periods have to be discharged first;
- Self-assessed tax and other dues for the current period have to be discharged next; and
- Liability arising out of demand notice and adjudication proceedings comes last.

In light of the above stated law, the amounts specified in the question need to be paid in the following chronological order:

- Tax, interest and penalty dues for the month of May amounting to ₹ 30,000 need to be discharged first.
- Tax due for the month of June amounting to ₹ 35,000 needs to be discharged next.
- Liability arising out of demand notice amounting to ₹ 48,000 needs to be discharged last.

Mr Atul of Chennai is a registered dealer under GST. He has an opening balance of input tax credit of ₹ 1,20,000 (IGST) lying in the electronic credit ledger relating to the month of November 2023. During the month, a legal proceeding has been initiated under the GST law which resulted in a tax liability of ₹ 80,000 (IGST, other than RCM liability). Mr Atul agrees with the tax liability and wants to use the balance lying in the electronic credit ledger towards payment of same.

He seeks your opinion with regard to the provisions of GST laws as to whether he is allowed to use the amount lying in the electronic credit ledger for making the payment of tax liability, payable as a consequence of the proceeding?

Answer

- As per Section 49, the amount available in the electronic credit ledger may be used for making any payment towards output tax, subject to the provisions relating to the order of utilisation of ITC as laid down u/s 49.
- Further, output tax in relation to a taxable person is defined as the tax chargeable on taxable supply of goods or services or both but excludes tax payable on reverse charge mechanism. Accordingly, it is clarified that any payment towards output tax, whether self-assessed in the return or payable as a consequence of any proceeding instituted under the provisions of GST laws, can be made by utilization of the amount available in the electronic credit ledger of a registered person.
- Therefore, Mr Atul is allowed to use the amount lying in the electronic credit ledger for making the payment of tax liability payable as a consequence of legal proceeding.

GSTR-3B for the month of January 2024 has been filed by M/s Avisha Limited, a registered person, within the due date prescribed by the CGST Act 2017 which is on February 20th, 2024. It came to the notice of the company that tax due for the month of January 2024 has been paid short by ₹ 16,000. The shortfall of ₹16,000 has been paid through Cash Ledger and Credit Ledger at the time of filing GSTR-3B for the month of February 2024 on March 20th, 2024 in the following manner:

Particulars	Cash Ledger	Credit Ledger
Shortfall	₹ 12,000	₹4,000

Assume that electronic cash ledger and credit ledger carry sufficient balance for the above short fall.

- You are required to calculate the amount of interest payable if any u/s50 of the CGST Act.
- Give the effect if GSTR-3B for the month of January 2024 had been filed belatedly on March 20, 2024 and all other conditions remaining same.

Calculation should be rounded off to nearest rupee. As 2024 is leap year, give effect of same.

Answer

Interest is payable in case of delayed payment of tax @ 18% p.a. from the date following the due date of payment to the actual date of payment of tax.

Above interest is payable on the net tax liability paid in cash only if return in Form GSTR-3B for a tax period has been filed after the due date to furnish such return. Otherwise, interest is payable on gross tax liability.

- (i) Since Avisha Limited has furnished Form GSTR-3B for the month within the prescribed due date, interest is payable on the gross tax liability deposited with a delay of 29 days {21.02.2024 – 20.03.2024 [both inclusive]}. Interest = ₹16,000 × 18% × 29/366 = ₹228 [rounded off]
- (ii) If Avisha Limited has filed Form GSTR-3B for the month after the due date, ie on 20.03.2024, interest is payable on the net tax liability paid through Electronic Cash Ledger only, for a delay of 29 days. Interest = ₹12,000 × 18% × 29/366 = ₹171 [rounded off]

ILLUSTRATION 2

Ans.

Yes, every e-commerce operator is required to collect tax where consideration with respect to the supply is being collected by the e-commerce operator.

However, no TCS is required to be collected in the following cases:

- On supply of services notified u/s9(5) of the CGST Act, 2017.

- On supplies on which the recipient is required to pay tax on reverse charge basis.

ILLUSTRATION 3

State whether the provisions pertaining to tax collected at source u/s 52 of CGST Act, will be applicable, if Fitan Ltd sells watch on its own through its own website?

Ans.

As per Section 52, every electronic commerce operator not being an agent, shall collect an amount calculated at such rate, as may be notified by the Government on the recommendations of the council,

of the net value of taxable supplies made through it by other suppliers where the consideration with respect to such supplies is to be collected by the operator. Hence, if the person sells on his own, provisions pertaining to tax collected at source (TCS) won't be applicable.

ILLUSTRATION 4

There is no onus of filing any monthly & annual statements by ECO. Examine the technical veracity of the statement by explaining relevant provisions.

Ans.

The given statement is invalid. An electronic statement has to be filed by the ECO containing details of the outward supplies of goods and/ or services effected through it, including the supplies returned through it and the amount collected by it as TCS during the month within 10 days after the end of the each month in which supplies are made.

Additionally, the ECO is also mandated to file an Annual Statement on or before 31st day of December following the end of the financial year.

The Commissioner has been empowered to extend the due date for furnishing of monthly and annual statement by the person collecting tax at source.

ILLUSTRATION 5

Ans.

As per Section 52, every electronic commerce operator not being an agent, shall collect an amount calculated at such rate, as may be notified by the Government on the recommendations of the Council, of the net value of taxable supplies made through it by other suppliers where the consideration with respect to such supplies is to be collected by the operator. If ABC Limited who is dealer of Royul brand sells watches through Slipkart, then the provision of TCS will be applicable to Slipkart.

ILLUSTRATION 6

Who is liable to collect TCS [collection of tax at source] under section 52 of the CGST Act, 2017. Briefly explain the provisions relating to registration, filing of return and deposit of TCS to Government as per

the provisions of Section 52 of the CGST Act, 2017 and Rule 12 of the CGST Rules, 2017.

Answer

- Every Electronic Commerce operator (ECO), not being an agent, is liable to collect tax at source (TCS) on the net value of taxable supplies made through it by suppliers, where the ECO collects the consideration on behalf of the supplier for such supplies.
- Registration: Section 24 prescribes that an ECO is mandatorily required to obtain registration irrespective of the turnover. A registration application in prescribed form needs to be submitted through the common portal and the proper officer shall, after due verification, grant registration. On a request or upon an enquiry or pursuant to any other proceeding under GST law, if the proper officer is satisfied that a person is no longer liable to collect the tax at source, he may cancel his registration.
- Returns: Such ECO shall furnish a monthly statement in Form GSTR-8 containing the details of the outward supplies of goods and/or services effected through it, including supplies returned through it and the amount collected by it as TCS during the month within 10 days after the end of each month in which tax has been collected at source. Further, an annual statement also needs to be filed in Form GSTR-9B on or before 31st December following the end of the financial year.
- Deposit of TCS: By 10th of the month succeeding the month in which TCS has been collected.

Mohan, a registered person in Salem, Tamil Nadu, makes intra-state supply of taxable goods amounting to ₹ 13,57,000 inclusive of GST to a Public Sector Undertaking (PSU). Consideration for same received in 5 equal instalments from PSU.

Tax rate applicable: CGST 9%, SGST 9%, IGST 18%. What will be your view with respect to applicability of TDS provisions as per Section 51 of CGST Act 2017 regarding above transaction?

What is the period by which TDS is required to be deposited to the Government account?

Answer

- In case of supply of goods to PSU, TDS needs to be deducted u/s 51 of CGST Act if the total value of supply under a contract (excluding the amount of GST indicated in the invoice) exceeds ₹ 2,50,000. Thus, individual supplies may be less than ₹ 2,50,000 but if the value of supply under a contract is more than ₹ 2,50,000, TDS needs to be deducted as per rates prescribed.

- In the present case, the value of contract exclusive of GST shall be ₹ 11,50,000 [$₹13,57,000 \times 100/118$]. Since the total value of contract exclusive of GST exceeds ₹ 2,50,000, TDS provisions shall apply in the present case and a total amount of ₹ 23,000 needs to be deducted as TDS (₹11,500 pertaining to CGST & SGST each). The fact that the payment is being made by PSU in 5 equal instalments is of no relevance.
- The amount of TDS deducted by payee needs to be deposited to the Government account on monthly basis by 10th day of the succeeding month.

CHAPTER - 15

RETURNS UNDER GST

ILLUSTRATION 1

Mr X, a regular taxpayer, did not make any taxable supply during July 2023. Is he required to file GSTR-3B?

Ans.

A regular taxpayer is required to furnish a return u/s39 for every month even if no supplies have been effected during such period. In other words, filing of Nil GSTR-3B is also mandatory. Therefore, Mr X is required to file GSTR-3B even if he did not make any taxable supply during July 2023.

ILLUSTRATION 2

If a return has been filed, how can it be revised if some changes are required to be made?

Ans.

In GST since the returns are built from details of individual transactions, there is no requirement for having a revised return. Any need to revise a return may arise due to the need to change a set of invoices or debit/credit notes. Instead of revising the return already submitted, the system allows changing the details of those transactions (invoices or debit/credit notes) that are required to be amended. They can be amended in any of the future GSTR-1 in the tables specifically provided for the purposes of amending previously declared details.

As per section 39(9), omission or incorrect particulars discovered in the return filed u/s39 can be rectified in the return to be filed for the month during which such omission or incorrect particulars are noticed. Any tax payable as a result of such error or omission will be required to be paid along with interest. The rectification of errors/omissions is carried out by entering appropriate particulars in "Amendment Tables" contained in GSTR-1. However, no such rectification of any omission or incorrect particulars is allowed after 30th November of the succeeding financial year or the actual date of furnishing of relevant annual return, whichever is earlier.

ILLUSTRATION 3

M/s Cavenon Enterprises, a registered supplier of designer wedding dresses under regular scheme, has aggregate annual turnover of ₹ 30 lakhs in the preceding financial year. It is of the view that in the current financial year, it is permitted to file its statement of outward supplies (GSTR-1) on a quarterly basis while its accountant advises it to file the same on a monthly basis. You are required to advise M/s Cavenon Enterprises on the same.

Ans.

Section 37 stipulates that GSTR-1 is required to be filed on monthly basis by 10th day of the immediately succeeding month (practically, extended to 1st day of the immediately succeeding month). However, presently, as a measure of easing the compliance requirement for small taxpayers, the details of outward supplies of goods or services or both to a registered person can be furnished, for the first and second months of a quarter, up to a cumulative value of ₹ 50 L in each of the months, using invoice furnishing facility (IFF) electronically on the common portal, from the 1st day of the month succeeding such month till the 13th day of the said month. The taxpayers opting for furnishing details of outward supply on quarterly basis can file GSTR-1 on quarterly basis. The option to file return on quarterly basis is available for taxpayers having aggregate turnover up to ₹ 5 crores in preceding financial year.

In view of the same, M/S Cavenon Enterprises can file its GSTR-1 on quarterly basis if it has opted to furnish the outward supply related details on quarterly basis and filing IFF on monthly basis as its aggregate turnover does not exceed ₹ 5 crore in the preceding financial year.

ILLUSTRATION 4

Mr Kohli is a registered supplier in the State of Gujarat. He is filing GSTR-1 every month. During the month of February, he went out of India and thus, could not do any business transaction during that month. He believes that as there is no transaction, there is no need to file GSTR-1 for the month of February. Is he correct? Explain.

Ans.

No, Mr Kohli is not correct. GSTR-1 needs to be filed even if there is no business activity in the tax period. Therefore, in the given case, even though Mr Kohli was out of India and thus, could not do any business transaction during the month of February, he is still required to file GSTR-1 for that month.

ILLUSTRATION 5

Mr Kalpesh is a registered dealer in Kerala paying tax under composition levy from 1th April. However, he opts to pay tax under regular scheme from 1st December. Is he liable to file GSTR-4 for the month of November? Discuss.

Ans.

Where a taxpayer opts to withdraw from the composition scheme, he has to file GSTR-4 for the period prior to his opting for payment of tax under regular scheme. Therefore, in the given case, Mr Kalpesh is liable to file GSTR-4 for the month of November since he was paying tax under composition scheme during the month of November.

ILLUSTRATION 6

Mrs Zarina, a registered dealer in Rajasthan, did not file GSTR-3B for the month of June but she wants to file GSTR-3B for the month of July. Is it possible? Answer with reference to Section 39 of the CGST Act.

Ans.

As per Section 39, a registered person is not allowed to furnish a return for a tax period if the return for any of the previous tax periods has not been furnished by him. Therefore, in the given case, Mrs zarina cannot file GSTR-3B for July if she has not filed GSTR-3B for the preceding month, ie, June.

ILLUSTRATION 7

Mr X has not made any outward supply during the month of September. However, Mr X has procured certain input services during the month. Mr X is of the opinion that he can file Nil GSTR-3B for the month of September through SMS. Whether the understanding of Mr X is correct? Explain.

Ans.

Nil GSTR-3B means that the return has nil or no entry in all its Tables. Since in the present case Mr XX has received certain input services, he cannot file Nil GSTR-3B through SMS as the said input services will need to be disclosed in the Table for Eligible ITC in GSTR-3B.

ILLUSTRATION 8

Mr A is a Chartered Accountant in practice and is registered under GST. On a query regarding return filing process by a potential client, Mr A has represented him as a GST practitioner. Mr A is of the view that since he is a qualified Chartered Accountant with a GST registration in the name of his proprietorship firm, he also qualifies as GST practitioner. Is the understanding of Mr A correct? Discuss.

Ans.

The understanding of Mr A is not correct. A chartered Accountant can become a GST practitioner (GSTP). However, holding a certificate of practice as a Chartered Accountant and having GST registration does not imply that such Chartered Accountant is a GST practitioner as well. For becoming a GSTP, even a Chartered Accountant in practice has to follow the enrolment process of GSTP as provided under the GST law and only upon approval of such enrolment can a chartered Accountant represent himself as a GSTP.

ILLUSTRATION 9

Quicktax, a GST return filing service provider, has asked its clients to provide the scanned copies of the tax invoices issued to B2B customers for uploading on the GST portal and filing the return. Whether the process followed by Quicktax is correct?

Ans.

No, the process followed by Quicktax is not correct. The registered persons supplying goods or services to B2B customers are required to upload the invoice wise details of supplies made during the tax period. However, there is no requirement to upload the scanned copies of the invoices issued to the customers on the GST portal at the time of filing returns.

Only information required as per GST returns is to be captured in the return filing utility and the same is to be uploaded on the GST portal and not the scanned copies of the actual invoices.

ILLUSTRATION 10

X Ltd is winding up its business in Rajasthan. The Tax Consultant of X Ltd has suggested that X Ltd will have to file either the annual return or the final return at the time of voluntary cancellation of registration in the State of Rajasthan. Do you agree with the stand taken by Tax Consultant of X Ltd? Offer your comments.

Ans.

No, the stand taken by Tax Consultant of X Ltd is not correct. Annual return is required to be filed by every registered person paying tax as a normal taxpayer. Final return is filed by the registered persons who have applied for cancellation of registration within three months of the date of cancellation or the date of cancellation order, whichever is later.

In the given case, XLtd, a registered person, is winding up its business and has thus, applied for cancellation of registration. Therefore, it is required to file both annual return and final return.

ILLUSTRATION 11
