

PAPER – 3: TAXATION

Part I – Multiple Choice Questions

Case Scenario -I

Mrs. Anisha, an Indian citizen aged 50 years, left India on 29th September, 2024 for permanent settlement in the U.S.A. Prior to this, she had never travelled outside India. She owns a self-occupied residential house property in New York (U.S.A.). The expected rent from the house, when converted into Indian Rupees, is ₹20 lakh in the previous year 2024-25. She has earned interest income of ₹ 11,50,000 (gross) from USA Pension fund bond and received in her USA bank account.

In India, she owns two residential properties - House X and House Y. House X was self-occupied by her during the stay in India and the annual value of a similar property in the vicinity is ₹ 8 lakh. House Y was let out for generating regular rental income.

House Y is situated near a famous temple and was rented out to Mr. Amit for the entire financial year 2024-25 at a monthly rent of ₹ 60,000. However, due to the upcoming annual temple festival attracting millions of devotees, the tenant found it difficult to reside in this area and wanted to shift to any other place. He refused to pay rent for two months, though the tenancy remained bona fide. To maintain goodwill, Mrs. Anisha offered him another semi-constructed residential property, which Mr. Amit accepted and shifted to that house.

Mrs. Anisha also entered into an agreement with Mr. Nagesh, a renowned parking contractor, to lease out her garage for parking space at the ground floor of House Y for four months at rent of ₹ 55,000 per month during the financial year 2024-25. The business turnover of Mr. Nagesh during the financial year 2024-25 was ₹ 95 lakh and for the financial year 2023-24 was ₹ 1.1 crore.

All the rent and parking charges were received in the bank account maintained in India by the respective persons.

House X and House Y were acquired in the financial year 2023-24 with a bank loan of ₹ 25 lakh and ₹ 30 lakh, respectively. Mrs. Anisha paid interest of ₹ 2.5 lakh for House X but interest of ₹ 3 lakh accrued in house loan account could not be actually paid for House Y.

From the information given above, answer the multiple choice question No. 1-3 on the assumption that both Mrs. Anisha and Mr. Nagesh opted for¹ default tax regime for previous year 2024-25:

1. What would be residential status of Mrs. Anisha for the financial year 2024-25?
 - (A) Deemed resident, because she is an Indian citizen whose total income exceeds ₹ 15 lakh (excluding income from foreign sources)
 - (B) Resident but not ordinarily resident
 - (C) Resident and ordinarily resident
 - (D) Non-resident

(2 Marks)
2. What would be the total Income under correct head of income of Mrs. Anisha for the previous year 2024-25?
 - (A) Total income ₹ 15,58,000 (₹ 4,08,000 under Income from house property and ₹ 11,50,000 under Income from other sources)
 - (B) Total income ₹ 16,24,000 (₹ 2,54,000 under Income from house property, ₹ 2,20,000 under profit and gains from business or profession and ₹ 11,50,000 under Income from other sources)
 - (C) Total income ₹ 15,74,000 (₹ 2,04,000 under Income from house property, ₹ 2,20,000 under profit and gains from business or profession and ₹ 11,50,000 under Income from other sources)
 - (D) Total income ₹ 15,08,000 (₹ 3,58,000 under Income from house property and ₹ 11,50,000 under Income from other sources)

(2 Marks)
3. How much TDS is deductible on payment of parking charges by Mr. Nagesh for the previous year 2024-25?
 - (A) ₹ 4,576
 - (B) ₹ 2,200
 - (C) ₹ 4,400
 - (D) Nil

(2 Marks)

Case Scenario - II

Mr. Parkash, a resident Indian aged 61 years, purchased a shop for ₹ 15 lakh in November, 2004. Registration and other expenses were 12% of the cost. He entered into an agreement for the sale of shop to Mrs. Mani in January 2014. The sale consideration was fixed at ₹ 20 lakh. Mr. Parkash received ₹ 5 lakh as advance on that date by executing an agreement. However, in February 2014, due to failure on the part of Mrs. Mani, the said negotiation could not materialize and hence, the said amount of advance was forfeited by Mr. Parkash.

Mr. Parkash entered into another agreement in January 2024 for the sale of this shop to Mr. Madan at ₹ 25 lakh and received an advance of ₹ 8 lakh but on 15th April, 2024, Mr. Madan denied to complete the agreement due to non-availability of sufficient funds and Mr. Parkash forfeited and retained the advance as per the agreement on that date. Finally, Mr. Parkash sold this shop to Mr. Mohan on 23rd June, 2024 for ₹ 45 lakh.

Further, he has deposited ₹ 5 lakh out of the sale proceeds in a fixed deposit for 5 years with post office and earned interest of ₹ 26,700 (gross) on such FDR during the previous year 2024-25. He has opted to shift out of the default taxation regime under section 115BAC(1A) of Income-tax Act, 1961 for the assessment year 2025-26.

(Cost inflation index for F.Y. 2004-05: 113, F.Y. 2013-14: 220, F.Y. 2023-24: 348 and F.Y. 2024-25: 363)

Part II – Descriptive Questions**SECTION A: INCOME TAX LAW**

Question No.1 is compulsory.

*Candidates are also required to answer any **two** questions from the remaining **three** questions.*

Working notes should form part of the respective answers.

All questions relate to Assessment Year 2025-26, unless otherwise stated.

Question 1

Mr. Niraj, a resident individual aged 55 years, is an interior designer. He had also started a business of publishing of books on interior designing on 1st April, 2022 for providing in depth knowledge to the builders and home buyers. His total turnover and gross receipt from the business and profession was ₹ 16 crore during the financial year 2024-25. The net profit as per the profit and loss account after debiting/crediting the following items was ₹ 1.27 crore:

- (i) He purchased an annual publication on interior design from the local market for ₹ 8,500 on 10th May, 2024 and paid whole of the amount in cash. He claimed depreciation @40% on the publication.*
- (ii) Employee benefit expenses include a provision for gratuity of ₹ 8 lakh made as per the actuarial report, out of which ₹ 2 lakh has been paid on 30th December 2024, ₹ 3 lakh has been paid on 31st January, 2025 and ₹ 3 lakh has been paid on 30th April, 2025 before the due date of filing return of income.*
- (iii) Depreciation includes ₹ 50,000 charged on installation of solar lighting system on 10th November, 2024 at the factory premises which is used in the publishing of books on interior designing. The cost of installation was ₹ 4 lakh. He also received subsidy of ₹ 1 lakh from the Government of India for the installation of solar lighting system.*

Additional Information:

- (a) Mr. Niraj paid ₹ 20 lakh as tuition fees from his own sources, including ₹ 2 lakh as development fees, to a foreign university for his son's postgraduate course. He has also paid ₹ 4 lakh as interest on an education loan of ₹ 35 lakh taken during the financial year 2024-25 from a bank for MBA course pursued by his daughter.
- (b) Mr. Niraj by oversight did not record depreciation of ₹ 1,500 on designer equipment in the books of account and, considering the amount insignificant, decided not to claim it.
- (c) He had transferred ₹ 50,000 to his wife, Mrs. Sunita, in financial year 2022-23 without any consideration. This amount was given by Mrs. Sunita as a loan to Mr. Samrat. Mrs. Sunita earned ₹ 20,000 as interest during previous year 2023-24, which she also lent to Mr. Samrat. During the financial year 2024-25, Mrs. Sunita received interest at 20% p.a. on ₹ 70,000.
- (d) His 17-year old daughter received ₹ 5 lakh for acting in a mythological TV show. The total income of Mrs. Sunita is ₹ 25 lakh (computed).
- (e) He sold a large printing machine, the only asset in the block, which was originally acquired for ₹ 3 lakh on 2nd October 2022 and depreciated at 15% per annum. The machine was sold on 1st July 2024 for ₹ 2 lakh.
- (f) During the previous year, he recruited 5 new regular employees on 1st June 2024, each receiving a monthly salary of ₹ 20,000 and 10 new regular employees joined on 1st July 2024, each receiving a monthly salary of ₹ 26,000. All the salaries were paid to employees by an account payee cheque and they participate in recognised provident fund.
- (g) Royalty of ₹ 4.9 lakh was paid to Mr. Joy, a non-resident, on 30th June 2023 for the use of his brand 'Neo Home' without deduction of tax at source. The tax was subsequently deducted and paid in the financial year 2024-25.

Compute the total income of Mr. Niraj and determine his tax liability for the assessment year 2025-26 under both the default tax regime and the optional tax regime. Also, advise Mr. Niraj which regime is more beneficial to him.

The VP HUF owns two agricultural lands in India, one in Mysore and the other in Saharanpur. The Mysore land is used for coffee cultivation. The cost of cultivation of coffee produce is ₹ 4 lakh and is sold directly in the Indian market for ₹ 15 lakh. The Saharanpur land is used for sugarcane cultivation which is further used for manufacturing of sugar in the factory owned by Mr. Paul. The sugarcane (worth ₹ 8 lakh) were processed into sugar with a job work cost of ₹ 3 lakh and is sold in the Indian market for ₹ 28 lakh. The cost of cultivation of sugarcane is ₹ 2 lakh.

Based on the above information, determine:

- (i) Residential status of V P HUF for the assessment year 2025-26, and
- (ii) Compute the total income under proper heads of income and net tax liability of V P HUF under the default tax regime. **(6 Marks)**
- (b) Examine the applicability of tax deduction at source as per the Income-tax Act, 1961 for the assessment year 2025-26 in the following independent situations:
- (i) Dr. Ram Narayan (aged 63 years), an orthopaedic surgeon, borrowed ₹ 25 lakh from a friend to expand his clinic to include physiotherapy services and paid ₹ 2.5 lakh as interest on borrowed funds. His professional receipts were ₹ 52 lakh and ₹ 48 lakh during the financial years 2023-24 and 2024-25, respectively.
- (ii) Mr. Mahesh intends to distribute cash to the people affected by a heavy flood in the state of Punjab. He maintains a bank account with a nationalised bank and has withdrawn ₹ 2 crore in cash in the months of August 2024 and September 2024. During the last four previous years,

Mr. Mahesh has filed his return of income only for the previous year 2023-24, as his income in the remaining three years was below the maximum amount not chargeable to tax under the Income-tax Act, 1961. **(4 Marks)**

Answer**(a) (i) Determination of residential status of V P HUF for the A.Y. 2025-26**

Since Mr. Paul, Karta of V P HUF, stayed outside India for only 90 days, the control and management of the affairs of the V P HUF can be said to be situated partly in India. Thus, V P HUF would be resident in India for the P.Y. 2024-25.

Since Mr. Paul was resident in at least 2 previous years out of 10 previous years immediately preceding P.Y. 2024-25 and he stayed for 730 days or more during 7 previous years immediately preceding P.Y. 2024-25, the V P HUF would be resident and ordinarily resident in India for the P.Y. 2024-25.

Note: Alternatively, the answer can be presented as follows:

Since Mr. Paul was neither a non-resident in 9 out of 10 previous years immediately preceding P.Y. 2024-25 nor stayed for less than 729 days during the 7 previous years preceding P.Y. 2024-25, the VP HUF would be resident and ordinarily resident in India for the P.Y. 2024-25.

(ii) Computation of total income of VP HUF

Gross total income/Total income		17,00,000

Computation of net tax liability of VP HUF under default tax regime

Particulars	₹
Step I: Tax on agricultural income and non-agricultural income = ₹ 34,00,000 (₹ 17,00,000 + ₹ 17,00,000) (i.e., ₹ 1,40,000 upto ₹ 15,00,000 plus 30% of ₹ 19,00,000)	7,10,000
Step II: Tax on agricultural income plus basic exemption limit = ₹ 20,00,000 [₹ 17,00,000 + ₹ 3,00,000] (i.e., ₹ 1,40,000 upto ₹ 15,00,000 plus 30% of ₹ 5,00,000)	2,90,000
Step I – Step II	4,20,000
Add: Health and Education cess @4%	16,800
Net tax liability	4,36,800

- (b) (i) As the gross receipts of the profession carried on by Dr. Ram Narayan for F.Y. 2023-24 has exceeded ₹ 50 lakhs, he is required to deduct tax at source under section 194A @10% on ₹ 2,50,000, being the interest on borrowed funds from a friend.

- (ii) Since Mr. Mahesh has furnished his return of income for one of the assessment year's i.e., A.Y. 2024-25 out of the three assessment years relevant to the three previous years, for which the due date for filing return of income has expired at the time of cash withdrawals i.e., August and September 2024, the bank is required to deduct tax at source under section 194N @2% on the cash withdrawals of ₹ 1 crore, being the amount exceeding ₹ 1 crore.

Alternate answer – If it is assumed that the due date for filing return of income for A.Y. 2024-25 for Mr. Mahesh is 31st October 2024, being the date after the months in which he made the cash withdrawals, alternate answer can be given as follows:

Since Mr. Mahesh has not furnished the return of income for all the three assessment years relevant to the three previous years for which due date of filing return of income has expired at the time cash withdrawals, the bank is required to deduct tax at source under section 194N @ 2% on ₹ 80 lakhs, being the sum exceeding ₹ 20 lakhs but does not exceed ₹ 1 crore and @ 5% on ₹ 1 crore, being the amount exceeding ₹ 1 crore.

Question 3

- (a) Mr. Suresh, aged 55 years, is a resident individual employed in a Government company. During the financial year 2024-25, he received a monthly basic salary of ₹ 1 lakh along with a dearness allowance (DA) of 25% of the basic pay. In addition, as per the company's policy, he was provided with the following allowances and perquisites during the year:
- (i) On account of a natural calamity caused by a cloudburst in Himachal Pradesh, he instructed his employer to directly deposit his basic pay and dearness allowance for the month of September 2024 into the PM CARES Fund.
 - (ii) He received ₹ 62,500 as leave encashment during the year, equivalent to 15 days' basic pay and dearness allowance.
 - (iii) He received entertainment allowance of ₹ 95,000.
 - (iv) His employer incurred ₹ 5 lakh towards the medical treatment of his married daughter outside India, including ₹ 1 lakh for travel expenses of the patient and one attendant, as permitted under RBI guidelines.

- (v) Upon his appointment as Director (Finance) during the year, the company provided free education to his child in a school maintained by it. The cost of similar education in a comparable institution is ₹ 900 per month.

Calculate the total income of Mr. Suresh, if he opted for the optional tax regime for the assessment year 2025-26. **(6 Marks)**

- (b) Examine whether the following are chargeable to tax in the hands of Mrs. Nitu and the amount liable to tax for the assessment year 2025-26:

- (i) On the day of her marriage, Mrs. Nitu received gifts totalling ₹ 5,40,000, out of which ₹ 60,000 was received from non-relatives.
- (ii) On 01.11.2024, Mrs. Nitu entered into an agreement to acquire a vacant land from her friend for ₹ 25 lakh. The applicable stamp duty value (SDV) fixed by the authority was ₹ 30 lakh. As per the terms of payment, 2% of the sale consideration was paid through an account payee cheque on the date of the agreement, and the remaining 98% was paid on registration. On 15.12.2024, the date of actual registration, the SDV was enhanced to ₹ 33 lakh by the authority.
- (iii) Mrs. Nitu gifted ₹ 4 lakh on 1st September, 2024 to her husband Mr. Aman, to invest in the business. Mr. Aman started business with a capital of ₹ 12 lakh (including the amount gifted by his wife) and earned a profit of ₹ 5 lakh from this business during the financial year 2024-25.

Answer

- (a) **Computation of total income of Mr. Suresh for the A.Y. 2025-26 as per the optional tax regime**

Particulars	₹
Basic Salary [₹ 1 lakh x 12]	12,00,000
Dearness Allowance [25% of Basic Salary]	3,00,000
[Salary and Dearness Allowance for the month of September 2024 would be taxable in the hands of Mr. Suresh, even if he forgone the same and instructed to directly deposit into PM CARES Fund]	

Leave encashment [Taxable, since it is received during the employment]	62,500
Entertainment allowance	95,000
Perquisite Valuation	
Medical expenditure of ₹ 4 lakhs incurred by employer outside India for married daughter [Exempt, since it is permitted under RBI guidelines]	-
Travel expense of ₹ 1 lakh incurred by employer on patient and one attendant [Travel expenses would not be exempt, since Mr. Suresh's Gross total income before including travel expenditure exceed ₹ 2 lakhs]	1,00,000
Provision of free educational facility to child [Exempt, since it is in a school maintained by the employer company and the cost does not exceed ₹ 1,000 per month]	-
Gross Salary	17,57,500
<i>Less:</i> Entertainment allowance [Allowed in case of government employee only]	-
<i>Less:</i> Standard deduction	50,000
Net Salary/ Gross Total Income	17,07,500
<i>Less:</i> Deduction under section 80G [Contribution to PM CARES Fund of Basic pay and DA of September month]	1,25,000
Total Income	15,82,500

(b) Amount liable to tax in the hands of Mrs. Nitu for A.Y. 2025-26

		Amount (₹)
(i)	Gifts received on marriage The amount of ₹ 5,40,000 received by Mrs. Nitu from relatives and non-relatives is not taxable under section 56(2)(x) since such gifts are received on her marriage.	-
(ii)	The difference between stamp duty value on the date of agreement and actual consideration The difference between stamp duty value on the date	5,00,000

	of agreement of ₹ 30 lakhs and actual consideration of ₹ 25 lakhs is taxable under section 56(2)(x) since the difference exceeds ₹ 2,50,000, being the higher of ₹ 50,000 and 10% of consideration. Stamp duty value on the date of agreement is considered since part payment i.e., 2% of sale consideration was paid through account payee cheque on the date of agreement.	
(iii)	Profit from business of Mr. Aman Since the amount of ₹ 12 lakhs invested in the business by Mr. Aman includes ₹ 4 lakhs gifted by Mrs. Nitu, the proportionate profit attributable to such gifted amount, computed by taking such investment as on the first day of the previous year i.e., on 1 st September 2024 to total investment in the business, is to be included in the income of Mrs. Nitu [₹ 5 lakhs x ₹ 4 lakhs/ ₹ 12 lakhs]	1,66,667

Question 4

- (a) Mr. Kunal, a resident individual, furnishes the following information of his income and losses for the assessment year 2025-26:

Particulars	Amount ₹
Gross salary received from part time employment in a company	12 lakh
Rent received from a let-out residential house property	8 lakh
Interest payment on loan taken for purchase of above house	2.5 lakh
Profit from a food delivery startup business	5 lakh
Profit from the business of production of fertilizers established in August, 2024 in India	6 lakh
On 01.04.2024, Kunal transferred ₹ 10 lakh to a charitable trust with a direction that the trust will pay ₹ 2,40,000 to Mrs. Sunita (Kunal's wife) annually. Mr. Kunal can take back the full amount as per his wish.	

Losses brought forward from the earlier years: -

- (i) Loss from self-occupied property - ₹ 1.5 lakh for the previous year 2021-22.
- (ii) Business losses from specified business covered under section 35AD - ₹ 10 lakh of financial year 2015-16.

You are required to compute the gross total income under proper heads of income of Mr. Kunal on the assumption that he has opted for² default tax regime for the assessment year 2025-26 and the amount of losses to be carried forward and the period upto which they are carried forward.

(b) Examine with reasons whether the following statements are true or false with regard to the provisions of the Income-tax Act, 1961:

- (i) Mr. Rajiv is a non-working partner in a partnership firm M/s RKT & Co., whose turnover for the previous year 2024-25 is ₹ 18 crore and the books of account of the firm are required to be audited under section 44AB of the Income-tax Act, 1961 for the financial year ended on 31st March, 2025. The due date of filing the return of income by Mr. Rajiv is 31st July 2025 for the assessment year 2025-26, if he is getting only interest on capital from the firm and does not have any other source of income.
- (ii) Mr. Kalra, a resident individual aged 55 years who has opted out of the default tax regime for the previous year 2024-25, is engaged in the business of trading of textile yarn. During the previous year 2024-25, the net profit from the business carried on by him is ₹ 3.9 lakh. He has no other source of income. He has contributed ₹ 1.5 lakh to the public provident fund. As his income does not exceed the maximum amount not chargeable to tax, he is of the opinion that he is not required to file his return of income for the assessment year 2025-26. **(4 Marks)**

(b) First Alternative

- (i) **False:** Since the firm M/s RKT & Co. is required to get its books of accounts audited for P.Y. 2024-25, the due date for filing return of income for Mr. Rajiv would be 31st October 2025 even if he is a non-working partner and getting only interest on capital from the firm and does not have any other source of income.
- (ii) **False:** Since the total income of ₹ 3,90,000 of Mr. Kalra exceed the basic exemption limit of ₹ 2,50,000 without giving effect to the deduction of ₹ 1,50,000 under Chapter VI-A in respect of contribution to the public provident fund, he is required to file return of income for the A.Y. 2025-26.

(b) Second Alternative

Where the Assessing Officer considers that the return of income furnished by the assessee is defective, he may intimate the defect to the assessee and give him an opportunity to rectify the defect within 15 days from the date of intimation.

The Assessing Officer has the discretion to extend the time period beyond 15 days on an application made by the assessee in this behalf.

If the defect is not rectified within the period of 15 days or such further extended period, the return would be treated as an invalid return.

If the assessee rectifies the defect after the expiry of 15 days or the further extended period, but before the assessment is made, the Assessing Officer may condone the delay and treat the return as a valid return.

Answer

- (a) Tax on services supplied by GTA in respect of transportation of goods by road is payable under reverse charge⁴ since:

- (i) said services are being provided to a partnership firm, and
- (ii) the supplier (GTA) has not opted to pay tax under forward charge.

Time of supply of services taxable under reverse charge (where invoice is required to be issued by the supplier) is **earlier** of:

⁴ Since the partnership firm is unregistered and tax is payable under reverse charge mechanism, Partnership firm is required to take compulsory registration under section 24 of the CGST Act, 2017.

- (i) Date of payment, or
(ii) 61st day from the date of issue of invoice

Answer

(a) In case of delayed payment of tax, interest is payable from the day succeeding the due date of payment of tax till the date of payment of tax.

However, where the supplies made in a period are declared in the return for said period filed after due date, interest is calculated on tax paid by debiting electronic cash ledger. Accordingly, in given case, interest is payable on ₹ 80,000, viz. tax paid by debiting electronic cash ledger.

No interest is payable on the amount of ITC utilized for payment of tax.

Further, where any amount is credited in Electronic Cash Ledger on/ before due date of return, but is debited therefrom for tax payment while filing said return after due date, it is not considered while calculating such interest, if said amount is lying from due date till date of debit at the time of filing return.

Accordingly, **where ₹ 80,000 is deposited in electronic cash ledger on 18th May, 2025**, i.e. before due date of filing return of April, 2025 but debited while filing return of April, 2025 on 10th June, 2025, said amount shall not be taken into account for interest calculation as per above provisions.

Thus, interest payable is NIL on (₹ 2,00,000-₹ 1,20,000 -₹ 80,000).

However, **where ₹ 80,000 is deposited in electronic cash ledger on 24th May, 2025**, i.e. after due date of filing return of April, 2025, interest shall be calculated on ₹ 80,000 as follows:

Period of delay is from 20.05.2025 to 10.06.2025 = 21 days

Interest = ₹ 80,000 × 18% × 21/365 = ₹ 828 (rounded off)

- (b)** A registered person (except specified class of persons), whose aggregate turnover in any preceding financial year from 2017-18 onwards exceeds ₹ 5 crore, are required to issue e-invoice in respect of B2B supplies (supply made to a registered person) and for exports.

Following entities are exempt from the mandatory requirement of e-invoicing:-

- (1) Special Economic Zone units
- (2) Insurer or banking company or financial institution / NBFC
- (3) Goods Transport Agency supplying services in relation to transportation of goods by road in a goods carriage
- (4) Supplier of passenger transportation service
- (5) Person supplying services by way of admission to exhibition of cinematograph films in multiplex screens
- (6) a Government Department and
- (7) a local authority

SEZ developers are not exempt from issuing e-invoices.

Thus, SEZ developers whose turnover exceeds ₹ 5 crore in any preceding financial year from 2017-18 onwards are mandatorily required to issue e-invoices.

OR

- (b) Determine the situations which can require the issuance of a Credit Note. What is the maximum time limit available for declaring the credit note in GST Return? Can a credit note under GST be issued in the case of secondary discounts allowed by supplier? **(5 Marks)**

Answer

- (a) (i) Services by any court or tribunal established under any law for the time being in force is covered in Schedule III of the CGST Act, 2017.
It is classified neither as supply of goods nor supply of services.
- (ii) Any treatment or process which is applied to another person's goods is covered in Schedule II of the CGST Act, 2017, and it is classified as supply of services.
- (iii) Goods forming part of business assets are transferred or disposed of by or under the directions of the person carrying on the business so as no longer to form part of those assets is covered in Schedule II of the CGST Act, 2017, and it is classified as supply of goods.

- (iv) Sale of land is covered in Schedule III of the CGST Act, 2017. It is not a supply as same is classified neither as supply of goods nor supply of services.
- (v) Permanent transfer or disposal of business assets where input tax credit has been availed on such assets is covered in Schedule I of the CGST Act, 2017. Same is treated as deemed supply.
- (b) (i) Under GST, credit in respect of GST paid at the time of purchase of goods or availment of services can be continuously utilised for paying the output tax, throughout the supply chain without breaking the credit chain.

The credit chain is not broken in case of inter-State supplies also.

- (a) his/her Aadhaar Enrolment ID slip; and
- (b) (i) Bank passbook with photograph; or
- (ii) Voter identity card issued by the Election Commission of India; or
- (iii) Passport; or
- (iv) Driving license issued by the Licensing Authority

(b) alternative

Situations requiring issuance of credit note under GST:

- (1) The supplier has erroneously declared a value which is more than the actual value of the goods or services provided.
- (2) The supplier has erroneously declared a higher tax rate than what is applicable for the kind of the goods or services or both supplied.
- (3) The quantity received by the recipient is less than what has been declared in the tax invoice.

(4) The quality of the goods and/or services supplied is not to the satisfaction of the recipient thereby necessitating a partial or total reimbursement on the invoice value.

(5) Any other similar reasons

Maximum time limit for declaring the credit note:

The details of credit note shall be declared in the return for the month during which such credit note has been issued but not later than:

(a) 30th November following the end of the financial year in which such supply was made, or

(b) date of furnishing of the relevant annual return,

whichever is earlier.

Credit note under GST cannot be issued in case secondary discounts are allowed by the supplier since the tax liability of the supplier does not get reduced in such case.
