Income from House Property		57,820

Income u/h Other Sources:		
• Dividend from Indian Company	10,524	
• Income from UTI	7,600	
• Honorarium received	15,800	
Income from Other Sources		33,924
Gross Total Income		10,11,944
Less: Deduction u/s 80C (NSC)		(10,000)
Less: Deduction u/s 80D (Not available since medical insurance premium is paid in cash)		Nil
Total Income		10,01,944
Total Income (Rounded off u/s 288A)		10,01,940

Computation Of Tax Liability Of Ms Purvi (As Per Regular Provisions Of The Income Tax Act, 1961):

Particulars	Amount (₹)
Tax on ₹ 10,01,940 at slab rates	1,13,082.00
Add: Health & Education Cess @ 4%	4,523.28

Less: Advance Tax	(70,000.00)
Less: TDS (₹ 1,052 + ₹ 760)	(1,812.00)

Tax Payable (Rounded off u/s 288B)	45,790.00

Note 1: It has been assumed that the motor car was put to use for more than 180 days during the previous year and hence, full depreciation @ 15% has*been provided for u/s 32.

Note 2: Incentive to articled assistants for passing IPCC examination in their first attempt is deductible u/s 37(1).

Note 3: Repairs and maintenance paid in advance for the period 1.4.2026 to 30.9.2026 (ie for 6 months amounting to ₹ 1,000) is allowable since Ms Purvi is following the cash system of accounting.

Note 4: ₹ 32,000 expended on foreign tour is allowable as deduction assuming that it was incurred in connection with her professional work. Since it has already been debited to Income & Exp A/c, no further adjustment is required. Further, the balance amount of travelling expenses has been assumed to be incurred on domestic tours in connection with professional work.

II. Computation Of Total Income & Tax Liability Considering Provisions Of Section 115BAC:

Computation Of Total Income Of Ms Purvi (As Per Section 115BAC Of The Income Tax Act, 1961):

If Ms Purvi opts for special provisions u/s 115BAC, her HP income, PGBP income and Other Sources income would remain same because deductions claimed by her under these heads are also allowable even u/s 115BAC. However, deductions u/s 80C-80U are not allowable where Section 115BAC is opted for. Therefore, if Ms Purvi opts for Section 115BAC, her total income would be recomputed as ₹ 10,11,940.

Computation Of Tax Liability Of Ms Purvi (As Per Section 115BAC Of The Income Tax Act, 1961):

Particulars	Amount (₹)
Tax on ₹ 10,11,940 as per concessional slabs given u/s 115BAC	41,194.00

Less: TDS (₹ 1,052 + ₹ 760)	(1,812.00)
Tax Refundable (As Per Section 115BAC of The Income Tax Act, 1961)	28,970.24
Tax Refundable (Rounded off u/s 288B)	28,970.00

Final Conclusion: Since tax liability as per the provisions of Section 115BAC is lower than the tax liability under the regular provisions of the Income Tax Act, 1961, it would be beneficial for Ms Purvi to opt for Section 115BAC. Since she is having income from business/profession during PY 2025-26, if she opts for Section 115BAC for PY 2025-26, the said provisions would apply for subsequent assessment years as well.

9. (i) Section 194-IA requires deduction of tax @1% of consideration for transfer or stamp duty value, whichever is higher, by every transferee responsible for paying any sum as consideration for transfer of immovable property (land, other than agricultural land, or building or part of building) to a resident transferor.

Tax is not required to be deducted at source where the total amount of consideration for the transfer of immovable property and the stamp duty value both are less than ₹ 50 lakhs. Consideration for transfer of any immovable property includes, *inter alia*, club membership fee, car parking fee, maintenance fee, which are incidental to transfer of the immovable property.

In the present case, since the consideration for transfer of flat by Mr. Jatin to ABC Ltd. is ₹ 53,40,000 (₹ 47 lakhs + ₹ 2,40,000, being ₹ 10,000 x 12 x 2 + ₹ 3 lakhs + ₹ 1 lakh) which is not less than ₹ 50 lakhs, Mr. Jatin is required to deduct tax @1% on ₹ 53,40,000, being higher of consideration and stamp duty value.

Tax deductible by Mr. Jatin would be ₹ 53,400.

- (ii) State Government is required to collect tax at source @ 2% u/s 206C(1C) on ₹ 7 crores, being the charges for lease of coal mine.

Accordingly, TCS = 2% x ₹ 7 crores = ₹ 14,00,000

Every person, being a seller, is required to collect at source @1% under section 206C(1) on sale of coal to a buyer. However, a public sector company is not covered within the definition of buyer.

Accordingly, M/s XYZ Ltd. is not required to collect tax at source on sale of coal to M/s LMN, a PSU.

However, since the turnover of M/s LMN, a PSU exceeds ₹ 10 crores during the P.Y. 2024-25, it is required to deduct tax at source under section 194Q @0.1% of sum exceeding ₹ 50 lakhs paid to M/s XYZ Ltd.

Accordingly, TDS = 0.1% x ₹ 1.50 crores = ₹ 15,000.
