Answer Key with Explanation

1) Answer: B

A-III-E: Integrating many types of patient-generated data within EHRs is challenging **because** of technology-related factors, such as poor interoperability and data overload.

B-I-D: Less than half of people older than 75 years report using the internet in the past three months **although** the gap between older and younger populations is narrowing.

C-II-F: The number of adult internet non-users has been declining every year **but** the proportion of adults with disabilities in this category remains much higher than that of adults without disabilities.

2) Answer: C

A-II-E: Yaas, which put up an unnerving display of tornadoes and rain, smothered the north Odisha coast as it made landfall. **However**, the preparatory mass evacuation from habitations appears to have limited the loss of life.

B-III-F: While some countries do have a specific legal framework for shared EHR systems, the UK has only a few legal provisions relevant to EHRs.

C-I-D: Witnesses said the activist was “super-scared” and told fellow passengers he would face the death penalty **since** Belarus is the only European country that still executes prisoners.

3) Answer: A

A-II-E: The Reserve Bank has ensured that it maintains contingency reserves at exactly 5.5% of the overall size of its balance sheet, **whereas** the level of its reserves provides little wiggle room to safeguard against a sudden, unexpected financial crisis.

B-III-D: **Since** you live in Paradise full of happy people, the effort to subvert it must come from outside.

C-I-F: **Despite** best practices and bio-bubbles, sportspeople are vulnerable to the virus and the

Olympics with an expected attendance of 11,091 athletes.

4) Answer: B

A-III-E: Capitalists insist that private producers of vaccines must make profits **because** that is their compensation for investing in research and production.

B-I-D: Grandfather John had sustained a broken back while working in the mines **Consequently**, he spent the rest of his life in a wheelchair.

C-II-F: He despised William Pitt, **notwithstanding** the similar views they both held.

5) Answer: D

A-II-F: **While** India persists with its inherent belief in democracy with all its inefficiencies, many in the neighbourhood are succumbing to the 'quick fixes' of authoritarian options.

B-I-D: Half a century of economic wisdom postulates that governments are best placed to compensate people, **since** they can spread the cost of the risk of disasters across the population.

C-III-E: The house was too expensive and too big. **Besides**, I'd grown fond of our little rented house.

6) Answer: B

A-III-E: **As** the coronavirus pandemic rages across the island nation, a BBC report stated that only 1.9% of the population has been fully vaccinated while COVID-19 infections and

current deaths stand at over 7,00,000 and 12,000, respectively.

B-I-D: Without doubt, the national bourgeoisie tends to vacillate. **Nevertheless**, we should make use of its positive side by uniting with it.

C-II-F: The source of the information is irrelevant. **Moreover**, the information need not be confidential.

7) Answer: C

PROVIDED THAT- if; only if.

A-E: Meridiam is ready to take at least 40% of the future entity resulting from the agreement, **provided that** the terms allow for the implementation of a very long-term industrial project, the French investment firm said in a statement.

C-D: We expect gradual but significant recovery in H2 2021 and onwards, **provided that** the recently improved vaccination rate continues, and the EU digital green passport is implemented successfully no later than the end of June.

8) Answer: E

EVEN IF- despite the possibility that; no matter whether.

A-D: **Even if** there is lack of clarity on whether they work for new variants, there is little doubt they both lower the spread and intensity of the traditional Covid strains.

B-F: **Even if** the country was to open up its vaccination programme to everyone above the age of 18 years from April 15, it would still hypothetically take another six to seven months to vaccinate the whole country.

C-E: **Even if** the import restrictions are lifted and the pricing challenge is no longer relevant, these companies will need enough of an incentive to do the bridging study and then register the product in India.

9) Answer: C

As long as- during the whole time that.

C-F: Fitch does not expect the Basel III standards to put significant pressure on the bank, despite the challenges in the operating environment that have squeezed profitability, **as long as** risk management remains conservative and business growth is gradual.

10) Answer: A

Besides- in addition to; apart from.

A-F: The Deputy Commissioner stressed on making availability of all essential commodities in the markets **besides** checks on quality and control of prices so that people do not face any difficulty for want of essentials.

B-E: **Besides** directing the Health department for setting up a dedicated ambulance with paramedic staff at the Shrine, DC asked RTO Kashmir to ensure adequate number of vehicles from various stops to facilitate movement of devotees.

11) Answer: E

None of the given sentences can be connected through 'meanwhile' to make the sentence grammatically correct and meaningful.

Meanwhile- in the intervening period of time.
