

BHAGYA ACHIEVERS TEST SERIES

CA Foundation — Quantitative Aptitude

Exam Analysis Sept 2026

Q. No.	Chapter / Topic	Important Point	Marks	Difficulty
1	Mathematics of Finance	Compound Interest – finding number of years from given PV and FV	1	Moderate
2	Mathematics of Finance	CI and SI relationship for 2 years	1	Easy
3	Mathematics of Finance	Effective rate from nominal rate compounded quarterly	1	Easy
4	Mathematics of Finance	Difference between CI and SI for 2 years	1	Easy
5	Mathematics of Finance	Future value of regular annual deposits	1	Moderate
6	Permutations & Combinations	Arrangements of 4 letters selected from 8 distinct letters	1	Easy
7	Permutations & Combinations	Number formation with restrictions and no repetition	1	Moderate
8	Sequence & Series	A.P. – minimum number of terms for sum to exceed 500	1	Moderate
9	Permutations & Combinations	Linear arrangement where two particular persons cannot sit together	1	Moderate
10	Permutations & Combinations	Block method – 4 women together in a row arrangement	1	Moderate
11	Logical Reasoning – Coding-Decoding	Letter/number coding pattern	1	Moderate
12	Logical Reasoning – Direction Test	Net displacement after different movements	1	Easy
13	Logical Reasoning –	Word coding based on given examples	1	Moderate

Q. No.	Chapter / Topic	Important Point	Marks	Difficulty
	Coding-Decoding			
14	Logical Reasoning – Direction Test	Distance from starting point after turns	1	Easy
15	Logical Reasoning – Blood Relations	Multi-generation family relationship	1	Easy
16	Statistical Description of Data	Class boundaries of class intervals	1	Easy
17	Logical Reasoning – Blood Relations	Family relation identification	1	Easy
18	Logical Reasoning – Blood Relations	Family-tree based relationship inference	1	Moderate
19	Measures of Dispersion	Effect of linear transformation on mean deviation	1	Moderate
20	Measures of Central Tendency	Relationship between AM, HM and GM	1	Easy
21	Measures of Dispersion	Combined Standard Deviation of two groups	1	Moderate
22	Central Tendency / Skewness	Finding median using mean and mode information	1	Easy
23	Probability	Selection without replacement	1	Easy
24	Theoretical Distributions	Expected value from a discrete probability distribution	1	Moderate
25	Probability	Properties of expectation and independent random variables	1	Easy
26	Index Numbers	Fisher's Index – test/criterion	1	Easy
27	Index Numbers	Chain Index Number	1	Moderate
28	Index Numbers	Conceptual statements regarding index numbers	1	Easy
29	Equations / Business Mathematics	Cost and revenue functions; break-even, profit and loss	1	Easy
30	Equations	Age-based linear equation application	1	Easy
31	Linear Inequalities	Feasible region of a system of inequalities	1	Easy

Q. No.	Chapter / Topic	Important Point	Marks	Difficulty
32	Mathematics of Finance	Present Value of an annuity	1	Moderate
33	Mathematics of Finance	CAGR / compound annual growth rate	1	Moderate
34	Mathematics of Finance	NPV and investment accept/reject decision	1	Moderate
35	Calculus	Basic integration	1	Easy
36	Logical Reasoning – Number Series	Finding missing/next number in a series	1	Easy
37	Logical Reasoning – Coding-Decoding	Letter substitution coding	1	Moderate
38	Equations / Functions	Marginal cost function and total cost	1	Moderate
39	Logical Reasoning – Number Series	Odd-number/number pattern	1	Easy
40	Logical Reasoning – Seating Arrangement	Circular seating arrangement	1	Moderate
41	Logical Reasoning – Blood Relations	Direct family relationship	1	Easy
42	Logical Reasoning – Blood Relations	Coded family relationship	1	Moderate
43	Sampling	Effect of sample size on Standard Error	1	Easy
44	Sampling	Systematic sampling	1	Moderate
45	Sampling	Standard Error of sample proportion	1	Moderate
46	Central Tendency	Relationship among AM, GM and HM	1	Easy
47	Probability	Bayes' Theorem	1	Difficult
48	Probability	Drawing balls without replacement	1	Easy
49	Probability	Conditional probability / diagnostic-test type problem	1	Moderate
50	Correlation	Correlation coefficient from regression equations	1	Moderate
51	Index Numbers	Fisher's Ideal Index calculation	1	Moderate
52	Index Numbers	Shifting base year of price index	1	Easy

Q. No.	Chapter / Topic	Important Point	Marks	Difficulty
53	Equations	Ratio obtained from simultaneous fractional equations	1	Moderate
54	Equations	System of simultaneous linear equations	1	Moderate
55	Number System	Divisibility and remainder-based condition	1	Moderate
56	Mathematics of Finance	NPV comparison of multiple projects	1	Difficult
57	Mathematics of Finance	Sinking Fund / annuity accumulation	1	Moderate
58	Mathematics of Finance	Depreciation	1	Easy
59	Sets, Relations & Functions	Composite function / function manipulation	1	Moderate
60	Calculus	Implicit differentiation	1	Moderate
61	Calculus	Limit of an algebraic function	1	Easy
62	Calculus	Parametric differentiation	1	Moderate
63	Logical Reasoning – Seating Arrangement	Linear seating arrangement	1	Moderate
64	Logical Reasoning – Seating Arrangement	Circular arrangement with positional conditions	1	Difficult
65	Logical Reasoning – Seating Arrangement	Circular arrangement with multiple conditions	1	Difficult
66	Statistical Representation	Pie-chart based data interpretation	1	Easy
67	Equations	Linear equation and range of variable	1	Easy
68	Probability	Probability of drawing all four Kings	1	Moderate
69	Measures of Dispersion	Effect of multiplying observations on SD	1	Easy
70	Sampling	Stratified sampling – conceptual question	1	Easy
71	Correlation	Conceptual properties of correlation coefficient	1	Easy
72	Correlation & Regression	Regression coefficients and correlation coefficient	1	Moderate
73	Correlation & Regression	Regression lines and mean values	1	Moderate

Q. No.	Chapter / Topic	Important Point	Marks	Difficulty
74	Correlation	Spearman's Rank Correlation	1	Moderate
75	Ratio & Proportion	Income-savings ratio application	1	Easy
76	Indices & Logarithms	Logarithmic equation	1	Easy
77	Ratio & Proportion	Transformation of ratios/proportions	1	Easy
78	Indices & Logarithms	Exponents/indices and relationship between powers	1	Moderate
79	Mathematics of Finance	CAGR using multi-year student data	1	Moderate
80	Mathematics of Finance	Discounting / present value	1	Easy
81	Mathematics of Finance	Perpetuity and present value	1	Easy
82	Sequence & Series	G.P. – sum/product relationship	1	Moderate
83	Sets	Venn diagram / inclusion-exclusion	1	Moderate
84	Sequence & Series	Infinite G.P.	1	Easy
85	Sequence & Series	G.P. – relation between terms and sum	1	Moderate
86	Sets, Relations & Functions	Reflexive, symmetric and transitive relation	1	Easy
87	Logical Reasoning – Direction Test	Direction after turning/movement	1	Easy
88	Logical Reasoning – Seating Arrangement	Circular seating with several conditions	1	Difficult
89	Logical Reasoning – Direction Test	Distance and direction after multiple movements	1	Moderate
90	Logical Reasoning – Direction Test	Relative direction using house positions	1	Easy
91	Statistical Representation	Frequency curve and its shape	1	Moderate
92	Statistical Representation	Box-and-whisker plot components	1	Easy
93	Statistical Representation	Frequency from less-than cumulative frequency	1	Easy

Q. No.	Chapter / Topic	Important Point	Marks	Difficulty
94	Measures of Dispersion	Quartile Deviation	1	Moderate
95	Central Tendency	Missing frequency using mean	1	Moderate
96	Measures of Dispersion	Mean and variance with missing observations	1	Difficult
97	Central Tendency	Mode from grouped frequency distribution	1	Moderate
98	Theoretical Distributions	Poisson distribution	1	Moderate
99	Theoretical Distributions	Binomial distribution – probability/expectation	1	Moderate
100	Theoretical Distributions	Normal distribution and probability	1	Difficult

ANALYSIS SAVE KAR LIYA ???

AB BATAO — ISKO APNI PREPARATION MEIN IMPLEMENT KAB KAROG? 🤖 📋

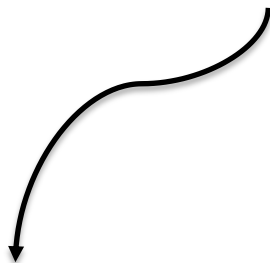

Sirf chapters dekh lena enough nahi hai! ✕

📌 Kya **pehle** padhna hai ,

⌚ Kis chapter ko **kitna time** dena hai ??

Kya tum bhi apni preparation ko **isi analysis ke basis par PLAN** karna chahte ho?

Excellent mentorship and test series for CA Inter!

Took the CA Inter Group 1 mentorship and test series program here. The mentor support is exceptional, providing clear guidance on how to approach the syllabus effectively. The test papers are challenging and the detailed evaluation helped me understand exactly where I was losing marks. Great platform for anyone serious about clearing CA.

★★★★★ a month ago

I am a CA Intermediate student, and I have enrolled in the Pass Guarantee Batch at Bhagya Achievers. Today was my first session, and my experience was very good. My mentor is very supportive, friendly, and explains everything clearly. The guidance and planning provided are excellent, and I feel motivated and confident about my preparation. Looking forward to the upcoming sessions. Highly recommended! ★★★★★
